

IMMUNIZATION PROGRAM IS SUCCESS

Recent immunization program which was sponsored jointly by Wheeler County and County Sanitarian W. R. Ritter was a tremendous success according to reports released this week by the county health officer.

A total of 2,313 school children in Wheeler County this year have been vaccinated against typhoid, diphtheria, tetanus, and smallpox thus giving a 94% vaccination rate for the county which is among the highest in the state.

The Wheeler school system, with 364 pupils enrolled in the program gives a participation rate of 94%. Wheeler's percentage of participation was the highest in the county with 94% of the school children vaccinated.

It is pointed out that the program has saved the parents of the children in Wheeler County a total of \$17,820.00 also pointed out that the very minimum at which the program could have been obtained practicing physicians.

The following statistics upon the completion of the program: It is most gratifying to note the splendid cooperation of the county and city health officers and their respective hospitals for the free donation of time to this countywide project; also to note the Texas State Health Department made it possible for necessary vaccines to be made free of charge and to the fine editorials and publicity given by The Wheeler Times.

Mustangs Lose To Irish, Play Lefors Pirates On Home Field Friday Night

The Wheeler Mustangs will play hosts Friday night at 8:00 o'clock to the rough and tough Lefors Pirates. Friday night's encounter on the local field will be the third District 3-A contest of the season for the Mustangs and their second home contest.

There is really no comparison of the relative strength of the two clubs since neither of the teams have played the same clubs, but both Lefors and Shamrock played Perryton and Shamrock played both of those teams by approximately 20 points each and Shamrock downed the Mustangs by 56 points; so, this comparison would indicate the Pirates to be around 36 points stronger than the Mustangs. On the other hand, if the Mustangs have improved any way near as much in the past week as they did between their first two contests they might slip up on the blind side of the Pirates and take them to a cleaning.

The Lefors Pirates have won two contests, tied one and lost one in their four previous starts this season. The Pirates and the White Deer Bucks played a 0-0 tie in their opener, then the Pirates defeated Canadian 25 to 0, Perryton defeated the Pirates, and last week the Lefors lads opened their conference season with a 20 to 0 win over the Clarendon Bronchos.

Coach Grady Baker's Mustangs came out last Friday night's tussle with the Irishmen in fairly good physical condition since the only appreciable injury was a cut over the right eye which was suffered by Harold Hardcastle one of the Mustang starters. Hardcastle's injury required six stitches to close it up but it is not expected to keep him out of this week's contest.

Rev. Mrs. Roedler To Pastor Wheeler Church

Rev. Mrs. J. D. Roedler and family of Merkel, Texas, have moved to Wheeler to take charge of the newly organized Church of the Nazarene here.

The Church has full time services with Sunday services as follows according to Rev. Mrs. Roedler: Sunday school at 10:00 a. m., preaching at 11:00 a. m. and 7:30 p. m. Prayer meetings are held at 7:30 p. m. each Thursday evening.

Rev. Mrs. Roedler extends a cordial invitation to all to attend these services.

AAA PRACTICES NEED FINISHING

It's time to complete ACP dirt-moving practices, advises Gene Shaffer, Chairman of the county agricultural conservation committee, this week. Now that most crops are being harvested the time is favorable for getting the job finished. The work should be done before bad weather and winter prevent its completion.

Dirt-moving practices which can be carried out under the Agricultural Conservation Program include stock-water dams and terraces.

Shaffer points out that these projects when completed, are of lasting benefit not only to the farmer and his family but to the community and to the nation. The measures continue year after year to conserve soil and water, and are of importance to the public generally since they help to assure continued abundant supplies of food for the consumer.

Farmers planning on carrying out any of these practices should be sure that they have prior approval of the county committee and that the completed practices meet specifications. Completed practices should be reported to the county office, together with required measurements and proofs of completion.

DENTAL SURVEY TO BE MADE IN COUNTY SCHOOLS

County Sanitarian W. R. Ritter announced this week that starting October 27 and during that week there would be a dental survey made of all the school children in Wheeler County. Ritter stated dentist and their assistants would visit the various schools in the county and fill out blanks on each school child showing just what was wrong with the children's teeth and letting the parents know what should be done to correct these ills.

This survey will be entirely without cost to the parents and there will be no work performed at the school. Correction of dental defects will be left entirely up to the parents and individuals concerned.

Dr. V. N. Hall and his wife will visit each of the four schools in the north part of the county during the week of October 27. Dr. Hall and his wife are making the survey as a public service to the communities and are donating their time.

The four schools which Dr. Hall and his wife will survey include: Wheeler, Briscoe, Allison and Mobeetie. Schools in the south part of the county will be handled by the two dentists at Shamrock.

Ritter pointed out this week that tooth decay is probably the most prevalent disease in the United States today. There are few people who have a natural immunity to it. A very high percentage of all tooth decay (some investigators say from eighty to ninety percent) can be prevented by learning certain facts about it, and then applying that knowledge.

Dairy Calf Circle Sponsors Secured

Up to noon today (Thursday), Vernon Brown, chairman of the Wheeler Chamber of Commerce Agricultural Committee, stated that sponsors for seven and one-half calves had been secured and he was almost certain that one of the prospects he had already spoken to would sponsor the other half of the eighth calf.

When a sponsor is secured for the second half of the eighth calf, the committee will have reached its starting goal and will set to work immediately selecting boys who wish to take one of the fine registered Jersey heifers and raise her under the provisions as set forth in the contract he must sign with the Wheeler Chamber of Commerce.

Wheeler merchants and business men believe this project is one of the best they could possibly have sponsored in view of growing interest in and income derived from the dairying industry in the north portion of Wheeler County. The Dairy Calf Circle will promote good breeding and dairying practices and thus raise the standard of this important industry in the Wheeler trade territory.

562,626 ACRES PEANUTS IN '48

Texas' peanut acreage allotment for 1948 has been set at 562,626 acres, according to Howard T. Kingsbery, State Chairman of the Production and Marketing Administration.

"Whether peanut acreage allotments and marketing quotas are in effect for the 1948, 1949, and 1950 crops", the chairman said, "depends on a two-thirds favorable vote by the peanut growers who vote in a referendum, to be held on December 9 in all peanut-producing communities. Before the referendum, committeemen will apportion each county's share of the 1948 State allotment among individual farms and will notify farmers of their allotments."

Kingsbery gave the following explanation of why peanut acreage allotments and marketing quotas are necessary:

"Peanut production expanded greatly during the war, and is still high. But the demand for edible peanuts has lessened, with the result that farmers are now growing more peanuts than can be sold on the open market at fair prices. Allotments and quotas provide the means whereby each farmer may receive his fair share of the available market—that is, the amount of peanuts which can be sold at prices fair and reasonable to the farmer and the consumer."

Archie Hibler, Loyd and Lonnie Lee, Wheeler County National Farm Loan Association, R. G. Russ, Jr., Wheeler County Produce Association, Harry Wofford and the Southwestern Public Service Co., Dr. Merritt and Harold Nash have all signed up to sponsor half a calf but his partner has not yet definitely signed.

