COF C INSTALLS NEW OFFICERS

The Wheeler Chamber of Commerce held its first annual installation picnic-barbecue last Friday night at the Wheeler American Legion Building with the results of the officers election of a week previous being revealed and new officers installed.

Harold Nash, owner and manager of the Nash Appliance and Supply, was elected president but was unable to be present for the installation ceremony. He succeeds Grainger McIlhenny who is devoting the greater portion of his time at the present to his race for state representative from this district.

Max Wiley of the Wheeler Gas Company was named vice-president to succeed Dr. C. C. Merritt and T. J. Daughtry, Wheeler County Tax Assessor-Collector was named secretary-treasurer to succeed Henderson Coffman.

R. Virgil Mott, educational director of the First Baptist Church at Pampa, spoke on building a good town. He urged members to promote a clean town, physically and spiritually.

Harry Wofford reported that during the past year the chamber of commerce was instrumental in organizing the dairy calf circle which provided nine boys in the area with registered Jersey heifers; marked off the city streets for parking, sponsored the Boy Scouts and joined with the study club in sponsoring a teen-age program.

There were around 60 persons, including members and members of their families, present for the John Barr barbecue. The arrangements for the barbecue and trimmings was under the direction of Henderson Coffman, Archie Hibler and Max Wiley. Harry Wofford was responsible for the program.

Approximately 70 animals were sprayed with 50% wettable DDT powder at the rate of 8 pounds to 100 gallons of water, which is the formula commonly used by everyone. Thirty animals were sprayed with 50% wettable DDT powder at the rate of 8 pounds to 100 gallons of water. This product is relatively new and is very similar to DDT, but it is said to be less harmful to livestock.

Approximately 40 head of livestock were sprayed with chlordane spray at the rate of 1 pint of the liquid to 25 gallons of water. Chlordane, too, is fairly new as a livestock spray, but has been used extensively with great success for grasshopper and red ant control.

To date no definite differences in the results of the three sprays has been noticed, but it is hoped (Continued on Last Page)

Wheeler Co. Singers Meet At Gageby Sun.

Mrs. Ray Brown, secretary of the Wheeler County Singing Convention, announced that the singers group will meet in an all day session at Gageby Sunday, June 6. Dinner will be served on the ground and everyone is invited to come and bring a well filled basket and help make the meeting an enjoyable one.

Mrs. Brown also states that the convention has new song books and urges that singers come out and learn the new songs.

Smith Home Is Scene Of Birthday Dinner

Bill Smith and Mrs. W. R. Sartor were honored with a birthday dinner at the home of Mr. and Mrs. Bill Smith, Sunday, June 6. The beautifully decorated birthday cake which carried out the colors of pink and white, centered the dining table.

Those present were Mrs. Martha Smith, Mr. and Mrs. J. J. Smith and daughters, Mr. and Mrs. R. A. Eubank, W. R. Sartor, the honorees and hostess.

Newspaper Advertising Pays!

Virginia Greenhouse is in this week at the home of Mr. Mrs. Clarence Holt.

Hitt of Raymondville, relative of John Dunn's is in Missouri during harvest.

Miss Edith Fattor returned to Amarillo Saturday afternoon after spending the week in the home of Mr. and Mrs. Ernest Zybach. Miss Fattor returned to her work at the Northwest Texas Hospital where she is a nurse.

Mr. and Mrs. Harold Nash made a business trip to Oklahoma City this past Friday. They were accompanied by Mrs. Shelby Pettit.

Mr. and Mrs. Leo Hubble and son spent the weekend with her parents, Mr. and Mrs. J. E. Willard, over the weekend.

Mr. and Mrs. A. E. Witt of Allison had as their weekend guests, Mr. and Mrs. Jack Hays and children of Briscoe, Mr. and Mrs. Darles Witt and baby of Borger and Mr. and Mrs. Warren Witt of Mobettie. Mr. and Mrs. A. E. Witt and Darles and family met the McRoe's on Sweetwater creek for a picnic and fish fry.

Mrs. Cecil Bumbarner of Fort Worth is visiting her parents, Mr. and Mrs. O. O. Beaty of Briscoe and other relatives here and at Shamrock and Canadian.

In Memoriam

Hundreds of relatives, friends and admirers of First Lieutenant James P. Passons, U. S. M. C., gathered at the First Baptist Church in Wheeler today (Thursday) to pay a final loving tribute to the memory of this valiant Wheeler lad who gave his life in the service of his country on the Island of Saipan June 23, 1944.

West-Passons Post No. 138 of the American Legion, which is partially named in honor of James, had charge of the full military rites and members of the post served as pall bearers.

James Perry Passons was born March 5, 1921 at McKinney and came with his parents, Mr. and Mrs. Ira Passons, at the age of seven months to Wheeler where he grew up attending Wheeler schools and graduating in 1938, then spending four years at Texas A. and M. College graduating from that institution in 1942 and volunteering for service in the Marine Corp in March of that same year.

James was active in 4-H club work throughout his schooling and won many honors, local, state and national, before the service of his country called him.

Immediate survivors include the parents Mr. and Mrs. Ira Passons. He was preceded in death by an older brother in 1934. There are a host of other relatives.

Rev. Murray Fuquay, former pastor of the Wheeler Baptist Church and a Chaplain in the Army during the late war, was in charge of the service and was assisted by Rev. Taft Holloway, also a former pastor, and Rev. M. B. Smith, pastor.

SPRAYING DEMO GIVEN MONDAY

County Agent Wayne Frey and assistant County Agent Ralph Jones held a cattle spraying demonstration last Monday using one relatively common insecticide and two that are fairly new.

Approximately 70 animals were sprayed with 50% wettable DDT powder at the rate of 8 pounds to 100 gallons of water, which is the formula commonly used by everyone. Thirty animals were sprayed with 50% wettable DDT powder at the rate of 8 pounds to 100 gallons of water. This product is relatively new and is very similar to DDT, but it is said to be less harmful to livestock.

