## SCHOOL TERM CLOSES MAY 31

Chaplain John R. Strevig of the Prisoner of War Camp at McLean will give the commencement address to the graduating class of 1945 at Wheeler High School, on May 31, at 3:30 p. m. Members of the class feel specially fortunate in procuring the services of Chaplain Strevig because they feel sure that he will have a message which will be quite worthwhile to them and to the entire audience. Chaplain Strevig announces that his subject, based on experiences with young people in civilian life and in the armed forces, will be: "Living Courageously."

Before entering the service Chaplain Strevig had a church in Baltimore, Maryland. He embarked from New York May 10, 1942 for Ireland. He then lived in Ireland, Scotland, England, Algeria, Tunisia, French Morocco and Italy. His division spent four months on the Anzio Beachhead. He left the front after the Fifth Army approached Pisa and Leghorn on the Tyrrhenian Sea. His combat experience was with the First Armored Division. Chaplain Strevig arrived back in the states in September 1944. Chaplain Strevig, with his wealth of experience and knowledge and a personal interest in young people, will undoubtedly prove inspirational. (Continued on Last Page)

## Killed In Action

LT. TRIS HOOKER

Mr. and Mrs. J. W. Hooker of Dumas received word from the War Department last Friday that their son, Lt. Tris Hooker, who was reared here, was killed in action January 8th. He had been reported as missing since that date when his plane was shot down over Luzon. He was Bombardier on a B-24.

Lt. Hooker was a graduate of the Wheeler schools and attended college in Los Angeles before entering the army two years ago last February. He had been overseas since last summer. The lieutenant was 21 years of age.

The Air Medal, awarded for meritorious achievement while participating in the sustained operational flight missions in the Southwest Pacific Area from November 16, 1944 to December 20, 1944, had been awarded the young officer. The citation, recently received by the parents read in part: "It is a tribute to a gallant officer paid by his country, by his colleagues and by his commander in recognition of fearless and unselfish service to the ideals for which every American is fighting."

Two brothers, Temple and Odie, are also in the service. Temple is with the Ninth Army in Germany and Odie is in the Pacific area. There are three sisters, Doris of Amarillo, Billie of Dumas and Mrs. Audrey Buchanan of Gainesville.

## L. R. Barry, Jr. Passes Away

L. R. Barry, Jr., son of Mr. and Mrs. L. R. Barry, Sr., of Briscoe, passed away early Friday morning after a brief illness. L. R. was born July 31, 1933 near Briscoe where he lived to reach the age of 11 years, 9 months and 3 days.

Because of a broken leg and illness, his school attendance and activities were irregular; but with patience, cheerfulness and fortitude he overcame these handicaps, making his grade each year, many times appearing on the honor roll. He was president of his class and would have been promoted to the seventh grade at the end of this school term.

Loving tribute was paid to his memory in the funeral services held at eleven o'clock from the Briscoe Baptist church Sunday morning, with Rev. O. C. Evans, Mrs. G. C. Stoneman and Roscoe Meek officiating. Music was under the direction of (Continued on Last Page)

## Mrs. Virgia Goodman Died Last Saturday

Funeral services were held at Meridian, Okla., at 2 o'clock Sunday afternoon for Mrs. Virgia Goodman who passed away here Saturday following an illness of about four weeks. Mrs. Goodman was the daughter of W. J. Brumley and lived in this community before her marriage to William Goodman at Madill, Okla., in 1927. The family has resided at Meridian for the past several years.

The husband, eight children, four sons and four daughters, survive. Sons are Edward, Eugene, Dexter and T. J. Daughters are Caroline, Lucille, Doris and Imogene. One sister, six half sisters and three half brothers are also among survivors.

Mrs. Goodman was 37 years of age last October. Interment was in the Meridian cemetery.

## FFA BOYS RECEIVE HYBRID CORN SEED

John H. Watts has given Wayne Jolly, Leroy Herd, Howard Westmoreland, J. D. Weeks, J. L. Weeks, Harold Starkey, Happy Martin, Billy Erwin, and Richard McWhorter, Wheeler FFA boys, each 5½ pounds of hybrid seed corn. It was recently distributed to them by their instructor, Jack Spence, with the understanding that the boys are to pay Watts back in corn seed next year. The seed was distributed to the boys under the arrangement so they might have a chance of seeing what hybrid corn will produce.

## Two More Groups Of Men Report To Okla. City Induction Center

Two more groups of Wheeler county men have been sent to the Oklahoma City induction center. One group arrived there May 1 for their pre-induction examinations and the other group was forwarded from here on that date for induction.

Accepted for pre-induction at the induction station were:

Elmo Z. Harlow, Russell L. Miles, James H. Douglas, Lloyd L. Evans, Shelton B. Nash, Elmer O. Hanner, Herman C. Little, George M. Orrick, Ivan Burns, Harlan A. Pool, Allen L. Copeland, Orval H. Key, Sam A. Begert, Jeff O. Brewer and Norman B. Patrick who was transferred here from another board.

The following inductees were forwarded to Oklahoma City May 1 for induction:

Thomas H. Morgan, Jr., Oather O. Dale, Clinton W. Cook, Wayne T. Pennington, Robert O. Reynolds, David W. Hamilton and William W. Strawbridge.

## JURY CALLED FOR DISTRICT COURT

Mrs. Ollie Beene, District Clerk, announces that a jury panel has been summoned to appear at the court house at 10 o'clock next Monday morning, May 14, for possible service when District Court convenes with Judge W. R. Ewing of Pampa presiding.

Three criminal cases, two of them against the same man, are scheduled to be heard as are several jury civil cases. The criminal cases involved are a charge of assault with intent to murder against Booker T. Williams, negro, and charges of burglary and forgery against Carlton Carpenter, also a negro. The Williams case is the one resulting from the overpowering and beating of J. H. Cox, Shamrock constable, last January.

