PROCLAMATION BY THE GOVERNOR OF THE STATE OF TEXAS

TO ALL TO WHOM THESE PRESENTS SHALL COME:

WHEREAS, on November 10, 1775, a Corps of Marines was created by a resolution of the Continental Congress, and on November 10, 1947, the United States Marine Corps will observe the 172nd Anniversary of its founding; and,

WHEREAS, thousands of sons from our State have served their country and their Corps with high honor and distinction, and thousands still serve to maintain the peace; and,

WHEREAS, the record of the Marine Corps is one which will bear comparison with that of the most famous military organizations in world history, and whose name and traditions have come to signify all that is highest in military efficiency and soldierly virtue; and,

WHEREAS, it is appropriate that our citizens commemorate this occasion by a special expression of our appreciation of the contributions of this valiant Corps whose traditions are deeply entrenched in the soil of America, and pay honor and tribute to the valiant men of this State and Nation who so heroically served their country, and those who still serve;

NOW, THEREFORE, I, Beauford Jester, Governor of the State of Texas, proclaim the week of November 9-15, 1947, as

MARINE CORPS WEEK

in Texas, and urge that the people of Texas observe this anniversary in public recognition of the sacrifices and of the meritorious services rendered to our country by an organization as old as the Nation, the United States Marine Corps. It is further urged that in recognition of this anniversary, the Flag of the United States be prominently displayed on November 10.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of the State to be affixed hereto at Austin, Texas, this 28th day of October, A. D., 1947.

Beauford Jester
Governor of Texas

TWITTY GIRL, 13 RECEIVES FATAL BURNS FRIDAY

The tragic death at 4 o'clock last Friday afternoon of Bonnie Lee Braxton, 13-year-old daughter of Mr. and Mrs. G. L. Braxton of Twitty, grieved countless friends of that family throughout a wide area.

Bonnie Lee's death resulted from burns suffered at 11 o'clock that morning when fire of unknown origin destroyed her father's car. Mr. Braxton and his daughter had driven to his cotton field just north of Twitty. Leaving Bonnie Lee in the car, he had walked a short distance away and was conversing with some of his cotton pickers when he noticed that the machine was engulfed in flames.

Rushing back to the automobile, he lifted his daughter out of the then raging blazes. She was rushed to the Shamrock General Hospital in one of the field hand's cars where she died five hours later.

Bonnie Lee was born at Twitty on April 29, 1934 and resided in that community all of her life.

Services were conducted at 3 o'clock Sunday afternoon at the Twitty Baptist Church with the pastor, Rev. A. C. Lyons, in charge assisted by Rev. J. F. Scott and Rev. Edward C. Dera. Duward Price directed the song service.

Pall bearers were members of the junior department of the Twitty Baptist Church of which Bonnie Lee was a regular attendant. They were: Duane Higdon, J. R. Stansell, Carrol Lackey, Allen Lackey, Morris Shaffer and Charles Ambler. Members of her Sunday School. (Continued on Last Page)

Wheeler C Of C Selects Boys To Receive First Calves In Dairy Circle

Seven of the calves for the Wheeler Chamber of Commerce Dairy Calf Circle have been purchased and brought to Wheeler and the lads who will raise them to maturity have been selected by the Chamber of Commerce Committee.

Richard Gaines, Charlie Blevans and Doyle Waters all members of the Wheeler chapter of the Future Farmers of America will receive one heifer each, Bob Weatherly, Wheeler 4-H club boy and Donal Ray Whiteley, Charles Ambler and Kenneth Richardson all members of the Kelton 4-H club will receive the other four registered Jersey heifers.

The heifer calves were selected from high class dairy herds near Stephenville, Texas by county agent Wayne K. Frey who made a trip down there and transported them back to Wheeler last week.

The lads to receive the heifers were selected from a long list of applicants who wrote essays and stood written examinations on subjects related to the caring for dairy calves, by the Wheeler Chamber of Commerce Agricultural Committee which is composed of Vernon Brown, Dr. C. C. Merritt, Thomas Daughtry, James Clepper and W. K. Frey. Facilities for taking care of the calves also were considered in the selection of the lads to receive and raise the calves.

The calves have been properly vaccinated according to county agent Frey and will be turned over to the lads today (Thursday).

Mrs. Josephine Johnson of McLean, mother of Jud Johnson and Jewell Kite of Wheeler and Cleveland Johnson of Briscoe, died at 11 o'clock Tuesday night at the home of her son, Calvin, in Shamrock. She was 80 years old.

MRS. JOHNSON DIES TUESDAY

Funeral services are to be conducted at 2:30 o'clock this afternoon (Thursday) from the First Baptist Church in McLean with Rev. Ray Stephens, pastor, in charge, assisted by Rev. Steve Greenwood of Alanreed.