Vernon Brown, chairman of the committee pointed out that the boys who would receive the calves would be selected in the following manner:

The County Agents' office and the Vocational Agriculture teacher shall ask all their boys interested in dairying to write an essay of 300 words or less on the subject "Why I Chose A Dairy Demonstration in 4-H Club Work" or "Why I Chose A Dairy Project in FFA Work".

The County Agent's office will grade the essays written by 4-H Club boys, and the top fifteen grades make the writers eligible to take an examination over four Dairy Bulletins given them by the County Agent. The top ten grades made by boys on the examination make those boys eligible to be considered by the committee for receiving a calf.

The Vocational Agriculture teacher will grade the essays written by FFA Boys, and the top ten grades make the writers eligible to take an examination over 4 Dairy Bulletins given them by the County Agent or Vocational Agriculture teacher. The top five grades made by boys on the examination make those boys eligible to be considered by the committee for receiving a calf.

The committee then makes the final selection of boys to receive calves, based on the interest of the boy and his parents in dairying; the interest of the parents in the success of the boy; the availability of proper feed and shelter for the calf; and the degree of interest on the part of the boy's father in keeping up fences, protection of the heifer from breeding with inferior bulls, etc. Any boy who receives a Dairy Calf from the Wheeler Chamber of Commerce Dairy Circle must sign the following contract to protect the interest of the sponsor, and to assure the continuation of a good breeding program with the Jersey Heifers in the Circle.

The committee then makes the final selection of boys to receive calves, based on the interest of the boy and his parents in dairying; the interest of the parents in the success of the boy; the availability of proper feed and shelter for the calf; and the degree of interest on the part of the boy's father in keeping up fences, protection of the heifer from breeding with inferior bulls, etc. Any boy who receives a Dairy Calf from the Wheeler Chamber of Commerce Dairy Circle must sign the following contract to protect the interest of the sponsor, and to assure the continuation of a good breeding program with the Jersey Heifers in the Circle.

Widows Should File Claim For Payments

Perhaps you know your rights under the social security program, but does your family?

Many widows who fail to file claims until they have lost payments advise that they were never told about this protection. J. R. Sanderson, manager of the local field office of the Social Security Administration in Amarillo, states that monthly payments can be made retroactively for only three months prior to the filing of an application. Upon death, payments which are made monthly to minor children and to widows with such minor children in their care are made without respect to the deceased worker's age.

Most workers in commerce and industry know their own retirement payments at age 65 or older, but in too many cases the family does not know about payments in the event the worker dies.

Complete information can be obtained on this subject by writing to the field office of the Social Security Administration, Amarillo, Texas.

CONTRACT WHEELER CHAMBER OF COMMERCE DAIRY Calf CIRCLE

- I, _____, 4-H Club Boy, FFA Boy (mark one out), having received a Registered Jersey Heifer Calf from the Wheeler Chamber of Commerce Dairy Circle do hereby agree to do the following:
 1. Pay life insurance on the animal until the first heifer calf dropped by this animal is returned to the committee.
 2. Feed and care for the calf given me under the direction of the County Agent or Vocational Agriculture teacher.
 3. Breed the heifer calf given me only to the bull designated by the County Agent.
 4. Keep feed records on the heifer calf given me.
 5. Keep and feed the first heifer calf-dropped by my heifer calf given me until it is 12 weeks old, and then to return the baby calf to the Chamber of Commerce Dairy Calf Committee.
 6. Keep up my fences and prevent breeding of my heifer by any bull not designated by the County Agent.
 7. Show at local shows the calf given me when asked to do so.
- (Continued on Last Page)

COLTS LOSE TO JUNIOR PIRATES

Supt. W. O. Carrick's junior football team, the Colts, opened their season Tuesday night against the Junior Pirates in a contest which was played on the Lefors gridiron. The Colts came out on the short end of a 14 to 0 score.

The Colts will have their second outing of the season next Thursday night when they journey to Canadian to meet the Young Wildcats or Kittens as they are probably called. Next Thursday night's battle will begin at 7:30 p. m.

Supt. Carrick's starting line-up included: John Carlton and Leonard Weeks at ends; H. C. Johnson and Maxie Herd at Tackles; James Clark and Richard Gaines at guards; Ray Cole Johnson at center and in the backfield were David Johnson, Joe Mitchell, Bobby Weatherly and Dean Richardson.

Other lads who saw action with the Colts in last Tuesday's contest included: Gerald McCormick, Glen Farmer, John Dan Bowman, Richard Brown, Doyle Brown, Jimmie Bullard, James Cox, Neal McQueen, Jerry Lewis, Jere Sayre and Bill Crossland.

POSTAL EXAM BE GIVEN SATURDAY

It was learned this week from one of the candidates for the postmaster position at Mobeetie, that the civil service examination for that position had been set for Saturday morning, October 11 at Shamrock.

Applicants who have been certified by the commission to take the examination include: N. J. Tyson, Tom Beck, Mayme Patterson, J. O. Hudson, Jiggs Leonard and Charles Mixon.

Following the examination, the postmaster will be appointed from among the three persons making the highest grades.

The Mobeetie postmaster position was thrown open earlier this year when the former postmaster, Grady Harris, resigned to take a rural mail carrier's position. N. J. Tyson has been acting postmaster since the resignation of Harris.

S. P. Lash of Tucuman, Okla. visited over the weekend with Mr. and Mrs. W. L. Williams.

MOBEETIE WINS FROM ALL-STARS

Mobeetie's championship Red River Valley League baseball club downed the Texas-Oklahoma League All-Stars in a matched contest on the Mobeetie diamond last Sunday afternoon by a count of 7 to 1.

Prater of the Briscoe club, playing with the all-stars, and Bus Dorman tied up in a sort of a pitchers duel for six innings then turned the pitching chores of the all-stars over to Gene Martin of the Sweetwater club. Martin and Prater together whiffed 9 Mobeetie batsmen while 5 of their teammates were going down via the strikeout route.

The Mobeetie club managed for 13 hits and seven runs while the all-stars could only account for 5 bingles and one run. One of the Mobeetie bingles was a homerun by Metz LaFollette. Tom Rieley played third base for the Mobeetie team and stole the show for the day by getting three hits in four times up and stealing three bases.

The all-star line-up included: Stevens, cf; Walker, 2b; Brawley, 3b; Martin, ss; C. Brawley, lf; Meadows, rf; Price, c; Daffnell 1b; and Prater, p. Martin pitched the last three innings and Anderson played short stop.

The Mobeetie line-up included: Green, lf; Elmore, ss; Dorman, p; LaFollette, 1b; Rieley 3b; Stephens, c; Vanpool, rf; Ford, 2b; and Box, cf.

Two Wheeler Students Attending Abilene CC

When Abilene Christian College, Abilene, Tex., opened for its forty-second session on Friday, September 19, it was with an enrollment of 1601 students, which is the largest registration in the history of the college. The largest preceding registration was the 1455 students of the fall semester of last year.

Enrolled in Abilene Christian College this year from Wheeler are two students. They and their majors are: Marie Finsterwald, education; Olin W. Pendleton, Jr.

THANKS!

