STORM REPORT

As Reported by...
Stormie Meriwether,
First Grade Student

Dear Friends, One day I went to my school. I met one of my new teachers (Mrs. Means). She's not new at all! I know her. She used to be my gym teacher sometimes. She is very nice.

J.D. and I went swimming in Ms Bobbye's pool. It was great! I found a frog. I tried to get it, but it swam away. I asked J.D. to please get the frog. J.D. dived down in the deep part and caught the frog! I didn't know frogs can swim like that. I thought they only hopped and sat on lily pads. The frog was green and yellow with long slimy legs. He wiggled around and J.D. let him go in the yard.

Ms. Bobbye is a very good swimmer and she makes delicious snacks! She loves to play with the kids. She used to have kids, but they all grew up.

Texas Wheeler is so pretty! One day we went for a ride to Mr. Ben's. We saw his hay and his cows and his grass. One black cow had a very perfect heart right on her head. I call her "Hearty". I love Texas Wheeler. It's the beautifullest of the whole world! That's it.

Sales Tax Holiday Starts Fri., Aug. 20

Texas' Annual Sales Tax Holiday arrives this weekend, just in time for families to save money on clothes and supplies for the new school year.

"This is the 12th straight year in which families will take advantage of sales tax savings," Texas Comptroller Susan Combs said. "This Friday, Saturday and Sunday, Aug. 20-22, shoppers can stock up on tax-free school supplies, school backpacks and most children's and adults' clothing and shoes priced at less than \$100."

To help families plan to make the most of the Sales Tax Holiday, lists of tax-free apparel and school supplies can be found on the Comptroller's website at http://www.window.state.tx.us/taxinfo/taxpubs/tx98_490/tx98_490.html.

Texas Historical Commission Offers Free World War II Oral History Training

WHEELER, Texas — The Texas Historical Commission (THC), in conjunction with the Wheeler Centennial Historical Association will conduct a free oral history training workshop at the Wheeler Ag & Family Life Center on Saturday, August 21 from 10 a.m. — 1 p.m. The workshop is one of a series taking place across the state, which highlights the real places telling the real stories of Texas' involvement in the war effort. Funding for the workshops is provided by the Houston Endowment and the Summerlee Foundation of Dallas and is designed for people to learn how to conduct & record oral histories pertaining to World War II.

WHO: THC historians and the Wheeler Centennial Historical Association.

Public welcome — please call 512.463.5833 to pre-register.

WHAT: Free World War II oral history training

WHEN: Saturday, August 21 from 10 a.m. — 1 p.m.

WHERE: Wheeler Ag & Family Life Center, 7939 U.S. Hwy 83, Wheeler, Texas 79096

BACKGROUND: The workshops, titled Here and There: Recollections of Texans in World War II, are part of the THC's Texas in World War II initiative, a program to honor and preserve the memories of Texans who served in the armed forces during World War II and the contribution they made to the war effort. Historical markers, a commemorative brochure, a

military/home front sites survey and a planned web component are part of this program that enriches lives through history.

Hunter Education Classes Offered At Shamrock; Instructors Are Needed

Hunter Education Class will be taught Friday and Saturday, August 21 & 22, 2010, at the Shamrock High School Library. The Friday class will begin at 6:00 P.M. Those taking the class must attend both nights.

Call Robert Greenwalt, 806-683-5957.

As summer winds down and fall starts to approach, so too does the beginning of hunting season, and Texas Parks and Wildlife Department is encouraging hunters who need to take the mandatory hunter education course to start looking for courses in their area.

Courses in many counties are starting this month, and the number will begin to taper off as hunting season nears.

Terry Erwin, coordinator for hunter education at TPWD, said courses are scheduled daily, so he advises interested hunters to check the calendar online frequently for the latest updates of courses in their area. By law the agency is required to offer the hunter education course at least once in each county every year.

"Nobody in the state should have to drive far to find a course," Erwin said.

Hunters can take the traditional two-day course that must be spread over a minimum of ten hours during that time, or they can opt to take the knowledge-based portion online then attend one day of training in the field. The hunter education course costs \$15, but there are often separate facility-use or range fees associated with the course.