The petit jury panel called for Monday includes:

R. G. Hemley, M. C. Jaco, George Topper, J. C. Moore, R. William Brown, A. M. Galmer, Lonzo Beck, A. D. May, G. W. Whiteley, James Hill, P. L. Ramsey, E. H. Herd, Ben Westmoreland, Wheeler, D. R. Green, Clois Jolly, R. C. Reeves, Raymond Moore, Twitty; A. E. Conwell, Magic City; Fred Holmes, R. W. Coleman, O. H. Lanier, Fred Abbot, Paul Macina, Dean Jeffers, Tom King, W. H. Sewell, Roy Berten, Robert E. Lee, H. H. Reeves, H. F. Leake, Shamrock; Tracy Willis, E. P. Ridgeway, Frank Totty, A. C. Rhody, J. R. Patterson, L. T. Underwood, Mobeetie; L. Newberry, M. L. Johnson, J. W. Harris, Kellerville.

## Pfc. O. L. Maxwell Reported Wounded

Mrs. O. L. Maxwell received a message from the war department Saturday stating that her husband, Pfc. Olin L. Maxwell, had been seriously wounded in action in Germany April 17. She has received two letters from Pfc. Maxwell this week. He writes that he is getting along just fine but is not allowed to give any details concerning his injury yet.

He is the son of Mr. and Mrs. S. A. Maxwell of Wheeler and has been overseas since the first of the year.

W. S. Williams entered a Shamrock hospital for treatment Monday afternoon.

## Briscoe Coast Guardsman On Invasion Transport

COAST GUARDSMAN R. D. STANDLEE, Boatswain's Mate second class of Briscoe, serving aboard a Coast Guard-manned invasion transport in the Pacific indulges in a bit of model work during his off-duty moments. He is a veteran of the invasions of Midway, Tarawa, Eniwetok, Saipan, Leyte and Luzon. Coast Guardsman Standlee is a former student of Briscoe high school.

## FFA BOYS WIN DISTRICT MEET

The Wheeler FFA group won the district FFA meet held at Lake McClellan Friday and Saturday, May 4-5, and by doing so were awarded \$75 for their accomplishment. This money will be used to purchase a registered Jersey heifer to be given a local FFA member as first place award in a contest within the chapter with the understanding that when the heifer calves, her calf will be given to the winner of a future FFA district meeting, but the cow will remain the property of the boy. The money is given by Sears Roebuck.

The Wheeler boys entered all seven events and were winners of first place in chapter conducting, soft ball, Worth Fullingim won first in news writing and second in public speaking. Leon Weatherly, W. J. Patterson and Bennie Westmoreland won third in their demonstration on cutting rafters. Junior Ahler and Junior Pendleton won second in horseshoe pitching while Charles Hubbard and Leon Weatherly won third in washer pitching.

Other teams entered were Shamrock, second place winner; White Deer third; Perryton, fourth; McClellan, fifth; and Panhandle, sixth. Wheeler needed to win at least a third place when the time for the final event, that of washer pitching, arrived. With the team almost tied with Shamrock there was more excitement over the event than in any other during the two-day stay at the lake, but "eagle-eyed" Charles Hubbard and Leon Weatherly came through with the local boys making a total of 83 points to Shamrock's 80.

Jack Spence, local FFA adviser, reports all 31 boys that went on the trip enjoyed themselves — "especially when we beat Shamrock," said Cotton (no gripe) Farmer.

## Second Community Sale Will Be Held Saturday

Several items to be auctioned in Wheeler's second community sale next Saturday afternoon, May 12, have been listed with Shelby Pettit, auctioneer in charge, and it is expected that several more items will be brought to the gin yard where the sale will be held by 2 o'clock, the time set for the sale to begin.

In this sale, as the one held three weeks ago, it is intended that the auction will be an excellent clearing house to get idle or surplus equipment and items of various kinds into the hands of those who can use it. Farmers and townspeople alike are urged to be on hand and to participate in the selling and buying event. A list of the items already slated to be sold appears on the last page of this issue of The Times. No commission will be charged for the sale of articles but the light expense involved will be defrayed by contributions.

## Pfc. John H. May Arrives Back Home

Pfc. John H. May arrived Thursday of last week for a visit with his mother, Mrs. Charles May, and other relatives. Pfc. May entered the armed forces November 10, 1942 and has been overseas since December, 1942. He has been stationed in Egypt.

## MOTHER'S DAY

God gave us mothers  
To bless and guard our way,  
And to give us courage,  
The price of love to pay.  
He used the finest clay.  
He gave her gold and stardust  
To sprinkle on the way.  
He gave her all the courage  
From heaven to inspire,  
And the flame within her heart  
Could set the world on fire.  
Today our mothers are fighting  
Hate and burning fear,  
Wondering if this war will last  
Throughout another year.  
God, please take care of mothers;  
This is my only plea.  
Make all mothers happy,  
And happy I will be.  
Please, dear God, lend grace,  
And take care of fate,  
Oh, please, let this war end  
Before it is too late.  
It will be a glorious mother's day  
On that final V-day  
When soldiers, sailors and marines,  
All, come home to stay.

## Jack Spence Resigns Ag Job To Become Hartley County Agent

Jack Spence, Vocational Agricultural instructor, here for the past two years, has resigned his position to become county agent of Hartley county. Mr. and Mrs. Spence and their two sons will leave this week end for Channing where they will make their home.

During his stay here Spence has won the admiration of all the many whom he has instructed and otherwise been associated. His FFA classes have gained much noteworthy recognition in their achievements, both county and district wide.

It was through his efforts that the canning center was established here and the government sponsored courses in welding and car and tractor repair made available to residents of this section.

Mr. and Mrs. Spence moved here from Amarillo where he was employed for a year with the Pantex Ordnance plant. Before that he instructed Vocational Agriculture work in the Groom school system.

The Wheeler FFA boys are closing out their years work this week since their instructor is to report to his new job next Wednesday. The farm engineering boys are proud of their accomplishments this year in shop work. A few of the things they have done and studied are: welding, cutting rafters, working with different metals with a forge, paint study, making cow kickers, cold chisels, wrenches, tables, book shelves, chairs doing plumbing work and the construction of a number of other useful items from wood.

