

LEGE CLASS FORMED IF STUDENTS WANT

Persons interested in enrolling in a college extension course should be asked to meet at the courthouse at Wheeler at 10 o'clock on Thursday, Dec. 6.

Superintendent Allen who has been instrumental in trying to organize a class of teachers and others, notified by T. V. Reeves, secretary of the bureau of public instruction of West Texas State College at Ft. Worth will be at the courthouse on December 5 to meet interested persons.

A proposed extension course will consist of 18 weekly sessions of 2 1/2 hours each. The class will be held at the courthouse and will be set up for the convenience of the number of students.

There is no state support for extension courses, the college will not sponsor a class of fewer than 25 members. Questionnaires which have been returned to county superintendent show 24 students are ready to enroll in the class. It is highly probable that a few of these may attend and each person who takes advantage of this work should begin now to enroll the necessary 25.

Dr. H. E. Nicholson, president of West Texas State College, has advised that the college will instruct the extension course, has a rich background of experience in public schools as well as in colleges. The cost of the course is \$15.00.

LOCAL HEALTH OFFICE READY

Family residing within the territory is eligible to join for membership in the County Rural Health Office and may receive a full protection if he will act Saturday, November 30, B. H. Wofford, said this.

November 30 marks the end of the present year and the health office is urged to come to the office and sign up so they will receive the health office's protection," said Mr. Wofford.

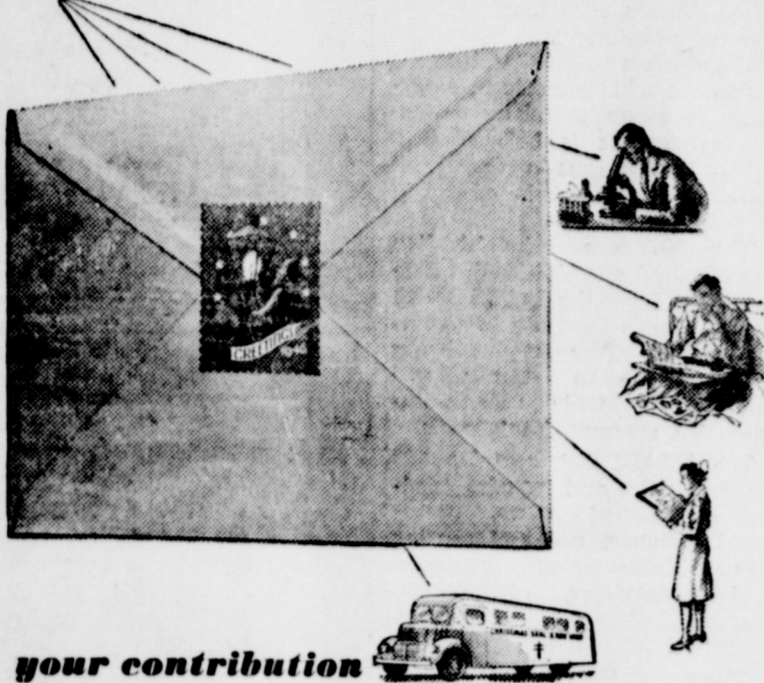

are short of help and are filling out application blanks like we have in the past. There is another reason we are interested in every one who comes to our office. We will fill out his family's application for him and in that way we are sure that it is filled out.

Wheeler Line Is To Okla.

The Railroad Commission approved the application of the Oklahoma Motor Freight and Express Company to operate a passenger and express line from Perryton east to the Oklahoma state line, according to an announcement by the company's general manager, J. H. Cheatham, who operates a passenger line from Perryton by way of the Oklahoma state line on the Oklahoma line on July 1, 1946. Representatives of the Cheatham company, together with interested citizens of towns along the proposed routes met with the Railroad Commission at a hearing in Amarillo on November 16 and 17.

The line is the first step on the proposed route from Perryton to Woodward, Okla., and all cities along the line. The Oklahoma Motor Freight and Express Commission and Interstate Commerce Commission will be held within the next few

the story behind the seal

your contribution

may help buy an X-ray unit... train a TB nurse... finance the rehabilitation of a patient... or underwrite laboratory research... some of the many ways Christmas Seal funds fight tuberculosis the year round. These methods have helped cut the death rate by 75% since 1907. But TB still kills more people between 15 and 35 than any other disease. So the fight must go on. So, please, send in your contribution today, however small. Nowhere else can you "buy" a greater gift... for the greatest number.

The National, State and Local Tuberculosis Associations in the United States

GIVEN 2 YEARS BURGLARY CASE STATE MEETING

A jury in Thirty-first district court at Wheeler late last week found Earl Wayne Richardson guilty of burglary of the Piggly Wiggly store at Shamrock last April and sentenced Richardson to two years in the state penitentiary. Richardson repudiated a confession given county authorities after his arrest, declaring he confessed to the crime under duress.

Cases against five men charged with burglary of the White House Lumber company in a series of Shamrock robberies last spring were continued to December 16. These defendants are L. B. Elrod, Hubert Elrod, Cody Elrod, James Elrod and Vernon Candevor. Cody and James Elrod are sons of Hubert Elrod.

NEGRO KILLED AT TWITTY SAT.

Rufus Donnell, 26-year-old negro cotton picker from Frankston, Tex., was killed shortly after midnight Saturday in what county authorities termed "a playful scuffle over a pistol" near Twitty.

A bullet from a .38 calibre pistol struck the negro in the back of the head, killing him almost instantly. Leo Woodard and "Shine" Hendricks, negroes also of Frankston, were reported to have been scuffling over the pistol when it was discharged, striking Donnell who was standing nearby.

Justice of the Peace T. E. Burkhalter of Shamrock, rendered a verdict of accidental death following an inquest. Woodard was charged in county court with possessing a pistol.