To pass the course, students must take a 50-question written exam and get 70 percent correct if they take the traditional two-day course or 80 percent if they take the course online. The certification is valid for life and will be honored in all other states.

Anyone born after Sept. 1, 1971, is required to take the Hunter Education Training Course to hunt in Texas, and individuals as young as 9 can take the course.

Erwin said the agency is currently printing hunters' certification numbers on their licenses, eliminating the need for hunters to

Kelton Schedules '10 Fireman's Ball

The Annual Kelton Fireman's Ball is scheduled for Saturday, August 21, 2010 at the Big Red Barn, nine miles east of Wheeler and 1 1/2 south on Hwy 592. Calf Fries will be on the menu with food being served from 6-9 p.m.

The dance will start at 9 p.m. Playing for the dance will be Tom Velasquez and The Global Nomads.

There will be door prizes and a silent auction.

A Weatherby Orion 12 Ga. Over and Under shotgun will be raffled. The gun is a 3" mag. 26" barrel w/ screw-in chokes. You could be the lucky winner.

Mark your calendar and plan to be in attendance at this event.

carry their certificate of completion with them into the field. Hunting licenses for the 2010-2011 season go on sale on Aug. 15.

Hunters who are at least 17 years old and have not completed the hunter education course can defer completion for one year. However, hunters who took a deferral last year must complete the course this year to hunt legally this season.

Nadene Reynolds Services Tuesday

Nadene Reynolds, 84, passed away Saturday, August 14, 2010, in Amarillo, Texas. Church services were held Tuesday, August 17, 2010, at 2:30 p.m. in the First Baptist Church, Allison, Texas, with Gary Hall and Rev. Shelby Deathridge, Pastor, officiating. Burial was in the Wheeler Cemetery, Wheeler, Texas, under the direction of Wright Funeral Home, Wheeler, Texas.

Nadene Elizabeth Reynolds was born in Mobeetie, Texas, February 18, 1926, to William Alvie Burruss and Ura Stephenson Burruss. She attended Totty School and lived in Mobeetie until she married Allen Monroe Reynolds on December 8, 1943. After being discharged from the army they moved to Shamrock with their firstborn son. Allen worked at the Tower Service Station until they moved to Pampa, Texas, where they lived for eight months. In 1949, they moved to the Allison Community where their three daughters were born. They farmed until Allen retired in 1976. Allen passed away in 1999 and Nadene continued to live in Allison until 2003. She moved to Pampa, where she lived for three years then moved to Amarillo where she

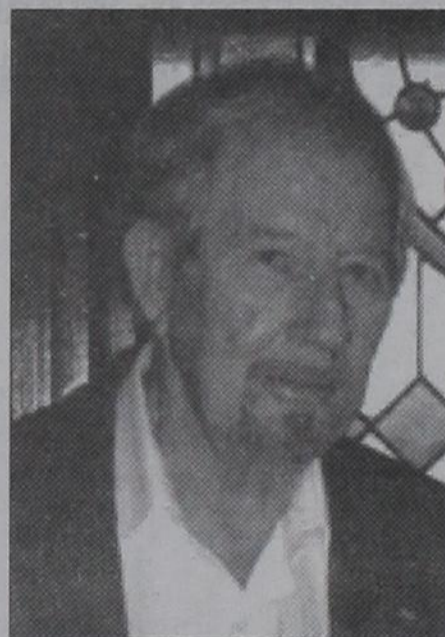

Nadene Reynolds

lived until her death.

She was a member of the Allison First Baptist Church where she served the community and was the best iced tea maker around. She was preceded in death by her husband, Monroe, her parents, six brothers, one sister and one granddaughter.

Nadene is survived by her son, Wayne and wife, Debbie, of Amarillo, Texas; three daughters, Linda and husband, Gary, of Pampa, Texas; Vickie and husband, William, of Bushland, Texas; and Debra and husband, Bennie, of Allison, Texas; seven grandchildren; three step-grandchildren; 10 great-grandchildren; and three step-great-grandchildren.

In lieu of flowers, memorials may be sent to First Baptist Church, Allison, Texas. Please sign online guest book at www.wrightfuneraldirectors.com.