Vocational Ag I class has centered their attention on dehorning calves, pruning trees, making rope, culling hens, poisoned gophers, treated trees for tree borers, constructed corner posts in fences, made various items of wood, painted part of Ag building, mixed poison grain, judged calves and grains, studied experiment date and rate of planting grain sorghums, killed hogs and beavers. The fourteen boys in the class have had 20 pigs, 4 gilts, 5 cows, 9 calves, 200 hens, and 4 gardens for projects this year besides having several crop projects.

The fourteen shop boys have had 16 pigs, 3 calves, 7 gilts, 3 gardens and 75 acres in crop projects. Spence says the FFA boys have taken their Vocational Agriculture work serious, as the present time warrants, and have gone right down the line trying to do their part and accomplishing their part in the war effort, both from a production standpoint and applying themselves so they could learn something for future use.

## EIGHT ARE INJURED IN CAR ACCIDENT

Eight Mobeetie people were injured in an accident last Thursday night when the cars in which they were riding collided on the pavement leading from the highway to New Mobeetie. The injured are Mrs. Phil Corcoran, Frances Corcoran, Glen Green, Junior Luedecke and Doris Kuykendal riding in one car and James Landcaster, Delton Burke and Jimmy Walker in the other car. Both cars belonging to the Corcorans and A. B. Landcaster, were practically demolished.

Mrs. Corcoran was the most seriously injured, receiving fractured knees, jaw bones and one rib. She will probably leave the hospital tomorrow (Friday.)

Mrs. Price Davis and sons of Wells-ville, Missouri came Tuesday for a two week's visit with her sister, Mrs. A. W. Williams, at the W. S. Williams home.

Major Tom Wood of Clovis, New Mexico was a week end visitor in the A. C. Wood home.

## V-E DAY QUIETLY OBSERVED HERE WITH SOBRIETY

Sober rejoicing with the hope that the Pacific war too would soon come to an end were the uppermost thoughts in the minds of Wheelerites Tuesday as President Harry S. Truman officially announced the unconditional surrender of Germany.

President Truman had hardly finished his proclamation when the siren of the city fire truck a few minutes after 8 a. m. was heard sounding the good tidings expected at that time.

After a short devotional service the Wheeler schools were closed for the day and all business houses closed at noon. Realizing that victory is yet to be obtained over the Japanese little hilarity was obvious in the quiet observation of the Nazi downfall, and the down town streets took on more of a Sunday afternoon appearance than one of celebration while most store and office help worked around their homes and gardens.

Both the Baptist and Methodist pastors have announced that they would devote a part of their services next Sunday, which is also Mother's day, to appropriate observation in prayer and thanksgiving of V-E day (Continued on Last Page)

Interment will be in Wheeler cemetery with Hunt Funeral Home in charge.

## Bailey Burgess Given Honorable Discharge

Bailey Burgess, member of the Seabees, has been given an honorable discharge after some 21 months of overseas duty and is back in Wheeler after spending the past five months in a Navy hospital at Oceanside, California. Burgess spent 15 months in the Guadalcanal zone helping with the construction of air fields and after a brief furlough to the States was sent to Hawaii. While working there he received an eye injury from a small sliver from a cable which he was helping cut.

He has been in service the past three years.

## TO ASSIST COUNTY AGENT

Miss Norma Faye Hayes of Twitty has replaced Mrs. Helen June Herd as assistant to the Wheeler County Agricultural Agent. Mrs. Herd has gone to Humphreys, Oklahoma to be with her brother, Rev. Noel George, and his four-months-old daughter, Joy Hope.

## Pineapple Preservation Demonstration To Be Held Here Saturday

Pineapple demonstrations on canning and freezing will be given Saturday, May 12, at the home-making cottage in Wheeler. Miss Gwendolyn Jones of College Station, Texas, will show the latest methods in canning pineapple and pineapple juice. Preparing pineapple for the freezer locker will also be shown. The demonstration will begin at 2:30 and close at 4:30 Saturday afternoon.

Invitations have been sent to all those who ordered pineapple through the marketing committee of the County Home Demonstration Council. 393 dozen were ordered. These pineapples will be delivered sometime in May. The specific date will be announced as soon as it is known.

Arrangements for these pineapple demonstrations by Miss Jones are being made by Miss Mildred Ferguson, associate farm security supervisor, Miss Amy Sue Beckett, assistant home demonstration agent, and Mrs. V. J. Zeman, county home demonstration agent.

Any one interested in seeing the latest methods for canning and freezing pineapple is invited to attend the demonstrations Saturday.

## Ensign James Barton Completes V-12 Course

Ensign James Barton, son of Mr. and Mrs. J. W. Barton of Mobeetie, has recently visited his parents after the completion of nearly two years of training under the V-12 program.

During this training he has completed courses at North Texas Agricultural College at Arlington, a Midshipman's course at Columbia University, New York and communications courses at Harvard. Young Barton started his V-12 program July 1, 1943 after graduating from the Mobeetie High School in 1942 and attending Texas Tech at Lubbock for a year. He is reporting to the Naval center at New Orleans and is expecting active duty soon.

## Died In Explosion

According to word received from the army chaplain with the group of which the late Lt. Donald W. Hawkins was a member, the lieutenant was killed in an explosion when the ship in which he was flying crashed while landing at their air base in Southern Italy. The ship had returned early from the day's mission unable to reach the target due to motor trouble.

Shortly after the plane crashed the gas tanks and bomb load began to explode. Five members of the crew were killed. The chaplain, in the letter to Mrs. Hawkins, stated that the six who were killed were interred at the National Cemetery in southern Italy and were each given a Protestant military funeral. Lt. Hawkins was a son-in-law of Mr. and Mrs. J. H. Gordon.

## NEIGHBORS HELP TRUETT SMITHS IN TIME OF NEED

Neighbors of Mr. and Mrs. Truett Smith, who reside 5 miles west of Wheeler, came to their aid last Thursday when a group of nine of them brought in their tractors and lists to work about 50 acres of crop land. Those who helped with the farm work were P. A. Martin, Cliff Sivage, Gordon Whitener, Johnnie Red, George Lamb, E. E. Farmer, Paul Farmer, Wiley Pettit and Buster Myers. Mrs. Smith has recently spent several weeks in the Wheeler Hospital.

