THE COUNTY SEAT NEWSPAPER

CITY ELECTION SET FOR APRIL 3

Next Tuesday, April 3, another annual city election will be held in the Commissioners Court room of the court house. This year it is for the purpose of electing three aldermen who will be chosen for a two-year term. Listed on the ballot will be the names of T. S. Puckett, Joe Tilley and Archie Hibler.

Present officials include Mayor R. H. Forrester and aldermen Levi Reid, T. S. Puckett, Ansel McDowell, S. D. Conwell and Aaron Williams. The terms of Reid, Puckett and McDowell expire this April.

Persons who have reached the age of 21 years, who have resided in the county for six months and are otherwise qualified voters are eligible to cast their ballot in the election.

W. B. Wofford has been appointed judge to preside at the coming election. Voting will begin at 8 a. m. and polls will close at 6 p. m.

Red Cross Donations Amount To \$4,061.08

The Wheeler County Chapter of The American Red Cross is about \$600 over its minimum goal in the 1945 War Fund. According to tabulation this morning \$4,061.08 had been contributed on the drive that closes Saturday.

In case there are some families who have not made their contribution through the Red Cross, they are urged to see their community worker by the end of this week and even though the minimum goal has been exceeded, there is no ceiling on the amount of donation the good people of the Wheeler chapter will want to give for this worthy war effort. Dr. H. E. Nicholson, chapter chairman, states in encouraging everyone to give a share to the War Fund before it is ended.

In addition to amounts already mentioned in The Times, the Kelton community has turned over \$368.15 to the chapter's treasurer, Mobeettie has turned in \$734.95, Wheeler Boy Scouts collected \$15 more on the Wheeler streets Saturday and Allison has paid in \$252.76.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Helps With Propellers

An Air Service Command Depot, England—High praise from his commanding general opened 1945 overseas for Cpl. J. D. Herd of Wheeler, husband of Helen June Herd.

Serving in the vast propeller shop at this Air Service Command depot in England he and his fellow-soldiers assembled, repaired and modified more than 7,000 propellers for front-line aircraft during 1944.

Commanding their battle-backing efforts, Brigadier General Morris Betman of San Antonio declared: "Working for months without days off before D-Day; stepping up their output to meet the demands of airborne operations in Holland; sweating night and day to get planes into the air for every raid over Germany, these men have outdone themselves in the thankless job of backing the 1944 aerial offensive against Germany."

A soldier since February 6, 1941, he has been overseas for 16 months. He was formerly employed by Skelly Oil Co., Pampa, after attending Wheeler high school.

Back In States

Mr. and Mrs. W. A. Goad received a telegram Tuesday from their son, William A. Goad, Jr., stating that he is back in the States, is feeling fine and expects a furlough soon.

In Hospital

Mrs. Darrell Atherton of Briscoe has received a letter from her husband, Pvt. Darrell Atherton, stating that he is in a hospital suffering leg and foot injuries received on the training field at Camp Robinson, Arkansas.

Visits Brother's Grave

Cpl. Charles Mixon has written his parents, Mr. and Mrs. Charlie Mixon of Mobeettie, that he visited the grave of his brother, Sgt. Leonard Mixon, who was killed in action on Leyte Island October 23, 1944.

Sgt. Leonard is buried in a beautiful American cemetery on Leyte. The grave is marked by a white cross with an identification tag fastened to the cross. The brothers took part in the same battle but were 40 miles apart and did not meet.

Returns From Overseas

Cpl. Louis B. Johnson of the AAA is returning from 31½ months overseas in the Mediterranean theater of operations and was expected to arrive at Ft. Bliss, Texas about March 25, prior to reaching his home at Mobeettie where he is expected to visit his parents, Mr. and Mrs. Jack Johnson.

In Fox Hole

Mr. and Mrs. Zack Coleman have received the following letter from their son, Sgt. Dea Verne R. Coleman, who is somewhere on the German front:

Dear Mom and Dad,
March 10, 1945
Today, being my birthday, and three more until Dad's, finds me well and wishing Dad a happy birthday. I am fighting now with the 7th Army. I suppose you know that already, or have guessed it. You are more or less your own boss over here, you can about do anything you want to here. It has been raining pretty hard but I haven't gotten wet once. So don't worry, Mother, I'm dug in deeper than a prairie dog. We really have a fox hole here. You can stand upright in it. It is lined with logs and has a stove we picked up out of a junk pile. So you see you don't have to worry about me being safe enough. I've learned how to live and fight before coming over. I have been in tending to try and kill a deer as there are quite a few here—so they tell me. Yes, we have been giving the Germans hell. I imagine I already have quite a bit of blood on my hands. You know I can't see, but I have good ears and can hear what we have done. So, sit tight and we will win it soon, I hope. Love, Dea Verne.

At Fairfield, Calif.

Fairfield, Calif., March 8 — Cpl. Forrest P. Luttrell of Wheeler has been assigned to duty at the Air Transport Command's Fairfield-Suisun Army Air Base, it was announced by Lt. Col. Arthur W. Stephenson, Commanding Officer.

He is the husband of Mrs. Paul Luttrell of Wheeler and entered the Army on December 1, 1942. Prior to his entrance into the Army, he was a pharmacist in Pampa.

SPEARMAN NEWSPAPER NEEDS FIVE NEW SUBSCRIBERS; WHEELER PAPER NEEDS SEVEN

Wild Bill Miller, editor of the Spearman Reporter, is seeking five new subscribers for his weekly publication. When these are found, he says, a new record for weekly paper circulation will be established. "We'll have a subscriber for each person in Spearman," he explains. The city population is 1105; his circulation is 1100.

After reading this bit of interesting information concerning our neighboring weekly it's just naturally hard for us to keep quiet for we can go him one better. The past two weeks we have printed and mailed out 1265 copies of The Wheeler Times. Based on the 1940 census figures, Wheeler had a population of 848. One and one-half times that number would be 1272—so now we're looking for seven new subscribers just so we'll have one and one-half subscribers for each person in Wheeler.

