WHERE A LITTLE IS A LOT

Hard work is no stranger to the farmer. He knows what you get out of a job is based generally upon what you put into it. Most farmers, knowing the amount of effort it takes to have a successful farm, buy insurance against rain, hail or tornado damage to their buildings and their crops.

But the farmer, like the city resident, cannot protect himself or his family by any known means against a disease, infantile paralysis, which again is on the march in the United States.

However, while no means of prevention or cure of polio have been discovered, much can be done in the way of treatment, the National Foundation for Infantile Paralysis points out.

Treatment of infantile paralysis is expensive. Should someone in your family be stricken, the cost of prolonged treatment might sweep away your life savings were it not for the fact millions of farmers and city dwellers volun-

tarily support the annual March of Dimes—sole source of National Foundation funds.

Through such contributions multiple services await whenever polio may strike in any county of the nation, for National Foundation chapters stand ready to aid infantile paralysis victims regardless of age, race, creed or color.

There is no insurance against polio; but there is assurance that no infantile paralysis victim need go without aid because of lack of funds.

That indeed proves a little can mean a lot.

Holiday Party Refreshments, May Be Prepared in Advance

Frosted Grape Beverage is made from bottled corn syrup, sparkling water, grape juice and egg white. No sugar is needed.

Simple party refreshments for the warm-weather holidays are easy on the hostess. A delicious cooling beverage, sandwiches in fancy shapes and a large bowl of fruit make an ideal menu for afternoon or evening gatherings or for children's parties.

A new refreshment idea—Frosted Grape Beverage—is a simple-to-make combination of bottled grape juice, sparkling water, corn syrup and egg white. This beverage may be made up in advance and kept in the refrigerator for party occasions. You'll like it as breakfast fruit juice, too.

Frosted Grape Beverage
 2 cups bottled grape juice (chilled)
 2 cups bottled sparkling water (chilled)
 White of one egg
 1 teaspoon bottled corn syrup

Combine all ingredients in shaker or jar with tight cover. When ready to serve, shake very hard until frothy. Pour over crushed ice into tall glasses.

Peanut Butter Sandwiches:
 With several jars of peanut butter on hand, you're never at a loss for attractive, nutritious sandwiches. Use day-old bread, cutting crusts with a sharp knife. (Save bread crusts, of course, for use in puddings or to make bread crumbs.) Use spatula for spreading peanut butter filling evenly. When finished, wrap sandwiches in waxed paper and cover with damp cloth. They will stay fresh in refrigerator for several hours.

and Ola Mae of Amarillo, and Lawrence Scribner spent the weekend in the homes of Mr. and Mrs. J. A. Scribner and Mr. and Mrs. Parker.

The Vacation Bible School will start Monday, May 27 at the First Baptist church. The starting time each afternoon will be 2:30. All children are cordially invited to attend.

Mrs. Guthrie Hostess To Baptist Society

The Baptist W. M. U. met Monday afternoon, May 27, in the home of Mrs. Lee Guthrie.

Mrs. Bob Rodgers was the program leader and Mrs. C. R. Weatherly gave the devotional. Other members taking part on the program were Mrs. P. D. Fullingim, Mrs. C. N. Wofford and Mrs. Harry Wofford.

Refreshments were served to the following: Mmes. C. R. Weatherly, J. R. Bailey, Gordon Writener, Bob Rodgers, Harry Wofford, C. N. Wofford, P. D. Fullingim, J. M. Burgess, Minnie Farmer, M. C. Jaco, Jack Guynes, T. M. Bradstreet, Miss Claudine Cox and the hostess, Mrs. Lee Guthrie.

Blue Bonnet Club In Final Meeting

The Blue Bonnet Study club concluded the club year with a luncheon on Thursday at the home of Mrs. J. H. Scribner.