**Raise The Flag**  
You remember the first time you saw that memorable picture of the Marines raising the American flag on Mount Suribachi while the heroic battle was still raging on Iwo Jima? You too were inspired and impressed by that flag raising, knowing at what a great cost in lives that flag was secured. Marine history will mark it as one of the bloodiest battles of all Marine warfare. This famous picture inspired others and it will be displayed in every corner of this land, as the insignia for the posters for the Seventh War Loan Drive that starts May 14. One of the boys in the original photograph has been reported by his buddy as being killed after he helped raise the flag. BUT, the flag went up! Iwo Jima cost so many lives, there will be other Iwo Jimas to conquer before we are through. Germany is not the end. This sign for the new bond drive should not just tear at our hearts but at our pocketbooks. The repeating of the need for additional money, for continued purchasing of bonds, are words that we all know, reasons we all agree upon, facts we all admit. If the previous war bond drives had not been successful, we would not be having a Seventh Bond Drive to carry on. Remember that. We are in this from the first bond drive through the last bond drive, whatever it's number. Back the attack.

**The Present Gauge**  
American effort today is in terms of what we produce and what we have built, to wage war. Take figures from last year to see what we mean. Last year 45 per cent of the nation's productive output was for WAR material of more than one kind! One-half of our \$200 billion national income came from WAR production. One out of every three workers were employed in WAR industry. Add to this the \$15 billion worth of industrial facilities built by the government, with one million war contracts still outstanding and you see what an investment we have in war. When war stops, then what! It will be the job of reconversion with the government trying to supply the consumer's demands by diverting war industry into a peacetime business. Small wonder that the Office of Director of Economic Stabilization has been called the most important job in the world!

**Ernie Pyle**  
A man out of uniform in his heart since he hated war but couldn't keep away from it as long as he knew his human interest tales of those boys overseas were the little things that their folks back home longed to hear. The gift of Ernie Pyle was to make you live with those boys, suffer with them, laugh with them, and die with them. This gallant, but unpretentious war correspondent was killed in the reporting of Pacific battles. He has made humanity at the crossroads a household byword, and as sympathetic, humble and sincere as his writing, was Ernie Pyle himself. His accounts were not involved calling for deep concentration, but plain, simple stories of country and cities youths as their parents wanted to read about them. All of us are familiar with this name, have read his columns and admired the man him-

An old-line legal reserve insurance company is advertising reduced rates to non-drinkers. In the last 72 years two of the life insurance companies of England have "returned" millions of dollars in special dividends to abstainers. People who do not drink extend their life expectancy by years. The use of alcohol in any form is a "hazardous" occupation.

A good start has been made at San Francisco in laying the foundation for permanent peace. All nations realize that the conference must succeed. It looks as if every delegate was there with the firm determination to build a peace structure that will live. Naturally this is more or less a horse swapping conference. Demands will be made far beyond the expectation of those who make them. Russia came with the longest list of demands. Stalin is going to get a number of these demands, but will be turned down on others. He will expect that. In the meanwhile Americans are taking the sensible attitude of allowing the delegates to run the conference without criticism.

While the whole world eagerly and somewhat impatiently awaits the proclaiming of V-E Day, Gen. Eisenhower, as reported last night by Kingsbury Smith, INS War Correspondent, is reluctant to even discuss the possibility of when it is likely to become a fact.

Swift moving events following each other so closely that none can be exploited to its full thrill-capacity by the non-fighters in this war have nearly everybody on edge. But not Eisenhower and his men who still risk their lives each hour.

To the calm military leader of the Allied forces in Europe war is until the final shot is fired and every single one of the armed enemy has laid down his gun.

Eisenhower said that to proclaim V-E day now just for political reasons would meet his disapproval, for it would mean that after everybody at home had celebrated, thousands of American boys would still be fighting. "Just mopping up," it is called. What consolation could there be for the buddies of a G-I who got killed still fighting in an uncompromising war AFTER V-E Day had been observed back home.

Let's be patient and wait until Gen. Ike and his boys can celebrate, too. They know too well that the war isn't over so long as it is necessary to fight the enemy no matter how few there may be left to fight.

Don't think that the post office clerk is just trying to "get smart" with you when he suggests that you re-wrap that parcel for mailing overseas. According to Jim Lipscomb, the post office department says that many thousands of pounds of parcels arrive at the port of embarkation, already too much damaged to continue to their overseas destination; and a large force of employees must be maintained to repack these damaged parcels. The post office department urges that you use HEAVY corrugated boxes; HEAVY wrapping paper, and plenty of good, strong cord in tying your package. Also, post office employees are forbidden from accepting any perishable matter—and breakable materials should be carefully packed.

You want your package to reach its destination—so wrap it carefully.

The president of the American Federation of Labor, in objecting to the Russian proposal that German self. He has written so well his words will live after him. We accord him a place on the roll of war heroes.

By BOYCE HOUSE

Charley, the printer on the Arkansas country weekly that your columnist edited for a year, was an incurable practical joker. Soon after coming there, I wrote a paragraph criticizing the presence of a wasp's nest in the courtroom and Charley kept running back and forth telling me what he claimed the county judge (a former preacher) had said and then telling the judge what I was supposed to have said in reply—with the result that both of us, being men of peace, dodged each other for two weeks, which is quite a feat in a town no bigger than Piggott.

It was before my advent however that Charley achieved his masterpiece. Piggott was a "dry" town but a prominent citizen, (Jones will do) had left a jug of "corn" in the newspaper office and he'd drop in and take a drink, now and then. To keep out of sight, he would step into the telephone booth and duck beneath the level of the glassed upper half of the door, while quaffing.

This particular day was a July "scorch" and Jones was in the act of taking a nip when he heard Charley say, "Howdy do, Aunt Sallie" and Jones recognized the shrill reply as coming from the town's most strict of inhabitants. Thinking she would leave in a moment, he remained in his stopped position. But the conversation went on and on. Two or three times, Aunt Sallie would say goodbye and then Charley would ask another question. The sweat rolled down the trapped man. At last, farewells were exchanged and Jones staggered weakly into the fresh air, exclaiming "I thought she never would leave."

