

MUSTANGS TO FACE HARDEST SQUAD FRIDAY

The Wheeler Mustangs face the toughest customer in District 3-A Friday night when they go to Wellington for a gridiron match with the Skyrocket powerhouse, considered to be one of the strongest teams in the Texas Panhandle. Coach W. O. Carrick's inexperienced gridsters took a bad pasting from the strong Pirates at Lefors last Friday but were not as badly outplayed as the score of 32 to 0 indicates.

Lefors was out for revenge after suffering a heart-breaking loss to Canadian Wildcats 26 to 20, the previous week. And Wade Stracener, ace Pirate fullback, was over in finer fettle than he was last Friday night, crashing over for three touchdowns in the first period.

The Wheeler Mustangs made 9 first downs to Lefors' 7 although the total Mustang yardage was only 133 compared with the Pirates' 257.

The 172-pound Pirate fullback returned the opening kickoff 80 yards for a touchdown, ran 32 yards for the second counter, scored 30 yards for another and added one extra point in the first period to give Lefors a 19-0 lead. Pirate Coach Joe Champion used his reserves in the second quarter but neither team scored, leaving Lefors with a 19-0 lead at the half.

The Pirates chalked up two more tallies in the third when Eugene Cooper carried the ball from the Mustang 15 and Albert Patterson crossed over from the 10 after a Wheeler fumble was recovered by C. H. Keene of Lefors.

Stracener converted on the last touchdown, giving Lefors a 32-0 lead. With the Pirates reserves in the game, the Mustangs broke the ice when "Cookie" Robertson went from the one-yard line and added the extra point.

Neither team showed an effective passing attack. Lefors completed one pass in four attempts while Wheeler attempted only two with them incomplete.

Wheeler starters were Herd and Herd, ends; Good and McCorkle, tackles; Hardcastle, and Edwards, guards; Jolly, center; G. Edward, C. Robertson, Collins and Lowrie, backs.

Lefors starters were C. H. Keene and Joe Ogden, ends; Hugh Babel and Clell Breining, tackles; Tom Jinks and Jack Cullison, guards; Ferrel Tibbets, center; Eugene Cooper and Roy Sims, fullbacks; James Gatlin, quarterback; and Wade Stracener, fullback.

The luncheon will be in the club room in the basement of the courthouse and home demonstration club ladies will be hostesses. This is the day the exhibits will be arranged by clubs.

At last Saturday's council meeting, Miss Tansy Riley gave an enjoyable account of her trip to the state convention.

A list of eight Wheeler county registrants recently discharged from the armed forces has been announced by the local Selective Service office.

Wheeler county registrants discharged were: Boyd N. Austin, Wheeler; Clois L. Beaty, Canady; Samuel M. Dixon, Welby; G. W. Greer, Jacksonville, Fla.; John R. Cullers, Jr., Shamrock; and Royce E. Braudrick, Hugo, Okla.

Times Asks Readers To Help With News By Reporting Items

In order that The Wheeler Times may carry more local news we implore our readers to please report to us all items of interest. If your family has guests, goes somewhere, a baby is born, someone is ill, or there is a birthday party, won't you please report it to The Times office? Write it out as best you can, or come by and tell us. Others are interested in your family the same as you like to know what's going on with your neighbors.

We especially solicit the public's help in reporting deaths. The Times wishes to carry full details and the only way we can do this is for someone to tell us. Oftentimes a grieving family neglects to turn in a story and we will appreciate it if relatives and friends will check with us to see if we have all the facts.

We want to give you a paper filled with local news. Won't you please help us?

JOHN DUNAWAY RITES TUESDAY

Funeral services were held at 2:30 o'clock Tuesday afternoon for John H. Dunaway, 70-year-old former Wheeler resident who passed away at Hot Springs, New Mexico. Interment was in the Borgers cemetery.

Mr. Dunaway who began working for the Southwest Public Service company at Wheeler in 1930 was employed by that firm in Borgers until a year ago when he was retired. He farmed at Wheeler for a year before entering the utility company's employ.

He is survived by his wife and five children, Mrs. Lucille Blake of Borgers, Mrs. James Haville of Borgers, Miss Mamie Jon Dunaway, Stewart Dunaway of Amarillo, and Buck Dunaway of Detroit. Mr. Dunaway was a brother-in-law of B. V. Stewart of Wheeler.

Attending the funeral from here were: Mr. and Mrs. B. V. Stewart, Mr. and Mrs. J. H. Richards, Mr. and Mrs. Roy Esslinger and daughter, Margie, Mr. and Mrs. Amos May, Mr. and Mrs. H. H. Herd and Mr. and Mrs. Emmitt Herd.

MAX'S GILT IS ON THE LOOSE

Max Baird, Kelton 4-H club boy, hopes one "little pig" doesn't go to market until he can lay his hands on him.

Max has a prize-winning red Duroc Jersey gilt running loose somewhere between Amarillo and Pampa. The female porker has a bad habit of jumping out of hog trailers and couldn't resist the temptation to take off from the Baird trailer between Amarillo and Pampa Saturday afternoon, following a gilt show in Amarillo.

She earned \$50 for young Baird Saturday afternoon when she was shown in the annual Sears Foundation gilt show. Previously, the gilt had been adjudged the outstanding swine female at the Wheeler County Sears Show.

Baird believes she can make him some money in prizes, if he can only locate her.

Described as a 200 pound animal, the Duroc is of short, compact structure. She has a notch in the lower right ear.

Anyone knowing the whereabouts of the meandering porker, may contact Hubert Martin, Wheeler County agent, for full details on returning the animal to its youthful owner.

Church of Christ At Kelton Thanks Public

The Kelton Church of Christ wishes to thank the people of the Kelton community for their fine cooperation during the recent meeting, said Worley R. Ferguson, minister of the Twitty Church of Christ.

