

## WHEELER HIGH SCHOOL STUDENTS STRIKE

### 60 Demand Ouster Of Official

In open defiance of school authorities, a group of 60-odd Wheeler high school students abandoned classrooms at 9 o'clock Thursday morning and went on strike, demanding removal of L. G. Kammerdeiner as superintendent. There was no preliminary disturbance, students simply left their desks, formed outside the building, and marched downtown.

Parading business streets, the group exhibited crude placards reading, "Get Rid of K." "We Want New Supt." and "Unfair to Students."

It was a scene almost without parallel in Panhandle school history—a group of teen age children demanding the right to exercise control over a school at which they are supposed to receive instructions; not give them.

Rigid disciplinary action on the part of Kammerdeiner has roused the ire of many students. There have been differences between the superintendent and some members of the school board. Parents of four or five students who have been punished, have become incensed.

Wednesday members of the board asked Kammerdeiner who holds a two-year contract, for his resignation which he refused. Thursday morning's demonstration by students was the result.

Only 18 of the students enrolled in Wheeler high remained in their classrooms during the demonstration but about 30 strikers returned at 11 o'clock as parents learned of the disturbances and compelled their children to get back to their studies.

The Wheeler Times editor, like most other citizens, has heard rumblings of differences between Superintendent L. G. Kammerdeiner and high school students for several weeks, and of minor disturbances. (Continued on Last Page)

### COUNTY AGENT HAS ASSISTANT

County Agent Hubert Martin has been informed by the Extension Service that C. E. Garrison has been appointed assistant county agent of Wheeler county.

Garrison was reared in Channing, Texas. He graduated from Channing high school and was an active member of the Hartley County 4-H Club for eight years. After graduating from high school he attended Texas A & M College and received a B.S. degree in animal husbandry. He has recently been released from the armed forces, having served in the air corps as an aerial gunner for three years.

He served overseas in Italy with the 15th Air Force and participated in 18 combat missions. Garrison reported in Wheeler county to assume his duties on January 22. Prior to his arrival in Wheeler County he attended and completed a special training course for county and assistant agents offered by A & M College.

County Agent Martin stated that Garrison comes to Wheeler county highly recommended. With his training and experience he is well qualified for the duties of assistant county agent.

### County Home Agent Quits

Because of illness in her family, Mrs. Cora B. Long has been forced to resign as Wheeler County Home Demonstration Agent, a position she assumed only three weeks ago.

Doris Leggett of College Station, district agent, has informed Commissioners Court she expects to make an appointment shortly. Shortage of cars and scarcity of tires are making it difficult to secure agents in counties where much traveling is re-

### HEFLEY ASKS SECOND TERM

County Judge G. W. Hefley this week authorized announcement of his candidacy for a second term. In a modest statement released to the press, he made no mention of achievements or records made during the current term but persons familiar with our county government are almost unanimous in agreeing that Judge Hefley's administration has been one of the most successful in the long history of the county.

Not only has the judge's first term been notable from a standpoint of performance of official duties but he has given freely of his private time to benevolent and public organizations benefitting citizens all over the county.

The above paragraphs are the comment of this newspaper. Judge Hefley's statement follows:

"I am taking this opportunity to offer myself to the citizens of Wheeler county for re-election to the office of county judge. I am finishing my first term in such capacity and if you see fit to return me to a second term I will greatly appreciate it. I have devoted my entire time to the duties of this office and have conscientiously done the best I knew.

"This is an important office, handling in its judicial capacity all litigation involving between \$200 and \$1,000, all probate matters and misdemeanors. Most important of all duties is, of course, the chairmanship of the Commissioners Court. This latter function involves transaction of all general business of the county, and has become a considerable task as the business of the county has steadily grown.

"My record speaks for itself and if you think I am capable, honest and worthy, I assure you that your vote and influence will be greatly appreciated."

### Wheeler Youth Been In Navy 38 Months

Odous Hooker, 20-year-old son of Mr. and Mrs. J. W. Hooker of Dumas, has been promoted from hospital apprentice 1-c to pharmacist mate 3-c, on the U.S.S. Clarendon. He has seen twelve months at sea out of 38 months in the Navy and is expecting a discharge in March.

During his last year of service, Hooker has been to Pearl Harbor, Guadalcanal, Saipan, Guam, Manila, Okinawa, Tokyo, and Yokohama. His ship, also used to transfer soldiers from Indo-China to Manchuria, and was with the invasion at Tokyo Bay.

While at Manila, Odous went to the cemetery where his brother, Tris, is buried. Tris was bombardier on a B-24, and lost his life in the City of Manila, January 8, 1945, the day before General McArthur invaded Luzon.

Mr. and Mrs. M. V. Callan left for Santa Rosa, New Mexico to visit Mr. and Mrs. Dudley Callan.

### HARRY WOFFORD THANKS VOTERS

Harry Wofford, one of the most popular public officials to serve Wheeler county in any capacity, this week announced his candidacy for re-election as county clerk.

Harry is universally liked because of the pleasant, accommodating and efficient service he performs as a public official. He is called on constantly to head campaigns and drives for the public benefit and he always responds willingly and cheerfully.

His announcement consisting of three sentences is the briefest The Times editor has seen in 18 years experience in Wheeler county politics.