"C.R." Guynes

Memorial Service For Clyde Guynes

Clyde Ray "C.R." Guynes, 85, of Crosby, Texas, passed away Wednesday, August 11, 2010, in Baytown, Texas. He was born August 21, 1924, to Eugene Dixon Guynes and Margaret Kendall Guynes in Wheeler, Texas.

"C.R." proudly served his country in the United States Army and was a heavy equipment operator at the Phillips Refinery for 37 years. Mr. Guynes was a member of First Baptist Church in Wheeler and the Veterans of Foreign Wars. Besides his grandchildren and his family, he enjoyed welding, listening to polka music and fiddle playing.

Preceded in death by his parents, three brothers and one sister, Mr. Guynes is survived by his loving wife of 62 years, Anita Guynes, of Crosby, Texas; sons, Mickey Guynes and wife, Helen, of Seguin, Texas, and Richard Guynes and wife, Diane, of Crosby; four grandchildren, Amy LeGarde, Holly Miller, Carrie Murphy and Mitchell Bynum; six great-grandchildren, Chase, Colby, Tobin, Robin, Logan and Landon; two sisters, Presley Hollar and Flo Beaty, and numerous other family members and friends. He will be remembered as a wonderful husband, father, grandfather, great-grandfather, brother and friend.

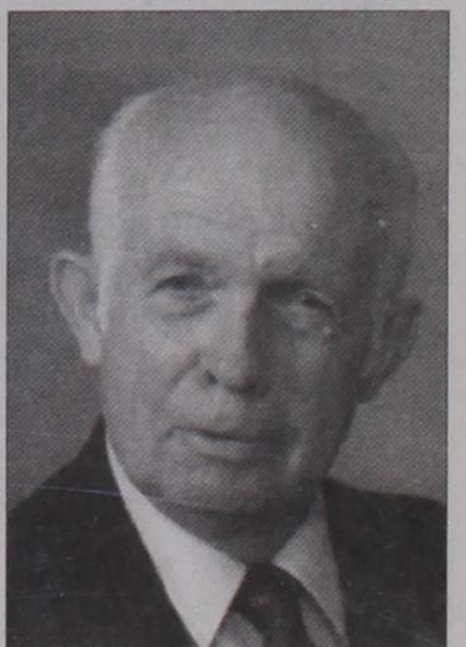

A Memorial Service was held on Saturday, August 14, 2010, at 11:00 a.m. in the Family Center of Crespo & Jirrels Funeral Services, Baytown, Texas. Arrangements have been entrusted to Crespo & Jirrels Funeral and Cremation Services, 6123 Garth Road, Baytown, Texas 77521, 281.839.0700. To view the obituary and post a tribute to the family, visit www.crespoandjirrels.com.

Louis Mason Rites Wed. In Amarillo

Louis Lindy Mason, 82, died August 15, 2010, in Amarillo, Texas. Services were held at 2 PM Wednesday, August 18, 2010, at the Griggs-Schooler-Gordon Funeral Directors Pioneer Chapel with Bro. Greg Waggoner officiating. Burial was at 10 AM, Wednesday, August 18, 2010, in Mobeetie Cemetery in Mobeetie, Texas, under the direction of Griggs-Schooler-Gordon Funeral Directors.

Louis was born to the union of Ted and Ethel Mason October 13, 1927, in Mobeetie, Texas. He was drafted into the U.S. Army at the end of WWII as a medic. Louis enjoyed working on his farm tending cattle and raising crops, but most of all, he loved spending time with his family showing them love and kindness. He enjoyed going to the senior citizens hall and shooting pool. Louis had a regular stop at the Donut Shop once a

UMBRELLAS AREN'T PARACHUTES?

I'm sure at one time or another, we've all looked at an umbrella and thought how much it resembled a parachute, especially the really old, big kind. I had always thought, anything that was shaped like a parachute, ought to work like a parachute. Still sounds reasonable to me, even though I know from experience that it won't work! Now, I didn't learn this from my own personal experience, but from that of a trusted, brave and daring, friend.

This friend had always thought it would work, so he decided to put it to the test. Not being the kind of guy to shirk his duty and let rank amateurs do his testing for him, he just "took the bull by the horns" and did the experiment himself. Bobby, always did have nerve; probably more nerve than judgment. The site selected for the experiment was Albert Chapman's barn. I believe Mr. Chapman ran a dairy there at one

time. This barn had a roof with two separate slopes. It wasn't very long, but most important, it was pretty tall. This made it just about perfect! Bobby calculated that the door in the loft was about the right height. High enough for the umbrella to fill with air, but low enough that he would reach the ground before he got blown off course... resulting in search parties having to get out and look for him.