"We are more than happy to report that the meeting was indeed a great one," said Minister Ferguson. "Eleven souls were baptized into Christ and two were restored back to their first love. We invite you to come and worship with us. You will always find a welcome at the Church of Christ."

B-A WINS THE CHAMPIONSHIP OF T-O LEAGUE

The Briscoe-Allison club of the Texas-Oklahoma League became champions of the league for the 1946 season Sunday by virtue of their decisive triumph over the Kelton club in the third contest of the play-off series. The contest was played on the Kelton diamond Sunday afternoon with the B-A lads winning by a count of 14 to 5.

Sunday's battle was a climax to a long series of struggles between the two clubs, since they tied for the championship of the second half season and had to play that off then the three game series in which Briscoe-Allison took the first contest, Kelton came back to take the second game tying up the series at 1 each and then the B-A club came back to settle the matter once and for all Sunday.

The game Sunday was a nip and tuck battle until the first half of the sixth inning with the Kelton club having a little the best of the contest and leading by a score of 5 to 4. In the first half of the sixth inning the B-A third baseman, Elmo Riley, teed off on Oscar Johnson's pitches to get on then Johnson lost his control and walked in a run and before they could set the north county boys down they had collected 8 runs and the ball game.

Hays and Prater did the pitching chores for Briscoe-Allison while Price performed behind the bat, while Johnson and Pond were the Kelton pitchers to see action in the contest and Garner took care of the catching chores.

The score by innings was:

MARCH DIMES AIDS CRIPPLED

Harry Wofford, Chairman of the Wheeler County Chapter of the National Foundation for Infantile Paralysis, disclosed today that \$2,492.281 in supplementary aid has been sent so far this year by the National Foundation to its chapters in 36 states.

This financial assistance was necessary to replenish chapter treasuries depleted in providing treatment and care of infantile paralysis patients stricken this summer and in aiding victims of prior outbreaks.

Mr. Wofford made this disclosure following receipt of a statement from Basil O'Connor, President of the National Foundation, which reemphasized the fundamental policy followed by the Foundation and its chapters in providing for care and treatment of infantile paralysis victims.

Mr. O'Connor statement said: "The National Foundation for Infantile Paralysis has accepted a public trust through the annual March of Dimes. The voluntary contributions of the American people to this annual appeal in January is their insurance that no infantile paralysis patient need go without the best medical care and treatment, regardless of age, race, creed or color."

"It has always been the policy of the National Foundation to aid any person stricken by this disease, where the financial burden would otherwise lower his or his family's standard of living."

"Such aid covers transportation of the patient to and from hospitals and clinics; payment of hospitalization, medical care and treatment until maximum recovery is achieved; the defraying of nursing and physical therapy charges, and costs of orthopedic surgery, as well as provision of such special appliances as may be indicated."

"Resources necessary for this tremendous task are available. They were donated by some 50,000,000 Americans who realized that costs involved in the care and treatment of this disease, one of the most expensive known to medicine, are far beyond average family means."

"Through pooling dimes the nation has established a voluntary, non-profit organization to take care of anyone stricken by polio. I want to assure every family in this country that if polio should strike, local chapters of the National Foundation for Infantile Paralysis serving every county in the nation are ready and able to provide every possible facility until maximum recovery is assured."

P.-T A. Sponsoring Stamps-Baxter Concert

The Wheeler Parent-Teacher's Association is sponsoring a concert by the Stamps-Baxter Quartet which is to be held at the high school gymnasium Monday night, October 7 at 8:30 P. M.

The Stamps-Baxter company is well known in this section of the country and are noted for giving concerts which the general public enjoys.

Proceeds of the affair will be used by the P-T A to repair and improve the school lunch room. This is a project which is worthy of the support of every citizen of the Wheeler school district.

Admission prices will be 25c and 50c and tickets will be on sale at the Holt Drug beginning Saturday morning.

JOY WILLIAMS TO BE HONORED

Joy Williams of Wheeler has been selected as the outstanding 4H girl of this district, and will receive the Scroll of Honor Award of the State Fair of Texas along with 31 other 4H Club and Future Farmer of America members on Oct. 5, Rural Youth Day at the State Fair, announced Ray Wilson, Chairman of the Junior Livestock and Agriculture Committee of the State Fair.

This award, a recognition of achievement for the young farmers and girls of Texas, will be presented by R. L. Thornton, President of the State Fair, at a program for the expected 20,000 rural youth of the State that will attend as guests of the Fair.

The program will open with an entertainment show by radio stations WFAA, KRLL, and WRR at 12:00 in front of the Grandstand. The scrolls will be presented at 1:00 p. m., the program being broadcast over KGKO, and the presentation will be followed by a Variety Show.

W. C. STONEMAN DIES IN CALIF.

Word has been received of the death at Aroura, Calif., of W. C. Stoneman, 67-year-old former resident of the Gageby community.

Mr. and Mrs. Stoneman moved to California last year. She is a sister of A. A. Burch of Mobettie. Mr. and Mrs. Burch and son, C. W. Burch, and O. G. Beck and F. B. Flaherty left for California Saturday evening to attend the funeral service which was scheduled for Monday.

Other relatives of this vicinity include Mrs. Jim Hackett and Mrs. F. B. Flaherty of Pampa, Mrs. L. E. Keith of McLean, Mrs. O. G. Beck of Mobettie, and Mrs. Tom Cooper of LaHabra, Calif., formerly of Pampa. The ladies are nieces of Mr. Stoneman.

Mr. and Mrs. Jud Johnson visited relatives in McLean Sunday.

VOTERS ASKED GO SLOWLY ON 3 AMENDMENTS

The attention of Wheeler county voters is called by The Times to three proposed changes in the construction of Texas to be voted on in November.

Due to an error in the legislature's resolution calling for a vote on one of the amendments, two separate elections will have to be held—one two days after the other.

