NOTICE TO PUBLIC

Any criticisms reflected upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper will be gladly corrected upon due proof being given to the Editor personally at his office at Wheeler, Texas.

THURSDAY, MARCH 4, 1948

Editorial

The city election is coming up the first Tuesday in April and so far not a single word has been said for any of the four places that are to be held.

The terms of the mayor and three aldermen expire this year and it appears that we are really care whether the city of Wheeler has a government or not.

The mayor and aldermen whose terms expire this year are taking the attitude that if the people are pleased with the way they along with the other two aldermen, have run the city government for the past two years they will be returned to office.

If the people of this fair little city of 1,500 population do feel that the city governing body has done a good job in the past couple of years, it behooves us that it might be encouraging to them to hear about it and urge them to state whether they would like to serve again.

We understand that holding any public office is a very thankless job and holding an office as councilman in a city as small as Wheeler has its drawbacks but we also believe it is an honor to be chosen by the people with whom you associate everyday to be held high enough in their esteem to be given the opportunity of managing their affairs of state.

We have heard, strictly rumor, that one of the retiring aldermen has stated in private conversation that he would not serve again if elected. We believe that if this is any man's opinion he should either get out and get someone else to announce for his place on the council or come out publicly with a statement telling his fellow citizens that he is not willing to serve another term as their alderman.

We, personally, are very well pleased with the way the city has been conducting its affairs during the time we have been a resident of this fair city and wish to congratulate the present governing body of the city of Wheeler and urge the present aldermen and mayor to offer their services to the city for the next two years.

Here To Hereafter—

The Texas Safety Council, addressing itself to pedestrians, warns them that "From here to hereafter may be measured in feet—your feet." That's emphatically true. If you waste no time getting from one side of a downtown street to another, you'll live long and be happy. If you're the kind of citizen who never looks either way, it'll happen when you least expect it.

The youngest age at which one may be married in the United States is 14 years for men and 12 for women.

Trade Winds are those blowing continually towards the thermal equator and deflected westward by the rotation of the earth.

In a theatre lobby, the initials S. R. O. mean standing room only.

MOBETTIE HI-LIFE

Published each week by the students of Mobette High School. Editor: Nancy Ware. Assistant Editor: Mary Louise Matthews. Senior Reporter: Betty Jean Patton. Junior Reporter: Beverly Caldwell. Signature Reporter: Gertrude Reynolds. Freshman Reporter: Betty Jo McCray. Six Grade Reporter: Virginia Ware. Sports Reporter: Ross. One State Sports Reporter: Cindy. Virginia Henderson.

SENSE NEWS

Virginia Henderson is 18 years old. Her hair is dark blonde and she has hazel eyes. She is 5 feet 10 inches tall. Mrs. Henderson is her favorite teacher and her favorite subject is bookkeeping. Her favorite sport is basketball. She likes new cars and makes nothing. Her ambition is to be a secretary. Virginia moved back and forth in her senior school from Mobette to other towns. She just couldn't make her mind up to whether she liked it or not. Finally after being with it in the first and then she decided to stay and come back when we were in the state. Virginia sometimes called Jane, took part in basketball the first year of the season but in second it was a bad knee was forced to stop. In the third year she was back in school. Although she only likes to play, she was chosen very much and turned out to be a good sport. Virginia is known for her position in her work.

The senior class of Mobette presents their class play "The Art of Andrew" on March 11, 1948. Everyone is cordially invited to come and enjoy with the public. Come and see the class at their best.

The characters are as follows: Patricia, Andrew's darty maid; Doris Barton, Andrew's friend; a senior in Cameron College; Hugh Jeffers, Andrew's friend; Walter, Andrew's friend; Willie, Andrew's friend; Mary Louise Matthews, Andrew's friend; Virginia Henderson, Andrew's friend; Betty Jo McCray, Andrew's friend; Gertrude Reynolds, Andrew's friend; Ross, Andrew's friend; Cindy, Andrew's friend; Virginia Henderson, Andrew's friend.