The shooting took place one mile north of Twitty on the J. M. Tindall farm which is operated by George Braxton. Several negro families of the community had been visiting the negroes on the place Saturday night.

Donnell had been in Wheeler county about six weeks, picking cotton for Roy Reeves. The body was shipped to Frankston for burial. Survivors were the widow and two sons, all of Twitty.

Miss Nellie Bea Candler of Borger attended homecoming at N. T. S. C., Denton last week end. She was accompanied by her mother, Mrs. C. H. Chandler of Jowett, who visited her sons, Bill and Bob, who are both second term sophomores at N. T. S. C.

KAVANAUGHS TO STATE MEETING

County Superintendent Allen Kavanaugh and Mrs. Kavanaugh will attend the 68th annual convention of the Texas State Teachers Association at Houston next Friday and Saturday.

Upton Close of Hollywood will address the convention on the topic "Is Peace Possible?" and Governor Ellis Arnall of Georgia will speak on "The South As I See It." Dr. Kenneth McFarland, superintendent of schools at Topeka, Kansas, is another featured speaker, his subject "Tomorrow's Teacher."

County Superintendent Kavanaugh will also attend a meeting of county superintendents and supervisors to be held in conjunction with the teachers convention on Friday. Discussion of "The county superintendent's part in the legislative program of the Texas State Teachers Association," will be led by Lyman Robinson of Collin county, chairman of the legislative committee. A roundtable will follow on "Need Legislation."

During the teachers two-day meeting there will be many sectional meetings held in which teachers of various subjects will discuss topics of particular interest to them.

SUNDAY SCHOOL COURSE 5 DAYS

Baptists in nearby communities are invited to enroll in a Sunday School Study Course which will open at the First Baptist church Mobeetie at 6:30 o'clock next Monday evening. Sessions will be held each night through Friday.

The course is for Sunday school officers and teachers. There will also be study courses for young people from 15 years of age up, according to Rev. R. L. Cooksey, pastor.

Jess Patterson will teach the Sunday school course. The textbook he will use is "True Function of the Sunday School."

Reverend Cooksey will teach another course, "Building a Standard Sunday School."

Grainger McIlhany Is High In Legal Class

Grainger McIlhany of Wheeler scored a 79 to make third from the highest grade on a special Texas Bar Examination in Austin this week, according to information furnished The Times by the University of Texas News Service this week.

McIlhany was one of 27 University of Texas Law students who were named by Dean Charles T. McCormick of the University of Law as having passed the examination.

AREA BAPTISTS GET CAMP SITE AT WELLINGTON

The Baptists of NorthFork and Panhandle associations have formed a joint corporation in their organizations to purchase a permanent site for encampment purposes.

The completion of the purchasing of the property formerly known as the Wellington Country Club was perfected November 1, with all legal and financial matters being attended to by the trustees of the Baptist organization which will carry on their future operations under the name of the "Pan-Fork Baptist Encampment." Rev. Guy W. Killian, pastor of the Quail church and secretary-treasurer of the association announced.

The trustees of the encampment are: O. B. Raburn, Wellington; Henry Davidson, Wellington; Sam L. Hamilton, Memphis; R. A. Smith, Turkey; and Duward Price, Shamrock.

The general officers of the encampment are: Rev. Edw. C. Derr, camp director, Shamrock; Rev. Dan Beltz, assistant director, LeFors; Rev. Guy W. Killian, secretary-treasurer, Quail.

The Baptist Constituency of Collingsworth, Wheeler, Gray, Hall and Donley Counties totaling approximately 7,500 resident church membership are the participants and owners of the encampment property. Forty-five cooperating churches are listed in the territory and will have access to the property for encampment, recreational and religious gatherings.

One of the features of the encampment organization is the consideration offered to outside religious bodies other than Baptist who wish to use the grounds for summer youth camps, Rev. Killian declared.

The Boy Scouts of the area are also to be given consideration should they at any time wish to use the grounds for overnight camping purposes or jamborees. The above mentioned groups wishing to use the camp grounds are asked to contact O. B. Raburn of Wellington for permission to enter the grounds. A nominal blanket entrance fee will be asked from outside groups other than Baptists of the area.

Miss Blanche Grainger spent Sunday with Dr. and Mrs. V. N. Hall.

Mrs. T. B. Oliver of Miami spent Friday afternoon with her daughter, Mrs. Boyce Farris, enroute home from Ft. Worth and Forestburg, Texas.

ASK FARMERS CAST VOTE ON COMMITTEEMEN

Gene Shaffer, chairman of the Wheeler County Agricultural Conservation Committee, today issued a final appeal to farmers to attend their local farm program committeemen elections, now in progress throughout the county.

Communities will hold elections Saturday, November 30 at Mobeetie, Wheeler, Kelton, Shamrock, and Pagan, from 8 a. m. to 5 p. m. Three regular committee members and two alternates will be chosen in each community. A delegate also will be elected to the county convention, which later will choose the county committee of three members.

"Farmers have a big voice in national farm programs through the farmer-elected committeemen system", Shaffer said. "A good turnout will show that they believe in this way of running the programs."

"The coming year is sure to bring new reconversion problems, and the committeemen will have heavy responsibilities. By casting their ballots, farmers can make sure that the men administering the programs are the men most familiar with local needs. We hope that every eligible farmer will take time to vote."

Any person participating in the 1946 Agricultural Conservation Program or the Sugar program or any person who has a contract with the Federal Crop Insurance Corporation is eligible to vote in the election. This includes owners, operators, and tenants on farms where the conservation or sugar program is being carried out. The wife of every eligible voter is also eligible to vote. Any eligible voter who does not receive a ballot may secure one by calling at the ACA Office or may go to the polls on election day and vote.

