## MUSTANGS WILL INVADE SHAMROCK GRIDIRON FRIDAY

Rev. Jno. English, local coach, and his Mustang herd are scheduled to journey to Shamrock tomorrow (Friday) night where they will invade Denver Field for their third conference game of the season. It will be the second conference tilt for the Irishmen who lost to Memphis in a close game last Friday night. The teams both scored 6 points but Memphis won on penetrations 5-3. Other games played by the Irish include a 27-6 defeat by Mangum, 14-7 defeat by Canadian and 26-7 defeat by Phillips.

This gives the Irish a slight edge over the Mustangs who have suffered defeat at the hands of Lakeview 19-12, Memphis 33-6 and the Amarillo Yagnigans 44-6, but grid fans of both Wheeler and Shamrock know that doesn't mean a thing when these two teams meet—an outstanding example being in 1937 when the Mustangs defeated more than once during the year, knocked off the Irish to the tune of 7-6, the only licking the Irish crew took in district play.

The kick-off whistle will sound at 8:15 o'clock.

Probable starting lineups for the two teams include:

Mustangs	Irishmen
Risner.....L.E.	Holman
McWhorter.....L.T.	Brooks
Noah.....L.G.	Fuller
Mitchell.....C.	Thompson
Maxwell.....R.G.	Dodgen
Patterson.....R.T.	Holder
Hubbard.....R.E.	Wilson
Pendleton.....L.H.	Close
Crowder.....R.H.	Anderson
Reeves.....F.B.	Cole
Farmer.....Q.	Nolan

## No Quotas, Allotments On 1945 Wheat Crops

The War Food Administration has announced that acreage allotments will not be proclaimed and marketing quotas will not be in effect for wheat to be harvested in 1945, according to V. B. Hardecastle, administrative officer Wheeler County A. C. A.

The action was taken on the belief that domestic, military and export requirements will continue at sufficiently high levels to preclude any necessity for adjusted acreages and marketing control.

The official action of the War Food Administration, taken in accordance with the Agricultural Adjustment Act of 1938, states that there will be no national, State, county, or farm acreage allotments on wheat for the 1945 crop, and that wheat marketing quotas will not be in effect for the marketing year starting July 1, 1945.

Under the law quotas must be proclaimed whenever crop estimates indicate that wheat production will exceed domestic and export requirements by more than 35 percent. Wheat growers ballot on the issue in a referendum, with a two-thirds majority required to make marketing quotas effective. Farmers have twice voted for wheat marketing quotas with substantial majorities, first in 1941 and again in 1942.

The 1945 crop is not expected to assume "surplus" proportions, even though the 68.5 million acre national wheat goal approved by the States and announced by WFA is about 2 million acres higher than last year.

WFA has cautioned farmers not to exceed the goal, however, as much excess production may become burdensome. Wheat prices are supported at near-parity levels through government loans.

## NEWS OF OUR MEN AND WOMEN IN UNIFORM

### Lt. Woody Pond Is Back From War Front

Lt. Woody Pond, brother of Curtis Pond and former Wheeler resident, called his wife Monday and told her he had landed back in the states and would be in Texas within a few days.

Lt. Pond was wounded while with the landing forces the first week of the invasion of France and has since been in a hospital in England. His wife resides at Pampa. Three brothers, S/Sgt. Winfred, Pfc. J. T. and Pfc. Harley, are also in the armed forces. Winfred and J. T. are still in the states while Harley is somewhere in the Pacific theatre of war.

MARINE PFC. DARVILLE E. ATHERTON, serving his country somewhere in the Pacific war theatre, is the son of Mr. and Mrs. Floyd Atherton of Briscoe.

Pfc. Atherton volunteered into the Marine Corps nine months ago and has been overseas the past four months. Since being overseas censorship regulations have not permitted him to tell his location except at one time he was in the Hawaiian Islands. He was a tank operator and has been transferred to tank gunner. He received his basic training at San Diego, California.

Darville is one of the many Wheeler County former 4-H club boys who are now serving in the armed forces. In his club work, he was one of the most outstanding in the county, receiving awards in county, district, and state contests. He was a member of the Briscoe 4-H club and held a number of offices in that club. Some of his awards were two trips to College Station, two trips to District Encampment at Lake Marvin and Dumas, two trips to Area Live Stock Show at Amarillo, the honor of being Gold Star 4-H Club boy in 1938, Gold Star meat animal producer in 1940 and the Thomas E. Wilson medal in 1941 besides several other minor trips and awards.

The young Marine received his schooling at Briscoe and was a member of the 1942 graduating class. While in high school he was a member of the basketball squad, track team and was well liked by both student body and faculty. He is known by his classmates as "Buck" and commonly called "Tex" by buddies at camp.

### Technical Sergeant

AAF Instrument Instructor's School, Bryan, Tex., Oct. 6 — It is now Technical Sergeant Wofford. In a recently announced promotion, John W. Wofford, son of Mrs. C. N. Wofford, was advanced to this rank. T/Sgt. Wofford is assigned to ground school duties at the Bryan Army Air Field.

At this Central Flying Training Command installation where T/Sgt. Wofford is stationed, army air forces pilots are taught the latest technique in the guiding of military aircraft by the full-panel instrument control system.

### ANNOUNCEMENT

The Red Cross committee of the Jowett community announces: "We now have three sewing machines in our work room and have plenty of sewing to be done. Please feel it your duty to come each Tuesday afternoon and help."

Luther Parks was a Canadian visitor Thursday (today).

Word has been received by his parents that Cpl. R. D. Mason has landed somewhere in Italy.

Mr. and Mrs. H. E. Cole and Mr. and Mrs. Jesse Dyer were Shamrock visitors Saturday evening.

Mrs. J. W. Philpott and Mrs. Jim Philpott of Miami were Wheeler callers Monday.