On Nov. 5—general election day—voters' approval will be asked for an amendment to freeze road-use taxes for road construction, maintenance and patrolling. On the same day, the voters will be asked to authorize state and county pensions and retirement systems.

On Nov. 7, the vote will be taken on a proposal to set up a veterans land board to buy \$25,000,000 worth of Texas land and sell the land to Texas veterans of World War II. State bonds would be issued to provide the \$25,000,000.

The proposed freezing of road use taxes to road purposes is intended to prevent diversion of such taxes to other uses, thus permitting long range road planning and run claim for federally distributed road funds that are issued to state on a matching basis.

The road-use taxes that would be frozen are, principally, the gasoline tax and registration fees. Under the proposed amendment the receipts could be used for acquiring road right-of-way, road construction, road maintenance and road patrolling.

The amendment would also freeze an existing status the proportion of registration fees that counties may retain from vehicle license fees and the portion of gasoline tax set aside to retire road bonds.

The existing status for county participation in registration fees is: The county retains all of the first \$50,000, above \$50,000 half is kept by the county and half paid to the state highway department up to a total of \$175,000. When collections pass \$175,000, all goes to the state highway department.

Existing status of state servicing of road bonds issued by counties and road districts, also, would be frozen under the amendment.

Briscoe-Allison To Play Wheeler Sunday

A crack Wheeler baseball team will try its hand at the championship Briscoe-Allison club at Wheeler next Sunday afternoon.

Admission will be 15c and 25c and a part of the proceeds will go to West-Passons Post of the American Legion, sponsor of the team.

The same clubs will meet at Briscoe the following Sunday afternoon.

Announce Jury List For October Court

A list of Wheeler county men called for petit jury service during the October term of county court has been announced by County Clerk Harry Wofford as follows:

T. M. Branum, H. E. Cole, Good Evert, R. G. Hunter, Frank Hyatt, George W. Lamb, A. D. May, J. C. Moore, Jr., Shelby Pettit, Tobe Frye, W. H. Boydston, Leonard Hayes, Ira Mann, S. T. Richardson, E. T. Zybach, Lawrence Crowder, E. B. Dyer, E. H. Herd, Owen Jones, O. W. Pendleton, Ben Trout, James Hill, Claude Cox and Henry York.

Church of Christ At Mobettie In Meeting

The Mobettie Church of Christ opened a gospel meeting Wednesday and invites the public to attend the services which are being held at 7:30 o'clock each evening.

Lester Hathaway, minister of the Mobettie church said, Minister S. M. Lawrence of Shawnee, Okla., who is conducting the meeting, is a very able speaker.

Home talent will conduct the singing service. The meeting will continue until October 13.

Mr. and Mrs. Codie Cowden and Mr. and Mrs. H. S. Poole were Sunday dinner guests of Mr. and Mrs. Jessie Threatt.

Mr. and Mrs. Codie Cowden spent Saturday night with Mr. and Mrs. H. S. Poole of Twitty.

Family Reunion Is Held In Wheeler At Home of W. W. Adams

The Adams Family represented locally by the family of W. W. Adams, held a reunion Sunday at the W. W. Adams home. The family originally came from Georgia and at one time consisted of six boys and a girl. There are now only two boys living, and one girl.

The family consists of W. W. Adams of Wheeler, Mrs. J. T. O. Baird of Milwaukee, Wisc. and Rev. J. C. Adams of Franklin, Georgia.

The entire family attended services at the Wheeler Methodist Church Sunday morning where Rev. J. C. Adams preached.

A very delicious dinner was served by Mrs. W. W. Adams, assisted by the family.

The following were present: Mrs. P. E. Adams of Milwaukee, Wis., Mr. and Mrs. J. T. O. Baird of Milwaukee, Wis., Rev. and Mrs. J. C. Adams, together with their grand daughter, Miss Sara Nell Brown of Franklin, Georgia; Mr. and Mrs. J. M. Adams and sons, Robert and David of Shamrock; and Mrs. J. C. Adams and daughters Pat and Eva Lou of Tulsa, Texas; and Mr. and Mrs. Walter Adams and children, Charles and Linda of Wheeler; Carroll Adams of Wheeler; Mrs. Bonnie Harmon and children, Winona Frances and Charlie of Wheeler.

MATTIE GAINES RITES SUNDAY

Funeral services were held from the Wheeler Baptist church Sunday afternoon for Mrs. Mattie Gaines, 64-year-old former resident, who died at Chillicothe, Texas, on September 26. Burial was made in Wheeler Cemetery with Hunt Funeral Home in charge.

Mrs. Gaines' home was at Upland, Calif. She and Mr. Gaines formerly resided on a farm near Wheeler.

Mrs. Gaines was born at Melbourne, Ark., on Sept. 26, 1882. She was married to Ed Gaines on August 6, 1900. She and Mrs. Gaines joined the Missionary Baptist church in 1901 and were baptized. Her membership at the time of her death was at Upland, Calif., her home church.

Mr. and Mrs. Gaines were the parents of eleven children, three of whom preceded her in death. Surviving children are: Lem Gaines of Wheeler, Mrs. Ruby Foster of Claremont, Calif., Lando Gaines of Chillicothe, Orval Gaines of Claremont, Mrs. Thelma Mabrey of LaVerne, Calif., Mrs. Zelma Massey of Clarksville, Tex., Mrs. Marie Presswood of Claremont, and J. C. Gaines of Claremont.

Mrs. Gaines is survived by three sisters, Mrs. Lola McCain, Mrs. Nora Crafton and Mrs. Ida Mitchell, and 18 grandchildren.

Couple Hurt In Car Wreck

S. D. Miller and Miss Patricia Ann Wiley of Wheeler, were injured in an automobile accident three miles east of Pampa Saturday night. Miss Wiley, the worst hurt, was taken to the Worley hospital for emergency treatment and later transferred to the Wheeler Hospital.

