

The Big Spring Herald

Big Spring, Texas, Friday, September 23, 1927

By T. E. Jordan

A Gusher Now Needed

Continue to be that will require gusher development.

Fields Look Good

Showing made by the Marland Settles No. 2 is of great interest to center in the field southeast of Big Spring. Of course in the present. Of course in the west, on the Quinlan ranches to the north, the Haynes farm to the west, and the Edith K. Fisher and the Connally ranch to the south or the W. B. Currie on farther west capable of starting something about any of them happens in a gusher.

No. 1 a Producer

all producing horizon is in the Smith et al Settles. Pronounced a good well; between 1750 to 1900 feet time saturated with oil at 1725 feet in the McGinley and others No. 1 Settles and County is the chalk pay. this well, on a 100-acre section 6, block 32, south, T. & P. Ry. Co. will mark an extension of the northwest from Texon No. 3 Settles. The latter well around 500 barrels after deepening to 1298 feet recently extended the Settles from Glasscock County to the line into Howard, a distance of 1220 feet north. The No. 1 makes only around 30 barrels a day. Lee Davis, Sam and E. D. Harrison, all of who, own an interest in the well.

Worthy of Attention

of our folks seem to forget that oil fraternity has a big oil territory to carry on development as soon as the time is ripe. that territory from Iatan in the California Company and the Magnolia Oil Company have produced to the Chalk field, its territory and on a real territory and the O'Daniel well and the territory there is oil territory and this territory given attention just as soon as the territory in the Clay and Settles fields are clear. It is worthy of that the Magnolia Oil Company taking over quite a bit of territory in that stretch between the Chalk fields.

Clay El a Good Well

Clay El a Good Well. The Magnolia Oil Co. secured one well in the Clay field which they Clay El on section 27, W. & N. W. corner in for 400 barrels of oil and was encountered at 1295 foot level.

C. B. Reed No. 1

The C. B. Reed No. 1. The Magnolia Oil Company has succeeded in drilling past a lost string and it is believed that the well now be carried forward. The tools were carried forward to the 550 foot mark. The well is on the C. D. section in the eastern part of the field.

H. & J. Fisher 1

H. & J. Fisher 1. The Magnolia Oil Co. is drilling at around the H. & J. Fisher No. 1 in the California Company's field. The well is on the C. D. section south of Big Spring. The well is on the C. D. section south of Big Spring. They expect to hit a gusher before they reach the salt formation.

Quinn No. 1

Quinn No. 1. The Magnolia Oil Co. is drilling at around the Quinn No. 1 in the California Company's field. The well is on the C. D. section south of Big Spring. The well is on the C. D. section south of Big Spring. They expect to hit a gusher before they reach the salt formation.

FINE STUCCO HOMES BEING BUILT ON FARMS IN COUNTY

Evidence of the prosperous condition of Big Spring and Howard County are the many fine business buildings and residences under construction. Not only are expensive and modern dwellings being erected in the restricted districts within the city limits but some few are being built on the farms in the adjoining territory.

This week the contracts have been let for the construction of two stucco bungalows. John Allred of the Knott community is having a modern six room house of stucco finish erected at his farm about 18 miles northwest of Big Spring. C. J. Guthrie was awarded the contract. T. A. Gaskin of the Knott community has also awarded the contract for a four room residence on his farm west of town.

DISTRICT METHODIST CONFERENCE TO BE HELD IN CITY

The annual district Methodist conference will be held in Big Spring on November 9, 10, 11 and 12. Some 350 visiting preachers from all over the West Texas district will attend this four day meeting which will be held in the First Methodist Church. Several outstanding ministers in the state will be guests in our city during this time. Plans for the conference and an interesting program is being arranged by various committees.

STONE VARIETY STORE BURGLARIZED FRIDAY

A bold burglary was carried out in our city between 6 and 7 o'clock last Friday evening when Stone's Variety store was robbed and \$150 in money stolen.

Leland Stone the proprietor had closed his store at 5 p. m. and had gone home. Some time before 7 he returned to the store to secure some article he had forgotten to take home. As soon as he entered the store he noticed goods disappeared and further investigation showed his safe open and cash to the amount of about \$150 missing. It is supposed the burglar was hiding in the store at closing time, and after rifling the safe, made his get away thru the back door which is locked by means of a heavy bar.

At W. B. Currie No. 1

Steady progress continues to be made on the California Company's test well on the W. B. Currie ranch, just south of the producing area on the W. R. Settles ranch. While this test failed to penetrate a shallow sand there is a chance to encounter a true oil sand before a depth of 3200 feet is attained.

At Marland Connally No. 1

Good time is now being made in drilling the Marland Connally No. 1 on the Connally ranch, five miles south of Big Spring.

At A. G. Haynes No. 1

Casing has been set in the Marland Oil Co. Haynes No. 1 on the A. G. Haynes farm, five miles north of Big Spring and steady progress is being made on this important test. The well is now 2400 feet deep. Should this be brought in a commercial well it would start a big development program in our county.

Marland Oil Co. Guitler No. 2

The Marland Oil Company has been making rapid time in drilling operations on their Guitler No. 1 on the John Guitler ranch, seven miles northwest of Big Spring. They are now drilling below 700 feet. A location for Guitler No. 2 well has been made.

At Edith K. Fisher No. 1

The drill is pounding away in hard lime in the Marland Oil Company Edith K. Fisher No. 1, seven miles south of Big Spring. This test is now more than 3150 feet deep. It is expected that this test will penetrate the oil sand encountered in the Marland J. B. Harding No. 1.

Landroth Houston No. 1 Abandoned

Landroth Houston No. 1 A. L. Houston, in Glasscock County, is dry and will be abandoned at 3885 feet, with a hole full of sulphur water. It is 330 feet from the north and east line of the northwest quarter of section 12, block 35, township 2 south, T. & P. Ry. Co. survey.

Better Times For Our Folks This Fall

All Signs Point to Better Times in Our County This Fall and Winter. Good Crop Prices and Oil Help

While it is impossible to estimate just how the cotton crop is going to turn out just at this time, it is believed that at least one half a crop will be harvested. Should the price of cotton reach 25 cents there will be a greater measure of prosperity than we have known for some time. 'Tis a pity that every farm does not have a fair cotton crop.

While we are not able to guess what the government cotton report is going to be in October, most of us are inclined to think the estimate should cause cotton to gain some of the ground lost when the department of agriculture tried its hand at price guessing and caused the price of cotton to drop \$7.50 per bale.

If reports of the condition of the cotton crop being received, not only from Texas but from most every state in the cotton belt are to be believed we are to have an extra short cotton crop. If such be the case, 25 cents per pound is going to be a reasonable price. And if the growers can secure this price there is going to be much money in our county to pay debts and buy the things we need.

As we have stated in a previous issue, there is no way of gauging the worth of the present crop as compared with last year's crop. For instance we were told by one grower that at the wind up last season he took 8400 pounds of trashy cotton to the gin from which he secured about 3 bales of cotton aggregating 1600 pounds. He had to give all the seed to the ginner and pay \$19.95 in addition for having this cotton ginned.

Cotton seed this year has been bringing a much better price than last year and in addition all having cotton can command a good price for planting seed next spring.

From an agricultural standpoint, those who are fortunate enough to have made good crops are going to be well paid for their labors.

As to oil development, a steady drilling program is in prospect. The overproduction scare seems to have been overcome and it now appears that a sane and progressive development program is going to be carried out. Howard County is going to profit, as is every other oil producing county in Texas.

Building operations are due to continue at a steady pace and we expect to see many new structures completed in our city during the fall and winter.

DISTRICT COURT

Owing to circumstances over which no one had control this week's session of District Court has not been especially noted for accomplishment.

District Judge Fritz Smith got stuck in the mud at Iatan flat Monday morning so it was 1:15 p. m. before court convened. Then nine prisoners escaped Tuesday morning and as all the officers were busy hunting the fugitives no session of court was held during the day.

The case of the State of Texas vs Ancell Jones, charged with the transportation of intoxicating liquor was called Monday afternoon. He entered a plea of guilty but the jury was unable to agree upon the sentence to be imposed, and after being held until Tuesday afternoon was discharged.

The case of the State of Texas vs J. B. Jarrel charged with forgery was tried Wednesday. After thirty minutes deliberation the jury returned a verdict of guilty and assessed punishment at five years with the recommendation that sentence be suspended.

On last Thursday Bill Morgan was sentenced to serve two years in the penitentiary on a charge of bootlegging.

The grand jury was reconvened Monday and was in session until Wednesday afternoon. They turned in six indictments Wednesday—making a total of twenty-six indictments for this term of court.

This is the final week of court and an effort will be made to clean up quite a bit of work the closing days of this week.

Nine Men Escape From County Jail

The Recently Improved Jail Fails to Hold Smooth Criminals—Only Two Have Been Recaptured

Nine men made their escape from the Howard County jail before dawn Tuesday morning by sawing their way through bars in the interior of the jail, then through the bars of a window, and letting themselves to the ground from the second floor with the aid of blankets twisted and tied together. Blankets had just been furnished to them on account of the first cold weather of this season.

After gaining freedom, the men stole two automobiles, one a service car and the other a machine from the waterworks department.

Two prisoners, one wanted on a forgery charge and the other for possession of liquor, refused to leave jail. They called to the negro cook, who in turn notified Sheriff Frank House at 5:30 a. m.

Sheriff House has one trained bloodhound, but was unable to put her on the trail because she is sick. House has, however, sent telegrams to all points within a radius of 100 miles, giving the names of the men and where they were from. Eight of them are already under conviction or are awaiting trial for felonious charges.

One of the prisoners was a boy picked up on a misdemeanor charge. The eight men sought are:

H. L. Boltman, ex-convict, who escaped once before from jail, was sentenced last week in Big Spring on a forgery charge and is wanted in Fort Worth on a similar charge.

Leroy Edwards, San Angelo, awaiting trial.

John Strickland, Coahoma, awaiting trial on a charge of assault with intent to murder.

J. H. Barrow, swindling, awaiting trial.

J. B. Martinez, charged with theft of automobile, sentenced last week to two years.

G. C. Moore, charged with theft of automobile, three years.

Louis Seider, charged with forgery, awaiting trial.

Bill Morgan, liquor conviction, two years.

Sheriff House said he believed, saws had been smuggled into the jail by the wife of one of the prisoners. The iron bolts on the commode were first sawed off and a section of steel lifted which permitted the prisoners to reach the runway. They had little difficulty in cutting their way through the tightly barred window.

One of the prisoners, J. B. Martinez was captured in a maize patch near Knott, Texas, Tuesday afternoon and another prisoner who had gone to the Knott community to visit his folks phoned the officers he was ready to return.

The number of escaped persons has been reduced one more as John Strickland, one of the fugitives voluntarily surrendered Wednesday night. Calling at the home of Jess Andrews and asked to be brought to jail.

EXPRESS SERVICE EXTENDED; MOTOR TRUCK TO BE USED

The wagon and the two big horses of the American Railway Express Co. are to be a thing of the past after October 1 in Big Spring, and a motor truck is to take their place.

Several months ago a petition was sent to the officials of the Express Co., asking for an extension of delivery service north of the T. & P. railway tracks, and also east on Second and Third streets. This request has been granted according to notification received by C. T. Watson, secretary of the C. of C., and the delivery service will be started just as soon as a motor truck can be secured from the factory, possibly by October first.

This is indeed glad news for those who have been benefitted by the extension of delivery service north of the tracks and on E. Second and E. Third streets and is another forward step in the progress of Big Spring.

Horace Reagan is attending the University of Arizona at Tucson this fall. He will complete his engineering course there.

THIS IS THE HERALD'S BIRTHDAY ANNIVERSARY

With this issue of The Big Spring Herald we start upon our twenty-fourth year of service and prosperity. We appreciate the loyalty that has been shown during these many years that we have been in business, for without your help and cooperation we would have never succeeded. We know that you have helped us and we hope that we have helped you. We have tried to be of service to every business house and individual in our midst and the liberal patronage that we have enjoyed is appreciated more than we can ever say. We endeavor to serve you to the best of our capacity at all times, fair and square and we hope to continue to enjoy your friendship and to be of service to you.

We feel that prosperity is ahead of us with the town growing and with a loyal citizenship who has cooperated and supported a newspaper on every hand. Your liberal patronage has enabled us to share success and thanks is due you.

Any suggestions to improve the columns of our paper that you wish to make will be given our attention because the country weekly is the voice of the people of a community and should speak out for those it serves. We want to present the news of our community fair and square, leaving out any prejudices or biased ideals that may present themselves and refrain from showing partiality to any chosen few. What you do, or what you say is just as important as what any other person in the community says or does and we want it for news. What we want is happenings of real news interest and the things that go on in our town and county are the things that interest our readers most.

We would like to convince our readers that we really appreciate every news item that is reported to us and that it is your duty to let our readers know what you are doing. Don't hold back because you think someone will think that you are over anxious to show off, or have your name in print. This is the wrong attitude. When you know of happenings in your family or neighborhood report them. We will appreciate your cooperation in this matter.

Again we thank you for your loyalty and generous support in the past and we hope that we may continue to enjoy your friendship in the future.

LORIN McDOWELL INJURED BY HORSE SATURDAY

Lorin McDowell received painful injury to his head Saturday when thrown from a horse, about ten miles south of Garden City. Mr. McDowell, with others, was driving a herd of cattle to the McDowell ranch from Reagan County where they had been on pasture and while adjusting the saddle on the horse he was riding the animal threw him, cutting a gash in his head. Medical aid was summoned and it was necessary to take several stitches in the wound.

DALLAS STEERS TAKE GAME

The weatherman came very near spoiling the game between the Big Spring team and the Dallas Steers at the ball park in this city last Sunday afternoon. Quite a heavy shower made its appearance just a short time before the hour set for the game, and the threatening clouds hovering around caused many faint hearted fans to miss the game.

It was not expected that the local team could defeat this class A team but the game was well worth seeing even though the local team was somewhat outclassed. The score was 7 to 2 in favor of Dallas—not a bad showing for the home team.

The local team will tackle the Fort Worth Cats in this city Friday afternoon (today) and every loyal fan should arrange to attend.

ARRIVE IN CHILE

Mr. and Mrs. B. Reagan have received a cablegram from their son Paul Reagan stating that he and Mrs. Reagan have arrived safely in South America. Mr. Reagan has accepted a position as mining engineer in Casilla, Tocopilla, Chile. Mr. and Mrs. Reagan sailed from New York on Sept. 1, and arrived there Sept. 18.

Electric Company's Big Sub-Station

Large Force of Men at Work Building Foundations for Buildings and Machinery—Line Being Built

While we know nothing of the plans and specifications, or cost of the big sub-station the Texas Electric Service Company is preparing to build on their forty acre tract of land four miles east of Big Spring it is evident that the plans call for a monster plant.

A railway track has been built to the site so material and machinery can be unloaded near the building site. From appearances one would judge there is to be one main building covering nearly two acres to house the immense transformers and other machinery. Another building about half as large is also to be erected. Then there will be homes for those employed at the substation. A large force of men has been employed in grading the building sites and building concrete foundations for the machinery. Steel structural iron for the buildings is now being received.

It is planned to complete this plant by the first of the year.

This sub-station will be one of several powerful units being installed on a new 132,000 volt transcontinental high line which is being constructed that will ultimately connect Texarkana and El Paso, Dennison and Galveston. The present section of line is being built from Eastland to Big Spring, a distance of 172 miles, and its direct result as far as Big Spring is concerned will be to provide three separate lines for supplying this city with electric power, practically eliminating any possibility of trouble from storms or other sources which would leave Big Spring without electric service.