## SHAMROCK CHILD IS HIT-AND-RUN VICTIM

Peggy Bohler, the daughter of Mr. and Mrs. Charley Bohler of Shamrock, is still in a critical condition today in a Shamrock hospital, a victim of a hit-and-run driver. The six-year-old girl received a brain concussion and a fractured leg.

The accident occurred during the noon hour yesterday as the girl was crossing Main street returning to school from home.

Charges have been filed against Pvt. Melvin L. Simpson who lives in Shamrock and is home on a brief furlough. Charges include those of failure to stop and render aid. Preliminary hearing is scheduled for Friday in the Shamrock Justice of the Peace Court following the completion of chemical analysis of blood and hair reported to have been found on the bumper of a car. Bond of \$1,000 has been posted by Simpson.

## Welding And Mechanic Course Is Under Way Five Nights Each Week

Joe Tilley and Otis Reid are instructors in a welding school and mechanics school now being taught Mondays through Fridays from 8:00 p. m. to 11:00 p. m. at the High School Agriculture building in connection with the government training program. Tilley and Reid are both meeting with the group each night.

Several have already enrolled in the courses, but there is still room for others who wish to take advantage of the free training the government is offering, and at the same time it is an opportunity for the students to get their cars and tractors repaired, Jack Spence, Vocational Agriculture instructor, said today.

## Ceiling-Support Prices On Hogs Announced

The Office of Price Administration and the War Food Administration with the approval of the Director of Economic Stabilization have announced that ceiling prices on live hogs will not be reduced from present levels prior to June 30, 1945. V. B. Hardecastle, Administrative Officer Wheeler County ACA, stated this week.

Ceiling prices are \$14.75 per hundredweight, Chicago basis, for hogs weighing 240 pounds or less and \$14.00 per hundredweight, Chicago basis, for hogs weighing more than 240 pounds.

The War Food Administration also stated that the support price of \$12.50 per hundredweight, Chicago basis, for good to choice butcher hogs weighing 200 to 240 pounds, which becomes effective on October 1, 1944, as heretofore announced for the period ending March 31, 1945, will be continued until June 30, 1945.

## THEY DON'T HAVE TO BE LAND LUBBERS TO SEE NEW WHEELER PAVING

Mrs. Clarence Robison spent the week end in Amarillo with T/Sgt. and Mrs. Guy Robison. While there she saw Lt. R. B. Puckett of Kansas who reported he flew over Wheeler Saturday and saw the new street paving from the air. Lt. Puckett met his parents, Mr. and Mrs. Roy Puckett, and his wife and baby of Tucumcari, N. M. in Amarillo.

## NEW CAFE OPENED

Mrs. H. B. Guynes has opened a cafe in the Conoco Service Station building. She will serve breakfast, short orders and drinks and invites the patronage of the public.

Mrs. H. B. Guynes, Mrs. E. D. Guynes, Presley Guynes, Dorothy Lee Kreps, Mrs. J. D. Beatey and daughter visited Pvt. Clyde Guynes in Dallas a few days this week.

Mr. and Mrs. Joe Robinson and son of Amarillo were Sunday guests in the A. C. Mitchell home.

## TWO GROUPS OF MEN LEAVE FOR EXAM AND INDUCTION

The following selectees were forwarded to the Induction Station, Oklahoma City, for their pre-induction physical examination, Oct. 4: Elton Ervin Coe, Cecil William Richerson, Jr., Cecil Junior Wood, John Duncan McDowell, Clifford Lee Farmer and Donald Ray Vearner. Cecil Eugene Fuller and Audrey Dalton Downs were transferred here from another board.

Tuesday, Oct. 3, George Arthur Wright, William O. Sloss, Jesse Dieon Anderson, Harvey Russell Wright, James Royce Reneau, Billie Jack Kemper, Charles Lee Bohler and J. W. Anderson, Jr., were forwarded to the Oklahoma City induction center for induction.

## Local Station New Quaker State Agency

Homer Pitcock, owner of Pitty's Service Station, has announced that he is wholesale dealer for north Wheeler county for Quaker State Motor Oils and Greases. Mr. Pitcock also handles Phillips products in wholesale quantities and in a special announcement in The Times this week invites farmers of the territory to place their orders with him for their tractor fuels.

## County Farm Bureau Head Urges Citizens To Vote In Election

Pointing to the fact that only 62 per cent of the eligible voters actually voted in the 1940 presidential election, Lee Barry, president of the Wheeler County Farm Bureau, today issued a statement urging a heavy turn-out at the polls on November 7.

It is our duty, not only as rural and small-town citizens, but as Americans," said Mr. Barry. "Voting is a right — a privilege — for which our sons and brothers are fighting in many parts of the world today. It is our duty to them and to ourselves to vote in this national election when so many crucial issues are at stake."

Mr. Barry's statement came in response to an appeal from the American Farm Bureau Federation which was sent by Mr. J. Walter Hammond, President of the Texas Farm Bureau Federation to presidents of all county organizations. The Farm Bureau Federation is now carrying on a nationwide campaign, strictly non-partisan, urging rural America to vote in the November elections.

Farmers and citizens of small towns can have a powerful voice in governmental affairs through their representatives if they will get out and vote for the men of their choice, according to Mr. Barry. He added that rural people have the power to influence national politics if they will only use it. He called attention to the fact that 77 per cent of the senators and 62 per cent of the congressmen came from districts which have no cities of more than 10,000 population and hence are predominantly rural. He said, however, that if rural America stayed at home on election day and the big city vote turned out full strength, rural people would have an even harder time from then on making their wishes heard.

Mr. Barry said that an appeal for farmers to vote in the coming election was stirring made by Edward A. O'Neal, president of the American Farm Bureau Federation, in a recent address. Mr. O'Neal said:

"I know the farmer has an obligation to get his crops in at the proper time, but I also know that he has a duty that transcends even the obligation to produce, and that is to contribute to good government by exercising his right to vote. Leave your plow, leave your cow, leave your sow, and go to the polls in what is one of the most precious rights and privileges that we enjoy under our democratic form of government. In my opinion, farm people carry a greater responsibility for the preservation of our great tradition of democracy than any other group."