Both patients were removed to their home following treatment, and are recuperating nicely.

Texas state highway patrolmen at Pampa reported that a 1941 Ford coach being driven east by Miller collided with the rear of a 1946 International truck driven by Wm. S. Runyon, Pampa. The truck had just completed towing a 1936 Ford coach out of the ditch on the north side of the highway. The Ford coach was still sitting in the middle of the highway and thus momentarily obstructing Miller's view of the truck, highway patrolmen said. They ruled the wreck an unavoidable accident, so no charges were filed.

Mobettie Receives Four Inches of Rain

Mobettie reported almost four inches of rain within a 2-hour period Saturday, accompanied by an electrical storm.

Although some hail fell, there was no crop damage, according to first reports. But some wheat was washed away by the heavy rainfall. Some farmers will have to replant, it was learned.

In Mobettie, rain crept into some of the stores, and some chickens was reported to have been drowned.

Few Copies County War Book For Sale

The Wheeler Times has 13 extra copies of the Wheeler County War Book for sale at the regular price of \$4.75. The book contains pictures and write-ups of 999 county men and women who served in the armed forces during World War II.

HOW TO ATTAIN PEACE

Have you forgotten how you felt
 on the subject of war and peace
 prior to the last war and our
 most recent efforts to salvage
 peace from a military victory?
 We have been curious about this
 subject; so we went back through
 some old magazine files pre-dating
 the war. The Delineator (no long-

er published) of December, 1946—
 remember, soon after Roosevelt
 had won his second term with 46
 states?—, had an article by Helen
 Washburn on the organized efforts
 to effect a lasting peace.

"Never has the plain purpose of
 the American people to keep out
 of war been more manifest or
 articulate than today. Anti-war
 organizations command important
 news space. Youth by the thou-
 sands rise militantly to subscribe
 to anti-war pledges. To the enthu-
 siastic approval of every plain
 citizen, radios blare forth the
 national determination to keep
 clear of what looks like a Euro-
 pean impulse towards mass sui-
 cide. But don't be too sure that
 war is licked. Experience has
 shown that the ballyhoo and or-
 ganization for peace can be ef-
 fectively turned, by the twist of
 the wrist, into propoganda for
 war."

This, written in 1936, was a
 good job of reporting and also
 forecasting. We know how war
 came and turned every peace pro-
 motion organization into one of
 propoganda for the war effort.

According to the article—and
 many persons probably remember
 the activities and the noises—the
 same thing happened for years
 before World War I. On the eve of
 that war, the American Peace
 Society was considered an im-
 portant thing. It held that war
 was sheer economic futility, even
 if victory were won; it also held
 that war had become too horrible
 for men to face. But they didn't
 have the atom bomb then—not
 even the tank, poison gas. The
 U. S. Army had two airplanes.

In 1901, the first Nobel Peace
 Prize was given. Soon thereafter,
 Andrew Carnegie gave a million
 and a half dollars to the Palace
 of Peace, which was being con-
 structed at The Hague.

Later, Carnegie transferred to
 a trust some ten million dollars,
 the income of which was to be
 used "to hasten the abolition of
 international war." Carnegie was
 so optimistic that he directed that
 the peace fund be used to combat
 the next most degrading evil once
 war was forever banished.

Meanwhile, there were other
 active peace organizations in this
 country and in Europe. In Febru-
 ary of 1914, Carnegie hurled more
 dollars at war; he gave two mil-
 lion dollars to the Church Peace
 Union, which was made up of
 many denominations.

Two weeks later, World War I
 broke out.
 Just before World War II, this

SPORTS REVIEW

Mobeetie Hornets were defeated
 Friday afternoon at Kelton, 8-6.
 Mobeetie scored in the third
 quarter by a long 70 yard dash
 by Marion Reed, quarter-back.
 Reed broke loose and ran through
 the entire Kelton line-up but the
 team could not put over their 2
 extra points after the touchdown;
 therefore they lost their oppor-
 tunity to tie the score. Mobeetie
 boys played with the ball in their
 possession most of the last half,
 but failed to have the drive that
 was necessary to make another

touchdown. At the final whistle,
 Mobeetie had the ball in their
 possession and was staging a
 touchdown march. Charles Waters
 and Richard Hefley played an
 outstanding game in the back
 field. Delton Burke, Jimmie W
 er, David Abbott played in
 line-up, also.
 The Hornets play Miami
 Mobeetie, Friday, October 4.

**Shall We Take Your Money
 To Build My Home?**

EVERYONE WANTS A HOME AND SECURITY. SO DO YOU—BUT:

You want to be able to put money in the bank or a savings and loan company—and get it back. You want to be able to invest in insurance or annuities—and know that you will get the money, if you live, or that your widow and children will get it, if you die.

But your government wants your bank, your life insurance company, and your local savings and loan company to take your money to help finance a national housing scheme entitled "The Wagner-Ellender-Taft Housing Bill of 1945."

It seems that the Government wants them to take your money and loan it to nearly anyone who wants to buy a home—then if the borrowers of your money can't pay it back, the Government

wants to take more of your money in taxes to pay the bank or insurance company the money it lost for you at the Government's request. This is only a part of the Wagner-Ellender-Taft Bill housing plan, but your banks, insurance, and savings and loan companies believe this is unfair. They believe you are being taken for all you have and all you will have.

That is one reason why all the major banking and building organizations in the United States are opposed to the Wagner-Ellender-Taft Bill.

The "small minority lobby" opposing the Wagner-Ellender-Taft Bill, to which Wilson Wyatt, NHA Administrator, often refers, happens to be made up of practically every organization in the country credited with a knowledge of either banking or building (home financing or home construction).