Interment will be in the McLean Cemetery with Womack Funeral Home in charge.

Mrs. Johnson was born July 15, 1867. She had resided in McLean for 40 years. She became confined to her bed last December and had been in the home of her son in Shamrock for the past three months.

Her husband, David E. Johnson, preceded her in death.

Survivors are six sons and three daughters: Calvin E. Johnson, Shamrock; Luther Johnson, Kellerville; Cleveland J. Johnson, Briscoe; Spurgeon Johnson, Amarillo; J. D. Johnson, Wheeler; George Johnson, Arnett, Okla.; Mrs. Hattie Andrews, Mt. Pleasant; Mrs. Jewell Kite, Wheeler; and Mrs. Adelee Doughtry, Briscoe.

Also surviving are 24 grandchildren and 20 great-grandchildren.

Mrs. Johnson was a long-time member of the First Baptist Church of McLean.

Sermon Topic For Sun. Announced By Litton

No organization has a right to existence which does not exist for the good of the people. "The Program of the Church of Christ" is to be the subject of the Sunday morning sermon at the Church of Christ. The purpose of this sermon is to set forth the intentions and practices of this church. The public is welcomed to hear this sermon and worship at the Church of Christ regularly. The evening services are now being held at 7:30 o'clock.

Tilley's Variety Will Hold Big Sales Event

Joe Tilley, owner of Tilley's Variety, is announcing the opening of a two-weeks sales event at his store beginning Saturday, November 1, in a large advertisement on another page of this week's Times.

Tilley is offering many special prices on items in the variety and dry goods line and is urging people to purchase Christmas Gifts now on a special Lay-A-Way Plan.

PIONEER LADY PASSES AWAY

Miss Lucy Lavina Riley, 84-year old pioneer resident of Wheeler County, passed away at her home 7 miles north of Wheeler this morning (Thursday) at 3:40 o'clock. Miss Riley had lived in the vicinity of Wheeler for the past 35 years.

Funeral services will be held at the home north of Wheeler today (Thursday) afternoon at 5:00 o'clock with B. M. Litton, minister of the Church of Christ, officiating. Miss Riley had been a member of the Church of Christ since childhood.

The body will be taken overland in a Hunt Funeral Home Ambulance to Megargel, Texas Friday morning where a graveside service will be held at 3:00 p. m. with B. M. Litton again in charge.

Interment will be in the Megargel cemetery with Hunt Funeral Home in charge.

Miss Riley is survived by four sisters, Mrs. I. H. Hampton of Megargel, Mrs. W. H. Hall of Westover, Jennie Riley of Amarillo, and Tamsey Riley of Wheeler. Two brothers, Perry Riley of Wheeler and E. M. Riley of Fort Worth. Two brothers and one sister preceded Miss Riley in death. Miss Riley is also survived by thirty-three nieces and nephews.

Pall bearers will be nephews of Miss Riley.

Mobeetie Lions Club Will Present Negro Minstrel November 7

Members of the Mobeetie Lions Club are putting on a Negro Minstrel at the Mobeetie gymnasium Friday night, November 7. The show will start promptly at 7:30 p. m. Rev. R. L. Cooksey, director, stated this week.

In addition to the blackface comedy which the Lions will present there will be music by Henry Johnson and Bill Bailey, they perform on the piano and guitar.

Rev. Cooksey and his staff which include: Boss Lion, Aubrey Ruff, Charles Mixon, Denzil Leonard, A. G. Caldwell, Artur Carmichael, Jack Miller, Aubrey Lee Leonard, Allen Leonard, Frank Worthington, Judge Holliday and Ed Brown, have been putting in long hours rehearsing their parts for the last couple of weeks.

Every one is invited to come out for an evening of hilarity Friday night November 7.

ANOTHER SUCCESS STORY:

Accomplishments Of Davis Home Demo Lady Noted

By Mrs. Emma M. Hastings
Mrs. Luther Bullock of the Davis Community in the south-east part of Wheeler County, is a good home demonstration club worker. Although not enrolled as a demonstrator this present year, Mrs. Bullock has shown to her club members, neighbors, and family what can be done in various phases of home improvements. Since her family is grown, leaving only herself and husband at home most of the time, she cans in pint now. Mrs. Bullock says although she has been canning for years that this summer she learned from the extension agent an improved and shorter method for doing it and produced the best tasting canned food of her life. She canned 142 pts. fruit, 219 pts. vegetables, 60 pts. pickles, 17 pts. meat. She raised 209 chickens this year.

Mrs. Bullock keeps her personal clothing accounts each year. This past year she only spent \$57.26 for clothing.