In addition to this line itself, it will have connections with the lines of the Texas Power and Light Company at Hillboro and with the West Texas Utilities Company at San Angelo.

This does not mean that there is any connection between these companies, as far as ownership and control is concerned, but that they have an agreement whereby they can sell each other power in case of emergency which would cause trouble on their own lines, etc. This new high voltage line is being constructed primarily to take care of the business of the oil fields and to meet future growth.

The sub-station is being constructed on a 40 acre tract of land along the T. & P. railway east of town. It will consist of immense transformers and switching station, with buildings and residences for the workmen who live there.

The new 132,000 volt line will be tapped at only two places, the substation at Sweetwater and by a similar one that is now being erected four miles east of Big Spring. From this sub-station the current will be run thru the transformers and stepped down to 60,000 volts and carried on a loop line to Eskota and back to Eastland. Another loop will feed into Sweetwater. From the sub-station at Big Spring a loop will carry the current back to Colorado and Sweetwater, and from Big Spring west to the Crane oil field a 60,000 volt line will be constructed, although it will be made to carry 132,000 volts later on.

Each of these sub-stations will be capable of furnishing current to develop 20,000 horse power, and current for the high line will be supplied from the generating plants at Eastland, Wichita Falls, Abilene, Sweetwater, Big Spring and Odessa.

WATCH FOR LINDY'S PLANE

We may be lucky enough to catch a glimpse of Colonel Lindbergh's plane when it passes over Big Spring next Monday morning, enroute from El Paso to Abilene.

It should be due to pass over our city about 8:30 a. m.

Mr. and Mrs. W. J. Gordon left Monday for Fort Worth where they will make their future home.

Mr. and Mrs. Monroe Johnson returned last Friday from a visit in Mineral Wells, Fort Worth and Dallas.

**"NIGHT OF LOVE" AT LYRIC
MONDAY AND TUESDAY**

"The Night of Love," George Fitzmaurice's production for Samuel Goldwyn, which comes to the R and R Lyric Monday and Tuesday, Sept. 26 and 27, tells the story of a gypsy prince who turns outlaw to wreak his vengeance on a heartless duke of a feudal domain who robs him of his bride on his wedding night.

Framed in a seductive and exciting background of old Spain, Vilma Banky and Ronald Colman, the poplar pair, are again co-featured in a thrilling romance of intrigue and adventure.

Montero, in revenge for the theft of his bride, terrorizes the duke's dominion for years and finally swoops down on his hand on the wedding celebration of the duke, where he captures the duke and his bride, Marie, convent-bred niece of the King, who is a pawn in the marriage game. Montero, his revenge about to be completed, takes his prisoners to the outlaws' haunt, an abandoned castle overhanging high cliffs.

He prepares a feast and forces his prisoners to partake of it. The duke, a coward showing his true colors, pleads for his life and willingly offers his bride to Montero. The outlaw brands him with a dagger, insignia of his rule, and returns him to the palace on a donkey.

Marie, rather than surrender to Montero's revenge, jumps from a window, but her shawl catches in a jutting rock and she is saved by Rodrigo, who climbs down to her rescue. He realizes he cannot harm the girl, and after she is fully recovered starts with her for the palace. At a gypsy camp, where they stop to rest, they exchange love vows, but Marie knows she is bound to the duke, her husband, with no hope of release.

The lovers part at the gate to the palace. The Duke is holding a Bacchanalian orgy, but he sees Marie and follows her to the bridal chamber. She locks herself in the room and prays for help from the Virgin. At the confessional, where she goes for consolation, the duke, disguised as a priest, hears her confession and sets a trap for Montero, after throwing Marie in the dungeon.

Montero doesn't fall into the trap but in trying to rescue Marie is captured and condemned to be burned at the stake. The populace gathers as the news of Montero's capture spreads like wildfire. The people love him for his charitable and generous deeds to the poor — and they hate the duke.

Marie, with the aid of one of Montero's men, escapes and goes for prayer at the foot of a draped statue of the Virgin, standing in a cleft in the palace wall opposite the courtyard where Montero is already beginning to feel the heat of the soaring flames. The golden brocade falls from the Virgin around Marie's shoulders as she kneels in prayer, and the light from the fire illumines her face, giving her the Madonna appearance of the Virgin.

Montero sees this effect and in a last effort to save himself and Marie bursts forth in inspiring speech, calling attention to "the miracle" and firing the religious populace to revolt. The peasants attack the duke's soldiers and a wild rioting takes place during which Montero is released from his bonds, and goes in search of Marie, who is still in prayer before the Virgin.

The two are pursued by the duke's soldiers into the palace and in their efforts to escape into the bridal chamber. The duke follows. Montero and the duke fight for the possession of the girl, while she cripes in a corner praying that Montero may win.

The duke throws Montero to the floor and is almost strangling him when the seething, frenzied mob rushes in and in the wild stampede the duke is killed. Marie is now free to join her lover, and they stand clasped in each other's arms, gazing down from a window on the rioting peasants in the courtyard below.

Mr. and Mrs. H. E. Dunning left Saturday for a several weeks visit to points of interest in California.

**CEMETERY ASSOCIATION
DONATIONS THIS WEEK**

The following made donations to the Cemetery Association fund this week: Homer Dunning \$5; J. B. Nall \$5.

J. L. McWhirter left last Thursday night for Fort Worth where he will undergo treatment for a severe attack of rheumatism.

Mr. and Mrs. Clem N. Gause and family of Lubbock spent the past week end in this city visiting Mr. and Mrs. J. R. Parks.

**ST. MARY'S EPISCOPAL
CHURCH NOTICE**

Corporal communion will be held at the Episcopal Church next Sunday morning, Sept. 25 at the 11 o'clock hour. All the members are urged to come and bring their Blue Boxes.

Mrs. B. O. Jones will be hostess to the members of the Ladies Auxiliary of St. Mary's Church, sewing circle, on Monday afternoon at 4 o'clock. A cordial invitation is extended all to come.

**THE STATE OF TEXAS,
County of Howard,**

To the Sheriff or any Constable of Howard County, Texas: Greeting: You are hereby commanded to cause to be published once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county for a period of not less than one year, the following notice: The State of Texas, County of Howard.

To all persons interested in the welfare of the Estate of R. H. Boyce, deceased:

You are hereby notified that Julia Boyce has filed in the county court of Howard County, Texas, an application for Letters of Temporary Administration upon the Estate of R. H. Boyce, Deceased, and on the 31st day of May A. D. 1927, by order of the County Judge of said Howard County, the said Julia Boyce was appointed Temporary Administratrix of the Estate of R. H. Boyce, deceased, and at the next regular term of said court commencing on the first Monday in October, A. D. 1927, same being the 3rd day of October, A. D. 1927, at the courthouse thereof in Big Spring, Texas, at which time all persons interested in the welfare of said estate are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of court, then the same shall become permanent.

Herein fail not, but have you then and there, this writ, with your return thereon showing how you have executed the same. Given under my hand and seal of said Court, at office in Big Spring, Texas, this the 13th day of September, A. D. 1927.

(S) J. I. PRICHARD, Clerk, County Court, Howard County, Texas. 523t

THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County, Greetings:

You are hereby commanded to summon Ruby McIntosh, a Minor, to appear before the County Court of Howard County, to be held in the town of Big Spring at the Court House of said county, on the first Monday in October next, being the 3rd day of October A. D. 1927 to show cause why a Guardian of her estate should not be made and to make a selection of a Guardian for said estate, as the County Judge of said County, will, on said date, appoint a Guardian of the estate of the said Ruby McIntosh, a Minor.

Herein fail not, but of this Writ make due return, as the law directs showing how you have executed the same.

Witness, J. I. Prichard, Clerk of the County Court of Howard County.

Given under my hand and the seal of said Court, at office, this the 14 day of September A. D. 1927.

Clerk of County Court of Howard County, Texas.

Issued this the 14th day of September A. D. 1927.

(S) J. I. PRICHARD, Clerk, County Court of Howard County, Texas. 52-31

**UNIVERSITY GETS TOTAL
ROYALTY OF \$7,000,000**

Austin, Texas. — University of Texas oil royalty fund was boosted to nearly \$7,000,000 with the receiving of more than \$51,000 in royalties from three companies operating on university land in West Texas. A total of approximately \$150,000 has been received in checks by Land Commissioner J. T. Robinson this month in oil royalties for the university.

Oil companies that made payments late Wednesday were: Humble Oil and Refining Company, \$38,415; Texon Oil and Land Company, \$26,131; Pecos Oil Corporation, \$17,359. The total amount for the month will probably exceed \$200,000, Robinson said. In August a record was set when around \$271,000 was received. Since then crude oil has dropped about 25 per cent.

LET US DO YOUR COLLECTING

We have opened a collecting agency in the courthouse where you will find us at all times ready to serve you. We will run a general collection agency and make a specialty of collecting old accounts that you have been unable to get. Give us a trial and let us show you what we can do.

M. W. Harwell and Will Cavnar.

**FORMER RESIDENTS BABY
KILLED IN SAN ANGELO**

San Angelo, Sept. 18. — Jewett Hardy made bond in the sum of \$500 here Saturday afternoon on complaint charging driving a car while intoxicated. His arrest Saturday followed a collision in which Tito Lindsay Elizondo, 18 month old child was killed, and his mother, Mrs. G. E. Elizondo was injured. — Fort Worth Star-Telegram.

Friends of Mr. and Mrs. Elizondo in this city will be grieved to learn of their baby's death. Mr. Elizondo is a member of the popular West Texas orchestra, The Virginians, and a former resident of this city. Mr. Elizondo is the piano player for the Virginians.

Miss Alice Dawes and Willie Dawes left Monday morning for Canyon where they will attend the West Texas State Teachers College this term.

**FIRE DEMONS'
APPALLING HARVEST**

Seventeen thousand innocent lives and five hundred and seventy million dollars worth of property is his annual toll. What have you done to protect yourself and your community against the awful fire demon. Protect your home; your business; your automobile with fire extinguishers. Don't wait, do it now with "Fry-Fyters." Ask your insurance agent. Ask your fire chief what these mean to you. Fry-Fyter First Aid Fire Extinguishers, are approved and labeled by Fire Underwriters' Laboratories. Manufactured by worlds largest manufacturers of First Aid Fire Extinguishers! Let me show you and tell you about them. 49-4f

You attention is called to the fine showing of the State National Bank as per statement in this issue of the Herald.

DENTISTRY AND HEALTH

Those who take time to read the report of the Carnegie Foundation on Dental Education in this country and Canada will find much to arouse interest in the proper care of the teeth. It is the first survey ever made in these countries on the subject. It will be helpful to the profession and to the public because the importance of caring for the teeth is told in a new way and convincingly. It is a complete report, containing 700 pages, is filled with facts, and is well prepared.

The report insists the teeth are more apt to become defective or diseased than any other part of the body. With that is a statement that dental hygiene is a factor in all work done for the protection of health, a factor so important that the public should make a new appraisal of its value. — Fort Worth Star-Telegram.

"PRICE GLORY" AT
L. LYRIC NEXT WEEK

NO "WHAT PRICE GLORY" FOR ATTRACTION

more than three years ago men employed on the New York World decided to elaborate on a play. They Maxwell Anderson, an editorialist, and Lawrence Stallings, an editor, were the authors. Stallings was a captain in the Marines Second Division in France during the war; he had been hospitalized and had been confined to hospitals for nearly two years. Maxwell Anderson had written two successful plays. The result of their plans was a comedy-drama called "Price Glory?" which will be played at the R. and R. Lyric theater Thursday and Friday, Sept. 28, 29 and 30.

"Price Glory?" is a wonderful, stirring entertainment, above all things, very interesting. It has all the spirit of the play with a picture of a stage that no stage could ever possess. It will depict the fiery scenes played by Dolores Delaney, more than adequate heroines that Privates Kiper and supply all the comedy.

Who's the hero? Is it Captain, the hard-boiled Marine who profanity by preference, is drunk at Bar-le-due, leads his men into battle as though he were on a picnic? Or is it the quiet, the rough and blustering, who knows all the tricks in the deck, steals the officer's sweethearts and gets a chance, and takes it as a matter of course? Or is it Melagen plays the first role as it's his best part; while Edmund Lowe plays the "thrift baby" of the second act so cunningly did Lawrence Stallings, one time captain in the Marines himself, and Maxwell Anderson construct the play that will be the stage, the audience will choose its own hero.

NO "WHAT PRICE GLORY" FOR ATTRACTION

Mrs. Olie Cordill and moved into their home in the Strayhorn addition of this week. This place was formerly owned by Mr. and Mrs. J. Gordon who have moved to Worth. Mr. and Mrs. A. J. will occupy the residence at the Cordill's on Johnson.

MASS EVANGELISM UNDER FIRE

Mass evangelism is under fire from the Federal Council of Churches of Christ in America whose official representatives bring in a blanket indictment of too little results at too great expense. The Rev. Charles Goodell has compiled some figures on Billy Sunday's 1917 campaign in New York, which, he says cost \$350,000 and brought in 65,000 "trall hitters" of whom he can trace but a scant 200 in church life in New York today.

To Dr. Goodell's figures, Mr. Sunday himself replies, trenchantly and characteristically, that he brought 'em in. "why didn't you keep 'em?"

There is little reply to the Sunday argument, except that it summarizes an unfortunate aspect of the question not considered in advance. This is whether if less pyrotechnical methods have not succeeded in building up church membership, will the old system suffice to hold those who have been brought to the altar in the enthusiasm engendered by the powerful personality of an evangelist of the Sunday type? Since Billy Sundays are few and far between, the answer is obviously that they will not. Mr. Sunday himself finds his only explanation of the lapse of his trall-hitters in the absence of personality in the regular pulpit holders to whom he has bequeathed them.

More severe is the Federal Council's declaration that professional evangelism is not justified morally; that is to say, that its supposed conversions are obtained by a sort of momentary hypnosis, not by cogency in reasoning nor sincerity in the convert's heart. Certainly Mr. Goodell's figures of 200 survivors out of 65,000 in ten years supplies support for the theory.

It is to be doubted, however, that any amount of opposition or criticism will succeed in dooming the professional evangelist who is, to a certain extent, regardless of his inspiration, his devotion, or his sincerity, a showman, as his brother of the regular pulpit is not, and who, as a showman, attracts crowds that are not lured to the regular tabernacle. —Dallas News.

BIG SPRING CITIZENSHIP INVITED TO ABILENE TO SEE 'LINDY'

Following is a telegram from Mayor Thos. E. Hayden Jr., of Abilene, inviting Big Spring people to visit Abilene, Lindbergh Day: T. E. Jordan, Big Spring, Texas.

May I have the honor of extending an invitation through the columns of your paper to the people of your community to visit Abilene, Lindbergh Day, Sept. 26. We are making plans to give everybody an opportunity to see this exemplary young man and citizen of the United States who will be our guest for two hours, ten to twelve o'clock. Thos. E. Hayden, Jr.

HAVE A CARE OF THE CHILDREN

Chief of Police Lee delivers a timely warning to motorists to have a care of the child in the streets. The city's public schools are resuming their sessions. Thousands of youngsters are about the streets in the morning and in the afternoon, going to and from school. Areas about the various schools are traffic peril points, demanding added precautions on the part of the motorist.