BANKING INTERESTS OPPOSING THE W-E-T BILL ARE:

- AMERICAN BANKERS ASSOCIATION—Representing over 14,000 banks.
- UNITED STATES SAVINGS AND LOAN LEAGUE—Representing over 3,650 organizations in the United States.
- AMERICAN LIFE CONVENTION—Representing 280 life insurance companies.
- MORTGAGE BANKERS ASSOCIATION OF AMERICA—Representing 976 organizations.
- NATIONAL SAVINGS AND LOAN LEAGUE—Representing 441 organizations.

BUILDING INTEREST OPPOSING THE W-E-T BILL ARE:

- PRODUCERS' COUNCIL—68 major organizations in building material manufacture.
- NATIONAL RETAIL LUMBER DEALERS ASSOCIATION—18,000 distributors of over 5,000 types of building materials.
- NATIONAL ASSOCIATION OF HOME BUILDERS—8,000 professional home builders and contractors.
- NATIONAL ASSOCIATION OF REAL ESTATE BOARDS—Over 30,000 sales and rental organizations.
- U. S. CHAMBER OF COMMERCE—Representing 2,400 associations and groups, building and banking interests, including American Institute of Architects, General Association of Contractors, National Lumber Manufacturers Association, and scores of others.
- NATIONAL HOME AND PROPERTY OWNERS FOUNDATION—Representing 100,000 small home owners who must pay added local taxes wherever Government "low cost" housing is built.

Neither the Banking nor the Building Industry has anything but your money to lose through the passage of the Wagner-Ellender-Taft Bill—except your confidence, and your trust.

From where I sit... by Joe Marsh

Bert Childers and the Melon Patch

Bert Childers put an ad in the Clarion the other day. Here's what it said:

"Planted more melons than I can eat this year. Stop by and pick as many as you want. All free."

As you can guess, plenty of folks sent their kids over and plenty of the parents came too. Stripped Bert's melon patch in no time. And as they went away, Bert treated the kids to lemonade, and offered the grownups a glass of ice-cold sparkling beer.

Naturally it puzzled some folks... but Bert explains: "It gives me a kick to share things when I can afford to—whether it's the melons, or the lemonade, or beer. I guess I just like to indulge my whims."

From where I sit, if we had more "self-indulgent" people like Bert—who believe in share and share alike, live and let live, this tired world would be a whole lot better off!

Peggy, who are we seeing you with now? Haven't we seen you two somewhere before?

Dinah, you and Nelda seemed to have had a pretty good time on the top row of the grandstand Friday night. Did you keep all the pretty girls away from Dub's new car. Ida?

What's the matter, Young'un? Don't you like our merry-making on the bus?

Ruby, you do the funniest things when you get excited. For instance, climbing up over the top of the grandstand.

Dolores, Mr. Osborn and Coach want to know why you are always in the middle of all of the trouble.

We hear that Betty and Jody stayed all night with Ruby Tuesday night but why so glum, girls? Had you just gone to bed when the boys came?

Betty, you'd better watch out or you'll be running around without a boyfriend.

Peggy, June, Anita and Ruby had quite a bit of practice climbing the grandstands at Lefors, Friday night, trying to keep out of the fights.

LEGION DEMANDS
 It is good to read that the Amer-
 ican Legion has refused to de-
 mand a bonus for every service-
 man of World War II. The bonus
 of World War I was a political
 exaction made in the name of
 patriotism, but it had more polit-
 ics than patriotism. It is to be
 feared, however, that the same
 thing can be said of the proposal
 by the legion that Congress shall

Veterans' News

QUESTIONS AND ANSWERS

Q. Since taking out a guaranteed loan, my business has become so successful, I find I can pay off this loan before it comes due. Will I be permitted to do this?

A. Yes, the regulations give the veteran that privilege.

Q. I am a veteran of World War I. Am I eligible for a loan under the "G. I. Bill"?

A. No. The act's benefits are for World War II veterans only.

Q. If I take out a government guaranteed loan for farming

exempt veterans from paying income taxes on the first \$5,000 of income.

This whole theory of granting favors to men who do not need favors simply because those men did their duty in time of war is a bit shabby. Where a man needs help from the United States Government, the fact that such a man did his duty when the country was in need itself is a valid and appropriate consideration in judging the country's obligation to him. But the thought that the country owes to any veteran one dime, where that veteran can get along comfortably without it, is an unworthy thought and ought to be discouraged by all who truly love America.

Special privilege is eating the heart out of real citizenship in this country. Everybody is demanding special privileges for some reason or other—laborers, educators, Congressmen, farmers, ranchers, authors, manufacturers, and so on and on. It ought to be the pride of a veteran to ask nothing of his country except good government, honorable leadership and a fair-square chance in life. The country is dealing now with the intent to be generous to our servicemen—billions upon billions of dollars are being poured out. The generosity is bound up in red tape; it is blind and blundering. But it is generosity. It deserves to be answered in a spirit many notches above mendacity or political panhandling. In turning down the bonus the legion does well. It ought to lead in more well-doing of the same sort. From Dallas News.

purposes must I live on the farm?

A. No, but the act requires that you actually conduct the farming operations.

Q. May a loan to buy an automobile or truck be guaranteed or insured under the G. I. loan setup?

A. Yes, but only if the automobile or truck is necessary to conduct the veterans own business or farming operations, or conditions of his employment require that he have such a vehicle to carry out his work. He may not obtain a guaranteed loan if the vehicle is merely for transportation.

Q. What will happen if I fail to make the payments on my government guaranteed loan?

A. That will depend upon the terms of the loan, the attitude of the lender and the laws of the state where you are living.

Veterans enrolling in Texas, Louisiana or Mississippi schools this fall can expect their first subsistence checks in about a month, the Veterans Administration reported this week.

Although VA offices in the Dallas Branch Area expects an increase workload ranging from 25 to 180 per cent higher than last spring no serious trouble such as was experienced in February and March of this year is expected, VA said.

Anticipating the rush of students, VA has taken a number of steps to speed up the mechanics for qualifying veterans for subsistence allowances, William T. Murphy, VA's educational director in the tri-state area, revealed.