ALTHOUGH

The seniors want to be clear up

so we can practice, it doesn't. The juniors had a lot of news last week they should have some this week.

One is a bookworm he is happy. Debut isn't a bookworm he is a happy.

Part of the kids are ready to quit having ball games, they are still preparing.

Cindy wasn't a member of the F. A. she has a jacket.

Virginia isn't able to play ball, she is a good sport fan.

Everyone can't be in the senior class all the time has participated in a class play.

The annual isn't ready we are still going to have the.

Mrs. Henderson has taught school at Mobette several years she isn't gray-headed and she has taught at Mobette all the time too.

Mr. Brown is a school teacher and is gray-headed he isn't taught at Mobette all the time.

We didn't know Mrs. Nolas when she came here we liked her and like her more every day.

The American History class was surprised if they had a test Monday.

The weather is bad we are having school.

GUESS WHO?

ANSWER—Beverly Caldwell. She is a junior boy. He is over six feet tall and weighs over 150 lbs. He likes a certain girl and he knows a real pick-up. Guess who?

"GONNEP"

We are going to have Mrs. Henderson back with us. "The Secret Story" had company Saturday night. What about it? Don't drink at Deaton's.

"Waters" got tired left to be just about another one. I didn't know it was all that easy.

SOCIETY

Mrs. Barnes Hostess Thursday Review Club

Mrs. Earl Barnes was hostess to members of the Thursday Review Club at her home Thursday evening, February 25.

Mrs. B. J. Hill, Jr. was program leader and gave "History Through Biography." Mrs. Carl Perry read of how Susan Anthony worked for the equal rights of women and Mrs. Lester Roberts gave a summary of the lives of Benjamin Franklin, Thomas Jefferson and Walt Whitman.

Dainty refreshments were served in the following: Madeline Arthur Elmer, Leta Roberts, Esther Blackwood, Susan Callan, B. J. Hill, Jr., Lester Roberts, Joe Weatherman, J. O. Howell, James

Mrs. Miller Hostess Myrtle M. Demo Club

Mrs. Miller was hostess to members of the Myrtle M. Demo Club at her home Thursday evening, February 25.

The club met Thursday, February 25, in the home of Mrs. Elmer Miller.

The house was called to order by the president and after the regular business session the literary agent, Mrs. Emma Hastings, read of building materials, needs and costs of meat. She also gave a review of parliamentary rules. Members present were: Mrs. W. A. Good, Mrs. L. H. Marsh, Harvey Wright and Carl Hill.

Pink And Blue Shower Honors Mrs. Goggel

Mrs. Eugene Goggel was honored with a pink and blue shower in the home of Mrs. Sara Conner, February 25.

Those present were: Madeline Brown Simpson, Faye Selin, Olive Butts, Phil Conner, Albert Scribner, Bill Conner, W. A. Scribner, M. D. Wain, Horace Blair, Leslie Warren, Duane Scott, Elva Purser, T. M. Roper, Jack Allen, Walter Goren and Miss Kathleen Wain, the hostess and bridesmaid.

Those sending gifts were: Madeline Claude Parker, C. E. Roper, Walter Brown, Ernest Albert and Shell Goggel.

Mrs. Olpham Hostess Good Neighbors Club

The Good Neighbors Home Demonstration Club met February 25 in the home of Mrs. M. C. Olpham, with "Home" as the subject.

After the regular business session, Mrs. Emma Hastings, county agent, discussed "Home Building" and "Building Material and Supplies."

The next meeting will be March 11, at 2:00 p. m. with Mrs. C. C. Dyer.

Mrs. F. Pennington is Hostess To Study Club

The Wednesday Study Club was entertained in the home of Mrs. F. Pennington, February 25.

The program on "Texas" was led by Mrs. Max Wiley who presented an "Information House" table talk. She was assisted by Madeline Harold, Neat, B. W. Brown, Nelson Parker and Carl Latta. The program was both informative and amusing.

