## WHEELER, TEXAS, THURSDAY JULY 25, 1946 TWO RETURNED It's Wheeler County's Time

## FOR TRIAL IN **BURGLARY WAVE**

L. B. Elrod and James Hulbert Elrod, brothers, were brought back to Wheeler county last week from Sulphur, Okla., to stand trial, along with four other persons, on charges of a series of burglaries in Shamrock and Wheeler.

Others charged in the robberies are James and Cody Elrod, sons of James Hulbert Elrod, Vernon Vandecar, cousin of the younger Elrods, and Earl Wayne Richardson. The six are charged with burglarizing the Piggly Wiggly Grocery, the White House Lumber Co., the Shamrock Service Station, in Shamrock, and the Cicero Smith and Wooldridge Lumber Companies in Wheeler.

It is not the policy of The Wheeler Times to try to dictate to its readers how to vote in an election but there are times when a newspaper feels it is in the public interest of the community it serves, to point out certain facts pertaining to some particular office that is about to be filled.

The case we have in mind at this time is the race for District Judge of the Thirty-first judicial district, comprising Gray, Wheeler, Roberts

As the saying goes, "It's all over but the shouting."

We refer to the Saturday July 27, primary election and incidentally if there is any shouting by voters after the results are made known it will be the first concrete evidence that the Wheeler county public gives a hang who is elected.

The present campaign is the quietest within many years when there has been competition in major district, county and precinct offices. The local sheriff's race. which can always be counted on . to bring street arguments between supporters of various candidates. has failed to elicit much comment. There are two or three precinct and county races that no member of The Times staff has heard mentioned other than an infrequent inquiry of wondering how "old so-and-so is going to run.'

Voters seem to be leaving the solicitation of voters entirely up to the candidates themselves, rather than taking it on themselves to go forth and shout the merits of their favorite office-seekers. #### \$100,000 TO SAVE LIVES

The Texas Safety Association is campaigning for \$100,000 to carry on its work during the coming year. The public should respond. It is a worthy organization with an effective program. And, measured by any standard, it is a work that needs to be done.

Here are a few data presented from its files: Polio claimed the lives of 135 Texas school children last year; traffic accidents, 885. Traffic accidents take a greater toll of all lives than any other .causes except heart disease and

# To The Voters of the **31st Judicial District**

In submitting my candidacy to the people of this District I submit you my record as your District Attorney from 1933 through 1938, which you will recall was the busiest period in the history of this Court. My public record is before you and I invite any inspection or inquiry that you might care to make. I gave my entire time, attention and best efforts during that period as your public official, and if elected your DISTRICT JUDGE you may be assured that I will be on the job at all times and give you the best service of

which I am capable. (Veteran of World Wars I and II)

My experience as an attorney for more than twenty years qualifies me to make you the kind of DISTRICT JUDGE you want.

I will appreciate your help and vote in this campaign.

Respectfully submitted,

LET THE John Deere Hay Chopper 3-Way

THE John Deere Field Hay Chopper on your farm pays you a three-way profit. First of all—it makes a big saving in time—mighty important in handling a perish-able crop; second—it reduces the amount of labor and the amount of labor cost; third—it pays dividends in feed value saved and in the complete use of feed. The job is done with the minimum of bandling; leaves, the most is done with the minimum of handling; leaves, the most is done with the minimum of handling; leaves, the most nutritious part of the hay, are put into the barn or stack, not shattered and left on the ground. Not only do you pick up all the hay, but since stems are chopped and mixed with the leaves, your stock will consume chopped hay completely—there are no "left-overs" to be trampled underfoot. If you put up row-crops for silage, make a fourth saving by using the field-proved row-crop attach-ment which makes the John Deere a big capacity, efficient field ensilage harvester. field ensilage harvester.

or Wire Today?

We need poles, transformers, and wire-lots of them to complete the extensions of electrical service planned, and contracted for, months ago. Our suppliers would like to provide them, too. Production simply isn't enough.

All three are prime necessities in providing new services ... rural, urban, industrial, and commercial. Manufacturers are unable to make deliveries of poles, transformers, and wire. Even the equipment and fixtures which enable you to use electricity after i: reaches you are now far below demand.

We want there who are now awaiting electric service to know that poles are being set, vires strong, and transformers installed just as fast as they can be obtained.