Merchants' Committee Named To Wheeler County Ration Board

Five Wheeler County merchants have volunteered to help the Price Panel of the local War Price and Rationing Board provide accurate information announced by the Office of Price Administration March 20, covering apparel, dry goods, and house furnishings.

This Merchant's Committee is made up of L. D. McCauley, Mobeettie; R. G. Russ, Wheeler; C. H. Clay, P. E. Bear, and Bob Douglas, Shamrock. L. D. McCauley, Chairman of the Committee, has pledged cooperation with the Price Panel to make sure that every merchant gets the information he needs to make his pricing chart. The chart will show the costs and selling prices of the goods he offered for sale on March 19, 1945.

County Bank Deposits Continue Large Gain

Deposits in the Wheeler and Mobeettie banks continued to climb during the past three months as substantial gains are revealed in figures released in accordance with a call made March 20 by the Banking Commissioner of Texas.

Deposits in the Citizens State Bank of Wheeler show gains from \$896,273.30 on January 11 to \$929,981.15 while those at the First State Bank of Mobeettie have increased from \$503,549.87 on January 11 to \$524,904.82 on the date of call.

Last Rites Held For Judge H. E. Hoover

Funeral services for Judge H. E. Hoover, who died in Canadian Wednesday after an extended illness, were conducted Friday afternoon at 3 o'clock from the First Baptist Church at Canadian. Dr. Fern Miller, pastor of the church, officiated. Burial was in Canadian Cemetery, near the grave of his son, Tom R. Hoover, who died in 1914.

Judge Hoover is survived by his wife, the former Miss Laura Bragg Winslett; two sons, Dan B. and Ed Hoover, Jr.; two daughters, Louise and Vashti; and a sister, Mrs. Lela Stone, all of Canadian.

Judge Hoover, 84, was known and loved throughout the Panhandle area. He first came to Lipscomb County 59 years ago, and during his years there helped bring about the development of the High Plains region.

His many enterprises included helping to organize the First National Bank at Canadian, the White House Lumber Company, the Canadian Light and Power Company, and the Hemphill County Creamery.

But over and above these things, he was known first for his honesty, his love for his fellow man, and his great zest for living. Wherever he went he left behind him the knowledge that a great man had passed by; one who knew no fear; one who acted in accordance with his beliefs and ideals.

Sunday dinner guests of Mr. and Mrs. Choice Bridges were Mr. and Mrs. W. J. Shaffer and children of Twitty; Misses Betty and Georgie Warren.

cargo, personnel, and air mail across the longest over-water airway in the world to the strategically important Pacific Theater of Operations. A fleet of giant ATC C-54 Skymaster transport planes fly sick and wounded military personnel from combat zones to this Base on regular air evacuation flights and also returns combat-wise veterans to the U. S. under the Army's overseas rotation plan.

Cpl. Luttrell graduated from the Capital College of Pharmacy in 1942. He is a member of Alpha Sigma Phi and Society of American Pharmacists.

LT. WALDO OLDHAM PRISONER OF WAR

Second Lt. Waldo J. Oldham, B-17 Fortress pilot, is reported by the War Department to be a prisoner of war in Germany. A message was received by his parents, Mr. and Mrs. R. W. Oldham, last Thursday. The couple had formerly been informed by the War Department that their son was missing over Germany since February 3. Since getting the first message Mr. and Mrs. Oldham have received communication from parents of two other crew members of the same plane stating that they had been informed that their sons were safe.

In the message received from the War Department Thursday Mr. and Mrs. Oldham were told that a letter would follow.

Paper Collection To Be Concluded

The waste paper collection sponsored during the past month by the Wheeler Boy Scouts, will be concluded this week end as the Scouts make their final city-wide collection late Friday afternoon and are to be on duty at the Scout Hut all day Saturday to receive bundles of waste paper that citizens living out of town are asked to bring.

Several tons of waste paper have been contributed and will be shipped to Amarillo, the nearest market, via Adams Truck Line who have offered to haul the paper free.

An 869 pound donation this week by Miss Tamey Riley adds considerably to the total paper collected and is possibly the largest single contribution in the entire drive.

Wheeler residents are again asked to see that they have all paper tied in bundles and placed where it may be picked up when the Scouts make their final round of the drive about 6 o'clock Friday, March 30.

ALLISON PLANS REVIVAL

The Baptist and Methodist churches of Allison will hold a union revival beginning Sunday. Both Rev. McAnally and Rev. Stonecipher, local ministers, are to help with the meeting and invite everyone of the community to join in the services.

CLYDE MAGEE, employed by the McLean High School for the past 10 years as Vocational Agriculture Instructor, is expected to arrive in Wheeler Monday where he will take over the duties of County Agricultural Agent. Magee succeeds Jake Tarter who has served as County Agent for the past 14½ years. The Tarters have moved to their farm near Wellington.

Wheeler County Dry Goods And Furniture Dealers To Meet April 5

All retailers of apparel, dry goods or house furnishings will meet April 5, 1945 in the District Court room at 8:30 p. m. to discuss with local ration board members and representatives from the District OPA the new retail price regulation covering their items.

Discussion will center around the pricing chart each merchant is required to file before April 20. This chart, showing the costs and selling prices of the goods offered for sale on March 19, 1945, will simplify the job of calculating ceiling prices, Raymond Holt, chairman of the Price Panel, stated.

"It is urgent that every retailer concerned with this new regulation be present at the meeting," he said, "for this will be the best opportunity to get any question concerning the new regulation answered."

Farm To Market Roads Are Asked For County

Commissioners Lloyd Anglin, Henry Sims and Tom Montgomery and County Judge George Hefley appeared before the State Highway Commission in Austin Monday in interest of farm to market paved roads in Wheeler county. No. 1 project presented to the group is a sixteen mile strip from the Nine Mile Station of Highway 152 east of Wheeler by Kelton to a junction with Highway 83 at Twitty. No. 2 project requested is a seventeen mile strip from Belco on the Wheeler-Gray county line by Kellerville and Magic City to Highway 66 west of Shamrock.