The following guests and members were present to enjoy the session: Madeline, Paul Wiley of Fort Worth, Fred Parker and Bob Rodgers as guests; Madeline Harold, Neat, B. W. Brown, B. J. Hill, Sr., E. E. Nicholson, Sr., T. M. Roper, George Parker, J. W. Bann, W. L. Williams, Harry Washburn, Max Wiley, E. M. Wiley and the hostess, Mrs. Pennington.

UNKLE HANK SEZ

There's nothing hard about getting your tractor in perfect shape for spring plowing. Our repair department is fully equipped to take care of any problem.

Remember... we also carry a complete line of McCormick-Deering tractors and parts. Be sure you're not overlooking your farm needs.

ALCOHOL
 PUBLIC enemy No. 1—

TEXAS GOALS FOR '48 HAVE BEEN APPROVED

Approval of 1948 Texas goals for agricultural commodities has been received from Secretary of Agriculture Clinton P. Anderson by Howard Kingsbery, acting state director of the Production and Marketing Administration and chairman of the Texas USDA Council.

The 1948 cotton acreage goal has been set at 8,300,000 acres; rice, 475,000 acres; corn, 3,400,000 acres, and all sorghums (including sorghums raised for syrup, forage and grain), 6,800,000. The wheat goal, announced earlier, is 7,220,000 acres.

"Naturally the state is in accord with the USDA's desire to increase the production of grain crops," Kingsbery said, "and our goal for feed grains has been set at an increase of about 12 per cent over last year's production. Although our goal is below that suggested by USDA, it is not to be interpreted as a lack of interest on the part of Texas in the grain program. It's just a recognition of the fact that the cropping system in the state is pretty complicated and the change from one crop to another can't be made as easily as it sounds."

Commodities, approved 1948

POLITICAL ANNOUNCEMENTS

Subject to the action of the voters in the Democratic Primary July 24, 1948.

For Representative 122nd Legislative District:

GRAINGER McILHANY
 CARL B. MORRIS
 VINCENT KERSEY

 HARRY WOFFORD

For Sheriff:
 W. Z. BAKER
 JESS SWINK

For District Clerk:
 CHRISTOPHER S. McCLAIN

For County Treasurer:
 PALMER SIVAGE

For Commissioner Precinct No. 1:
 LLOYD ANGLIN
 FRANK LEE
 ALFRED M. HILL
 W. L. (Shorty) ERWIN

For Commissioner, Precinct No. 2:
 S. B. DAVIS

goals, 1947 harvested acreage and percentage of the 1948 goal over the 1947 harvested acreage, are listed in that order:

Wheat: 7,220,000 acres, 7,450,000, 97 per cent.

Rye: 35,000, 32,000, 109 per cent.

Irish potatoes: 45,900, 45,000, 102 per cent.

Peanuts, picked and threshed: 560,000, 752,000, 75 per cent.

Flaxseed: 100,000, 84,000, 119 per cent.

Winter legumes seed: 75,000, 57,000, 220 per cent.

Tame Hay, harvested: 1,273,000, 100 per cent.

Total feed grains: 12,350,000, 10,940,000, 112 per cent. Total includes corn: 3,400,000, 3,071,000, 110 per cent; oats: 1,875,000, 1,875,000, 100 per cent; all sorghums, 6,800,000, 4,794,000, 117 per cent.

cent, and barley: 275,000, 200,000 and 137 per cent.
 Grain sorghums for grain: 4,450,000, 3,506,000, 127 per cent.
 Cotton: 8,300,000, 8,365,000, 99 per cent.
 Rice: 475,000, 441,000, 108 per cent.
 Sweet potatoes: 65,000, 55,000, 118 per cent.
 Alfalfa seed: 10,000, 19,000, 52 per cent.

A suggested goal of 3,000 acres of soybeans was approved by the Council.

