

06.83 IS FARMERS PRACTICES

Hardcastle, administrator of the Wheeler County announced that Wheeler farm owners and operators just received \$15,966.83 conservation checks.

The amount of money re- about one fourth of the earned in Wheeler County on practices carried out on the soil, and approxi- mately-fourth of the money spent for conservation the farm owner or ten- ant cases contributes from to forty per cent of the operation either in the money or labor in carry- ing the practice.

Checks are mailed direct person having requested. The county office is group form as to per- sons are mailed to and the of each check. Persons more than one farm will separate checks for each farm carried out a practi- ces for each farm are iden- tified by the farm serial num- ber is shown on the fol- lowing the name of the

owners and operators to do conservation work should contact the county their earliest convenience their requests known. The desire of the county that every qualified give a fair share of the location according to the the farm for conserva- tion approved for payment. The desire of the com- mittee the entire allocation it is poor management funds back waiting for to be making up their mind is being washed down and others are anxious something about it. Look over and make your day for tomorrow your be eroded and all the to be to others.

Wheeler Honor List

O. Carrick this week the honor roll for the schools for the fifth six the 1947-48 term. The list of the honor roll follows:

HIGH SCHOOL
Billie V. Brown, Lois Rodgers and Marg-

and B's; George Hibbs, Kay Swink, Ruby Reid, M. Mark Edwards, Mel- Maurine Herd, Wanda Beile Richardson, Doris Beila Richardson and Weatherly.

Sharon Beatty, Joy Craig, Keren Darnell, Green, Annette Hutchin- Beth Lewis, Sally Reid, Pettit and Kearby Wea-

and B's; Ronald Allen, Evins, Genise Craig- win, Carolyn Farris, Johnson, Sandra Beth Frank Willard.

SECOND GRADE
Gene Riley, Harold Gey Prude, Nelda Kay com Belote, Dale Wolf- well Wegner, Melba Babb, Jerry Moore, Alvin D. Dale Bowerman, Sandra Pearce, Shari Harold Crossland, Miles Amy Hill, Jyeton Beau- Rimmer and Annette

and B's; Rebecca Gaines, Hyatt, Linda Bullard, Johnson, Jerry Hender- Moss, Jerry Smith, Morris, and Billy Mc-

THIRD GRADE
and B's; Pam Anglin, gress, Sharon Green, Sheila Patterson, Cecil Barbara Revious and Bruce

FOURTH GRADE
Paula Green, Faye Lax, Andrews, Donald Olesby Sims, and B's; Pat Darnell, Hardcastle, Barbara Francis Prude, Donna Smith, James Jones Whitener.

FIFTH GRADE
and B's; Jerry Barton, and B's; Jerry Barton, and B's; Jerry Barton,

THEIR HOPE Is The Red Cross

Weather Hampers Collections In 1948 Drive For Red Cross Funds

The second week of the 1948 Red Cross Drive finds donations coming in a bit slowly due probably to the weather and the inability of local solicitors to get out and contact local merchants and individuals according to Grainger McIlhany, finance chairman for the north half of Wheeler County.

McIlhany reported to date only \$162.00 of the \$780.00 quota had been raised and urged individuals to make their donations now and to make them as liberal as possible.

Dr. V. N. Hall completed his canvas of the industrial section during the week and brought in \$22.00 more to bring the total for the industrial section up to \$90.50.

Homer Moss, solicitation chairman for the courthouse, reported

a total of \$37.75 donated by the courthouse crew.

Briscoe's Lee Barry turned in a total of \$27.75 for that community.

A complete list of donations as reported since last week's edition of the Times went to press is as follows:

Holdeman Imp. Co. ----- \$10.00
Johnson Grain Co. ----- 2.00
Ebb Farmer Ser. Sta. ----- 5.00
Kirk-Mason Funeral Home ----- 5.00
C. C. Crowder ----- 1.00
A. B. Watson ----- 5.00
Lee Barry ----- 10.00
Mrs. O. O. Beatty ----- 1.00
Atherton Grocery ----- 1.00
R. A. Perull (sp) ----- 1.00
Joe Puryear ----- 2.00
J. E. Steen ----- 5.00
J. H. Mason ----- 2.00
Jub Keelin ----- 1.00

Daed Keelin ----- 25c
R. D. Waters ----- 2.50
C. E. Walker ----- 1.00
Eddison Sorenson ----- 1.00
Allen Kavanaugh ----- 3.00
Homer L. Moss ----- 3.00
Thomas Daughtry ----- 3.00
Lillie McClain ----- 1.00
Ola Mae Scribner ----- 1.00
Audrey Pearce ----- 1.00
Vernie Hardcastle ----- 3.00
Mrs. Joe Weatherly ----- 1.00
Mrs. Ora Brown ----- 1.00
G. W. Hefley ----- 3.00
W. E. Mason ----- 50c
Palmer Sivage ----- 1.00
George S. Gandy ----- 2.00
Mrs. Emma M. Hastings ----- 1.25
Chris McClain ----- 1.00
Myra Hays ----- 2.00
Harry Wofford ----- 10.00
Betty Brewster ----- 1.00

TOTAL \$93.50

BRISCOE JR'S. PRESENT PLAY

The junior class of Briscoe will present their play "A Pair of Country Kids" on Thursday, March 18th in the high school auditorium. Plans had been made for the play to be presented on the 19th but due to the fact that other activities have been scheduled in the community we decided on Thursday the 18th.

The characters are as follows: Mrs. Starr, proprietress of the Starr House, Janice D'Spain April Starr, her daughter, Gloria Upchurch; "Sis" Spooner, maid at the Starr House, Betty Standlee; Lucindy Appley, who wants a first husband, Rosemary Finsterwald; Susan Grimes, who wants a second husband, Mozelle Wilson; Ambrose Sneggins, a horse doctor, C. B. Brotherton; Philip West, a young lawyer, Truman Zybach; Arthur Roberts, a guest at the Starr House, Richard Dyson; Albert Roomer, another guest, Thurman Horn.

The junior class wishes to thank Richard Dyson and Mozelle Wil- son for taking part in our play. Both of them are seniors but due to the fact that our class is so small we had to borrow. We also would like to thank Miss Cecile Soloman for her patience and time that she has put out on this play.

Everyone is cordially invited out to see this comedy, so make your plans now to come and have a good laugh.

O. Nations had the misfortune of losing a part of three fingers on his right hand today (Thursday) at noon while trying to start a car.

Grainger McIlhany transacted business in Shamrock Thursday.

Grandparents Galore, That's Case Of Young Miss Jane Lee Dyson

Little Miss Jane Lee Dyson small daughter of Mr. and Mrs. R. H. Dyson of Mobeetie is certainly well fixed when it comes to grandparents for she has a total of 13 living grandmothers and grandfathers.

The maternal and paternal grandparents are Mr. and Mrs. R. E. May of Pampa and Mr. and Mrs. C. C. Dyson of Mobeetie. The great grandparents are Mr. and Mrs. Charles May of Wheeler, Mr. and Mrs. A. R. Meek of Mobeetie, Mr. and Mrs. H. F. Dyson of Long Beach, Calif. and Mr. and Mrs. T. W. Reid of Clovis, N. M.