V. B. Harcastle said that the voting procedure was changed to assure a greater participation in the elections, so that the men who are elected truly represent the choice of the farmers in the community.

Official ballots will be sent to each eligible voter. Harcastle explained. On this ballot, there will appear the name of one candidate for each position who was elected by a nominating committee of farmers in the community and also space for the farmer to write in the name of any farmer he wants to represent him as community committeeman if he does not want to vote for the nominee. Each farmer will vote for three regular members of the community committee. (Continued on Last Page)

Christmas Seal Sale Opens Thursday; Your Money Aids T B Fight

Dr. H. E. Nicholson, president of the Wheeler County Tuberculosis Association, has announced that sale of Christmas seals to finance Wheeler county's fight against tuberculosis will open Thanksgiving Day, and calls on local citizens to purchase seals through the local association.

The seals are now available at \$1.00 per sheet but larger contributions are asked of those able to make them. Seals may be had from any officer or director of the county association or by addressing a letter to the Wheeler County Tuberculosis Association, Flake George of Shamrock is first vice president, County Judge Geo. W. Hefley is treasurer, and Harry Wofford is secretary.

LOCAL CAGERS OPEN SEASON TUESDAY NIGHT

The Wheeler high school cagers will open their season with a pair of contests on the local hardwoods Tuesday evening beginning at 7:30 P. M. according to an announcement made this week by Supt. W. O. Carrick.

Both the high school girls and boys teams will vie with corresponding teams from Canadian high school. Tuesday night's game will open the 1946-47 season for both the local squads and the Canadian teams so the teams should be on fairly even footing.

The girls game will be played first beginning at 7:30 o'clock and the boys game will follow it immediately Supt. Carrick stated today.

Girls who have been working out for the local sextet include: June Johnson, Ida Mae Martin, Nelda Barry, Laverne Watts, Lois May, Melba May, Peggy Weatherly, Anna V. Hefley, Deores Ahler, Ruby Reid, Joy Bradstreet, Georgia Gaye Porter, Yreva Sue Carter, and Billie V. Brown.

Boys who have been vying for positions on the starting Mustang quintet include: Clyde Revious, B. Robinson, D. Waters, C. Robinson, D. Bradford, Collins, Close, R. Gaines, J. P. Johnson, B. Curbin, and J. Weeks.

Supt. Carrick urges the public to come out and enjoy an evening of fast sport, and support the local teams. Admission prices will be 15c and 30c.

DINNER TABLE IS MAIN SHOW

Big family dinners will be the main attraction for most Wheeler residents on Thursday which is the second peacetime Thanksgiving Day in several years.

Turkey hens and gobblers will grace many town and rural tables which will be groaning under heavy loads of holiday goodies. Wheeler food stores reported Wednesday pre-Thanksgiving buying has been brisk and that many delicacies that have been missing on many tables the past few years will be back on the menu this year.

In the absence of any nearby football games, most Wheelerites plan to spend the day at home, with several local families planning reunions and out-of-town guests.

Mayor R. H. Forrester and local ministers call on the public to observe this Thanksgiving, the second since hostilities ended, in a sane and reverent manner befitting the occasion. They remind the public the fourth Thursday of November was set aside as a day to give thanks for a free and united nation and for a plentiful supply of the good things of life.

Persons driving cars are reminded highway traffic will be heavy and that extra caution should be taken to prevent accidents, remembering that they might meet a fool.

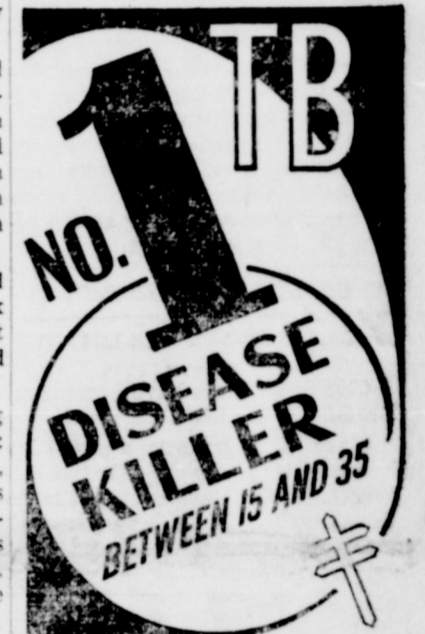

Mobeetie Church To Open Revival Friday

There will be a weekend revival at the Assembly of God church at New Mobeetie starting Friday night, November 29. Visiting ministers will fill the pulpit. Among those expected are Rev. A. R. Vaughan and family of McCamey, Texas.

There will be special singing. Bonita Hudson, pastor, cordially invites the public to attend the services.

Since formation of the county association one year ago, 80 per cent of all funds remain in the county for use in combating the dreaded disease which killed two persons for every three American lives lost in combat in World War II. All proceeds formerly went to the state and national tuberculosis associations.

Local citizens purchased approximately \$1,000 worth of seals last year and the local fund is now being used in making TB

Buy CHRISTMAS SEALS

tests of all county school children. A registered nurse is presently engaged in this work and further diagnosis is being made where there are symptoms of the disease, and treatment being prescribed.

The cooperation of school teachers, ministers and club leaders is asked in launching the present campaign. The men and women comprising directorate of the county TB association are busy people and will appreciate public spirited citizens and community leaders volunteering their services in the annual Christmas Seal sale. Teachers, ministers, club leaders and others wishing to help and those wishing to make cash contributions are asked to contact Dr. H. E. Nicholson, Flake George, George Hefley, Harry Wofford or Mrs. Lee Barry who is second vice president of the county group.