In his statement, Mr. Barry said that although Farm Bureau members, like everyone else, are busy at this time, they and all other rural citizens can take off the necessary hour or two that voting requires. "We should remember," he said, "that our boys in the armed services are giving the best years of their lives to defense of their country. They were not too busy when the call came. We cannot and we will not be too busy to vote. We should everyone of us go to the polls November 7 and thereby act as shareholders in America."

Mrs. Carter, an Amarillo nurse who spent last week visiting in the Perry Riley home, returned home Friday. Miss Jennie Riley accompanied her.

## Awarded Purple Heart

S.SGT. HIRAM A. WHITENER, a ball turret gunner, a veteran of the 15th AAF heavy bombardment group stationed in Italy, has been awarded the Purple Heart "for wounds received in action against the enemy."

Sgt. Whitener, 19, was reported missing in action over Yugoslavia August 7, but five weeks later his parents, Mr. and Mrs. C. A. Whitener, were notified that all was well and he was safe.

The young man entered the AAF at Lubbock, August 21, 1942 and took his training at Amarillo Armament School and Las Vegas Gunnery School.

He has fully recovered from his wounds and is on active duty not involving flying. He holds the Air Medal with two oak leaf clusters.

His wife, Mary E. Whitener, also resides here.

## COVETED "E" AWARD IS MADE TO PANTEX

Amarillo, Oct. 11 — Army and Navy Production Award will be presented to the Pantex Ordnance Plant on October 20 for its excellent record of production in the war effort. The "E" for excellence with its proud background of tradition is the symbol by which both Armed Services confer their highest praise on those plants whose record in the production of war materials is outstanding. Justly proud of their achievement, workers at Pantex continue their efforts to keep a steady stream of bombs and shells flowing to the men who are in the actual fight on distant battle fronts.

Additional workers are needed now at Pantex in order to meet the increased demands coming from the front lines. New workers will find a typical West Texas welcome in joining the ranks of its "Fighters behind the Fighters" at Pantex. Attractive wage scales start at 75c per hour, with time and one-half for more than 40 hours per week. No experience is necessary. Wage increases are given for length of service.

Workers who have been employed within the last 60 days at their highest skill in essential war work must have a statement of availability. Men engaged in farm work should secure their County Agent's approval before applying.

## Funny Weather

H. M. Wiley, local weather observer and temperature recorder, has just told The Times that the highest temperature for the September just passed was 96 on the twentieth and the lowest, 44 on the twenty-eighth.

September 3, 1936 we had a high of 102, some hot.

September 25, 1926, we had a low of 32, freezing.

These are the extremes for September since 1892, the year Uncle Sam took over and started running the weather in the Panhandle of Texas.

Old timers tell some tall stories about the hot and cold we had previous to 1892. If all they say is true, we are indeed fortunate in having our weather in due bounds at this time.

P. S. Mr. Wiley had nothing to do with the temperature dipping last night to a season low of 32 or causing the first heavy frost to blanket the entire area.

## INGS RETURN TO WHEELER

Mr. and Mrs. Joe Ing have returned to Wheeler and are again operating their helpy-selfy laundry. They report they're glad to be back and solicit the patronage of new and old customers.

## ATTENDS FUNERAL FOR NEPHEW

Bill Black attended funeral services held at Elk City at 2 o'clock Tuesday afternoon for Earl Coburn, his nephew, who passed away early Monday.

## PLANS MADE FOR WAR FUND DRIVE

North Wheeler County is getting its organization completed for the campaign to raise \$1,200 for its quota of the nation's United War Chest Drive which opens this week.

Dr. H. E. Nicholson, chairman, has announced the following committees and quotas for the various sections: Wheeler, \$800; West side square, Ladies Clubs, \$125; South side square, C. J. Meek and R. J. Dison, \$75; West of Bank, A. B. Crump, \$75; filling stations and gins, Dr. V. N. Hall, \$100; court house, Terrill Gunter, \$100; school, Jesse Dyer, \$100; street collections, American Legion, \$150; special gifts, Harry Wofford, \$150.

Mobeetie, Jack Miller and John Dunn, \$250; Jowett, Charles Candler, \$100; Briscoe, Lee Barry, O. C. Evans and Floyd Mooney, \$150; Allison, Sam Begert and M. Ball, \$150; Kelton and Davis, C. L. Bledsoe, \$150.

There is little doubt that the people of Wheeler county will respond to this call, for this county has sent its share of soldiers and sailors to war, and Wheeler countians are anxious to give them every possible home-front support.

But more than wishes will be required if the campaign is to go over the top. Many volunteer leaders and campaign workers are giving their time to the drive, and every man, woman and child must join in the effort if it is to succeed.

War fund dollars go to the support of our own fighting men and their allies, and to alleviate suffering among war victims throughout the world; provide USO centers for our troops in training camps at home, and send USO-Camp Show troupes abroad to entertain our fighting men near every battlefield — often within sound of the guns; provide rest and recuperation camps for our merchant sailors, through United Seamen Service, serving the many men injured while sailing their ships to assault beaches or through war zones.

War fund dollars send games, books, study courses, athletic equipment, musical instruments and many other supplies to our men in enemy prison camps, to help combat the dread "barbed wire sickness" that threatens their morale; send food to the helpless orphans of China, whose parents have been killed and whose land has been ravished by the Japanese; send medicines, food, clothing and other supplies to the aged and helpless in areas liberated by our armies, giving new hope to the oppressed peoples while helping our own fighting men restore the areas they have freed from the enemy.

This fund will also help bring earlier victory, through services to our fighting men and their allies; give new hope to the entire war-stricken world, and carry the message of Freedom to every remote section of the globe.

Not included is the Red Cross, which will conduct its separate campaign next Spring.