Mrs. R. Wm. Brown, president of the Wheeler Parent-Teacher Association, stated this week that the organization wished to publicly express their thanks to Dr. Harold Nicholson and Dr. Glenn R. Walker for the services they rendered during the recent immunization program.

AAA PRACTICES NEED FINISHING

Completed practices should be reported to the county office, together with required measurements and proofs of completion.

Rites Held Wednesday For Sally Kay Sargent

Funeral services were held at the Hunt Funeral Home Wednesday afternoon at 1:00 o'clock for Sally Kay Sargent, infant daughter of Mr. and Mrs. E. E. Sargent of Wheeler, with B. M. Litton, minister of the Church of Christ, officiating.

Sally Kay was born Tuesday, October 7 and lived only a few hours after birth.

Interment was in the Wheeler Cemetery with Hunt Funeral Home in charge of arrangements.

Mr. and Mrs. W. O. Miller of Albuquerque, N. M. arrived Tuesday for a visit in the homes of their children and families, Mrs. R. Walker for the services they rendered during the recent immunization program.

JUDGE EWING HEADS GROUP

Judge W. R. Ewing resident of the Panhandle since 1893, was elected president of the Panhandle Old Settlers Association at the annual meeting recently in Amarillo at the Tri-State Fair. Over 300 members of the association, men and women who have lived in the Panhandle 25 years or longer, attended the meeting when the Panama judge was named to the office, and were guests of the Fair Association.

Old settler honors went to W. W. Richardson of Adrian, formerly a Mobeetie resident.

Election of Judge Ewing followed a program devoted to the development of the Panhandle. Other officers of the association are Ray Callihan of Conway, Dr. J. P. Gibner of Spearman, and Judge W. E. Gee, Amarillo, vice-presidents; and Johnnie Archer of Amarillo, re-elected as secretary-treasurer.

Judge Ewing retired as judge of the 31st Judicial District in January after 30 years in public office. He was elected district attorney at Miami in 1908, serving until 1916 when he was elected district judge. Only once during the entire time did he have an opponent.

He came to Higgins in 1893 from Missouri. He studied law in the (Continued on Last Page)

Former Army Personnel Can Enlist in Reserve

Capt. Eugene Saffold of the Amarillo Army Recruiting Station, will be in the U. S. Army Recruiting Station, City Hall, Shamrock, Thursday, October 16, to enlist all men interested in enlisting in the Army Reserve Corps.

Saffold urges all former Army Service men to consider the opportunities of enlisting now in the reserve corps. All men given an honorable discharge on or after May 15, 1945. Can now enlist in the reserve corps with the grade held at time of discharge.

Saffold made the following statement: All reserve time will count for longevity pay, and each year all reserve corps personnel will receive two weeks training with opportunity for advancement in grade plus full pay and allowances. At the present time congress is considering a pension plan for reservist when they reach the ages from 55 to 65.

For further information contact M-Sgt. G. W. Parrott U. S. Army Recruiting Station, City Hall, Shamrock, Texas.

Basketball Schedule Is Announced For Kelton

W. H. Willoughby, superintendent of the Kelton school, announced this week that the Mobeetie, Briscoe, Kelton, Samnorwood and Quail schools had formed a class B basketball league and play in the league would begin on December 2.

The schedule for the Kelton team is as follows: December 2, Kelton at Samnorwood; December 9, Briscoe at Kelton; December 16, Kelton at Mobeetie; January 2, Quail at Kelton; January 13, Samnorwood at Kelton; January 20, Kelton at Briscoe; January 27, Mobeetie at Kelton; and February 10, Kelton at Quail.

By W. K. Frey

IN YOUR ORCHARD

October is the month that can break your orchard as the next growing season is on its way.

The job of pruning is completed and we should be ready as soon as the first frost along. Then there's your crop, which will blanket the orchard during the winter, reduce and put some fertility in the soil. And another job is removing unhealthy and replacing them with healthy ones.

Old pruning job is slow work. But it's a lot easier to do some of those fruit buds than it is to pull them out individual tree next year after the fruit has reached a 25 cent piece. Peach trees should be pruned in work of branches, made only three or four large. On apple and pear trees, it is simple to thin out the branches to keep dangerous from forming. Of course sucker sprouts on the lower need to come off too. Hairy Vetch makes a cover crop for Wheeler orchards.

CONTROL OF PEACH TREE BORER

It is the time to treat trees with dichlorobenzene to control peach tree borer. Here's how to do it.

Use one ounce PDB Crystals per inch wide circular band on the inner edge of the ring around the tree trunk. Cover with a few shovels of dirt and leave for 30 days. Treat wounds in larger trees at same time for control of borers.

Meek, who underwent eye operation at Amarillo recently, returned Sunday and is said to be feeling quite well. Their son, and family of Maryland are in their home.

Two Wheeler Students Attending Abilene CC

MORE GENEROUS AND FORGIVING
There is considerable truth in the observation of Secretary of State Marshall, that the people of the United States are a little bit more generous and forgiving than most people. He was speaking about his proposal to turn over thirty-one American merchant

ships to Italy. Asked by a member of the Senate whether this is not an unusual procedure toward a former enemy country, the Secretary of State declared that it certainly was. He explained that the United States wants to see Italy rehabilitated and that the ships involved were surplus Liberty ships designed to replace Italian ships lost while under American control.

General Marshall is undoubtedly correct in concluding that the people of this country are more generous and forgiving than most people. The record of our warfare reveals that, when the struggle is terminated, the United States seeks much less for itself than the usual victor. It should not be overlooked that the wealth of the United States alone makes it possible for our government to overlook reparation in connection with warfare. As a general rule, when two nations go to war, the victor attempts to make the loser pay a considerable part of what has been lost. The reason why this rule has not been applied in recent wars is that the extent of the losses, on the part of the victor, has been so enormous that payment of the full sum in reparations has been impossible.

SOME EXCUSE
The prize excuse was introduced in a British court during the trial of a man charged with wife-beating. A neighbor described the blows in detail and the wife's helplessness.

In astonishment the Judge asked: "Do you mean the court to understand that you stood by and let this man strike the poor woman again and again?"
"Yes, I saw it all."
"And you made no effort to interfere?"
"I couldn't."
"Why?"
"I was filling my pipe."

MORE REASONS THAN ONE
"It sure makes me mad to have to wait for a girl to get ready to go out with me."
"Me, too. The longer she takes to get ready, the hungrier she gets!"
Beware of those people who are always doing something for your good.

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: BYRON DEMOSS

GRANTINGS:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10 day of November, A. D. 1947, at or before 10 o'clock A. M. before the Honorable District Court of Wheeler County, at the Court House in Wheeler, Texas.

Said plaintiff's petition was filed on the 25th day of September, 1947.
The file number of said suit being No. 3850.
The names of the parties in said suit are:
Donna DeMoss as Plaintiff, and Byron DeMoss as Defendant.
The nature of said suit being substantially as follows, to-wit: "Suit for divorce, grounds of cruel treatment, custody of minor children and support."
Issued this the 25th day of September, 1947.
Given under my hand and seal of said Court, at office in Wheeler, Texas, this 25 day of September, A. D. 1947.