The recent Veterans Administration interpretation of Public Law 679 which sharply reduced subsistence allowances to veterans enrolled in farm training has been rescinded, VA's Dallas office has been informed by the Administration's Washington office.

"Farm trainees can now resume training under the original plan and with full subsistence payments," William T. Murphy, Director of Education in VA's Dallas office said.

"The order is retroactive to the date on which the much protested reduction interpretation went into effect. If a veteran has had a reduction made from his subsistence VA will repay him. This is good news for some 7,500 veterans in Texas, Louisiana and Mississippi. It means they will get their full \$65 and \$90 allowances from VA as they did in the past.

"If you love wealth better than liberty, the tranquility of servitude than the animating contest of freedom — go from us in peace. We ask not your counsel or arms. Crouch down and lick the hands that feed you."

—SAMUEL ADAMS, The First Patriot

THE LAND OF THE "FREE"

200 years ago when the "land of the free" meant the land of free men, before our bright young men in government agencies twisted freedom into license and made the word "free" synonymous with "hand-out," Samuel Adams pointed out that to either win or hold freedom meant struggle.

200 years ago just to be free seemed worth fighting for.

Today everything is simply being labelled, "free."

Certain agencies and elements of government seem willing to offer free homes, free money, or free anything—in return for votes.

This government would have you believe that any agency (the NHA) that has never driven a nail in a single board can procure homes faster and better than the people who build them.

It would have you believe that 23 million dollars per year in administrative expenses for the NHA will provide lower cost homes; that 400 million dollars for priming production (the Patman Bill) and 6 billion dollars in listed Wagner-Ellender-Taft Bill Expenditures will create low-cost housing.

Actually the expenditures of all these sums will not create a single house until someone in industry starts building. Such expenditures will create more debt, more taxes, higher living costs—and, of course, a few more votes from those who are willing to trade their freedom for the promise of something "free."

The Force that Supports the World's Biggest Bridge...

OIL-PLATES Your Engine!

IN the great San Francisco-Oakland bridge, a tremendous tug-of-war goes on continuously between the forces of gravity and molecular attraction. Because the attractive force between the molecules in the cables balances the down-pull of gravity the bridge stays up.

Through continuous experiment with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. For instance, by utilizing forces of molecular attraction, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine. So strong is this attraction that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs...pre-

vents it from all draining down to the crankcase, even overnight...you get these benefits:

- added protection when your engine starts
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now...at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

FARM FACTS
 WORTH KNOWING

Q. Can milk production be increased by giving cows more water?
 A. It is often possible to increase production of a herd by 10 to 15 percent, simply by increasing the number of times they are watered. If possible, water should be available at all times with water cups at each stanchion. If not, cows should be watered at least three times daily, winter and summer.

Q. I have quite a large number of young cockerels that I wish to market as broilers. What is the best way to finish them out?
 A. Use a broiler growing feed all the way until the birds are marketed. Fattening feeds are not generally used for feeding broilers.

Q. What kind of housing is required for dairy goats?
 A. Housing for goats need not be elaborate. The Research Farm of the Ralston Purina Company recommends a dry, well ventilated building that is free from drafts, with a floor that has good drainage and a surface that can be scrubbed and disinfected. Individual pans for feeding grain should be provided, and an ample water supply must be available at all times.

Q. What is the best hay for feeding work horses?
 A. An excellent hay for work stock is a mixture of well-cured clover and timothy; mixed alfalfa and timothy; or similar combinations. These mixtures are usually better than a single source of hay, because they possess the good qualities of both legume and non-legume hays.

Q. Can turkeys be caponized?
 A. Yes, but caponizing does not seem to be practical or economical, probably because it takes turkeys nearly two years to reach physical maturity and the results of caponizing are not evidenced until after that time.

Rural Mail Service 50 Years Old

A half-century of service to rural America is observed by the post office department in October, for in 1895 three routes were established in West Virginia to inaugurate the federal system of rural free delivery. By way of marking the anniversary, Mary E. Garner, Rochester, Mich., greets Rex DeWitt, of the R.F.D. service, with home-made doughnuts guaranteed to cause a minor interruption in the courier's "swift completion of his appointed rounds." Approximately 251,000 Americans are served by R.F.D., and with the road traveling by auto, dog-carts, ice-boats and sometimes, Carrier "goes" there faster in his new Chevrolet.

From where I sit... by Joe Marsh

Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life... how they'd be "different."

Well, plenty of them have returned to our town, and a finer, steadier bunch you couldn't ask for. Most of them are back at the same jobs... going with the same nice home-town girls (getting married, some of them, and setting up families)... renewing the same old friendships.