She has two great, great grandmothers. Mrs. G. L. Reid of Wheeler and Mrs. F. G. Cohorn of Throckmorton.

According to the way we figure it, Little Miss Dyson is the first of five living generations.

FOOD SALE!
Miss Doris Mahaffey, local home economics instructor, announced this week the sophomore girls division of the Wheeler Future Homemakers Association will hold a food sale at the Puckett's Food Market Saturday morning beginning at 9:00 o'clock.

The young ladies will sell cookies, pies, candies, cakes and doughnuts.

The money is being raised for use in carrying out the program of the Wheeler Chapter of FHA.

Sunday guests of Mr. and Mrs. Oden Hudson were Mrs. L. J. Hudson, Mr. and Mrs. Thurmond De- son, Mr. and daughter of Childress, Mr. and Mrs. Cliff Walker and Mr. and Mrs. Beane Tipps and Mr. and Mrs. Kenneth Douthit and daughters.

SELBY TO SPEAK MOBEETIE SUN.

Due to the illness of Bob Selby, the layman service of the Mobeetie Methodist Church was not held as planned last Sunday according to S. H. Salley, pastor. However, Mr. Selby, an outstanding layman in the Polk Street Methodist Church in Amarillo, will be at the Mobeetie church for a special service Sunday, March 14. Rev. Salley invites the public to come and hear Mr. Selby, who, he states, is unselfish with his time and talents.

Rev. W. E. Hamilton, district superintendent of the Clarendon district, will be at the Mobeetie Methodist Church Sunday night, March 14 for another special service according to the pastor. Rev. Hamilton will speak on "The Work of the Church" immediately following a fellowship supper which will be held in the basement and following his talk will show religious pictures. Salley states that the pictures are very inspirational and helpful and invites the public to this service.

The spring revival at the Methodist Church in Mobeetie begins Sunday, March 21. Rev. Salley states that the church has secured a very fine young man to lead the singing and work with the young people of the church.

W. G. Stiles Sells Registered Angus Cows

W. G. Stiles of Wheeler, Texas, recently sold three purebred Aberdeen-Angus cows to W. D. Price and Son of Pampa, Texas, and one bull to Glen Rutherford of Sweetwater, Oklahoma.

Mrs. Linda Clay and Mrs. Cecil Denson were visitors in Dallas the first part of this week.

YOUR SECURITY DEPENDS LOT ON CONSERVATION

"Is your future security in the land worth a half-sack of fertilizer? Asks Tom Laman, Vice-chairman of the Wheeler County agricultural conservation committee. He points out that this is about what it costs per person to protect the Nation's cropland from erosion and depletion through the Agricultural Conservation Program.

Here's the way the chairman breaks down the cost of the program in simple terms. Actually, he says, the cost for 1948 is even less than a half-sack of fertilizer. Funds available for the program if divided equally among the 145 million people in the country would come to just a little over a dollar apiece. That would hardly buy more than a fourth of a sack of 4-9-5 or 5-10-6 commercial fertilizer. The nation's cropland if divided equally among the people in the country comes out about 3 1/4 acres per person. If the harvested cropland is taken—and that's the land from which the food comes—the figure is about 2 1/2 acres per person.

From 2 1/2 acres comes wheat, corn, cotton and other fibers, much of the meat, milk, eggs, leather, and other products necessary for life, health and comfort. The Agricultural Conservation Program, the chairman explains, is the cooperative means by which each individual shares in helping the farmers who till the soil to conserve each person's 2 1/2 acres so that it will keep on producing abundantly. It's a program to help stop the loss of 500,000 acres of land which are being lost each year through erosion. To carry out the conservation practices under the program, the farmer himself puts up about half the cost and all the work. The rest of the work. The rest of the people in the county each contribute a little more than a dollar each to insure that his 2 1/2 acres will be kept on producing.

Mercury Dips Below Zero For First Time During Extended Spell

The coldest "spell" of the current weather residents of this section of the Panhandle have been experiencing for the past six weeks set in Tuesday evening and before any trace of moderation could be noted temperatures had reached the lowest point of the winter to date.

According to local thermometer readers the low Wednesday morning was around 7 degrees above zero and Thursday morning the mercury dipped down below the zero mark for the first time this year.

Clear skies all-day today (Thursday) caused melting of the snow in open places which were touched by the sun but the temperature did not rise above freezing in places which were out of contact with the sun.

No reports of damage to cattle or other livestock has been reported at this writing.

Scouts Enjoy Swim In West Texas State Pool

Sixteen members of the local scout troop and their scoutmaster, R. J. Holt, Jr., enjoyed a mid-winter swim in the indoor college pool at West Texas State College in Canyon on Texas Independence Day.

H. J. McCormick, local trucker, furnished transportation for the lads and Holt stated the scouts appreciated his gesture very much.

The sixteen lads who made the trip included: Maurice Pettit, C. R. Bailey, Doyle Brown, Richard Brown, Gene Sides, Jerry Sayre, Jerry Lewis, Harold Loyd Lee, Gerald McCormick, John Dan Bowman, Jimmy Cowan, Bobby Johnson, R. C. Johnson, Darrel Johnson and Glen Farmer.

TROOP FLAG FOUND
Scoutmaster Holt stated this week that the flag belonging to the local troop has been located but as yet no trace has been found of the tent which belongs to the local organization.

The scouts would appreciate it very much if anyone who has any idea where the tent may be would notify one of their number.

Mrs. Linda Clay and Mrs. Cecil Denson were visitors in Dallas the first part of this week.

W. O. Weatherly Wins First Place Award In Quality Milk Program

W. O. Weatherly, one of the ever increasing number of dairymen in this section of the county, has just recently won first place in a quality milk program which is being sponsored quarterly by the City of Amarillo, which consumes the greater portion of the milk produced in this area, and the milk and dairy products company which buys raw milk from the local producers.

Jack Harding, local representative for the Amarillo dairy products company, pointed out that grading in the contest was based on barn inspections, bacteria count and sediment test. Fifty per cent of the grading was on barn inspections.

Weatherly's prize for taking first place in the contest was \$50.00.

Mr. Weatherly won first among 119 Grade A milk producers located in the eight counties covered by the Amarillo milk shed by attaining a perfect score with a barn inspection of 100 per cent, using No. 1 sediment pads, and having a bacteria count of only .001, which is the lowest possible.

CITY TO INSTALL STREET LIGHTS

A reporter for the Times, having been tipped off that the City of Wheeler was contemplating the installation of more street lights, interviewed the Mayor and was informed that the City Council had recently had petitions from citizens of Park Addition and individual requests from numerous other citizens for more lights to enable them to walk home safely at night and had acted on these requests and petitions and finally signed a contract with the Southwestern Public Service Company to furnish thirteen additional overhead lights and to increase the seven overhead lights in the present system by two and one-half their usual brightness. The system known as the Whiteway, in the center of the business streets, will remain as they are and the thirteen additional lights are placed so as to extend one block in each direction beyond the lights that are now in service.