Our job is to bring you the advantages of economical and dependable electricity. We are ergen to be on with our job ... and promise you that we are doing all in our power to exercise it with the least possible delay.

## T. J. DAUGHTRY **EARNESTLY SOLICITS** YOUR VOTE FOR **COUNTY TAX** ASSESSOR-COLLECTOR

Since I announced my candidacy for Tax Assessor-Collector, I have had the privilege of getting acquainted with a lot of people that otherwise I might never have met. I have enjoyed making this campaign for I believe I have made hundreds of new friends.

Contrary to the opinion that most people have about the courtesy shown a candidate, 100 per cent of the people seem to appreciate the opportunity of getting acquainted with candidates. I believe it would be a hard job to find a more friendly people than we have in Wheeler county.

I want to thank every one for the encouragement given me in my campaign, and I hope every voter in Wheeler County will go to the polls and vote on Saturday, July 27.

### **VOTE FOR**

COUNTY

### T. J. DAUGHTRY

Here are some reasons why we would like to see Thomas Daughtry elected to the office of TAX AS-SESSOR AND COLLECTOR of Wheeler County:

1. He is 34 years old and has been a resident of Wheeler county for 19 years, having lived on a farm in the Twitty community all of that time.

2. In slack times on the farm, he has worked as book-keeper and field engineer in Wheeler county and has gained considerable knowledge that will be beneficial to him in conducting the office of TAX AS-SESSOR AND COLLECTOR.

3. We feel that he is well qualified for the office he seeks.

4. We find him honest, fair and conscientious in his dealings with his fellow men.

5. This is his first time to ask for a public office and we believe in giving a new man a chance.

6. We are Democrats and believe no one man should hold public office for a life-time.

Go to the polls and cast your vote Saturday, July 27 for

AS A GOOD AMERICAN CITIZEN IT IS YOUR DUTY

I wish to take this means of expressing my regret at not being able to make a more extensive campaign in behalf of my candidacy for Treasurer of Wheeler County. I would like to have met every one f you and personally solicited your support, but it has not been possible for me to make a house-to-house canvass, so I am using this method.

I will greatly appreciate your vote and support.

Some of my friends have inquired as to whether would be able, because of my physical handicap, to go back and forth from the court house if I were elected. I appreciate this concern and want to assure the public that I have attempted, with success, climbing the steps to the Treasurer's office and I know that I can do it.

I wish to take this opportunity to thank my friends for the support and encouragement I have received, and for the votes I will get on election day. To those of you who do not know me, I want to declare that if I am elected, I will serve faithfully and to the best of my ability.

Respectfully,

# Vote For **OLIN CULBERSON**

# Railroad Commissioner

No mán has ever served Texas more faithfully than OLIN CUL-BERSON, candidate for Railroad Commissioner of Texas. His background and experience qualifies him for the place. His record proves his fitness. His fight for lower freight rates, which is so vital to us, and his efforts to conserve our natural gas supply for the industrialization of Texas, alone, earn for him the loyal and enthusiastic support of every loyal Texan.

Wheeler County's prosperity and growth depend largely on the healthy condition of the oil business. The industry in this area employs approximately 2,500 people whose livelihood is dependent largely on oil and its by-products. Last year thousands of barrels of oil were produced in this district, of which one cent tax on each barrel goes to the schools. This main industry demands a man of barrel goes to the schools. This major industry demands a man of keen judgment, knowledge and experience to assist in handling Wheeler County's oil business. Olin Culberson has stood by us, let's stand by him.

Give Olin Culberson-gentleman, statesman, Legionnaire-your vote of confidence for a customary democratic Second Term as Railroad Commissioner of Texas.