After all that planning and mulling over the big jump, he decided an event of this magnitude needed witnesses, so he got some of his buddies to go with him. I sure regretted that I couldn't be there, but my folks thought they needed me to pick peas or something, so I didn't get to be a witness to his bragging rights, of what many of us thought had a good chance of working!

I believe just about all of Bobby's calculations were correct, except for the amount of air that the umbrella would hold. I don't know who did the countdown for him, but right on the count of zero, he jumped!

Bobby didn't get blown off course the least bit, so they didn't need the search party. However,

they did have to call the ambulance, because it was plain to see... he had broken one of his legs when he touched down.

I went to see him later on, at his house. We talked about all that had happened in his jump and he came to the conclusion that he probably just needed a bigger umbrella, next time.

I don't think his folks were ever inclined to buy him another umbrella...

NOTICE OF DRINKING WATER NITRATE VIOLATION

The Texas Commission on Environmental Quality (TCEQ) has notified the City of Wheeler water system that the drinking water being supplied to customers had exceeded the Maximum Contaminant Level (MCL) for NITRATE. The U.S. Environmental Protection Agency (U.S. EPA) has established the MCL for NITRATE at 10 mg/L. And has determined that it is a health concern at levels above the MCL.

Analysis of the drinking water in your community for NITRATE indicates a level of 14 mg/L. Infants below the age of six months who drink water containing nitrate in excess of the MCL could become seriously ill and, if untreated, may die.

Symptoms include shortness of breath and blue baby syndrome. If your child is under the age of six months, the child must be given an alternative water supply for any consumption. Boiling the affected water is not an effective treatment for nitrate removal.

Most consumers do not need to use an alternative water supply. However, if you have health concerns, you may want to talk to your doctor to get more information about how this may affect you. At this time, the health effects to fetuses of pregnant women is unclear. If you are pregnant, you may choose to use an alternative source of water for drinking and cooking purposes.

We are working to correct the problem. Bottled water is available at no cost for the affected populations at City Hall. We are working with the City Engineer and getting technical support from TCEQ for an alternative water supply.

Please share this information with all the other people who drink this water, especially those who may not have seen this notice. You can do this by posting this notice in a public place or distributing copies by hand or mail.

Statement of Increase/Decrease

Property Tax Form 50-179

CITY OF WHEELER adopts a 2010 tax rate equal to the effective tax rate of \$ 563866 per \$100 of value, taxes would increase compared to 2009 taxes by \$ 6602.

Schedule A - Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
	\$ 0

Schedule B - 2010 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment To Be Paid From Property Taxes	Interest To Be Paid From Property Taxes	Other Amounts To Be Paid	Total Payment
	\$ 0	\$ 0	\$ 0	\$ 0
<i>(expand as needed)</i>				
Total required for 2010 debt service	\$	0		
- Amount (if any) paid from funds listed in Schedule A	\$	0		
- Amount (if any) paid from other resources	\$	0		
- Excess collections last year	\$	0		
= Total to be paid from taxes in 2010	\$	0		
+ Amount added in anticipation that the unit will collect only <u>0</u> % of its taxes in 2010	\$	0		
= Total Debt Levy	\$	0		

Schedule C - Expected Revenue from Additional Sales Tax

(For hospital districts, cities and counties with additional sales tax to reduce property taxes)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ 0 in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rates calculations. You can inspect a copy of the full calculations at:

2010 Property Tax Rates in City of Wheeler

This notice concerns 2010 property tax rates for City of Wheeler

It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$	220,184.00
Last year's debt taxes	\$	0.00
Last year's total taxes	\$	220,184.00
Last year's tax base	\$	39,868,186.00
Last year's total tax rate	\$	0.552280 /\$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$	220,184.00
+ This year's adjusted tax base (after subtracting value of new property)	\$	39,868,186.00
= This year's effective tax rate	\$	0.563866 /\$100

(Maximum rate unless unit publishes notices and holds hearings.)