## Ladies Asked To Finish Red Cross Garments

Mrs. Jake Tarter, production chairman of the local Red Cross chapter, asks that all of the ladies who are working on Red Cross garments in their homes please finish the garments and bring them to the Red Cross room before November 15 as a box will be shipped at that time and the work room will probably be closed until after Christmas.

Thursday dinner guests in the Bronson Green home were Mrs. Fred Smith, Marilyn Smith of Yukon, Okla., Mr. and Mrs. Alvis Reeves, Mr. and Mrs. M. Reynolds, Mrs. Buford Reynolds and Dorothy, Mrs. Solon Reeves, all of Shamrock. Mrs. H. J. McDonald of Dallas and Garland Reeves of Clarendon.

## PEEPING IN THE WHEELER TIMES WINDOW

An interesting and meritorious bit of information is shown in The Times window this week. It's a certificate and testimonial of proficiency presented to Eugene D. (Dick) Guynes by the Draughon's Practical Business College of Ft. Worth and is dated July 2, 1912. The certificate is signed by Jno. F. Draughon, president of the college and shows the high rating of Mr. Guynes in bookkeeping, penmanship, banking, com. arithmetic, spelling and deportment.

Guynes, rural route mail carrier here since April 1, 1918, also attended old Goodnight College. His parents settled in South Wheeler county before the town of Shamrock existed and had to go to Mobeetie to get their mail.

## Howdy, Neighbor

On Columbus Day, October 12, there is to open in Honduras, a Pan American School of Agriculture, founded and maintained by the United Fruit Company. It is a free educational institution for the youth of Middle America. Such a school is another step forward in furthering our Good Neighbor policy. The faculty is made up of leading agricultural experts and educators from Middle America, the United States and other countries. Studies include all phases of tropical agriculture as soil analysis, crop rotation, chemistry, animal breeding and farm engineering, farm management and agricultural economics. There will be tropical medicine since it plays an important part in society and industry in that country. Those students entering must qualify as to fitness and will receive free tuition, books, board, lodging, clothing and medical care. The basic course is three years, but four for more highly qualified students. What better way to celebrate Columbus Day than tie together in interest America and our southern neighbors, pointing that since 1492 the distance covered by Columbus, Cortez and Magellan has been shortened, and modern living has brought us nearer through good will and service.

## The Week Of Awakening

Through every possible channel the message of Fire Prevention Week (October 8 to October 14) is being carried to the public. Nothing that can be said or written can adequately express the importance of every individual taking part in this national campaign against fire. Accidental fire has done more damage to the war effort than most people will ever be able to comprehend. Much of the damage is immeasurable because it involves intangibles. Among the measurable losses, however, have been: Camouflage manufacturing, railroad equipment, paper mills, essential rubber products, army ordnance depots and warehouses, lumber yards and important automotive equipment. Vital food supplies also were destroyed. Some single fires caused damage running into the millions.

The destruction wrought by these fires could have been kept to a minimum by well-known fire prevention practices. In some cases the fire department was not called in time. In others there were no automatic sprinklers or fire alarms and no watchman.

Proper supervision of hazardous work was lacking in still others or there was insufficient fire fighting equipment for employees to use, or such equipment was not in good working order. Unsafe building conditions took their toll also, for in some structures fire walls were totally absent, as was the protection of vertical openings.

Fire is an enemy agent — but one that can be controlled by taking the well recognized preventive steps. The purpose of fire prevention week is to wake people up to this fact.

## Remedy This

Schools teach reading and writing and at home we felt that schools were available to everyone. Therefore we can be shocked that illiteracy has cost our army 240,000 men, which means the loss of 15 divisions, perhaps divisions that would have made a difference in the length of war. The army needed these men badly enough that they proceeded to give them an eight week's course in reading and writing. Texts that made the learning easier, were furnished

## Pertinent Paragraphs from Panhandle Press

Items of interest culled from newspapers on the Times' exchange list.

It is right and proper for our leaders to plan for the post-war period, but it is hardly fitting for the rest of us to get ready for a big celebration when Germany is whipped. In the first place we still have the war with Japan, and in the second place we do not know when Germany will collapse, so we need to keep right on working until the last minute, just as the soldiers will do. Too many of our boys are giving their lives right now for us to be thinking of celebrations. —McLean News

At the November election there will be two State Amendments to be voted on. These amendments have been published in The Post for the past four weeks and people generally should have acquainted themselves with them that an intelligent vote might be cast.

It is too often that people automatically decided to vote against an amendment — simply because it is changing the constitution to some extent. This should not be so. Our state laws should be changed in keeping with the times in which we are living, but there should be a good cause for making such a change before the constitution is monkeyed with.

Proposed changes in state amendments are never "ballyhooed" like that of political candidates. They are published in every county, but if the voter doesn't read them he seldom ever hears anything for or against the change of constitutional power they propose to give. There is never enough information on the ballot to give the voter anything like a clear conception of the proposition, hence many vote "for" or "against" according to their feelings, and not because they have made a careful study of them. —Ed Carlock in The Paducah Post

We have a greater fear that this country will suffer more in the future from the result of isolationism than we have that it will suffer from an over aggressive militarism. Isolation is the retreat of the ultra conservatives who lack the initiative to learn new ways, and who because of their lack of knowledge, fear to get out of the rut of conservatism. —Tulia Herald

Now comes a letter from our friend and yours, Seaman 2c Curtis Williams who takes us to task for planning a celebration when the war in Europe is ended and while the war in the Pacific is still going on. However, we are sure Curtis will feel better about it when we explain that the service we planned was not in the form of a celebration but rather a religious service in the form of thanksgiving that half of the war is won. Curtis is right—a wild celebration on the part of the town or the country would be very much out of place with our boys still fighting and dying in the Pacific. Rather we ought to thank the Lord for his help when victory does come in Europe, and then tighten up our belts and ask Him to continue his help in the part that we have yet to win — which might be the hardest part. —Lockney Beacon

and since educators have proved that adults who are illiterate, can master the fundamentals quickly, the army met with success. Illiteracy is a national shame, a blot on our civic conscience. Educated in the rudiments in eight weeks by the army, it points to an achievement that can be made in any section where illiteracy exists. Illiteracy is unnecessary and should be eliminated for the good of all of us.