Mrs. Bullock is proud of the improvements made in her home this year. She papered the living room and kitchen, painted the kitchen woodwork and three pieces of furniture. She added new curtains in the bedroom and kitchen, bought a bedroom suite, living room suite, refrigerator, two rugs and an innerspring mattress. Making use of something learned in club work some years ago, she made over a mattress.

Mrs. Bullock has been a help to 14 non-club members by passing on recipes or advice on home problems this year.

In addition, this industrious little lady does her overalls and helps Mr. Bullock raise 1000 acres of wheat. One year the two of them put it all in by themselves.

MUSTANGS MEET GORILLAS FRI.

The Wheeler Mustangs will play their first non-conference contest of the grid season Friday night when they meet the Pampa Gorillas on the local gridiron. Friday night's contest will begin promptly at 8:00 o'clock.

The Pampa Grillas are made up of high school freshmen and are coached by John Bond who was a star back at McLean a few years back.

The Mustangs and the Gorillas should be fairly well matched in Friday night's contest even though the Pampa outfit will have Coach Grady Baker's crew badly outmanned.

Probable starting lineup for the Mustangs will be E. Hubbard and Colliers at ends, Goad and McCormick at tackles, Waters and Haricastle at guards, Bradford at center and C. Robertson, Lowrie, B. Robertson and G. Hubbard in the backfield.

CLARENDON GAME
Crippled up like they were and with only four substitutes on the bench, Wheeler's Mustangs played a good game against the Clarendon Bronchos last Friday night even though they came out on the short end of a 20 to 0 score.

Gene Hubbard and Corky Robertson were the outstanding offensive stars of the contest while Doyle Waters and Gene Hubbard stood out on the defense. Edgar Hubbard, playing his first full contest in the absence of center Duane Bradford, played a good game both on the offense and defense.

Jenson Grill Bought By R. R. McCleskey

R. R. (Mac) McCleskey announced the purchase this week of the Jenson Grill from Mr. and Mrs. Cecil Denson.

Mr. McCleskey states that he has had many years experience as chef and he will act in that capacity in his new venture here.

Some of the more noted places in which McCleskey has been chef include: Remington Arms Cafeteria in Denver, Colo., Geneva Commissary in Provo, Utah, and the Phil-Goodrich Cafeteria in Denver.

The McCleskeys have moved into Wheeler and invite the general public to come around and get acquainted with them.

Mrs. G. L. Reid returned home Friday from Clovis, N. M., where she has been visiting with Mr. and Mrs. T. W. Reid and children.

DUCK SEASON OPENS TUESDAY

Hunters in the vicinity of Wheeler are polishing up their shooting irons and getting ready for the duck season which opens Tuesday, November 4 and stays open until Monday, November 17 for which time it is closed until December 16. The second period of open season on duck, goose, brant and coot is open from December 16 to December 29.

Justice of the Peace A. C. Wood pointed out to hunters in this vicinity that the bag limits and regulations on waterfowl are as follows:

Bag limit on ducks (except American and Red Breasted Mergansers)—4 including 1 wood duck; possession—8, including not more than 1 wood duck, American and Red Breasted Mergansers—25; possession—no limit. Geese—4, including 1 Canadian goose or 1 White Fronted; possession same as bag limit.

Judge Wood also pointed out the fact that all migratory fowls are under federal law and the fines for violation is rather high and that hunters are required to have a Duck Stamp.

Judge Wood also stated Quail season this winter runs from December 1, 1947 to January 16, 1948.

1,769 BALES COTTON GINNED

Wheeler County's cotton crop is opening rapidly, more hands are drifting in from south and east Texas and gins are running at near capacity clip.

According to a survey made by The Times Thursday morning, the two gins in Wheeler had handled 470 bales of the new crop. As of last week, the gins at Shamrock and Twitty had handled 1,299 bales while no report was available from the gin at Briscoe.

A tabulation made by the Department of Commerce, Bureau of the Census, Washington, D. C., shows that 287 bales of cotton had been ginned in the county prior to October 1, as compared with 150 bales ginned up to that date in 1946.

Ginners report that most of the cotton is grading strict middling spotted, 3/8 inch staple. Farmers are getting good turnouts and are harvesting much more per acre than they had anticipated.

With the cotton selling for 30c to 31c per pound and the seed bringing about \$100.00 per ton, each bale is bringing the producer approximately \$200.00 per bale.

MARRIAGE AND WORK
A humorist remarks that the girl still keeps going into business and industrial jobs, in spite of the danger that they may get married to someone whom they meet in these employments. In spite of such cracks, a marriage with someone whom one meets in the course of one's work, seems to have as good a chance as a marriage with someone met at social affairs.