Goals for livestock and poultry were set by the USDA on a national basis and were not broken down into state figures. They call for a reduction in hens and pullets (from 26,791,000 to 24,719,000) and beef cattle (42,000,000 to 39,300,000) while the number of milk cows (1,264,000) and sheep and lambs (8,308,000) is the same as in 1947.

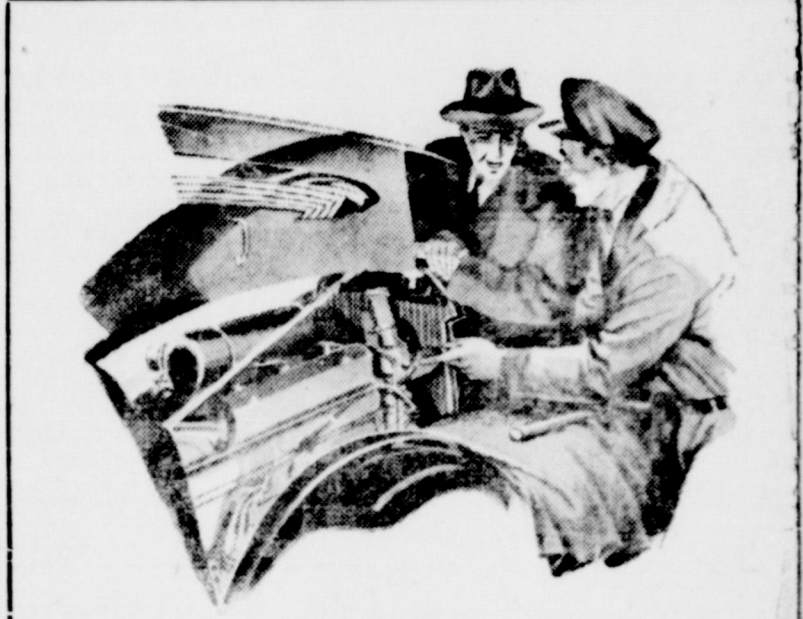

According to the Council the goals for chickens raised in Texas will drop from 42,459,000 in 1947 to 39,486,000 in 1948, and turkeys raised will increase from 3,681,000 in 1947 to 4,000,000 in 1948, while cows to farrow in the spring are estimated at 186,000.

REFUND

Tompkins was passing the plate in church when a woman hurried in, dropped a coin in the plate and moved on. When he reached the last pew the woman came bustling back, snatched the coin and started for the church door. Tompkins grabbed her.

"Look here," he said. "Why do you come in here, drop a coin on the plate, then take it out again and leave?"

The woman snook him off indignantly. "I'm in the wrong church," she said.

BASKETBALL NEWS

Basketball season is over and we must admit that we didn't have much luck this year.

The girls lose two of their most strong players this year. We will certainly miss them. We hope we will be able to replace you, Ruby and Judy. We have had some rough times, and some very fine times, and we will miss them.

The boys are lucky they keep all their players, and they will have better luck next year.

Good luck kids, and next year and maybe you will be able to win more games, with more experience and more coaching.

SENDING NEWS

Vaneta, Brown, a senior has been with us all her school years except for one or two weeks in which she spent in Corvallis, Okla. She has light brown hair, green eyes, five feet, three inches tall, weighs 110 pounds. She is a very nice girl, and she is very popular at school. She has been in all our activities. She has played basketball. Vaneta played a very nice part in our junior play. Some people may consider her quiet, but we all know that she isn't. She never talks with the boys much, she just sits and glances at them for them after. Vaneta wants to be a nurse. We hope if you are one, you don't kill anyone.

Due to the teacher's meeting the 12th, we will have to get our play all together week. It will be around the 19th before we have it. It may take that long for us to write it though.

I started reading again, and my name will be able to keep up with that man of letters. And out of the way you and Jimmy and practicing the play Sunday night? Oh, the show was good, huh?

Thomas, why weren't you at our practice Sunday afternoon? It certainly wasn't because you didn't have a way? We would like to be with you boys and girls.