# "I'm in a Cold Sweat!"

**FEAR IS WHAT DOES IT,** and many a car-owner has felt that freezing chill this summer, when a sudden, new noise from his motor has filled him with dread that his car was chugging its last.

There's nothing like that fear to make a stupid driver resolve to follow better driving practices. The intelligent motorist needs no such warning; and he always makes certain that the motor runs only with quality oil in the crankcase.

Obviously there are a number of such oils. And to help you select one of them, easily and with certainty, Phillips gives you these facts:

Phillips offers a number of oils because car-owners' preferences and pocketbooks vary. But when you want our best oil, remember Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

It's good for your motor, under today's reduced driving conditions, to change oil every two months, say experts. For that change, and for seasonal draining and refilling, you make sure of getting a quality lubricant, when you simply say: Phillips 66 Motor Oil.

It's Phillips  
Finest Quality

Here's a million-to-one shot: J. A. Gooch, prominent Fort Worth lawyer, is known as "Tiny", a nickname that the giant acquired during his football days at the University of Texas. The other day, your columnist ran into him and as we stood waiting for a traffic signal to change, I asked:

"What is your sure-enough name, Tiny?"

He reddened a little and said, "That's a secret."

Just then a man turned the corner in an automobile and yelled, "Hello, Aubrey."

I looked at Gooch and Gooch looked at me and then he said, with a weak smile, "You got me, sheriff!"

A little-known natural wonder is to be found in Montgomery County—a magnolia forest. Not a clump or cluster of magnolias but a forest that is three miles long and from a quarter to half a mile in width! Magnolia Ridge is eight miles southeast of Conroe—and when the war ends and the tourist crop is again one of the nation's biggest "industries," the forest of towering magnolias should prove an attraction drawing many visitors annually.

The trouble with an "authority" is that he can't be simple about anything. Ask him, for example, what a cat is. The first word I learned to spell was C-A-T. Everybody knows what a cat is. A cat is a cat (as Gertrude Stein of a "rose is a rose is a rose" fame would put it.) But that's too simple, too obvious for an "authority." What does the learned man allow? Why he says:

## Don't Keep Your Folks In the DARK

There's no reason for empty sockets or poor home lighting today. Most electrical dealers now have lamp bulbs in all common home sizes. You can "light up" at low cost, and make sure that everyone in the house has proper illumination.

Of course, you need more than bulbs to produce the proper light for easy, comfortable seeing. Check up on these points as well:

Keep bulbs free of dust and dirt. Keep reflector bowls and shades clean.

Put the right size bulb in each lamp or fixture.

If possible, have white linings in your lamp shades, to reflect more usable light.

Move lamps closer to points of use, so they shed more light directly on the work. In rearranging lamps, you may also be able to make them serve two people, and so increase their usefulness.

Your family needs good light, for the long evenings of fall and winter. Make sure they get it. Sight is priceless—light is cheap.

#### "Kelton"

A new dawn breaks, the days pass. The weeks grow into months and the months make up another semester at dear old Kelton.

Kelton is a huge grinder which takes the raw products and grind them into finished, useful products. She is a transformer which takes greed, hate, and selfishness and transforms them into love, kindness and devotion.

To those who know her she is a great symbol to us now and a great promise in the future. She watches over her students as a hen over her chicks. With her keen eye she watches new romances spring into being and binds them together closely. She knows all the sorrows and heartaches of those within her halls, all the happiness and joys, all the failures and triumphs, and they are all recorded in her memory. She gives us the feeling of accomplishment as we go through our days within her halls and each day takes us one more step nearer a richer, better life.

Kelton, we, the student body, give to you our love and loyal devotion. We shall never cease to praise you. May your banner never touch the dust.

#### Girls' Sports

The Kelton basketball girls played the boys in basketball again Tuesday, Oct. 3. The girls had two of their main players missing, Virginia Dale, forward; and Betty Whiteley, guard. The girls that played were: Fern,

Grace and Alene as forwards. Guards, Wanda, Patsey and Helen. Two of the boys didn't get to play, David and Boyd Neal. We were fairly even in size and number. The game ended with the boys winners. The score was 28 for the girls and 30 for the boys. That is more like it girls, keep it up. We'll win next time.

#### Sixth Grade News

The sixth grade Citizenship Club met Sept. 29. We elected the following new officers: president, Kenneth Whiteley; secretary, Wilma Lou Mason; vice president, Sidney Fay Whiteley; sergeant-at-arms, Maxine Pond; and chairman of committees, Marnelle Rives. The best citizen of the week was Oleta Calcote. Our next Citizenship club meeting will be October 6.

Those making the honor roll from this class were: Marnelle Rives, Peggy Joyce Harris, and Wilma Lou Mason.

#### Seventh Grade News

We haven't elected officers for this week. The student making the honor roll was Barbara Frye. We expect more next six-weeks.

#### Eighth Grade News

We have not elected officers yet, but we will Friday, October 6. The ones that made the honor roll were: Geraldine Vines, Oleta Carver, and Dortha Nell Mason.

#### Highlights in the World of Sports

Friday, Sept. 29, the Wheeler B team came to Kelton to play a return game with the local B team. They went home victorious by the score of 26-6. Wheeler scored on a sustained drive at the beginning of the game. Kelton was unable to do anything with the fast charging Wheeler line. Wheeler scored again in the second quarter. Kelton started a drive late in the second quarter but the half ended with the ball on Wheeler's 15-yard line. Wheeler scored their third touchdown in the third quarter. Kelton scored on a 21-

yard run by Keelin in the third quarter but had it called back because of an offside penalty. Wheeler again scored in the fourth quarter and ran their score to 26-0. Kelton marched down the field on a series of passes and scored as the game ended. The final score: Wheeler 26, Kelton 6. Player of the week: Johnny Weeks.