At the social occasions people display their best manners and some of them make a better appearance than they will in ordinary life. When they are working, they show up for just about what they really are. If they have bad tempers or undesirable habits, these are likely to appear, and people would show caution about marrying them. If people seem so attractive that their friends fall in love with them while they are plagued by the annoyances and troubles of work, the chances are excellent that they will be good folks to tie up to.

Drive Started To Raise Funds For Second Unit Big Museum At Canyon

Canyon—All directors of the Panhandle-Plains Historical Society have been mailed a new bulletin by Boone McClure, director of the Museum. The bulletin was written by H. C. Pipkin, Amarillo, chairman of the building committee, which sponsors the campaign for \$50,000 in order to complete the second unit of the museum.

According to information received by Dr. L. F. Sheffy, secretary of the Historical Society, the campaign for funds will get underway in all of the 26 counties of the Panhandle at once. It is hoped that funds will be raised rapidly, and that the bulk of the money will be in by December 1.

The campaign will be open to every citizen of Wheeler County. While many citizens have made contributions in the past, this drive is for additional money in order that the second unit of the building may be completed. A. B. Crump is a member of the Board of Directors and will receive contributions in Wheeler.

When the second unit of the museum is ready for use, it will mark the completion of a project that was begun in 1932, when the museum was first erected. This unit of the museum is enclosed but no work has been done to complete the finishing on the inside. Plastering, floors, installation of lights and heat are needed to complete the unit. While a few articles have been placed on the first floor, pending the completion of construction, the second floor cannot be used for lack of stairway.

During the summer months attendance soared to an all time high, with 5,113 persons visiting in July and 6,336 in August. This

FARM FACTS WORTH KNOWING

Q. Is it possible to raise ducks that will weigh 5 to 6 lbs. at 10 weeks of age? How much feed will they require?

A. Many commercial plants are raising ducks that reach 6 lbs. in approximately 9 weeks. To reach this rapid growth, the ducks are fed special duck rations, and each duck will require approximately 22 lbs. of feed.

Q. What is the best treatment for ringworm or "Barn Itch"?

A. Ringworm responds readily to proper treatment. Any one of the following may be used and should be applied to the affected parts daily until cleared up.

1. Sulphur ointment.
2. A saturate solution of salicylic acid in alcohol.
3. Whitfield's Ointment, which consists of salicylic acid 1 gram, benzoic acid 2 grams and petrolatum or lanolin 30 grams.

Q. How important is the pasture as part of a profitable hog program?

A. According to the Research Farm of the Ralston Purina Company, pastures are important because they save feed and help keep the hog herd healthy. This Farm has found pastures for hogs very valuable when properly developed and used.

Q. How should snuffles in rabbits be treated?

A. Some rabbit raisers use nose drops and vaccines, but in general the use of these has been disappointing. If you identify the disease soon enough, it may help to give each infected rabbit 1/2 grain of sulfathiazole plus 1/2 grain of baking soda per pound of live weight. Give this dose once a day for 5 days. You can probably get sulfathiazole from your local veterinarian. Even when rabbits do recover from snuffles, however, it is a good idea to dispose of them and start with clean breeding stock. Rabbits that recover are likely to be carriers and may be a constant source of infection to other rabbits.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

THANKS TO EVERYONE FOR THEIR CARNIVAL SUPPORT

Through our school news, the students and teachers wish to express their thanks to all who helped to make our carnival a success. Without the help of the parents, we could not have conducted the carnival, and without your patronage, we could not have made the money that we did. The total receipts amounted to \$704 out of which approximately \$100 for expense is yet to be paid.

The students and teachers realize that they are to be the ones who will receive the benefit from this money by its being used for needed school equipment, so we wish to express our sincere thanks to everyone who helped in any way in the carnival.

SENIOR NEWS

The senior class had their pictures made Monday, October 20, and everyone is expecting good results. We are expecting to receive our proofs soon. We also, met Friday, October 24, and measured for our caps and gowns.

The senior class is sorry to have Imogene Temple moving away. This leaves only 10 boys and 9 girls.

Each class met October 23 and selected their class favorites. They are as follows:

Seniors—Betty Patton and Hugh Jeffus.
 Juniors—Lou Beck and Walden Haynes.

Sophomores—Patsy McCauley and Dale Haynes.
 Freshman—Betty Jo McCray and Harold Gatlin.

Eighth Grade—Patricia Trimble and Joe Brown.
 Answer to last weeks Guess Who? NANCY WARE.

GUESS WHO?

She has freckles and is not very tall and not too short. Her hair has a reddish tint and she has hazel eyes. Her favorite sport is basketball. She is quite a girl to those who know her.

EIGHTH GRADE NEWS

Our class elected our favorites who were Patricia Trimble and Joe Brown. We sure are proud of them. We had a visitor Friday who was Barbara Colwell, who recently went to school here.