Park Addition will receive two new overhead lights, one at the corner of Texas and Oklahoma street and the other at the corner of Texas and Comanche street. (Continued on Last Page)

F. F. A. Box Supper Success Even Though Bad Weather Prevailed

Regardless of the bad weather, the Wheeler Future Farmers of America held their box supper and program at the Wheeler Gym last Friday night as scheduled and even though there was not too large a crowd present the Future Farmers proclaimed the affair a tremendous success.

Miss Georgia Beth Ford was selected as F. F. A. sweetheart in a campaign which raised a total receipts of around thirty dollars. Miss Billie V. Brown was runner-up to Miss Ford.

There were two resales, counting the resales a box containing only two baby bottles filled with milk brought the most money, \$7.50. The afore mentioned box was prepared by Mrs. W. O. Carrick.

There were a total of 36 boxes auctioned off bringing in a total of around \$130.00 according to James Clepper, instructor.

Senator Hazelwood Is Speaker At Meeting

The Wheeler County Teachers Association held a meeting at the Clark Auditorium in Shamrock Monday night with Senator Grady Hazelwood of Amarillo as principal speaker.

Others on the program included the Shamrock Kindergarten, which was under the direction of Mrs. Jo Delle Johnston, a talk by Supt. Elmer J. Moore, Supt. of the Shamrock Schools, Allen Kavanaugh introduced the speaker of the evening, Miss Patricia Rankin led group singing and Tom Britt offered the benediction.

Following the program, the association held a business meeting electing the following officers for the coming year: Elmer J. Moore, Shamrock, president; Miss Beth Stiles, Kelton, 1st vice-president; Mrs. Glen Renter, Mobeetie, 2nd vice-president and W. O. Carrick, Wheeler, secretary-treasurer.

Gordon Whitener Has Reserve Champion Cow

In a story a couple of weeks ago in the Times, in reporting the results of the Top O' Texas Hereford Breeders Show and Sale, the Times stated that W. L. Williams and Gordon Whitener carried away many honors in the show but in listing the winners all were given in the name of W. L. Williams.

It happens that all the Wheeler cattle which won in the show were bred by W. L. Williams but Gordon Whitener was the owner and shower of two of the Herefords which placed very high in the show.

Gordon Whitener showed the reserve champion cow in the show with Princess Domino 9th and his junior heifer placed first in her division. Mr. Williams reported this week that Whitener's cattle also placed well in the Amarillo Show which was held last week.

BROWN LISTS HONOR PUPILS

Supt. C. R. Brown of the Mobeetie school system announced the honor list for the fifth six weeks as follows:

HIGH SCHOOL HONOR ROLL
All A's; Pauline Corcoran, Onie Sims and Edwin Sims.

SENIOR PERSONALITY

BERNE FINSTERWALD

for 12 years and is making great plans to graduate this coming spring. Laverne has been active in all class and school activities. She has lettered in basketball four years. Laverne is five feet, five inches tall, brown hair and blue eyes. She has had a leading part in both the Junior and senior play. If you want to know what she plans to do you had better ask her, but right now she has great hopes of entering Abilene Christian College and after that who knows. Thurman maybe you could tell us a little about that.

Even though we had quite a bit of delay we have finally gotten the annual pages off now and are waiting for the returns. We really hope they are good for we have really put out some work on them. Our senior pictures have not

arrived yet but we are looking for them most any time. Most of the girls have choked the boys and made them say that they can have one of their pictures. What's this about one or two of the girls going to break their sweetheart's pictures in a million pieces. Don't take it so hard girls.

JUNIOR NEWS

Rosemary never has time to write news because she likes to tell Faye jokes in typing too well. Bad girl Rosie, you should keep your mind on your studies.

Janice was riding high Tuesday night. Richard, has got a very nice looking car hasn't he?

Why was Miss Solomon playing "Smoke Gets In My Eyes" so hard on the piano Tuesday night? Bet I could guess.

Gloria is still waiting for the man to come along. Wait a minute this must be a mistake, any way you would have thought so if you could have seen her Sunday.

In case you did not know the junior girls Tuesday it was only because Janice barried their hair, our girls really looked as though you had just stepped out of vogue.

Play practice has proved to be very interesting, especially with cake and cokes that are bought us by some of the good hearted people.

Betty Jo always blushes every time Richard kisses her in the play. It's not all that bad is it Betty?

SOPHOMORE CHATTER

Believe it or not, we still have as many in our class as we had two weeks ago, but cross your fingers because no telling how much longer this will keep up.

Dorothy has been looking rather sleepy lately. That man of yours just keeps you up too late doesn't he Dorothy?

Margaret Kite has been getting some love letters lately. Why don't you pass them around and let us in on your secret?

That T. G. Reams is still after a certain little girl and we certainly hope he catches her before he gets desperate.

Roberta has been looking mighty

pretty lately and we think we know why. We would to Roberta.

Gossip

Bill Price has really been going around in a trance since he has gotten back from Canyon. What was all the excitement Bill?

Richard Dyson was passing the cigars around at play practice Tuesday night. We would like to see your little niece Richard.

Helen Childress being elected as official promoter for the juniors.

Elvin Meadows looks mighty cute with his hair waved and in little ringlets on his head. You don't know how much this adds to your looks Elvin.

All the juniors were scared when Mr. Harrell called assembly Wednesday morning. You must feel guilty about something kids.

Bobby Zybach has been longing for Saturday night to come. Wheeler can wait Bobby so get to studying.

Where did Bill get the name that he has been calling Betty Jo lately?

Iris Clepper has been up to her old tricks again. Wake up Iris and live right.

Juanita ran out of bookkeeping mighty fast Tuesday. You should have known that Rosemary was only teasing Nita.

Laverne will be glad when Saturday night comes once more. We would too Laverne.

Elvin has been having his hair fixed lately. Who is the girl Elvin? You must really have it bad Elvin.

SPORTS NEWS

The girls went to White Deer the 27th and 28th of February and were defeated their first game by Turkey by a 13 to 14 score. Although the girls were beat their

LOVELY TEXAN TELLS COTTON'S FASHION STORY

Blonde and beautiful Matilda Nail of Ft. Worth, Texas, the cotton industry's 1948 Maid of Cotton, has begun a \$3,000-mile cotton goodwill tour which will carry her to more than 40 key cities in three countries. She's pictured here in three of the 1948 cotton creations which are included in her glamorous all-cotton wardrobe. On the left, Matilda wears a romantic evening gown done in cotton chambray and organdy by Dorris Varnum. In the center, she poses in a sophisticated cotton suit with the new slim skirt done by Herbert Sondheim. And on the right the Maid of Cotton shows a modern version of the Gibson girl blouse and skirt in white cotton batiste and black poplin from Alice Stuart. The Maid of Cotton tour is sponsored by the National Cotton Council, Memphis Cotton Carnival, and the Cotton Exchanges of New York, Memphis, and New Orleans.

first game they still brought home a nice trophy. They won the Sportsmanship trophy and Juanita Clepper was placed on the first all-tournament team.

The girls have been playing volleyball and really having a swell time at it. We hope to have some match games with schools around here before long.

The boys have been playing baseball and think that they are pretty good. So I guess that they will be wanting some match games pretty soon.

FRESHMAN NEWS

The freshman lost one of their members, Shirley Fulks. We wish her lots of luck at Tulsa.