POINT OF AGREEMENT

The young fortune-hunter was trying to be frank with Miss Moneybags, but didn't seem to be making much headway.
"I admit I'm impressed by your money. Anyone would be," he pleaded. "But, darling, it's you that I love. I care for your money only up to a certain point."
"Yes, I believe that," rejoined the cagey young heiress, "up to the decimal point!"

In Dirt Track Racing or Gasoline IT'S Control THAT COUNTS!

PHILLIPS 66 IS CONTROLLING TO GIVE YOU SHARP, EFFICIENT POWER-BELIEVING
The racing driver can't relax his hand that controls the wheel an instant. It takes constant control to build fine gasoline. Yes, control is the name of the game. Phillips 66 fine all-weather performance!
It's Phillips system of actively blending its high-grade gasoline components that gives you the performance—all year long. You get gasoline delivering steady performance—all year long. If you haven't driven "controlled" gasoline yet—Stop at your nearest Phillips Dealer today and fill up!

"VOLATILITY CONTROLLED" to give you POWER, PICK-UP and PHILLIPS 66 GASOLINE

FEEDING LAND FATTENS CROPS

"Feed the land and fatten the crops."
That's a slogan that E. A. Miller, Extension agronomist of Texas A. and M. College, would like to see in operation on every farm in Texas.
Miller brings the slogan to attention now because it's time to "feed the land" with winter legumes, which help furnish soil fertility that fattens the crops.
Winter legumes can be planted, says Miller, as soon as there is enough moisture in the soil to work it.
Legume seed that has been inoculated has produced the best crop of green manure. Miller says proper seed inoculation is a necessary phase of legume-growing, if the producer wants to get the most benefit from his winter cover crop. Fertilization is just as necessary, says the agronomist, in areas where soils and rainfall will make good use of the fertilizer. On the better types of Texas soils Miller recommends 200 to 400 pounds of 20 per cent superphosphate per acre, or its equivalent, while on light, sandy soils and old fields, it will take 300 to 400 pounds 0-14-7 commercial fertilizer per acre to get the job done. In the timbered section of East Texas, the 0-14-7 application is especially important.
To give farmers an idea of what they can expect in the way of increased yields through planting winter legumes, Miller quotes

some results chalked up by Texas A. and M. College Agricultural Experiment Substations. Fertilized and inoculated hairy vetch increased the yield of cotton more than 100 pounds per acre on sandy land at experiment substations at Nacogdoches and Tyler. At the Temple Experiment Substation, cotton following hubam sweet clover which was harvested for seed and then turned under, made a five-year average of 315 pounds of lint, compared with 165 pounds on land where cotton was grown continuously without clovers. Losses from cotton root rot were greatly reduced by the Miller labels water growing one of the best in the current Seven Step Program which thousands of farmers are carrying out. The Seven Step program, a cotton farming plan, includes soil improvement, and fertilized legumes, and other preceding cash crop money-making soil steps.

From where I sit...by Joe M...
How to Tell You're Getting Old
Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.
And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!
And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste of time; or who criticize people for enjoying a melody of beer with friends.
They're often well-intentioned folks, too. But from waste of time we can learn our lesson for enjoying wholesome pleasures—like a game of horseshoes, fishing—it's a sure sign of growing old (in spirit anyway) matter what our age is.
Joe M...

Questions and Answers about Adequate Wiring

Q.—WHAT IS ADEQUATE WIRING?
A.—Adequate Wiring simply means having enough circuits, large enough wire, and enough outlets and switches in your home to furnish electric service to all the electric appliances you have now and will want in the years to come.

Q.—Why should you have Adequate Wiring?
A.—So that you may enjoy the conveniences and economies offered by full use of your low cost electric service.

Q.—How can you tell if the wiring in your home is adequate?
A.—Call or write your nearest Public Service Company office or your electrical contractor. They will tell you in a jiffy.

Q.—Is Adequate Wiring expensive to install?
A.—No. The benefits you will receive from Adequate Wiring are far greater than the cost. Also Adequate Wiring will enhance the value of your property.

Q.—What does Adequate Wiring mean to homemakers?
A.—It means that you will begin to live better—electrically. Adequate Wiring means better cooking for you; more efficient refrigeration and water heating; easier washing and ironing, better lighting.

PEP SQUAD NEWS

The pictures were taken of the Pep Squad girls October 1 for the annual. They all seem to have enjoyed talking to Mr. Barrymore, getting out in the wind and (having their pictures made). A little about the Pep Rally for Thursday night was discussed but it was decided to postpone the meeting until Thursday. There was no Pep Rally Thursday night, but Friday at noon they assembled in the Study Hall and gave several yells for the boys to boost them in their playing against Shamrock.

The girls did good yelling Friday night, and I'm sure the boys will be proud of them. The girls get a thrill out of seeing all the people stand when the school song is sung, and to see the boys stand and remove their helmets. None other than they are suppose to, but sometimes they forget and don't do it. All in all we sincerely think we have a swell Pep Squad.

BRING MECHANIZATION TO SMALL FARM

Power units similar to this one, especially designed for service on the small farm, are paving the way to mechanization of family-size farms throughout the Cotton Belt, bringing the promise of greater productivity and increased income.

SENIOR NEWS

Lois, what caused that black mark on your arm? Did "some-one" bite you?

We seniors are planning a picnic, may ride for Monday night, Oct. 13. We all hope to have fun, and I think we will.

Seniors, we have to go to work on our favorites or someone is going to beat us.

Our football boys did good Friday night, even though we did get beat. Some of them really had the bruises from that game, but they'll heal pretty quick. Nice going anyway boys.

VaNeta, we heard you had to stay all weekend. We feel for you kid! But we can't reach you.

Congratulations Yvonne, it's not every day that one of the senior girls gets a little sister and especially one with a name as sweet as Beverly Sue Clark.

Darlene, the way you go around rubbing your left arm all of the time, we'd say you might have been taking shots.

Lois, why were you all grins in assembly Monday morning, and with out even asking we know that Charles must have been over Sunday night.

Joyce Bowman predicts that cold weather is on its way, and if you don't believe her just "ask ol' George."

Ruby, we heard you remark that you didn't like shows that were cruel, then why in the world did you go see "Brute Force" Sun-

day night? We would too if we had a boy friend like yours.

Jody, is that you and Yreva Sue we see hitting it for the drug store every evening after school? What are you looking for, girls?

It seems that Wheeler is a pretty popular place on Saturday or Sunday nights for out of town boys—it even makes the out of town girls mad.

We want to thank Pat Williams, LaVerne Watts, Georgia Ford and Jody Reid for trying their best Friday night. Stay in there girls. We wonder whose pictures those are up in front of the Wheeler Drug now. Uh huh we wonder.

James, you had better be careful flirting with some of these girls the way you do. One of them is liable to catch you.

JUNIOR NEWS

The juniors are sorry to lose one of their classmates, Christine Jones.

Pat, why so worried Friday night? We don't blame you, we were all worried when Harold got hurt.

Lonnie, you really play a mean game of croquet.

Hey, Marie, let us in on a secret. Who's the lucky guy?