The Wheeler county group was the first of several delegations heard Monday and Tuesday by the commission.

4-H CLUBS EXHIBIT ON GARDENING ON DISPLAY

This week the Wheeler 4-H Clubs are displaying a garden exhibit in Clay Food Store window on "Treat Garden Seed." One of the tomato seed boxes was treated with semesan (organic mercury) and the other untreated. This is easily done by putting the seed into a tight container, thoroughly coated. Disinfect seed to kill seed-borne diseases, to control damping off and to stimulate growth. All garden seed can be treated with semesan except lima beans. Semesan can be purchased at your local drug store. The exhibit will remain in the store window until Thursday, April 5.

A. C. WOOD'S SONS VISIT HERE

First Lieutenant and Mrs. George Wood, Major Tom Wood of Clovis, Mr. and Mrs. Joe K. Clark and son, Mr. and Mrs. Gordon L. Reynolds of Lefors were week end visitors of Rev. and Mrs. A. C. Wood and Mr. and Mrs. Gordon Stiles and children. Rev. Wood's three sons are all in uniform. Pfc. Alonzo Wood is attending medical school in Dallas. Mjr. Tom Wood was stationed in the Aleutians for several months and, together with his crew, is credited with several missions over the Japanese homeland. First Lt. Geo. Wood graduated from medical school in June and has done nine months intern duty at San Antonio. He is to report at Carlisle Barracks, Penn. A daughter, Ovella Wood, is with the Red Cross and helping with the recreation work of returning veterans at Ft. George Wright, Washington.

EASTERN STAR TO HAVE MEMORIAL PROGRAM

The Mobeettie chapter No. 554 Order of the Eastern Star will have a memorial program at the next regular meeting, April 3 at 8 o'clock.

CLOTHING DRIVE WILL BE STAGED STARTING APRIL 2

In response to a special request made by directives of the United National Clothing Collection, Wheeler County will join in the national effort beginning next Monday, April 2. Chief collection center in Wheeler will be the Wheeler Post office. A box for receiving the clothing will be placed in the post office lobby and Wheeler Boy Scouts will aid Postmaster Chester Lewis in seeing that it is taken care of in an orderly manner.

In Mobeettie The Farmers Equity Service Inc., and the Cicero Smith Yard have been designated as collection centers in the clothing drive.

Clothing collected will be used for free distribution to the needy and destitute men, women and children in war devastated countries. It has been reported that as many people have died from exposure as from starvation in the war areas. The objective of the collection drive is to obtain 150,000,000 pounds of good usable clothing.

Types of clothing most urgently needed are infants garments; all types are in urgent demand, particularly knitted goods, men's and boys' garments, overcoats, topcoats, suits, coats, jackets, shirts, all types of work clothes, including overalls, coveralls, etc., sweaters, underwear, robes, pajamas, knitted gloves; women's and girls' garments, overcoats, jackets, skirts, sweaters, shawls, dresses, underwear, aprons, jumpers, smocks, robes, caps and knitted headwear, serviceable heavy duty caps, knitted headwear, such as stocking caps are needed. (Women's hats, dress hats and derbys cannot be used.)

Bedding such as blankets, afghans, sheets, pillowcases and quilts are urgently needed if in serviceable condition.

Either oxfords and high shoes of durable type with low or medium heels are desired. Shoes with high heels, open toes or open backs, evening slippers and novelty types cannot be used.

All shoes collected should be matted and tied securely into pairs.

Usable remnants of piece goods, cut or uncut materials, cotton, rayon, or woolsens, etc., one yard or more in length, but not rags or badly damaged, dirty or worn-out fabrics.

Clothing should be cleaned or laundered, but not ironed or pressed, before being donated.

Large Group Attends H. D. Program Saturday

Through the vision of Mrs. Mary Kate Zeman and Miss Amy Sue Beckett and the cooperation of specialists from the Extension Service, College Station, and Home Demonstration agents from near counties, a well planned program was given in the homemaking cottage at Wheeler last Saturday.

Inspiration and much good was realized through the food demonstrations and friendly association.

Miss Jennie Camp, food production specialist, gave a clear picture of the individual responsibility and the need of cooperation from each member of the family in doing a better job of producing, saving and serving food in 1945.

Good everyday foods were prepared by Miss Edith Lawrence, food preparation specialist, and served at the noon hour. Miss Doris Leggett, district agent, gave strength and encouragement in her gracious way.

A clever skit, "Feeding Bossy by the Can Full," was given by Mesdames Lloyd Hefley and Clyde Meek, directed by Miss Argen Hix, Hemphill county home demonstration agent. Other visiting agents for the all day meeting were: Misses Wanda Kimbrell, Lipscomb, Frances Wilroy, Childress and Charlene Hyer, Wellington.

Following the close of the demonstrations the council to the county home demonstration clubs, directed by the chairman, Mrs. Ernest Zybach, met in the clothing laboratory for a business session.

There were nine clubs represented with 36 members and visitors present.

The night of April 14 is scheduled for "Family Night," or a recreation party, at Wheeler for all club members and their families.

The next council meeting will be the afternoon of April 28.