Joyce, what is this we hear about a certain eighth grade boy making your heart stop? Just ask Elvis W.

Kenneth, we wish we had a big yellow knife like yours.

John, you shouldn't scare the freshman boys in history class.

We heard Mrs. Adams had to have her car worked on lately. Wonder if it could be that the drive and live class has been practicing on her car?

Lottie and Helen really make good drivers. At least they are interesting to watch.

Winners are awfully good, especially in Algebra class. Better watch that kids.

SEVENTH GRADE NEWS

We enjoyed playing in the tournament at Wheeler the 28th

grade boy is quite the talk. We bet we can guess who it is Lucy. William, why did you have to move on the eighth grade side of the room? How about that M. R. and J. C.?

Mary has been wearing Leroy's watch. We smell romance in the air.

In case you haven't noticed Patyase has some new bangs. They are really a laugh.

Jane Ann, how is it that you like S. W. now? We don't blame you.

BRISCOE GIRLS WIN SPORTSMANSHIP TROPHY

The Briscoe girls were honored with the trophy of best sportsmanship at the District 20 Tournament at White Deer. The girls lost their first game to Turkey by a score of 13 to 14.

The girls were behind all through the game but right the last minutes of the game Briscoe came up to the close score of 10-11 but the Turkey girls made a field goal and a free shot in the last two minutes of the game.

Juanita Clepper was placed on the first all-star team of the district play.

THE NECESSARY VITAMINS

A tiny ant stood looking helplessly and longing at the carcass of a dead horse, wondering if she could nibble some of it to take home.

A truck filled with cases of whiskey passed by and a bottle fell out near the ant and broke. The ant took a sip and then another and pretty soon began to feel revitalized.

Grabbing the horse by the tail, it started shouting, "Come on, big boy, we're going home!"

SOCIETY

Mrs. Miller Hostess
Myrtle H. Demo Club

The Myrtle Home Demonstration Club met Thursday, March 4, in the home of Mrs. Rex Miller.

At the business session it was voted that each member make an apron to donate to the Kelson School party. The demonstrator was absent for the meeting and the afternoon was spent quilting a quilt for the hostess.

Members present were: Mesdames Earl Miller, Elmer Miller, Zack Miller, Walter Sorenson, R. A. Watts, Leonard Hagerman and the hostess, Mrs. Rex Miller.

Auxiliary Entertained
By Mrs. Shelby Pettit

Mrs. Shelby Pettit and Mrs. Floyd Pennington were hostesses to members of the Ladies Auxiliary at the home of Mrs. Pettit, Tuesday night, March 9.

Various games were enjoyed throughout the evening after which lovely refreshments were served. The St. Patrick's Day party was given by Mesdames Luther Sims, Amy Mae Craig, Chester Lewis, Fred Farmer, Jay Smith, Joe Smith, Junior Jackson, Allen Kavanagh, Carl Vernon Brown, Harrison Hall, J. C. Howell and the hostesses.

"Texas Day" Subject
Blue Bonnet Club

Mrs. A. J. Caldwell was hostess to the members of the Blue Bonnet Club, March 4.

The house was called to order by the president, Mrs. Layton Hathaway and after repeating the club motto the program on "Texas Day" was led by Mrs. Thelma Dunn. Roll call was answered with quotations from Texas poets.

Mrs. Dunn gave an interesting report on "Texas Men in National Affairs" and Mrs. Velma Brown gave "Sketches From the Lives of Contemporary Texas Authors."

A lovely social hour carrying out the St. Patrick's Day motif was served to Mesdames Cecile Cooksey, Thelma Dunn, Edith Flanagan, Layton Hathaway, Para Bender, Edna Scribner, Mary Hazel Van Dant, Carme Willis, Velma Brown, Ella Johnson and the hostess, Mrs. Caldwell.

Mrs. Hastings Hostess
Wheeler H. Demo Club

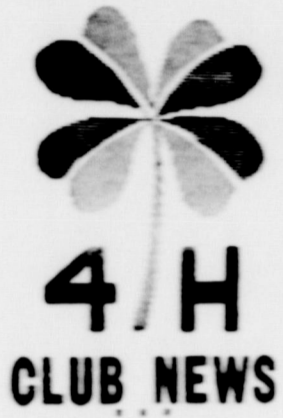

The Wheeler Home Demonstration Club met at the home of Mrs. Emma Hastings, Wednesday, March 4.

Following a short business meeting, Mrs. Hastings gave a demonstration on "New Methods of

Vegetable Cookery." She stressed the point that careful handling and preparation of vegetables can cause loss of vitamins and minerals.

At the close of the afternoon delicious refreshments were served by the hostess to six members.

Our next meeting will be held March 17 at 2:30 p. m. at the club room. Instead of regular business the president will appoint committees. Members will fill out all dates and the hostesses in the year books.

4H CLUB NEWS
Mobeetie Club

The Mobeetie Junior 4-H Club met February 27 in the auditorium of the grade school.

How to make sponges and operate a sewing machine was discussed after which songs were sung and the club motto and prayer repeated.

Those present were: Juane Robinson, Maurea Godwin, Vondell Wanda Lavada Hogan, Alice Walker, Sandra Barker, Glenda Porter, Juane Sims, Labele Bullard, Virginia Greenhouse, Marie Scribner, Nellie Barton, Ruth Morris, Helen Allen, Nellie Hansen, Beth Hood, Margaret Langston, Norma Morse, Tommie White, Roba Wright and Mrs. Emma Hastings.

The next meeting will be sometime in the third week of March.

LOCAL NEWS ITEMS

Are Argonauts of Clark N. M. spent the weekend here with his brother, Nevada, and family. They visited another brother, Ora Argonauts of Corbett, Okla. Sunday and Monday.

Mrs. Marge Mullins of Boulder City, Nevada, has been visiting her sister and family. Mr. and Mrs. Leroy Robinson and friends in Wheeler the past week.

Mr. and Mrs. Roy Waters of Brance had as their guests for dinner Sunday evening, Misses Nancy Walker and Fanny Tippie and Alfred "Short" Treadwell of Borger.

Allison Antelopes

Published by the students of Allison High School

Because of bad weather the juniors and seniors postponed their play until Friday, March 12. Maybe our plans can be carried out then, so don't forget to come and enjoy a good play.

SENIOR PERSONALITY

Virginia Winders — Virginia started to school at Wellington. Her freshman year was spent at Plainview and the rest of her high school years have been spent at Allison. She is vice-president of the senior class this year. She has lettered two years in basketball as a guard and takes an active part in all school activities. She has no plans to get for the future.

Beta Faye Aderton — Beta spent the first seven years and one half at Brance. The rest of her years have been spent at Allison. She is secretary and treasurer of the senior class this year. Beta has lettered three years in basketball as a forward. If she has made any plans for the future she is keeping them to herself. How about that, Pete?

GONNEE

Stacy was that Hugh sitting by you in the show Saturday night?

Who was that sitting by you, Virginia? Are you trying to take Peter's boyfriend away from her?

Ernest, were you really scared Saturday night?

Armed, did you take good care of Tommie this week?