Why does everyone seem to be getting so studious all of a sudden? Couldn't be time for six weeks tests, could it?

J. H. did you catch many fish Sunday?

Margaret, are you sure you wanted to get your English as-

ignment from Melba or read the news?

The junior girls feel hurt, they weren't welcomed to Home Ec. Thursday morning.

The sophies say they're proud of their football boys, well the juniors are too. Just think there are more junior boys than any thing else.

Peggy, will you lead us while we stand and sing?

Keep it up junior football boys maybe after all we won't have to have any English on Friday.

Yes, Frances he was talking to you.

You're really smart Pat W. you can take pictures almost as good as—Well any way you can take pictures.

Yreva, are you sure that's what he said?

Notice everybody! Johnny Weeks has lost his watch.

SOPHOMORE NEWS

Dorothy, what you and Bobby do talk about!

Bernice we like you in glasses. Lonnie who is the new heart throb? Is it the new freshman? "Could be."

Why were the sophomore girls glad to get out of Homemaking II Monday, Miss Mahaffey? Could it have been a test?

The sophomores are proud of our football players.

Floy Bell, you sure are popular on Saturday night.

Doyle, your black eye flatters you.

Red, your little brother is as big as you are. He had on your shirt Monday.

J. T. why are you trying to get the good side of Mr. Williams?

Joann, why are your finger nails so short? Who had a fight Saturday night?

FRESHMAN NEWS

Winnie, you better hurry, looks like a little freshman girl is beating your time, especially on Wednesday nights. "What about that George?"

This is the sixth week and we will take our six weeks tests this week.

I wonder why Juanita likes the bakery so well, could it have some thing to do about Wednesday night.

Georgia, who were those boys you were with Wednesday and Friday night?

Leola, Curtis sure did miss you Friday.

Bonnie, who was the letter from?

Wanda, do you really like M. L. Leona, what do you see in James Scott?

Glenda, why were you clapping for David J. Because he made a

speech in assembly Monday morn-

ing? Juanita, what was Billy Joe telling you Monday at noon?

We are all proud that M. L. is back to school.

Edgar, the girls really think you played a good game Friday night.

Bonnie Ray, we think your bangs are really pretty.

Georgia, we think he's a pretty good guy too.

The freshman want to thank the sophomores for the party Wednesday night. We all had a swell time.

Glenda, did you have a good time Friday night?

GUESS WHO?

She's a junior girl, with dark natural curly brown hair, green eyes, about 5 ft. 6 in. tall, weighs 105 pounds, and a fair complexion. She likes all sports, but most of all basketball. She has a wonderful personality and is liked by all her classmates. Guess Who?

JUNIOR PEP SQUAD NEWS

The Wheeler Grade School has organized a junior pep squad to back the Colts. The boys elected four cheer leaders, who are Helen Johnson, Marilyn Swink, Sue Stiles and Patricia Hubbard.

The pep squad is made up of the fifth, sixth and seventh grades but later decided that only the seventh grade would be able to go off to the games from Wheeler, so we had to then elect another cheer leader, which is to be Betty Lee Kidwell. We also elected two managers and they are Jerry Don Helley and Josephine Hubbard.

Our first game will be at Le-fors, Oct. 7, and everyone is invited to help us back the Colts.

NOW—make a date to OIL-PLATE!

Great to win, tough to lose!
With baseball, we're like anybody! With cars, we change losers into winners, quick! By changing played-out summer oil for fresh, clean, free-flowing winter-grade Conoco N#!

Conoco N# Motor Oil (patented) includes an added ingredient which fastens extra lubricant so closely to metal that cylinders are OIL-PLATED.

This extra OIL-PLATING resists gravity ... stays up, won't all drain down even overnight! So, you're extra-protected from metal-eating, combustion acids ... from "dry-friction" starts ... from carbon and sludge caused by wear!

For extra start-up, pick-up and power ... for extra smooth, silent miles ... make a date to OIL-PLATE today!

JUNIOR NEWS

Thrumman said he was sick Monday, so he would miss class. Could it be that Betty Jo was sick and could not come to class. Winnie gave Rosemary candy and gum all week. Richard was just a little jealous.

The juniors having an English poetry and Rosemary and Janice are the only ones so far that have any in.

Billie has quit going to town so much lately. Wonder why?

SENIOR NEWS

The seniors are getting ready for the six weeks tests that they have been dreading for so long. You know we have to do pretty good this year.

In case that you didn't see the ball game Sunday, Bill Price made the only point made by Briscoe. Our little hero.

We think that R. J. and Miss Ford look mighty cute in that new

car riding around but no fair R. J. we want to ride too.
If you are wondering why Faye has been so blue just ask a certain senior boy and he might tell you, or could he?

GIRLS SPORTS NEWS

Most of the girls have been reporting regularly for basketball practice. Everyone is looking forward when we can start getting more games and more often.

The girls are real glad that we finally have a new basketball to play with and we only hope that we can keep it for a while.

We are mighty glad that Helen Childress is back with us and is practicing with us once more.

SEVENTH GRADE NEWS

The seventh grade has been studying hard this past week. This is no joke either.

Clevene has missed a few days of school. Maureta also missed a day. They are back in school now and we hope they won't have to be absent any more.

The class misses Lanier Mote. He came here from Mobeetie, but withdrew Tuesday to go to Plainview. Our best luck goes with him.

Next week is test week and most of us are getting ready for our tests.

SOPHOMORE NEWS

The sophomores have finally, after so long a time elected their class officers as follows: Troy Treadwell, president; Dorothy Brotherton, vice president; Margaret Kite, treasurer; and Rober-

ta Zybach, reporter.
We are dreading our tests this week but maybe we will make good if we will study for a change.

WONDER WHY?

Rosemary and Mozelle's faces were so red in Bookkeeping Friday?

Everyone was so tickled in English III Friday. Mrs. Adams was it all that funny?

The boys are always trying to get out the study hall last period to play the girls in basketball?

Bill is wearing two girls senior rings. Why is it necessary to wear two rings Bill?

Betty was so upset in bookkeeping class Friday.

John C. and Rosemary had a cat on top of their car Saturday night? Could this have been a peeping tom?

All the boys go for the freshman girls? Now Elvin you had better wait for we hear that Thomas Roy has beat your time.

Richard was really sporting up Saturday night. Richard you had better let us in on this.

Faye has been so blue lately? Cheer up Faye everything will come out O. K. It always does.

Iris and Juanita waited so long in the car Saturday night? Could it have been that they were waiting for a certain boy to come around?

Helen and Richard are never seen in town together? Could it be that they were out of town a while?

Jack never does flirt with girls? We know that it isn't because they don't want him to.

BRISCOE WINS OVER ALLISON

The Bronchos won both boys and girls games Friday night with a pretty good margin. The girls game was pretty close the first two quarters but from then on it was pretty well won by the girls. Francis was high point girl for the night. The final score was 19-11. The starting line-up was: F. Francis, R. Finsterwald, L. Finsterwald, B. Standlee, M. Kite, and J. Clepper.

