Our weather is getting so beautiful now. Our invitations have gone out in preparation for the MUSIC FEST to be held on the 21st. If you don't get an invitation to come and perform let us know, we'll be glad to let you come. All are welcome. Last Monday morning our bible

study class was taught by Mildred Porter. Thank you for coming. We have several that play dominoes

everyday. They will certainly be ready for our next tournament.

Mary Mitchell came to serve Monday afternoon. Everyone was so thirsty. Thanks Mary. Monday morning Irma Wiebe went to the doctor in Pampa for a check-up.

Tuesday morning Mr. and Mrs. Hyatt held Family Alter in the dining room. Glen Arganbright and Barbara Williams stayed to help sing. Thanks to all for a fine service. I gave Evelyn Young, Marie Fulks and Winnie Leggitt a manicure. They seemed to

Cary Hatcher took Thelma Green to the doctor in Pampa for a check-up.

Dick DeArment came on Tuesday afternoon to check on the trees in the Sun Room. We appreciate his expert advice.

Grace Knoll has donated 20 new lap-robes. We certainly appreciate these. Some of ours were getting

Wednesday Leola Farris came to help play bingo. We had a good time. Thanks to Leola for coming. Verna Fillingim was also here serving juice. Thank you.

Thursday morning our Inspirational was lead by Rozena Zybach, Fern Young, and Sylvia Brown. These ladies would brighten anyone's day. We just love them.

We had several pop-corn poppers on Thursday afternoon Ann Ellison, Mae Brazeal and LaJaune Alexander. We thank you so much.

American Cancer Society April Crusade

According to Maurita Stribling, Chairperson of the American Cancer Society's 1988 Crusade in Wheeler and the surrounding area, most of the funds the Society raises in Texas, are used to support ACS research, rehabilitation programs and services for cancer patients.

One of the major goals of the Crusade is public education - to provide information about cancer detection, prevention and treatment to local residents. "It's important to alert the public to visit their doctors for regular physical checkups and to teach them to recognize the seven basic warning signals of cancer. The more people know about cancer, the better their chances are of reducing their risk of getting it," Stribling

In research, ACS is ranked second to the Federal government's National Cancer Institute. During the fiscal year ending August 31, 1987, approximately \$78 million was committed by the Society to more than 813 research projects, stated Stribling.

To the Editor The Wheeler Times

Dear Mrs. Fillingim, I saw in your Gageby News about the Nubbin Ridge school, yes I am still living and received all my education at Nubbin Ridge and I could give you a lot of history on the school if you would like. I went to school with the Grover Crosier family, also the Finsterwald's, the Elmer Simpsons. My first teacher was Ida Bain, Elmer's sister. Also going there was a number of other families, the Hathaways, the Rankins, the Lewters, the Turcottes, the Coopers, the Montgomerys. I was Albert Converse daughter. He also taught school there when the school was just west of Briscoe. It was then moved to the ridge then down south and west in the valley, then it consolidated with Briscoe school. Hope this will give some more history of Nubbin Ridge school.

I married Hub Cole in 1916, moved to Pampa where our two boys were born. Then moved back to Wheeler in 1925 where our two boys got their education.

Yours Truly, Mary [Converse] Cole 4439 Cline Rd. Amarillo, Texas 79110 hospital Friday morning after being there since February 20, or so. A friend from Pharr, Texas flew in to help her out for a month. Wasn't that great! Pauline has done so well, walking with walker, talking, eating. Thanks so much for all the prayers, flowers, cards and concern. We visited Cliff and Polly and Mary Friday night.

Supposed to be a Little Dribblers Basketball tournament for grades K through 3 at Allison April 30. Sounds

like fun. There have been lots of grass fires. Some set on purpose, some not. One fire fighter said that the hardest part of fighting fires was people looking who got in the way of the fire fighters and trucks. Smoke makes it very hard to see where they are going sometimes and nearly run over people parked to watch. That endangers everyone's lives. Please give them room to work. They have a very

in't It The Truth By Ab Gunter

Mama moved my typewriter out on the sun room today and it's nice, I can see from here to the creek, all the birds and ducks and see all the plants gettin ready for warm weather. I'm gettin ready for a little warmer weather so I can pull off these Long Johns. I've even been wantin Mama to wash them but a feller can catch cold if he pulls them off too soon can't