James, had you just gotten out of bed, or were you really sleeping on your back? You girls knocked at your door Sunday.

Happy go home, and be with your folks. We will see you next week. That's all right. Happy, we all know how you feel.

Bill, Jimmy told us that you are quite a mechanic. Teaching us through the "See-Board" is a good idea. We will see you next week.

turned around or just trying out one of your new-hunged ideas? George, you and Jimmy expect of the show a lot more than the company you had before you were called out. We always enjoy Carmel and Thomas so please don't think we're speaking about you. Jim, who is your "best" friend now? We haven't seen you with a girl in a long time.

We asked Leta the other day if she was going to college. She blushed and said, "goodness, my college doesn't interest me any." That put us to thinking what really did interest her, unless we came to the conclusion that she may be getting married when school is out. Could that be right, Leta?

A few of the kids weren't all happy after reading the Corral last week. Wanda, one of 'em had better wear a shield, John is on the war-path.

Someone saw Carl in Shamrock without Ruby Sunday night? What did he do Ruby, send you to the show that take off?

Bill, you shouldn't get. Don't worry, but after all, she was only trying to keep you out of a fight.

I'll bet Happy and Leta won't have any more disagreements any more. How about that, Wanda?

Don't you think we should give a salute to the "bums"? They get their news in that way.

Deane, we're worried Sunday afternoon when I started reading the Corral. It was summer time, and I had the windows open at home.

Mrs. Baker, you do have a fine sense of humor. Had all her English IV students failed their tests.

NOTHING NEWS

Deane, you and a certain somebody are really getting up a tree.

Juan, what's the matter? Didn't you like what was in the paper last week?

Charlotte, your grade in English looks good. Key in that way. I T. Is you think that much of the time? Everyone we see you, you're in it.

Richard, you sure did get to school early Monday morning. Did your mother get you up early?

Juan, you know you shouldn't argue with women, when she knows she is right. Will you ever learn?

C. T., you sure are mean to little kids. Throwing their caps up top of buildings.

Leslie, what were you and that Boyton boy doing parked in the light? Don't you know people will see you?

Ruby, you and that upper you are trying to put in that dress is causing you quite a time.

Marta, do you study all the time?

Don't need to serve more for during Lent, and the war-torn folks. Carmel is your "best" friend, huh? Bill, you sure had a nice meal, you in alternate layers in ground? It is summer. And if you, better if you had a little butter and a little salt, and a little pepper. I am not kidding. Cook over boiling water until thick, stirring constantly. Then pour over casserole mixture and we will have a nice meal. I will see you next week. That's all right. Happy, we all know how you feel.

If you had more salt in the oven the water of a gas range because it prevents the combustion of air. Finally heated air gives best heat radiation for educational heating and cooling systems.

Remember the history of the world before you throw out your bread. The top of bread is called the crust, because it is very dry for use as a substitute for crackers with soup or salad.

To save fuel, you should cover the top burner before lighting the gas. Then turn the gas off before removing alcohol from the burner.

Jack, when did you get that little tigger, didn't you start shouting Monday morning?

Margaret, your brother can really play basketball. We hope you take after him.

Denroy, you mean thing. What you won't think of next.

Sam, Denise, you know you need a little sleep every day in winter or at least it does help a person.

Curly, did you have a nice time Sunday?

Personality: Name—Inagete Reid. Age—15. Height—5 feet 1 inch. Weight—117. Color of hair—Blonde.

Color of eyes: Green. Likes: A certain boy. Dislikes: Some boys. Favorite food: Lemon pie. Ambition: Undecided. Linda, do you stay in town all weekend?
Miss MacHaffey sure did look sleepy Monday morning. Wonder why?
Wanda said she would certainly be glad when the Fat Stock Show were over. Maybe David will stay in home so the Allison girls can keep up with him then?
Barbara, don't you ever stay at home?

FRESHMAN NEWS

Edgar, why was everybody teasing you Monday at noon, should we ask Claudell?