Harry's statement, addressed to the voters of Wheeler county, follows:

"From my efforts to serve you as your County Clerk I have derived much pleasure and I thank you for having given me the opportunity. In announcing my candidacy for re-election I do so with an aim to render you an improved service resulting from experience of the past.

"If it is your will that I continue to serve you as your County Clerk I would like mighty well to have your vote, and I assure you that I will always be grateful."

### Henry Millers Sell Tailor Shop to Son

Mr. and Mrs. Henry Miller who have operated the Crescent Cleaners for the past 15 years announce this week they have sold the business to their son, S. D. Miller, who has already taken charge. They will remain at the shop to help him until he can find some skilled employees. The Millers expressed their appreciation for the patronage given them by people of the Wheeler territory.

S. D. was released from the army last November. He was a corporal in the air corps and had served two years and seven months. He has already added a new press and has other equipment ordered which will make the Crescent one of the best equipped small town dry cleaning plants in the Panhandle.

### J. D. Henderson Has Own Flying Service

J. D. Henderson, son of J. L. Henderson of Kelton, is now operating the Alturas Flying Service, featuring charter flights, rentals and sales instruction, according to recent announcement. J. D. recently returned from service where he held the rank of captain in the army air forces. Henderson recently gave demonstrations of a new Aeronaca plane which he will sell in the Alturas territory.

Mr. and Mrs. J. D. Herd and Jay George visited last week with her brother, Rev. Noel George, at Humphreys, Okla.

### Kitchen Cabinet and Sink Are On Display

The new all-metal American kitchen cabinet and sink are on display at Nash Appliance & Supply company's store. The cabinet may be bought complete or in sections and will fit any size kitchen. The complete cabinet is on display.

### Dance in Wheeler On Jan 29 Will Be Free

The West-Passons Post of the American Legion will sponsor a public dance at the Legion Hall Tuesday night, Jan. 29 for the purpose of aiding in the local fight against infantile paralysis. S. B. Conwell, city chairman of the polio fund campaign, announced this week.

### Old Clothing Asked For Refugees of War

Persons having used clothing of any kind they wish to contribute for use of war refugees are asked to leave them at the Wheeler postoffice and they will be shipped to the places designated. The drive ends January 31.

### Coyote Bounty Is Stopped in County

The \$1.00 bounty for coyote scalps will be discontinued on February 1, the Wheeler county Commissioners Court has announced, as the result of employing a government trapper.

### Erick Is Winner Wheeler's First Invitation Meet

The Erick boys basketball team won Wheeler's Invitation Tournament Saturday night by nosing out the Kelton Lions 24 to 19 in a hard fought game that was in doubt until the final whistle. Erick won the right to enter the finals by defeating Wheeler by a 3-point margin Saturday afternoon in one of the most thrilling games of the 2-day card.

Mobeetie won from Meridian 23 to 13 Saturday night to place third.

All-star players of the tourney were named in this order: Corse, Mobeetie; Garner, Kelton; Hood, Erick; Britt, Kelton and Revious, Wheeler. Honorary mention was given Leonard of Meridian, West-er of Erick, Parks of Reydon, Riley of Briscoe, Coop of Lefors and Harris of Kelton.

There was a good attendance at most of the sessions as fans got their money's worth as the teams were evenly matched in most instances.

Coach W. O. Carrick expressed his appreciation to citizens of Wheeler for their hospitality in entertaining visiting players and coaches in their homes. There were more rooms offered than needed.

The tournament opened Thursday night with Allison defeating the Wheeler B squad 22 to 13; Kelton winning from Mobeetie 23 to 13; Briscoe taking Meridian 26 to 9 and Wheeler facing Shamrock 21 to 6.

High point men were: Grayson of Kelton with 12, Robinson of Wheeler 6, Corse of Mobeetie 13, Britt of Kelton 12, Price of Briscoe 13, Parks of Meridian 4, McWhorter of Wheeler 9, and G. Reeves and R. T. Reeves of Wheeler 2 each.

In Friday night's card, Wheeler won from Allison 19 to 6 with Revious of Wheeler scoring 19 and Taylor of Allison 6. Lefors defeated Reydon 32 to 24, Cooper (Continued on Last Page)

### LEGION TALKS NEW BUILDING

Discussion of plans to build a new American Legion home for the West-Passons Post will be discussed at a meeting of Legionnaires at 7:30 o'clock Thursday, February 7, according to Jim Risner, adjutant.

Erection of a modernistic home on the 30-acre Legion tract, a mile west of Wheeler, was recently proposed to Legionnaires and has met with widespread support of veterans of both wars. It has been suggested an ideal site would be adjacent to the dam recently built, fronting on the lake that is expected to form.

Expenditure of between \$10,000 and \$15,000 has been suggested as feasible in view of the present membership of 133 and the high anticipated membership when all veterans of world war two have returned. Recreational facilities would be included in the plans.

All war veterans, whether members of the Legion Post or not, are invited to the meeting next Thursday when tentative plans for the new home will be outlined.

### Bill Johnson Buys Interest in Bakery

Mr. and Mrs. Aaron Williamson announce they have sold one-half interest in the City Bakery to Bill Johnson, formerly associated with them before entering the U. S. Navy four years ago. Johnson who was in the Navy Air Corps, was associated with the Williamsons for two years and has had additional bakery experience at Quanah.

The addition of Johnson will enable the bakery to better care for its increasing patronage as well as making possible the addition of more pastries from time to time. The City Bakery features that good Wheeler bread, so popular with housewives in the Wheeler trade territory.