Approximately 40 head of livestock were sprayed with chlordane spray at the rate of 1 pint of the liquid to 25 gallons of water. Chlordane, too, is fairly new as a livestock spray, but has been used extensively with great success for grasshopper and red ant control.

To date no definite differences in the results of the three sprays has been noticed, but it is hoped (Continued on Last Page)

Wheeler Nine Loses To Shamrock Sunday

Complete reports were not available on the outcome of games in the West Texas-Oklahoma League contests last Sunday but the Times can report that there was a nice crowd of home town rooters out to see Red Richerson and his lads take a healthy shelling.

The Wheeler nine lost a one-sided affair to the Shamrock Green Sox by a count of 12 to 3. Clifford Farmer stepped on the mound for the local club and held the Shamrock hitters in check fairly well until his support gave way. Red Richerson worked one inning on the mound then Billy J. Darnell finished the contest.

At Kellon, the Miami nine took a 10 to 6 defeat at the hands of the Kellon nine. Bellus pitched the complete contest for Kellon allowing only 6 runs and 8 hits while Maddox pitched the entire contest for Miami giving up a total of 10 runs and 12 hits. Jackson of Miami was the leading hitter of the day as he came (Continued on Last Page)

MRS. JONES FUNERAL HELD

Funeral services were held for Mrs. Sylvia Jane Jones, 83-year old Mobettie resident, Wednesday afternoon at 2:30 o'clock from the Methodist Church in Mobettie with Rev. Vernon Willard, pastor, officiating.

Mrs. Sylvia Jane Jones was born the daughter of Philip and Margaret Coats in the state of Missouri February 8, 1865 and passed away at the home of her daughter, Mrs. Mary Ethel Reynolds of Mobettie, June 15, 1948 at 6:15 p. m. at the age of 83 years, 4 months and 7 days.

Mrs. Jones was a member of the Free Will Baptist Church and had lived in the Mobettie community for approximately 15 years.

Survivors of Mrs. Jones include: one son, Walter Jones of Morrilton, Ark., two daughters, Mrs. Mary Ethel Reynolds of Mobettie and Mrs. Annie McNutt of Witts Springs, Ark., 23 living grand children, 77 great grandchildren, and 1 great great grandchild.

Interment was in the Wheeler cemetery with arrangements in charge of Kirk-Mason Funeral home.

Pall bearers were grandsons and included: James Reynolds, Manuel Reynolds, Monroe Reynolds, Robert Reynolds, Denver Reynolds and Joe McNutt.

Flower bearers were granddaughters and included: Juanita Reynolds, Evelyn Reynolds, Augusta Reynolds and Nadine Reynolds.

CHAMPS HANDED SECOND DEFEAT

Mobettie's Red River Valley League Champions run into hard luck again last Sunday and went down in defeat by a count of 15 to 9 to the Mangum nine in a contest played on the Mangum diamond. The loss Sunday throws the Mobettie club in a second place tie with the Kirkland nine with 6 wins and two defeats to their credit.

Bill Hewitt, the regular Mobettie pitcher hurt his arm in the first inning, and none of the four successive lads Frank Cooke used as pitchers could hold the Mangum batters in tow.

David Britt, playing his second contest of the year with the Mobettie nine rapped out a single and a home run in five trips to the plate. Duval of Mangum also managed to get a ball over the fence.

Mobettie and Kirkland, the two teams which are currently tied for second place in the league standings with six games won and two lost will meet on the Mobettie diamond Sunday afternoon and the winner of the contest will be undisputed owners of second place.

Sunday's Results

Kirkland 9, Childress 5.
Mangum 15, Mobettie 9.
Wellington 21, Paducah 7.
Memphis 13, Turkey 4.

City Of Wheeler Is Assured 4 Blocks More Paved Sts.

Dr. Harold Nicholson, commander of the local American Legion Post, and Grainger McIlhenny, retiring president of the Wheeler Chamber of Commerce, announced this week that the City of Wheeler had been assured of four additional blocks of paving and except for a few holdout could get South Main Street paved for several blocks.

At present, the paving project which will begin the latter part of this week or next week, according to Nicholson and McIlhenny, calls for the two blocks on Main Street north of Highway 152 to the school house, the block between Highway 83 and Main Street running east and west between the Baptist Church and Holt Brothers Lumber Company and the first block east of Highway 83 running east and west between the Wheeler Hotel and Ebb Farmer's Service Station.

The city of Wheeler has agreed to pave the intersections while the property owners along the streets which are to be paved have agreed to pay for paving of that section of the street which adjoins their property.

Dr. Nicholson and McIlhenny stated this week that it is still not too late to get some other streets paved and ask property owners interested in getting paving in front of their residences to contact them and help work on their neighbor who might not be in favor of having the paving done at the present. The cost of having this paving done is not excessive.

Mobettie Legion Is Sponsoring Amateur Program Sat. Nights

The Mobettie American Legion post is sponsoring an amateur program at Mobettie each Saturday night beginning at 8:15 o'clock. The program is held out in the open air on a platform just south of the Burch Variety and Shoe Shop and strictly informal.

Glen Renter, general chairman of the program, states that any kind of amateur talent is invited to take part in the program any Saturday night. There is music, readings and dances given each week Renter stated.

In addition to the amateur program, the legion is sponsoring a doll rack and dart game and plans to offer bingo in the near future. The Boy Scouts sell popcorn at the entertainments.

The public is invited and there are no charges for the entertainment.

Kersey Announces His Withdrawal From Race

Vincent D. Kersey of Pampa, candidate for state representative from this district, was in the Times office last Friday to announce his withdrawal from the race.

Kersey announced his withdrawal with the following statement:

"I do not have time to devote to the post for which I was seeking. I wish to express my sincerest appreciation to the tax payers for their hospitality and friendliness."