FRESHMAN NEWS

Thursday morning we met and elected our class favorites. They were Betty Jo McCray and Harold Gatlin.

We had our initiation three days last week. It seemed strange to dress Thursday morning without looking at a list.

FOOTBALL NEWS

The Mobeetie Hornets defeated the Higgins Coyotes for their third victory. The score was 31-8.

It was a perfect day for passing and both teams completed most of their passes. Reed completed two long passes to Burke, one for a touchdown and the other for almost forty yards.

Neither team scored during the first quarter because Mobeetie was baffled by one of Higgins' shift plays.

Mobeetie plays Follett at Follett Friday and we're all hoping they will win.

BASKETBALL NEWS

The girls were defeated Thursday night by the Briscoe Broncoes 25-12.

The line up was: forwards, Beverly Caldwell, Sidney Lancaster, Lou Beck, Guards, Evelyn Robinson, Bonnie Prock, and Mary Louise Matthews.

THEY PLAYED THEIR FIRST AWAY

from home game Friday night at Kelton and was defeated by two points. The scores being 23-21. The starting line up for the game was: Forwards, Sidney Lancaster, Virginia Henderson, and Lou Beck. Guards, Beverly Caldwell, Bonnie Prock, and Mary Louise Matthews.

GOSSIP

Doris, we didn't all get to see him at the carnival.

Sidney has a bruised lip this week. Wonder where she got it?

The King and Queen really looked cute together at the Cornation. Mary Louise, Bill is getting to be pretty steady on Saturday nights isn't he?

Hugh, we think your girl friend is really cute.

Lou, this is getting to be a habit, going without your shoes. I guess everybody heard that we won the football game.

Girls, it didn't make the boys feel so well with such a few yelling for them Friday. Just wait until you want to go on the next trip.

Patsy M. were you really scared?

HIGH SCHOOL HONOR ROLL DUE NEXT WEEK

Just in case some of the students have forgotten that honor roll lists usually follow report cards, some of the teachers have reminded us that we must return our report cards before the list can be prepared. We have a Citizenship grade on our report cards, which is to be counted. If we have all A's but have a C or lower in Citizenship, we won't get on the honor roll. So, it looks as if we are going to have to be good in every way if we make the honor roll. Watch for the list of smarter, better-behaved students next week.

ANNOUNCING...

Change In Ownership

of

DENSON GRILL

I take pleasure in announcing the purchase of the DENSON GRILL from Mr. and Mrs. Cecil Denson and take this opportunity to invite the continued patronage of old customers and invite anyone who has not already been eating with the Denson Grill to come in and try our food.

To those of you who do not already know me and my family, I invite you to come around and get acquainted with us.

In order that you may know what kind of chef is cooking the food which will be served over our counter, I wish to point out a few of the large places where I have been chef. They are Remington Arms Cafeteria in Denver, Colo., Geneva Commissary in Provo, Utah and the Phil-Goodrich Cafeteria in Borger.

I will continue to serve the very finest food money can buy and will assure you that it is prepared in the cleanest, most sanitary manner possible. The price of our food will be reasonable at all times.

SENIOR NEWS

After choosing our carnival queen, La Verne Watts, she up and married, and now we have to choose another one.
 James, if you are passing "those" out, why don't you pick on someone besides Ruby? You might make her blush.
 Well, it looks like another senior girl lost her head and jumped the broom stick. Good luck, anyway, La Verne and Wayne.
 VaNeta just can't sell her old jalopy even for \$100.
 Lois, was your mother's fears really bad? You shouldn't worry her like that.
 Dolores is deep in paint, soap, and water. Maybe she will get it cleaned up some of these days.
 Jody didn't go home Sunday night, and kinda had us worried until we found she stayed with Iris. We were afraid she had lost her head too.
 You got quite a surprise when you got off the bus Friday night after getting back from Clarendon, didn't you Ruby? Could it have been that Cecil was waiting for you?
 We finally decided on another Carnival Queen, and we think that Yvonne Clark will make as good a one as any of them.
 The seniors are going to help the P-T A. and try to make a "House of Horrors" that will scare some of these so called "brave" people around here.