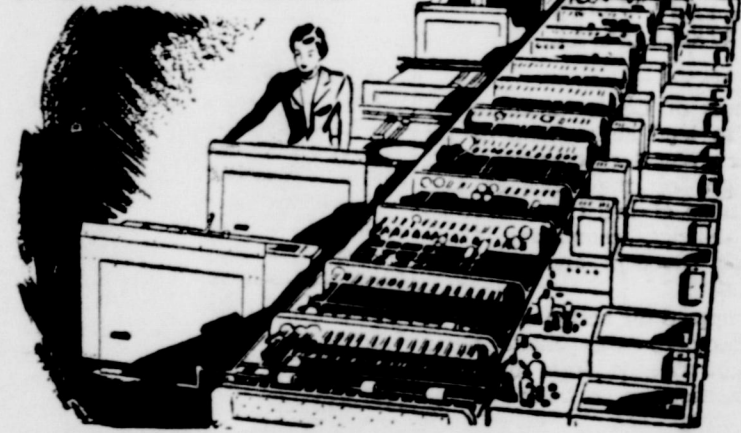

Serving as hostesses were Mrs. J. H. Scribner, Mrs. S. H. Salley and Mrs. Henry Flanagan. The table was attractively decorated with sweet peas. The program consisted of two accordion numbers by Mrs. Arthur Carmichael, a rhyme started by Mrs. Earl Alexander to which each one present added another line, and a guessing game.

Mrs. Scribner, retiring president, presided over a short business session, then Mrs. A. A. Patterson, the president for the coming year, was introduced.

Guests were Miss Doris Schoolcraft, and Mrs. Ralph Martin. Members present were Mesdames Earl Alexander, J. M. Boswell, A. G. Caldwell, John Dunn, Henry Flanagan, C. J. Van Zandt, A. A. Patterson, Willard Godwin, J. M. Hathaway, Buren Higdon, Homer Matthews, Arthur Carmichael, S. H. Salley and J. H. Scribner.

MCCORMICK-DEERING CREAM SEPARATOR

Don't let a worn-out, inefficient separator reduce your "crop of cream." If you do, you're losing out on a big dividend from your herd.

A clean-skimming McCormick-Deering Cream Separator will increase your cream checks. It's just like adding an extra cow to your herd—and extra cash to your farm income.

Model S Cream Separators are now available with direct motor gear electric drive especially designed for heavy duty service. Smooth starting and positive contact are provided by an extended bearing support which holds the drive gear shaft in position.

McCormick-Deering Separators older than Model S can also be equipped with belt drive attachments.

TO THE FARMERS OF THIS COMMUNITY

You no doubt have read or heard statements regarding the advance in the retail price of farm machinery which was announced by OPA on Saturday, May 11th, which inferred that the increase in price to the farmers was only 3%. May we at this time call your attention to the fact that this is incorrect; the raise in the retail prices in most cases is 5% but the raise to the manufacturer on a wholesale basis is 10.25%. This increase in price was due to the requests from manufacturers of farm equipment primarily because of increased labor costs and the increased costs of materials and component parts needed to manufacture farm machinery.

Dealers' operating margin has been reduced 20% by OPA's new regulation.

THIS MEANS that your farm equipment dealers must operate from now on, on a 20% less working margin than they had before May 10, 1946.

THIS MEANS that your service dealer, even though his operating costs have mounted tremendously during this war period, must operate on a lesser margin than he did during World War II. When all other industries nationwide were demanding increases for their products, your farm equipment retailers did not ask for any increase.

THIS DECREASE MEANS that many of your farm equipment retailers will be forced to curtail the services that have made it possible for you to operate during these emergency periods with many obsolete machines even when new repair parts were not available.

THIS MEANS that many farm equipment dealers may be forced to remove from their pay rolls mechanics, servicemen and other employees, many of them G. I.'s, so that their operating costs will be in line with their earning margin.

THIS MEANS that many dealers, because of this "squeeze" in dealers' working margins, may be forced to close their doors and discontinue their operations.