Men of Faith

Back through the long ages before man began to trace through thought and experiences the meaning of life and death, he dreamed a dream of another time, in a strange place, with foreign faces. He awakened to find his body still lying on that cave floor, surrounded by familiar holdings, but while he slept something not quite real had happened beyond and in spite of himself. There was a departure, a leave-taking of a spirit that had freed itself from its bonds. Perhaps this was man's first awareness of having a soul, we do not know. Later, through proings and wonderments, man enjoyed the comfort of believing this soul survived after the body died, that this was not the end but only the conclusion of days as yesterday and tomorrow. Life, he decided, is but a brief interlude, a marking-time for a richer reward, that death must be the experience of all men regardless of station and condition. That the body, when put into the ground, returns to the dust from where it came, that the grave triumphs by taking back its own, is a hopeless vision, too poor a price to pay for living. Those who followed in the teachings of their fathers, have faith beyond all this, have hope that transcends all frustration and cynicism, have faith there is a resurrection and that by living in the anticipation that man can be reborn, the grave does not denote the end. You hold the seed in the palm of your hand, He said, and it seems lifeless and wasted. Place it in the soil, tend it and soon there appears a shoot, a bloom, breaking through to prove life.

It is the supreme and solemn dedication of all Christians that the sorrow and tragedy of the crucifixion was the great price paid to give man hope, to convince him that the human gains, the misery, fears, rivalry and catastrophes of today pass, that the inconsistencies, imperfections and errors are no more. Immortality is the belief of those who love, the prayer of those who lose, the power to sustain those who despair. The good a man does makes him immortal, his name is blessed—he lives.

This Easter, when hearts reach to each other for peace in war, it is the long look that speaks the words of comfort, expresses the freedom of soul. Faith if not reason, say a few, but must a man be shown to believe? Perhaps modern philosophy and scientific research disprove the idea of soul, of immortality as a more childish conception founded on legend and tradition. But if man abandons his hope, his faith, his belief, what does he substitute for it? Life everlasting is the reason why we live to die, the victory of the Godly. A good cause knows not defeat.

Strikes 'Round About

We are apt to feel that labor strikes are a quaint American custom, confined to these shores, without benefit of clergy! But other countries have to combat them as well. London suffered an unauthorized strike of dock workers which perilled the city's food supply and interfered with the moving of supplies to the Allied troops on the continent. Over 7,000 men walked out. In Scotland there comes a strike among coal workers affecting Britain with a 21,000 ton shortage. In Detroit, automotive workers, 35,000 of them, strike because of the disciplinary discharge of 7 shop stewards. The fact that the contract between miners and companies of soft coal mines expires the last of March and the new increased demands point to a halt in production

Pertinent Paragraphs from Panhandle Press

A local man is of the opinion that if the War Production Board had really wanted to do men a good turn it would have allowed him to buy two pant suits, cut about nine inches off the legs of long underwear and shorten overcoats to fingertip length. If the girls can run around without socks and knee length skirts, strong he-men can get along without long tails on their overcoats and underwear that piles up in accordion pleats just above shoetops.

When the temperature dropped to about 24 degrees Monday night, it produced a condition which it is estimated has gathered the Friona peach crop for this season, as the blooms were getting near the opening stage, and therefore unable to stand such low temperatures.

It seemed that all peach trees in this locality were, or would have been loaded with blossoms; and had the weather continued mild like it has been for a few weeks, there would surely have been an immense yield of fruit for this season. Someone stated Monday when the wind got to the north that Jack Frost was coming for our peaches, and it is supposed that he got them. When Old Jack Frost goes after anything in this country, he rarely fails of his object.

J. Edgar Hoover is alarmed. He is looking at the youth problem, and wonders what will be the result after the war. He is fearful of a crime wave, and has adequate grounds. Offenses of youth against society have increased 175 per cent. For a breakdown, the following facts as revealed by Hoover are alarming. Robbery cases among youth have increased 40 per cent; assault is up 43 per cent; intoxication is up 155 per cent; disorderly conduct has increased 300 per cent. War brings out the worst of a people. Fathers and mothers are working, leaving children to run-fancy free. The results are obvious. Practically every community is starting some sort of youth training center which may be supervised. The question is obvious: Is it better to gather youth into one group where they may be supervised; or to allow them to run at large without supervision?

If you are interested in city government, or school affairs, now is the time to interview your favorite candidate and see if his ideas coincide with yours. Candidates are usually more considerate of the voters' opinions than are office holders and certainly voters have a right to know a candidate's view on civic affairs.

Both Churchill and Roosevelt have defended their change of attitude toward Poland. There is nothing else for them to do. Stalin told them how he was going to settle the Polish question, and in this instance Churchill and Roosevelt became yes-men. That was something new for them.

The lively interest in the bare-footed manikin in the window at the Little Fashion Shop suggests that one sure way to be a sensation in the Easter Parade would be to turn up without shoes. Or maybe the window decorator was just anticipating the OPA—shoe ration stamps are getting further and further apart; and after all, lots of the girls have found out that they can do without stockings.

Prospecting for gold . . . or betting on horse races has paid big money to some people, some times . . . but they are certainly NOT DEPENDABLE!

You may "strike it rich," some years, by growing some crops if you happen to be lucky. But, most of us can't afford to take a chance—we've got to have a **DEPENDABLE CROP**—a crop that has proved that it will yield well, year-in and year-out, and will bring a sure cash return.

COTTON AND COTTONSEED offer you more dependability—when you plant them you know you'll be able to convert them into ready cash at harvest time. Build your balanced farming program around your **SURE CASH CROP—COTTON AND COTTONSEED.**

The Times War Time Reporter Says

Folks I'll tell you:

They started up a new school in our district and my Grandpa got interested in Cyeology and he got to be at the head of the class. He bet the teacher he could go out in the woods and make friends with a Grisly bear in ten minutes. Grandpa not only won that bet but he sold the bear a box of nail polish in seven minutes flat.

Grandpa was a man that believed in fighting fire with fire. He said this was a hard world and it took a lot of hard cider to soften her.

My little poem today will be:

Easter

All Mighty One above,
With only life to give,
Gave freely all you had
That we poor souls should live.

Forgive us Lord our ignorance,
We silly selfish men,
We know not what we do
And continue on in sin.

But Christ, we are here today
In memory of Thy name,
Forgive us, Lord, our sins
We take all the blame.

"GRIM" IS THE WORD, used by Washington authorities in a recent statement, to describe the immediate future of civilian passenger car transportation.