JUNIOR NEWS

This is the boys favorite of the junior class:
 Hair and eyes like: Pat Williams.
 Lips like: Frances Porter.
 Personality like: Billie V. Brown.
 Charm like: Marie Edwards.
 Smile like: Doris Ragan.
 Intelligence like: Peggy Rodgers.
 Teeth like: Yvonne Sue Carter.
 Figure like: Pat Noah.
 Sports ability like: Melba May.
 Cute like: Margaret Holt.
 The juniors picked a swell Carnival Queen, Marie Edwards.
 Who does the gipping about no news being in?
 Where did Richard McWhorter and Johnny Weeks go Saturday night?
 The boys are always the meanest on Halloween night. Show it

in the game Friday night Mustangs.
 Answer these if you think you are smart!
 Who is it?
 1. A short chunky guy with a risen on his chin. Laughs a lot and has many friends?
 2. A wise sort of a fellow who plays in the line. His hair is brown and yellow and he is beautiful sometimes.
 3. A boy who limps and acts like he is lame, if you understand facts you can guess his name.
 4. This girl is pretty and plays basketball, she is engaged and rather tall.

SOPHOMORE NEWS

C. R., why were you so happy Sunday night?
 Dorothy, did you enjoy the family reunion you went to Sunday?
 Imogene, where were you Saturday night?
 Charlotte, did you find him Saturday night?
 Lennie, you were seen in town Saturday and Sunday nights.
 Ruby, we missed you while you were out of school.
 Doyle, why were you so dressed up Sunday night? Did you go to church?
 Jerry, Charlie, Jack, and DeWane and Loyde sure do study hard now. Wonder why?
 Jerry, take those taps off your shoes, now we can't tell whether it is you or Johnny Weeks.
 Corky, I heard someone was looking for you Saturday night. Who could it be?
 Winnie, you were seen in Shamrock Sunday night. Why don't you try staying home once in a while?
 JoAnn, didn't we see you talking to a boy from Shamrock Sunday night?
 J. T. and Garland should be good basketball players, they practice enough.
 Floy, you shouldn't be throwing cow bells around, and more especially at good-looking boys.
 Annie, you had better be quiet in assembly, cause you know what Mr. Carrick said.
 Martha seemed happy Monday morning. Wonder why?

FRESHMAN NEWS

So Mr. Williams showed James Scott how a woman gets ready for bed. Pretty good job, No?
 Dick, you sure acted your age in the play, Monday.
 Le Wayne, what have you been doing the last two weeks? Curtiss surely did miss you.
 Some one has sure been making eyes at James Scott. Could it be Maurine?
 Gene surely is doing good in science since he sits by Leola.
 Juanita and Georgia are sure sad since James Scott is sitting in the corner.
 Dick, did you want your name put in the paper? Well here it is, "Raymond".
 I wonder why Bonnie Ray looks so sad during Algebra, could it be because M. L. isn't sitting by

hard to see part of them sitting on the sidelines and watching the game instead of playing. All the boys did good and more especially the back field. The line held them back pretty good and Gene, Rob-

ert, Corky, Eugene, Edgar that were in the backfield did some good running. These boys are giving it all they've got so keep backing them up, and I'm sure that will help them even more.

We wish to thank Mrs. Robinson and Mrs. Hastings for the magazines they donated to the library. I'm sure they will be appreciated very much by the school kids.

SCHOOL SPIRIT

(By Students)

No one boy or girl, no one teacher, subject, or activity, can make up a school. It is our combined interest and united effort that determines what kind of school we shall have. One of the most important concerns of our school life is our attitude toward the school activities. This is our school, our parents have worked hard to give us a place for wholesome education and recreation, every person enrolled has a special job to do. There are too many that do not realize this. Some of us have the idea that by coming up here and struggling through our classes maybe failing, maybe that we have completed our obligations.

We are very lucky in having a wonderful group of teachers. They are all well trained and are up to help us. They would all like to be our friends if we would just let them. No teacher is going to go all the way; we must cooperate fully and let our attitude and effort be important at all times. We should not expect to get any real enjoyment from our school life unless we really make an effort to put something into it. They have given us a chance to make good; whether or not we take this chance is entirely up to us.

We all have an equal chance to work and play. But the two should not be mixed. On Monday mornings we are given a chance to sing, laugh, and enjoy ourselves. We have a good song leader but we do not cooperate. The same thing applies to our games. We should back our teams with all our hearts, whether they win, lose, or draw. They are our team, and we should never let them down. It is real loyalty when we will stick by them through thick and thin, no matter how tough the going gets.

Some of us try to excuse ourselves by saying we don't have time to bother with school activities, making friends with teachers, or having anything to do with anyone. What if our teachers and friends took that attitude? If we are given a special job to do, we should stop at nothing to get it done. We can't all be leaders; but far superior are those who can take instructions as well as give them.

Instead of griping because we have to go to school, we should all thank our lucky stars that we have an opportunity to really develop ourselves physically, mentally, and socially. This school is what we make it. We are the ones who will benefit by it. Let's all pitch in and give our school our very best in every way.