Notice where Horse Racing starts at Ruidosa, New Mexico the 14th of May this year, that is according to Leo Romero a friend that works there at the track. You ought to meet that bird, we used to have a lot of fun just being friends and had a lot of friends such as the Jockeys, Trainers and Owners plus a gillion folks from all over mostly from Texas. It was fun seeing so many folks we had met over the years and looked forward to seeing them again during the races. Some folks object to betting but I have told them to see a man or a young lady riding a horse on such a silly saddle and how they seem to be a part of each other, now that has to be something to watch. They are a breed of people all their own, I know many of them and treasure our friendship very much. One nite I had to arrest one of them and had him in the Police Office fillin out the necessary papers on him for fighting and all that stuff, as I was bendin over the table doing at the writtin he decided to see if he could ride me as a mount. This he did, he had hung his right leg over my pistol and was whapping me on my head with his fist. He seemed insistant that he was going to give me a good whapin and I grabbed both of his legs and stepped backwards into a door jam purty hard and down he went sort of out of air. I got him in the cell and let him consider that that was one mount he hadn't qualified on. Me and Harley are still good friends to this very day. Some tough Jockey.

Of all the places me and Mama have drifted I guess we miss being there most of all, getting to visit with so many folks that came up there to enjoy the beauty of the Mountains and we knew most all of the Natives around there and considered each of them part of our family. I recon everywhere we have lived we have left part of our heart, maybe that is the way the Good Lord meant if for some of us to live. Mama and I still love to wander a little seein what is over the other side of the mountain and enjoying the fragrant smell of the ocean, the tall pines and the prairie hay, each leaves a lingerin

oder in our lives. Like some feller one time said, 'Paso Apor Aqui".

See you folks next week and we love

TREATMENT FOR STIFF NECK

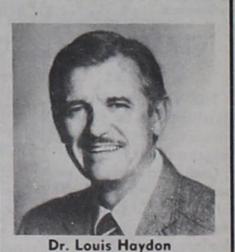

If you're suffering from a stiff neck, don't wait for it to take care of itself when treatment is available to correct it.

Of all the bones in the spinal column, none are more easily injured or more vulnerable than the seven vertebrae in the neck. None are moved more often. We are constantly turning our heads to look at people and things.

Neck stiffness can have many causes, from sudden and violent accidents to such simple activities as painting a ceiling or just sitting reading a book for a long time. But there's nothing simple about the

A careful examination will reveal the source of the pain and how best to treat it. Any misaligned verteorae in the spinal column should be properly adjusted so there will be no abnormal pressure on your nervous system. Treatment may also include exercises for the cervical muscles such as gently rotating your head in all directions. This can help restore muscle strength and tone.

Old Mobeetie Assn. **April Meeting**

Old Mobeetie Jail Museum group met at the Mobeetie State Bank Hospitality Room Thurs. at 7:00 p.m.,

Meeting was conducted by Sallie Harris. Louise Hogan led in the prayer. We had one guest, Hestell Killingsworth of Wheeler. Austin Caldwell read the minutes of the Feb. meeting. (No meeting was held in March) Louise Hogan gave the financial report and noted one correction was made in the minutes. Henry Johnston made a motion the minutes and treasurer report be accepted, this was second by Bob Galmor motion

The resignation of the museum caretakers, as presented in Feb. was accepted by a unanimous vote. A letter received by Sallie was read to the members, it stated they were located near Magnolia, Ark.

Jap Bailey reported that he and Bob Galmor had taken the museum riding mower to Pampa to be repaired.

New business was that the trailer home at the museum needed repair. Sallie Harris appointed Jack Finsterwald and Bob Galmor to see about this and get someone to repair it as soon as possible before more rain.

We plan to contact the Highway Dept. to see if they will again help mow the large area all around the museum.

To the Editor The Wheeler Times

Dear Editor,

In spite of the darkness over the world I still find something beautiful every day of my life. We are hearing good news about the smoking problem all across the universe. After 30 years the tobacco companies have admitted they knew all along cigarette smoking, tobacco, snuff caused Cancer, I understand.

1983 for 40 days and nights we watched this deadly poison go out into hallways of Parkview Hospital, Wheeler, TX. into the lungs of the sick and dying non-smokers. I asked one Dr. to let up on smoking, he told me he had a habit and went right on smoking, blowing it out into hallways, same as other employees, visitors that smoke in our health places. We still have these two Dr.'s one has guit the filthy habit I understand, our new Dr. has always been against smoking in our health centers to the best of my knowledge.