HOSPITAL NEWS

Mr. and Mrs. Charlie Brittain of Kellon are the happy parents of twin daughters, Paullette Gwyn and Charlotte Lynn, born June 14. The young ladies each tipped the scales at 5 pounds and 12 ounces.

Mr. and Mrs. Clyde Guynes of Wheeler are the proud parents of a son, Mickey Lynn, who arrived June 15. He weighed 7 pounds and 12 ounces.

Mr. and Mrs. L. V. Cobb of Allison are the proud parents of a son, Terry Wayne, born June 13. He weighed 7 pounds and 12 ounces.

Jewel Gardner entered for treatment June 16.

Mrs. W. L. Jolly entered for treatment June 13.

Miss Lucy Markham of Wheeler was dismissed from the local hospital June 16 after having entered for medical attention in April.

Mrs. Bert Davis of Briscoe was dismissed from the hospital June 15.

Two daughters of Mr. and Mrs. Reynous Hill of Shamrock underwent a tonsillectomy June 14.

Daughter of Mr. and Mrs. Narville Miller of Albuerque, N. M. underwent a tonsillectomy June 14.

Max Baird was dismissed from the hospital June 15 after having received medical attention.

ALLISON NEWS

Mrs. Lester Levitt

Mr. and Mrs. H. R. Warren returned from Wellington last week where she was at the bedside of her daughter, Mrs. Dudley McMillan, who was very ill in a Wellington hospital. Her condition is said to be improved enough for her to return home.

Mrs. Francis Dillon and son, Michial, of Farmersville are visiting here in the Archie Dillon home.

Mrs. L. Ramsey and granddaughter of Canadian spent last week here in the Lois Curlee home. The Curlees' accompanied Mrs. Ramsey to Canadian Saturday and spent the night there.

Lyn and Evelyn Levitt are spending the week in Amarillo with their aunt, Mrs. Goldie Reed, who is ill.

Claude McMillan is in Miami cooking for harvest hands.

Mrs. Lee Kiker and son, Richard, returned from a four weeks stay at Shattuck hospital where Richard had his tonsils removed. He is doing fine.

Mrs. L. S. Aderholt and daughter, Jo Nell, spent the weekend in Amarillo and are visiting Ode Grayson at the Northwest Texas Hospital who is recovering from a severe injury received in a car wreck a week ago near Dumas. The Grayson family are former residents of Allison.

Earl McCoy and family of Reynolds visited in the W. S. McCoy home Sunday.

Bill Thomas and family left Friday for their home in Gardena, Calif. after spending several weeks here in the parental R. L. Waldrip home. David Waldrip accompanied them home for an extended visit.

Mr. and Mrs. L. V. Cobb are the proud parents of a baby boy born at the Wheeler Hospital Sunday.

Lloyd Jones left last week for Boston, Mass. where he has purchased a pick-up and will drive it back.

J. N. Wilkinson's sister from California is here visiting him.

Mr. and Mrs. Jack Evans and daughter of Los Angeles, Calif. Gus Brock and family of Amarillo, Harley Wright and family of Canadian, Mr. and Mrs. Kenneth Montgomery and daughter of Pampa, Clint Evans, who is employed at Amarillo, and Forace Evans and family visited in the A. B. Evans' home over the weekend.

Grain Company Ready To Buy Farmer's Wheat

The Johnson-Wilson Grain Co. announces in an advertisement on another page of this week's Times that they are set up to buy your wheat and are out to give farmers as much for their grain as they might secure by carrying it to nearby shipping points.

Billy J. Darnell, manager of the local Planter's Gin, will be in charge of the weighing and buying which will take place at the gin office, and Henry Johnson will have charge of unloading the wheat which will be accomplished at the Johnson Grain Co. elevator.

Co-operation Among Cities and Towns

The \$500,000 fire at Rising Star reminds one of a series of such disasters that have occurred in small Texas cities in recent years. Sometimes it is fire, sometimes storm

damage. After such a small-town tragedy, there is always a rush of aid from near-by large and small places. In this day of rapid transportation, isn't it possible to work out some means of permanent co-operation that would get quicker action?

In Rising Star, damage to the pumping system made it necessary that water be hauled in Highway Department trucks. There is now being developed a chemical fire-fighting truck of great potentiality for controlling fire. A small town probably could not afford such a luxury, but an association of towns might do so, stationing such a truck at the center of activities and possibly not more than twenty or thirty minutes' run from any town.

Small towns might also bind themselves together with carefully prepared health programs, and hospital equipment supplies to meet disaster in time of storm. In fact, it need not be just small towns.

Electrified Farming

New power lines across the prairies and plains are doing much to keep Texas boys and girls from abandoning country life. On farms and ranches, electricity is eliminating much of the drudgery that once suggested escape to the city, with its bright lights and shorter hours. Now, with plug-in juice for the washing machine, the vacuum cleaner, the food mixer and other household equipment, the farm wife no longer has to acquire calloused hands and a furrowed face. Her husband, too, can get much more done in a day when he uses electricity to milk his cows, heat his chick brooders, grind his feed, help cure his hay and pump his water.

Texas has been making rapid strides in farm electrification. This state now has more electrified farms than does any other. The whole South, figures of the Edison Electric Institute show, has been electrifying its farms in the last decade more rapidly than any other region. These modernized farms now make up 40 percent of the nation's total. Governmental incentives enterprise of the private power companies and high prices for farm products all have helped.

There still are a few farmers who say they can not afford electricity. Usually these are submarginal farmers who are not making any profit without electric power. Properly applied, electricity can more than pay for its cost in adding to the productivity of almost any farm and in lessening the manual labor required. In addition, it goes far toward putting farm life on a par with that in the city and in making young people willing to spend their lives in the essential occupation of growing food and fabric for the nation.