Tire trouble and tire shortages . . . motor trouble and parts shortages . . . are forcing so many cars off U. S. streets and highways every day, that the nation is rapidly approaching the low point in cars needed to keep our country's civilian economy at an efficient operating-level.

It's danger all the way, because every mile you drive places extra hazards and added burdens on your already over-age car. So in our country's interest, and in your own, be thrifty with your dwindling stock of car and tire miles.

PERSONALITIES

By Mrs. Charles Warren

TOBE FRYE

Next Monday, April 2, 1945, Tobe Frye, rancher, near Allison, will be fifty-eight years old. He has the distinction of living all of his life on the Frye Ranch, nine miles northeast of Wheeler — where he was born. He was born April 2, 1888, in the old rock home his father built in 1884.

It was here that his father, Henry Frye, located in 1882, before Wheeler county was organized, and his father helped to organize the present boundary lines of the county. The Henry Frye family moved to the head of the Washita River in 1877, and established their ranch before Hemphill county was organized — but later moved to the Frye Ranch headquarters in what is now Wheeler county, where they made their permanent home, and advanced their ranching interests and grew with the country.

Mr. Frye said that his father's home was first a dug-out, then a picket house with dirt roof and floor with the wind out; then he built the old rock home — which was a mansion in those olden days — when Indians were still degrading in the Texas Panhandle. At first the old homestead had only two large sixteen foot square rooms, but as time passed more rooms were added. It was difficult to transport lumber and other building materials through the wilderness from Dodge City, Kansas,

just over cow trails. When his father hauled the lumber, window-glass, shingles and other building material for finishing the rock house, it required 30 days to make the round trip with a team of oxen. Round trips could be made with a team of horses in 15 days. Trips were long and hazardous and frequently fraught with dangers. It was a big accomplishment to get this, the first substantial home in the community built, without painting.

Fifty-two years later, in 1936, the woodwork of the old rock home was painted by C. C. Warren, and it was found that lumber in the cornices was as good as ever — after 52 years of exposure, unpainted. George Warren built a porch with the help of his father, and the unique thing about this porch is that it is built around a large hackberry tree — which Mr. Frye's mother had planted in front of her home (where the porch should be), over fifty years before. Mr. and Mrs. Frye wanted that tree to remain as a monument to their mother. The tree continues to grow and shade the porch, truly exemplifying the famous old poem, "Woodman, Spare That Tree," by H. W. Longfellow.

Very interesting is the old rock spring house, built over an everlasting spring of cold water, where milk, butter and eggs were kept cool and fresh, when Tobe Frye was a child, and modern methods of refrigeration were unheard of. Another interesting feature of this pioneer home is a gate made without hinges, which his father swung by the end pole fitting in a large rock hollowed out in the center. Mr. Frye plans to preserve

this bit of the past by taking the original rock up to his ranch, a part of the old Frye ranch, and reconstructing a gate on similar lines.

The large cottonwood trees around the old homestead, which is still lived in by foremen and others, were planted by Mr. Frye's parents. As there were no trees, when they went horseback riding, they cut switches and carried as many as they could and set them in the ground, and they took root and grew to be large trees.

Mr. Frye continues to use his father's old brand, a circle on left shoulder. His mother's brand was FRYE. There are still some of the old cattle branding irons around the place. "Back in the Eighties," Mr. Frye said, "cattle rustlers mutilated the Circle brand, by checkerboarding it, on probably 1000 head of his father's cattle, after which his father decided he would bell-collar his brand on all of his cattle, which he did. He had no more trouble with rustlers — except Indians, who would steal a few.

Back in the Eighties, his father drove many herds of cattle up the "Old Chisholm Trail." On many trips he would kill buffalo — which were plentiful on the Panhandle Plains. Families rode in buckboards and on horseback everywhere they went. There were no improved roads, and Mr. Frye said: "When you came to a bad place, well, you just went around it." He learned to ride early — almost as soon as he could walk, he said, and has almost lived in the saddle in his youth.

The first postoffice in the Allison community was in the Frye home, and was run by his mother. The mail was carried horseback in saddle bags, from Old Mobeetie which was the first postoffice in Wheeler county. The Frye postoffice was the second, Mr. Frye thought.

His father, Henry Frye, helped haul the rock to build the first school house, which was called the Old Rock School, built in 1844. At the beginning, children of only four families attended. The first teacher, Mr. Frye said, was Professor Davis (grandfather of Claude and Lawrence Davis, of Kelton). Mr. Frye said that he received all of his education in the old Rock school. He loved the great outdoors, ranching and has stuck to ranching all of his life. He likes to hunt, and styles himself as "just a wolf hunter."

Tobe Frye was married to Miss Lillie Helton, on Christmas eve, 1908, at Preacher Harris' home on Washita River. They are the parents of a son, Clinton G. Frye, instructor in the Air Corps, Chickasha, Oklahoma; and a daughter, Lebell Adkins, who lives in California. They have adopted their little granddaughter, Barbara Nell Frye, who is an important member of their household — she being the only child at home now.

Mr. Frye has two brothers and one sister living, as follows: W. H. Frye lives on part of the old Frye ranch — at the old home place; H. T. Frye lives in Sulphur, Oklahoma, and his sister, Mrs. Nellie Puryear, lives in Boulder City, Nevada. One sister, Mrs. Lizzie Young, died in 1905. Her children, Johnnie and Henry Young, live on the old place his father settled at the head of Washita River in Hemphill County. Sallie Young Huff lives at Gageby, north of Allison.

Mr. and Mrs. Lamar Guthrie and son of Erick visited the Lee Guthrie's and the Lem Guthrie's Sunday.

New Santa Fe Bridge Speeds War Traffic

Santa Fe trains are now rolling across a new double-track steel bridge over the Colorado River near Topock, Arizona, speeding up vital war traffic along the route to Tokyo through California's ports of war.