In the first year a hospital district or city collects the additional sales tax to reduce property taxes, it must insert the following lines unless its first adjustment was made last year:

- Sales tax adjustment rate	\$	/ \$100
= Effective tax rate	\$	0.563866 /\$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for any transferred function, tax increment financing, state criminal justice mandate, and/or enhanced indigent health care expenditures)	\$	220,184.00
+ This year's adjusted tax base	\$	39,048,953.00
= This year's effective operating rate	\$	0.563866 /\$100
x 1.08 = this year's maximum operating rate	\$	0.608975 /\$100
+ This year's debt rate	\$	/ \$100
= This year's total rollback rate	\$	0.608975 /\$100

A hospital district or city that collects the additional sales tax to reduce property taxes, including one that collects the tax for the first time this year, must insert the following lines:

- Sales tax adjustment rate	\$	/ \$100
= Rollback tax rate	\$	0.608975 /\$100

For a taxing unit with additional rollback rate for pollution control, insert the following lines:

+ Additional rollback rate for pollution control	\$	/ \$100
= Rollback tax rate	\$	0.608975 /\$100

ALLISON NEWS By Juanita Boydston

The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: he leadeth me beside the still waters. He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies: thou anointest my head with oil; my cup runneth over. Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord for ever. Psalm 23

The weather in Allison, Texas on this Tuesday morning is cloudy and rainy, received a few showers and looks like more is on the way. The temps are cooler which is really nice. Praise be to Jesus!! God is so good to us and greatly to be praised.

The Allison community was saddened to hear of the death of Nadine Reynolds. Her funeral was Tuesday at two-thirty at the Baptist Church in Allison, Texas.

This reporter's family was saddened to learn that her uncle Ray Rorabough of Redding, California passed away. He was a United Pentecostal Church preacher, he began preaching when he was seventeen. He was ninety-two when he passed away. He married Opal's sister, Dorothy Brown and she preceded him in death.

Billy June Brown had the misfortune of falling twice while trying to gather peaches off their tree in their back yard. She fell one day and laid out under the tree for awhile before her husband found her and then she fell again while trying to gather some more peaches. So she had to make a trip to the E.R. Monday evening to get her cuts and bruises seen about. You are in our prayers Aunt Billy!!

Last Monday the 9th of August, Louise Boydston, Shirley Chadwick, Sue Martin drove to Weatherford, Texas to visit Louise's daughter, LaQuinta, and her husband Mike Hulse. Louise, Shirley and Sue were excited to see their new home. Also got to visit Louise's granddaughter, Michelle, and Cory Phillips and children, Conner and Allison from Alledo, Texas.

On the way home on Friday they visited Pearl Harrison at the Elk City Nursing Home.

Mike and LaQuinta Hulse came on Monday the 16th and also Kim Thompson to Allison, Texas for the funeral for Nadine Reynolds on Tuesday. Cheryl Dupont and Sabrina Dupont and Makenna came Tuesday morning also.

Sunday after church, Opal and Juanita Boydston enjoyed a delicious meal at Mel's Diner in Wheeler, Texas.

May God Bless and Keep ya'll next time!!

"The deferral is only available once," Erwin said. "The license point-of-sale vendors are not allowed to sell a deferral once it has been purchased by an individual."

A database keeps track of hunters who have previously opted for a deferral and will not allow a second deferral to be sold to an indi-

vidual. As a result of hunter education courses, hunting-related accident rates in Texas have noticeably decreased since 1966 when 12 accidents per 100,000 hunters were reported. This rate has decreased to 2.9 accidents per 100,000 hunters during the last four years. In fact, based on 100,000 participants, football players are more than 390 times likely to be injured in their sport than are hunters.

"Our focus is to keep students safe in the field," he said. Erwin said the agency is also looking for volunteers to become certified instructors of the hunter education course.

It is going to be another good year for Wheeler.

It was so nice and cool Monday morning with clouds building. It showed such a good chance for rain. It did rain; just enough to run down the street. But, we appreciate what we got.

We received a second shower late Monday afternoon. The total for both showers was 0.09". Sprinkles fell Tuesday morning.

Congratulations Bob Wills for 50 years in Lions Club. Mr. Wills is not just a member of the orga-