Even their amusements are the

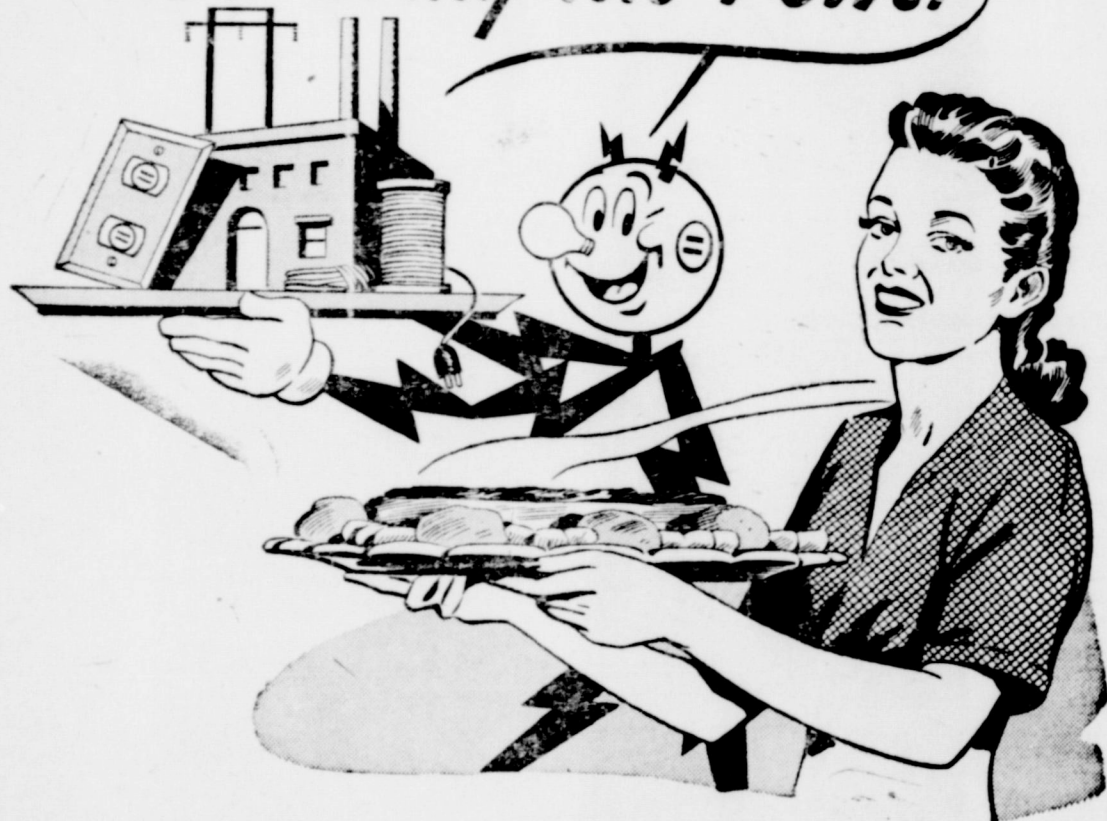

same. Nothing more exciting than fishing Seward's creek or pitching horseshoes... enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance... tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

COTTON LOANS ARE AVAILABLE

Government loans on the 1946 cotton crop will be made, despite the high market price.

The loan rate this year will be 24.21 cents per pound, based on middling white and extra white 15-16-inch.

Market price in Dallas is at present 36.45 cents, and few farmers will bother with the government loan on their cotton and use the money to pay off pickers. Then they will hold on to their equities to await a further increase in the price of cotton.

The government is also offering subsidies on alfalfa, and some farmers are not aware of this fact. Seven cents per pound in

subsidy is being paid, if the alfalfa is sold in commercial channels.

THIS IS THE FINAL USO DRIVE

The War May Be Over But Boys Still Get Home-Sick

And there are hundreds of Wheeler County Boys still in the Army, Navy, Marines and Air Corps!

The GOLDEN RULE says we should treat others like we would have others treat us.

An Open Letter To Wheeler County People

Dear Friends:

USO needs 19 million dollars for 1947.

Wheeler County's quota this year, which is the final year for USO, is \$88.00. Last year it was \$4,700.00.

This money should be raised:

BECAUSE—President Truman, Generals Eisenhower and Bradley, and Admiral Nimitz know it is needed and urge our support.

BECAUSE—1 1/2 million men will be in service in 1947—men sweating it out in occupation duty, "teen agers" just drafted, troops in training. Less action with the war over, calls for a well-balanced 'home away from home' USO program.

BECAUSE—There are 199,000 veterans and GI's for whom the war will not be over until they leave their hospital beds, and some will never be able to leave. THEY TOO need USO.

BECAUSE—This money will be spent for: Clubs, Station Lounges, Travelers Aid, Camp Shows, various activities for veterans in hospitals and convalescents, and many other things to help our men and women in service in all parts of the globe.

You have been generous in your support in the past, and your share for 1947 is less than 1-5th of what you were called on before. Will you be kind enough to hand your check to your local Committeeman? He is also busy and does not have time to solicit you in person.

COUNTY MILK PRODUCTION UP

Wheeler County residents will consume more than 3,100,000 quarts of milk products this year in maintaining the country's high nutritional standards, it was predicted today by the nation's leading distributor of dairy products. Wheeler county's 980 farms are expected to produce seven million quarts of milk this week.

"With a near record supply of milk coming from the nation's dairy farms, consumption of dairy products this year will nearly equal that of 1945 when more than 60,000,000 quarts were consumed," said G. W. Diehl, head of A. & P. Food Stores' national dairy department. "A 22 per cent increase in per capita consumption of milk during the war years helped overcome the loss of nutrition caused by curtailed supplies of fats and oils and helped bring about the nation's high nutritional wartime levels."

An increased supply of most cheese products is now available in many sections of the country and other milk products are expected to be adequate during the fall and winter months, Diehl said. These products contain nearly 14 per cent of the calories, 24 per cent of the proteins, 18 per cent of the fats, 74 per cent of the calcium and 45 per cent of the riboflavin consumed by the average individual.

ALLISON NEWS

Mrs. Lester Levitt

(Written for last week)

Mr. and Mrs. Doc Wilhelm are the proud parents of a baby girl, Merikay, born at the Wheeler Hospital, Sept. 24.

Donald McMillan and R. C. Pugh made a business trip to Amarillo and Canyon Tuesday of last week.

Ray Brown and family were Sunday dinner guests in the David Kiker home.

The singing school which was held at the school house the past two weeks closed Friday night with a large crowd present. Several out of town singers were present to make the evening more enjoyable. Sam Davis of Buffalo, Okla. conducted the school and his daughter taught private piano lessons each day. Out of town people who were present were: Murry Vise and family, Geo. Fulks and family, Bonnie Fulks and family and Marie Fulks, all of Gageby; Mr. and Mrs. Hester Dodson of Twitty and the Buffalo quartett. Many others took part in the program.

Boyd Huff, Clifton Taylor, Jane Donaldson and David Grayson left Sunday for Canyon where they will attend college.