#### Senior News

The Seniors, with the exception of two, have their senior pictures. The latter have their proofs. We think everyone is satisfied with their pictures and proofs because they were, as a whole, good.

Students of this class making the honor roll are: Mildred Henderson, Betty Jean Gipson, Grace Geyer, and Judith Smith. The class is striving to make better grades the next six weeks.

#### Freshman News

The Freshmen are sorry to have lost a member of their class, Charles Lloyd Carver, who quit school last week.

Some of the Freshmen wondered why our report cards were pink. Could it be because they blushed over some of the grades?

Those who made the honor roll were: Elwanda Simmons and Edna Erle Rives and Nita Vey Geyer.

#### Sophomore News

The Sophomores met and planned a theatre party. They are going to meet at Mrs. Hubble's house and go to Shamrock to the movies. Everyone is hoping for an enjoyable evening.

Those making the honor roll this six weeks were: Paula, Neta, Joyce Nella Jo, and Wanda Lou.

#### Industrial Arts News

The only post-graduate student at Kelton high this year is Doyle Carver. He has completed one project in industrial arts. The project is an occasional table made out of white pine, which is very attractive.

There are four other large projects they are two book cases and two magazine racks. Some of these have not yet been completed. Several small projects such as trays and what-not shelves have been made. Their work has been reported as good.

#### Key Hole Kitty

Who has Faye C. been receiving notes from? Could it be that he isn't a student?

Does Betty Jean Whiteley really like to wear her basketball suit as well as she leaves the impression that she does? The incident Wednesday was rather convincing.

Could it be the "mail" situation that has Betty G. upset? Five days is a long time not to get a letter, isn't it?

What happened to Boyd Neal's eye? This place isn't that roudy is it?

Some certain person would like to have some information concerning Sgt. Dale — that Grace seems to know so well. If anyone has any information concerning this, the knowledge would be greatly appreciated.

Why couldn't Beulah Bell concentrate on English seventh period Thursday? Surely her mind wasn't on some one with black hair and brown eyes.

Who was Helen Ruth with Saturday night, or was she alone? Your guess is as good as mine.

Who was Peggy looking for Saturday? Was he important—no, just a negro!! How about that Peggy?

If anyone would like to know where we get turnip seeds, ask the biology students.

It seems as if everything in geometry has to be proven. Be careful, geometry students, don't let your tongues slip.

Mildred seems to have an interest in California. Is it service or civilian—maybe both.

Judith's favorite color seems to be red. Maybe because that is the color

### The Times War Time Reporter Says

Folks I'll tell you:

My Grandpa was a man that believed in everybody working and he did a share of everything. Why he never failed to be on hand to hang the harness after Grandpa had plowed all day. He was a man that had a way with horses and cows. I remember one cow he trained to ash his cigarette with her tail to keep the ashes out of the milk, and he kept on a training her 'til she got so good with her tail she could pop a fly's eye out and never give it a headache. My Grandpa was a man that was handicapped by his strength and I never can forget the year he played ball for the Gouge Eye Sockers. You know the umpire never would count the balls he hit that didn't fall, and he couldn't never seem to hit 'em light. Why he grabbed a couple of umpires there one day and slammed them together so hard they stuck. And I want you to know they looked just like the Siamese twins.

But he finally had to give up ball on account of his ears a flopping. Time he rounded third base they was was a flapping so hard they blistered his neck.

Today I been a watching an old rooster a running around by hisself, and I'm a aiming to dedicate this

of a certain person's hair.

It seems as if Joyce M. has a liking for a certain freshman boy. Maybe Ray has something to say about that too.

There is a possibility of the girls basketball team turning into a football team. The coach and the players, thoroughly agree on this.

We wonder if Rena would really want to teach school this week?

Miss Douglas seems to have a special liking for cats. We wonder what incident influenced this liking so?

Wonder why Vernon G. stays in the 7th and 8th periods during the football season? Is it because he is afraid that someone will swipe his girl? Your guess is as good as mine.

What's this we hear about Helen soaking her shoe in water?

**MOVIE CHATTER**  
(By a Rogue)

**Here Comes Elmer**  
Friday - Saturday, October 13 - 14 brings Here Comes Elmer to the Rogue Theatre. This is a lively mixture of screen comedy and radio personalities headed by Al Pearce, Dale Evans and Frank Albertson. Pearce takes the lead in a double role, playing himself and the "Elmer" of the title, a screwball salesman. It is this case of mistaken identity which keeps the sponsor and his show parted during a chase through New York, with amnesia suspected and a contract hanging in the balance. Radio fans will especially enjoy seeing their many favorites on the screen. This picture is comparable to Oh, My Darling Clementine and Hoosier Holiday which recently ran engagements at the Rogue.

**Wing and a Prayer**  
Wing and a Prayer is the story of the mysterious airplane carrier X. It is one explanation of the Battle of Midway, the battle which turned the Japs from invasion of Hawaii and America. It is also the story of "Torpedo Squadron Five" on that carrier, and the story of a former motion picture star in naval service. It is, too, a story of men without women. In fact, it is among the more intriguing pictures of America's strategy in the war. You will learn a lot about naval carriers and naval fliers, battle wagons, torpedo boats, destroyers, cruisers and flying boats. It's as big as the whole U. S. Navy and you cannot miss seeing it at the Rogue Prevue-Sunday - Monday, October 14 - 15 - 16, says Don Ameche.

**The Eve of St. Mark**  
Three successful techniques for stories about the present war have been combined here in a finely produced film which seems to click with audiences of all types. In the picture you will find delightfully humorous sequences of camp life, poignant scenes of family life on the farm and a dramatic climax of courage and action on the battle front. These three elements are blended in such a way as to give you the heart felt warmth of a previous picture that many of you saw at the Rogue. This picture is comparable in this manner to The Sullivans, a picture that will live forever in your memory. The playdate is Wednesday - Thursday, October 18-19 at the Rogue.