Modern traffic conditions have not eliminated the responsibility of the motorist. The normal person who drives an automobile does not wish to be relieved of this responsibility. There is no consolation in possession of the "right of way" to assuage the remorse of the motorist who by chance runs down a child.

There is but one way for the motorist to make sure that it will not be he who must carry this burden of remorse. That is to drive with especial care in the areas where school children are likely to throng the streets and at the times when the schools are receiving or releasing their crowds of children. The child is not expected to be as wary of traffic dangers as is an adult. The streets can be made safe for them only through the carefulness of the motorists. —Fort Worth Star-Telegram.

This warning to motorists is needed in Big Spring, and, in fact, in every hamlet in the land. It is up to the driver to see that he does not run down a child.

OUR GIFT SHOP IS NOW READY AND YOU WILL BE SURPRISED AT SOME OF THE SMALL INEXPENSIVE IMPORTED THINGS WE HAVE DISPLAYED IN OUR BALCONY. CUNNINGHAM & PHILIPS.

Our idea of nothing to worry about is the danger that this earth will last only another million years or so.

Gertrude Olmsted

Gertrude Olmsted, the "movie" star, who has been seen to the satisfaction of thousands of admirers in countless motion pictures, has been in theatricals practically all her life. During her earlier days she participated in school theatricals, and was preparing to attend a dramatic school when she was induced to enter a beauty contest she won. Later she was offered a contract by a motion picture producer, and her success is known to all.

For Meditation

By LEONARD A. BARRETT

DETACHMENT

RUSKIN wrote, "If you cut one square inch out of any of Turner's skies, you have an insight into the infinite; but if you stand at a distance of an inch from any of Turner's skies, you will find you have only daubs of paint." Daily struggles with a very real world bear the same testimony. Studying problems in a mood of calm detachment has saved many a mistake. When you are impelled to write a letter, your best wisdom tells you not to write; write it anyway, but do not mail it. Separate yourself from the harassing conditions involved. Look at the problem from a distance; and tomorrow you will throw the letter into the waste basket and be the better for it. Frequently a problem seems unsolvable because we are too near it. This nearness makes it impossible for us to study it from an all-around point of view. Acting upon the impulse of the moment many times results disastrously. Problems somehow have a way of suggesting their own solutions.

In these days when we are trying to live 24 hours in 12, it seems necessary that time be taken for one to become acquainted with himself. An inventory of our own sources of strength and weakness may surprise us. He is a wise man who knows his own limitations. If every day we could see our inner selves reflected in a mirror we would learn some important lessons. Moments of detachment spent in becoming acquainted with one's self are never spent in vain.

In a life of seventy years, a man sleeps twenty-three years, works twenty years and plays twenty-seven years. The efficiency of the twenty years of work depends upon the way we spend the other fifty years. If some of this time is given to hours of detachment when we see visions and dream dreams, hours in which ideals are born and ambition kindles the fires of enthusiasm, then we shall have gone a long way toward reaching our goal in life. Mountain tops are not inhabited. We climb them for the benefit of the point of view. So with hours of detachment in a daily life of toil and strain.

(© 1927, by Western Newspaper Union.)

THE YOUNG LADY ACROSS THE WAY

The young lady across the way says her little brother has gone to the hospital to have his tonsils and adenoids removed.

CHERISHING HIGHER IDEALS FOR BIG SPRING COUNTRY

Recently a large crowd met in the open air in the Jones Addition and heard a most interesting address delivered by C. T. Watson, our efficient secretary of the Chamber of Commerce. Mr. Watson was urging and advising his hearers to pull together in their desire to improve our unit. As a result of this meeting and some agitation preceding it, a desire to go forward was created. Our superabundance of high quality water, our farm products, our appreciative and ever increasing population, both in the city and rural districts, our progressive merchants, our annual bank statements, our competent and aggressive city officials, together with our beautiful school buildings but inadequate in number and the high educational advantages offered by our school board and teachers. Our many blocks of paved streets, the new hotels and added to this the large sums being spent by the Texas & Pacific Railway to improve the city, our close by oil wells and well developed oil fields, all these things testify that Big Spring is a city that is putting on her beautiful garments and is determined to keep herself from dust of neglect and from fog of any kind to obscure her vision of a logical chance to be a city with a population of 25,000, within a few years if we accept the challenge.

Jones addition a friendly kinderman of Big Spring and held closely to her West, has a population that wants to be as level headed as the surface of her lots and blocks are level have organized next to unanimous, a campaign for a trash clean up, a tin can pick up, a hurrying build up, and a church and educational prize up, and a Big Spring talk up. The fellow who opposes this Jones addition campaign might run into a high limb hang up.

So here we come; but we will be sure to stay on our side of the road and collide with no one unless it be some would be Mr. Big Spring bust up. Let every son and daughter of Jones addition think hopefully of Big Spring and all the tax owe it pay up, for we are promised that this will finally enable us to grade up, and bring about a light up and cause our real estate to go up and this done we are sure to stay up. Every real grown up must step on the gas and start up.

B. G. Richbourg.

Note: We wish to thank the Rockwell Lumber Co. for the lumber to provide the meeting place for our recent clean up meeting.

Miss Anne Martin who underwent an operation Monday morning is reported to be getting along nicely.

Paint in small cans for any purpose. Cunningham & Phillips.

2791 MAYTAG MACHINES SOLD IN TEXAS SINCE BEGINNING

2791 Maytag washing machines have been sold in Texas since the opening of the first store in the Lone Star State. The branch office at San Angelo leads the list in percentage of sales with an average of 93 per cent. Big Spring is in the San Angelo district and the sales that have been effected in our county have helped to swell the record of this district. Nuel Lyon, district sales manager, wishes to thank the Big Spring people for their patronage and wishes to announce that a shipment of two cars of washing machines will be received in Big Spring this next week. There is a service man at the Nall & Lamar grocery, who will make any repairs necessary on your Maytag machine. You can get service on a Maytag any place in the United States. The local Maytag office is in the Nall & Lamar grocery and when you want a free demonstration or service on your machine phone 236 and ask for the Maytag man.

ATTEND SPECIAL MEETING OF REBEKKAHS THURSDAY

All members of the Rebekkah Lodge are urged to attend a special meeting at the L. O. O. F. hall next Thursday evening, Sept. 29 at 8:00 o'clock. Important business will come up for discussion.

Meetings are held every Thursday evening in the L. O. O. F. hall, and all members are urged to attend the meetings and help in keeping the good work of the order moving along.

Curtis Driver and J. T. Johnson will leave tonight for Dallas where they will enter Southern Methodist University.

No dry hard smoking cigars in our cigar case. Cunningham & Phillips.

James F. Willson underwent an operation for the removal of his tonsils last Thursday. He is getting along nicely.

Big Spring, Texas

WHAT'S DOING IN WEST TEXAS

By
West Texas Chamber Commerce

Texline — Approximately 150 tons of clay are shipped from Texline each week. The quality of the material is remarked upon wherever it is sent. Texline people are hoping to attract a clay products company here for manufacturing purposes.

Perryton — Perryton will serve as host to the first convention held by the newly formed "Trans-Canadian" district of the West Texas Chamber of Commerce. The district embraces a tier of ten counties in the north panhandle region of Texas. Fifty towns of Texas, Oklahoma, Kansas and New Mexico have been invited to send delegates, and at least 300 are expected.

Spearman — Tax-paying voters of Spearman have instructed their city council to invest the sum of \$80,000 in public improvements. This amount will be divided as follows: \$50,000 for a sewer system; \$10,000 for a new city hall; and \$20,000 for paying some city indebtedness.

Abilene — The West Texas Chamber of Commerce is protecting designation of the "Llano Estacado" of northwest Texas and eastern New Mexico as a "very dry and almost woodless plateau" such as was given recently by a national periodical. The organization has compiled figures which show that this area is one of the richest farming sections of the entire nation and is offering widespread refutation of the article.

San Saba — Everything is in readiness for entertainment of delegates from the pecan-belted Hills County District of the West Texas Chamber of Commerce here on September 22. Many prominent speakers are on the program and a special sheep and goat raisers meeting has been arranged to be held in connection with the regular convention.

Paducah — Cottle County will have a two day free fair here Oct. 4 and 5. A series of good will trips covering 23 communities of the trade territory are being made by the chamber of commerce, accompanied by the chamber of commerce band. The fair management is strongly favoring organized community exhibits rather than individual exhibits. The Cottle County Division of the Green Belt Poultry Association will hold their show in connection with the exhibition.

Carlsbad, N. M. — Guests at the Crawford Hotel here are entertained in a new 30-room addition to the hostelry, these rooms being ar-

ranged with new and modern furnishings.

Lockney — Work on the \$30,000 municipal water expansion to industrial Lockney is finished and the water has been turned into the mains. With the present system, the city is enabled to furnish water to the residential consumer at 10 cents per thousand gallons, and to the industrial consumer at 8 cents per thousand, with a minimum charge of one dollar per month.

Winters — The annual meeting of the Winters Chamber of Commerce was held Sept. 19. The gathering was a "home" affair but was outstanding for the reason of a greatly increased outline of activity and educational campaign.

Wichita Falls — Stimulus to the industrial and commercial life of Wichita Falls has been added greatly with the announcement that the world's largest poultry ranch and a large cheese factory are to be established here. M. Johnson of Bowie plans to have a mammoth chicken plant in operation here by January 1, 1928. The Kraft Cheese Company, a national concern, will build a branch factory here that will produce products for national consumption.

Dimmitt — Unprecedented building activities are underway here. Among the work is construction of a new school auditorium, costing more than \$3,000. Several business houses are included in the building program. Work is progressing rapidly on the Fort Worth and Denver terminal here.

Lampasas — Ranchmen have begun fall shearing in this section. The fleece is said to be heavy and the clip unusually fine. The fall clip is expected to be the largest in the history of the county.

Muleshoe — Construction has been started on a 25x80 foot brick and tile business house here. The work is expected to be completed within thirty days.

Hereford — Natural gas is to be piped into Hereford not later than Dec. 1, 1928, according to contract signed with the West Texas gas company. A twenty year franchise was granted to them by the city commission.

Quitaque — A city hall and a jail are to be erected here at a cost of \$4,500. The building will be 20x40 feet, fire proof and of reinforced concrete.

Channing — Mrs. Hubert Bishop has been placed on the staff of the Hartley County News, following resignation of Alvin Daves, who has returned to college for the winter term.

Claude — Contract has been entered into which will give Claude natural gas by November 1. The rate agreed on is 75 cents per thousand cubic feet, less ten per cent if the bill is paid by the tenth of the month, and plus \$1 a month service charge.

Putnam dyes.... Cunningham & Phillips.

MATCHES, CIGARETTES AND CIGARS BLAMED FOR FIRES

Matches, cigars and cigarettes, due to the carelessness and thoughtlessness of their handlers, caused a fire loss in the United States last year of \$37,880,000 alone, a memorandum from the State Fire Insurance Commission at Austin discloses. Other causes of fire are enumerated in an effort to rouse the public to the necessity of reducing fire losses.

Fire Prevention Week will be held over Texas from Oct. 9 to 15. At that time speakers in each town will discuss the enormity of fire losses, both in lives lost and property destroyed. The causes of preventable fires will be discussed at length.

Are You Really Well?

For Good Health There Must Be Proper Kidney Action.

Do you find yourself running down—always tired, nervous and depressed? Are you stiff and achy, subject to nagging backache, drowsy headaches and dizzy spells? Are kidney excretions scanty and burning in passage? Know then that these are often signs of improper kidney action. Sluggish kidneys allow acid poisons to remain in the blood and upset the whole system. If your kidneys are acting sluggishly, assist them with **Doan's Pills**. More than 50,000 users have publicly recommended **Doan's**. Ask your neighbor!

ARRINGTON STORE AT LEES LEASED TO BEN SHAFER

C. H. Arrington who has been conducting a general merchandise business and filling station at Lees for the past four or five years leased his building with his residence and farm to Ben Shafer of the Lees community the past week.

Mr. Shafer also purchased the stock of goods and will conduct the business at the same stand.

Mr. Arrington has leased a 2000 acre ranch near Granbury in Hood County and has shipped his cattle and household goods there. He and his family left last Friday for Granbury to make their future home. His son, E. J. Arrington, who has been in the automobile business at Odessa for the past several months, will be associated with his father in the ranching business at their new home.

MERCHANTS INSTITUTE

A rare opportunity is being brought to the merchants of Big Spring on September 27, 28, 29.

H. W. Stanley, nationally known business advisor will conduct a three day school in Big Spring under the auspices of the Chamber of Commerce.

Mr. Stanley will bring new ideas on merchandising goods, effective methods of advertising, and ideas on meeting competition.

Twelve lectures will be given, one in the forenoon, one in the afternoon and two in the evening.

Each Big Spring merchant should not only attend these lectures but see that his entire sales force attends. Better methods of merchandising means more business.

Hear Mr. Stanley, he is being brought here because he has a message valuable to all wide awake business men.

THREE HUNDRED DOLLARS WORTH OF THE BEST SMOKING PIPES YOU HAVE EVER SEEN... JUST ARRIVED..... CUNNINGHAM & PHILIPS.

B. O. BETHEL RESIGNS AT CITY DRUG STORE; TO BUY COTTON

B. O. Bethel, pharmacist and assistant manager of the City Drug store, last week tendered his resignation which was accepted, and he has entered the cotton business, and will be associated with his brother of Galveston, Texas.

Mr. Bethel was succeeded by H. B. Camp of Dallas as pharmacist at the City Drug Store.

Beautiful new creations in Vanities, Mesh Bags, and Leather Purses—just arrived at Wilke's. Always glad to show you whether you buy or not.

WILKE'S.

JUST TADPOLES

The fellow who must be a big toad in the puddle or won't play is just a common pollywog. The man who occupies his sphere will find it expand as he fills it. It is foolish to swell yourself up, and seek to impress people with your size. They can tell how much wind is under your bloated mental corporation.

"Do you see that important looking fellow fussing about the platform," said a gentleman the other day in a meeting. "If you stuck a pin into him he would burst." There are plenty like that, not big bull paddies, but swelled tadpoles. Fill your job, however small, and you will have the respect of the world, and your own. When the books there will be some great revelations. We shall then find out the names of those who held the ropes that night in Damascus, when Paul of Tarsus was let down in a basket by the wall. Unsung heroes will shine forth with lustre which will challenge the admiration of the world. Be content to "hold the ropes" if you cannot fill the basket. Push behind if you cannot find a place to pull in front. Work if you cannot plan. Follow if you cannot lead. Take your place with the crowd if you cannot climb on the band wagon.—The Battery Man.

PLENTY OF FRESH FLOWERS.

Plenty of gladiolas, the flowers in season, at the Couch Greenhouse and Floral Company. If you just want to order out of town you will have to pay more for them than thru your home florist. 52-41

RECORD TO EL PASO MADE BY HUDSON SUPER SIX

Smashing records for the trip between Dallas and El Paso, a Hudson coach from the Ferguson Motors Company of Dallas made the round trip of 1484 miles in 29 hours and 19 minutes, an average of 50.8 miles per hour, last week.

The car made practically the same time coming back as it did going, cutting off one minute on the return trip. The Hudson broke the previous one-way record of 16 hours and 43 minutes from Dallas to El Paso over a shorter route, 680 miles, by a wide margin. The average in the other run was about forty-two miles an hour, and was made in 1924.—Dallas News.

Gift cards.....Cunningham & Phillips.