Stop Soil Erosion the Whirlwind Way

• Are soil erosion and loss of moisture cutting into the fertility and productive capacity of your farm?
 There's no better way to put a stop to this damage than by using a Servis Whirlwind Terracer—the modern, economical machine for building terraces and drainage ditches.
 Soil is thrown accurately as far as 20 feet with this powerful dirt-mover, at a height of 2 to 5 feet. And talk about speed . . . the Whirlwind puts up a mile of 24-in. by 24-ft. terrace in 10 hours!
 Pull it with any farm tractor of sufficient power, in any type of soil, at regular plowing speeds. Available in two sizes. See us about the Whirlwind now.
 (Left) Closeup of Whirlwind Terracer. A modified moldboard plow, from the famous McCormick Deering line, raises soil to the rotor running at speed of from 500 to 1000 RPM.

COTTON ED says.....

Foldin Money Don't have to be Printed In Your Barn 'Fore It'll Buy Grub

Told ye last time I wuz a goin' to fetch ye a few facts I learned bout cotton classin'. Everybody agrees thet hog-round cotton buyin' taint fair an equal. If'n your cotton is better'n mine ye ort to git more fer it than I do. Course ye want to know its classed right . . . an like I said . . . I been lookin into thet.

Found out thet classin' is done by gov'mint men thet's fair an honest an our gov'mint guarantees each feller his correct class . . . an thet's good nough fer me. Found out the ginner puts up a thousand dollar bond a guaranteein' your cotton is sampled right . . . an its your own grade your a gittin' back. This year fer the first time the gov'mint is makin, a difference in light an heavy spots, an bright an dull cotton . . . an thet makes this gov'mint classin plum perfect fer us farmers.

If'n one of them classin offices wuz right here the samples would be took into it by a gov'mint feller an us farmers'd never see the classer ner him see us. The idea is they class the cotton an not the man . . . Don't make no difference how goodlookin you air, ner how good a talker you air . . . It's the value of the cotton they look at . . . Used to wish they had one here . . . 'fore I found out regardless of what they air, it's all classed the same anyway. But thet's plum O.K. It's like foldin money . . . The gov'mint don't have to print it in our barn fer us to know it's buy grub. Sides thet . . . the gov'mint is a footin the bill fer this an it's all free to us an they jee won't set up a lot a them offices they don't need.

Yet sir . . . Us farmers shore ort to appreciate this gov'mint classin . . . it helps us to help ourselves.

Sincerely,
COTTON ED

(Too Late For Last Week)

SENIOR NEWS
The class met for a meeting and elected Faye as our candidate for the Halloween Carnival Queen. We think she is a pretty good one and we want everyone to vote for her and we hope that we will get her made queen too.

Everyone seems a little on the sour side this week as we received our report cards and most of the kids did not do so good on the first six weeks of school. However, we still have a scholar and maybe two or three of them. If you don't believe that, you should see Bobby and Bill's report card and then you will agree with us. We were all under the impression that Bobby was making too many trips down south to make such good grades.

If you are wondering why Laverne has looked so dignified for the past few days, well it's because she has new glasses and wants to look studious.

JUNIOR NEWS AND NONSENSE

Gloria seemed very proud of her 98 in World History. Who wouldn't, and you should see the other grades.

We are planning for the Halloween Carnival and by the way, we need some votes for the queen and we want to see all these stubborn headed boys vote for our queen.

C. E. Sure seems to enjoy typing class in the morning. Wonder if it's because he is the only boy in the class. Don't blush C. E., we don't blame you.
If you want to know why Betty was so sleepy this week and didn't want to have classes you will have to ask a certain junior boy, he might give you a little information.

NATIONAL PRESS BUILDING

Leading fall colors are the rich dark shades. So bear in mind that there are outgoded numbers in your wardrobe that can be dyed color right with all purpose dyes and restyled to serve you this Fall.

They say there's a new light which automatically goes on when you get out of bed and goes out when you climb back in. That's some gadget, isn't it?

When using irons with temperature gauges, sort ironing by fabrics and start with low for rayons, then proceed to woollens, cottons and linens.

It's all in the way you do it -- so remember to let your vitaminized margarine soften to room temperature before beginning to mix in the color wafer. Then in no time at all you'll have a bowl of pure gold (at least that's the way we feel when we compare it with today's butter prices).

During these days of high meat prices the Agriculture Department recommends that we eat plenty of fried chicken Southern style or as it's delicious any way when fried in vitaminized margarine.

Fiji Island look has gone out of hair styles and new coiffures are being worn very close to the head.

When cauliflower makes your menu look anemic grate a little carrot over the top just before serving for a dash of color interest.

FRESHMAN NEWS

The freshmen have been rather busy this past week taking six weeks tests. By the way, this is our favorite pastime so we don't mind.