**CONGRESSMAN WORLEY SAYS . . .**

An encouraging announcement was made this week when the War Production Board officials stated that the production of tires for civilian use will be increased in 1945. It was pointed out, however, that very little rubber would be available for pleasure driving.

Only 12 million passenger car tires were produced during the first nine months of this year according to WPB figures but production during the last three months of the year is expected to raise the year's total to 18.5 million tires. This compares with an original schedule for 1944 of 30 million tires which was reduced to 20 million during the year, and with a peacetime production of almost 50 million tires for new cars and replacement needs. Production during the first three months of 1945 is being scheduled at the rate of 25 million a month or 30 million a year.

A further announcement by the War Production Board concerned its decision to authorize the renewal of production of light trucks for civilian use which was stopped in January, 1942. It has authorized the manufacture of 20,000 light trucks for the first six months of 1945 for civilian use.

**STUDY CLUB MEETS WITH MRS. PORTER**

The Wednesday Study Club met this week in the home of Mrs. Nelson Porter with a program on "Christianity at the Peace Table." Mrs. T. S. Puckett was leader and was assisted by Mrs. George Porter, whose topic was "World Federation Plan." Mrs. J. M. Porter discussed "America's Responsibility for a Christian World Order" and Mrs. Lee Guthrie discussed "A Righteous Faith for a Just and Durable Peace."

Delicious refreshments were served to one guest, Mrs. Gordon Whitener, and the following members: Mesdames J. W. Barr, M. L. Gunter, Lee Guthrie, D. A. Hunt, Joe Hyatt, Jimmie Mitchener, J. M. Porter, Nelson Porter, T. S. Puckett, W. L. Williams, R. Wm. Brown, George Porter, Ed Watson, J. A. English.

Denton, Cliff Hopkins of Pampa, Lola Fae Wood of Briscoe, Mrs. Zell Bradstreet and Arlie Beddfield of Pampa.

E. S. Wilson of Lubbock is a Wheeler visitor this week.

Sunday night guests in the Lee Guthrie home were Pvt. and Mrs. Richard Cunliffe and Cpl. Taft Holloway, who are being transferred from Hereford to Gainesville, Texas.

Mrs. Bob Wilson of Ft. Smith, Arkansas, visited her mother, Mrs. A. B. Griffin, last week. She also visited her sisters, Mrs. Gene Tucker and Mrs. Nita Wood, in Pampa.

Mr. and Mrs. Roy Wileman of Altus, Oklahoma and Mr. and Mrs. Lee George and daughter, Gayle, of Allison spent Sunday in the W. B. Wileman home.

**MOBEETIE EASTERN STAR MET LAST TUESDAY**

The Mobeetie chapter of the Eastern Star had a most enjoyable meeting on the evening of October third. There was a birthday cake and a program celebrating the thirty-first birthday of the chapter. The thirteen past matrons and patrons present were given special honors and each was presented with a miniature wooden gavel.

Refreshments of ribbon sandwiches, potato chips, olives, cake and coffee were served to almost thirty members.

Mr. and Mrs. Dave Long, Mr. and Mrs. Al Walker, Wayne Long and Mary Evans of Leedy, Okla., visited Mr. and Mrs. Jeff Williams and children Sunday.

**ANOTHER SHOE STAMP VALID NOVEMBER FIRST**

Another shoe ration stamp will become valid November 1, the Rationing Division of the Office of Price Administration announced today. In addition, both of the currently valid shoe coupons — Airplane stamps 1 and 2 in War Ration Book III — will overlap the new stamp and will continue to be good indefinitely.

Early assurance that another stamp will be validated is being given so that the shoe trade can prepare its stocks, and to let consumers know they can count on a new ration before winter.

**4-H CLUB GIRLS MET THURSDAY**

The Wheeler 4-H Club girls met Thursday at the grade school auditorium with the president, Barbara May, in charge. After a brief business session a demonstration on making attractive "band-o's" of felt squares or washable materials was given by the assistant home demonstration agent, Amy Sue Beckett. The girls also learned to make necklaces of rickrack.

Three new members, Bonnie Rae Tilley, Sue Williamson and Mildred Brumley, joined the club.

Sgt. Will Powers, L. E. Powers and Mr. Cooper of Lefors were business callers in Perryton Tuesday.

Mr. and Mrs. Clive Splawn of Kelton spent Saturday and Saturday night in Mobeetie visiting Mr. and Mrs. Jeff Williams, Sgt. and Mrs. Will Powers and Mr. and Mrs. Dwayne Williams.

### Give Army Men Jobs To Come Home To

United Gas Pipe Line Company, Union Producing Company and associated companies are regularly carrying out their announced policy of giving former employes on leave in the armed services jobs to come home to, according to figures released this week by the general office personnel department of the companies in Shreveport.

To date, according to the official release, 942 employes have gone into the armed forces. Forty-two veterans now are in the employ of the companies, in positions either identical with or corresponding to those which they left when they went into service.

Despite the fact that essential workers who have gone to the army, navy, marine corps have been replaced wherever possible in the interest of continued efficient operation, all returning veterans who were regular employes and are able to work will be given positions with the companies, the release revealed. Although this policy is but one phase of the companies' reconversion plans, it is considered a vitally important one.

"The men and women of our armed forces," the statement declared, "have served their country well, and are continuing to do so. We feel that the least we can do for those who are able to carry on is have jobs waiting for them when they come home."

### AIR CONFERENCE IN AMARILLO HAS NOTED SPEAKERS

The three-day aviation conference in Amarillo Oct. 25, 26 and 27 is expected to have an important bearing on the future of airlines proposed to serve Panhandle towns.

Speakers representing some of the major airlines, airplane factories and the Civil Aeronautics Authority are to appear on the program which has been arranged by Rex Baxte, manager of the Amarillo Chamber of Commerce.