Myrt, why don't you come to town once in awhile?

Snowflake, do you always drive so fast?

Everyone's hoping we can give our play this week.

Heidi says she'll never get her nose or dress out. Now don't give up Heidi. Just keep pressing it.

Lynn, where was Beanie Saturday night? Well, why don't you go after her?

Whacker, you just don't know how to flirt, do you? Well, Bill, everyone has to learn.

Patrice, where were you keeping R. C. Saturday night?

David, someone sure was looking for you Saturday night.

Yes, Sparkie, we'll be seeing you.

Don't, where did you get all those marbles?

The juniors were happy to get their class rings.

Why was Roy wanting to go to Wheeler Thursday night?

NECESSARY

"I believe you'd rather sit playing cards with dad than take me out."

"No, darling, but we must have money to get married on."

ALCOHOL PUBLIC enemy No. 1—

DEAR MADAM:

Before you get a new washer, ask some Maytag users how they like Maytag.

You probably have relatives, friends or neighbors among the millions of happy Maytag owners. If not, ask us for names of some near you. Come in or 'phone, with no obligation, today!

NASH APPLIANCE & SUPPLY CO.
 "Better Things For Better Living"

Men Hate "New Look"

At last the men mustered enough courage to come right out and say they don't like the "new look" in women's fashions. Ted Malone, well known radio personality revealed, while serving as a member of Cosmopolitan magazine's male-tested fashion show at the Stork Club in New York that when he mentioned the "new look" on two of his radio programs he received 97,432 letters assailing the new fashions. The jury which also included Arthur Hale, Richard Kollmar, Peter Roberts and Peter Donald agreed that the new fashions were too extreme. They selected the cocktail suit in Juilliard's worsted crepe, shown above, as the suit most likely to succeed with men.

Alcoholics Anonymous offers help to men and women who have an honest desire to stop drinking. Write P. O. Box 589, Shamrock, Texas. 5-tfc.

WE WILL PAY 40c per dozen for eggs all this week. Furr Food Store, Shamrock, Texas. 13-1tp.

SOPHOMORE NEWS

The sophomore's are sorry that they have lost Charlotte Hayes, but they want to congratulate her and wish her lots of happiness. Peggy Williams was born November 10, 1932, at Paducah, Texas. She has been going to school here four years. She is red-headed, freckled-faced and brown-eyed. Her likes are: A certain sophomore boy. Her dislikes are: studying. Her favorite teacher is Mr. Brown. She is 5 feet, 4 inches tall and weighs 130 pounds.

SENIOR NEWS

The seniors are still planning to

have their play March 11. We are hoping the weather won't get any worse.

The seniors have been having day practice all week. We had day practice Saturday night then most of us went to the preview at Wheeler.

All the seniors will sure be glad to get their play off.

COMEDY AS OTHERS STATE IT

Give some people an inch and they think they're a ruler. Most of us give advice by the bushel and take it by the grain. Too many people would rather be wrong than quiet.

What you don't know doesn't hurt you, but it may amuse others.

There was once a bat so crazy that his friends said he had people in his belly.

The little red school house is stiffer than the little-red citizen.

FRESHMAN PERSONALITY

Bernice Carter: Age 15, birthday January 28. She went to school at Laketon one year, and then she moved to Miami and went there until she was in the third grade. In 1942 she came to Mobeetie. Likes, two-tone chevrons and a certain sophomore boy. Dislikes, to wear glasses. Favorite teacher, Mrs. Ressler.

Patsy Johnston: Age 14. Birthday December 26. Born at Chilli-cott, Texas, and started to school there and then moved to Kleene, Texas, then Phillips, then Berger, then she came to Mobeetie in 1946. Likes, fried chicken and ice cream. Dislikes, to work. Favorite teacher, Mrs. Scribner.

NEWS

We will all be glad when Harold is back in school. Juanita, we are glad to have you in our class.

Evelyn, who was your boyfriend Saturday night?

Madge, why don't you come to school more often?

Looks like Edwina and Jimmy are getting along pretty good.

JUNIOR NEWS

Name: Betty Jean Lancaster.
 Age: 15.
 Birthday: August 25.
 Color of hair: Dark brown.
 Color of eyes: Brown.
 Disposition: Sweet.
 Likes: People who are nice.
 Dislikes: Teasing.
 Favorite food: Fried chicken.
 Favorite teacher: Mrs. Scribner.

Class: Junior.
 Betty Jean has attended Mobeetie Public Schools all of her school days. She has always been well liked by everyone although she used to be bashful and shy. Her best liked pals are Naomi Scribner and Doris Kuykendall. She plays basketball and takes an active part in all class activities.
 Name: Drew Godwin.
 Age: 17.
 Birthday: October 18.
 Color of hair: Dark brown.
 Color of eyes: Brown.
 Likes: (Personal) One girl is particular.
 Dislikes: People who think they are cute.
 Favorite teacher: Mrs. Scribner.
 Class: Junior.
 Drew has gone to school at Mobeetie all his school days. He played football and basketball for a good part of the basketball season. He had one of the leading parts in the junior play.

GOSSIP

Lou, why are you so thrilled because Thursday, Friday and Saturday are finally here?

Nellie, why were you in such a hurry to leave the preview Saturday night?

Patsy E, why do you think the snow looks like ice cream?

Oudia, why were you in such a hurry to go home Sunday night? Could it be that your mother was waiting?

Rocky, what were you doing up Laketon way? Would it have been because of a certain blonde?

Billy G, what were you so blue about Monday, while you were in the last study hall?

Walter, why were you all muddy Sunday, could it have been because Vernie pushed you in a mud hole?

Cheer up now Edwina, Jimmy's back.

Looks like Doris B. is back in the old red again, what about that Bud?

Drew, don't you and Beverly ever go anywhere on Saturday night or do you just set at home and listen to the radio?

Joe, did you get embarrassed standing in line for the preview Saturday night?

NOT THESE DAYS

Customer: "Do you keep brown sugar?"

Grocer: No; if it gets that dirty we throw it away."

CAMELS OR LUCKIES PER CRT. \$1.69 Maxwell House COFFEE PER POUND 49c	SHORTENING CRISCO 3-LB. TIN \$1.15 Swansdown Cake FLOUR 44-OZ. PKG. 35c	MEADOWLAKE OLEO POUND 39c
--	---	-------------------------------------

Ernest Lee Taylor's Easy Mix Cake
 Breakfast: March 13, 1948

1/2 cup sifted all-purpose flour
 1/2 cup sugar
 1/2 cup water
 1/2 teaspoon baking powder
 1/2 teaspoon salt

Turn on oven; set at moderately slow (350° F.). Grease, then dust with flour an 8-inch pan, 2 inches deep. Sift together flour, sugar, baking powder and salt. Add shortening, milk, water and vanilla. Beat vigorously 2 min. with mixing spoon, or electric beater at medium speed. Then add egg and beat 2 min. longer. Put into pan. Bake in center shelf of oven 35 min., or until cake shrinks from sides of pan. Remove from oven; let stand in pan 1 min. before turning out. Spread with Caramel Frosting (see below).