Harry Wofford, chairman of the Wheeler County March of Dimes, made a trip to Shamrock Tuesday to confer with the committee there on the progress of the campaign.

### Dimes, Quarters, Dollars Folding Money Needed To Guard County From Polio

The March of Dimes, sponsored by the National Foundation for Infantile Paralysis is under way, and this is an appeal to every man, woman and child in Wheeler county to make a contribution in proportion to your means.

One-half of the funds remain in Wheeler county to treat local persons who may be stricken by the "Great Crippler" which has taken the lives of several county residents and maimed others.

A Hot-Pack machine for treatment of the disease has been purchased by the county association and placed at the Wheeler Hospital for use at any place in the county where it is needed. Your contributions will help pay for this machine and may help save the life of some child dear to you.

County Chairman Harry Wofford has hopes of raising \$1,500 this year, and we can do it if everyone will do their part. A little more than \$1,100 was contributed last year with the south part of the county far outstripping the north section.

JESS SWINK who announced last week for re-election as Sheriff of Wheeler county, is about the least excitable person in the country. Calm and easy going, Jess pursues the duties of head law enforcement officer in a methodical, efficient manner. He had had many years experience as a peace officer before his election as sheriff and knows most of the criminals and would-be criminals. His wide acquaintance and experience should prove useful in the event of a post-war crime wave which many are predicting.

### D. A. WILCOXSON LAID TO REST

Funeral services were held at the First Methodist church Friday afternoon for David A. Wilcoxson, 83-year-old Wheeler resident, who passed away on January 17 after several weeks illness. The rites were conducted by Rev. Hugh H. Hunt, Methodist pastor, assisted by C. C. Merritt.

Mr. Wilcoxson was laid to rest in the Canadian cemetery by the side of his wife who preceded him in death a year. Hunt Funeral Home of Wheeler was in charge.

Mr. Wilcoxson made his home with a daughter, Mrs. A. T. Davidson, at whose home he was seriously ill for several weeks. He has resided in Wheeler since 1932.

Besides a daughter, Grace Davidson, Mrs. Neva Sampson of Boise City, Okla., a step daughter, was with him in his last hours. A step son, Ernest Trantham, who lives in Westmoreland, Calif., could not be present. Mr. Wilcoxson is survived by one sister, Tinnie Bishop, who makes her home with a son, Claybern Bishop of Lorenzo, Texas.

Many relatives attended the funeral. Mr. Wilcoxson had many friends.

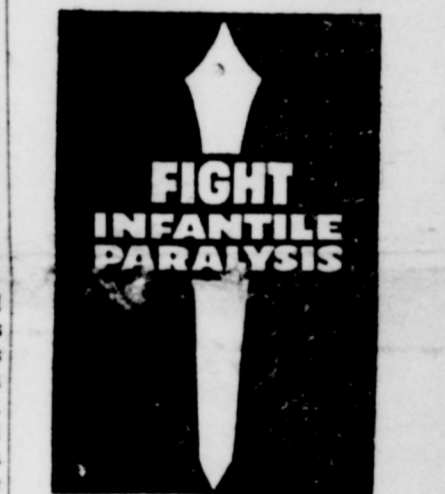

Bearers were: Jessie T. Cole, Ben Trout, W. O. Trayler, S. D. Conwell, Henry Miller, and Geo. Porter.

Out-of-town relatives who attended the funeral were: Mrs. M. F. Sprowls of Erick, Okla., Mr. and Mrs. Jessie T. Cole and daughter, Vonnice, of Reydon, Okla., Mr. and Mrs. O. M. Stidham of Electra, Mr. and Mrs. C. Bishop, and his mother Mrs. S. T. Bishop, of Lorenzo, Texas.

Mrs. J. O. Stetson, and Mr. and Mrs. Jinkins Stetson from Oak Creek, Colo. visited Mr. and Mrs. R. Wm. Brown and Mrs. Rich Brown in Canadian over the weekend.

S. B. Conwell of Wheeler who is a vice director of the county organization, is heading up the campaign in Wheeler, assisted by Albert Gunter, and he has mapped plans which should double last year's quota.

Norman Patrick of Shamrock, Walter Elliott of Kellerville, L. D. McCauley of Mobeetie, Gordon Stiles of Wheeler, Hiram White-ener of Wheeler and Roy Waters of Briscoe, are also expected to

launch active campaigns in their communities next week.

There will be no collection jars this year, nor any advertising material such as placards. Chairman Wofford urges all committeemen to proceed with the campaign in their communities along the lines they thing best but to try to conclude the solicitation by the end of next week. School programs, box suppers or sports events are suggested as a quick means of raising community quotas, although some will do personal soliciting.

### COMMISSIONER MASON FILES

W. E. Mason, popular member of the Wheeler County Commissioners Court in precinct 2, has authorized announcement of his candidacy for re-election subject to the will of voters in the Democratic primaries.

A man of conservative and sound business judgment, Mr. Mason has been an important cog in the economical, business-like administration of the county's present governing body. His precinct is clear of all indebtedness and his counsel has helped save county taxpayers money in many instances.

Mr. Mason's statement to the voters follows:

"In announcing my candidacy for re-election, I wish to express my appreciation for the co-operation extended me from the citizens of Precinct No. 2, while serving as your County Commissioner."