Or you may see any of the following directors, Mrs. George Chandler, Glenn R. Walker, Mrs. J. M. Tindall, B. F. Risinger, Mrs. H. E. Forgy, L. D. McCauley, Mrs. R. D. Holt, Mrs. Clarence Robinson, Jack Miller, A. C. Wood, Mrs. Ernest Zybach, Mrs. Clarence Zybach, Sam Begert and Mrs. Ernest Lasater.

Within a few days letters will be mailed many county residents, inclosing seals which they are asked to buy at \$1.00 per sheet, but directors ask that you do not wait until you receive such a letter. You are asked to clip a coupon appearing in a page ad in this week's paper and mail to the county association, asking that seals be sent to you.

Some communities plan to organize committees to make personal solicitation. It is the hope of the county committee that special solicitations will be made among business men at Shamrock, Wheeler and Mobeetie.

This is a matter that involves the health and lives of your family and neighbors. Any person could spare a \$1.00 and many could afford \$50. Won't you mail your contribution today before you forget it? You will feel better and enjoy Christmas more, knowing you have done your part in fighting the terrible disease of tuberculosis. Tuberculosis kills 2,000 children under 10 years of age every year.

Mr. and Mrs. Clyde Bonds of Mobeetie are the parents of a girl born November 22.

THURSDAY, NOVEMBER 28

AN AMERICAN TRADITION

Christmas Seals have become an American tradition.

Have they become a tradition because they are bright and attractive? Or because we like to decorate our holiday packages? No American traditions have deeper roots than the appeal of a

'Take a Deep Breath'

By the time you can say "Take a deep breath and hold it," an X-ray picture of the lung can be taken on this modern photo-fluoro-reorder camera. Chest X-ray examinations are advocated by tuberculosis associations, supported by the sale of Christmas Seals, to find unknown cases of tuberculosis.

pretty piece of paper.

Christmas Seals, distributed each year around Thanksgiving time by our tuberculosis association, have become an American tradition because they are the symbol of an intelligent battle being waged in this country against a disease and because it is an American custom to stand back of efforts to improve the welfare of our people.

Christmas Seals are a little thing themselves. We can buy a whole sheet of them for a dollar. But the thing for which Christmas Seals stand is big—as big as the health of every man, woman and child in our country.

When we buy Christmas Seals we are giving our support to a campaign to control tuberculosis, a disease which causes more deaths among young people between 15 and 35 than any other disease, a disease which kills people of all ages at the rate of

one person every 10 minutes.

The campaign against tuberculosis has been supported by the sale of Christmas Seals for nearly 40 years. During that time, tremendous strides have been made in conquering the disease, but the final victory has not yet been won. It will be won if the American people continue to support the associations directing the battle by buying and using Christmas Seals, which provide the ammunition for the battle.

It is an American tradition, a good American tradition, to buy and use Christmas Seals.

Mr. and Mrs. M. V. Callan and Mr. and Mrs. Fred McCarroll were Sunday guests of Mr. and Mrs. H. O. Miller.

Veterans' News

QUESTIONS AND ANSWERS

Q—What is the difference between compensation and pension?

A—Compensation is a term used to describe monetary benefits payable for service-connected death or disability under laws administered by Veterans Administration. The term "pension" is used to describe nonservice-connected monetary benefits.

Q—Is a widower of a World War II veteran eligible to receive compensation or pension?

A—No; the term "widow" does not include a widower with reference to payment of compensation or pension based on the death of a World War II veteran. However, a widower is eligible to receive unpaid disability compensation or pension based on the death of a woman who had served in the armed forces in World War II.

Q—How do I go about filing a claim for pension on the death of a veteran who was my sole support?

A—You should file your claim for pension with the Veterans Administration on its Form 535.

Q—Will various monetary benefits received by veterans under the G. I. Bill be deducted from future bonus?

A—No, that portion of the Servicemen's Readjustment Act (GI Bill) which formerly provided that any benefits received under the Act would be deducted from any future bonus authorized, has been repealed.

Q—Is it possible for a veteran to complete his elementary school under the Servicemen's Readjustment Act?

A—Yes.
 Q—I am receiving retirement pay and wish to take up training under the Servicemen's Readjustment Act (GI Bill). Is it possible for me to receive subsistence allowance while receiving retirement pay?

A—Yes.

More than 13,000 veterans training in Texas, Louisiana and Mississippi are currently suspended from Veterans Administration subsistence rolls for failure to report their earnings.

Subsistence checks ordinarily mailed to these veterans the first of every month will be held up until the required reports submitted to the proper VA regional office, VA officials said.

Both veterans in training and educational status must report their earnings from productive labor for the months of August,

September and October. Forms have been mailed to all veterans on the suspended list, but if these have been misplaced, the report on earnings can be made in a letter over the veteran's signature.

Under legislation last summer, veterans' payments and earnings are limited to a total of \$175 monthly for those without dependents and \$200 monthly for those with dependents. In the event those figures are exceeded, the subsistence allowances must be reduced accordingly.

VA officials believe most of the reductions will be made in allowances to veterans taking on-the-job training. It is believed that only a few veterans in educational status will be affected.

The Veterans Administration has obtained an additional 1,600,000 books from the United States Armed Forces Institute to add to the 600,000 other surplus books still available to schools and colleges for their veteran-students, VA announced this week.

The USAFI list contains 196 different titles and includes standard cloth-bound texts, paper-bound volumes, and self-teaching which accrued prior to the death of a woman who had served in the armed forces in World War II.

Library of Congress is distributing the books. VA pays the library for its handling and pays the school for handling costs for books distributed. Only veteran students can obtain the surplus volumes.

The Library of Congress cannot send books direct to veterans. VA requests that veterans inquire only through school officials, or, in the case of job trainees, through VA training officers.