The Wheeler Care Center was bad the same as hospital during the past years, all hiding behind a thing they call law 48.01, designated areas. I reported these health hazards along with many others many times.

Also believe it was a Miracle our new Administrator Mr. Robertson came, and Mr. Hyatt returned to Wheeler Care Center, they are doing something about this problem.

There is a lot of people working for this same cause in Wheeler county same as millions across the country. I beleive these people that continue to smoke in our health places can be suspended and or become liable. The cigarette smoke still comes out into hallways, which violates the smoking policy it is abuse. I have had complaints from hospital and Care

We need a mayor and councilman who will help to correct this serious problem. 35 empty beds at times is causing us to lose our hospital. I know smoking is causing part of it. How much longer do we have to wait. It is costing lives and money from all.

Mr. Hyatt talked about a terrible thing, Emphysema on KPDR Radio. How it does kill people. Smoking causes heart trouble, cancer and so many problems, same as pesticides and smog. But we can control this filth in our health places.

April 6, You live and learn. I just heard a child after 4 years old now has to have a social security number.

Doc and Iolene Wilhelm came for a visit with us Tuesday nite. The only aunt I have living has come up with cancer of the bladder. She had surgery, Friday 8, in Houston.

Patricia called out this morn, said she did not get any news from me this morn. Well, I had quite a bit for this week. One day while the snow was on, we did not get the carriers-could not make it. Someone carried Mattie's mail to her—I said, did I get any news in the paper. She said, "Yes, you told it all." Ha, this tickled me and Colie.

Correction-I have seen ice collect on thee north side of the fence post from freezing rain in May.

This little town, S-west of Liberal was Turpin. Weldon said several towns southwest and northwest got 22 inches snow. We have not heard from Tolene yet in Coal Creek Canyon.

Just called Tolene, they got 24 inches snow. They, she and Deanna, had a cold, or she got hers from Deanna. She sounded pretty choaked up. Hope she don't get pneumonia.

Saturday, very windy, looks like snow or rain. My lalacs could get froze

Winnie and Julia Gilmer visited Sheridan Friday.

May Hudson went to Canadian Thursday with some Gageby women. They took pies and sang at the rest

Mary went to Amarillo with Ray, Pat and Lois Hudson to see Sharon Opers and ate lunch.

Lois Hudson talked to Oden this morning. It was nice weather there. Dorothy Walker visited Lois this morning.

Lois has visited B. F. and Margie Meadows twice since they came home. They came home Saturday-was a week ago.

Sounded like a tournament at Allison Sat.—volleyball.

Kyle Zybach spent Friday night with Kaleb Meek.

Annette and Jacelyn Meek visited Jewell Hollaman and Jean Pallack Wednesday in Wheeler.

Addie Swift went to Wheeler with Wanda Childress and Cathy Hunt to beauty shop. Pat Childress visited Addie Saturday morning.

Choice Childress visited Travis Keelin this week.

We were saddened by the death of Tommy Swafford, near Ft. Worth. He was in a car wreck. I think he and family used to live up here, close to us in Dave and Jane Kiker house.

Colie visited Bob Markham in Parkview Hospital in Wheeler Thursday. He also visited Claude Parker at the rest home Thursday. Bob was pretty sick. Claude knew Colie. Colie could understand him.

Dan and Lou Trimble and children visited B. F. and Margie Meadows last weekend. Others there were E. J. and Joy Meadows and Misty, Richard and Bonnie Meadows and children and Leslie, Ben and Reagon.

Lou's team played today in this tournament. Will play tonight in Allison again.

Ray and Sherly Welch from Madan, Ore., visited Mae Welch. They went to see another son in Avery, Tex. On to Norman to visit another son of Mae's. She enjoyed the trip. They saw a lot of water in the South Canadian River-was up rolling.

At 7 p.m. Saturday, just to look out my windows, I don't think we will have ice tonight. Someone said they had below 40 degrees at 6 p.m.

Swift Packing sent Garry Parker and 3 other men to Illinois. They had another week up there. But Swift at Dumas or Cactus is opening again Monday. So they are on their way back to Dumas. I did not believe Dumas would re-open. Hereford did not. Neither did Guymon.

We were suppose to have planted our beans good Friday. Plant seed that grow under the ground in dark of the moon. Plant produce above the ground in light of the moon. Probably too late for this. Roll or put your potato eyes, before you plant, in a grocery sack; put a cup of lime in sack. Shake all up, get the potato eyes coated with lime good. This helps keep the potato bug away. My grandmother said there were 2 days in the year, if you planted on these days, there would me no squash bugs. Forgot to put that down, wish I had. Always plant on twins day if you possibly could.