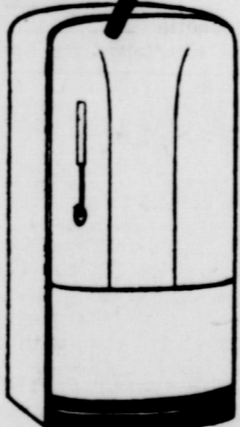

—From Dallas News

THINGS KEEP Electrically

That just about sums up the advantages of electric refrigeration. "Things keep." Yes, everything keeps with electric refrigeration. Milk stays cool and wholesome... cooling salads, vegetables and fruits stay crisp and tasty in an electric refrigerator. All foods keep better all the time... protecting your family's health day after day.

In fact, electric refrigeration is just about the homemaker's best friend. If you don't have electric refrigeration... make sure you have it for the hot summer ahead. And remember, cheap electricity in the area we serve is at your service for better living electrically.

We have nothing to sell but good electric service. Near-by appliance dealers can show you a choice of makes and models in electric refrigerators.

Chambray Classic

Colorful cotton frock.
By VERA WINSTON

THE LITTLE cotton frock becomes more important and wearable each season, as designers accord it the detail usually reserved for fine rayon or silk. Striped chambray is used for a nice little frock that has the stripes worked horizontally on the bodice and hips, and vertically on the box-pleated skirt which is pleated all around, with the pleats sewn down to the hips. A self belt, and a white linen collar team up with the white linen bolero jacket.

DRUNK STORY

This man had the habit of coming home three or four times a week three sheets to the wind, so his wife determined to teach him a lesson. With the aid of a sheet and a floor lamp she made a fair imitation of a ghost. She went in and shook her husband.

"Wash this!" he murmured sottily.

"This is the devil," was the answer.

"Shake, old horse," he said, "I married your sister."

Conservation and water conserving practices which carry out and not the farmer get beyond the county, says Gene Shaffer, chairman of the Wheeler County Conservation Committee. The committee has the responsibility of using that money to get the most conservation. When a farmer files with the county committee his intentions to carry out certain conservation practices and the committee tells

ing upon actually carrying out the conservation practices. The farmer must first carry out the conservation practices and then have them approved before he is eligible for payment.

Mr. Shaffer explained that only so much money is allocated to the county each year to be used to assist farmers in the county in carrying out conservation practices. The County Agricultural Conservation Committee has the responsibility of using that money to get the most conservation.

When a farmer files with the county committee his intentions to carry out certain conservation practices and the committee tells

They Will Tell Press About Public

SPOTLIGHT BRIGADE

The newspaper's broad appeal to the public, through editorial policy, classified advertising, display advertising and circulation, will be stressed when Texas publishers convene for their 69th Annual Convention in San Antonio, June 18 and 19. Pictured above are four of the men who will address the convention. Left to right, they are: Ralph Nicholson, publisher of the New Orleans Item, who will deliver a luncheon address on the importance of an unbiased editorial policy; W. H. Conrad, published of the Mefford (Wis.) Star-News, who will share with the Texas newspapermen, ideas on classified advertising which have made that department of his weekly newspaper one of the most successful in the country; Walker Saussey of New Orleans, head of one of the largest advertising agencies in the South, will talk about display advertising in an address titled, "Where Do We Go From Here," and E. H. Pierce, publisher of the Jasper (Ala.) Mountain Eagle, and president of the Alabama Press Association, will explain the method of building newspaper circulation which has gained readers by the score for his publication.

NEVER FAIL

The neat, stylishly-stout woman turned sweetly to the plump woman near her as a seat on the crowded streetcar was vacated. "You're older than I am."

The plump one glared. "Indeed I am not older than you! Sit down yourself."

The stylishly-stout woman sat, smiling comfortably to herself. Several blocks later she leaned toward her seatmate and confided quietly: "That remark gets me a seat every time."

ON A SUNDAY MORNING

Parson (meeting a neighbor bringing home a load of hay)— Jenkins! Wouldn't it be better if you attended services instead of working this way?

Jenkins—Mr. Dawkins, I don't know whether it would be best to sit on a load of hay and think of religion or sit in the church and think of the hay.

Sorghum cane for syrup making should be harvested in the soft dough stage. You will not get the highest yield at this stage, but the juices will have the best quality. This is one case where quantity should be sacrificed for quality.

him how much assistance he may get, that much of the county allocation is set aside for him. If the practices are not carried out, the farmer has tied up that much of the funds which might have been used by some other farmer. The chairman urges farmers who are unable to follow through on practices to let the committee know without delay so the funds can be used by other farmers who need them.

The chairman urges farmers to carry out the needed conservation practices whether or not assistance can be given on all of them. He advises that the committee will do all it can to assist farmers in getting their conservation practices carried out but it cannot go beyond the funds available.

SOCIETY

**Pre-Nuptial Shower
Honors Miss Zybach**

Miss Lottie Marie Zybach, was honored with a pre-nuptial shower Monday afternoon, June 7, at the home of Mrs. Lee Barry in Briscoe with Mrs. Doc Wilhelm and Jack Riley as co-hostesses. Mrs. Malcolm Levitt registered the guests and Little Miss Carol Gene Wilhelm helped in delivering the gifts to the honoree. Those registering were: Mesdames Will Finsterwald and Rosemary, Sy Mason, Leonard Fulks, Roy H. Johnson, John McCarrroll, Herbert Finsterwald and girls, Kenneth Douthit, Effie Renfro, Lloyd Childress, A. C. D'Spain, J. O. Helton, W. D. Douthit, Floyd Atherton, Sterling Price, Willis Fillingim, Henry Lee, Bob Ramsey and Patsy, O. O. Beaty, Grady Dodd, Weaver Barnett, Euell Steen, Elbert Zybach and David, Ernest Zybach, Clarence Zybach and R. L. Zybach.