"I have strived to fulfill the duties of this office in a manner to be of greatest benefit and satisfaction to the people of Precinct No. 2 and of Wheeler County. As to the financial viewpoint, the precinct is clear of indebtedness.

"If re-elected, I will make every effort to perform the duties of this office to the best of my ability in every respect.

"Your vote and influence will be greatly appreciated in the July 27 Primary election."

**FIGHT ON!**

January 30 is the birthday of  
a great American, our wartime  
President, the late Franklin D.  
Roosevelt.

Shortly after entering the  
White House, almost 13 years  
ago, Mr. Roosevelt set aside his  
birthday for a nation-wide  
appeal to support an organized  
campaign against infantile paralysis.  
None knew better than he the  
devastating effects of this disease.  
He was one of its victims; he fought  
it valiantly, and continued to  
fight it throughout the rest of his  
life—for others.

He did not live to see ultimate  
victory in the war which he  
inaugurated against infantile paral-  
ysis in America and unified by  
founding the National Foundation  
for Infantile Paralysis. It re-  
mains for us to carry on the fight  
without that gallant leader.

The Enemy is still strong. During  
the past year, more than  
13,000 new cases of polio were  
reported in this country. The war  
against infantile paralysis con-  
tract end until this dread disease is  
finally wiped out.

Let us carry on the fight—to  
the finish!

**JOIN THE MARCH OF  
DIMES—NOW!**

**MARCH WITHOUT MUSIC?**

It is said Benedict Arnold was  
a better general than George  
Washington. He was a handsom-  
er man and a more interesting  
conversationalist. But he had one  
conspicuous weakness—he was un-  
willing to "march without music."  
Whenever General Arnold per-  
formed a task in a competent  
manner he expected praise and  
acclaim and, if these were not  
forthcoming he sulked and became  
morose.

In the hurry and scurry of  
war there were times when the  
feats of General Arnold went un-  
noticed. This hurt in his most vi-  
tal spot—his vanity. So he com-  
mitted the act unpardonable—he  
quit his job and placed the secrets  
of his employer in the hands of  
the competition.

We all like to march to the  
sweet music of applause, which  
we feel should be compensated for  
the noble work we have been  
doing, but, when applause does not  
come promptly, the real man  
marches on—without music.

**TIME TO SLOW DOWN**

(From Memphis Democrat)

Prosperity is a very wonderful  
thing, but that same feeling of  
well-being can bring about disas-  
trous results in many cases, and  
often does just that.

At the present time there is a  
feeling of prosperity in the air;  
that air when inhaled has an in-  
creasing effect and that effect  
is showing itself in the way in  
which people are driving since  
the close of the war.

While the war was in progress,  
speed limits were drastically cut,  
to enable motorists to save  
gas, which was rationed,  
and tires, which were rationed.  
But rationing on gas and on tires  
is now off, the speed limit has  
been raised to 60 miles per hour  
—and most of the drivers are do-  
ing their utmost to make that  
limit or to exceed it.

Unfortunately the end of tire  
rationing did not mean the end  
of tire trouble. Tires are still  
hard to get, regardless of how  
much money you have, and some  
of the old tires just won't hold  
up at high speeds.

Tires, therefore, are causing  
many accidents today.

Another good reason for many  
accidents is the scarcity of good  
automobiles. Most of the cars on  
the highways today are over six  
years old, and very few of them  
are of the 1946 vintage.

As a result of this, there are  
many defects in the cars you see  
on our highways today. These

**Kellerville H. D.  
Club In Meeting**

The Kellerville Home Demon-  
stration Club met Jan. 16 in the  
home of Mrs. Elmer Immel.

The meeting was called to or-  
der by the president and the  
minutes, read by Mrs. Buttram,  
were approved by the club.

Mrs. D'Spain read a letter  
from the district agent at Col-  
lege Station, stating that the  
County Demonstration Agent had  
resigned.

The members discussed the pro-  
grams for this year's meetings.

The following committees for  
the year were announced: Edu-  
cation—Mrs. Gossett, Mrs. Knox  
and Mrs. Tinkler. Year Book—  
Mrs. Blackerby, Mrs. Chapman  
and Mrs. Riffle. Marketing—Mrs.  
Elliott.

Refreshments of cake and  
cocoa were served. Those present  
at the meeting were Mesdames  
Harold Buttram, C. Drum, Harris  
D'Spain, Ray Gossett, O. T. Owens  
and the hostess.

Mr. and Mrs. Jack Sims of  
Mobeetie returned Sunday from  
New Mexico.

Cars have withstood the days  
during the war, mainly because  
people were not able to replace  
the old jalopy.

A large number of the acci-  
dents on the highways today are  
caused by faulty brakes, bad  
headlights, no tail lights, faulty  
steering gear, etc. An old car  
simply is not as safe as a new  
one, especially when motorists  
continue to drive them as fast as  
they did when the cars were  
new.

The new car situation is still  
not rosy by any means. Even if  
the labor unions were willing to  
work for what they are getting,  
the auto situation would be a  
long time in being cleared. Gen-  
eral Motors has not produced  
one new car for almost two  
months, and other companies are  
not doing much better due to the  
numerous strikes. So motorists  
cannot plan on buying a new car  
very soon.