USDA Sets Beef Referendum Date

The U.S. Department of Agricul-

The vote, by eligible cattle producers and importers of beef or beef products, is to decide whether to continue the beef checkoff program, says Don King, County Extension Agent with the Texas Agricultural Extension Service, the Texas A&M University System. Producers are being assessed \$1 a head on all cattle they sell. Funds from the checkoff are and a throw of 158'4" in the discus. presently financing the Beef Promotion and Research Program.

Eligible voters are producers who owned cattle between October 1, 1986 and March 31, 1988 or persons who imported cattle or beef products during the same period, King says.

Voting will be by secret ballot in the local Extension office of the county where a producer or importer resides.

Persons who need to cast an absentee ballot must request one between April 1-29. Eligible Texas voters may request absentee ballots from Dr. Milo Shult, Associate Director, Texas Agricultural Extension Service, System 105-A, Texas

"Mark the absentee ballot and return it by May 3 to the Extension In the 400m dash, Rochelle Rives office in the country of your resi-

dence," King says. The Agricultural Stablilization and Conservation Service will count Medley Morgan placed fifth in the ballots, determine the eligibility of challenged voters and ballots, and report referendum results.

By Laura Guthrie

Aha-a-a. It's spring again! Aren't the lilacs beautiful and fragrant. When I was very young I thought "lilac perfume" was all that could be bought. I didn't know about Chanel 5 until I was 50 or so.

I didn't get this chatter in the paper last week. (The Editor told you I was busy, but 'dizzy' would be more like it) but I was going to tell you that Patricia and Ed Forrester had their family with them for the Easter weekend. Curtis and Sherri came from Dallas and Gary and Rhonda and children came from Tulsa. Of course there was a lot of visiting, eating and egg hunting.

Also that same week end the 2 great granddaughters were with us. Tim and Melinda Whorton, grandchildren from Canadian were here also. They had planned to go to an Easter gathering of Tim's family in Dumas, but the snow cancelled it out. So we had Easter dinner without planning it.

Now getting on to this weeks news-Ed and Patricia Forrester spent the week end in Decatur, with Ed's brother and family.

Gene Pollock of Baltimore, Maryland, is spending some time with her mother, Jewell Holloman.

Late in March Elva Wood accompanied Mrs. Darwin Allen to Jal, N.M. to be with Mrs. Allen's daughter who had had surgery. From Jal, Elva went by bus to Lubbock, to visit her son James Hubble and family. Mrs. Allen picked Elva up in Lubbock and they returned home last

Darwin and Fran Allen and Elva Wood attended the funeral of Bill Hughes, in Pampa, last Monday.

Last Saturday was Lydia Guthrie's Birthday. She didn't have a lot of company but several telephone calls.

Darren Ray Hefley Nominated For Office

Darren Ray Hefley, a junior science and history education major from Briscoe, was nominated for the office of secretary of West Texas State University's Residence Hall Association (RHA). Elections are scheduled April 6.

Hefley, a resident of Jarrett Hall, served as an RHA delegate during the 1987-88 academic year.

RHA consists of approximately 30 members and was organized to give residence hall students a representative voice in the programming and policy making of the University's residence halls.

CARD OF THANKS

I want to thank all of our many friends whose cards, flowers, calls, visits, and prayers brightened my stay in the hospital and gave me special support and love. Thanks also to Dr. Mendiola and the wonderful caring staff of Parkview Hospital. Their unwaving love and care were deeply appreciated.

God bless you all.

Pauline Hefley CARD OF THANKS

We would like to thank everyone for all the kindness, flowers, phone calls and gifts of love during my stay in the hospital here and Amarillo. Also thank you to Dr. Mendiola and the staff of Parkview Hospital. A special thanks to Mary K. in finding Mac, my dog, and everyone else who helped.

I always thought that man would destroy the world with a bomb but it looks now like Aids may not get the job done. We don't seem to be as nervous about Aids as we should. Keep down playing the danger. There have been 29,661 deaths of adults and 839 of children diagnosed as Aids. 3% of the adults (1,632) and 4% of the children (33) were at no identifiable risk. That means no one knew how they got it. One scientist Dr. William Douglass alleges that Aids is manmade for biological warfare.