Maurice, don't you like to be called "Poodle"? It doesn't make you mad does it?

James, seems as though you might have to go by the name of Smiley.

Gene Sides, why don't you quit shouting paper wads?

Georgia, what's happened to you and that great Dodge?

Janita, you always seemed to be someone when Georgia isn't here.

Bonnie, why do you go to the post office so often? Expecting a letter from Wellington?

LeWanda, who was that blonde girl who was with Saturday night? And we don't mean a girl?

Dick, who did you walk down to the gym with Saturday night? How about that, Janita?

Georgia, guess who was looking for you Saturday night? You better get things straightened out a little.

Billie, where were you Saturday night? Don't tell us you like Shamrock too? Or is it Shamrock you're interested in?
Glenda, someone was looking for you Saturday night. It wasn't Janita either.
Maurice, what is your new nickname? Doesn't make you mad does it?
Janita, Glenda, and Georgia sure appreciate the way all the boys made fun of their long skirts Friday.
Dick, why do you carry that big book around with you? We know you don't especially like memorizing.
Maurice, you better watch what you say over at the Home Ec. cottage.
Aren't you girls glad Miss MacHaffey can take teasing?
Janita, does something always happen on Friday? He doesn't come to school or either goes home as soon as he gets there.
David played a good game Saturday night, but one thing was lacking. Glenda wasn't there to yell for him.
Gene, where's your girl? Every time we see you in town, you're with your little sis.
Lucille, don't you and Leola ever have a fuss? You're always together.
Dolly, where do you and Floy Bell go every day at noon?
Wanda, you weren't really worried about that English test, were you?
By the way, we're sure glad six weeks tests are over.
James, I bet you wish Glenda and Janita would buy them some notebook paper, don't you?

(Personality)
Name: Juanita Tipton.
Age: 14.
Height: 5 feet, 10 inches.
Weight: 112 pounds.
Color of hair: Light Brown.
Color of eyes: Blue-green.
Likes: Boys in the junior class.
Dislikes: Two-faced and snooty people.
Favorite food: Hamburgers and lots of pepper.
Favorite sport: Basketball.
Favorite subject: English.
Favorite teacher: All of them.
Ambition: To be a successful housewife.

EIGHTH GRADE NEWS

(Basketball News)
Both the Wheeler boys and girls won first place in the tournament held here over weekend. The boys and girls from Miami won second place, and boys and girls from Brown third place.

The basketball girls thank Mrs. Jesse Moore for the party she gave them last Friday night. Mrs. Moore has an enthusiastic junior team throughout the season.

Richard, Carmelita missed. Why didn't you come to the party? Maurice, why were you Claudell glad we didn't have assembly Monday?

Claudell, too bad you weren't town Sunday. James was the Mary Bob, we can't understand it for once you didn't get up.

Maurice, do you really like ride tractors? We can't get we blame you.

Neal, is it too bad for you? (Continued on next page)

From where I sit... by Joe Marsh

How to Put Up with Women's Styles

When Will Deader's massive body gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were a slave to fashion... right to dress to please their husbands and not style designers.

Perhaps the war somewhat dresses isn't always to our taste—but as Will's glass of beer may be another person's color.

But from where I sit, those little differences aren't important—unless we go out of our way to make them so, by being hypocritical. As Will says now: "Well, anyway, those long skirts take a multitude of sizes".... and let it go at that!

A little care saves a lot of wear!

A Spring change from contaminated, old winter oil to Nth Motor Oil protects from grit and dust that can ruin the inside as well as the outside finish of your car!

Conoco Nth Motor Oil (Patented)* contains a special added ingredient that fastens an extra film of lubricant so closely to metal that metal surfaces are actually OIL-PLATED!

This OIL-PLATING stays up on cylinder walls while you're running hot and when you're not... won't all drain down into the crankcase even overnight! That's why Nth Oil extra-protects from "dry-friction" starts... from sludge and carbon caused by wear.