What ADEQUATE WIRING means to you

Every year you depend more and more on low cost electricity to bring you more convenience and economy in your home and place of business. As new appliances and other aids are developed, you use electricity more and more. You improve your lighting, too.

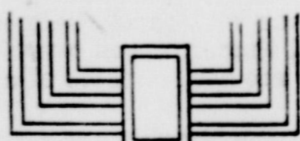

To have electricity accomplish these many tasks successfully and efficiently you should provide ADEQUATE WIRING.

ADEQUATE WIRING MEANS

1. enough circuits
2. large enough wire
3. enough outlets and switches

When you build or remodel your home call on your Public Service Company for help in planning your Adequate Wiring System.

Adequate Wiring Simply Means

• ENOUGH CIRCUITS
 The fuse box is the center of electrical service in your home. Circuits should branch off from it to each center of electrical use as side roads branch off from a main highway.

• LARGE ENOUGH WIRE
 The wires in your home can be likened to the branches of a tree; each must be large enough to bear the weight it must carry, or service the appliance or lights to which it will be connected.

• ENOUGH OUTLETS AND SWITCHES
 Each room in your house should have enough outlets and switches to provide service for every appliance or light you have there now, or expect to have in the future. It's hard to have too many, easy to have too few.

SOUTHWESTERN PUBLIC SERVICE COMPANY
 22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

A LETTER TO THE CITIZENS OF WHEELER COUNTY

DEAR CITIZENS:

We want five minutes of your time to talk to you about Tuberculosis in Wheeler county and how you can help save the lives of several of your neighbors and your neighbors' children.

One year ago 19 of your neighbors representing all sections of Wheeler county banded together to fight Tuberculosis—a disease that killed two persons for every three American lives lost in combat in World War II. We formed the Wheeler County Tuberculosis Association and sold Christmas Seals to you, the state and national associations which had been selling them in the past permitting us to keep 80 per cent of the money to combat Tuberculosis in our own county.

The citizens of Wheeler county responded generously, buying about \$1,000 worth of Christmas Seals. And we have put the money to work. A registered nurse is now engaged in making free tuberculosis tests of every school child in Wheeler county. Further diagnosis is being made where there are symptoms of the disease, and treatment is being prescribed.

We are now launching our second annual seal sale to finance this important work and we

solicit your generous cooperation in helping to further this work. Tuberculosis is a much more serious disease than most people realize. While its death rate has been cut 75 per cent since the turn of the century, it still kills approximately 55,000 Americans a year, kills at the rate of one person every 10 minutes. Tuberculosis kills 2,000 children under 10 years of age every year.

Your neighbors who are conducting this campaign are busy people just like all of you and we do not have the time to make a personal call on you. Won't you please make out a check now and mail to us? You'll feel better than if you put it off and forget it until the campaign has closed.

We further ask that those of you who belong to churches, clubs and fraternal orders, make mention of Wheeler county's fight against Tuberculosis at your next meeting. Ministers and school teachers could sponsor collections in their churches and schools.

We need everybody's help. Please do not fail us.

Sincerely yours,

WHEELER COUNTY TUBERCULOSIS ASS'N.

Former City Resident Honored In California

Miss Evelyn Lois Staley, former resident of Wheeler and now residing at Hollywood, Calif., was honored recently with a dinner party at the Farm Inn in Vista, by the Oceanside night telephone operators. Miss Staley is being transferred to the Los Angeles office.

Among guests was Mrs. Walter Staley, mother of the honored guest, and of Carlsbad.

Mrs. Minor Is Hostess To Wheeler H. D. Club

The Wheeler H. D. Club met Wednesday afternoon, Nov. 20, in the home of Mrs. Allie Minor for the last meeting of the month. Roll call was answered with gift suggestions. Several gifts were displayed, among which was a lovely crocheted chair set and a hand painted bowl, both made by Mrs. Bill Owens. Immediately following, Mrs. L. H. Sims gave a 5 minute discourse on "Spot Cleaning."

Mrs. J. H. Watts took orders of club members desiring satin for comforters, and the club voted to order enough satin to make a

comforter to be sold by the club later.

Mrs. Cecil Clark was in charge of games during the social hour. Refreshments of punch and cookies were served to the following: Mesdames Bill Owens, J. M. Porter, J. H. Watts, Annie Savage, B. M. Litton, Cecil Clark, L. H. Sims and the hostess, Mrs. Allie Minor.

The next meeting will be Dec. 4 in the club room. Members are to bring lunch and a gift to be exchanged. This will be the last meeting of the year.

Two Local Men Are Honored On Birthday

Mrs. Weaver Cochran was hostess at a birthday party, Friday night, honoring her husband and S. R. Anglin.

Refreshments of cake, coffee, cold drinks and nuts were served to the following guests, Messrs and Mesdames O. F. Holt, and daughter, Loubet Moore and children, Boyce Farris and children, and S. R. Anglin.

Misses Leona Skidmore, Georgia Warren, Christine Jones, Doris Magruder, Myrtle Gardner, Nellie Threath, Doris Reagan, Margaret Anglin, Dorothy Landstan, Lois Anglin and Clarice Cochran.

Messrs Junior Pendleton, Charlie Pond, Robert Poreles, Alvin Loren, Kenneth Holt, Freddie Skidmore, Bill Beasley, Bruce Cochran, Daimor Lee Loren, Frankie Skidmore, Floyd Anglin, Nile Patterson, John Anglin, Allan Cochran and the honor guest.

Marriage Of Allison Couple Is Announced

Mr. and Mrs. Joe Walsh of Allison announced the marriage of their daughter, Betty Jo, to Len Brown, also of Allison, November 17, at the home of Mrs. R. A. Estes in Allison.

