

DELOVED LADY OF COMMUNITY DIED SUNDAY

Funeral services were held from the First Baptist church of Wheeler at 2:30 o'clock Sunday afternoon for Mrs. J. C. Moore, beloved resident of this community for almost 28 years, who passed away on April 4 after a lingering illness.

The rites were conducted by P. D. Fullingim, Baptist pastor, and A. C. Wood. Interment was made in Wheeler Cemetery at Hunt Funeral Home in charge of arrangements.

Mrs. Moore was a kind Christian woman and devoted wife and mother. She formed a wide circle of intimate friends who mourn her passing.

Madame A. Thomas was born in Wheeler county, Texas, on November 6, 1876. She was married to C. Moore on January 1, 1900 in Parker county. She and her husband moved to Wheeler on May 5, 1918. Mrs. Moore was a member of the Presbyterian church.

She is survived by her husband, C. Moore, and nine children: Mrs. Oren Horn, J. C. Moore, Jr., S. Lambert, Leo and Raymond Wheeler; Mrs. Zora Snyder of Pampa; Mrs. Bill Cole of Lefors; Mrs. Marion of Lubbock. Mrs. Moore is survived by one brother, Ed Thomas, of Wheeler, and six grandchildren.

Out-of-town relatives here for the funeral were: Mr. and Mrs. Blair and Jim Blair of Amarillo; Mr. and Mrs. Ross Moore of Amarillo; Mrs. Marie, Lucille, Rebecca, and Ida and husband of Lawton, Okla.; Mrs. Ed Moore, S. Moore and Bob Moore of Amarillo; and Mrs. Claude Flowers of Hillsboro.

The Times extends sympathy to the Moore family in their bereavement.

SHAMROCK TO STAGE RODEO

Dates for the Shamrock rodeo have been set as Friday, Saturday and Sunday, May 3, 4, and 5. Bob Clark, secretary-manager of the Chamber of Commerce, announced the week.

The three-day event is being sponsored by the Chamber of Commerce with Slim Emmert acting as director.

Fifteen hundred dollars in cash and merchandise prizes are being offered winners of the arena events during the four performances to be held Friday night, Saturday afternoon and night and Sunday afternoon.

The awards will go to the winning contestants in saddle broncing, calf roping, bull dogging, wild cow milking and bull riding. In addition to the cash prizes the three best all-around cowboys will be presented merchandise prizes as follows: first place, a saddle valued at \$150; second, a hat and spurs valued at \$52; third, hat and belt buckle valued at \$40.

The show stock is being furnished by Bill Lyon of Petrolia, Texas, whose string of wild animals were used in the Shamrock rodeo last year. Lyon furnishes stock for the biggest amateur rodeo in the world.

Roy Gaddis and his trick horse, Bigger, both of movie fame, will be here for the performances. Fibber, the trick horse used in one of Roy Rogers' latest pictures, is valued at \$7,500 and wears a saddle that costs \$2,500.

Outing Is Enjoyed By Group

An enjoyable outing was spent Sunday evening by a group composed of Mrs. Roy Hunt and children, Roylene, Shirley, Mary Ellen, Mr. and Mrs. Cody Cowden, Mr. and Mrs. Bud Rains and children, Alice Dean, Earlene, Sharon Kay and Tommy, Miss Louise Reams, Dorothy and Lavada Hunt, Wesley Wreath, Glen and Henry Woodruff.

After the picnic dinner was enjoyed, the afternoon was spent fishing and kodaking.

Mr. and Mrs. M. J. Harris and the daughters of Pampa, visited Saturday night and Sunday in the home of Mr. and Mrs. C. C. Hallman of Twitty.

Wheeler Times Has Twice As Large Building But Smallest Size Paper

It probably does not make sense to the public that The Times office is twice as large as it has been for the past 13 years while this week's edition is only four pages in size.

The two facts are closely related. The crowded newspaper shop was able to double its floor space when the Burgess Shoe Shop moved out April 1. That is, we were able to rent the entire building when "Uncle Bud" vacated.

Work of tearing down the partition dividing the 25-foot building was done last weekend. Machinery, type, office equipment, and materials had to be stacked. It was impossible to do

any work on this week's Times until Wednesday afternoon. Two or three weeks more will be necessary before the newspaper shop can be changed over, and we ask your indulgence. Removal of the heavy equipment is tedious. Power and gas connections have to be changed. We were short of help before the change started but we have promise of more help in the shop soon.