The boys score was 29-13. The game was a pretty easy one all the way through and all the substitutes were given a chance to play. The starting line-up was: Price, Finsterwald, Treadwell, T. Zybach, and B. Zybach.

Beth Rathjen Party Honoree On Birthday

Mrs. Leonard Rathjen honored her daughter, Beth, with a party on her sixth birthday, Friday afternoon at her home at Kelton.

During the party games were played and pictures were taken. Party favors were crepe paper hats and whistles.

Refreshments were served to the following: Norma Jean Daberry, Curtis and Karen Henderson, Betty Carol and Donald Gandy, L. H. Tucker, Bill Stiles, Jimmie Pond, Doris Rathjen, Bobby Jackson, Don and Kay Hill.

Mesdames Aubrey Pond, J. A. Tucker, Gordon Stiles, J. F. Rathjen, C. O. Henderson, Wilson Hill, L. T. Davis, G. S. Gandy and John Daberry.

Those sending gifts were Marie Lynch, Beth Stiles, J. G. Wells, Gay Wilson, Fannie Killingsworth, Mrs. H. T. Carman and Paralee McBee.

Sgt. and Mrs. Wayman Herd of Denver, Colo. returned to their home last week after a two weeks visit in Wheeler with his parents, Mr. and Mrs. H. H. Herd, and other relatives.

Corby Guthrie and Henry Risner who are attending college at Plainview, spent the weekend at their homes in Wheeler.

THE DELAVAL MAGNETIC SPEEDWAY Milker Unit

There is no other milker unit which offers you the many advantages of the De Laval Magnetic Speedway . . . in design, construction, convenience, quality or performance. It is completely different in principle . . . and different in the superior milking results it delivers. It provides a combination of essential advantages found in no other milker. Judge for yourself—ask us for the facts.

HOSPITAL NEWS

Mr. and Mrs. Alvin Steen of Canadian are the parents of a son born Friday, September 26.

Mr. and Mrs. W. C. Woodruff of Wheeler are the parents of a girl born October 1.

O. B. Mitchell of Shamrock entered Friday, October 3, for treatment.

Mr. and Mrs. J. R. (Nig) Clark of Wheeler are the parents of a daughter, Beverly Sue, born Sunday, Oct. 5.

Chunky Leonard of Mobeetie underwent an appendectomy Sunday, October 5.

Son of T. D. Wood, Briscoe, entered for treatment October 5.

Beatrice Woodward of Canadian underwent an appendectomy Oct- ober 6.

Bud McCarroll of Mobeetie entered for treatment October 6.

Sammie Conwell, Wheeler, un- derwent a tonsillectomy Oct. 8.

Baby son of Mr. and Mrs. Ralph Sims of Mobeetie entered for treatment October 7.

CARD OF THANKS

We take this means of express- ing our thanks and appreciation for every kind word and deed rendered us in the death of our beloved father, J. A. Bradshaw. We especially want to thank Dr. Nicholson and hospital staff, and for the floral tribute, also the nice food that was sent.

Mr. and Mrs. W. S. Patterson Mr. and Mrs. O. W. Pendleton Mr. and Mrs. Charley Brad- shaw

Mr. and Mrs. Otis Reid Mr. and Mrs. Owen Jones Mr. and Mrs. C. A. Marlow

Mr. and Mrs. Roy Esslinger and Dorothy and Mr. and Mrs. J. H. Richards spent Sunday in Borger with Mr. and Mrs. B. V. Stewart.

Mrs. Green Hostess Union Quilting Club

The Union Quilting Club met in the home of Mrs. Walter Green October 2. One quilt was finished and a lovely dinner was enjoyed by all at the noon hour. Members present were: Mes-

dames Frances Abbott, Mary Evans, Alex McCray, Pauline Hooker and the hostess. Visitors included Mrs. Margie Meddow, Miami, Mrs. W. R. Green of New Mexico and Mrs. Phil Corcoran.

Mrs. Lawrence Barry spent the weekend in Amarillo with Mr. and Mrs. R. C. Pugh.

BIG Reductions

WE ARE OVERSTOCKED ON SOME ITEMS; so, we have decided to offer them to you at a TREMENDOUS saving during the remainder of this month. You will be surprised to note that some of the prices on high quality merchandise is even below prewar prices on the same merchandise.

HOT WATER HEATERS 25% OFF

This makes a good fully insulated automatic heater sell for
\$58.15

SEAT COVERS 30% OFF

We have some nice seat covers in this group and it includes covers to fit most popular brands of cars.

RADIOS 30% OFF LIST

We are reducing all the radios we have in stock. This makes a good radio cheaper than before the war.

Tractor Tires

We have some tractor tires which we do not want to keep until spring; so, will sell at 20% off on rears and 15% off on fronts.

PAINTS

What we have in stock has been slashed to cost.

HAND TOOLS

We have on hand big stock mechanics hand tools which we must reduce. Will sell 10% below dealer's list.

MANY OTHER ITEMS AT BIG SAVINGS--

- CAR JACKS
- PISTON RINGS
- FLASH LIGHTS
- WEATHER PROOF TRACTOR COVERS
- FLOOR MATS
- PAINT BRUSHES
- BED LAMPS
- DRILLS
- IRONING BOARD COVERS
- CLEARANCE LIGHTS
- KITCHEN STOOLS
- TRACTOR TOOL BOXES
- TIRE PUMPS
- GASOLINE BARREL PUMPS

Broadcast: October 11, 1947
1 1/2 cups sifted, all-purpose flour
2 1/2 teaspoons baking powder
1/2 teaspoon salt
1/4 cup water
1 1/2 cups grated American cheese
1/2 cup Pet Milk
1/2 teaspoon salt
few grains pepper
No. 2 can peas, drained

Turn on oven; set at hot (425° F.). Sift flour with baking powder and 1/2 tsp. salt. Work in shortening. Stir in 1/4 cup milk and water. Turn onto floured board. Roll 1/4 in. thick. Cut into 8 rounds. Cut 1-in. holes in 4 rounds. Put rounds on baking sheet; top with rings. Bake 12 min. Mix together cheese, remaining 1/2 cup milk, salt and pepper. Cook and strain over boiling water until smooth. Add peas; heat. Serve between shortcakes. Makes 4 servings.

Allison Ramblets

Published by the students of Allison High School

(Intended for Last Week)

Mrs. Dave Kiker and Mrs. Doc Wilhelm sponsored a wienie roast for members of the League at Frey's picnic grounds. Those attending were: Virginia Winders, Evelyn Levitt, Lynn Levitt, Myrtis Hall, Gerald Hall, Bill Jones, Troy Jones, Dave Waldrip, Jackie Taylor, Helen Marshall, Jay Dean Bessire, Pete, Joe and Armenda Aderholt, Shirley Levitt, Billy Bob Levitt, Jerry Levitt, Gynell Reed, Parilee Helton, Roy Helton, Ray Peterman, and Laura Mae Walls. Everyone had an eating good time, but did you ever see so many fights?

SPORTS NEWS

The girls squad elected as their captain, Myrtis Hall, co-captain, Jonell Aderholt. This will be their third year on the team.