Due to faulty tires and faulty  
cars, motorists should be careful  
in driving. Auto accidents have  
increased almost tenfold in the  
past six months. It is bad enough  
to ruin your car; it won't do you  
any good in an auto graveyard.  
But then you won't do it any  
harm—or good, either—if you are  
in a graveyard. Not even the jeep  
is small enough to drive around  
in a casket.

**By BOYCE HOUSE**

Your Columnist has composed a  
song—well, not exactly, for I still  
need the tune and also the words  
but how's this for a lilting title.  
"I'll Build You a Palace, Sweet  
Alice, in Dallas!"

And on the subject of rhyme,  
one of the most unusual news-  
paper headlines I ever heard of  
appeared in the Austin paper the  
day after the famous knight of  
the six-shooter, Ben Thompson,  
and his almost equally celebrated  
companion, King Fisher, were  
slain in San Antonio:

"Ben Thompson, hero of many a  
bloody fight,  
Has fought his last and died last  
night;  
King Fisher, faithful to the end,  
Yielded up his life to save his  
friend."

We are indebted to the good  
memory of Dave Pena of Tyler,  
who spent his boyhood in Austin,  
for this headline.

Here's another bit of verse that  
is an old-time favorite, author un-  
known—called "One Step at a  
Time":

One step at a time, and that well  
placed,  
We reach the grandest height;  
One stroke at a time, earth's hid-  
den stores  
Will slowly come to light.  
One seed at a time, and the  
forest grows,  
One drop at a time and the river  
flows  
Into the boundless sea.  
One word at a time, and the  
greatest book  
Is written and is read;  
One stone at a time, and a  
palace rears  
Aloft its stately head.  
One blow at a time, and the  
tree's cleft through  
And a city will stand where the  
forest grew  
A few short years before.  
One foe at a time, and he sub-  
dued.  
And the conflict will be won;  
One grain at a time, and the  
sands of life  
Will slowly all be run.  
One minute, another, the hours  
thus fly  
One day at a time, and our lives  
speed by  
Into eternity.

Fort Worth Friday.

Buck Britt and son, Sam, re-  
turned to their ranch in New  
Mexico Wednesday of last week.  
Mrs. Britt returned a few days  
earlier.

Yes, what a wonderful evening any evening will be in your  
electrical home of the future... there will be more time to  
relax with your family.

All of the new electrical servants soon to come rolling off  
production lines will be ready at the flick of a switch to make  
your household tasks unbelievably simple, and they'll all be  
operated with cheap electricity.

Your automatic electric range practically thinks for itself...  
with little attention from you. No more after-meal drudgery  
with your electric dishwasher. So, while relaxing, your dishes,  
glasses and silver are being swished sparkling clean. Your  
beautiful electric refrigerator will stand guard against loss  
of food vitamins... and your home freezer will be a giant  
storehouse for frozen fruits, meats, vegetables.

**WHA'S 10,000,000 RATS**

A year ago Harold Gunderson, extension entomologist at Iowa State College, estimated Iowa's total rat population at 10 millions. Rats are probably just as numerous now, not only in Iowa, but the country over. Rats feed their families well, and waste about as much feed as they eat.—Farm Journal.

**Claim Overcharges On Whipping Cream**

Reports have come in indicating that various merchants are charging as high as 30 cents for a half-pint of whipping cream, a price control board official said this week.

The retail ceiling price on this commodity is only three cents over what the retailer charged in 1942.

For example, if a retailer charged 20 cents per half pint in 1942 he may add three cents to that amount. This is figured on the basis of the cream being 20 cents higher per gallon.

Egg prices, also are being brought down almost daily. Retail ceiling price on current-received eggs, those that are bought directly to the store by the farmers, is 43 cents per dozen in Group 1 stores, which includes small stores.

The Group 1 price is the highest price established. Prices for chain and larger stores are lower for current-received eggs.

**TEXAS SENATOR PACKS GALLERY**

Chairman of the Senate Foreign Relations Committee Tom Connally holds a position in foreign affairs second only to the Secretary of State. As cited in an article, "Texas Peacemaker" in the February Coronet, it will be his job to steer the Senate through the treaties and agreements of enduring peace.

Because of all this, what "Tawm" Connally says carries weight. But that's not the only reason the visitor's gallery is packed when he speaks. Many people come to hear how he says it. For Big Tom is a magnificent orator of the Old School. But although he gives the appearance of an old time Shakespearian showman, Tom's booming voice is pure Texas-American. It says what Tom thinks in the vernacular of a shrewd but simple boy.

For Thomas Terry Connally is a country boy—born and bred in McLennan County, where his ready tongue and thin legs earned him the nicknames of "Talking Tom" and "Double Barrel-Shotgun." His father often said: "Tom, I never had much education. If I'd had your chance, I'd a run for Congress.

So, in 1916 Connally ran for Congress...and he's been in Washington ever since. But he brought a bit of Texas with him

to the Capitol, where the senator and his wife are famous for their Sunday breakfasts of sausage, pink grapefruit, peach preserves, and smoked ham—all from Texas. After World War I, Connally was an advocate of the League and the World Court. Washingtonians remember that when Senator Nye charged President Wilson with duping the country into war, Connally challenged Nye to a fist fight.

that spirit, and the galleries soon will be crowded again to hear Big Tom orate for a new world organization to keep the peace. It's not every man—nor every country, that gets such a second chance.