This new Santa Fe bridge removes the

"bottle-neck" created by the old single-track bridge it replaces and has ample strength to take care of future requirements as to weights to be imposed on it.

The new Topock bridge is an impressive engineering feat, but it is only one step in Santa Fe's program of plant improvement—started long before Pearl Harbor. These improvements have speeded up war traffic today, and they will enable a higher standard of Santa Fe service in the days of peace to come.

Senior Play to be Presented Friday

Several musical numbers and songs will be offered before and after the acts of the play.

There will be more seats than usual as the group tries to have enough seats for everyone to be comfortable.

The play is a three act comedy, made up entirely of seniors. The cast is high school youngsters in every day life. Plenty of laughs and a jolly good time for all.

The purpose of the play is to get funds for the sophomore-senior trip, and for the entertainment of all.

Tennis Champions (Boys)

Ewing Barnett and Richard Hefley fought their way to a tie for the lead in the Briscoe tennis eliminations. Barnett and Hefley both triumphed in four out of five sets. Bill Price is trailing with three out of four sets. The final match is between Price and Kite. Should Kite win, it would throw Kite and Price into a tie for third place requiring a play-off.

The Broncos have been working out for track and will take on any of the local schools that have track teams. This is a challenge!

Girls' Sport News

The girls have finished their semi-final eliminations in tennis. Rozena Helton, Nelda Barry, and Mary Riley are leading with 15 games out of 20. Lottie Marie Zybach has 14 out of 20. LaDell Atherton has 12 out of 20 and Armell is in the running with 11 games to her credit. The finals will be played in the near future.

Senior Scents and Non-scents

The seniors haven't had much class work this last week because of play practice.

Mary Ruth was absent three days last week.

Social Items

Lottie Marie Zybach and Mrs. Laverna Fillingim were attending to business and visiting friends in Amarillo over the week end.

Bobby Candler visited friends in Borger Saturday and Sunday.

LaVerne Finsterwald spent the night with Emily Seedig Saturday night. Emily visited LaVerne Sunday.

Sophomore Strategies

The sophomores have begun discussion concerning the sophomore-senior banquet which they plan to give April 27.

Sophomores entered into the study of literature and everyone seems to like the stories but not the outlining.

Eighth Grade News

The eighth grade are really working now. All of the teachers are giving them very hard lessons.

The class is very sorry that two classmates have moved away. They are Cecil Edwards and Lavoe Childress. There are only ten left in the class.

Seventh Grade News

Two members of the class have moved away. They are Marie Edwards and Lou Anna Witt. They were given a farewell party last Friday night.

Billy Atherton has been absent the last few days.

Dear Snooper: Where did Sammy, Audie and Cecil go Monday morning? Just Little Me. They left in Mr. Mac's car, but they only went to Mobeetie to announce the senior play. Dear Snooper: When do we get a banquet? Seniors. Why the haste? It

THE PEANUT PROGRAM

Uncle Sam needs more peanuts than last year. He needs them for our fighting men and for civilians. We can't find enough good peanut land to produce all he needs based on last year's yields. But we can grow more peanuts per acre.

The Bureau of Plant Industry, Soils and Agricultural Engineering; the Extension Service; and the Agricultural Adjustment Agency have developed this nine-point program for growing more peanuts per acre: 1. Use good seed of known high germination. 2. Shell planting seed. 3. Treat planting seed. 4. Space close and aim for a perfect stand. 5. Use the soil best adapted to peanuts. 6. Plant reasonably early and cultivate according to approved methods. 7. Dust peanut vines with sulphur. 8. Use approved harvesting methods. 9. Follow peanuts with winter cover crops.

The county agent can help you follow this program. AAA offers financial assistance for growing and turning under approved winter cover crops. Ask at the County AAA office about this and other conservation practices.

The price support and marketing program will be the same as last year's. The War Food Administration will support Spanish, Valencia, and Virginia type peanuts at \$160 a ton and Runner type peanuts at \$145 a ton. These prices are based on peanuts with a sound mature kernel content of 65 per cent for Virginias, Valencias and Runners and of 70 per cent for Spanish. Support prices for other qualities and types will be announced later. It is profitable as well as patriotic to grow more peanuts per acre this year.

KAPPA BETAS HAVE EASTER PROGRAM TUESDAY

The members of the Kappa Betas met Tuesday night with Mrs. Calvin Harmon. Miss Mary Eunice Noah was the leader of the Easter program.

The first part of the program was given by Miss Leona Crossland, and it was an article written by a lady about "Death as a Guest."

"Together To The Sky" was a story given by Miss Noah. "Easter In Calvary," a poem was given by Mrs. L. T. May.

The group joined in singing "Lead Me To Calvary." The program was closed with an Easter prayer led by Miss Noah.

The Easter motif was carried out in the decorations, and in the lovely and delicious refreshments. On the plate of each guest was a pretty Easter egg with her name on it.

Those enjoying this occasion were: Misses Leona Crossland, Ruth Barr, Lela Ruth Watt, Mary Eunice Noah, Amy Sue Beckett and Evonne Hubbard. Mesdames Wendell Meek, H. E. Nicholson, sponsor, two new members, Mrs. L. T. May and Mrs. Audrey Pierce, and the hostess, Mrs. Calvin Harmon.

MRS. FORRESTER IS HOSTESS TO B. AND P. W. CLUB

Mrs. R. H. Forrester was hostess at a dinner party given in her home at eight o'clock Monday evening for the members of the Business and Professional Women's Club.

Those present were Mrs. Lee Guthrie, Mrs. Jimmie Mitchener and Mrs. Alton Nations, guests and Mesdames A. O. Vanpool, W. W. Meek, R. J. Holt, E. H. Kennedy, Misses Mary Noah, Leona Crossland, Clara Finsterwald, and the hostess, Mrs. Forrester.