Caramel Frosting
 1/2 cup light brown sugar, slightly packed
 1/4 teaspoon salt
 1/4 cup water
 1/2 teaspoon vanilla
 1/2 cup powdered sugar

Mix together in saucepan brown sugar, milk, butter and salt. Heat and stir until mixture boils; cool. Stir in vanilla. Add powdered sugar, about 3 tbsp. at a time, until thick enough to spread. Beat until creamy. Spread on top and sides of Easy Mix Cake (see above).

 Senior Reporter ----- Dolores Pendleton
 Junior Reporters Gene Hubbard
 Melba May
 Sophomore Reporter Winnie Reid
 Freshmen Reporters Dick Pendleton and Glenda Laycock

Johnny sure does like play practice, wanting to have it twenty-four hours a day. Oh we see, you just want to get out of class. Smart guy. But then we know to ask you if we want to know anything about these here parts because you know all the ropes.

Jody, what's this we hear about Mrs. Baker going to give you twenty-seven demerits and have Mr. Carrick to make you learn your part in the senior play? Better be careful.

Happy, why were you so embarrassed Friday night in the drug store after the box supper? Was it financial trouble, or was it just that they raised the price on a "certain box" at the pie supper? Anyhow, Louis and Carroll was at your rescue weren't they?

Max, was that you we saw out in the hall with your arms around Bear? Don't you know that she is engaged? Forever more.

Joyce, be sure you don't get tickled in the play when Jane comes in and loves you. Anyone can make a mistake.

James, have you learned not to walk on your lines yet? And we don't mean the one on the floor, either.

Mrs. Baker, don't give up the seniors will have the play down pat, if you keep working with us like you have been. Have you had James look up the word "diction" yet? We think you should.

We sure did miss Vaneta today, especially in our class meeting. You don't have the mumps too do you? But then, we hope Yvonne don't have them or you either.

Imogene, who was driving Bobby's car Sunday, you or Bobby? Ruby, why were you so mad at dinner Monday? Couldn't have been because some boys wouldn't mind their own business could it?

Yvonne, what's this we hear about you having the mumps? Let's hope not, because the senior play is only a week from next Friday, (March 19).

Mr. Carrick, you should be more careful! Don't you know you always hurt yourself when you fall? (Or maybe someone else?)

Jody sure is a lucky girl. She is senior president, so naturally she gets all the pins etc. that come in. She could pass them around, but then who cares.

Billy Harold, you were certainly in a hateful mood Monday, weren't you? It seemed as though everything everybody else wanted to do, you didn't. Are all boys that way, we hope not.

Who was that hiding behind or in front of Miss Mahaffey on the way from grade school to keep from getting bit by a snowball. Mr. Carrick you had better be careful, Mrs. Carrick.

Lois sure was strutting her stuff when she came back from dinner, Monday. Who wouldn't when they have a new camera to carry around with them?

For once the senior boys got their way in a class meeting. They had the girls outnumbered, so they voted not to have programs for the play. But then there is going to be a demand for a re-

"YA CAN'T LET HIM RUN AWAY!"

vote and it might change plans a little.

Georgie is beginning to feel like an old married woman now. Since her first wedding anniversary was last Thursday, March 4. She surely did get a beautiful ring for her anniversary present.

JUNIOR NEWS

What If?

Johnny knew his English. Someone kept her mouth shut.

Yreva was a brunette instead of a blonde.

There was no basting in Home Ec. sewing.

Peggy did not have freckles. Harold couldn't blush.

Marie was six feet tall.

Pat could get along with all the teachers.

None of the boys shot paper wads.

What's the matter girls? Don't you like for that certain someone to run to the teacher all the time?

What's this about "squeaks" and "bells" Miss Mahaffey? Did you say church?

Doris, where did you go Tuesday, we want to know.

Bill, you study too hard the last period. Slow up boy.

It gets so cold in study hall the boys have to wear ear muffs.

Did everybody see Billies skirt

and Bob's pretty shirt Tuesday?

How did you do in Civics test Gene?

Frances, you seem to like to study World History, how about that?

Personality and Guess Who?

He is a junior boy and is one of the quietest in the class. He is a very good basketball player and has won several basketballs. He is six feet tall, weighs 150 pounds, has blue eyes, and dark hair. He can make very good grades when he tries, and he doesn't seem to care for the girls—Guess Who?

SOPHOMORE NEWS

(Personality)

Name: JoAnn Richerson.

Age: 15.

Color of eyes: Brown.

Color of hair: Brown.

Height: Five foot, six inches.

Weight: 132 pounds. (sack and all.)

Favorite subject: Algebra II.

Favorite teacher: Miss Mahaffey.

Favorite food: Boiled carrots.

Likes: New cars.

Dislikes: Being stood up on Saturday night.

Favorite song: "April Showers."

Ambition: A housewife — she hopes.

Imogene, you seem to be quiet busy over the weekends now.

Red, the boxes were supposed to be black with red ribbons.

How did you like the show Sunday night, Barbara?

Floy, did you get rolled in the snow Monday morning?

Doyle, were you scared Sunday evening?

Linnie, we saw Reydon in town over the weekend.

Lindon, did you have a good time Saturday night? Good view wasn't it?

C. R. you and your car really get around.

George, how is show business getting along?

Martha, was that show good you went to over the weekend?

Bobby, Linnie was worried to death about you while you were absent.

Ruby, we missed you when you were absent.

J. T. you and Jerry really look cute in that jeep.

Dorothy, who was that boy you went with Sunday night? Could it have been R. J.?

JoAnn, we like your yellow shirt.

Charlotte, where were you over the weekend?

Winnie, you saw that certain somebody over the weekend, because you were happy Monday morning.

EIGHTH GRADE NEWS

JoAnn, was the show really good last Thursday night?

Maurine, was that you that we saw Edgar and Eugene rolling in the snow?

Mary Bob, I think we also saw you getting rolled too.

Claudell, we're sorry you weren't in town.

Lenard where is Helen nowadays?

Bob, what were you laughing at last Friday, during Mrs. Teague's class? Could it have been Maurine?

It seems like the girls are smarter than the boys in math. It sure looked like it Friday. How much did we beat you boys?

Joe, you aren't as smart as you thought you were. Are you?

Does he really embarrass you, JoAnn?

We are surely glad six weeks tests are over and also the report cards.

Mr. Baker, are colds really bad? It looked like you had a bad one.

Ruby, have you seen him lately? We know a girl that hopes you see him often.

Lillian, you better be careful. Melvin you had better sure thank those boys that saved you from getting rolled in the snow.

The basketball girls are glad to say they have lost only two games this year. Thanks for the help Mr. Carrick.

Maurine and Claudell have some one to take up with them for Mobeete now. Melvin who did you run on to? Margaret, does Melvin ever bother you? Yes, we all know.

GUESS WHO?

He is over six feet tall, and weighs over 200 pounds, he has blue eyes, dark brown hair, and nearly bald headed. He thinks he is smart, and really makes the kids step. He doesn't even study at all, and we know that if he doesn't study some, he will fail. Guess Who?

A Quaker, while taking a walk along an English road, was costed by a tramp.

"Guv'nor," said the tramp, "This ain't the road to London is it?"