The impressive ceremony was performed by Rev. Robert Estes. The bride was very attractive in an aqua street length dress with a pink corsage, accented with accessories of brown.

Those present for the wedding were: Mr. and Mrs. Joe Walsh and Jean, Mrs. Charlie Brown, mother of the groom, Mr. and Mrs. Willie Boydston and family, Mr. and Mrs. Ira Fish and family, Ray Brown and Donna Jo, Guy Brown, Miss Thelma Dean Clay of Reydton, Okla., Mrs. R. A. Estes, Robert and Alice.

The couple will be at home to their many friends in Allison.

Wheeler 4-H Girls In Meet With Miss Hicks

The Wheeler 4-H Club girls met November 26 with Miss Louise Hicks, Assistant County Home Demonstration Agent.

The president conducted a short business session after which Miss Hicks told the members about a club calendar with the motto and club pledge. The right kind of bedding was discussed and then the members decided on the right colors for the different types of hair, eyes and complexion, after which the meeting was adjourned.

Mrs. J. M. Porter Is Athenaeum Speaker

Mrs. J. M. Porter of Wheeler, author of "Memory Cups," was guest speaker at the home of Mrs. W. S. Pendleton at Shamrock Friday, when Mrs. Pendleton entertained a group of guests and members of the Athenaeum Club.

Mrs. Frank DuBose presided and introduced the speaker. Mrs. Porter, in her own charming way, discussed her book from the angle of compiling material, research work, and interesting sidelights of getting a book published. Bits of humor in connection with interviews interspersed her talk and in closing she remarked: "If you want to write a

book, it takes a lot of patience." Refreshments were served at the close of the program to:

Mmes. J. M. Porter, Jack Montgomery, Walter Darlington, Jr., Charles Palmer, Walter Pendleton, Jr., and George L. Stanley, guests; and to the following club members: Mmes. Temple Atkins, J. B. Clark, J. H. Caperton, Frank DuBose, J. W. Gooch, Louis Hill, J. M. Tindall, B. F. Holmes, Harry Mundy, O. T. Nicholson and Hubert Tindall.

ANNUAL SEAL SALE IS NOW UNDER WAY

The 40th annual Christmas Seal Sale which opened Monday November 25 will carry a life-saving Christmas tradition not only into Texas homes but to all military installations in Texas.

In a letter to Pansy Nichols, executive secretary, Texas Tuberculosis Association, General Jonathan M. Wainwright endorsed the State-wide campaign for funds to combat tuberculosis, and declared Christmas Seals will be made available to military personnel throughout the State.

"The purchase and use of Christmas Seals has become an institution in this country of ours," General Wainwright said, "and I would like to have you know that your efforts in raising funds through the sale for use in the control of tuberculosis has my wholehearted endorsement."

"It has come to my attention that over 17,000 members of the armed services had to be discharged during the first three years of World War II because of tuberculosis. I know from personal experience of many occasions during the war when 17,000 men could have influenced a battle decisively.

"In these times it is most important that the preservation of good health and the treatment of disease receive proper emphasis in conjunction with other meas-

ures of preparedness presently being advocated by those who realize the necessity for a strong United States.

"I am certain you will find the commanding officers of the several posts, camps and stations within the Fourth Army Area very happy to cooperate with you in any way they can in promoting the sale of Christmas Seals to military personnel.

"You have my best wishes for a very successful drive. If I can be of any assistance, please call upon me," he concluded.

According to a recent report by the Texas Tuberculosis Association, activities of the National, State and County Tuberculosis associations, supported by Seal Sale funds, include education of special groups and the general population, case-finding, operation of clinics, nursing services, rehabilitation, personnel training, cooperation with the medical profession in tuberculosis work and financial support of medical research. Ninety-five cents out of every dollar raised in Texas fights tuberculosis within the State, and five cents is sent to the National Tuberculosis Association to support the services which it performs on a nationwide basis to further the campaign against the disease.

Visitors in the B. V. Stewart home Sunday were Mr. and Mrs. Harry Blake, Mrs. J. H. Dunaway and Carolyn Foss of Borger, Mr. and Mrs. J. H. Richards, of Wheeler, Mr. and Mrs. Hammie Herd and Leroy, Mr. and Mrs. Cleo Gaines and Mrs. Cynthia Criner.

Several Factors To Be Considered In Picking Patterns For Sewing

College Station—Good lines and interesting details along with becomingness to the individual are main points of consideration in selecting a pattern that will make a good-looking dress, according to Mrs. Dora R. Barnes, specialist in clothing for the Texas A. and M. College Extension Service.

Purchase the right size, women's sizes instead of junior miss for the average person, says Mrs. Barnes. Measurements should be taken before buying a pattern as patterns are purchased by bust and hip measurements. She also advises studying the envelope for details before buying and selecting standard makes that have clearly marked directions.

Before cutting out a dress, pattern measurements should be checked to see where they differ

from individual measurements. Allow one and one-half to two inches more than personal hip measurements when cutting. Back shoulder seams should be one-half inch longer than front seams to allow for rounding of shoulders and an easy fit.

Length of the blouse should be checked in the center back, underarm and in front, allowing one inch for blousing. In an ordinary sleeve, the measurement around the arm over the largest part above the elbow should be one to two inches larger than the arm.

All changes should be made on the paper pattern and new seams lines marked before cutting the dress. Pin the pattern on the true grain of the material and cut very carefully with well-sharpened scissors.

Mrs. J. H. Dunaway of Borger spent Thursday with Mrs. Amos May and family.