Don't tell anybody but we have hopes of getting The Times office painted, some of these days. We are trying to arrange for some shelving for the front office and will stock some office supplies. We also hope to buy

additional shop equipment some time soon. In the meantime we will do our best to give you some kind of newspaper while we are changing around and trying to straighten our office.

When we are finished we will have a newspaper plant that will be a credit to Wheeler.

We regret it was necessary to omit a large amount of news turned in this week but it will be in next week's paper. We also apologize to advertisers whom we were unable to provide space for this week. It won't be long until we are pestering you to death for advertising.

FROST IS SEEN BY PESSIMISTS

Persons looking for something to worry about, will get a lot of pessimism out of some statistics dug up by a reporter on The Pampa News who says if the law of averages for the past five years holds true, a killing frost will attack blooming trees and flowers sometime between April 15 and 20.

Accordingly, there won't be another snowfall this spring. Last year was the first year of the five in which snow came during April. Wheelerites still remember the blizzard of late April in 1938, nevertheless, which marooned Panhandle towns.

The unusually warm days of March and April have made for rapid growth of all plants, quicker germination of seeds, and has stepped up the blooming of fruit trees.

Temperatures during March surpassed all records. The Pampa weather bureau, which has records of the last five years only, reports that the 92 degree warmth of March 31 broke all their records. An Amarillo source says 54-year records were left in the dust.

Average period of germination for garden seed is from two to three weeks, according to Miss Millicent Schaub, Gray county home demonstration agent. During the first part of April that period was decreased to from seven to ten days. If gardeners plant seed now, however, they have a good opportunity to see all their plants evade damage from probable killing frosts.

Last damage to wheat by frost was in 1938, according to Raymond Knorpp, wheat grower near Groom, who holds several titles with the county Agricultural Conservation Agency. Wheat growing as rapidly as it has during the past few weeks is likely to reach the joint stage soon, Pampa Agent Ralph Thomas said, when frost is more likely to harm the plants.

Before the joint stage temperatures must usually get down to 20 degrees, with moisture, before wheat is damaged.

Home Agent Talks On Culling Of Hens

"Hens should be carefully culled each Spring in order to get rid of the loafers, especially now when feed is so high," stated Mrs. E. M. Hastings, home demonstration agent, at a recent meeting of the Briscoe home demonstration club in the Tamsey Riley home.

Refreshments were served to the following: Mmes. Ramsey, H. J. Finsterwald, Weaver Barnett, Arnold Sonntag, Perry Riley, Clarence Zybach, Lee Barry, Lucile Tipps, Elbert Zybach, Ernest Zybach, J. B. McNeill, Sy Mason, A. C. DeSpain, Malcolm Levitt, and Miss Joy Riley and the hostess.

A 3-act comedy by Don Pierre will be presented by the senior class of Wheeler high school at 8:15 p. m., next Tuesday April 16. Admission will be students 25c, and adults 40c.

Class members in the cast are Josephine Noah, Glenna Hefley, Bettye Hix, Edna Farmer, Coene Carter, R. B. Mann, Bill Sides, Benny Westmoreland, Leon Weatherly, Bonny Prater, William Barton, Corky Guthrie, and Mary Waters.

Mr. and Mrs. Kell Wagner of Pampa spent the weekend in the Zeb Baird home. Miss Elwanda Killingsworth of Kelton attended business in Wheeler Saturday.

Young Fined \$5 In Wild West Shoot

Eugene Young who with John Sloss, both of Borger, kept a lobby-packed group of guests at the Watson Hotel prisoners for an hour on the afternoon of April 8, was fined \$5 and costs by a County Court jury Tuesday.

Young was found guilty of simple assault. A charge of simple assault against Sloss was dropped for the reason he had already paid a fine in Justice of the Peace court on a similar charge.

Events in which the men figured on April 8, according to stories told The Wheeler Times by witnesses, included man-handling the manager of a Wheeler store, wrecking an automobile on a public highway, and creating a disturbance in the Wheeler hospital. In addition to the hotel lobby episode in which the lives of several people were allegedly threatened at gunpoint.