More than 13,000 men, women and children in the United States were victims of infantile paralysis in 1945, making it the fourth highest year on record, the National Foundation for Infantile Paralysis reports. In 1943 and 1944, the National Foundation reported 12,429 and 19,053 cases respectively. The three-year total, 1943-45 inclusive, is greater than has ever been reported previously for any five-year period. Give freely!

**GIVE FREELY!**

During the eight years of its existence the National Foundation for Infantile Paralysis has disbursed over \$8,000,000 for research and education, and over \$2,000,000 for emergency aid in epidemics. Epidemic aid supplements the expenditures of local chapters. In 1945 alone, local chapters disbursed close to \$5,000,000 for care and treatment of local poliomyelitis patients. One-half of all contributions to the annual March of Dimes remains with the Wheeler County chapter for this work. Give Freely!

This message in the public interest is brought to you by

**Wheeler Abstract Co.**

Wheeler, Texas

Infantile paralysis is one of the most expensive diseases known to medicine. Not only must many victims of past epidemics receive continuing care, but each year's outbreaks add new names to the steadily growing list. Hospitalization for a single patient costs more than \$2,500 a year.

Few families can meet the cost of extended polio treatment. Through the March of Dimes, January 14-31 treatment and care can be assured for all polio victims, regardless of age, race, creed or color. Give freely!

## EDITH ASHLEY SUNDAY BRIDE

In the presence of a few friends and relatives, Miss Edith Ashley became the bride of Orville L. Smith Sunday afternoon at five o'clock at the First Methodist Church. Rev. H. H. Hunt, pastor, read the ceremony. The bride is a daughter of Mrs. Nelle Ashley of Amarillo. She is well known around Wheeler where she attended high school. She holds a B. A. degree from W.T.S.C. at Canyon. The groom attended Hollywood high school and U.C.L.A. in Los Angeles. He recently returned from two and one-half years of overseas service in New Guinea and the Philippines. Vows were exchanged before an altar decorated with twin baskets of white gladioli and chrysanthemums, flanked by white candles in tall candleabra, as Mrs. Harry Wofford at the organ gave a muted interpretation of "Ave Maria." The bride was given in marriage by Jess Moore, her brother-in-law. She was lovely in a gown of white slapper satin with fingertip veil caught to a coronet of white lace beaded with seed pearls. Her bouquet was of white rosebuds. She was attended by a sister, Miss Barbara Ashley, as maid of honor, who wore a ruffled pink net dress and carried a bouquet of pink carnations. The groom's attendant was Jack Guynes as best man, and little Miss Twila Guynes acted as ring bearer. Ushers were Scotty Risner and Albert Gunter. The couple left immediately after the ceremony for a wedding trip to Monterey, Carmel By The Sea, and The Yosemite Valley after which they will be at home at 230 South Vendome, Los Angeles. Out of town guests included Mrs. Geraldine Healy of Los Angeles, sister of the groom, and Misses Gertrude and Bobbie Ashley of Norman, Okla.

WHEELER, TEXAS

**FARMING IS DANGEROUS**

Farming is more hazardous than war, according to a report of Louis J. Taylor, past master of the National Grange and now president of the Farmers & Traders Life Insurance Company. In 1945, he said, his company paid more death claims from tractor mishaps on farms than from deaths on battlefields.

**MEAT STRIKE AIDS POULTRY**

The third week of January saw southwest farm markets disrupted by rains, snow and dangerous highways, as well as unsettled labor conditions, according to the U. S. Department of Agriculture's Production and Marketing Administration.

Livestock receipts fell off to a mere trickle even at terminals which were not affected by the packinghouse workers' strike. Stockyards were closed at some of the more seriously affected markets, including Fort Worth which suffered most in the southwest. Price trends, as far as could be determined by the light volume of sales, were on the strong to higher side on cattle and fully steady on most hogs though San Antonio reported light weight butchers down 25 to 50 cents for the week. Sheep prices were mostly nominal due to lack of supply.

Both eggs and poultry, which had taken on a seasonally easy trend under increased offerings early in January, drew strength

from the prospective reduction in meat supplies if the strike lasts long. Eggs continued to lose ground, however, in line with the gradually declining ceiling level.

Weather conditions and shortage of cars were the keynote of the vegetable situation. Fields were too wet for hauling in the south Texas area, and the consequent reduction in offerings made for stronger prices on items that had begun to sag under increased movement the week before. Movement of potatoes and the remaining light supply of onions from Colorado continued to feel effects of the car shortage, as did shipments of sweet potatoes from Louisiana, with prices firm on these commodities.

Cotton prices, which declined slightly when OPA announced proposed ceilings, regained most of the loss in later trade and ended the week fairly steady at levels near the recent high point. Sales of 100,300 bales in the ten spot markets were about equal to the volume in the preceding week but were below a year ago.

A better feeling in domestic wool markets followed the Commodity Credit Corporation's announcement that further price reduction on its holdings were not in prospect and that sales since the decline last November have been very satisfactory. Contracting of spring mohair has begun in Texas at a price of 75 cents a pound for kid hair and 55 cents for adult hair.

Grains held firm at ceiling levels with tight supplies a predominating factor. Demand is very active from both domestic and export buyers. Feeds are extremely short because mixers are unable to buy the necessary ingredients. Peanuts also are below trade needs at ceiling prices.