GOOD NEIGHBORS H. D. CLUB MEETS WITH MRS. NEWMAN

The Good Neighbors club met March 22 in the home of Mrs. Albert Newman. Roll call was answered with a new vegetable the members planned to grow this year.

After a short business session Mrs. Zeman gave an interesting demonstration on "Garden Varieties, Selection and Care."

Refreshments were served to Mesdames Weaver Barnett, C. C. Dyson, Herbert Finsterwald, Milton Finsterwald, W. A. Finsterwald, Roe Green, J. G. Haralson, Farmer Hefley, Henry Lee, Roscoe Meek, Ralph Oldham, Dow Powell, Zeman and Newman.

Gale and Gene Sainsbury, Lyndon Lee and Larry Finsterwald. The club will meet April 12 with Mrs. W. A. Finsterwald.

W. S. C. S. MEETS WITH MRS. PORTER MONDAY

The Woman's Society of Christian Service met Monday afternoon in the home of Mrs. J. M. Porter. Mrs. Wren gave the devotional; Mrs. Lee and Mrs. Hunt gave a review of "The Burma Surgeon," and Mrs. Porter gave "Three Lives from the Yearbook."

Those present included Mesdames Lloyd Davidson, Ansel McDowell, J. M. Glover, Elizabeth Wren, Ed Watson, D. E. Holt, Fred Farmer, Ada Alexander, C. C. Robison, Ernest Lee, H. H. Hunt, Harold Nash and Gerth, Pete Mayfield, Mary Johnson, Ollie Hubbard and the hostess, Mrs. Porter.

MOVIE CHATTER

(By a Rogue)

Gene Autry

It has been a long time since Gene Autry has been on the screen at the Rogue Theatre. In fact, Gene has not made a picture since enlisting in the U. S. army near the beginning of the war. So, naturally, there are no new Autry pictures. However, his producers have made some reissues of several of his former pictures. One of these, Ride Ranger, Ride, will be shown at the Rogue Friday - Saturday, March 30-31, and of course Frog will be there also. You may have seen this picture several years ago when it was new, but we believe you will enjoy seeing it again.

Casanova Brown

Gary Cooper and Teresa Wright were last teamed together in Pride of the Yankees, and what a team and what a picture it was. And now we offer this same team in Casanova Brown at the Rogue Prevue-Sunday-Monday, March 31 - April 1-2. Just look over the many Gary Cooper pictures that you may have seen in the past, and if you can name one that was not a top-notch we will recommend that you not see Casanova Brown. Our judgment tells us that you will be there.

San Diego, I Love You

For a nice, fast, smooth little comedy we recommend that you see San Diego, I Love You Wednesday-Thursday, April 4-5, at the Rogue. Of course you must remember that many a job has been turned out and turned in at San Diego and we really wonder if there is much actual love for the great Naval Base town by the boys. Come out and see. You will, at any rate, have a good time whether you gain any useful knowledge or not.

Old Jupiter's lightning was Z-shaped. Today's lightning-fast cameras prove that it really flashes beautiful curves. Shows how weather bears watching, and now in Spring, so does the car that must last you! It's time to drain unfit Winter oil, and you'll get far more than an oil change by having your engine's insides OIL-PLATED.

Then after stopping, when acids want to gnaw any engine, they're curbed by OIL-PLATING—the foe of corrosive wear!

What a big lot of safety from wear! . . . to stretch engine life . . . to make oil and gasoline last you . . . to minimize carbon and sludge . . . to help power! Yet Conoco Nth oil costs little more. Fast as lightning, change for Spring. Continental Oil Co.

All you need is Conoco Nth motor oil to bond OIL-PLATING direct to working parts—really a built-on layer of lubricant. This special wear protection—a great research achievement—is surfaced to metal by Conoco Nth oil's strong "power of attraction." And Nth oil provides tough liquid film, too.

OIL-PLATING and oil film are both fighting wear every mile.

CITATION BY PUBLICATION
 OF THE STATE OF TEXAS

Elmer Hudson, Defendant, Greeting:
 You are hereby commanded to appear before the Honorable District Court of Wheeler County at the Court House thereof, in Wheeler, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16 day of April A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on

the 27 day of February A. D. 1945, in this cause, numbered 3573 on the docket of said court and styled Fannie Hudson Plaintiff, vs. Elmer Hudson Defendant.

A brief statement of the nature of this suit is as follows, to-wit:
 Suit for divorce, plaintiff alleging in substance as follows:
 Residence for statutory time in State and County; that she was legally married to defendant in Wichita County, Texas on March 31, 1941, they living together as husband and wife until February 13, 1945, when on account of cruel treatment on the part of defendant toward plaintiff she was compelled to finally separate from him, which cruel treatment was of such a nature as to render their further living together insupportable, and which had continued with slight intermission throughout such marriage. Plaintiff prays for divorce and restoration of former name of Fannie Baker as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wheeler, Texas this 27 day of February A. D. 1945.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Brothers Meet In England

Mr. and Mrs. R. B. Leonard this week received the good news from two sons in England that they had met and spent considerable time together. Sgt. Dinzel Leonard has been overseas for over a year and

LT. WILLIAM A. LEONARD

SGT. DINZEL LEONARD

was wounded in Germany November 17. Soon after he was sent to a hospital in England and has been there since. Lt. William A. Leonard has been overseas since the first of the year and stationed in England. On March 5 he located his brother and on March 8 was granted a two-day leave to go see him.

Lt. William wrote that, after riding a bus, train, walking, riding in a jeep and ambulance, he finally found Sgt. Dinzel. Both wrote to their parents in the same letter — one writing a paragraph or two and then the other writing a while. They wrote

that — for them — the war was over the twenty-four hours they were permitted to spend together, as they talked of home and loved ones and their plans when they would return home.

Sgt. Dinzel is reported to still be improving and both he and his brother think that he will soon be able to return to the States.