"Planning an Airport for a Small Town," by J. L. Church of the CAA, and "Air Transportation Service for Small Communities," by C. A. Elliott, regional manager of the CAA, Fort Worth, are talks which representatives from the Panhandle are particularly interested in. A group from the local Chamber of Commerce is expected to attend all sessions.

One of the sidelights of the meet? ing will be a trip to Amarillo Army Air Field and the inspection of a B-29 plane.

We remember when he first came to work for us...this smiling kid we now call G.I. Joe. He did a good job here, showing the initiative that was his American birthright. He made a place for himself with us, and we were regretfully proud when he answered the call to the colors...

Now he's back from the fighting...banged-up a little, but with the same gay smile on his lips that we used to like to see. He's looking forward to going back to the job he left when he went on leave to join our armed forces. You can bet his job with our Company will be waiting and ready when he is!

**NEWS OF OUR MEN—WOMEN IN UNIFORM**

**Hear From Sons**

Mr. and Mrs. J. A. Scribner, Mo-beetie, have received the following letter from their sons who are serving overseas.

S/Sgt. James Dalton Scribner of the infantry has been in service three years and is now in the southwest Pacific. He was sent overseas after four months training.

Cpl. Lawrence Scribner, who is with the air corps in England has been in service two years.

Sgt. Jerald Scribner of the Air Corps has been overseas one year and is now in France. His wife resides in Berger.

Cpl. Charles Glen Scribner of the medical corps has been overseas only a few months and is now in France.

Dear Folks,  
I received two letters today. One was dated Aug. 27 and the other was dated Sept. 6, so you can see how the mail is coming. I don't have anything to write. I haven't heard from any of the boys, but I will write to them and see what has happened.

I would write aunt Cora but don't have her address now that she has moved. You can tell her that the chances for Harry are very good, and that I had a long talk with the men he was flying with. Well, that is about all, so long.

Love, Lawrence  
Sept. 12, 1944

Dear Folks,  
I have been thinking I would write you a long letter for a long time. Here I am but nothing much to write. I am getting along fine and hope every one is well at home.

I had a letter from Glen and Mutt in the past two days. Mutt sent me a picture of himself. He sure looks good. I'm afraid he outweighs me about twenty pounds so guess I'll have to grow up a little before I get

home.

I guess you kids are going back to school by now. Sure hope Ola Mae don't get too carried away to write me. I'm always glad to hear what she has to say. Mom, I sure hope your arm is o. k. by now.

We have a lot of new boys coming in now. It sure makes me homesick. A lot of them are from around home. We have some boys going back to the states, but the bad thing there is still a lot ahead of me. But I'll make it some day.

I hope the war is over before my time comes up on rotation. I don't think it will last much longer. I have made it this far and I know I can make it a few more months. But what would I give to be home Now.

We are doing pretty good. We have fair food, good tents and cots.

I see Jack Seitz quite often but I haven't seen any of the other boys in a good while. Hope this finds all fine at home.

Answer soon, love, Dalton  
France, Sept. 17

Dear Folks,  
How is everybody at home by this time? I am fine. I got a letter from Dalton yesterday. He is doing fine. I guess Lawrence and Glen are still in England. I got one letter from Glen just before I left there. I would have liked very much to have seen him but it could not be done. Maybe it will not be long before we can all be together.

I was in Paris the other day. It is one of the most beautiful places I have seen. In fact France is almost like the states. France is so far ahead of England that it is not even close. I still wish I were at home.

I told you once before that I made Sgt. I am so proud that I am telling you again.

Don't know any news so I had better close.

All my love, Jerald,  
Somewhere in France, Sept. 6

Dear Folks,  
I hope that you haven't been worrying about me. I'm in France now and getting along fine. I have a place to sleep and getting plenty to eat, so I don't guess that I can gripe.

I didn't get to see Lawrence or Jerald while I was in England. I never did hear from Jerald and I got a letter from Lawrence the day before I left. I was just a little way from him, but there was no way for me to get out to see him.

We are running a despensary. It is a pretty good deal for overseas service, I guess. I expect it is a lot better than what Dalton has been getting in the Pacific.

It is hard for me to write, so I'm going to close, tell everyone "hello." Goodnight and take care of yourselves.

Love to all, Glen.

**Sophomore Strategies**  
There was some moaning about last Thursday (could it be because of the handing out of our report cards?) Maybe some of us will have to change our strategies concerning our studies. Those relative clauses in English could stand some changing, couldn't they Sophomores?  
One word descriptions turned in by two Sophomore girls:  
Maidel Sorenson, horrible; Arnell, terrible; Emil Lea, bucket head; La-Dell, shoat pen; Dude, conceited; Rosie, brat; Nelda, windjammer; Bessie, block head; Hazel, high tempered; Sammie, prissy. That's what they think of the girls; the boys—that is a different story, continued next week.

**Briscoe Ties Booker**  
A great Briscoe defense held Booked Indians to one touchdown Thursday. The Briscoe offense warmed up and put a touchdown in the final minutes of the game. The score was tied at 6-6 when the game ended.  
The first half was scoreless with Briscoe threatening once. After the kickoff Booker fumbled and Briscoe recovered on the Booker 15-yard line. The second half was opened up with Booker kicking off to Briscoe. Briscoe failed to gain and punted out to the Booker thirty. Booker ran the ball back for a touchdown. Booker failed to convert. Briscoe scored in the last two minutes of play on an interception of a Booker lateral. Briscoe failed to convert. What a great team we have.

**Girls Sport News**  
The high school girls and boys played a game of basketball Friday evening. The final score was 51-18 in the boys favor. We all enjoyed the game and hope to do better next time. High point boy was Grant Riley. High point girl was Bessie Davis. The boys coach, Russell McAnally, acted as referee.

**Senior News**  
Lottie Marie Zybach is still missing from school because of an appendix operation.  
Mary Ruth Riley has gone to Mississippi to be with her husband.  
We are not making much progress with our Texas History work books. Even the key is mixed up. We are studying usage in English.