Mr. and Mrs. H. B. Camp of Dallas have arrived in Big Spring to make their home. Mr. Camp has accepted a position at the City Drug store.

THEIR NIGHT!----YOUR NIGHT!

He was a bandit. A price was on his head.

Robbed of his love right, revenge filled his gypsy heart. "To take from the man he hated that which had been taken from him" This was his vow.

His great moment came at last!

Eye to eye on her bridal night, he meets that beauty of beauties, the voice of his enemy.

Revenge! Amazed you will be, as you see how he wreaked his vengeance on "The Night of Love," and--

Thrilled from head to toe you will see powerful drama, gorgeous splendor and tense emotion parade before your eyes. Dazzling! Gripping!

Samuel Goldwyn presents
GEORGE FITZMAURICE PRODUCTION
"The NIGHT of LOVE"
 WITH **Ronald Colman** and **Vilma Banky**

R. & R. LYRIC
 Monday-Tuesday
 Sept. 26 and 27

1. **The Theme--LOVE.** Never ending audience appeal... here presented in the glamorous atmosphere of intense romance, adventure, high emotion and dramatic brilliance of a big elementary conflict--the "right of the First Night."
2. **The Stars--Ronald Colman and Vilma Banky.** Superb personalities--Brunette and Blonde--ideal lovers... Popular... Youthful... Vivid, handsome and gifted... with never a failure in their dazzling careers!
3. **The Locale -- ROMANTIC SPAIN.** Where passion runs riot against a vast background of brooding beauty... Flaming desire, dynamic hate, lightning sword play, voluptuous revelry!

NOTES FROM SALEM

Our Sunday school was well attended Sunday, there being sixty present.

Cotton picking is getting in full sway. The recent rains have delayed field work but some of the farmers have broken their feed land.

Bryant Payne who has been visiting in Mason County returned home Friday. He states that boll weevils have practically eaten all of the crops in that section.

Mrs. Lay of Coahoma and Mrs. Alpha Lay spent one evening last week with Mrs. Elmer Lay.

Miss Louise Rogers left Thursday night for Belton where she will enter Baylor College.

Mr. and Mrs. W. H. Gregory and daughter Miriam visited relatives and friends in Mitchell County Sunday.

H. W. Dearing and family spent Sunday with Mr. and Mrs. J. T. Rogers and family at Fairview.

Mr. and Mrs. W. H. Robinson attended the pageant at Coahoma Methodist Church Sunday night. This entertainment was put on by the Big Spring Methodists.

Elmer Hull of Courtney has bought out the crop on Will Robinson's place and he and his family have moved to our community. We are glad to welcome them back to our midst.

We are glad also to have Mr. and Mrs. Webb of Courtney back with us this fall.

Jim Robinson is still suffering from an attack of rheumatism.

Mrs. S. L. Hull is also on the sick list at this writing.

Mrs. Otis Davidson of Courtney is visiting homefolks, Mr. and Mrs. S. L. Hull.

Mr. and Mrs. Allen Rogers of Coahoma attended Sunday school at Salem last Sunday.

Claud Miller transacted business in Coahoma Tuesday.

Mr. and Mrs. Earl Hull and children visited J. L. Collins and family at Coahoma Sunday.

Misses Mattie Buchanan and Leona Hull, and Leon Hull are attending high school at Coahoma this year.

F. D. Rogers is also attending school at Coahoma.

Mr. and Mrs. Bernard Lay of Ross City were visiting homefolks here Saturday evening.

Mr. and Mrs. Ed Conway and Miss Elsie Walker motored to Westbrook after Sunday school to spend the day with homefolks.

Mrs. Mayme Reid and children of Big Spring were among those attending Sunday school here Sunday.

Sam Foster and Mr. King were visitors in Coahoma Monday.

Mr. and Mrs. J. C. Douglass of Big Spring motored out to visit W. C. Rogers Thursday afternoon. Mr. Douglass is the proprietor of the new Douglass Hotel, now under construction.

Mr. and Mrs. Phillips of Coahoma visited homefolks, Mr. and Mrs. S. D. Buchanan Sunday.

Rev. J. M. Cochran, pastor of the Methodist Church in Coahoma, passed thru Salem Sunday enroute to Center Point to fill his regular Sunday appointment. Reporter

DALLAS OCT. 8 - 23, 1927

CHILDREN TO HAVE TWO GREAT DAYS FREE AT THE TEXAS STATE FAIR

State Fair Directors are urging every parent to bring the children to the Fair this year. There are two free days, Dallas Day, Oct. 11, and Children's Day, Oct. 14. There is a world of amusement for the youngsters and parents can enjoy themselves too in taking the children about and entering into the spirit of fun with them. There are free shows and entertainments galore, together with all the carnival shows, the rides of every description, all of which the youngsters enjoy to the fullest. There will be music, day and night fireworks, parades on Dallas Day, funny clowns and many burlesque stunts, plenty of pure food to eat and oceans of delicious drinks. There will be pop corn, peanuts, ice cream, hamburgers, hot dogs, lemonade and everything that one can think of to help the youngsters and those who come with them have the time of their lives.

"Come to the State Fair this year with all the family," is the invitation sent out by the directors.

First Annual Live-stock Judging Contest for Boys' and Girls' Club Members at Texas State Fair

The State Fair of Texas has just announced its first annual livestock judging contest, for Boys and Girls' Club members, another of the fifty new features added to the 1927 exhibition.

"In Texas there are several thousand boys and girls on our farms who are receiving training in livestock judging under the supervision of the extension department of the Texas A. & M. College," says A. L. Ward, one of the superintendents in the live stock department. "This training is only one of the angles of the work that is being carried on to prepare the coming generation to become more efficient farmers, stockmen and housewives."

"The directors of the State Fair are encouraging this great work by the contest now announced. The contest will be more than state-wide for both Oklahoma and Louisiana boys and girls live stock judging teams have been asked to compete for the championship of the South, and both states have accepted."

"G. L. Burleson, club leader of Louisiana, will head his team. Their coming is deserving of great admiration, for months the Louisiana College faculty and students and the club boys on the farms have been working hard in rescue and relief work, because of the devastating floods which swept that state. Oklahoma will be led by Paul Adams and Sterling Evans will command our Texas boys and girls."

A marble-shooting tournament for boys will be one of the novel innovations at the Texas State Fair this fall. What boy is our local champion? He should enter this contest—and win it!

MEXICANS CELEBRATE FRIDAY, SEPTEMBER 16

The Mexicans of Big Spring had a big time last Friday celebrating the Mexican National Holiday, September 16, which corresponds to our Fourth of July. The American flag and Mexican flag were in evidence in the decorations. The day's festivities ended with a big dance Friday night.

FRANK SEGELL, FULLBACK AT WESLEY, STARS IN OPENER

Frank Segell, son of Mr. and Mrs. M. Segell of this city who is attending Wesley College at Greenville was the outstanding player in the initial game of the 1927 football season at Wesley College last Thursday afternoon. The Wesley College Panthers met the Meeks All Stars and found them easy picking. Following is what they had to say of Segell's playing:

"For the Panthers, the playing of Segell was outstanding. He tore through the All Star line on many occasions for good gains and played a great defensive game. Segell scored the first touch down for the Panthers when he broke around the right end and raced 28 yards for the counter. Segell made two touch downs in this game."

Football fans will read with interest of Segell's success. He was a popular member and a stellar player on the Steer team the past season and was especially noted for his speed in the game.

Lloyd Wasson and Ike Knäus, two other Big Spring boys, were scheduled to play in the initial game at Wesley, but were kept out of the game on account of injuries. These boys are receiving football training from Coach Joe Ward, formerly of the Big Spring High School.

Big Spring is going to enjoy quite a bit of prosperity the next few months. In fact times ought to be one hundred per cent better than they have any time during the past year.

ICE CREAM SUPPER AT PANTHER DRAW SCHOOL

The members of Parent-Teacher Association of the Panther Draw school will give an ice cream supper at the school house on Saturday night, Sept. 24. Everybody is cordially invited to come with a full pocket book and eat lots of ice cream and cake. The proceeds from the ice cream supper will go to help buy playground equipment for the school.

Everyone is most cordially invited to attend.

Mrs. Edwin A. Kelley who has spent the past four months with her sister, Miss Lucile G. Coleman at Warrensburg, Mo., returned home Tuesday night on the Sunshine Special.

Two universal questions: How do they make as much as they spend? And what to do with the old used cars?—El Paso Herald.

Doctor your chickens now. Don't let them die. Cunningham and Phillips.

Mrs. J. O. Tamsitt has returned home from an extended visit with relatives and friends in Los Angeles, Calif. Her daughter, Mrs. Aubrey Kent and son accompanied her to this city for a visit.

Mr. and Mrs. Manly Cook and baby are expected to arrive Sunday from Fort Worth to make their home in this city. Mr. Cook has accepted a position at the Burton-Lingo Lumber Company.

PERMANENT WAVING TOR AT VOGUE

Miss Mickey Brown arrived last week and is a position at the Vogue Shoppe in this city. She was formerly an instructor at Fort Worth and is in the art of permanent waves. She has also had experience in lines of beauty culture.

PRETTY BRIDGE AFFAIR LAST FRIDAY AFTERNOON

Mrs. W. V. Montin most delightfully entertained friends at bridge last Friday afternoon at her home on Hannels street, having as guests four tables of players. The tables were arranged in an attractive setting and were daintily appointed for the bridge play. In the interesting card games high score honor was won by Mrs. Chas. Dublin who received a pretty door stop; Mrs. Ralph Sherman was favored with a deck of cards for making second high and Mrs. H. D. Hilliard received consolation prize which was a bridge novelty.

Dainty luncheon covers were spread at the tea hour and an attractive refreshment plate holding ice cream molded as rosebuds, cake and punch was passed. Dainty baskets holding mints were party favors. The guest list to this delightful affair included: Mesdames W. W. Inkman, Shine Phillips, R. T. Piner, F. H. Stedman, H. D. Hilliard, De Armand, Sherman, Baxley, Harris, Strain, Dublin, Fahrenkamp, Bean, Biles, Lib Coffee and Vance.

MISS DORIS BARLEY AND F. D. WYATT ARE MARRIED

The wedding ceremony which united in marriage Miss Doris Barley and F. D. Wyatt was performed by Rev. G. O. Summers, pastor of East Third Street Baptist Church of Big Spring, at Otischalk, Texas, at 4:30 o'clock last Friday afternoon, Sept. 16. Attendants of the contracting parties were: Miss Orty Bearden and A. J. Henley.

The bride is the daughter of Mr. and Mrs. J. M. Barley and has many friends in Big Spring who wish her much success and happiness. She has grown to young womanhood in this city and has received her education in the Big Spring schools, having been a member of the Freshman class the past year.

The groom is recommended to us as a substantial young man. He is an employe of the Marland Oil Co. in this city, having formerly been with the Carter Oil Co. at Seminole, Oklahoma.

Congratulations and best wishes are extended the happy couple. They will make their home in Big Spring.

FORMER BIG SPRING BOY MARRIES DALLAS GIRL

The marriage of Roy P. Jones of Kansas City, Mo., son of Mr. and Mrs. Theo Jones of Dallas, but formerly of this city and Miss Catherine Quinn, 4407 Munger Place, Dallas, was held at 8 o'clock Monday evening, Sept. 19 at the Munger Place Methodist Church in Dallas. Following a wedding trip Mr. and Mrs. Jones will be at home in Kansas City, Mo.

Roy is a former Big Spring resident having spent his boyhood days in Big Spring and received his education in the Big Spring schools. His friends in this city extend sincerest best wishes and congratulations.

JUNIOR HIGH P. T. A. MET TUESDAY AFTERNOON

A get together, get acquainted meeting of the Junior High Parent-Teacher Association was held at the Junior High School on Tuesday afternoon and was well attended by both teachers and mothers. Plans for the year and organization were started with Mrs. Ira Driver, president, presiding. Mrs. Driver urged all parents to join the Junior High P. T. A. and to send in the dues at once.

Mrs. Paulson and Mrs. C. T. Watson attended this meeting of the P. T. A. and they discussed getting a Red Cross nurse for the schools. Obtaining a nurse has been under discussion for sometime and action on same will be taken at once. It will be a most worthwhile thing for every individual as well as an asset to the community for us to have a nurse for the schools.

SENIOR CLASS ORGANIZED AND OFFICERS ELECTED

The members of the senior class of the Big Spring High School met and organized on last Friday afternoon. Misses Clara Cox and Clara Pool were named sponsors of the class and the following officers were elected: president, Theo Ferguson; vice president, Harold Yarborough; secretary-treasurer, Lucille Rogers; ring committee, Howard Smith, Lucille Rogers; Class Editor of El Rodeo, Virginia Whitney.

Pep held full sway throughout this meeting and even though this year's senior class may not be the most dignified in its history they seem to be the most wide awake bunch and this has been their record since entering the high school. The spirit of the class of '28 will be shown in the annual work on same to be started next week.

The class roll is as follows: Katherine Bettle, Fannie Buchanan, Frances Crawford, Irma Lee Gary, Blanche Griffin, Mamie Hair, Margaret Hewitt, Lola Lawley, Reba Leach, Amada Montgomery, Dorothy Oxshier, Wilrena Richbourg, Lucille Rogers, Allie Lena Sullivan, Winona Taylor, Lucille True, Adele Thomas, Eva Walker, Virginia Whitney, Marguerite Wood, Mabel Eddy, and Albert Bettle, Louis Biles, Weldon Burns, Archie Clayton, Carlton Davis, Theo Ferguson, Aaron Gensberg, Herman Gensberg, Hiram Glover, James Hatch, Perry Johnson, Joe Pickle, Hugh Willis Potter, Lee Roy Rhodes, Charles Read, Frank Robertson, Paul Rix, Howard Smith, R. Lee Summers, Forrest Thorp, James Tripp, Cornell Smith, Harold Yarborough and Malcolm Patterson.

CENTRAL WARD P. T. A. HAS CALLED MEETING

A splendid attendance marked the called meeting of the Central Ward Parent-Teacher Association held last Thursday afternoon at the Central school. The purpose of the meeting was a get together for parents and new teachers. The principal of the school, C. T. Hollabaugh, addressed the parents after which interesting papers were read by Mrs. Chas. Dublin and Mrs. Della Agnell. Claude Wingo, minister of the First Christian Church, made a fine talk on "Cooperation."

During the business meeting it was decided that a membership campaign would be started. All parents who have pupils attending Central ward are urged to join the P. T. A.

The next regular meeting of the P. T. A. will be held the second Thursday in October. All old and new members are invited and urged to attend.

DELPHIAN CHAPTER HOLDS INITIAL MEETING SATURDAY

The initial fall meeting of the Delphian chapter was held in the parlors of the First Methodist Church last Saturday afternoon. The club adjourned its regular meeting during the summer months but has started the fall with renewed interest and enthusiasm in the study for the year.

Mrs. Homer Markham was leader on Saturday afternoon and the subject was "English Poetry." This proved to be an interesting discussion.

The next regular meeting of the Delphian chapter will be held on Saturday, Oct. 1, in the parlor of the Methodist Church.

A big force of workmen are busy on the Douglass Hotel site making preparations to complete the foundation for the modern 100 room hotel which is to be erected. This building is going to be one our citizens can well be proud of.

Quite a number of army trucks passed thru Big Spring the latter part of last week enroute from Fort Sill, Okla. to Marfa, Texas, where army maneuvers are being held. Quite a bit of field artillery was on the trucks which passed thru here.