All we ask of you, Mr. Farmer, is that you consider your welfare, and if you feel that we have done a good job for you during these "Hectic years", that you please contact your Congressman and Senators and ask them to restore to us the working margins we had before this new OPA ruling. Please bear in mind that we are not asking for any increase, but we cannot stand a reduction at the present time if we are to continue our operations. We would be pleased to have you stop in at our stores to discuss more thoroughly this program which is threatening to destroy the farm equipment retailers of America.

Thanking you kindly,

(Signed) **W. E. BOWEN**

Veterans' News

Many veterans apparently do not clearly understand the regulations governing payment of unemployment benefits under the Service's Readjustment Act of 1944 (G.I. Bill). To help clarify the matter, the Veterans Administration offers these reminders:

Veterans who take temporary jobs retain their rights to unemployment allowances after they are released from the jobs.

Veterans are not required to apply for jobless pay immediately upon leaving service in order to protect their right to unemployment benefits. These benefits may be obtained any time within two years after the official end of the war, or within two years after the veteran's discharge, whichever is later.

A veteran may be eligible for unemployment compensation up to \$20 a week if he becomes unemployed any time within the time limit. The maximum period for which he may draw jobless pay is 52 weeks, but benefits need not be drawn for consecutive weeks. A veteran with at least 10 months' active service is entitled to the maximum 52 weeks' benefits.

The veteran may apply for compensation as often as he becomes unemployed, provided he does not voluntarily leave his job without good reason, or is not discharged for cause, and still has benefits available. Should veterans become unemployed after using all their veterans' unemployment credit, many of them will have built up enough credit to be eligible for regular State unemployment compensation.

A veteran also may qualify for

Wins New Home

Holly Self, 24-year-old personnel worker of Ninety Six, S. C., gets the news that she has won a \$10,000 apartment to be installed in her parents' home. "Private Lives" contest, sponsored by Glamour Magazine, was open only to working girls living at home. Miss Self won the prize by writing an essay and designing the apartment herself. Her home within a home will have a completely furnished living room, bedroom, kitchen and bath—with everything from Insulux glass block to jars of food for the kitchen.

self-employment allowances if he engages in his own business for profit and does not realize a net income of \$100 a month. In that event, an eligible veteran may draw the difference between his net profit and \$100 for the month for which the allowance is claimed. Self-employment allowances may be drawn for a maximum of 10 2-5 months.

A veteran who reenlisted in the service during the war years will be eligible for unemployment benefits when he leaves the service, but in no case can such payments be made later than five years after the end of the war. Thus, a veteran who has reenlisted for three years will still have a full two-year period to claim his unemployment benefits after he is discharged.

MARINE CORPS SEEKS RECRUITS

The United States Marine Corps has opened an intensive recruiting campaign in an effort to recruit enough men to help build the peace time strength of the Marine Corps up to a 100,000 regulars. It was announced by Captain Richard L. Pierce, Officer in Charge of District Headquarters State of Oklahoma, located in the Federal Building Oklahoma City.

Captain Pierce said that men can enlist for aviation duty or general duty for two, three or four years and anyone who enlists before October 6, 1946, will be able to take advantage of the G.I. Bill of Rights after being honorably discharged. He also said that while men are serving with the Leathernecks they will be able to take advantage of the educational benefits of the Marine Corps Institute, a correspondence school operated free by the Marine Corps for the benefit of Marines who desire to further their education. All men between the ages of 17 and 25 are eligible for enlistment.

Any one interested may write or apply in person at the nearest Marine Recruiting Office, offices are located in the Post Offices of the following towns: Oklahoma City, Tulsa, Muskogee, Ardmore, Altus, Enid, Pawnee, Miami, Amarillo, Texas, and the Chamber of Commerce Building, Wewoka.

Mr. and Mrs. Dudley Callan, Jack and Joe Parker of Santa Rosa and Mr. and Mrs. John Conner and Iris, Mr. and Mrs. Shelby Pettit, Miss Virginia Lowrie, and Pfc. Harold Callan of Oklahoma City were Sunday dinner guests of Mr. and Mrs. M. V. Callan.

Mrs. Hazel Watson and Dolores of Pampa spent the weekend with Ed Watson and friends.