"Friend," quoted the Quaker, "first thou tellest a lie, and thou asketh a question. The road to London."

FAST SANITARY SERVICE

"QUICK-CLEAN" WASHING every time... with this GENERAL ELECTRIC WASHER

Ask any woman why she bought a General Electric Washer and she'll tell you that the BIG G-E gets clothes really clean!

Clothes aren't just washed around in this roomy wringer washer. The "three-zone" Activator rambles and loosens the clothes... forces soap suds into every piece of washing... and chases out the most stubborn dirt and soil. It washes clothes quickly and thoroughly—yet is gentle with the finest fabrics.

Come in and let us show you the only washer that has the G-E Activator, the One-Control Wringer, and a Permutative Mechanism (only four moving parts). It's built for long, dependable service... quiet operation... and it gets clothes clean, clean, clean!

GENERAL ELECTRIC Home Laundry Equipment

What Other Washer Gives You This, Too?
 Double ball-and-socket rollers... Permanently Oiled G-Emors
 Self-lifting drumboard... Full-length protective skin
 Self-cleaning tub... Quick-emptying pump

\$147.50

HOUSE WIRING

We invite you to give us a chance to figure your next house wiring job. We have the equipment and materials to do a complete and thorough job... a job that will stand the most rigid inspection.

RADIO SERVICE

Our radio repair shop is completely equipped with the very latest types of test equipment and our technicians are thoroughly experienced. We also have the parts your radio may be needing to put it in first class condition.

LEGAL NOTICE

OFFICE OF CITY ELECTION

STATE OF TEXAS
CITY OF WHEELER

Notice is hereby given that an election will be held at the usual place in the city of Wheeler County, Texas, on the 1st day of April, 1948, same being the first Tuesday in said month for the purpose of electing

A MAYOR, AND THREE ALDERMEN for said city.

W. B. Wofford has been appointed by act of the City Council to hold said election, and he shall select a clerk to assist in holding same, and said election shall be held in the manner prescribed for holding elections by general law.

Witness my hand, as Mayor of the City of Wheeler, this 1st day of March A. D. 1948.

R. H. FORRESTER,
Mayor of the City of Wheeler, 12-4tc

FIRES CAUSED BY WATER HEATERS ARE INCREASING

AUSTIN—"Fires caused by hot water heaters have been on the increase since the beginning of the fall months," reported Marvin Hall, State Fire Insurance Commissioner, in asking housewives to follow safety precautions in using them.

Hall said that 21 water heater fires during the three-month period from September through November, did damage totaling \$66,874.

"Heaters too close to walls and overheated plants have been the worst offenders," he disclosed.

Of prime importance is the proper installation of the heater, Commissioner Hall believes.

"Heaters should have adequate clearance from woodwork and other combustible material," he stressed.

"Woodwork subjected to prolonged heat becomes excessively dry and requires only a spark, or perhaps a little extra warmth, to ignite it. This is likely to happen on a zero night when the apparatus is under forced pressure."

Heaters should be rigidly supported, supplied with fixed plumbing and should have proper venting and piping connections.

Hot water heating pipes should be so insulated that they cannot come in contact with combustible material of any kind, for any steam pipe may in the course of time produce charcoal from wood with which it is in contact, and charcoal is subject to spontaneous ignition.

No steam pipe should be within one inch of any woodwork, and every pipe passing through combustible floors, ceilings or wooden lath and plaster partitions should be protected by a metal tube one inch larger than the pipe and be provided with a close fitting metal cap on each side of the floor or partition.

"These pipes should definitely not be used for drying purposes," the Commissioner warned.

Combustible material, such as paper, cloths, boxes, should not be placed on top of or allowed to collect underneath water heaters, Hall said.

Especially is the underneath dangerous as there is the additional hazard of the open flame in the bottom of the heater. The heater itself may become hot enough to ignite any combustible material that is left in contact with it.

A vent should be used over a hot water heater. Approved vent piping is made of non-combustible and non-corrodible material designed to prevent the development of dangerous temperatures on adjacent wood where run through wood partitions with a specific minimum one-inch clearance.

If a heater is not automatic, special precautions should be taken to see that the heater is turned off after the water has become hot. Should the heater be left on, the water would continue to heat to such an extent that after a short space of time pure steam would shoot out of hot or cold water faucets when turned on. Danger of explosion is exceedingly great.

"Should a water leak develop a plumber should be called at once," Hall advised. "The water is very likely to extinguish the flame in the heater allowing gas to escape. Again there is a danger of explosion, plus that of asphyxiation to the occupants of the house."

Water heaters are commonly sold bearing the label of the American Gas Association Laboratory, indicating that they have been tested and found to be reliable and safe.

Marine Gets High School Diploma

GRADUATION DAY. . . A smiling Marine corporal receives a diploma and congratulations from a Marine Corps officer upon completing his high school courses through study with the Marine Corps Institute.

SPECIALIST OFFERS TIME SAVING HINTS

Homemakers who spend fifteen or twenty minutes ironing each shirt can save time and energy by learning the "new way", says Florence Low, extension home management specialist for Texas A. and M. College. In a new publication "Ironing A Shirt" she explains how to iron a shirt in 5 minutes and turn it only 3 times.

Mrs. Low gives two suggestions in preparing to iron the shirt. The first is to use an ironing board 20 inches wide and a comfortable height. She says that sitting to iron saves much energy. The second preparation is to dampen and roll the shirt so it will be in a good position for ironing.

The rolled shirt is placed at the left end of the ironing board so the tail will fall over the side of the board and the yoke toward the person ironing. The right sleeve is ironed first and both hands are used to shift the iron over the surface. As the shirt is front side up on the board, the top of the collar and band are ironed next. The shirt is turned and the left sleeve, the back of the collar and band ironed.

The next step is to put the yoke in position to iron and with a one-fourth turn of the shirt is placed lengthwise of the board. The inside of the left side and back and yoke are ironed. The unironed left front is folded over the ironed back, smoothed and ironed. The buttonhole band is given an extra pressing on the wrong side.

The shirt is shifted slightly toward the back of the board and the inside of the right back ironed. Then the right front is ironed over the back and the bottom band pressed on the wrong side.

Folding is done without moving the shirt from the board so that the finished shirt is ready to be put away.

The bulletin is available in the home demonstration agent's office.

Society
"Cooking Vegetables" Is Club Demonstration

"Careless handling and preparation of vegetables can cause loss of the minerals and vitamins present", stated Mrs. Hastings in a demonstration on "Cooking of Vegetables", given to the Briscoe Home Demonstration Club, March 2. She also said that vegetables should be cooked in a small amount of water and in a covered kettle to prevent the loss of the vitamins and minerals, but all vegetables that are good raw should be eaten raw for maximum retention of these nutrients.

Those present were: Mesdames Lloyd Childress, K. Douthit, L. J. Helm, M. Levitt, Sy Mason, S. Price, Edd Riley, Clifton Walker, Roy Waters, Clarence Zybach, Miss Tamsey Riley, Mrs. Hastings and the hostess, Mrs. Oden Hudson.

Miss Tamsey Riley will be hostess to the club March 16, at her home.