Miss Lois Clingan and mother left Monday for a several weeks visit with friends and relatives in Los Angeles, California.

LUNCHEON CLUB SECURES REPORTS

The regular meeting of the Wednesday Luncheon Club appeared to be small in attendance this week, following the big meeting last week, but the session was enjoyed nevertheless.

Dr. Baxley was in charge and called on various members for important reports.

C. T. Watson made a report on his stay at the School for Executive and Commercial Secretaries at Evanston, Ill., conducted by Northwestern University and this report proved an especially interesting one.

W. V. Montin who recently returned from a meeting of the International City Managers Convention at Des Moines, Iowa, had some interesting things to tell the members of the club.

H. L. Rix told of the recent convention in Big Spring held for the purpose of hard surfacing Highway No. 9 from Textile to San Antonio.

Mr. Watson announced that the annual district Conference of the Methodist Church would be held in Big Spring next month and he urged every member to cooperate with the members of the Methodist Church in adding in supplying accommodation for the visiting ministers.

ATTENTION! FARMERS!

Many of the farmers are unaware that the law requires all trucks to be equipped with a mirror on the windshield so that the driver may see vehicles approaching from the rear. Trucks make so much noise that the driver is unable to hear approaching vehicles and the object of requiring a mirror on trucks is to prevent accidents.

We are informed that this law is going to be enforced and this notice is given in the nature of a warning. If you do not have a mirror on your truck equip it with one before you drive it again and save yourself some trouble.

BUYS TWO CARLOADS MULES

Jack Thorpe last week bought of John Shafer who lives twenty miles south of Big Spring two carloads of fine work mules. Mr. Thorpe shipped the mules to South Texas.

ANOTHER RAIN VISITS SECTION

Another rain visit visited the greater portion of Howard County last Friday night and the rain came just right to assure the greatest benefit. The rain drops came down gently and all the moisture soaked into the ground. While crops were not particularly needing rain, the pastures certainly did and this rain was sufficient in most instances to start grass coming for winter pasturage. The rainfall was .81 inches according to the government rain gauge in this city. But like most every rain we have had this year it seemed to be generous in the sections where it was needed least. South of here where the rainfall has been next to nothing all year, very little moisture was in evidence. Again Sunday afternoon showery weather was in evidence and we had more than a quarter inch fall in this immediate vicinity.

The rain proved quite an encouragement to worms in the cotton fields and called for more work in the way of carrying on poisoning operations.

BUILDING PERMITS

Building permits amounting to \$9900 were issued this week to the following firms or individuals:

V. W. Latson building in Hathcock addition amounting to \$3000.
C. E. Talbot residence in Gray and Strippling addition \$3200.
J. Z. Green, addition on block 8 lot 9, Boydston addition, \$200.

W. R. Prensler, gasoline, storage and warehouse amounting to \$5000

ANOTHER WHOLESALE OIL & GASOLINE CO. LOCATES HERE

The Texas & Pacific Coal and Gas Company is establishing a wholesale gasoline and oil station on the Texas & Pacific spur track at Bell street, and has completed arrangements to supply a number of filling stations in this city with gasoline.

G. H. Byrn is here to make all necessary arrangements as to the making of contracts with filling stations as to supplying gasoline and other Texas & Pacific Coal and Oil Co. products.

COUNTY FAIR TO BE HELD

Premiums for the best community exhibits as well as for the best individual exhibits will be awarded at the Howard County Fair to be held in Big Spring Friday and Saturday, September 30 and October 1. The Fair will be held in the new Collins business block on East Second Street. A poultry exhibit will be arranged in connection with the agricultural exhibit. Those who plan to enter farm, garden or orchard products are requested to bring these products in Friday so they can be arranged and classified.

Everybody in the county is cordially invited to attend the Fair. There is to be no charge for admission.

A full list of premiums appears below:

All classes are open to any person living in the Big Spring trade territory.

Poultry and agricultural products should be brought in Friday, September 30 in order that they be in place Saturday morning.

All canned goods should be labeled with name of exhibitor on bottom of jar.

Exhibits will be judged Saturday and must remain in place until five o'clock.

Community premiums will be awarded on the highest total scores based on the following points: Blue ribbon, 50 points; Red ribbon, 35 points; white ribbon, 25 points.

Bring all exhibits to the Dr. Collins brick building on E. Second Street.

COMMUNITY SCORE CARD

Corn or Grain Sorghums —

The Big Spring Herald

BY T. E. JORDAN
\$2.50 A YEAR OUTSIDE COUNTY
\$1.00 A YEAR IN COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, Sept. 16, 1927.

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

Our city can only go so far. The citizenship must then carry on.

Discipline in the home will do more than all laws, to lessen crime.

As long as our city moves forward at a sure and steady gait we have every reason to be satisfied.

Big Spring has been on the verge of a boom several times in recent years, and it was well for us the boom failed to materialize.

We are responsible for some of the criminals in our land when we see young fellows taking the wrong path and do nothing to change their course.

The Gray and Wentz Motor Co. received a carload of Oakland and Pontiac automobiles last Friday. An Oakland sedan and coupe and a Pontiac sedan and a Pontiac coupe were included in this shipment.

There is not much incentive for wildcaters to play the game with the oil industry on the blink. When over production is a thing of the past the search for new oil fields will again be in order. It takes the wildcat oil development to get money in circulation.

If showery weather continues in this section, cotton growers are going to be compelled to continue to poison to control the leaf and boll worms. The worms are said to be more than plentiful and there can be no let up in the fight to save the cotton crop.

Now that we are soon to have ample hotel facilities we can begin to brag on our winter climate and persuade those in the northern climes to spend the winter with us. El Paso and San Antonio are able to attract thousands of folks from the north to spend the winter season in their hotels and homes.

A good highway saves those who use it more than it cost in the way of gasoline and other taxes. Wear and tear on vehicles because of bad roads is one of the heaviest taxes you can levy. You pay for bad roads while good roads pay their way.

A war on rats is the next big job in Big Spring and Howard County. The rats are numerous in the business section and are going to destroy thousands of dollars worth of feed on the farm if they are not disturbed. A scourge of rats seem to have hit many portions of our state.

A movement has been launched by the Chamber of Commerce at El Paso and joined in by all towns and cities along the route to give West Texas additional express service by the T. & P. Sunshine Special, numbers 1 and 2. One train a day, as far as express is concerned, is now the rule.

If you can tell us how long before Pecos and Crockett Counties and a few other counties in West Texas are to hold a threat of over production and keep the oil industry unsettled we can tell you when oil development is going to pick up in Howard County. We have a waiting game to face for a number of months to come.

Vernon Phillips of Sterling City visited friends in this city Sunday.

Shine says he now has a Coolidge automobile since the darn thing does not choose to run now, much less in 1928.

Several more big building projects are on tap but we are not authorized to give out advance information.

As the average Big Spring man grows old he often reflects that his greatest happiness came to him through sensible women instead of pretty ones. But there is no telling it to his son.

If it is left up to the citizenship of Big Spring and Howard County—and especially to those who are compelled to make it over the railroad crossing on Gregg street—the verdict will be unanimous for the erection of a viaduct at the earliest possible date. We are flirting with death every day we postpone action.

Big Spring folks seem to lack initiative, or are too conservative to invest in needed industries and institutions for our town. They hope outsiders can be persuaded to bring money here to invest in buildings and establishments which will add to the growth and prosperity of this community.

If Corpus Christi is to profit from being a deep water port she must secure tonnage for the ships. Her best bet is a direct rail line north, thru West Texas. The cotton, maize, wheat, oil and perhaps potash, and livestock of West Texas and the Plains and Panhandle will naturally seek the nearest port and incoming freight will come from the Gulf.

We note Denver has granted a franchise to a corporation which will pipe gas to that city. Big Spring has had two opportunities to secure gas for domestic and commercial use and so far the city officials have taken no action in the matter. It may come a time when we are unable to persuade a reliable company to pipe gas to Big Spring.

If you doubt for a minute we need that viaduct across the ten railroad tracks on Gregg street just make it a point to visit that spot some morning when school children are going to and from school. Just now business on the railroad is not as rushing as it will be during the coming months, but a visit to the crossing will convince you the viaduct is a necessity.

At the good roads meeting in Big Spring last week several advanced the theory that eventually the counties that had voted bond issues to build portions of a State Highway or National Highway would be reimbursed to the extent of such expenditure. This seems reasonable when you stop to consider that these highways are an asset to every county in the state and every county should pay a portion of the expense. It was argued that since the State and National Highway departments are working to secure a connected system of hard surface highways and it is necessary that they take these roads over completely if they were of uniform construction and maintenance.

"Dad" Hefley was here Sunday from Sterling City visiting friends.

Dull Headache and Sluggish Feeling

"We are a healthy family and haven't had to use much medicine," says Mr. J. H. Adams, of Bishop, Ga. "But I have found it necessary to take some medicine.

"I had headaches. My head felt dull, and like I couldn't hold it up.

"I had a bad taste in my mouth; felt sluggish and tired.

"I brought home some Black-Draught and took a few doses, and I got good results. I felt so much better. My head cleared up. I was hungry and wanted to get out and work.

"Black-Draught has proved satisfactory and we have used it ever since."

Thousands of other families have had equally satisfactory experiences.

Sold everywhere in 25 cent and \$1 packages.

MERCHANTS INSTITUTE

A Merchants Institute will be conducted in Big Spring September 27, 28 and 29, under the direction of W. H. Stanley of the El Paso Chamber of Commerce. Every business man in Big Spring should be interested, and should arrange to attend every day of this institute. All phases of merchandising will be considered and everything pertaining to your business and methods to insure success will be discussed.

This is a wonderful opportunity to secure helpful information and wide awake business men will not fail to attend.

CARD OF THANKS

For many loving deeds of kindness and sympathy extended us during the illness and death of our loved one, W. M. Miller, we wish to extend our heartfelt thanks to our kind neighbors and friends. We pray God's richest blessings on you all.

Mrs. W. M. Miller and family.

POOR BLOOD CAUSES OLD AGE

Impurities seeping into the blood fluid from bad or excess food in the digestive tract are the real cause of "old age," according to Dr. Leonard Williams, British physician, in Popular Science Monthly. They adulterate the "Plasma"—the watery yellowish fluid in which the blood's red and white corpuscles float—and hinder its waste-removing duties, he says.

Light eating, short fasts and attention to food quality will help postpone old age. Dr. Williams asserts.

Building permits were issued this week to G. R. Edens for an addition to his residence at 510 Lancaster street, and to James P. Davis for an addition to his residence at 1301 Scurry street.

PARENT-TEACHER ASS'N. ORGANIZED AT LUCIEN W.

A Parent-Teacher Association was organized at the Lucien Wells school last Friday, and Mrs. Marian Edwards was elected president and Mrs. C. E. Anderson secretary treasurer. The Lucien Wells school has opened this term with a good enrollment. Mrs. Swindle and Miss Mary Lou Cushing are the teachers. The P. T. A. expects to do big things for the school this year.

A meeting of the P. T. A. will be held the third Friday in each month and the meetings will be held in the evening. Marian Edwards has been slated to make the principal speech on the program at the next regular meeting, which will be held the third Friday in October.

Jack Hodges left Sunday evening for Dallas where he will attend Southern Methodist University this term.

Don't Be Embarrassed By Skin Diseases

Use Blue Star Soap to clean the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Amazing Performance!

for Economical Transportation

The COACH \$595

-an outstanding feature of the most Amazing Quality in Chevrolet History

Come in—and learn for yourself the thrill of Chevrolet performance. Take the wheel of your favorite model and go wherever you like. Drive through the crowded traffic of city streets—and note the handling ease. Step on the gas on the open road and enjoy the swift sweep of the passing miles. Head for the steepest hill you know—and see how effortlessly the Chevrolet motor will carry you up. Note the balance on turns and curves

—the amazing surety with which the car hugs the road.
Here is performance you never thought possible except in cars of much higher price—
—performance that comes from modern design, from endless testing and years of consistent improvement—
—performance that only Chevrolet provides at prices so impressively low!

The valve-in-head motor is the basic factor in Chevrolet's exceptional performance.

Chevrolet's extraordinary riding comfort is due to long, semi-elliptic springs.

A modern, three-speed transmission assures easy control in traffic, with reserve power for every condition.

A semi-reversible steering gear, specially designed for balloon tires, assures easy steering control.

A sturdy single-plate, dry-disc clutch contributes to Chevrolet's remarkable smoothness of operation.

Oversteering brakes assure perfect braking control under all conditions.

Big Spring, Texas

QUALITY AT LOW COST

FACTS AND FANCIES

While Big Spring folk are building new residences, business buildings, and talking of more paving in the not distant future, why not consider the question of putting down more concrete sidewalks. Just take a walk on any of our "county-named" streets after dark some evening, and you'll wish that you had more accident insurance before you finally wend you way back home. With the exception of Scurry street out to Seventh and Main out to Sixth street, Big Spring is virtually without any concrete sidewalks whatever. Just visit some of our neighboring towns—Colorado, for instance, and the most casual observer will not the miles of concrete sidewalks in comparison with our own very few blocks. Let's inaugurate a "better sidewalk" campaign. Who'll be the first to put down a walk along his property line?

Since the various schools in our city are now running in full force, with probably the largest enrollment in their history—let us, and when we say "us" we mean YOU, consider the safety of these promising young souls, the future citizens of this great commonwealth. This suggestion is meant especially for autoists. In driving near a school campus the speed limit for that particular place should be strictly adhered to—keep your eyes open for any lot who might venture off the school grounds—and especially should we be careful at lunch time and before and after school when the children are enroute to school or on their return to their respective homes. Most autoists have caught the "get rich quick" habit, and seem to give very little consideration to the "other fellow's" rights—and taking statistics for our authority—the largest number of accidents and deaths from automobiles is attributed to this one habit. Let's be more considerate of our fellowman, and especially is it very essential to keep a close "watch out" for the school kiddies.

Have you ever noticed while standing upon the street corner watching humanity and automobiles go by, how many there are who disregard the stop signals? If you haven't just make it a point to do so your next leisure hour. In our observation of this, seeming negligence on the part of auto drivers, we are sorry to say that most of these drivers are ladies. We believe these stop signals have worked wonders so far in eliminating accidents on our streets, and they should be strictly obeyed. We have the highest regard for the ladies but believe in "safety first" before personal privileges. Stop at the "Stop Signals"—"be sure you are right, then go ahead."

STEERS WILL PLAY ALL-STAR TEAM MONDAY AFTERNOON

Football stars of former days have consented to join the ranks again and play a matched game on Monday afternoon, Sept. 26 against the Big Spring Steers, local high school football team. The game will be called at 4 o'clock and will be played in the city ball park.

The Steers are in fine shape to meet the All-stars with eight letter men on the team and many other valuable players with one or two years experience in the game. The Steers have been showing some good stuff during practice and they stand an excellent chance to win the victory. Captain Harold Yarborough has high hopes for his team mates and they are in to fight it out to a finish.

The all-star team has a really all star line up with old favorites such as Alfred Collins, Monroe Johnson, Athal Porter, Lee Porter, Buell Cardwell, Hubert Rutherford, Shorty Madison, and others to play the game. They have been practicing this week and all of the old tricks have come back to them and they are in trim to tramp the Steers. It will be a real battle and all fans are invited to come out to witness it. The game was scheduled for

Friday afternoon, but since the Fort Worth Cats were here to play baseball the game was postponed until Monday. You'll want to see it so be at the ball park at 4 o'clock Monday afternoon. This is the first football game of the season.