Lester Levitt and family, Ernest Begert and family and Mrs. Emily Richardson were dinner guests Sunday in the H. R. Warren home. Bill Bergert and family called in the afternoon.

Bill Hamilton returned home Tuesday from Amarillo where he received his discharge from the army.

Mrs. Fanny Narrell and Erskin Crayson of Dumas and Mrs. Lilly Narrell of Sayre, Okla. spent the weekend in the R. P. Grayson home.

Clarence Jones and family of Linger spent the weekend in the Lloyd Jones home.

Willie Boydston and family were Sunday dinner guests in the Frank Chandler home.

Mrs. Kate Cochran had the misfortune of falling Tuesday night and breaking her hip. She is in the Wheeler hospital. She is 88 years old.

Mr. and Mrs. Grayford McCarty and sons have recently moved here from Dalhart and are operating the grocery store formerly owned by Archie Dillon. The McCarty's are living in the Dillon residence and Mr. and Mrs. Dillon are living in the residence part of the filling station purchased from Leon Fields.

Ralph Markham and family have moved here from Briscoe and are living in the residence part of the Arganbright building. The Halls now have a garage in the front part of the building.

Mr. and Mrs. Harold Jones moved a house from the Knuckles farm and placed it on the block which was once the home of Hadden Johnson.

Mrs. J. P. Hall Gives Food Demonstration At China Flat Club Meet

Mrs. J. P. Hall, food demonstrator for the China Flat home demonstration club displayed her canned food to 14 club members in her home October 9.

By fertilizing and irrigating, Mr. and Mrs. Hall raised an abundance of vegetables in their garden. Not only did they have all the fresh vegetables the family could use from early spring up to the present, but Mrs. Hall canned 166 qts. of vegetables from her garden for home use. They sold some cabbage to neighbors.

They also raised 11 bushels of Irish potatoes, 2 bushels of onions, 2 bushels of beets, 2 bushels of carrots (they still have carrots in the ground) 150 pounds of sweet potatoes and 150 pounds of pop corn.

The Halls have some fruit trees in their yard and from these Mrs. Hall put up 50 qts of fruit. She still has some fruit from the year before so this will be all that she will need.

The only foods Mrs. Hall bought for canning were berries and pineapple.

Mrs. Hall has a cow that furnishes milk and butter for the family besides over \$15.00 worth of milk that was sold.

She raised 25 fryers for home use. Besides eggs for the table, Mrs. Hall sold about \$30.00 worth of eggs during the year.

Kellerville Home Club Has Meeting

The Kellerville home demonstration club met on Wed., Oct. 2 in the home of Mrs. Elmer Immel. An all-day quilting and a pot luck dinner was enjoyed by several of the members.

Those attending were Mesdames Knox, Drum, McDonald, Owens, D'Spain, Chapman, Elliot, Gossett, Jones and the hostess, Mrs. Immel.

The next meeting will be Oct. 16th in the home of Mrs. C. Drum. All members are urged to attend as the agent, Mrs. E. M. Hastings, will be there to give an interesting demonstration.

Soap Made of Milk Is Shown At Briscoe

Soap made of cow's milk was among the many interesting items on display at the home of Mrs. B. McNeil, on achievement day which was Tuesday, Oct. 1. Mrs. McNeil, who is home food demonstrator for the Briscoe Home Demonstration Club, reports she has canned 577 qts. of fruits and vegetables.

Refreshments were served to the following who visited her pantry: Mrs. Loyd Childress, Mrs. Lester Johnson, Mrs. Si Mason, Mrs. Henry Lee, Emma Mae Hastings, Tamsey Riley, Mrs. Elbert Zyback, Mrs. Allie Minor, Mrs. Ernest Zyback, Mrs. Lee Barry, Mrs. R. L. Meadows, Mrs. Clarence Zyback, Mrs. J. B. McNeil and Mrs. W. F. McNeil.

Attending the funeral of Mrs. S. M. Black's brother-in-law at Elk City Tuesday were: Mr. and Mrs. S. M. Black of Muleshoe, Mr. and Mrs. M. L. White of Muleshoe, Mrs. E. V. Davis of Pampa, and Mr. and Mrs. Bill Black of Wheeler. The group returned to Wheeler that night and the out-of-town folks spent the night with relatives here.

New Bathroom Made For Trostles After Patience And Work

It took a lot of patience on the part of the whole family waiting for hard to get fixtures and supplies but at last Mrs. T. E. Trostle of the Lela Home Demonstration Club has her new bathroom. At a home demonstration club meeting in her home on September 30, Mrs. Trostle very interestingly painted a word picture of the room before she started to transform it into a modern and attractive bathroom.

"We ordered fixtures in March and are just now getting the last pipe needed," said Mrs. Trostle.

Club members seeing Mrs. Trostle's demonstration were impressed with how she was able to have such an attractive bathroom despite the difficulties encountered. Her husband and son did the plumbing while Mrs. Trostle built the linen closet, papered and painted.

The finished and decorated bathroom cost the family only half as much as the bathroom fixtures alone would have cost, installed by hired workers.

Max Wiley Purchases Surplus Used Truck

Max Wiley, Wheeler veteran of World War II, was listed among the successful purchasers at a two day sale of surplus used motor vehicles conducted by War Assets Administration at Camp Hood, Wiley purchased a 1942 GMC 2½ ton truck for \$1427.00.

The sale, which was exclusively for ex-servicemen who held certificates from WAA for motor vehicles, resulted in the disposal of 369 vehicles recently declared surplus to the needs of the army at Camp Hood. All vehicles were sold at fixed prices in accordance with their used condition and the sale was the largest and most successful from the veteran's standpoint of any held by WAA since early spring when there were far more surplus vehicles available for veterans to buy.

Mr. and Mrs. J. C. Howell attended the opening day of the State Fair in Dallas Saturday.