### PRICES SET ON NEW 1946 CARS

Final prices for new Plymouth, De Soto and Chrysler will average about 1.8 per cent above prices for 1945 models, with additions for engineering improvements.

OPA also fixed retail ceilings for four additional models of Fords. These average 1.5 per cent higher than 1945 prices, plus from \$18.10 to \$47.29 for engineering modifications.

The increase for 1946 Plymouths

is "around one per cent," OPA said, plus \$770 to \$121 for engineering improvements; and for Dodge cars the increase is 3.5 per cent, with from \$59 to \$68 for engineering improvements; for De Soto cars the increase is 11.18 per cent, plus \$59 to \$66, while for Chrysler the price is up "less than one-half of one per cent," plus \$90 to \$104.

Mr. and Mrs. Virgil Jameson of Plainview visited in the Sam Watson home the past several days.

Mr. and Mrs. Nell Revious of Kelson were Wheeler visitors Monday.

### HEALTH STUDY OPEN TO VETS

An official announcement from the State Committee for Approval of Educational and Training Institutions has been received by Dr. Geo. W. Cox, State Health Officer, designating the Texas State Department of Health as an approved vocational training agency for veterans.

Training offered by the State Health Department will include sanitary engineering, entomology, technician, water and sewage plant operation and typhus control.

Veterans who meet the eligibility requirements under the "G. I. Bill of Rights," ages 20 to 40, with at least a high school education and physically fit for field work may apply for this training. Applicants should be men who desire to make sanitation or some other phase of public health activity a career or life work. Applicants who have been accepted will receive such training allowances as is provided under the "G. I. Bill of Rights"; for instance, \$65 and \$90 per month, depending on marital status, which amount may be supplemented by the city where the applicant is taking his training.

For full information concerning this type of training, veterans are urged to consult their local branch of the Veterans' Administration, their local health officer or the State Department of Health in Austin.

Announcements have been received of the marriage of Miss Joyce Elaine Turner, daughter of Mr. and Mrs. J. M. Turner, to Carl L. Shimek of Santa Rosa, New Mexico. The wedding had been kept a secret, the couple having been married on June 22 at Sayre. The Turners formerly resided at Wheeler.

Rev. Fullingim took his son, Worth, to Brownwood Thursday where he will be enrolled in college. Rev. B. L. Hidgon of Mobeetle accompanied them. They returned Friday.

Misses Bobbye and Gertrude Ashley of Norman, Okla. visited friends and relatives in Wheeler over the weekend.

Mrs. Robert Blackwell returned Saturday from Siloam Springs, Ark. where she has been attending John Brown University.

### TEXAS A & M LOWERS FEES

Reductions in charges at Texas A. & M. College for room and board and for medical fees become effective at the beginning of the new semester on February 4.

Medical fees are reduced from \$8.00 to \$6.00, room rent lowered from \$10.00 to \$7.50 per month, and subsistence cost cut from \$1.00 to 90c per day. In connection with the reduction in charges for meals, the practice of furnishing free meals to student guests will be discontinued, and a charge of 35c per meal will be charged, it was announced.

Under the new schedule of rates, total cost of attending A. & M. for the semester will be reduced from \$195.00 to \$178.60, exclusive of books, supplies, and other incidental expenses. Fees may be paid in installments of \$70.60 including matriculation fee on February 3, \$37.15 on March 1-6, \$38.50 on April 1-5, and \$32.45 on May 1-6.

A cafeteria will be operated in the basement of Sbis Hall for students who are not members of the regular cadet corps, with meals served on the pay-as-you-go plan at posted prices. Non-military students and veterans who wish to do so may purchase coupon books at Sbis Hall for their meals. However, non-military students may take their meals where they please.

Mrs. G. L. Stanley of Shamrock visited in the A. B. Crump home Sunday.

Mr. and Mrs. Robert Blackwell and Betty Richardson spent the afternoon in Shamrock Sunday.

Mr. and Mrs. F. E. Barnes of Pampa were Sunday dinner guests in the home of Mr. and Mrs. Earl Barnes. Afternoon guests were Mr. and Mrs. "Buster" Callan and children.

Mrs. Hollis Spiller of Canadian visited Mr. and Mrs. Stewart Anglin and children over the weekend.

Mrs. Neva Sampson of Boise City visited friends and relatives the past week, Mrs. Sampson returned home Wednesday.

### HOUSING BOOM SEEN IN 1946

Senator Kilgore of West Virginia recently declared that by mobilizing the nation's productive capacity and resourcefulness 1,000,000 housing units can be built this year and 2,000,000 the next.

"By the middle of 1948," he said in a statement submitted to the Senate banking committee, "we should be able to produce new houses of superior quality at the rate of 3,000,000 units a year."

Kilgore said it was "sheer defeatism to say that the most we can hope to produce is 400,000 or 500,000 dwellings this year and maybe a million next year." He called on the construction industry to step out with new techniques and new materials, such as aluminum, magnesium, plastics and plywood.

He asked the committee to give early consideration to an emergency housing bill introduced by himself and Senator Mitchell of Washington. It would extend technical assistance to house producers, act as a centralized purchasing agent for local non-profit house building groups, and establish a \$500,000,000 revolving loan fund to assist in the financing of new homes.

Local chapters of the National Foundation for Infantile Paralysis are the shock troops of poliomyelitis epidemics. They stand ready at all times to give every possible aid to local medical and health authorities and to provide funds, equipment, and professional and technical aid wherever needed.