Mrs. E. H. Happel and daughter, Margaret, and Mrs. Mildred Jones left Wednesday morning for Austin, where Margaret will enter State University.

Mrs. J. Fred Phillips is in Marlin where she will undergo medical examination in the clinic and also take mineral baths. She will be absent from the city about four weeks and plans to visit relatives and friends in Fort Worth before returning home.

Mr. and Mrs. A. M. Fisher and sons, Albert Jr. and Edward, returned Sunday night from St. Louis, where they had been to attend the wedding of Mrs. Fisher's sister.

THE GOVERNOR PUTS HIS FOOT IN IT

Governor Moody finds it difficult at times, it seems, to forget that he is no longer the prosecuting attorney of Travis and Williamson Counties, or the crusading attorney general, or the candidate on the stump hurling his charges at the Ferguson administration. Every now and then he apparently lapses into one of his former roles and forgets for the moment that he is the Governor of the great State of Texas. Some statement or some casual remark will betray the attitude of the prosecutor more than the attitude one naturally expects to be reflected by one who occupies the high office of Governor.

The latest instance is the Governor's cancellation of his engagement to speak at the county fair at Athens because he learned, after having accepted it, that his ancient foe, Jim Ferguson, had been invited also. In a statement that fairly bristled, he explained that he would no more "think of speaking from the same platform as Jim Ferguson than I would with some other man I have prosecuted." Such a statement won't bother Jim Ferguson and he will make capital of it. Already he has advised the people of Athens that if his appearance will embarrass the success of their fair they have his permission to cancel it. A county fair, his answer states, is of more importance than any individual and certainly more important than the political aspirations of an individual. But the statement will harm the Governor. To the people of Athens, who presumably invited both the Governor and Jim Ferguson because they wanted to hear them speak, it will be received as a slap in the face. In effect it will be telling them they haven't the right to invite whom they please, and in East Texas where Ferguson has always been popular its effect will be to increase his popularity and diminish that of the Governor. It appears unwarranted

on his face and from a political standpoint at least it is a tactical blunder.

Such a statement might have been received as an amusing sally during the heat of the campaign, but the Governor should remember that the campaign has ended. Campaign politics should have been left outside when he entered the executive office.—Fort Worth Star-Telegram.

Dr. J. I. and Martha Lou Bair, chiropractors of Houston, enroute to Roswell, N. M., where they will spend their vacation, visited Dr. Ora E. Estes in this city Tuesday. They were quite favorably impressed with our thriving city.

We buy your poultry all the time. The White House.

A. L. Wasson left Sunday night on a business trip to Fort Worth and Dallas.

THE WHY OF SUPERSTITIONS

By H. IRVING KING

OPALS

THE superstition with regard to the opal—that it is an unlucky gem—appears to be of northern origin. In the East the opal has always been regarded as rather a lucky stone. But in Norse mythology we find the probable genesis of the superstition common among English-speaking people today. In the "Edda," that famous collection of Scandinavian mythology, it is stated that Volour, the Scandinavian vulcan, fashioned out of the eyes of children a gem called yarkstein in which was, apparently, the opal. And it was a common belief in the Middle ages that by looking into the pupil of the eye the figure of a boy or a girl could be seen.

This early connection between the eye and the opal persisted down to the time of Queen Elizabeth and doubtless owed something to the physical resemblance between the white of the eye and a very "milky" opal. In Elizabeth's reign Doctor Batman writes, "The optallus (opal) keepeth and saveth the eye of him that bear it and dimmeth other men's eyes so that it in a manner maketh them blind, so that they may not see what is done before them, so that it is said to be the patron of thieves." This is clearly a variant of the evil eye superstition, the opal being the eye; and taken in connection with the gruesome custom of Volour recorded in the Edda sufficiently explains the inherited, intuitive distrust with which the superstitions regard the opal today. (© by McClure Newspaper Syndicate.)

Do You Know

...??... That: ...??...

THE expression "Sour Grapes" had its origin from Aesop's fable of the fox and the grapes. A fox stole into a vineyard where he saw some lovely grapes growing upon a high trellis. He made many a spring after the tempting prize, but all in vain. Leaving in despair he muttered to himself, "Well, it does not matter. Those grapes are sour."

"Sour grapes" has now come to mean something really wanted, although pretended to be undesirable, because impossible to get.—Anna B. Turnquist. (© 1927, by Western Newspaper Union.)

How It Started

By JEAN NEWTON

THE STAGE

THINKING back for the origin of any theatrical performance, our minds naturally revert first to Shakespeare and his Globe theater. Some of us would go back a little farther, and many of us would choose Moliere—the plays he wrote and staged, often in the open, for the mad Louis, and then, in his own theater, where, for a while, he was the rage of France.

But these were only steps in the evolution of the theater and the play. For the origin of all dramatic representation, we must go back to the days of idol worship when many gods were thought to rule the destinies of man.

Two brothers, Danaus and Aegyptus, sons of Belus, shared the throne of Egypt. After a particularly heated quarrel, Danaus, with his followers, set sail in search of a new land where he could rule alone. They landed near the Greek city of Argos, of which he shortly became king.

Here, to celebrate his good fortune, he instituted festivals in honor of the god Bacchus, who was supposed to have helped make his undertaking successful. These festivals consisted of nothing more than riotous revelry, interspersed with songs, which, after the manner of the day, were primitive and often coarse.

But the festivals soon became very popular and were held periodically all over Greece. From this beginning, in the form of a kind of public worship, which was the first entertainment or performance known, evolved the theatrical projects of later ages which developed into the institution of the theater as we know it today. Oil News From Other WT Fields

Reeves County Oil News

Drilling for the Delaware sand, the World Oil Company's Duff No. 1, is drilling below 4115 feet and will continue to the sand called for in the contract.

They are drilling in a dry hole, having cleaned out the water and oil which they had found when the show was discovered several weeks ago. The casing was pulled and reset, with the hole completely cleaned.

Several guesses have been made as to where they will strike the Delaware sand, ranging from fifty to several hundred feet further down, but one guess is as good as another, and from the results of previous wells, this sand will show some oil, the quantity being the great question in this area north of Pecos.

The King-Wood well in Loving County, which decided to drill as deep as possible as long as the hole was in good condition, are now below 4600 feet making good progress according to last reports. This depth will give valuable information to this field.

The Exploration Company's well nine miles northwest of Pecos is shut down waiting for fifteen inch pipe to run to the bottom of the hole, which is 200 feet. This company spudded in several months ago, and when the crude cut came, shut down to wait on more profitable opportunities, and then began operations two weeks ago. This location is in a territory which has never been tested, and will bear watching when it gets deep.

The Earl W. Brooks well No. 1 Eddings has set their ten inch casing at 1180 feet, and are now drilling below 1221 feet in lime. They have made good progress under the supervision of Bill Little, drilling contractor, and now expect to make fast headway, barring accidents.

The Flores-Kingston well of the Humble Oil and Refining Company, in Jeff-Davis County just across the line, is now drilling at 525 feet, making new hole in good time after having more trouble than any well has a right to expect. It is believed that the cravice and heaving sand formation is now passed, and good time can be made making new hole. They have had to straighten out the hole several times and skid the rig to a new location after spending weeks on the first site.

In the Pecos County field, the Gulf Company brought in one of the largest wells this week, their well coming in at the rate of 750 barrels an hour from a total depth of 980 feet, with the location on the east side of the Pecos river in a territory not expected to produce much. This

well is an offset to the Allman-Bell well, a small producer in the river bed area.

This well with the Yates No. 6 of the Mid-Kansas Company, are two of the largest producers ever found, making such production from a depth of 1000 feet. The whole field is phenomenal in its production, and has caused considerable interest.

In Winkler County the development and new locations are increasing following the spreading of the field with the advent of the new kushers. The field is steadily being opened up, and offsets being drilled. As yet, however, the operations are being held down, pending the return of a favorable price of oil, Pecos Enterprise.

Nunnallys and Johnston's candy
.....Cunningham & Phillips

NOT CURED

It happened in Pre-Volstead days. Two rather well-fixed Detroiters engaged in the same pursuit, namely an endeavor to drink up at least three-quarters of the liquor in the city. It also happened that both were afflicted with what is commonly known as the D. T.'s and that while recovering from these attacks they were in the habit of frequenting the same Gold Cure established in the northern part of the city on one of the principal thoroughfares.

Threatened with the usual symptoms, one of the men, whom we will call Brown, betook himself to the sanitarium. As he approached he met his friend coming down the steps.

"Whash the matter?" he said, slushily. "Same old thing?"

"Yes," was the reply. "I just got through a terrible siege, but I'm all right now. I'm done. Never again! You may think I'm in bad shape now, but you should have seen me a few days ago. Why, for a solid week little purple lizards with green eyes and pink tails were crawling all over me."

Shrinking back in alarm with his eyes starting out of his head, Brown pointed a finger at his friend's coat lapel. "My God, man," he shouted. "You ain't well yet. There's one on you now."—Ex.

WILL TEACH MUSIC IN T. C. U. THIS FALL

Miss Elsie Willis left last Wednesday evening for Fort Worth where she will be a professor of music in Texas Christian University this season. Miss Willis is a graduate of T. C. U., having received her degree in Music there last year. She has had several years experience in teaching music, being with Thorp Springs College and the North Texas State Teachers College the past year besides conducting music classes in our city for several years.

Miss Willis has but recently returned from Chicago, Ill., where she spent the summer in study with a noted pianist.

Yes! We Have "it"

Cook's Armorcote The "Fool-Proof" Lacquer

It is the only practical lacquer for brush application over any surface by amateur painter or skilled craftsman. It will not "lift" or "peel"—it is odorless, quick drying and durable. It works like an enamel—levels up perfectly—and gives a hard, porcelain finish that is like tile. Takes your choice of twenty-one shades and clear—match any shade you want. Enough lacquer to refinish a large piece of furniture costs only a few cents. Cook's guarantees it to give good results on furniture, floors, woodwork, porch furniture.

No other coffee can taste like Hills Bros because none is roasted the same way

WHEN Hills Bros. discovered Controlled Roasting, they found the correct way to roast coffee. That exact process of roasting a few pounds at a time not only brings out the utmost in coffee goodness, but assures you of uniform flavor every time you buy.

Because Hills Bros. Coffee is packed in vacuum, all of this entrancing aroma and superb flavor created at roasting time is kept for you. How well you realize this when you open the can and make a cup!

Drink Hills Bros. Coffee. Your grocer has it—remember that the Arab on the can is the trade-mark that identifies this matchless coffee. Send for a free copy of "The Art of Entertaining." Address Hills Bros., 2525 Southwest Boulevard, Kansas City, Mo.

Hills Bros. roast their coffee as a chef makes fine pastry.

Ice-water is added to the four a little at a time. Likewise, Hills Bros. roast their coffee a few pounds at a time.

Per lb. 12c. 1/2 lb. 6c.

Fresh from the original vacuum pack. Easily opened with a key.

IF you can't own a Mansion, ---Own a Cottage!

A modest start is better than no start at all. Many people put off owning a home indefinitely because their ideas are bigger than their pocketbooks. They forget that a small start may be the beginning of a fine ending. A small house often proves a very handy stepping stone to a larger, better home in the future.

If you can afford to pay rent, you can afford to buy a home—and, "Be it ever so humble, there is no place like HOME."

If you can't own a mansion, own the kind of home that you can afford. Let us help you plan a home that will match your present needs and financial status. Phone or visit our office.

NASH

Leads the World in Motor Car Value

Come drive

21 New Models—All SIXES

The most Powerful cars Nash ever built

3 NEW SERIES NEW LOWER PRICES \$865 Upwards

The great POWER of these new Nash models will be a revelation to you.

They "pull" the steepest grades or the heaviest going with absolutely amazing ease and smoothness.

For there's EXTRA power engineered into every Nash motor. They have the extra efficiency of the STRAIGHT LINE drive so that Nash power flows directly from the engine to the rear axle in a straight line.

They take hills without a note of strain—without the least of laboring. Come DRIVE a new Nash. Test out the QUANTITY of its power as well as the QUALITY.

The newly-refined 7-bearing motors give Nash the world's smoothest power-flow throughout the whole range of use.

All crankshafts are balanced integrally with clutch and flywheel to make the new Nash the smoothest, "sweetest" car you ever drove.

And they're the EASIEST riding, easiest steering cars you ever handled with their new secret process alloy-steel springs and newly-improved steering mechanism.

COME in today and select the model you want to drive. New LOWER prices make these new models the greatest values on the market.

Mother's Cook Book

"A commonplace life, we say and sigh. Yet why do we sigh as we say? The commonplace sun in the commonplace sky. Makes up the commonplace day. The moon and the stars are commonplace things; The flower that blooms and the bird that sings; But sad were the world and dark the lot, If the flower failed and the sun shone not. And God, who sees each separate soul, Out of commonplace lives makes a beautiful whole."

THE DINNER

FOR the beginning of a dinner there is nothing quite so refreshing as a fruit cocktail. With fresh citrus fruits as well as the luscious melons, one need never fear monotony.

Cantaloupe Cocktail.

Cut the edible centers of muskmelon with a small potato scoop into balls. If the fruit and glasses are both chilled, the fruit is much more appetizing. Pour over a sauce which has been made and chilled as follows: Take the juice of a lemon, a quarter of a cupful of water and half a cupful of sugar; boil for ten minutes until a heavy sirup is made. Chill, add a tablespoonful of canton ginger finely minced and a tablespoonful or two of the sirup.

Lemon sauce with a sprig of mint or a mint sauce strained and a little lemon sirup added with a fresh sprig of mint to top the fruit, is especially good with muskmelon. Watermelon is so pretty served this way with an orange sauce.

Chicken With Asparagus.

Cut up a fat chicken and stew until tender, saving the broth. Cook a bunch or two of asparagus or use the canned; cook noodles in the chicken broth, with some of the asparagus water. Have all hot, put a layer of noodles on a serving table, over this a layer of buttered asparagus and on top, the chicken, which has been well seasoned and all bones removed. Celery is especially good with this dish in place of asparagus. Cook it in the chicken broth until tender before cooking the noodles. Keep all the ingredients hot in double boilers until ready to serve. One good-sized chicken with three or four bunches of celery will serve quite a large company. The noodles and celery are so well seasoned with the chicken that a small portion of the latter is all that is needed.

WATCH WEST TEXAS

El Paso has heard of the oil development of west Texas but judging by the reluctance that many merchants show in going after business in the district from Big Spring west, El Paso has no idea of the importance of these developments. The whole world knows of the vast production of the Seminole oil field but the West Texas field seems destined to dwarf the output of the Oklahoma area. One well brought in recently in the Yates field is capable of producing an amount of oil equal to one-fifth of the entire output of the Seminole field, it is estimated.

When it is realized that the fields in the region of Pecos are some of the shallowest in the world what the inevitable increase in the price of crude oil should mean to El Paso can be seen.

"Every El Paso firm that is going after business in West Texas is getting it," says Mr. Whitehead, public manager of the West Texas Chamber of Commerce. "Many El Paso merchants are overlooking great opportunities by sitting by and waiting for business to come to them instead of going for it."

Mr. Whitehead has just visited the oil fields and says that as soon as oil prices make a reasonable increase drilling and production in West Texas will be unprecedented. El Paso is in an enviable position as far as freight rates are concerned for the entire region west of Big Spring—El Paso Herald.