The boys chose as their captain, Roy Helton, co-captain, David Waldrip. This makes the third year for both boys on the team. Both teams have received their basketball jackets.

We are looking forward to our game with Briscoe October 3. The girls and boys both beat the outsiders in games Monday night.

Lynn, riding in the back of pickups seems to be a habit with you.

Myrt, do you think that's very nice, making your company sleep in the cellar? Virginia did we hear you said that you went so far as to sleep with the dogs?

Shirley, Jonell and Armenda, how did you like your walk to town through the sand and stickers?

There sure was a crowd in town Sunday. The kids are getting pretty mean around here.

Speck, that hat and cigar becomes you.

Why were some of the boys so late getting home Saturday night? Roy, how do you like your Wheeler girlfriend?

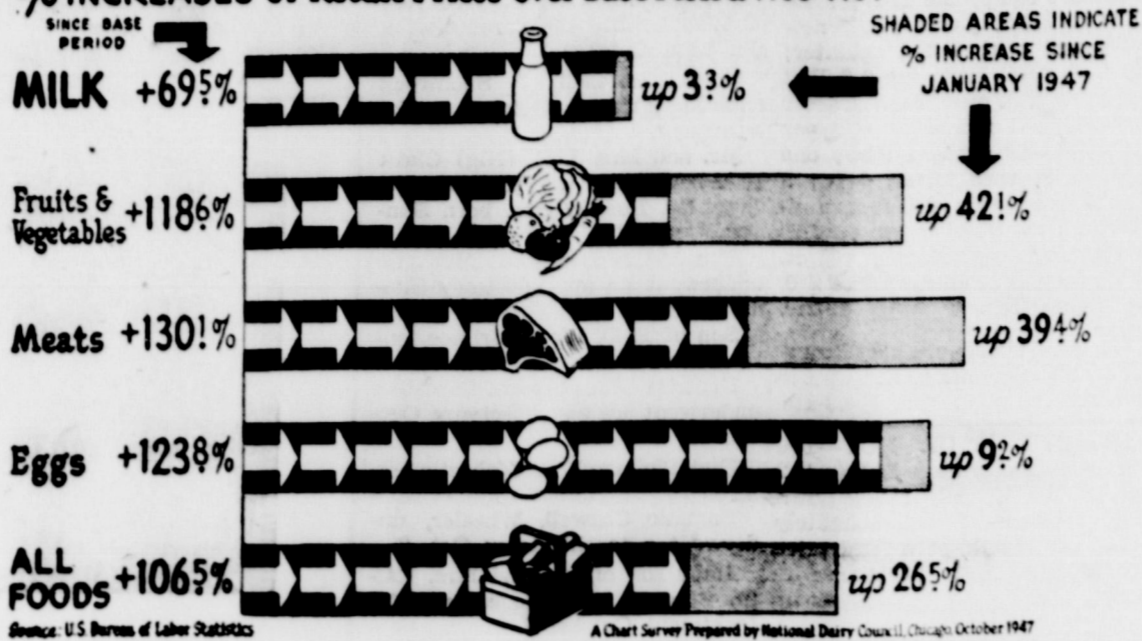

Seems as though the kids around here can't make up their minds about what they want.

If we could look ahead fifteen years things would probably be changed very much, perhaps—

Bill Wise would be a sailor in Hawaii looking at girls in grass skirts.

YOUR MONEY GOES FAST FASTER in Today's Food Market

% INCREASES of Retail Prices over Base Period 1935-1939

Figures released October 1 by the U. S. Bureau of Labor Statistics show graphically why it is increasingly difficult for the housewife to stretch her food dollars so she can give her family three meals a day that are nutritionally sound. The National Dairy Council points out that milk prices have been relatively steady over the nation, and have increased 37.0 per cent LESS than the average for all foods since 1939 and 23.2 per cent LESS than the average since the first of this year. Hence milk, in addition to being nature's most nearly perfect food, actually leads the food field as the housewife's most economical buy.

Jay Dean Bessire would still be working on his model A.

Roy Helton would be a movie star playing opposite Margaret O'Brien.

Jackie Taylor would be playing the piano in Carnegie Hall.

Myrtis Hall would still be waiting for Raymond to get his education.

Reta and Virginia would be old maid school teachers.

David would be coming to find his wife and children waiting for him.

Bill Jones would be coming (from no telling where, or what time.)

Katy Brown would be trying to finish college.

Bill Levitt would be a bus driver.

Parilee Helton would be keeping house for a handsome husband.

2,460 Deaths Caused By Pneumonia in 1946

According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,460 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent during the winter and spring seasons.

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble, when our resistance to it is lowered. We can keep our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home, and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia is present, or develops in such cases.

FARM FACTS WORTH KNOWING

Q. Is vaccination of calves for Bang's disease a sure preventive?
A. No. Some calves will gain immunity from the disease, but others will remain susceptible in spite of vaccination.

Q. Is it safe to breed mares during foal heat?
A. Most mares have what is known as a foal heat some time between the 7th and 11th day after foaling. It is common practice to breed mares back during this first heat period, and this is all right if the mare is strong and has cleaned properly. Three times when it is best not to breed during foal heat are:

1. When mare retains after-birth more than 3 hours.
2. When afterbirth or foal have to be removed manually.
3. When a discharge shows after the 5th day following parturition.

Q. What information should be included in a Hatch Record on rabbit litters?
A. It is important for rabbit breeders to keep records. Hatch records should be kept in duplicate to record the tattoo number of buck and doe, date of breeding, date of kindling, number in litter and number weaned. Free Hatch Record cards may be had by writing to the Rabbit Dept., Ralston Purina Co., St. Louis 2, Mo.

Q. What causes swine erysipelas?
A. Erysipelas is caused by a specific germ (Erysipelothrix rhusiopathiae) which usually gains entrance to the body by way of the intestinal tract but may also enter through injuries to the skin. Pigs of any age are susceptible to the infection. The disease has been found in litters only two days old, an observation that has led some to suspect the probability of infection prior to birth. The infection is spread through the urine and droppings. The germ is rather resistant to adverse influences outside of the body and may survive in the soil for a period of two years or longer. This point should be remembered in considering the sanitary control aspects in the prevention of this disease.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Vacations are enjoyed in prospect and retrospect.

Veterans' News

QUESTIONS AND ANSWERS

Q—Do I have to repay subsistence overpayments before I can go back to school under the G. I. Bill?
A—No. You merely have to make satisfactory arrangements to repay all overpayments before you will be permitted to re-enter school under Public Law 346 (G. I. Bill). It is VA's policy not to force any undue hardship on anyone in the collection of these funds.
Q—Is VA going to help veterans like myself whose hearing was impaired while in the service?
A—Yes, by a special program of medical rehabilitation to help you overcome hearing handicaps. The program includes a series of hearing and speech tests, the selection and fitting of a hearing aid if indicated, auditory training, lip reading instruction and speech correction if necessary.
Q—My son has renounced disability payments and I would like to know if he or his wife will lose their rights to other benefits provided by law?
A—No. Neither your son or his dependents will lose any of their rights to other benefits provided for them by law.
Q—My grades at school have been low and I would like to know if VA will help me find a way to bring my grades up?
A—You may receive assistance of

VA's educational and guidance service in an endeavor to correct these factors which may be contributing to your low grades. However, you will have to meet the requirements of the school if you wish to continue your course.