The men were fined \$50 each on the day following the fracas, on a charge of "rudely displaying a weapon" and the other on a charge of drunken driving. They were released on payment of the fines, only to be re-arrested a few days later on a complaint signed by H. S. Goodner, 65-year-old Pampa piano tuner, charging assault with intent to kill. This charge was reduced to aggravated assault by a Wheeler County grand jury.

County officials were unable to get victims of the series of wild west capers to file complaints, other than Mr. Goodner and witnesses were reluctant to testify in the case.

Young and Sloss were employed on a construction crew of a local power company working out of Wheeler at the time of the trouble. They are both war veterans.

R. G. RUSS AND LUTHER PARKS NEW TRUSTEES

R. G. Russ and Luther Parks were chosen for places on the Board of Trustees of Wheeler Independent School District in the election held last Saturday.

They will succeed Shelby Pettit, board president, and Rufus Watts, neither of whom was a candidate for reelection.

Russ paced a field of eight candidates whose names had been filed by friends, polling 29 votes. Parks was second with 18. O. W. Pendleton received 17 votes, J. C. Moore, Jr., 7, George Porter 4, Buford Conwell 0, and Bill Lowrie 0.

In view of the fact none of the men whose names had been filed, sought the office (in fact all of them campaigned against their election) it looks like Russ and Parks were "unsuccessful" candidates in place of successful ones.

The two selected trustees said the reason they polled the most votes was that they did not have as much time to devote against their candidacies as their opponents.

Hold-over members of the board who will serve with Russ and Parks are: Fred Waters, Cecil Johnson, Otis Ford, Henry Greenhouse, and Joe Tilley.

NEWS CHEERFUL TO HOUSEWIVES

Wheeler housewives will be relieved to learn Secretary of Agriculture Anderson said Wednesday night the government does not contemplate rationing bread during the current wheat crisis. Anderson did not rule out the possibility of limiting flour to bakers and retailers, however.

Anderson held a news conference shortly after an agriculture department report indicated that supplies of wheat in this country may not be sufficient to meet export commitment and unrestricted domestic demands. The secretary said it was essential for this country to follow through on wheat conservation measures to meet lagging exports to famine-stricken areas.

He would not say whether the government will issue an order designed to cut domestic consumption of flour 25 per cent until the new wheat crop is harvested.

He said he had instructed aides to draft such an order which would have the effect of rationing flour to bakers and retailers. "I still feel that such limitations are desirable," he said, "but I don't know yet whether they would be workable."

Summer Water Rate Offered Residents

Residents wishing to take advantage of summer water rates are asked to make application to Jim Risner, water supt., or Miss Reba Wofford, city secretary, at once.

Persons wishing to qualify for the summer rate must make application in advance.

Corn Demonstration Is Given H. D. Club

The Good Neighbors Club met with Mrs. Newman on March 28 with nine members present. A ten minute demonstration on "the kind of corn we should plant," was given by Mrs. Oldman. Our new agent, Mrs. Hastings, gave a demonstration on the quality of sheets and towels.

Refreshments were served to the following members: Mmes. Baird, Dyson, Bill Finsterwald, Oldman, Barnett, Ramsey, Milton Finsterwald, one new member, Mrs. Lonnie Powell, one visitor, Mrs. McCleskey, Mrs. Hastings and the hostess, Mrs. Newman. The next meeting will begin at 2:30 instead of 2 o'clock, at the home of Mrs. Clarence Dyson on April 5.

Bob T. Candler, sophomore of North Texas State Teacher's College, Denton, has been spending the spring holidays with his parents, Mr. and Mrs. C. H. Candler of Jowett, and his sister, Miss Nellie Bea Candler of Borger. Bob returned to Denton Tuesday, April 9.

Vocational School For Veterans Of County To Be Talked At Meeting

Representative citizens of Wheeler, Shamrock, Mobeetie and rural communities will meet with the Wheeler County School Board at Wheeler next Tuesday night to consider the feasibility of launching a Veterans Vocational School for Wheeler county.

Ray L. Chapelle, head of the department of agricultural education, Texas Tech, and Mr. Ryan, area supervisor of vocational agriculture, will be present to explain the working of the veterans school plan which has recently been announced by the Veterans Administration.