Misses Jean Zybach, Juanita Clepper, Patsy Waters, Jane Ann Zybach, Mozelle Wilson, Roberta Zybach and Mary Louise Riley. Those sending gifts were: Mesdames Jim Helton, Odin, Hudson, Virgil Helton, John Zybach, Lucille Tipps, Richard Dyson, Darrell Atherton, Caroline Venable, Howard Dickey, Clifton Walker, Fulton Meadows, J. M. Mason, Edd Riley, Roy Waters, M. H. Vaughn, C. H. Candler, J. P. King, Ted Atwood, E. T. Vaughn, Guy White, Wayne Wallis, J. S. Standlee, Jack Riley, Bob Zybach, Milt Wilson, and Tom Helton.

Misses Jeanette Dixon, Janice D'Spain, Mattie Helton and Camella June and Eleanor Ann Dickey.

Phillip Clepper Is Married in Chicago

Announcement has been made here of the marriage of Miss Laurel Jeanne Lee of Chicago to Phillip Warren Clepper, formally of Briscoe, on May 14, at the Cryler Mission Covenant Church in Chicago.

The bride was lovely in a gown of white satin with white camillas and lillys of the valley in her wedding bouquet. The bridesmaids wore dresses of yellow and blue tafetta with a barrette of yellow daisies as head dress. They carried colonial bouquets.

A reception was held following the ceremony in the church parlor. The groom is the son of Mr. and Mrs. P. A. Clepper of Briscoe. He finished high school at Briscoe, is a graduate of Texas A. and M. and served 3 1/2 years in the Army Engineer Corp. The couple are making their home in Chicago where he is an electrical engineer in the Motorola Radio Co. and is attending Northwestern University.

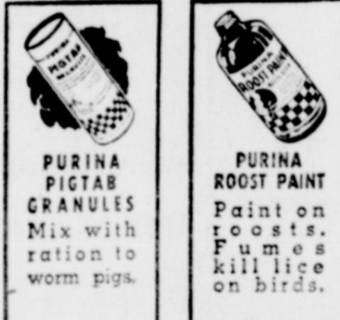

PAY NO ATTENTION

Myrte—How's your husband this morning, Myrte?
Myrte—"The poor boy's delirious again."
Myrte—Heaven! Is it serious?
Myrte—Gracious, no! It's the silliest stuff you ever heard.

QUICK GROWTH

Purina growing feeds are made for FAST ECONOMICAL GROWTH... every bag does an outstanding job of putting on pounds.

PURINA PIGLET GRANULES
Mix with ration to worm pigs.

PURINA ROOSTER PAINT
Paint on roosts. Fumes kill lice on birds.

On the Nest EARLY!

You'll do a real job with one of these great Purina growing feeds. One is complete... the other, a supplement for grain.

Purina GROWING CHOWS

KILLS FLIES FOR WEEKS

Purina DDT SPRAY
For Farm Buildings and Stock Cattle

For Pigs...

BALANCE YOUR GRAIN

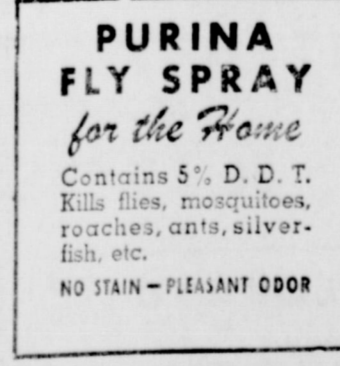

We recommend Purina's special supplement, made for best growth. It's...
Purina PIG CHOW

For BIG CALVES feed

PURINA CALF STARTENA
instead of Milk

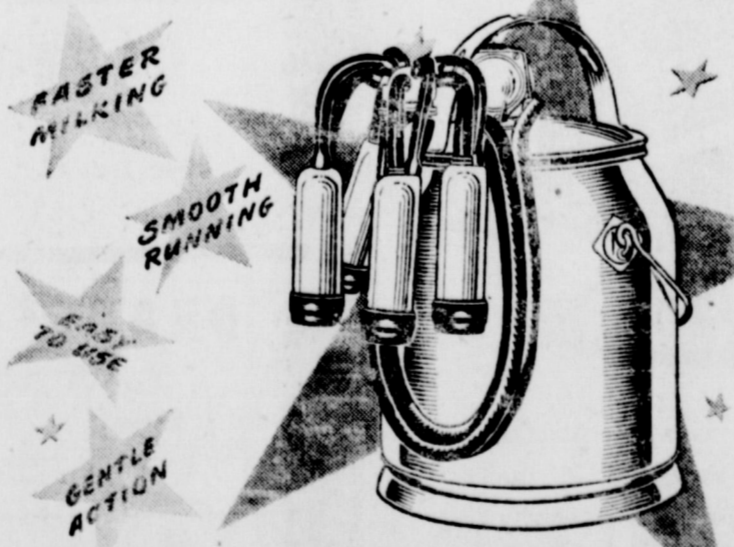

Saves about \$25 at U.S. average milk prices.

PURINA FLY SPRAY
for the Home

Contains 5% D. D. T. Kills flies, mosquitoes, roaches, ants, silverfish, etc.
NO STAIN—PLEASANT ODOR

A STAR PERFORMER!

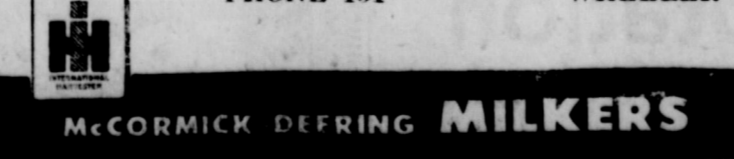

IN ANY DAIRY BARN...

Performance must be tops in the milker you buy. You must be assured of smooth-running efficiency that allows you to milk your herd quickly, quietly, and completely. Your cows must have gentle, massaging milking action to aid them in achieving maximum production. The milker itself must be easy to use, handle, and keep clean. ALL of these "musts" have been built into the McCormick-Deering milker—for your benefit!

A McCormick-Deering on the job in your dairy barn promptly cuts your milking time and steps up production. The result—greater dairy profits for you! Drop in now and let us show you the features of the McCormick-Deering.