VOTE YOUR CONSCIENCE AT THE POLLS

#### **ARE YOU A QUALIFIED VOTER?**

#### A qualified voter is defined by the Election Laws as follows:

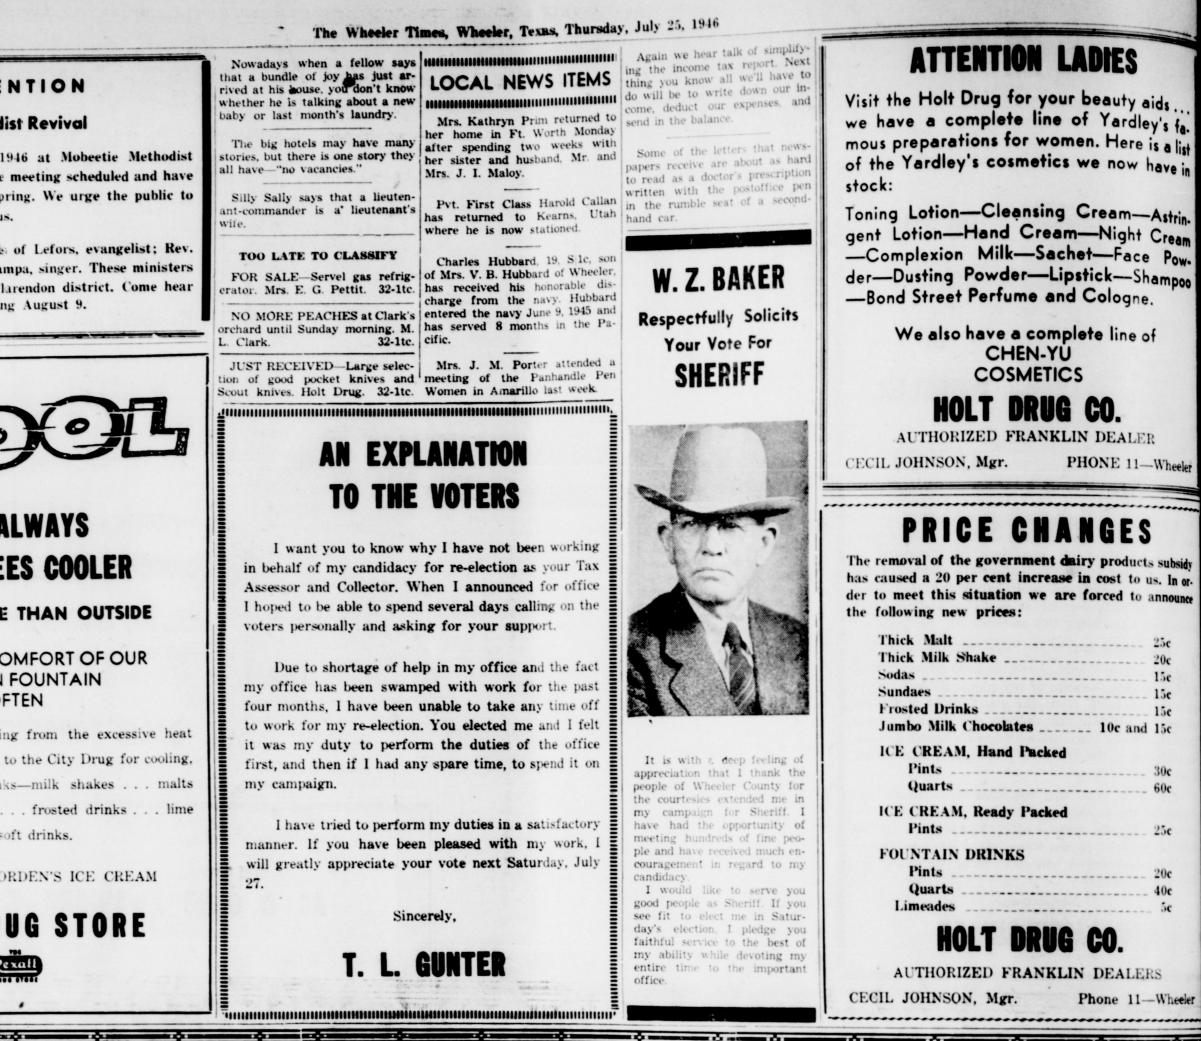

Any person who has attained the age of 21 years, is a citizen of the U.S., has resided in the state for at least one year preceding the election, has resided the last six months within the district or county where he desires to vote, and who has paid the county and state poll tax, is allowed to vote

Persons more than 60 years of age, or who are blind or deaf or dumb, or permanently disabled, or have lost a hand or foot, or is a disabled vet-eran of a foreign war (where the disability is 40 per cent or more), may vote without payment of a poll tax.

Also exempt from payment of poll taxes are veterans who were discharged not more than 18 months prior to the date of the election. No exemption certificate is required for such veterans, and it is not necessary that they show their discharge papers if voting in towns of less than 10,000 population.