B. H. S. GOSSIP

Seen Richard Higgins paying his lunch bill for the first time this year.
Everyone working hard for their six weeks test.
Seen Eleanor going to the gym

to see Bill during his play period (What's up now?)
Rosemary sitting with a blonde headed boy from Allison last Friday night.
Miss Estes with a very becoming new blue coat. (Mrs. Coleman with a new blouse).
Civics class wanting to go to court. (What next?)
Everyone is enjoying the picture shows Mr. Barry has been showing.
Betty Jo and Betty Jean with new hair do's.
Heard some of the Briscoe sophomore boys being run out of the Pampa high school. (Boys were supposed to be having your pictures made.)
Seen Eleanor and Janice riding the bus with Bill. (Good lands girls have pity on him. Not two at once).
Richard H. talking to Betty Jo at the ball game. (Truman are you going to let him beat your time?)
Mrs. Fillingim giving an easy test for one time. (Texas History must have been easy).
Basket ball girls taking special training. (Not much candy thanks to Miss Daughtery.)
English II class getting their parts in "Julius Caesar."
Plane Geometry class having to work hard. (They think).
World History class moving to the south side of the room. (It's warmer over at that side of the room).
Clutch going out of Shaffer's bus. (Eleanor said it was the buses fault not the drivers).
Mr. and Mrs. Bill Black, Mrs. P. J. Green, Mrs. Bill Perrin of Shamrock and Mrs. Lillie Rose of Elk City, Okla. attended the funeral of Mrs. Henry Fry at Anadarko, Okla. Saturday.
Melba May spent Saturday night and Sunday with Yreva Sue Carter.

Q. May turkeys be raised to maturity on wire or slat-floored porches?

A. Yes. Porches constructed of both slats and wire are very serviceable. About six square feet of floor space should be provided per bird.

Q. Is domestic rabbit meat increasing in favor with the American public?

A. Yes. During the war, production of domestic rabbits increased from 400 to 500 percent. The demand for rabbit meat continues to be so great that many butchers now sell it dressed, cut-up and ready for cooking. Numerous farmers have found domestic rabbit production a profitable side-line.

Q. Why should dairy calves be kept off pasture until they are four to six months of age?

A. This practice is recommended for the prevention of parasite infection, and to keep young calves from eating so much soft, watery grass that they can not eat the proper amount of growing ration for satisfactory growth.

Q. Is self-feeding of bred sows and gilts advised?

A. No. Self-feeding results in excessive consumption of feed, even when bulky rations are used. Long-term experiments at the Research Farm of the Ralston Purina Company indicate that hand-feeding makes it possible to control both condition and feed consumption of sows and gilts, resulting in stronger, healthier litters, and lower feed costs.

Q. What feeding and management methods for lambs have aided in the control of death losses caused by "over-eating" disease?

A. In Colorado experiments, the addition of sulphur to the grain mixture for fattening lambs has greatly reduced death losses from over-eating. The sulphur was added to the grain mixture at the rate of two pounds for each 100 pounds of grain for lambs on both self-feeding and hand-feeding. Under each system, the rate of death losses was greatly reduced, and the profit per head was increased by as much as 85¢ per head because of the lowered death loss.

Send your questions about any phase of farm management to FARM FACTS, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Mrs. W. E. Collins left Monday afternoon for an extended visit with her daughter, Mrs. Homer Nash, in Hugo, Okla.

Easy Method Given To Clean Inside Of Oven

College Station—Dark, greasy stains that accumulate on the interior surfaces of ovens in kitchen ranges are difficult to clean. Ordinary washing or wiping will not remove them because the grease has "baked on." Scouring often is used but, unless done with care, may damage the enamel finish.

Fumes of ammonia, however, are helpful in softening this substance to make cleaning easier, according to Mrs. Bernice Clayton, specialist in home management for the Texas A. and M. College Extension Service. She suggests placing a shallow bowl of household ammonia—or wadded cloths moistened with ammonia—in the oven for several hours, or overnight. The fumes given off then will have time to loosen the greasy stains. A badly soiled oven may need this treatment for several successive nights.

To keep the oven clean, Mrs. Clayton advises leaving the door open after use until the oven is cool. This will "air out" many of the odors and oils from baking instead of holding them in to settle on oven surfaces. This also helps prevent rusting of metal surfaces by the steam from food. Any food that boils over or spills in the oven should be wiped up at once and not allowed to burn on.

Check Your Fire Insurance Policies NOW!

You have too much money invested in your home and furniture to permit any chance of losses due to fire or other hazards.

You cannot afford to have an IF in your policy. Unless you are protected against All hazards you are taking an unnecessary risk that may result in financial loss.

From where I sit... by Joe Marsh

A Lesson In Conservation

We were sitting on Bill Webster's porch the other night, chatting over a glass of beer—when the talk turns to forest preservation, soil erosion, and other things that affect a farming community.

Judge Cunningham speaks up: "It's all right to worry about conserving our natural resources," he says, "but there's a far bigger problem when it comes to conservation—and that's preserving our democratic way of life, our sense of personal freedom, our respect for one another's rights."

From where I sit, the Judge is right. All America's great resources, our abundant natural wealth, are lost the minute we lose the right to work them as free people in a free land!

Whenever you see or hear of an encroachment on our rights—whether it's the right to free speech, or the right to vote as we see fit, or the right to enjoy a friendly glass of beer in licensed, law-abiding places... watch out!

Joe Marsh

Lucky... in a lot of ways

You're sure lucky, young fellow! Not everybody will have a turkey for Thanksgiving... or even a duck or chicken. But you're lucky in other ways, too—lucky to be an American, free to celebrate traditional holidays, free to live and speak and think as you please... you're lucky to live in the "Gulf South," blessed by Nature with abundant stores of natural gas, the finest fuel for industry, the cleanest, cheapest fuel for use in the home. United Gas Pipe Line Company, with its more than 6,000 miles of main lines, gathers and transports natural gas from wells to markets in 313 cities and towns in five southern states.