Tells Of Filipinos

Cpl. Jeff A. Griffin, son of Mrs. A. B. Griffin, who is stationed in the Philippines, has written his mother the letter printed below. Cpl. Jeff is one of Mrs. Griffin's five sons serving in the armed forces. Others include Tony, Joe B., Ben and Bill.

Philippine Islands, March 9, 1945

Dear Mom and All,
 I have received several letters from you in the past two weeks and am sorry I'm just now getting around to answering them. I suppose you know from the paper and radio where we are and what the Division is going through with. I will surely be glad when our part of this campaign is over. I actually haven't had one good night sleep since we have been here. We thought sure we could get in a good night of rest last night, but sure enough, about the time we were half asleep the Japs would open up on us. They haven't done a lot of

damage but they sure keep us from sleeping.

There surely are a lot of nice Filipino people around here. I feel so sorry for them—they don't even have rice to eat. They are not allowed in our area, but they are all around everywhere at meal time — asking for scraps we have left over. Before we came here I had often heard of people dying of starvation. Now I know the people who told me that were correct. It's awful to see people go hungry. I have given my own mess kit filled with food several times to people who were so hungry it was even pitiful to watch them eat it. I wish I could tell you more about it but can't now. If we ever get home I will sure have some good stories to tell you. Love always, Your son, Jeff.

Awarded Badge

With the 42nd (Rainbow) Div., Seventh Army, France — Sgt. John W. Flynt of Wheeler whose wife resides in San Diego, Calif., a member of the famed Rainbow Division has been awarded the Combat Infantryman Badge for exemplary performance of duty in ground combat against the enemy.

The Rainbow Division, which made a gallant name during World War I, was reactivated in July, 1943 and is now fighting under the command of Major General Harry J. Collins on the Seventh Army Front.

Sgt. Flynt entered the service in July 1943.

KATE SMITH asked to write this message on Saving Used Fats!

"The help of every woman is needed in saving used fats for hundreds of battlefield and home-front essentials. But some of us don't know all the ways we can do it. Here are a few points I've found helpful." — Kate Smith

MANY WOMEN SAY: "But I never have fats left over." Certainly it's good economy to re-use your fats...but there's always some left over even after that...and that little is more important than you can imagine. Only one tablespoonful of used fat will help make 5 machine-gun bullets. So there just can't be too little to save! Come on, everybody, scrape your broiling pan, your roaster, skillet. Save meat trimmings and scraps of fat left on plates.

OTHERS TELL ME: "But my fats are often too dark to turn in." It doesn't make a mite of difference how dark or blackened...or what smelly things like onion or fish you've cooked in your fat. Every drop of it will help make parachutes, synthetic rubber, soaps for the fighting and war fronts. Don't feel ashamed to hand it in to your butcher. If you save every bit of fat you possibly can, you're doing a job to be proud of!

THEN YOU HEAR: "But what sort of container will I use?" Any kind of tin can will do. The next time you open a can of fruit or juice or soup or vegetables, save it. But please don't use glass...it almost always breaks and makes the fat difficult to salvage. When the can is full, take it to your butcher. For every pound, you'll get 2 red points. If you have any difficulty disposing of your fats, call your Home Demonstration or County Agent.

It's the **USER** who **REALLY KNOWS** About a Tire!

READ These Statements from ACTUAL USERS:

SAN ANGELO, TEXAS
 My buses run 250 miles per day over these hot west Texas roads. I use Gates synthetic tires because they have been doing a good job and I am well satisfied with the service they are giving.
 Oilfield Bus Line, E. O. Mahaffay, Owner.

GREAT BEND, KANSAS
 I am an oil well driller, working all directions out of Great Bend, Kansas. On September 27, 1943, I put on my first Gates Synthetic Rubber tire. It has given over 18,000 miles and looks like a lot more. I have just bought two more Gates because of this.
 Yours truly,
 G. O. Nobles.

JACKSONVILLE, FLORIDA
 The first Gates all-synthetic tires used on taxi cab service. We are buying 3 more complete sets.
 Yours very truly,
 J. M. Brown.

VICKSBURG, MISS.
 The four Gates synthetic tires I put on a year ago have now gone 20,000 miles and look good for several thousand more. I am a general contractor and keep on the go all the time on all kinds of roads.
 Yours very truly,
 R. M. Ables.

PITTSBURGH, PA.
 I am Building Supervisor for the Board of Public Education of Pittsburgh, and drive over all kinds of roads and streets. My Gates synthetic rubber tires are really "tops." They have been driven 10,000 miles and I am sure that I will receive at least 25,000 miles of service.
 Wm. Peterson.

HARDIN, MISSOURI
 I am driving Gates Synthetic tires on a Kansas City Star paper route averaging about 150 miles each day, 135 miles gravel and dirt, 15 miles paved roads. My Gates tires give me better than 20,000 miles under this extreme hard service.
 Gerald Kist.

BARTLEY, W. VA.
 My Gates Synthetic tires have now been driven 10,000 miles and have at least another 15,000 miles remaining for a total of 25,000 miles I know I'll get. I am a coal mine foreman and drive over very rough roads to get to work.
 Richard Kirk.

ALTURAS, CALIFORNIA
 I have now driven Gates Synthetic Tires on my taxi here in Alturas, California, more than 6 months averaging 2,000 miles a month, or more than 12,000 miles in hard service and they are just getting ready for a recap.
 J. J. Gloster.

GATES Synthetic Rubber TIRES

The SECRET Back of the Outstanding Performance of Gates Tires
 You may know that The Gates Rubber Company is the world's largest maker of V-Belts. For several years before the war broke out, Gates was making and selling thousands upon thousands of big industrial size belts made out of synthetic rubber that actually outwore natural rubber belts.
 This long head-start with synthetic rubber is the secret back of Gates All-Synthetic Tires and explains why the Gates Tire is today an outstanding performer.

When you get a certificate for a new tire see us first. We have many of all sizes of passenger, pickup and truck tires.

Also wheels, mud chains and pre-war innertubes.