Wife: "Did you notice the chin-chilla coat on the woman sitting in front of us at church this morning?" Husband: "Er...no. Afraid I was dozing most of the time." Wife: "Um! A lot of good, the service did you."—Ex.

TANK FARM FOR MIDLAND

Alphabetic Oil Producing Company has purchased a tract of land in Midland for the purpose of building a tank farm according to information.

The company has production in Midland and Crane Counties.

Robb of Dallas arrived Monday morning for a visit with his friends in this city.

E. R. Newell after a visit to his sister in San Angelo returned Sunday for a visit with her mother, Mrs. James Little.

Miss E. Sullivan of Chicago, who has been the guest of her mother, Mrs. A. C. Sullivan, returned the past week, left Monday morning for a visit with her mother at Floydada. Mrs. Sullivan accompanied her daughter on the trip. From Floydada they will go to their old home in Allen, Kan., and then on to Chicago where Mrs. Sullivan will visit her daughter a month or more.

NEW PIPE LINE TO BE BUILT

Survey for an eight inch pipe line from Midland to De Leon, which will give the Edwards Plateau-Trans-Pecos area its fourth trunk pipe line connection, is under way by Magnolia Petroleum Company.

The line will be eight inch, welded, and pipe has already been ordered. It is expected to have the line in operation between Dec. 1 and Jan. 1.

Information to this effect was confirmed Thursday morning of last week by B. H. Stephens of Dallas, vice president and general manager, in answer to a long distance query.

The new line will have a carrying capacity of about 20,000 barrels daily. When the Humble line from McCamey to Ingleside, near Corpus Christi, goes into operation on Oct. 1, the area will have three trunk lines with a carrying capacity of about 110,000 barrels daily, 80,000 in two Humble lines and 30,000 for the Gulf's line.

Magnolia will increase this to about 130,000 bails.

An additional 10,000 barrels of outlet is provided by the Humble's topping plant at McCamey, which gives an outlet of 140,000 barrels.

This will be increased to more than 150,000 barrels daily by the Illinois Pipe Line (corporate associate of Mid-Kansas Oil and Gas Company) with a line to tank farm at Del Rio. Plans of this company call for eventual extension from Del Rio to Midwater near Corpus Christi.

Transcontinental is understood to be considering construction of a line in the Spring from the Pecos pool, where it is an operating partner of the Mid-Kansas to Sanderson on the Southern Pacific, with probability of further extension to the Gulf, probably near Corpus Christi. These plans, it is understood, largely depend on the further performance of the Yates pool, availability of pipe lines and prices prevailing for the oil in the pool.

This pipe line capacity will about account for present production of the area, but will be far under the potential production as figured by all observers. In addition to the pipe line capacity enumerated several pipe lines which operate to railroad loading racks are in operation. However, trunk pipe line transportation from a field usually puts a crimp in railroad shipments, which command a comparatively prohibitive rate. The ultimate building of the Magnolia line has been discussed for months, and its construction was considered only a matter of time. However, its construction is believed to have been hastened by recent cuts of crude prices in the district.—Fort Worth Star-Telegram.

Walter Bradley left Thursday morning for a visit in El Paso.

When a girl pays \$2 for a pair of silk stockings it is only natural that she should want to show \$1.98 worth of them.

A writer says modern girls are wearing more precious stones than ever before. And precious little of anything else.

Mr. and Mrs. M. D. Johnson of Midland were here Sunday to spend the day with their son Alvin Johnson and family.

H. A. Elliott has accepted a local run between Baird and Sweetwater and made his first trip on this new run Monday.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Howard County—Greeting:
You are hereby commanded to cause to be printed once each week for ten days, before the return day hereof, in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year in Howard County, Texas, a copy of this notice:

THE STATE OF TEXAS
County of Howard
To all Persons Interested in the Estate of Netter Hall, Deceased; E. O. Ellington, was, on the 29th day of August, 1927, by an order of the County Court of Howard County, Texas, appointed temporary administrator of the estate of said Netter Hall, deceased; unless the same is contested, the said appointment shall be made permanent at the next term of said County Court of Howard County, Texas, commencing on the first Monday in October A. D. 1927, the same being the 3rd day of October, A. D. 1927, at the Court House of said Howard County, in Big Spring, at which time all persons interested in said estate may appear and contest said appointment, should they desire to do so.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Big Spring, this 20th day of September, A. D. 1927. 1-2t

QUESTION BOX

ON HEALTH SUBJECTS Edited By
STATE DEPARTMENT of
HEALTH
J. C. Anderson, M.D. State H. O.

THIS column will be given to discussion of matters pertaining to public health. Any questions regarding public health administration, prevention of diseases, child care, sanitation, etc., will be answered in succeeding issues of this paper. Questions in regard to cure of diseases will not be answered, as the scope of this Department includes only disease prevention. Address Question Box, State Department of Health, Austin.

QUESTIONS

1. What is "spotted" fever? (M. E. L., Comfort)
2. What is the proper manner for walking? (J. A., Mission)
3. Does posture have any important bearing upon health?
4. What are the duties of a county health officer? (Inquirer.)
5. Is it possible for my husband and me to have our births recorded? (Mrs. J. W., Honey Grove)
6. Does the state law require the reporting of births of still born children? (A. J.)
7. Who are required to sign the death certificate of a person dying, and with whom is this certificate filed? (J. J. L., Celina)
8. Why is it that urban districts are now said to be more healthful than rural districts, when in years back, it was the other way? (Rural)

ANSWERS

1. What is known as Rocky Mountain "spotted" fever, is commonly called "tick" fever, and is transmitted by the wood tick, *Dermacentor venustus*. It is a dangerous disease, but is prevalent only in Northwestern states.
2. One's manner of walking will produce good or ill effects. "Toes out" is no longer the command to children, as it is the improper way of walking. Toes straight ahead will get one along faster and allow proper operation of the muscles of the legs. The Indian could walk all day and never tire. It is through the misuse of the foot, lack of exercise of the leg muscle, or the wearing of ill-fitting shoes that cause so much foot discomfort in the present day.
3. Yes. Holding the body erect with the chest thrown forward not only makes possible better breathing with more oxygen available to purify the blood, but also gives a constant mild exercise for all muscles of the trunk.
4. County health officers are required to see after health conditions in the county jails, poor farm, hospitals, discharge duties of required county quarantine, and perform such duties as prescribed for him under the regulations of the state department of health.
5. A number of parents are having their births recorded at the same time as that of their children. In an instance of this kind recently, a father and mother with their 13 children were all registered at the same time. Blank certificates with necessary instructions will be sent by this department upon request.
6. All still-born children of as much as 7 months gestation, must be reported as both births and deaths. A certificate of both birth and death must be filed with the local registrar in the usual form and manner.
7. A death certificate must be signed by the physician or official making the medical certificate; the informant; and the undertaker acting as such.
8. The installation of modern water filtration and sewage plants in cities, the supervision of milk supplies, hospitalization, and other health facilities provided in our larger cities has given the urban districts improved health conditions over rural districts, which as a whole, have not made much advancement in matters of sanitation.

One dollar bottle of Ben Hur perfume and one dollar box Ben Hur face powder... Both for one little dollar... Cunningham & Phillips.

NO HUNTING ALLOWED!

You are hereby notified that my pasture west of town is posted and I warn you to keep out while hunting. Save yourself from trouble by keeping out. W. R. Creighton, 11-pd.

LeGears stock preparations... Cunningham & Phillips.

BUILDING AND LOAN PLAN GROWING IN TEXAS

In 1925 there were 134 building and loan companies operating in Texas as home corporations. By the end of 1926 the number had risen to 149. Dec. 31, 1926, found the total assets to be \$51,965,032.07. The succeeding twelve months saw a 40 per cent increase to \$71,754,636. This latter is approximately twice the sum of the capital stock of all State banks in Texas. It lacks but little of equalling the combined capital stock of all national banks in Texas. It is more than the total estimated wealth of the whole State of Texas in the year 1850, including the value of slaves then owned by Texans.

It is time we got a proper notion of the importance of this type of institution. With rates of return ranging from 6 per cent up to 10 per cent, compounded, investors are being attracted more and more by this business.—Dallas News.

A building and loan association does more to encourage thrift in a community than any other agency, for in addition to encouraging home owning they are real saving institutions. You can invest any amount from five dollars per month and this money nets you about 8 1-4 per cent and if you pay regularly for eleven years you get an amount equal to about 1 1-2 times what you have actually paid in.

It makes it mighty easy for the person who really wants to save for a rainy day. Suppose you make a determination to save \$5 per week to invest in building and loan stock. \$20.00 a week for 11 years—\$2640. Increased by earnings.....\$1360.

At the end of 11 years you will collect.....\$4000
This \$4000 invested in good bonds paying 6 per cent will yield \$240 per year, or \$20 per month; and if invested in more building and loan stock sufficient to bring you another \$4000 at the end of another 11 years. Or, if you continued to save and invest the \$20 additional you will have \$5000 to invest in addition to the \$4000 you had originally invested. And if you wish to follow the same plan another 11 years you can pile up \$16,000 additional, making your total capital \$28,000. Which, if put out on 8 per cent mortgages would net you \$2240 per year and sufficient for you to enjoy life without worrying.

PUBLIC RECORDS

Mr. and Mrs. Earl Read sold to J. W. Cook lots 5 and 6 in Subdivision, B block 23 in Fairview Heights addition.

Mr. and Mrs. C. R. Tarrant sold to Roy Kendrick the southeast quarter of section 36, block 25, H. & T. C. survey.

Mr. and Mrs. W. D. Gooch of Sonora, Mexico, sold to Mrs. Wilma Aline Queen, the south 1-2 of lot 2 and the north half of lot 3 in block 6 in Hathcock addition to Big Spring.

Bettie Bostick sold to W. R. Settles 2 acres out of section 5, block 32, tsp. 1S.

The Clecro Smith Lumber Company sold to S. H. Morrison lots 7, 8 and 9 in block No. 17 in Big Spring, Texas.

Frank Pool, trustee, leased to the Prairie Oil & Gas Co. the southeast quarter of the east one half of section 13, block 33 tsp. 1S.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

"RARE" FURS REALLY PELTS OF RABBITS

Brer Rabbit travels under as many aliases as a city "slicker" or a con man de luxe, according to the general director of the National Association of the fur industry. Many fine and costly furs are nothing more or less than pelts of rabbits. An effort is being made to force manufacturers to brand their wares by their proper names.

Back ache plasters..... Cunningham & Phillips.

Bob Miller was here Friday enroute from Pecos to Austin. Mr. Miller who is a former sheriff of Concho County is now supervisor for the State Highway Department in fifty seven counties along the Bankhead Highway and Old Spanish Trail, west and southwest of Midland and Pecos.

FLUSH TANK TROUBLES EASILY REPAIRED

Flush Valve and How to Repair It.

By the United States Department of Agriculture, the flush tank may be easily located by the family and corrected without sending for a plumber. The United States Department of Agriculture has no other plumbing in the attention so often as the flush tank. It is under water and is usually neglected. The rubber ball gets out of shape and drops squarely into the seat. The handle and lever work smoothly or the lift wires get stuck, causing the ball to drop when it should drop to its seat. To remove these difficulties, hold the ball up by the ball cock or support with a stick. Drain the tank by turning the rubber ball. If the ball is out of shape, or has lost its seat, unscrew the lower lift wire and replace with a new one and one-half-inch rubber

ball costs about 25 cents, and a new one should always be kept in the home. The lift wires should be straight and plumb. The lower lift wire is readily centered over the center of the valve by means of the adjustable guide holder. By loosening the thumbscrew, the holder is raised, lowered, or rotated about the overflow tube. By loosening the lock nut and turning the guide screw, the horizontal position of the guide is fixed exactly over the center of the valve. These adjustments are very important. The upper lift wire should loop into the lever arm hole nearest to a vertical from the center of the valve. A tank should empty within ten seconds. Owing to lengthening of the rubber ball and insufficient rise from its seat, the time may be longer than ten seconds with a correspondingly weak flush. This trouble may be overcome by shortening the loop in the upper lift wire. A drop or two of lubricating oil on the lever mechanism makes it work more smoothly.

SEVERAL KINDS OF SMALL TEA CAKES

Plan to Have on Hand Tempting Goodies.

By the United States Department of Agriculture, these little cakes popular with the family. Whether you put them on lunches or have them frequently for a social call, you have no need of a special plan to keep them on hand for breakfast or afternoon tea. There are quite different kinds of cakes, any of which can be made at home. The first kind, drop cakes, will be found in every kitchen, especially if spread with a coating of white or brown sugar. This may be cooked in a muffin pan or on a griddle. Any kind of breakfast food may be used for the macarons. All four kinds have been tested by the bureau.

hold their shape. Then they do not melt and spread out very flat. Drop cakes also bake better on a baking sheet without high sides or on an inverted pan.

- Date Bars.**
 4 eggs, beaten
 1 cupful sugar
 1/4 teaspoonful salt
 1 cupful flour
 1 teaspoonful baking powder
 1 cupful of nut meats, chopped
 1 1/2 cupfuls pitted dates
- Stone and chop the dates. Mix the ingredients in the order given. Bake in greased shallow tins in a slow oven (300 to 350 degrees Fahrenheit). When cool, cut in bars and roll in granulated or powdered sugar. Add more dates if the bars are to be kept for some time.
- Macarons.**
 3 egg whites
 1 cupful sugar
 1 cupful of a flaked, toasted breakfast food
 1/2 teaspoonful of salt
 1 cupful shredded coconut
 Almond flavoring
- Beat the egg whites with the salt until stiff. Add the sugar and beat thoroughly. Fold in the coconut, and toasted flakes which have been crushed in the hands. Add the flavoring. Place with a teaspoon on oiled paper and bake in a moderate oven for 18 to 20 minutes, or until delicately browned and well set. This recipe makes about two dozen macarons.

Reliable Recipe Given for Lemon Pie Filling

Here's a reliable recipe for lemon pie filling. Mix three tablespoonfuls of cornstarch with one cupful of cold water and one-eighth teaspoonful salt; place over the fire and stir constantly until thickened and the cornstarch thoroughly cooked—about ten minutes. Add three-fourths cupful of sugar, four tablespoonfuls lemon juice, grated rind of half a lemon, one tablespoonful butter and three egg yolks, well beaten. Cook for one or two minutes over steam. Pour into a cooked pastry shell and cover with a meringue made by thoroughly beating the egg whites and adding the sugar and a little salt. Bake at a low temperature (250 degrees Fahrenheit) for 20 minutes, then raise the temperature until the meringue is a light brown.

Using Waffle Iron

An electric waffle iron should never be greased. If your waffles stick perhaps you have not put enough melted butter or other shortening into the batter. One or two extra tablespoonfuls of melted shortening in the batter will often keep waffles from sticking to an electric iron. Also when the waffle is brown and crisp and ready to take out of the iron, thrust a fork directly into it and lift the waffle straight up. If you work around the edges with a knife attempting to loosen it in that way, the waffle will break and be almost impossible to eat and enjoy.

ABOUT WOMEN

It's rather dangerous to pose as an advisor on women's wear yet Arthur Brisbane breaks forth with the following:
 "Women ought to wear—and will do so eventually—both hair and skirts short, without being foolish about either. But they ought to cut their skirts off below the knee, not above, and cut their hair sensibly, so that a hair-cut might last a month at least, with a nice ribbon or an old-fashioned round comb to hold it back."
 "That's how women will arrange their hair and skirts some day, and then will look pretty and sensible."