Charley roared with laughter—Aunt Sallie hadn't been there at all; Charley, a natural mimic, had carried on the entire conversation! He almost got licked when Jones realized how unnecessarily he had suffered.

No man knows all the answers. Homer couldn't give the solution to the riddle some boys asked him: "What we caught, we left behind; what we did not catch, we bring with us." The answer was, "Lice."

The riddle of the Sphinx was, "What animal walks on four feet in the morning; at noon, on two; in the evening, on three." The answer to that one is, "Man—who crawls in infancy, walks upright in manhood and, in old age, uses a cane."

labor be forced to rebuild damaged cities in war-torn Europe, says: "Hitler and those responsible for the war must be punished, but the people throughout the world, including labor everywhere, must be made free and must be guaranteed the right to enjoy the blessings of freedom, liberty and democracy."

Without arguing the merits of the Russian proposal, the remarks about guaranteeing the freedom of labor will be taken with several grains of salt.

In the United States, a man cannot work at the basic trades without first joining specified labor organizations, whether or not he wishes to, and paying initiation fees and assessments. Just try to work without "joining" if you doubt it.

Is this the kind of labor "freedom, liberty and democracy" the world is to have?

Why kid ourselves about freedom in the United States when an individual must pay for the right to work, even on a government job?

**The Mountain that became a Gold Mine!**

... and the company that has helped build 11,000,000 war-time tires

This pile of discarded automobile tires (the picture was taken in 1936) is as non-existent today as the Big Rock Candy Mountains—where the cigarettes grew on trees and the springs gushed pure lemonade.

Maybe you remember driving past those junk yards where the homeless jalopies used to rust in the rain, and the pile of tires grew mountain-high.

And then, one day in December, 1941, *this mountain became a gold mine!*

In a few terrible moments, America's access to the raw rubber of the Indies was cut completely. Throughout America, junk yards, garages, and back yards were scoured for every scrap of precious

rubber that could be found. We were on a spot—a bad one.

The fact that we got off the spot is due, to a great extent, to companies such as Phillips. For it was Phillips chemical research ability and Phillips production facilities that produced an important share of the vital butadiene which is so essential to the manufacture of synthetic rubber!

Today, we think we have a well-earned right to stick out our chests—because the Phillips Petroleum Company is one of the largest producers of butadiene in the United States!

With today's ever-increasing emphasis on the chemical production of new and better things from petroleum, let the Phillips 66 Shield remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.

**SCORES OF NEW PATTERNS OF WALLPAPER FOR EVERY ROOM**

You'll be pleased with the charming colors and attractive patterns of wallpaper you'll find ready for delivery in our store. Brighten up those dull, dirty walls caused by the smoke, soot and steam of the winter months. You'll be surprised how little it costs to beautify the interior of your home for happier living. Many patterns are fade-proof and washable... and remember—spring time is time to clean-up, paint-up and fix-up, and before the busy crop season begins would be a good time to get those rooms papered.

**Beautify Your Dwellings Inside And Out With BPS QUALITY PAINT**

We urge you to try FLATLUX, the real oil base paint, for painting walls, ceilings and wallpaper. Ready for use—easy to apply—easy to wash—quick to dry—and costs so little. For long lasting beauty and greater protection give your home a prime coat of BPS Foundation Coat and give it a finish coat of BPS House Paint. For kitchens, bathrooms, furniture and woodwork we recommend BPS GLOFAST—easy to apply and dries in 4 hours.

**NEWS OF OUR MEN AND WOMEN IN UNIFORM**

Pvt. William W. Edwards is the son of Mr. and Mrs. Gwyn Edwards of Port Deposit, Maryland, former residents of the Gageby community. P. Edwards spent several months at the Briscoe school.

April 12, 1945  
Philippine Islands

ello People of Wheeler and Memphis Counties, Texas:  
I'm not much of a war news reporter, but I'll do my best and try to tell you a few things about the Philippines and the South Pacific.

First, I was inducted March 4, 1944. I took my basic training as a Field Artillery linesman, then I was transferred to the paratroopers and was in that for a while and got out. Then I was shipped overseas to New Guinea and was reclassified into the field artillery. I was then shipped to a replacement center here on the Philippine Islands and was classified again as a field artillery man.

I was lucky to get with such a good bunch of soldiers and officers. They treat you right and are good to the men as they can be.

And about a soldier's dream, chow and his wife or girl friend back home. Most of the boys in our outfit are married and have children. Most of

them write every day about his love for them and the kind of work he is doing. And another important thing, his chow. We have three meals a day. Breakfast is very good; for dinner we have ice cold drinks and sandwiches and for the last few days we have had water melon included for dinner. We get them from Philippine people; we also get meat, vegetables and some poultry. We sure appreciate the cooperation of the folks back home who make and prepare our ammunition and food supplies. We get a lot of steak, bacon and hamburger meat from the States too.

You are probably wondering about our wounded and killed overseas. There are very few of the men who get killed over here. Our medical corps take care of them with patience and the will to make them live. They are skilled in their work. The Jap casualties are much higher than ours. They have anywhere from 5 to 10 killed to our 1. The Jap soldier is crazy in one sense and smart in another. They'll come at you with a gun right out in the open and try to kill you, but our weapons are superior to the Japs so you have a 100 per cent chance of getting the Jap first if you are not too nervous like I would be. Another type of Japs will dig in the rocks and you can't even knock them out with artillery. You have to go in and get them with grenades or bayonets. For myself, I've never seen a live Jap, but

I've seen and smelled plenty of dead ones. We kill and destroy a lot of Jap equipment with our heavy artillery. For the past few days we have been busy night and day with our artillery and have knocked out several of their guns and the Air Corps bombs them during the day too.

Well, guess I could go on and write a thousand pages but I'd better sign off for this time for I know the paper must be crowded for space and the shortage of paper. I'll try to write again soon. I would like to hear from you and tell me how you like this letter and I will try to write more often. It is chow time so I will close saying, keep on buying War Bonds. From the fellows and officers we say, So long.