All school superintendents and principals of the county, representatives of the American Legion Posts at Shamrock, Wheeler and Mobeetie, and heads of commercial and civic organizations are invited to next Tuesday night's meeting which will be held in the district court room at 8 o'clock.

The meeting was called at the instigation of Grady W. Harris, Mobeetie postmaster and war veteran, who has been checking into the new home instruction plan offered by the Veterans Administration. Harris had a conference with Lewis Goodrich, county veterans service officer, and Allen Kavanaugh, county school superintendent, resulting in the county meeting being called.

The county school board would be the sponsoring organization in event a vocational school is launched but all expenses would be paid by the Veterans Administration, including an allowance of \$65 to \$90 to veterans who enroll, depending on whether the veteran is single or married.

Heads of civic organizations, Legion posts and county schools are asked to attend the Wheeler meeting, not waiting for personal invitations.

Under a new program being offered cities and counties by the Veterans Administration, there have been a half dozen vocational schools established in Texas where war vets may study agriculture, livestock, various trades and business administration, at home centers.

The Veterans Administration defrays teaching salaries and other expenses of the school up to \$500 per veteran, on a plan similar to on-the-job training which many veterans are now taking in privately owned businesses.

Dr. Homer P. Rainey, former president of the University of Texas, has been touring the Panhandle this week "giving serious consideration to the matter of running for governor," he told a Pampa News reporter Wednesday.

Dr. Rainey said, "Many people are urging me to run, clubs are being formed in support of me if I should run. I'm getting a heavy mail."

Naturally, he explained, he is giving the matter a good deal of thought, and will give his decision after he has finished his tour of the state this week. He has spent the past two weeks touring the state and talking with the people.

Dr. Rainey, who was the object of the controversy involving the Board of University Regents, and the issue of "academic freedom," which he had advocated, said he is primarily interested in the social, economic and educational progress of the state.

He charged that Sen. O'Daniel had drawn around him a clique, and they had resolved to run the state in their own manner.

Dr. Rainey said if he planned to stay in education it would be necessary for him to go elsewhere "in view of the present setup in this state." However, if he did not choose to remain in educational work and wanted to help in making for a more progressive state, he would have to consider that he had brought up an issue of freedom at the university and could not drop that fight.

Party Planned For H. D. Club Families

The Wheeler home demonstration club met in the home of Mrs. Bill Owens Wednesday afternoon when a party was planned for club families for Thursday night at 8 o'clock in the club room at the court house.

A very interesting demonstration was given by the agent, Mrs. E. M. Hastings, on culling chickens. Mrs. Hastings stated, "It is much better for the owner to cull his own flock as the chickens are not as much disturbed as by strangers."

FARM FACTS WORTH KNOWING

Q. Is it true that cows often bloat on alfalfa or clover because of a poison contained in these legumes?
 A. "No" is the answer indicated by studies made at the Iowa Station. Bloating apparently is entirely a physical problem, and occurs when cattle eat too much alfalfa or clover in too short a time.

Q. Can hog lice ever be completely eliminated?
 A. Work at the Idaho Experiment Station proves that hog lice can be controlled by spraying hogs twice at 14-day intervals with either a rotenone or DDT preparation. DDT preparations were found to be the more practical because of their residual effect. Two treatments are necessary with either DDT or rotenone because neither of these insecticides will destroy eggs. After the second treatment, pigs will grow to maturity free of lice.

Q. How much money does a farmer make when he cuts a dock plant before it matures and produces seed?
 A. Every time a farmer cuts a dock plant which has not produced seeds, he may credit himself with two or three dollars. In Illinois, one healthy dock per acre will produce enough seed to make a bushel of red clover seed unsaleable.

Q. How much feed does it take to produce a pound of poultry meat?
 A. The University of Illinois gives the following figures: Duck, 3.3 lbs.; goose, 3 lbs.; Rock broiler, 3.5 lbs.; and turkey, 4.2 lbs. of feed per pound of meat.

Q. Is it possible to control blue-back in turkey flocks, and to cure it when it occurs to individual birds?
 A. Study at the Purina Research farm showed that blue-backs were the result of exposure to sunlight after feathers were picked or broken. Covering the birds with turkey saddles causes the skin to regain its normal color in 3 to 4 weeks.