It was cool enough Monday to discourage boll worms, leaf worms and other pests which have been threatening the cotton crop. Here's hoping the varmints have been put out of commission for the balance of the season.

Luf-Tex syrup made in East Texas at the White House.

LOCAL CITIZENS GET CHARTER FOR \$100,000 COMPANY

A charter has recently been granted to the Edwards Novelty Company of Fort Worth, capital stock \$100,000. The incorporators are W. K. Edwards, W. P. Edwards and W. E. Connell.

The Edwards Novelty Company will be distributors for the strength testing machine which was invented by W. K. Edwards of Big Spring and which is now being manufactured in North Carolina. These machines will be placed in confectioneries, drug stores, hotels, etc., and should prove a big revenue producer.

Misses Jeanette Pickle, Ada Lingo, Mary Happel, Donna Carter, Dorothy and Louise Jordan left Sunday evening for Denton where they will attend the College of Industrial Arts the coming year.

Three repair men kept busy every minute at Wilke Jewelry and Optical Shop. "There's a Reason"—A Better Job for Less Money. Give us a trial and you will be so well pleased you'll want to come back again. WILKE'S.

J. DOUG MORGAN TENT SHOW WILL BE HERE NEXT WEEK

The J. Doug Morgan tent show, featuring Miss Elizabeth Morrill, with all new plays and vaudeville will play here all next week in their big tent theater on the lot across from the old ball park in the west part of town. The cast consists of 50 people and an 8 piece orchestra, according to their representative. In addition to a feature play each night, there will be five big vaudeville acts.

The Morgan show is making its second call in Big Spring, having visited our city about this time last year. It is highly recommended and has many Big Spring friends. Good clean plays, with high class vaudeville between the acts will be featured each evening, and those desiring entertainment will find that the J. Doug Morgan shows will fill the bill.

SULPHUR WATER A THREAT

Encountering sulphur water in the Gulf Production Company's gusher in Crockett County indicates the eastern limits of the Yates pool in Pecos County and points to the eventual end of the big Yates pool. The big wells from the shallow sand in the Yates field are due to the terrific pressure back of the sulphur water. When the water breaks thru, the field is due to lose its value to a great extent.

School supplies of all kinds... Our fountain pens are wonders... Cunningham & Phillips.

A bonded warehouse in which cotton seed, maize and other farm products could be stored until prices were attractive, would pay the cost of construction each and every year. It would mean more money for the citizens of our county to have such a warehouse constructed.

Coahoma is to have an increased water supply in the near future. An elevated tank is to be placed in the business section so water for fighting fire will be available. H. H. Padgett has the contract to build the water tower.

B. F. Robbins left last week on a business trip to California.

Johnnie Rives of San Antonio is visiting relatives and friends in this city

BUILDING PROGRAM INCREASE

Several building sites are now being sought in the business section of Big Spring by men and corporations desirous of erecting modern structures thereon.

We hope to be able to announce some big deals in the near future.

Toilet water... One bottle Ben Hur toilet water and we will give you a box of Ben Hur face powder... Cunningham & Phillips

JACK OR GENE?

By this (Friday) morning we are to know whether Gene Tunney or Jack Dempsey is wearing the championship belt.

While none of our citizens had a ringside seat they had the next best chance to get the news of the fight by attending the Queen theater Thursday night where the news came over the telegraph wires direct from the ringside. Many more had the good old radio to get the scrap.

William McAdoo has stated he does not choose to be a candidate for the Democratic nomination for president in 1928. Who will be the next big patriot to clear the atmosphere. It may mean the office is to seek the man this coming election.

A. C. Bass and K. G. Birkhead of Coahoma have been working for the State this week, serving as jurors in District court.

The crooks manage to keep about one jump ahead of the experts in jail building. They cannot make a jail the smooth crook cannot escape from.

Secretary Jardine's faithful assistants in the U. S. Department of Agriculture ought to be working for the Wall Street cotton gamblers. Their recent secret bulletin certainly cost the cotton growers of the South in the neighborhood of \$100,000,000. They do enough harm guessing at the size of the crop and they will surely ruin things if we let them guess at future prices.

MRS. S. M. N. MARRS WILL BE A GUEST IN BIG SPRING

Mrs. S. M. N. Marrs, wife of state superintendent, S. M. N. Marrs, will visit Big Spring sometime this fall and will be the guest of the P. T. A.s while in our city. The definite date of her visit has not been set but plans for her coming and entertainment while here are underway.

LONE STAR TO BEGIN ON LINE

Ablene, Texas, Sept. 19.—Work on the Lone Star Gas Company's ten inch welded line from Abilene to Sweetwater will get underway this week, it was announced here by T. E. Waddill of Dallas, superintendent.

The line will pass through Merkel and Trent. Later, it has been intimated, it may be extended to Colorado. A force of 200 men will be put to work.

Here's hoping this line will be extended to Big Spring. It would give Big Spring quite a boost if we were able to offer natural gas for domestic and commercial use.

Fresh Kentucky wonder beans. The White House.

Alva Reed of the Vincent community is said to have received a broken arm and other injuries as the result of an accident on the Bankhead highway east of Big Spring, when an automobile crashed into his wagon. The owner of the automobile resided at Abilene.

How about your eyes? People come to us for 100 miles around to have glasses fitted. "There's a Reason"—A Better Job for Less Money. Wilke, Optician.

Mr. and Mrs. Aubrey Kent and son who accompanied Mrs. J. O. Tamsitt home from Los Angeles, for a visit in this city have decided to make their home in Midland, where Mr. Kent has accepted a position with the Texas Electric Service Co. Mr. Kent has gone to Midland to assume his duties, but Mrs. Kent will remain in Big Spring for a several weeks visit with her parents.

PANTHER DRAW NOTES

The Panther Draw school opened Monday with a good number present. The school work was started and planned in earnest for the coming year. Panther Draw expects to be a wide awake school and a leader in school activities.

The parents of the community were present and a Parent-Teacher Association was organized and an active program planned for the year. The following officers were elected: president, Mrs. G. W. Overton; vice president, J. J. Phillips; secretary, Mrs. Nell Brown.

The P. T. A. has started work and the first thing on their program is an ice cream supper to be given at the school house Saturday night, Sept. 24. Everybody is cordially invited to come and eat ice cream and drink lemonade.

On last Monday evening Emory Phillips entertained with a delightful party in honor of Misses Marie, Eloise and Henriette Pittman who left Tuesday, with their parents, for Abilene.

Misses Josephine and Helen Green will entertain Saturday evening with a farewell party in honor of Miss Ethel Phillips who leaves Tuesday for Alpine, where she will attend school this fall.

The community regrets very much to lose P. A. Pittman and family, who left Tuesday to make their home in Abilene.

The Panther Draw community enjoyed a most profitable and pleasant day Sunday. Sunday school and church services were conducted by Rev. Sam Horton and both were well attended. In the afternoon the B. Y. P. U. of the East Third Street Church, Big Spring, rendered a delightful program.

Talks by their president, Mr. Morrison and Rev. Summers were very much appreciated. After the program Bill Arnett of Midland acted as chairman while the young people organized a B. Y. P. U. at this place. Johnnie Phillips was elected president. After the organization, the visitors were served ice cream, cake and watermelon. We wish to thank the visitors for their help and extend them a cordial invitation to come again.

At last Saturday evening's church service Herbert Phillips was ordained as deacon of the Panther Draw church.

Ole Phillips returned Monday from a short visit to his sister Mrs. A. W. Tyree at Ballinger.

Miss Ernestine Chalk left Wednesday for Dallas where she will enter Southern Methodist University this fall.

CAPTAIN OF HIGH SCHOOL "STEER" FOOTBALL TEAM

Harold "Plush" Yarborough

Among the seasoned players of last year, out for practice on the 1927 squad, is Captain Harold "Plush" Yarborough. Yarborough is a third year man, a clean athlete and a good sport and is a most capable leader for the Big Spring Steers. Much promising material is out for fall training and a victorious team is expected. The first game of the season is scheduled for September 23, to be played at Big Spring.

FRIGIDAIRE saves average of \$105³⁶ a year over ice refrigeration

Amazing facts reported by FRIGIDAIRE users
Low cost of operation an achievement of FRIGIDAIRE engineering

MANY still regard electric refrigeration as expensive. To prove that this is not true of Frigidaire, we sought the opinion of some 10,000 users.

Saves \$105.36 Per Year

The answers were startling. They indicated savings even greater than we anticipated. According to carefully tabulated records, an average of \$105.36 per year—over and above all operating costs! These amazing economies are due to two things: (1) No ice bills. (2) No food waste.

A Scientific Achievement

Frigidaire represents years of research and development on the part of Frigidaire Engineers, and the Research Department of General Motors—the largest organization of electrical, chemical and mechanical engineers in the world. In Frigidaire modern science has incorporated

elements that the exterior of the cabinet can't reveal.

New, Low Prices

To the wealth of evidence in favor of Frigidaire, add the new, low prices—the lowest in Frigidaire history. A complete model with Duco-finished enamel-lined steel cabinet—all ready to attach and operate from any convenient electric outlet—for the amazing price of only \$180 f.o.b. Dayton.

Few Dollars Puts It in Your Home

Frigidaire is used each day in the year. The whole family enjoys it. And it pays for itself with the money it saves, as proved by the signed reports of users. Visit our display room and see the new models. A small deposit puts one in your home. They pay a little each month under liberal General Motors terms. Come in today.

NO BEATING AROUND THE BUSH

Someone has said that it was a wise child that knew its own father, but every fool kitten can tell its own PAW. Our home girls have only one father, but there are a couple of them that have several SWEET DADDIES. It's a wise person who will come to us for wall paper. We have well assorted stocks in the latest designs.

VEGETABLES FOR VITAMINES

What are they? They are necessary for normal nutrition, necessary for growth, it is said.

Their chemical nature is not known. But it is an established fact, that when they are lacking in health suffers. Certain diseases are attributed to lack—outstandingly

vegetables, fruits and milk rich in vitamins. Spinach and tomatoes contain a percentage of vitamins more than any other foods.

The Year Around
We have plenty of vitamins all year around? Certainly, and very easily, too, in vegetables and fruits, among things. (Though the vitamin content some- times varies.)

Wash Tyson Rorer, the Philadelphia cooking expert, gives the simple rules for canning at year's close first. Put a boiler filled with water on one side, a teakettle on another, and a pan of water on the third.

Wash vegetables by washing, blanching where this is necessary. Wash adjust rubbers on and screw on the tops to test

Soak Quickly
In open jars, but do not remove the rubbers. Put them, with a pan of water on the third.

Wash the vegetables in a square pan, wash and lower into the boiling water for 15 minutes. Drain and put into the jars.

Add a teaspoon of salt to each jar. Add enough boiling water to fill the jars. Pack the jars on the tops, give half inch, and place at once on the wash boiler or canner.

Tomatoes..... 3 hours

Flute String Beans
Mrs. Della DeGraf, San Francisco, a home economics counselor, suggests a new and pleasing way of preparing string beans. String beans are rich in vitamins. Mrs. DeGraf's recipe follows:

Put beans in two large bowls in a boiling salted water. Use only enough water to barely cover beans. Drain beans with 1/2 teaspoon salt and 1/2 teaspoon pepper and 1 tablespoon butter. Set beans aside.

Put egg whites in a small saucepan and 1 teaspoon of flour and 1/2 cup of stock. The stock should be melted consommé, a strained soup stock. Cook egg whites until sauce has thickened, then add to hot beans.

Beans Au Gratin
A good dish is one recommended by Miss Lucy G. Allen, of the Boston School of Home Economics. She gives the following recipe for string beans au gratin. Wash beans on a clean cloth to remove moisture. Miss Allen's recipe follows:

Wash beans, put half of them in a shallow baking dish. Sprinkle with salt and cayenne. Sprinkle the beans three tablespoons of melted butter, and pour over them two cups of heavy cream. Bake in a hot oven for 30 minutes.

Glazed Carrots
This recipe gives a recipe for glazed carrots. Carrots also have vitamins. Wash and cook five medium carrots in thin slices. Sprinkle with butter in a pan and add two tablespoons of sugar. Add slices of carrots to a hot oven until browned.

Put a kitchen pump on a stove and pump out the steam. This is a simple way to protect the kitchen from the heat of a hot oven. By means of a pump, the heat of a hot oven is removed.

Speed!

The family washing done in an hour

In the
WHIRLPOOL Washer

No other washer in the world is built like the "1900" Whirlpool— with a single vane circulator and no center post. That is why clothes can be washed faster in the Whirlpool. There are no multiple vanes or paddles to set up counteracting cross currents that destroy the washing action and there is no center post about which clothes can tangle. Hence clothes in the Whirlpool turn completely over every 17 1/2 seconds and get double washing. Water is forced through the clothes and the clothes through the water. Not a single piece can remain stationary in the tub.

CITY NEWS

The barbed wire fence around the city reservoir is nearing completion.

The big booster pump ordered by the city officials has arrived in this city and will be installed within the next ten days. This pump will relieve the water shortage in the south part of the city and will enable residents living in that section of town to receive the same water pressure that is obtained in the business center.

H. H. Hester of the General Construction Company of Fort Worth is in the city this week supervising the work of making repairs on the 20 blocks of city paving. This company maintains the pavement for a certain length of time.

Mr. and Mrs. H. G. Castle and son H. G. Jr., after a visit in this city with relatives and friends left Monday morning for their home in Abilene.

No bait, no catch prices, try to treat all fair and square. The White House.

Mr. and Mrs. Seth Harvey and children of Abilene spent the past week end in this city visiting Mr. and Mrs. James Campbell, other relatives and friends.

Mrs. J. Bob Austin left Wednesday night for a business trip to Dallas.

Misses Ruth and Lela Mae Stewart of Waco were the guests of their cousin, Miss Emily Bradley, and other relatives and friends in this city the past week end.

Mrs. Olle McDaniel and children who have been visiting relatives and friends in South Texas, during the summer months returned home this week.

U. C. V. TO HOLD REUNION AT SAN ANGELO IN OCTOBER

The 35th annual reunion of U. C. V. and S. C. V. of Texas will be held at San Angelo, Texas, October 6, 7, and 8, and a cordial invitation is extended everyone to attend. An interesting program has been arranged for the three day reunion and a good time is assured all attending. Special rates will be offered by the railroads for this reunion; see local agent if interested.

Robbie McNew who has been suffering from an infested eye was able to attend school Tuesday morning.

A. J. Crawford owner of the new Crawford Hotel arrived Thursday morning from Carlsbad, N. M. to transact business in this city.

THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County, Greeting: You are hereby commanded to cause to be printed once each week for ten days, before the return day hereof, in a newspaper of general circulation which has been continuously and regularly published for a

period of not less than one year in Howard County, Texas, a copy of the following notice:

THE STATE OF TEXAS

County of Howard

To all persons interested in the estate of G. D. Griffice, deceased:

You are hereby notified that J. H. Coots was, on the 26th day of August, 1927, by order of the County Judge of said Howard County, appointed temporary administrator of the estate of G. D. Griffice, deceased, and at next regular term of said Court, commencing on first Monday in October A. D. 1927, the same being the 3rd day of October A. D. 1927, at the courthouse thereof in Big Spring, Howard County, Texas, at which time all persons interested in the welfare of said estate may, and are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of said court, then the same shall become permanent.

Herein fail not, but have you then and there before said court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Big Spring, this 20th day of September A. D. 1927.

J. I. PRICHARD, Clerk,
County Court, Howard Co., Texas.