The public wants improved products at fair prices. "More goods for more people at less cost"—G.E.'s goal—is not a part-time assignment. It is a job for management and worker alike if G.E. is to keep growing, keep raising wages, keep making more jobs for more workers. A few figures show typical price decreases:</p> <table border="0"> <tr><td colspan="2"><b>Refrigerator</b></td></tr> <tr><td>1935</td><td style="text-align: right;">\$199.00</td></tr> <tr><td>1941</td><td style="text-align: right;">129.95</td></tr> <tr><td colspan="2"><b>Lamp</b></td></tr> <tr><td>1935</td><td style="text-align: right;">.15</td></tr> <tr><td>1945</td><td style="text-align: right;">.10</td></tr> <tr><td colspan="2"><b>Transformer</b></td></tr> <tr><td>1935</td><td style="text-align: right;">76.32</td></tr> <tr><td>1941</td><td style="text-align: right;">69.30</td></tr> <tr><td colspan="2"><b>Motor</b></td></tr> <tr><td>1935</td><td style="text-align: right;">12.80</td></tr> <tr><td>1941</td><td style="text-align: right;">8.50</td></tr> <tr><td colspan="2"><b>Radio</b></td></tr> <tr><td>1935</td><td style="text-align: right;">47.50</td></tr> <tr><td>1941</td><td style="text-align: right;">27.95</td></tr> </table>	<b>Refrigerator</b>		1935	\$199.00	1941	129.95	<b>Lamp</b>		1935	.15	1945	.10	<b>Transformer</b>		1935	76.32	1941	69.30	<b>Motor</b>		1935	12.80	1941	8.50	<b>Radio</b>		1935	47.50	1941	27.95	<p>G.E. during the war earned 4.7¢ on each dollar of sales.  greements with some board members, most of which was caused by the strict disciplinary rule he has invoked. We paid not too much attention to them as most of the criticism of the superintendent came from prejudiced sources when finally traced down. It has been our opinion he has been indiscreet at times. It is likewise our information from unbiased sources that most of the pressure exerted on school board members, seeking his removal, has come from prejudiced parties whose children have been involved in disciplinary action. There are undoubtedly grounds for ruffled feelings on the part of several people, including school board members.

The point The Times would like to bring out is that a demonstration such as was put on by the students today strikes at the very heart of the Wheeler school system. If these children's demands are granted, how much authority will the next superintendent exert over the faculty and student body? In fact, would Wheeler be able to secure a competent school man under such uninviting circumstances?

Most of the wild criticism you have been hearing about the school administration lately has been pure childish bunk. This is a serious situation and all parties concerned must calm down. All sorts of lies are being circulated. Children have been rocking his

house at nights, touching off fireworks in classrooms, letting the air out of the tires on his car, tormenting him in ways only a teen age mind could conceive.

Isn't it possible much of the fault lies with a group of over-enthusiastic children who are not only resentful of school authority but parental discipline as well? Haven't some of the parents had to resort to drastic measures to control their children during hours the superintendent had no authority over them?

The Times makes these comments in the interest of our community and in fairness to all persons involved. We suggest the various factions involved go through a "cooling off" period before passing judgment and taking positive action that might be regretted later. Let us act like adults.

In the meantime would it be asking too much of the children to require that they attend classes and obey their legally employed instructors until the more mature people of the community have had time to consider the situation fully from all standpoints?

 weekly entertainment sponsored by town merchants, started the fund off with \$47.28, Conwell said. Another collection will be taken up at next Saturday's street program. The American Legion will sponsor a public dance at the Hall Tuesday night, Jan. 29, with all proceeds going to the polio fund.

Conwell has enlisted the aid of women's clubs of Wheeler in making a house-to-house solicitation next week. He said plans had already been made to canvass owners, managers and employees of business firms. Several business firms have indicated they plan to make donations of \$10 to \$25 to help in the fight against infantile paralysis.

The Rogue theatre which has always taken a leading role in the March of Dimes campaign is expected to participate again. Lee Guthrie, manager, was out of town today and his plans are not known to the committee.

County Judge G. W. Hefley and County Superintendent Allen Kavanaugh were named by Conwell on a special courthouse committee to solicit contributions from county officials and employees of all the offices.

Persons all over the county are asked to look up their committeemen and make their contributions to him if they are not solicited. Or checks may be mailed to Chairman Harry Wofford at Wheeler or Treasurer Flake George at Shamrock.

**NOW YOU CAN ANSWER THIS CHILD'S PRAYER**

We, who have seen the terrible consequences of infantile paralysis among the children of America, are only too conscious of the need for contributing to the annual March of Dimes, January 14-31.

Those familiar and distressing sights—the shrunken limbs, the twisted bodies, the awkward locomotion, the crutches, wheelchairs and all the other reminders of this terrible scourge—are in themselves the strongest argument for supporting the work of the National Foundation for Infantile Paralysis.

Every cent contributed to this organization works for victims of infantile paralysis. It is used for care and treatment, for research into the cause and prevention of the disease, for emergency aid in epidemic areas, and for training doctors, nurses and physical therapists in modern techniques.

It is the determination of the National Foundation, founded by Franklin D. Roosevelt, that infantile paralysis shall be conquered. The people of America share in that determination, and through contributions to the March of Dimes they take an active part in the unrelenting fight against the Great Crippler.