KITCHEN MEMO BY JEAN CLARKE

Oven-baked desserts can be cooked along with the roast to save time and fuel. **Banana-Coffee Souffle**, one of these, is nourishing and flavorful. Melt 2 *tblsp.* butter in a saucepan. Remove from heat and stir in 3 *tblsp.* flour. Gradually add 1/2 cup strong coffee, 3/4 cup milk and cook over low simmer flame stirring constantly until nicely smooth and thick. Combine 1/4 cup sugar, 4 egg yolks, gradually stirring these into cooked mixture. Add 3 mashed medium-sized bananas. Beat 4 egg whites until stiff but not dry. Fold into banana mixture. Pour into 1 1/2 qt. souffle dish which has been buttered on bottom only. Bake in slow gas oven (325°) 40 to 45 mins. Serves 6.

The most reliable buyer's guide to gas appliances for the home is the Seal of Approval of the American Gas Association Testing Laboratories. For example, nearly 600 tests and requirements must be met on a gas range before it can be produced and sold to the homemaker.

If your biscuits burn on the bottom and still remain rather pale on top, your baking sheet may be too large which tends to hold the heat from the burner to the bottom instead of radiating around the oven evenly. There should be at least one inch of space between the baking sheets and all four sides of the oven.

Hot butter and syrup makes a richer-tasting spread for waffles. Add 2 *tblsp.* butter to 1 cup extra-sweet corn syrup, heat until butter is melted, then serve hot.

As soon as baked potatoes are cooked, cut them *criss-cross* on the top to keep them fluffy. Add butter and serve at once.

Centipede grass grows best on rich, sandy, well-drained soil with a fair amount of moisture. However, once this grass is established, fertilizers must not be added, as this will kill the grass next year.

Chicago Painter Leaves \$100,000 To Mooseheart, The Child City

Some of Mooseheart's Happy Children

Mooseheart, Ill., the famed Child City owned and operated by the Loyal Order of Moose for children of its deceased members, became the recipient recently of a \$100,000 fortune, bequeathed by the late Herman J. Englehard, 78, a painter and decorator, of Chicago, Ill. Mr. Englehard was well known in his own community for his kindness to and love for little children. Although not himself a member of the Moose fraternity, he chose Mooseheart as the beneficiary of all the money he had saved as a hard working laboring man because, as he told his attorney prior to his death, "I want to help little children." Mooseheart is both a school and home for nearly 1,000 children. It is an entire city in itself, with 150 buildings spread over 1,200 acres of lush farm land in the picturesque Fox River Valley, 35 miles west of Chicago. Nursery, elementary and high school education plus a trade school are provided to the students. Mr. Englehard's humanitarian gesture is saddened by the fact that he met a tragic death. He was found fatally beaten in his home by an unidentified assailant. The Supreme Council of the Loyal Order of Moose has offered \$5,000 toward for the arrest and conviction of Mr. Englehard's slayer.

CUTTING CAN BE ROOTED NOW

If you have been slow about putting out cuttings of your favorite shrubs, take heart. You still have time to grow some of the plants. Cuttings of most of the plants can be grown at this time, but you will need to give them plenty of water and some shade, says Sadie Hatfield, extension

landscape gardening specialist of Texas A. and M. College.

Shrubs and trees are not the only things that can be grown from cuttings. Some of the ordinary plants such as pinks, carnations, tomatoes, and many others can be grown from cuttings, too. During the early part of the growing season plants may root within a few hours after being placed in the warm, moist soil. Wood the size of a new pencil is about right, although larger or smaller pieces may be used. Select

young cut stems of shrubs and trees, but they should be old enough to be hard. Take off all the leaves except the top two of each cutting. If many of the leaves are left on, the cutting may die, and if no leaves are left on, rooting may be slow. Plant three-fourths or more of the cutting underground. Keep the cutting moist, well-drained and in half shade. Some people plant their cuttings on the north side of the house.

over their cuttings and put a light shade over the jar. The jar becomes a small greenhouse for each cutting. Now is a very good time to think of rooting some of your favorite shrubs and trees for your friends, says Miss Hatfield. They will make nice gifts for next Christmas. The plants may be grown in pots, tin cans or in the open ground.

If you think you're an optimist just read what the boys have to say in the seed catalogs.

**Dinner At Parks' Home
Honors Visiting Couple**

Mr. and Mrs. Luther Parks
honored Mr. and Mrs. T. V. Lum-
mus on their second wedding an-
niversary Wednesday evening with

a dinner at the Parks home here.
Present to enjoy the occasion
were: Mr. and Mrs. R. E. Erring-
ton and boys, Mr. and Mrs. J. E.
Willard, Mr. and Mrs. Gordon
Roper and girls, Mrs. J. B. Roper,
Mrs. H. M. Lesser, the host and
hostess, Mr. and Mrs. Luther
Parks and boys, and the honorees.

**Miss Floy Bradstreet
Is Honored At Shower**

Miss Floy Bradstreet was hon-
ored with a pre-nuptial shower
recently in the home of Mrs. Coy
Bradstreet with Misses Charlene
Bradshaw and Vondell Starkey as
hostesses.

The refreshment table was laid
with a lace cloth and featured an
arrangement of sweetpeas as cen-
terpiece, flanked by white tapers
in crystal holders. Spring flowers
were artistically arranged throu-
ghout the receiving rooms.

Miss Vondell Starkey presided
at the bride's book and Mrs.
Betty Pendleton and Miss Char-
lene Bradshaw served. Mrs. Roy
Ford, Mrs. Travis Keelin and Miss
Joy Bradstreet assisted the hon-
oree in receiving her gifts.