VEGETABLES CAN BE STARTED NOW IN PLANT BOXES

A plant box is a handy thing to have around when it comes to starting tender plants such as tomatoes, lettuce, and peppers, says J. F. Rosborough, extension horticulturist of Texas A. and M. College. Eggplant, cabbage, cauliflower and Brussels sprouts may also be started in plant boxes. The boxes are easy to build. The plants are seeded in rich, well prepared soil, watered when they need it, and insects and diseases are easily controlled.

By using a plant box the small, tender plants have a chance to get started earlier in the spring, giving the gardener stronger plants and better stands. Plant boxes give the slow growing plants a chance to get a head start in their long growing season, and the "cool weather" plants have time to grow before the weather gets too hot and dry. And the fall garden can be started early in the plant box if it is kept in the shade.

Make the plant boxes of good lumber, and nail together well so the weight of the dirt does not cause the box to fall apart. Size of the box is up to the gardener, but don't build them too big. You will want to move them around frequently, and if they are big, they're heavy. Most people make them 18 inches wide, 30 inches long and 4 inches deep; or they can be 15 inches by 24 inches by 3 inches. Lumber can be 1 inch by 3 inches, 1 by 4 or 1 by 6; any of these are good. Leave a one-eighth to one-fourth inch space between the bottom boards so the box is easily drained.

To get the young seedlings into the ground after the last spring frost, plant the seeds in the box six to eight weeks before it is time to move them into the field or garden.

It is unnecessary to paint the box, but it will make the box last longer, and a red or blue color adds a bit of decoration. If the lumber is not handy, dishpans, washtubs, buckets, tin cans or paper cartons can be used, but not to such advantage as the wooden boxes.

These plant boxes are not for the large scale commercial growers, reminds Rosborough, but for the home garden, where only a few dozen plants of each kind are needed. If the home gardener wants to go on a little larger scale, and have vegetables to sell, a hot bed or a coldframe will be needed.

Jumping beans come from Mexico.

City To Install

(Continued from Page 1)
 There will be two more lights at the school house and additional lights installed at the corner of Canadian and 3rd street, 6th street, 7th street, and 8th street, and the corner of Shamrock and 3rd street, 6th street, 7th street, and 8th street. There will be an additional light placed at Main street and 9th.

The Mayor stated that these additional lights and the increase in light power of the street overhead lights now in service would cost the City an additional \$2,500 per month. He seemed to think the old ribbon lighting "has more been darkness rather than light" would not maintain its respect to Wheeler citizens. He stated that the Council felt that since the people desired the lights and since the people paid the bill, it was their duty to install them.

"This new contract gives Wheeler a total of thirty lights. This means that the city will be well provided with lights and that it seems to be a good beginning for a well lighted town."

We want to congratulate the City Council on this forward movement. The additional cost seems

RATS DESTROY \$500 MILLION

Rats eat or otherwise destroy about 200 million bushels of farm grain a year, valued at not less than \$500 million. In those days when grain supplies must be stretched to the limit to meet world wide needs, such a loss is unthinkable, says Gene Shaffer, County Agricultural Conservation Program chairman. A nation-wide campaign headed up by the Agricultural Extension Service and rodent control experts of the Fish and Wildlife Service is being undertaken as an important part of the national grain conservation program.

There are as many rats in the United States as people. But three-fourths of the rat population live in rural areas. So the anti-rat campaign is particularly directed toward enlisting the cooperation of farm folks.

Few farmers ever realize how many rats they are providing with free board. But here is an interesting rule-of-thumb formula for figuring how many rats there are on an average farm. If you never see rats but do see signs of rats and note damage, your farm probably has from one to 100 rats; if you see rats now and then at night, there are from 100 to 500; if you see lots of rats at night and several every day, you probably have from 1,000 to 5,000 rats.

Late fall, winter, and early spring are the best times of the year to kill rats, the experts point out. During this time, rats come in from outdoor nests and fields to seek the shelter and warmth of farm buildings and to live on the farmer's food and food supplies. Therefore, the rats can be reached more easily with poisons and other extermination methods.

The chairman explains that rat poisons must include: (1) killing toxin, (2) cloaking or premises, (3) poisoning them, and (4) waterproofing buildings.

Pellagra Caused By A Lack Of Certain Foods

Pellagra, although not a communicable disease, is one of great concern to public health officials in Texas and other southern states. The disease is caused by the lack of certain essential foods, and as it comes on slowly, it may not be recognized until the victim begins to have the more serious symptoms such as sore mouth, stomach trouble, and reddening and scaling of the skin.

"When these symptoms appear, the disease has been present for some time," states Dr. Geo. W. Cox, State Health Officer. "The longer an individual has pellagra the harder it is to cure. It is advisable, therefore, to watch for the early symptoms such as nervousness, indigestion, and burning of the hands and feet, and if these symptoms appear, treatment should be instituted at once. In its advanced stages pellagra may become so severe as to not only cause physical suffering but seriously affect the mind."

Pellagra is not contagious and it can be prevented entirely by including the right kinds of foods in the daily diet. These essential foods are milk, fresh meat, whole wheat products, brewer's yeast, and salmon, as well as tomatoes and other fresh fruits and vegetables including these foods in the daily diet will prevent pellagra, and as in the case of any disease, it is much better to prevent it than to cure it.

The best way to remove scorch stains from cloth is to rub spots as soon as they are made with dilute peroxide. For linens, use a piece of cut onion.

Texas farm pastures and ranch land extend over a 120 million acres of deserts, mountains, basins, prairies, plains, plateaus and eastern timber ranges.

In 1841 the Brook Farm experiment was a socialistic community founded at West Roxbury, Mass.

The distinguishing feature of Gothic architecture is the pointed arch.

Use Your CREDIT

But Keep It Good!

Your Credit Is Your Best Asset, But Only So Long As You Keep Your Record Clear

Our rapidly-growing credit association, furnishing credit references, aiding in collecting bad debts, and other related work, is being given much support by merchants and individuals alike.

But our work has shown us that many people are inclined to "live on the edge" and many individuals and some business firms, tend to "put off" debts and merely to forget them.

A man who is a parasite, in a financial way, is no good to himself or his neighbors. It is our business to search out these individuals, so that they will not have time to ruin their fellow man.

When a merchant gives you credit, he is, in a way, loaning you money. He charges you no interest, and expects to be paid regularly. When you, as a debtor, fail to pay on time, that merchant finds himself with merchandise to pay for, and no money to pay for it with.

Most merchants operate on a small profit margin only, in order to increase their volume, and pass their savings on to you. When you buy something on credit, you should not only expect to pay regularly, but to go ahead and make those payments. Merchants, you must realize, are only individuals who have large investments in order to sell you what you need and want.

We feel that it is not only our obligation as a credit association to point out the credit risks, but to educate the slow-payers to the fact that what they buy on credit, they are merely getting a loan. Think it over.

Merchants of Wheeler, Mobeetie and Briscoe who are members of our association are as follows:

- WHEELER:**
 - Cleora Smith Lumber Co.
 - Griffin Brothers
 - Nast Appliance & Supply Co.
 - Edw Farmer's Service Station
 - Wheeler County Produce Association
 - Owen's Service Station
- LEFORS:**