Army Air Field, Dalhart, Texas, May 10 — Corporal Ray L. Sims of Mobeetie, Texas, is a military policeman at this field.

At Mobeetie high school, Cpl. Sims earned sports awards in the forms of letters and sweaters for playing football and basketball.

When he returns to civilian life, he fully expects to farm and ranch in Texas. His outstanding civilian experience was hunting wolves — the animal kind.

With the Mobeetie native in Dalhart are his wife and 16 months old daughter, Angelia Rue. His parents, Mr. and Mrs. R. A. Sims, reside in Mobeetie.

Ensign St Marchbanks, who arrived home February 23 after having spent 23 months in the Southwest Pacific with the CB's is in the hospital at Camp Parks, California. He was injured while on a construction job in the islands.

Ensign Marchbanks participated in the campaigns of Guadalcanal, New Guinea and the Admiralty Islands, and was then assigned to temporary duty in Sydney, Australia.

While he reports that he is getting along well, his knee was in much worse condition than they had thought.

Mrs. Marchbanks, the former Armour Lee Greenfield, is principal of the Mobeetie high school.

**HOW MUCH TO MOVE A WAR?**

AS SOON as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War?

Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—now!

The Seventh War Loan will call for the greatest bond-buying we have ever done.

If you have an income—whether from work, land or capital—you have a quota in the 7th War Loan.

**Polo Jo**  
Joe E. Brown will be at the Rogue Theatre Friday - Saturday, May 11-12 in Polo Jo, and we guarantee that there will not be a serious moment in the entire film. This big-mouthed comedian really turns on the heat as well as in the polo saddle to bring you a rip-snorting comedy that will chase the blues away. If you have seen the trailer on the picture you will have a slight idea of the mirth in store for you. So be there when the curtain goes up Friday night.

**Janie**  
Only once in each blue moon does an exhibitor have the opportunity of presenting to his patrons a picture like Janie—a picture that the whole family will receive and please them all. Such a picture was Bing Crosby's Going My Way. Such a picture was Mrs. Miniver. Such a picture was My Friend Flicka. And such a picture is Janie which comes to the Rogue Theatre - Sunday - Monday, May 12-13-14. The picture has been on the screen long enough for everyone to have heard of it. We, therefore, suggest that you find out from those who have seen it. We believe you will find that most of them will see it again. It is that good. We recommend it as clean, wholesome, and worthwhile family entertainment.

**Arsenic and Old Lace**  
Frank Capra is recognized among the greater producers in the motion picture industry. He has never made a picture that did not register within the top ten for the year. His Arsenic and Old Lace comes to the Rogue Theatre Wednesday - Thursday, May 16-17. The stars are Raymond Massey, Jack Carson and Peter Lorre, and we believe that you can risk a nickel on Capra's reputation and at the same time enjoy a good comedy in Arsenic and Old Lace.

Mr. and Mrs. Floyd Pennington went to Carlsbad, New Mexico Tuesday to attend the graduation exercises of their son's F.O. William E. Pennington, class. They expect to return Friday.

Sammie Dougherty started to school at Liberty. Her first year was spent in Liberty and McLean. At the beginning of her second year, Sammie came to Briscoe. The next six years were spent here and then she attended school at Shamrock for one week. The rest of her school life has been here at Briscoe high.  
Sammie has held offices in the class every year since she was in the sixth grade, and has been active in the editing of the Briscoe Bronco.

arrived at the park about 7:00. Everyone walked over the grounds trying to locate a place to camp. We were told by the manager that we could have one cabin if the party didn't show up and as luck would have it they didn't. The girls took the cabin and the boys slept in the truck. That night nearly all of us skated four hours. Friday morning we went to Medicine Park. There we went boat riding. We rented three row boats and most of the girls were soaked by the splashing of oars in the water. Even if we did get wet we had a good time. That afternoon we went up on Mt. Scott. It was a very pretty drive. We skated every night and some afternoons. We hiked and climbed mountains and did our own cooking most of the time. Everyone was tired, and dirty when we got home but everyone had a good time.

**Abber and Jabber**  
George B. Dunn has a new nickname. Ask some senior what it is. Betty Brewer and J. T. Jeffus seem to be getting up a case. It looks like Hugh Jeffus is losing Joan Colwell to Delton Burke. James Lancaster and Joyce McCauley seem to be getting along fine. No one has ever found out where Virginia Futch got her ring. Come on Futch, give out. It is rumored that Ray Jones has terrible headaches. The only thing that will ease one for him is B. C. Ray Jones, Carl Carter, and Harold Hanning found some good looking Indian bracelets at Craterville Park. They each bought one but found them too heavy to carry so Beverly Caldwell, Angela Duncan and Evelyn Robison have been wearing them. Just being nice of course. La Rue, what was it you wanted Wallace to do before tomorrow?

McDOWELL'S DRUG STORE

This year she is the girls sport editor.

As a freshman, Sammie began her career as a basketball player. Previous to that time she had played basketball on the grade school team. The first two years in high school, she played guard. The last two years, Sammie has been noted as a forward on the Briscoe team.

Sammie's brown hair and hazel eyes have made her the class beauty. She has been candidate for queen three times and has been elected once. She is the personality queen for this year.

Sammie has intentions of attending Hardin-Simmons University at Abilene. She will start with the September class.

**Cecil Francis**  
Cecil Francis has attended school here all his school life.

Cecil has held many offices in the class. As a sixth grader, Cecil began his career as a basketball player, but didn't start playing on the high school team until he was a sophomore.

Before that time he had played on the junior team. Cecil also played on the football team this year. He was rightfully recognized for bravery above and beyond the call of duty while on the football gridiron of Briscoe high school, where he secured a broken rib.

Cecil has taken an active part in many other games that are played on the campus.

His brown hair and grey eyes have made him very popular among the girls of the school, especially a certain sophomore.

Cecil plans to get into the service soon after school is out. He has intentions of volunteering for the navy, good luck, Cecil.