WORM PIGS SAVE FEED!

NEW PIGTAB GRANULES

Worm-free hogs make cheaper gains. That's why we recommend Purina's NEW pig wormer — Pigtab Granules. A development of years of Purina research, Pigtab Granules are shockless, safe and easy to use. Just mix with the feed and let pigs worm themselves. Tests prove that Pigtab Granules will efficiently remove nodular and large roundworms, when used according to simple directions, and may help you save up to 140 pounds of feed on each hog marketed.

REV. A. C. LYONS TWITTY PASTOR

Rev. A. C. Lyons has accepted the pastorate of the Twitty Baptist Church, succeeding Rev. R. C. Curley who recently resigned that charge to enroll in Wayland College at Plainview.

This is Rev. Lyons' first full-time church, a post which he took over after having been ordained at the San Jacinto Baptist Church on September 8 of this year.

Rev. Lyons was reared in Amarillo and attended Amarillo College. He began studying for the ministry in the New Orleans Seminary and is in his third year of work at the Fort Worth Seminary.

The young minister is an ex-serviceman having been discharged from the Coast Guard on February 9, 1943, after having been based at Fort Lauderdale, Fla. He is a member of the Bothwell-Kane American Legion Post No. 21 at Fort Worth.

While in Fort Worth he served as minister of Education of the First Baptist Church at Boyd, Texas, and the experience gained there will be invaluable to him in his work with the Twitty church, he believes.

Rev. Lyons began his duties at Twitty on November 1. He announced this week that Sunday

School begins at 10 o'clock each Sunday and preaching is scheduled for 11 a.m. and 7 p.m. The public is invited to attend all services. The young pastor is unmarried. He and his mother, Mrs. W. L. Lyons reside in the Twitty parsonage.

HOSPITAL NEWS

Mrs. Roscoe Allen, Wheeler entered for treatment November 22.

Mrs. C. L. Hickey received treatment at the local hospital November 22.

Mrs. C. H. Blasingame, Allison, entered the hospital for treatment November 22.

Son of T. E. Haddox underwent a tonsillectomy November 22.

C. V. McCraw received treatment November 22.

Mr. and Mrs. Russell Nardo of Wheeler are the parents of a girl born November 23.

Mr. and Mrs. Loubet Moore and children were guests in the O. F. Holt home Sunday.

PIONEER DIES CANADIAN FRI.

Mrs. Paul Hoeftle, 87-year-old pioneer resident of Canadian, died in the Canadian hospital Friday night after eight months of failing health.

Born Josephine Guckert on Oct. 10, 1859, in New York City, she married Paul Hoeftle there on June 2, 1881, and they came as newlyweds to Texas, settling at old Fort Griffin. After a brief sojourn there and at Vernon, Texas, they moved to Canadian in 1889 where Mr. Hoeftle established one of the first businesses in Hemphill county.

Mrs. Hoeftle was one of the founders of the Presbyterian church in Canadian and was active in church work until her last illness. She became active in the W. C. T. U. shortly after it was organized and gave tireless efforts to that cause serving in many official capacities with the organization.

Her husband preceded her in death on October 12, 1902. One son, John, died in 1942.

Ask Farmers

turkey—will be available in large quantities.

There also will be plenty of the conventional fixings to go with it, says L. A. Parcher, agricultural economist at Oklahoma A and M College.

Because of heavy hatchings and curtailed military requirements, there will be plenty of turkeys for the Thanksgiving market, Parcher

said. In addition, cranberries and sweet potatoes, two of the Thanksgiving dinner's time-honored embellishments, also will be in good supply.

This year's cranberry crop is well above average, with bumper yields indicated in important producing areas. The sweet potato crop is somewhat smaller than last year's

crop but there will be no shortage.

Along with the more abundant supply of white potatoes, the market, all this adds to a real, old-fashioned Thanksgiving dinner.

Ben and Minnie Trovato were visitors in Lefors Sunday.

A proper old gal called Nanny
Said, 'Phillips 66 is uncanny!
'Cold or hot, it starts swell,
'Like a bat out of . . . well!
'That gas has got plenty of whammy!'

For Lightning-like Starts Get Phillips 66 Gasoline

Yes, we match Phillips 66 Gasoline to your seasonal driving conditions—hot or cold!

As fall chills into winter, the high-test volatile elements from Phillips vast reserves of natural gasoline are increased. That's why Phillips 66 starts so easily.

"Controlled volatility" was developed by Phillips scientists to give you better driving, quicker starting, smoother engine performance. In the winter it means split-second starts and faster warm-up. Stop at the orange-and-black sign. Try Phillips 66 and see!

AS THE SEASONAL
TEMPERATURE GOES
DOWN... PHILLIPS 66
VOLATILITY GOES UP!

Solve Your Problems At City Drug

WE READILY admit that it's quite a problem to figure out exactly what to give each relative and each friend . . . but we do insist that if there is any place in the world that will help solve these problems, it's right here at City Drug! Stop in tomorrow and see the hundreds of gifts that we have on display . . . we're sure that you will find that Christmas shopping can be a pleasure when you see all of these gift suggestions.

CITY DRUG STORE

We have literally everything in the jewelry line. Our shelves are full for your convenience in making your Christmas gift selections early.

You can make this store your complete answer to the Christmas list problem. There are selections here for Mom and Dad, Sonny and Sis, Uncle and Aunt, Grandma and Grandpa, Niece and Nephew, cousins, in-laws and friends.

So just make up your complete list, and bring it by. We can fill it all at one time and if you like, put the gifts away in our handy Lay-Away shelves for you until December 24th.

We will be looking forward to seeing you in the near future. We value your patronage and aim to please you at all times.

And don't forget our watch repair department. That makes a mighty nice gift too.