Crowder, Gordon Roper, Luther Parks, Cordie Gill, Misses Louise Gill, Alto Lou Lamb, Lou Willard, Marguerite Renner, Ethel Renner, Gillrie Baird, Blanche Willard.

Pfc. Harold Callan left Sunday after a 15 day furlough with his parents, Mr. and Mrs. Martin Callan.

Mrs. Claude Crouch was honored with a two-day visit by her brother, Jack Hopper, his wife and son of Eugene, Oregon. Mrs. J. T. Wallis received word from her son, TSgt. Kenneth Wayne, that he is now in Kyata, Japan.

Amarillo Council Considers Buying Palo Duro Canyon

AMARILLO—Amarillo city commissioners have taken under advisement a petition of local citizens that the city buy Palo Duro Park's 15,000 acres plus which was reported up for sale.

Most of the park, rugged scenic vacation spot 20-odd miles southeast of Amarillo was scheduled to have gone on the auction block June 4 to satisfy long-standing mortgages, but the public sale was postponed indefinitely to give either the city of Canyon or Amarillo the chance to buy the property.

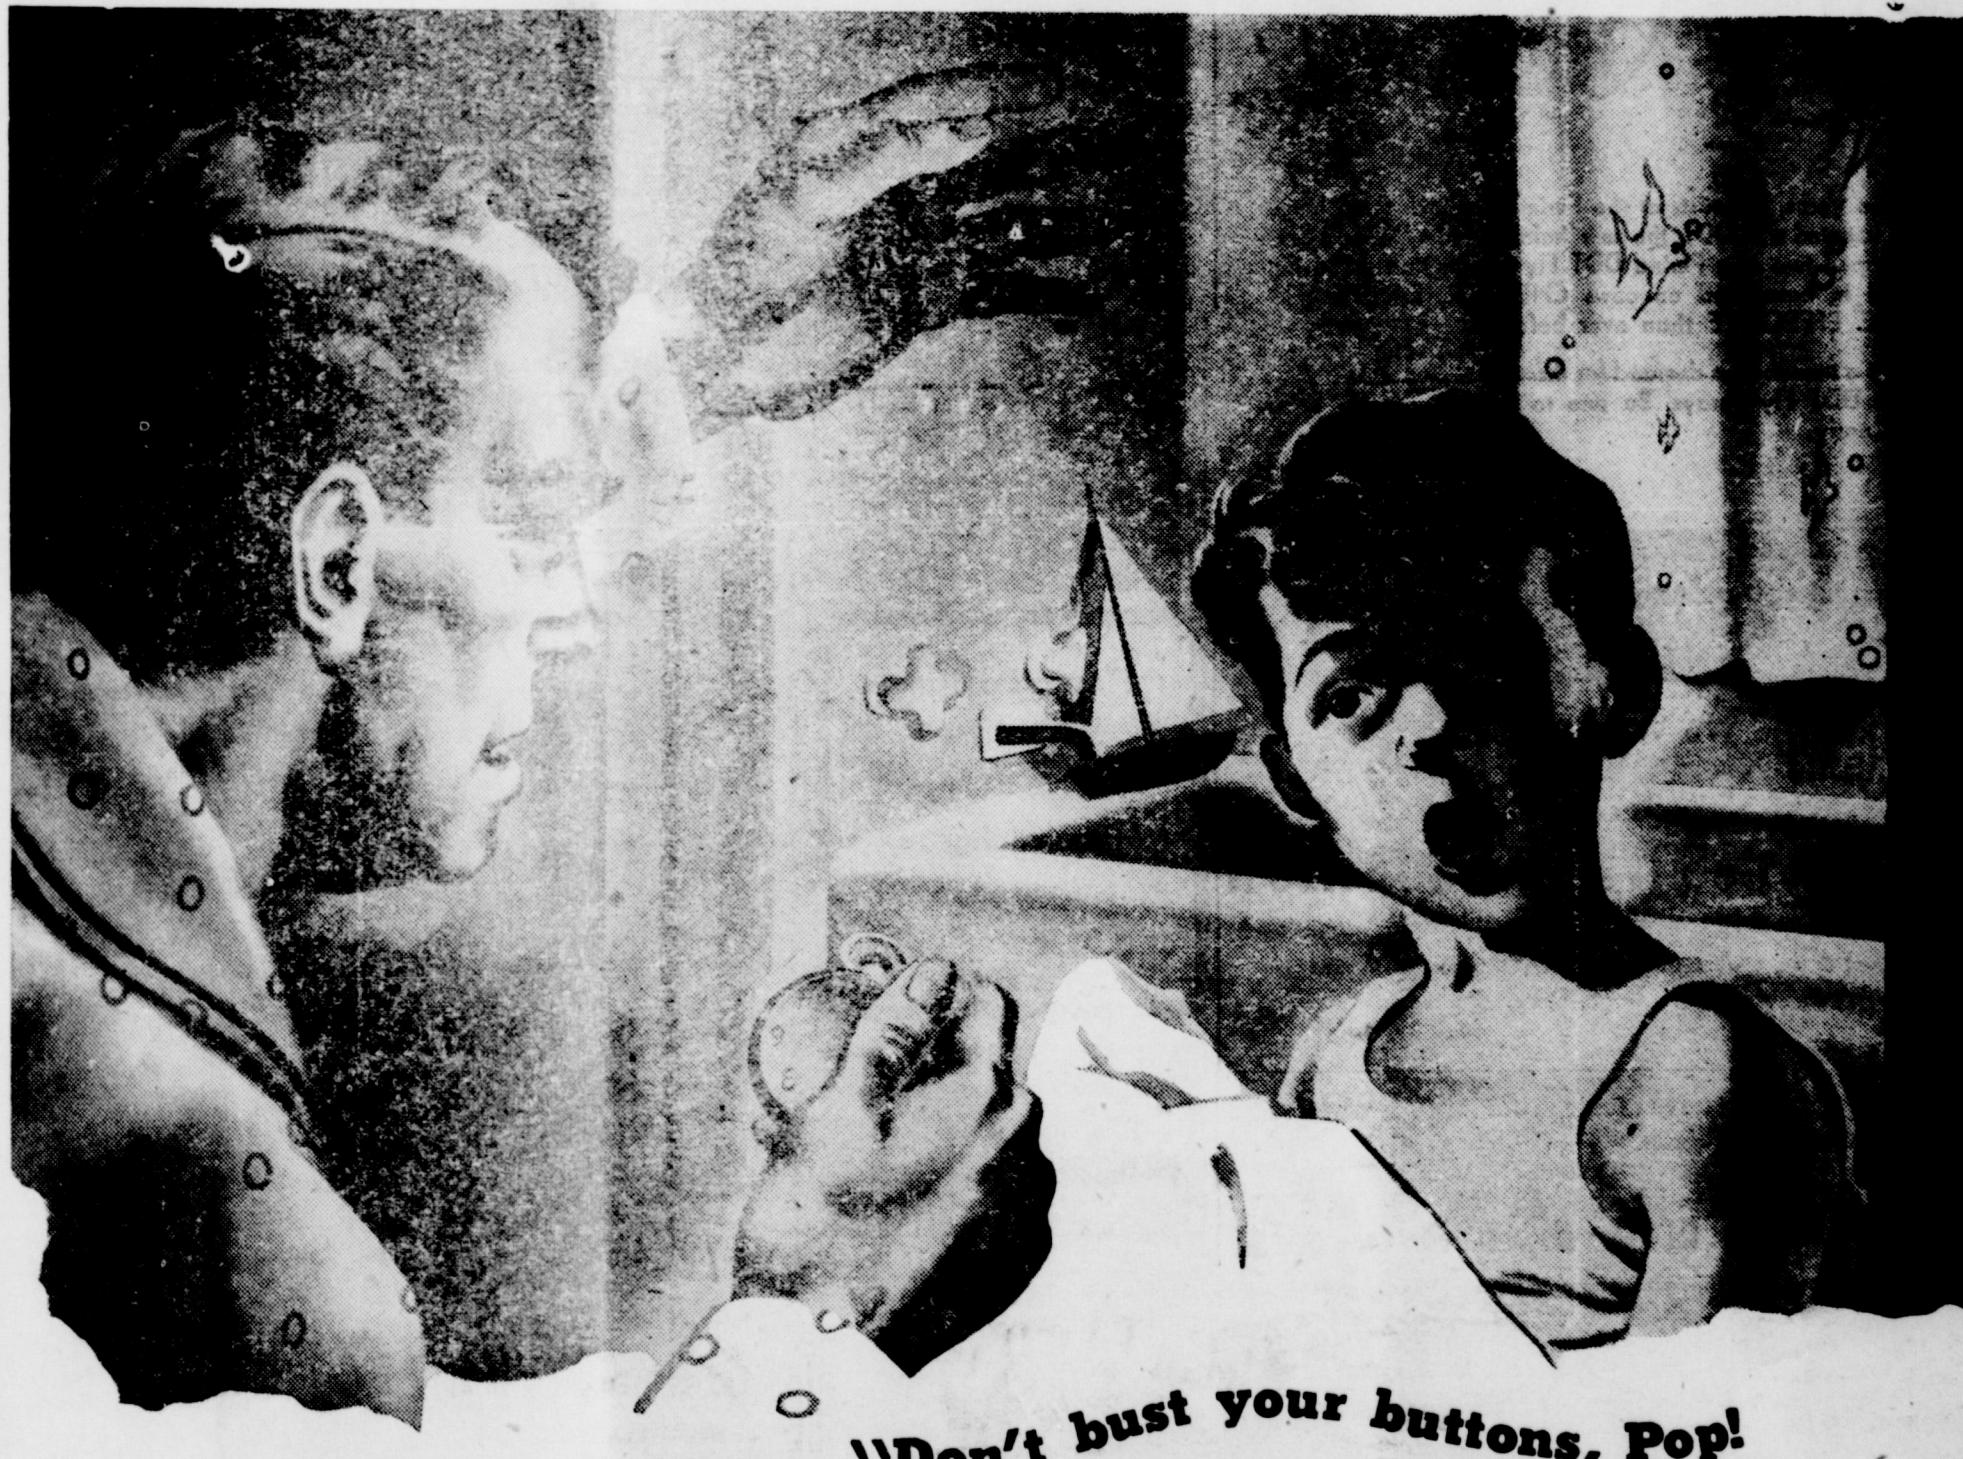

(Nearly 200 acres in the "heart" of the park are owned by the state outright and would not be affected by any sale, according to the state park board.)

Canyon officials have declined to bid on the property, against which more than \$500,000 is outstanding.

It was reported here that the bonding company holding the liens was willing to handle the sale of slightly less than \$300,000 in two sets of bonds maturing gradually over 40 years.

The mortgage becomes due in the autumn and the bonding house has requested the city to make a decision by July 7 or a new date will be set for the public auction.

There's PLENTY of HOT WATER"

There's hot water for the whole family when you have an automatic gas water heater... hot water for baths, shaving, laundry, dishes—steaming hot water if you want it—in abundant quantities. Natural gas service is an everyday miracle providing comfort and convenience in your home, providing clean, efficient fuel in your factory.

WHAT IS THE SECRET OF THIS MIRACLE OF SERVICE?
There's really no secret at all... just huge underground reserves of natural gas, plus thousands of miles of transmission lines to carry gas from the wellhead to your burners.

United Gas Pipe Line Company, with more than 6,000 miles of main pipe lines in the Gulf South area, transports natural gas to the city gates of 169 communities in Texas alone—to 312 cities and towns in the Gulf South. The United Companies are good citizens of the area they serve—spending millions of dollars in payrolls, taxes and royalty payments every year. This money benefits every family in Texas in one way or another.