Those present and sending gifts
were: Mesdames C. M. Garner, G.
W. Hefley, O. Nations, Max Wil-
son, Shelby Pettit, Bill Chapman,
W. A. Goad, Sr., Haskell Weather-
ly, J. A. Wood, Levi Reid, Charles

1 lb. ground beef
1 cup left-over bread,
pulled into crumbs
1 teaspoon salt
1/2 teaspoon pepper
mustard

1/2 cup catsup
1/2 cup Fat Milk
4 large onion slices,
1/2-in. thick
3 tablespoons hot
shortening

Mix together beef, crumbs, salt, pep-
per, mustard, catsup and milk. Shape
into 4 oblong patties about 3/4 inch
thick. Brown onion slices slowly on
both sides in hot shortening. Remove
from pan. Brown meat patties slowly
on one side, then turn and top with
onion slices. Continue cooking until
meat is brown on under side. Makes
4 servings. Serve with Creamed Peas
and stuffed Baked Potatoes.

WORTHWHILE

After six months at a new factory, the superintendent developed a feeling that he wasn't popular, so he called aside an old worker.

"Bill," said the superintendent, "how is it the men don't seem to

like me? Why, at the last place they gave me a silver teapot when I left."

"Only a silver teapot?" queried the candid worker. "If you'd only leave here we'd make it a whole silver tea service."

HONOR ISRAEL'S FIRST LADY

WIFE OF THE PRESIDENT of the Provisional Government of Israel, Mrs. Chaim Weizmann is shown talking with Frank Goldman, national president of B'nai B'rith, at a New York hotel. They were attending the 88th annual convention of the organization's District Grand Lodge No. 1. Mrs. Weizmann received an ovation at the affair which was attended by 2,000 American and Canadian Jewish leaders. (International)

FIFTH FREEDOM RECOMMENDED

A fifth freedom—freedom from accidents—was recommended to Americans today by the National Safety Council as the nation prepares to celebrate the Fourth of July.

With the warning that holiday motorists will jam the nation's highways as never before during the holiday weekend celebrating this year, the Council estimated that nearly 30,000,000 vehicles will be on the move during this period. That is about 10 cars for every mile of street and highway throughout the nation, which means 10 chances for a crack-up per mile.

The Council appealed to motorists and pedestrians to "Take It Easy on the Fourth—Be Alive on the Fifth!" as the keynote of a nationwide campaign against holiday accidents that threaten a record-breaking death toll over the Independence Day celebration.

One hundred thirty national organizations have joined with the Council in a united effort to forestall a tragic holiday for hundreds of Americans. The campaign is designed to make people aware of the extra holiday hazards and to help public officials, traffic officers and safety leaders in their efforts to curb the Fourth of July death toll.

In asking for public support of the campaign, Ned H. Dearborn, president of the Council, pointed out the need for ever-increasing vigilance against accidents.

"Despite all our coordinated efforts to hold down accidental deaths last year," he said, "8,500 persons were killed in July—2,720 in traffic accidents alone. As usual, the Fourth of July celebration contributed a large number of the deaths."

"Look upon the holiday accident as a problem in mathematics. The three-day celebration, increased mileage and relative prosperity are dangerous factors that add up to a heavy

VETS EXPECTED TO ACCEPT WORK

Veterans claiming GI unemployment allowances between terms may be expected to take any reasonable work within their physical abilities. L. P. Fort, manager of the Texas Employment Commission, advised student veterans today.

He cautioned them against claiming unemployment pay for periods covered by GI subsistence allowances. This is a violation of federal law.

The TEC administrators Title V of the GI Bill of Rights. Servicemen's readjustment allowances, the \$20 a week unemployment payments, go to eligible jobless veterans seeking employment through offices of the Commission. The law requires they be eligible for suitable work. Payments stop when they are found jobs, refuse suitable employment, or are not actively seeking work.

Veterans seeking temporary work are eligible for GI unemployment pay if they are not receiving subsistence allowances.

Mr. Fort said the veteran who has finished school and wanted permanent work would be given every opportunity and assistance in getting the kind of employment he desired. While unemployed, he would be eligible for readjustment allowances.

However, the fact that a veteran is seeking temporary work between school terms sharply limits his choice of jobs. This means when he claims allowances he may be expected to accept any reasonable job within his physical ability. Naturally, such a veteran will not be sent out on any work

where wages, hours or working conditions are sub-standard. Mr. Fort explained.

GI unemployment allowances are not intended as vacation pay, he said. Veterans are not eligible for readjustment allowances while receiving subsistence allowances for education or training under the GI Bill.

The note of warning was being issued to prevent veterans from running afoul of federal fines and penalties. Also, loss of GI entitlement will result from drawing the \$20 weekly unemployment pay at the same time as subsistence allowances.

SCORE: TWO SCORE!

Mrs. Lester could not endure the thought of remaining uneducated, so when she countered Mr. Telverson, single and quite cheerful about it, she could not avoid acridly remarking:

"Forty years old, Mr. Telverson, and never been married? It's really too bad. But surely you have not given up hope."

"Oh, no indeed," returned Mr. T.

"I hope I am safe for another 40 years, anyway."

Yellowing of the leaves of shrubs, rose bushes, shade trees, peach trees and other plants may be prevented by adding copperas and sulphur to the soil at the rate of about one pound per large shrub or small tree.

We're getting closer to the time when America will be famous for articles made in America.

ERNEST O. NORTHCUTT

Candidate For Associate Justice of the Court of Civil Appeals

Ernest Northcutt became interested in law at an early age, worked his way through law school, received his law degree and entered private practice in Amarillo in 1919.

Judge Northcutt practiced law in Amarillo until he was elected County Judge of Potter County in 1943. He is now serving his fourth elective term.

Ernest Northcutt has tried a cases in all Courts over the Panhandle. His trial work carried him into the State and Federal Courts and into all Appellate Courts, State and Federal. He is familiar with the duties of the Office of Associate Justice of the Court of Civil Appeals. He has tried hundreds of Civil cases. THERE IS NO SUBSTITUTE FOR EXPERIENCE.

Judge Northcutt is 56 years old, married and has three children. He is active in civic work, a member of the Baptist Church and was President of the West Texas Judges and Commissioners' Association in 1947.