We had a class meeting Friday and elected Helen Newman as our candidate. Helen is fourteen years old, brown hair and blue eyes. She

is very capable of getting a lot of votes if we will just work a little and campaign for her just a little. We are very glad the boys decided that they wanted her for queen.

We are planning an assembly program soon, in which we are going to give a play by the name of "Not Quite Perfect". We hope that our mothers and sponsors will be on hand because this is going to be a good play and we have worked on it real hard. Thanks to Mrs. Adams for her help on it.

We were all very glad to get word that our school mate, Betty Temple is improving. She is in the Plainview hospital and we hope she will be able to come home pretty soon.

SLUMBER PARTY ENJOYED

A group of girls enjoyed very much the slumber party was given in her home by Laverne Finsterwald last Wednesday night. The girls enjoyed games after a wonderful supper served by Mrs. Finsterwald. The girls got to bed about 12, and we are not saying what time they got to sleep. As a result they missed the bus next morning.

Those attending were: Juanita Clepper, Faye Francis, Jeanne Lee, Iris Clepper, Betty Jo Standlee, Mozelle Wilson and the hostess, Laverne.

SEEN AND HEARD

Engagement rings are getting popular around here. Wonder who will be next?

Bill's hobby is pushing girl's cars that won't start. You should have seen him Sunday.

Mozelle and Faye with skinned knees and arms. This couldn't be the result of the slumber party could it girls?

Elvin Meadows still on the trail of a certain freshman girl. Too bad Elvin. I believe she's already caught.

Shirley Fulks hearing that her boyfriend is engaged to another girl.

Mary McNeil wanting John Gillenwater to play opposite her in the freshman play.

Janice making plans for the future.

Dorothy Brotherton looking rather blue lately. Could it be that Troy hasn't been coming to school too often?

Laverne receiving mail regularly from Austin and then having to pay postage on them.
Joyce C. liking to keep library

the first period in the morning. Doris carrying Lucky Strikes around with her. Tell more about this Doris.

Alvie having to kiss a certain little girl in the freshman class. Don't be bashful Patsy won't care.

Gloria and John Douglas sitting together at ball games. This may be another case on our hands here.

Richard Higgins with eyes that always are looking toward Mobeetie.

Iris liking a certain boys new Plymouth. We don't blame you Iris, we saw what was riding in it too.

Margaret Kite staying in the air half the time while she is playing basketball.

Mrs. Adams getting mad in General Science last Wednesday. Bill practicing ball with paper wads in English did not prove so very accomplishing.

Roberta, it seems that you are never seen with that certain black headed boy that you use to be so often. Is this all off or not?

The Wheeler 4-H Club Girls met recently with their sponsor, Mrs. Williams. The vice-president, Maxine Elliott, was in charge of the business meeting after which games were played.
There were 15 girls present for the meeting.

The Farmers Home Administration will be able to make approximately 130,000 farm operating and ownership loans during the current fiscal year to family-type farmers who are unable to obtain credit from any other source.

Last year, each farmer in the United States spent an average of \$270 on clothing for himself and his family.

School Lunch

(Continued from Page 1)
touch.

By her own pleasant attitude and good manners while presiding over the school lunch, the teacher can have a tremendous influence with the children who look to her as an example. She should encourage interesting and pleasant table conversation. Talking about personal likes and dislikes of food should be discouraged. The foods themselves and where they come from are usually interesting for children to talk about. An enjoyable nourishing and unburied meal and neatness in clearing away afterwards, with the children helping, giving good training to youngsters. Older students can help to prepare and serve the lunch, and in the cleaning up.

Always plan to use foods that are high in vitamins, minerals and proteins to be served with the school lunches. Foods that are high in calories but not in vitamins, minerals or proteins satisfy the child's appetite, but do not give him what he needs for growth and energy. Plan to make these dishes varied and interesting. For example vegetables, canned and fresh, can be combined to

make a delicious nourishing stew or thick hearty soup. Meat pies, old fashioned baked beans, and baked macaroni with cheese are always favorites with children.

As often as possible include any fresh fruit in season or cooked dried fruits and canned fruits.

The child who lives in a city or town near enough to his school that he may go home for lunch should have a wholesome meal with at least one hot dish. The meal should be planned to suit his growth and energy requirements. Since we know that many disease germs enter the body by way of the mouth, every child should wash his hands thoroughly with soap and water before he eats any food. This done the youngster should not be allowed to gulp his lunch in order to get back to school to play during the remainder of the noon hour.

A healthy, happy child will look forward to his meals with pleasure and will eat all he needs of the foods that are offered him, if he is hungry, if the foods are selected, prepared and served attractively, and if the surroundings are calm and pleasant with adequate seating space well lighted and ventilated.

At the present time 60% of the

school systems of Wheeler County are successfully operating school cafeterias for the noon meals.