The doctors' bill per patient per day in VA hospitals which are most expensive to operate, excluding food and administrative costs, is \$1.47, Dr. Paul R. Hawley, VA's Chief Medical Director has revealed.

That is the average cost for all doctors' services in general medical and surgical hospitals, Dr. Hawley declared in an address before the American War Dads in a convention in Fort Worth, Texas.

In tuberculosis hospitals the bill comes down to 88 cents per day, and in mental hospitals the cost per patient per day "is the ridiculous low figure of 36 cents," Dr. Hawley stated.

One big factor in low doctor bills for VA hospitals is the conversion of these institutions into "teaching hospitals" where the latest developments in medicine are taught, he said.

Doctors are anxious to become associated with VA hospitals to gain this knowledge and are willing to provide their services for lower pay than would otherwise be true, Dr. Hawley said.

He emphasized that all resident doctors learning specialties in VA hospitals are full-fledged doctors taking further training under the watchful eye of specialists, fully accredited to medical specialty boards.

Veterans who fail to repay subsistence allowance overpayments while in education or training under the GI Bill and who later

apply for unemployment or self-employment allowances will have the amounts they owe the government deducted from the latter benefit checks, VA reports.

Explaining that Federal statutes prohibit payments of Government funds to persons indebted to the United States, VA said instructions will be issued to state unemployment compensation agencies for the recovery of such overpayments from readjustment allowance claimants.

These agencies administer the program in their respective states and make the actual payments to unemployed and self-employed veterans, although VA foots the bill.

Veterans who have made arrangements with VA to repay their indebtedness are considered in good standing and are in no way affected by the new system, since it will be used only in cases where "there is no apparent means of recovery from sources other than readjustment allowances," VA said.

Arval Montgomery, Shamrock, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are:

Dr. J. A. Hall, Shamrock, Texas.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1,135.

2. That the owners are:
Albert Cooper, Shamrock, Texas
J. C. Howell, Wheeler, Texas

RECEIPTIVE ARTIST

"All men yearn for public adulation," said Ding, the famous cartoonist. "And don't let anyone tell you differently."
A friend of the artist's wife visited his studio and, looking about at his drawings, gushed, "Wonderful! You must get a great deal of praise from all sides."
Ding laughed.
"Not a whit more than I need," he admitted.

Under the Research and Marketing Act of 1946, the U. S. Department of Agriculture cooperating with state agricultural experiment stations, will conduct surveys to determine requirements and kinds of foods consumed by different groups with country's population, the material to be used as a basis for estimating potential outlets for farm products.

COTTON ED says.....
"Cotton an Turkeys an hen Eggs is all Just the Same"

Everybody knows that a broad-breasted turkey is worth mor'n one that's all legs an wings... an a dozen big eggs is worth more'n a dozen little eggs... an sides that... high grade, good staple cotton is worth more'n bollies an cotton that's been ginned wet an there ain't been no care took of. Guess there ain't nobody won't agree that all farm products ort to be bought on the basis of quality so's the feller thet raises good stuff and takes care of it can git paid fer his work.

The gin men have knowed thet fer a long time and have knowed the farmer had to make money raisin cotton er he wouldn't raise it... so they have tried to help him make money so's he would keep em in business. But them critters have had a awful hard time a gittin rid of the old hog-round buyin thet everybody agrees wuz wrong an gittin to buyin on grade an staple. The trouble was gittin the cotton classed. With the new wrinkles thet's bein added this year tho... this gov'mint classin is might satisfaction and is shore good fer the farmer. I think farmers ort to know more bout how it operates. I looked into the thing myself and I'm a goin to tell ye about it in my next visit with ye.

Yours fer grade and staple buyin.

Sincerely,
COTTON ED

Mrs. Goad Honors Bride With Shower

Mrs. W. A. Goad, Jr. complimented Mrs. Roy Ford, nee Peggy Weatherly, with a miscellaneous shower Saturday evening, October 4, in the home of Mrs. Annie Sivage, with Mrs. P. A. Martin assisting as co-hostesses.

The entertaining rooms were decorated with colorful bouquets of fall flowers. The dining table was laid with a hand crocheted cloth centered with an arrangement of flowers. Mrs. Jess Moore and Mrs. J. C. Martin presided at the punch bowl.

Miss Georgia Ford registered the guests. Misses Donnie Goad and Melba May and Mrs. J. C. Tipton of Borger assisted in the display rooms.

Those calling during the evening were: Mesdames Albert Chapman, Loyd Davidson, Charles May, Bill Black, Aaron Williams, John Barr, B. M. Litton, J. C. Martin of Borger, Otis Ford, W. O. Weatherly, Jess Moore, Annie Sivage, Gordon Whitener, J. C. Bradstreet, E. Wm. Brown, Shelby Pettit, T. M. Bradstreet, Joe Weatherly, Clyde Gaynes, Fred Waters, P. A. Martin, Clyde Newson, Telle, Neville Arganbright,

W. A. Goad, Jr., Luther Parks, J. D. Johnson, J. C. Tipton, Will Burks, Maurice Burgess and Jack Guynes.

Misses Francis Porter, Jo Noah, Pat Noah, Melba May, Georgia Ford, Mildred Newsom of Tulla, Donnie Goad and Billie V. Brown.

Those sending gifts were: Mesdames O. W. Pendleton, J. M. Burgess, C. C. Crowder, Bessie Robertson, Ira Passons, George Simmons, John Revious, Lane, Paul Green, G. W. Mason, J. D. Herd, Max Wiley, Lonnie Lee, Nelson Porter, Carroll Pendleton, R. T. Watts, Cecil Richerson, Clint Starkey, Leon Morse of San Antonio, Jack Garrison, A. C. Woods, O. Nations, R. C. Pugh, Loubert Moore, J. B. Rogers, T. T. Patterson, Loyd Anglin, George Porter, Jimmy Swink, I. B. Lee, John Wright, E. B. Dyer, Charlie Carter, Don Hefley, Holt Green, Gus Jones, Bill Chapman, Frank Noah, R. B. Mann, Harry Woford, Frank Wofford, George Topper, S. D. Conwell, W. A. Goad, Sr.

J. B. Oglesby, Ernest Lee, Lee Guthrie, L. T. Crowder, J. N. Tucker, C. F. Pennington, Fred Farmer, Claude Cox, Loyd Lee,

LADIES!
You're Invited To See THE NEW Bedroom Furniture AT **ERNEST LEE'S**

The suites we are the proudest of are our new POSTER SUITS... these beds are made with massive 4 1/2-inch posts at each corner of the bed... the vanity has a 42-inch plate glass mirror and the top is 48 inches across... the chest of drawers is 34 inches across and 50 inches tall... and the vanity stool is padded and has solid ends. This is a very sturdily built suite throughout and is an exceptional value both in price and quality. These suites are now on display and we invite you to come in and see them.

We have several other styles of bedroom suites in the price range that you wish to pay.