**Audie Lee**  
Audie Lee is another senior who started to school here at Briscoe. All of his school days have been spent here except his fifth year which was spent at Spearman.

He is active in tennis and plays some basketball. He played center on the football team this year. He was also a member of the track team this year.

As officers of the class, Audie has always been good and this year he was president of the class.

Audie showed great dramatic ability by playing leading parts in the Junior play, "The Little Clodhopper" and the senior play, "Twixteen."

He plans to attend Hardin-Simmons University at Abilene next year where his brown hair and grey eyes will probably break many a girl's heart. His height of six feet will no doubt help too.

**Girls Sport News**

We, the basketball players, wish to take this opportunity to express our thanks and appreciation to our sponsor, Willene Waters, for being so kind, helpful, and such a good pal to us all during the past basketball season. We can think of no one who could have been a better sponsor. We have really enjoyed her being with us. The girls are now playing tennis.

**Thanks to the Sophomores**

The senior class finds this the most appropriate way to express their sincere thanks to the sophomores for the nice banquet given in their honor April 27. They will always remember this banquet as one of the most enjoyable times of high school life. They hope some day to be able to repay, in some small way, the friendliness shown by the sophomores. Thank you again.

**Thanks to the Community**

The senior class wishes to thank the community for their turning out so well to the pie supper and contributing so much to the queen race. We also wish to thank the Wheeler kids for their help. The total taken in on the queen race and the pie supper was \$152.00.

**Sophomore's Abilities**

1. Dude, to sleep in class with her feet in some one's lap. 2. Maidel, to get the most or all of any seat she

sits in. 3. Armell, to sit with Kirk. 4. Eddie, to thump the girls and sometimes get away with it. 5. Emily, to read the letters that LaDell writes. 6. Kirk, to make the girls sigh as he passes by. 7. Rozena, to play tennis, even if it means falling down. 8. Richard, to jitterbug. 9. Grant, to shoot paper wads. 10. Nelda, to make 'A's without studying. 11. LaDell, to write letters to 'Twitty.

**Seen and Heard**

Richard and Ewing being "little ole kids." Nobody in Briscoe Sunday. At least so we hear. Jokes on Sammie and Ewing being carried too far. So Sammie says. Mary and Mac falling down all the time at the weiner roast Thursday night. Was it entirely their fault? Boys playing football with a tin can. Seniors wading in the creek. Mary eating fifteen weiners. Grant 'flipping' once too many times at the banquet. The last time it was his plate. The cow girls at the banquet. Tired too. More mumps.

Hazel with a new bracelet. Faye flirting with the Mexicans in Canadian. Audie getting home late Friday night. Cecil taking three girls home Friday night. Mozelle and Ewing playing a duet. What kind? Mrs. Candler falling down on the walk. Piggy being happy. Why? because a certain sailor might come home. Sammie being crowned personality queen of 1945. Someone forgetting to send in the news last week. The Standlee-Zybach case progressing nicely.

Mrs. G. W. Porter left Sunday for a visit with a sister in Claude.

Mr. and Mrs. Bill Dison and sons were in Shamrock Saturday night.

Homer Pitcock and O. F. Dollins were in Oklahoma City Thursday and Friday.

Mrs. A. O. Vanpool and Mrs. Herbert Whitener and daughters were Shamrock visitors Saturday night.

It's not over yet. We still face a dangerous and determined foe, well entrenched over a half-million square miles, and imbued with the courage of a fanatic. He has sworn to fight a thousand years, and lose millions of men; if necessary, he will destroy himself in order to destroy us. Will we let him?

Reddy Kilowatt is proud he could help us win. Electric power played a large part

in turning out the pilots, guns and ammunition to beat Hitler. However, Reddy isn't quitting now. With his belt hitched up and his jaws set, he's ready to go after the third gang. Can we do less?

Two down—one to go. Good! But the game isn't over until the last gun barks. Only the final score pays off. It's up to the home front no less than the fighting front. Now is the time to dig in and WIN.

**The Times War Time Reporter Says**

Folks I'll tell you: I never will forget the time Grandpa wanted his tonsils out but didn't have the money.

So, Grandma decided she could twist them out with a barb wire just like twisting a rabbit out of a hollow log. That would have worked all right I reckon, but she failed to take Grandpa's digestion into consideration.

Every time she rammed that barbed wire down his neck he digested it so fast she couldn't get the tonsils—so after she had used up about a spool of wire with no results, she give it up as a bad job.

My little poem today will be concerning doctors:  
You always call the doctor  
When you've done all you can do,  
And afterwards he gets there  
When you're dying—almost thru.

Then you tell him what you did  
To alleviate the pain,  
Then you suffer as you demonstrate  
It all to him again.

And he solemnly writes a prescription  
As he smiles within himself,  
For he knows when you get it  
It will go upon the shelf.

**H. D. CLUB WOMEN COMPETE WITH G. I. INGENUITY**

One hears a lot about "G. I. Ingenuity" on battle fronts and rightly so, but while the boys are making convenience from what is at hand in foreign lands their mothers, wives, sisters and sweethearts are following the same practice at home as shown by "5th Avenue" styles made from sacks of all description and colors displayed over Wheeler county by home demonstration club women.

One such demonstration, made by Davis home demonstration club women, is on display at the Albert Holcomb store in Kelton. Articles in the display include: quilt tops, pillow slips, tea towels, table cloths, sheets, clothes-pin bag, aprons, little girls dresses, boy's sun-suits, pajamas, shorts, slips, panties, and one garden ensemble including skirt, blouse, bonnet and gloves.

One might say the club women's motto is: "If you can't find print on the shelves look for the prettiest feed or flour sacks."

**PAKAN H. D. CLUB MEETS FRIDAY**

"To combat both the sucking and chewing garden insects, use either rotenone (.75) or pyrethrum (.15)," said Mrs. V. J. Zeman, county home demonstration agent, Friday when the Pakan club met in the home of Mrs. Cecil Seago at Lela.

"Make sure that the insecticide you buy is of this strength," cautioned Mrs. Zeman.