Your Vote and Influence Will Be Appreciated Subject to the Democratic Primary July 24th Political Adv. Paid for by Friends of Ernest O. Northcutt

accident toll. But if we subtract haste, selfishness, thoughtlessness and the desire to show off, and if we multiply extra caution and extra courtesy, we will come up with the correct answer that will pay off big dividends in a safe and sane Fourth of July celebration.

"Be safe on the Fourth. Be alive on the Fifth!"

How to Live Longer

... someone asked Pappy Miller last how he stayed so spry at 87, Pappy told him:

Well, sir—when I work, I work. When I set, I set loose. When I go to sleep, I go to sleep.

According to Doc Hollister, that ain't far amiss. "Hard work," says Doc, "never wore out me before his time, providing I knew how and when to relax."

... himself works overtime, his daytime patients at the and his evening calls. And

Farm Facts

1. How fast do rats reproduce?
Rats begin to breed at two to three months of age, and the period of gestation is about 21 days. The average litter is probably ten, and one female may have from three to four litters a year. That is why it is so important to guard against this rodent and why rat control requires constant attention.

2. Will chicks hatched after May 1st make satisfactory replacements for a laying flock?
Yes. At the Research Farm of the Easton Purina Company pullets are grown out each month in the year on all types of feeding programs. These tests show that it is possible to grow out pullets for replacements any time during the year and by so doing have ready-to-lay pullets at any season to replace hens which are culled or die.

3. Which animals should the goat raiser cull?
Under-sized doe kids. Cull out the poorest ones and save their feed to do a better job on the rest.

4. All buck kids except those from registered, high-producing ancestry.
Under-sized doe kids. Cull out the poorest ones and save their feed to do a better job on the rest.

5. Old, unprofitable does who have passed their prime.
Milking or dry does with one or both halves of the udder unsound.

Use Salt In Drinking Water To Avoid Cramp

There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse—chances are that it will be wet and salty with sweat.

Excessive sweating means the loss of body salt, and Dr. George W. Cox, State Health Officer, advises the use of salt in drinking water as a means of avoiding heat cramps.

"Salt is a prominent constituent," says Dr. Cox. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers, and even white-collar workers should be especially watchful of heat cramps."

Heat cramps are characterized by pain in the stomach, headaches and sometimes nausea and vomiting. The danger comes because the loss of the salt may occur without the knowledge of the individual until the deficiency causes cramps or heat fag.

Salt tablets may be purchased commercially. If they are not available, a pinch of table salt will serve the same purpose.

"Drinking milk is an excellent method of replacing body salt lost through perspiration," Dr. Cox says, "but alcoholic drinks should be avoided."

Zybach-Venable Vows Taken At Zybach Home Near Briscoe Sunday

Miss Lottie Marie Zybach, daughter of Mr. and Mrs. Ernest Zybach of Briscoe, became the bride of James E. (Jimmy) Venable, son of Mrs. Caroline Venable of Hot Springs, N. M., June 12th, at the home of the bride's parents.

Rev. O. C. Evans, pastor of Lakeview Methodist Church, read the single ring service before an improvised altar decorated with floor baskets of white gladioli.

Miss Jane Ann Zybach played the traditional wedding march and accompanied Mrs. R. L. Zybach who sang "Because," preceding the ceremony.

Miss Roberta Zybach, sister of the bride, was maid of honor, and Miss Edith Fattor of Gallup, N. M., was bridesmaid.

R. L. Zybach served as best man and Franklin Venable, brother of the groom was groomsman. The bride was lovely in a street

length white crepe dress and carried a white Bible topped with pink carnations.

Following the ceremony Mrs. R. L. Zybach served the 3-tiered wedding cake. Punch was served by Misses Jane Ann and Louise Zybach. Miss Jean Zybach registered the guests.

Mrs. Venable attended the Briscoe schools and graduated with the class of '45. She entered nurses training and received her R. N. degree with the class of '48 at the Northwest Texas School for Nurses in Amarillo.

Mr. Venable graduated from the Briscoe high school in '44 and served over two years with the U. S. Navy during the recent war. He entered college at Canyon and Texas A. and M. where he is now a junior.

After a short wedding trip to Oklahoma, the couple will make their home in Bryan and the groom will resume his school studies.

Others, besides the parents, attending the wedding were: Mrs. R. A. Dickey, the bride's grandmother, and Miss Nellie Dickey of Reydon, Okla. Mr. and Mrs. Carl Zybach and Louise of Canadian, Truman, Bob and Jean Zybach, Briscoe, Gary Dale Zybach, Med-

Officers are to be congratulated for the commendable manner in which their work was done.

Mr. and Mrs. J. D. Sackett of Pampa, took Sunday dinner in the parental A. A. Burch home.

Mr. and Mrs. J. R. Williamson of Jewett, accompanied by his brother and wife of Fort Worth, left Saturday for a vacation trip to N. M. They expect to be gone for two weeks, visiting various places of interest.

Mr. and Mrs. Tots Baird, formerly of Raymondville, are visiting in the Doug Baird home here, and the J. D. Futch home of Wheeler. They expect to be here for the duration of the wheat harvest.

Miss Francis Ford returned to Pampa Saturday after spending the week with Mrs. Laura Jeffus.

Mr. and Mrs. Dwayne Williams have returned to Mobeetie to make their home after living at Dumas for several months. They have moved into the former Ralph Sims home, south of town.

Sunday dinner guests in the McCauley home were, Mr. and Mrs. M. J. McCauley and son, James Gary, of Amarillo, Harry McCauley and Mrs. Willie Faulkner of Hereford. Mother McCauley returned to Amarillo with them, and James Gary remained here until Saturday.

Grandmother Clark Passes
Grandmother Clark, elderly mother of J. A. Reynolds, passed away at the home of her son in Mobeetie Tuesday night. Funeral services were held for her at the Methodist Church Wednesday afternoon at 2:30 with the local minister in charge.