Mrs. Zeman gave a demonstration on using sewing machine attachments. "When making tucks with your tucking attachment, make certain that your first tuck is made on the straight of the material," said the agent.

Mrs. W. L. Walker, president of the Pakan club, presided over the organization of a club in the Lela community. Upon the election of Mrs. Helen Seago as temporary president, Mrs. Walker turned the meeting over to Mrs. Seago and the Lela group elected Mrs. Geo. Crow as temporary council delegate. The group will meet again on May 10 in the home of Mrs. G. M. Seago to complete the organization and to elect permanent officers. Mrs. Zeman will give a demonstration at this meeting.

Those present at the meeting were: Mrs. Harry Barnes and Mrs. Jack Pevey of Hollis, Okla.; Mesdames G. M. Seago, J. C. Nix, Van Purcell, Cecil Seago and Geo. Crow of Lela.

Mrs. V. J. Zeman, home demonstration agent and Mesdames W. B. Bertram, C. C. Winters, W. A. Allen, W. L. Walker, John Hrciar, Sr., Paul Macina, J. W. Stauffer, Misses May Ruth Stauffer, Christine Macina and Louise Risian of Pakan.

A home demonstration club was organized at the Mobeetic school house Monday. The following temporary officers were elected: Mrs. G. L. Orr, chairman; Mrs. J. H. Johnson, secretary-treasurer; Mrs. W. C. Hogan, reporter.

Permanent officers will be elected May 18 at 2:30 o'clock at the home

of Mrs. J. H. Johnson. Mrs. V. J. Zeman will give the group a demonstration on pressure cooker testing that afternoon. All ladies in the Mobeetic vicinity are invited.

Homer Nash of Hugo, Oklahoma, visited Mrs. W. E. Collins and Mr. and Mrs. Vernie Hardcastle Sunday.

This year, to stimulate the 4-H victory garden and truck crop contest. The contest provides local, state, and national recognition, for 4-H club boys and girls in their achievements. Each entrant must be a member of a 4-H club during the current year and be 14 years of age. Victory garden pins will go to the four county winners and the best garden record of the four will be entered in the state contest. A free trip to Chicago to the National 4-H Club Congress will be given to the national winner. State awards chiefly include war stamps and bonds ranging from \$5 to \$25. Those entering must have their reports in by September 1, 1945.

**V-E Day**

(Continued from First Page) as proclaimed by President Truman. World War II began Sept. 1, 1939, when Germany invaded Poland. Two days later Britain and France declared war. Italy declared war on France June 10, 1941, and on June 22 Pe-tain's government signed an armistice with Germany. On that same date, June 22, 1941, Germany invaded Russia. On Dec. 7, 1941, Japan made its infamous attack on Pearl Harbor. The next day the United States declared war on Japan.

Germany and Italy declared war on the United States Dec. 11, 1941. On Nov. 8, 1942, the Allied army under Eisenhower landed on North Africa. The Russians won the battle of Stalingrad Feb. 2, 1943. On May 13, 1943, the Tunisian campaign ended and on July 10, the Allies invaded Sicily. Italy surrendered unconditionally Sept. 3, 1943, when invasion of the Italian main land began.

The Allies under General Eisenhower landed in Normandy, France, June 6, 1944. Paris was liberated Aug. 25 and the U. S. First Army entered Germany Sept. 12. On March 7, 1945, the American forces crossed the Rhine at Meagen. April 25 the United States and Soviet troops linked at Torgau. Death of Mussolini was announced April 29 and the Nazis announced Hitler's death May 1 with Berlin falling the next day.

Following rapid surrender of armies in Northern Italy, part of Austria, Denmark, Holland and northwest Germany, Germany capitulated unconditionally. This ended the greatest war in the history of western nations.

**School Term**

(Continued from First Page) tional to both young and old. **Baccalaureate Service** Rev. P. D. Fullingim will give the Baccalaureate address to the high school graduating class on May 27, 8:30 p. m. at the school gymnasium. Rev. Fullingim, well known to Wheeler audiences, announces that his subject will be "Evaluating Youth." This Baccalaureate service will be a union Church service with members of each congregation in town assisting in the service.

On Tuesday evening, May 29, the Senior class will entertain the Junior class, the parents of students in both classes, and the high school faculty with a reception at the Home Ec cottage. Following the reception the public is invited to the Senior class night program at the gymnasium at 8:30 p. m.

**Honor Graduates** The principal's office of the high school announces that Mary Lee Reid has achieved the honor of being valedictorian of the graduating class of 1945. Her average for the four years was 93.1, this average was based on four years high school work. Henry Risner has achieved the second highest average for four years with an average of 82.9. Don Farmer was a close third with 81.8. Albert Griffin was fourth with an average of 79.5. The highest ranking student in the Junior class is Leon Weatherly. This is based just on this year's work. Coene Carter and Josephine Noah tied for second place in the Junior class with Bettie Hix a very close third.

Mrs. Eldean Havenhill plans to leave today (Thursday) for San Francisco, California, to join her husband, Leslie Havenhill, F2c, who is stationed there.

**CARD OF THANKS**

We wish to express to our friends and neighbors our sincere gratitude and appreciation for the thoughtfulness expressed in deeds, words of comfort, understanding and sympathy, in the illness and passing of our darling son, brother and nephew. The floral offering was beautiful. May God's blessings rest upon each of you.

Mr. and Mrs. L. R. Barry, and Neida; Mr. and Mrs. C. E. Wilhelm and Family; Mr. and Mrs. Wiley Davis and Family; Mr. and Mrs. Lee Barry.

**CARD OF THANKS** We wish to take this method of expressing our heartfelt gratitude and appreciation to our neighbors who came Thursday and listed up our land.

We wish also to thank Dr. Nicholson, hospital attendants and friends for their faithful service and many acts of kindness shown us during our illness.

Mr. and Mrs. Truett Smith

**CARD OF THANKS**

We wish to thank our friends and neighbors for the expressions of sympathy and beautiful floral offerings. We especially want to thank the doctors and nurses at the Wheeler hospital for their services during the illness and death of our wife and mother.