So, for extra-cool, extra-powerful, extra low-cost miles...

Make a date to OIL-PLATE!

Neck May
 of a Series)
 Neck may save your
 terse advise offer-
 J. Elliott, Chief of
 Highway Patrol, in urg-
 to keep the safety
 their cars in tip top-

"We are cooperating with safety authorities throughout the nation in a 'Learn and Obey Traffic Laws' program during February," Chief Elliott said. "The law requires that your car have certain equipment for safety, and it's there when the manufacturer delivers the car. But it is up to the driver to keep it working properly."
 He said National Safety Council figures show that 18 per cent of

all vehicles involved in fatal accidents are defective. A recent nationwide police check-up showed one out of three cars defective, and one out of seven with bad brakes.
 The major safety equipment was listed as brakes, lights, mirror, windshield wiper, horn and safety glass. Many of these items will wear out or become damaged with use, and the motorist must see that they are maintained in good condition.
 "Periodic inspection by trained mechanics is the answer," Captain Folk Ivy of the Amarillo District said. "Professional drivers, such as truck drivers, inspect their vehicles before your trip. That's a good idea for every driver, and it would save a lot of lives."

A LITTLE TIGHT

The famous comedian, Harry Lauder, according to legend, was coming out of the stage door of the Palace Theatre one afternoon when a lady stepped into his path, shook a coin box under his nose, and reminded him:
 "This is tag day for the hospital fund. Give till it hurts."
 "Madame," Mr. Lauder told her with a tremor in his voice, "the verra idea hurts."

THE CORRAL

(Continued from Page Six)
 come to school?
 Your hair is becoming on top of your head, Carmaleta.
 Margaret, we enjoyed your party even if it was raining.
 Lenard, how do you like riding in Johnson's car?
 Carrol, will your back actually bend?
 Don, what's the difference between a cow and a crow?
 James, we saw that fine picture of your calf in the paper. Oh you were there too weren't you?
 Derrell, that is a cute kid that is terracing for your dad.
 David, what do you mean by "those girls?"
 Ruby, did you and LeWaine have fun Sunday? We know a girl that wishes you did.
 Bonita, must you go bare-footed in class? Someone might get your shoes.
 JoAnn, why didn't you go to Shamrock?
 Joe, do you really like to shoot paper wads?
 Aileen, we are glad to have you at Wheeler.
 Jimmy, don't you ever buy any pencils?
 JoAnn, now we know Shamrock boys and we'll believe anything you say.
 Margaret wants to know if that smelled good. What about that DeWaine Bradford?
 Mary Bob, what was that theme song again?
 (Personality)
 Annie Willard, is a quiet girl, 5 feet, 4 inches tall, weighs 115 pounds. She has blue-green eyes, and brown hair. She can't get enough chocolate ice cream and she steers clear of hateful people. She is one girl that likes all of her teachers and Agriculture is her favorite subject.

SEVENTH GRADE NEWS
 (Ideal Boy)
 He is five feet three inches tall and weighs ninety-two pounds. His hair is a sandy blonde and has blue eyes. He is thirteen years old. He has gone to Wheeler school ever since he was in the second grade. He likes to shoot paper wads and play in green ink. His favorite teacher is Mr. Baker and history is his favorite subject. Now guess who. Answer to last week--Lajuane Mann.

(Gossip)

Sue, where did you get that song, "Slap Her Down Again Pa?" Why can't you pick another besides that one?
 Louise, every time you are absent Mary Helen is too. Come on and quit playing hookie.
 Carman, are you sure you didn't shoot paper wads Friday?
 Patricia and Lajuane had to go to the office Monday.
 Nadine, what have you lost?
 Patricia, those Briscoe and Mobeetie girls are liable to get jealous.

(Wonder Why?)

Kay has a big mouth?
 Lajuane was with Briscoe girls Saturday night?
 Betty Lou was grinning so much at study hall Monday?
 Glen was hiding Monday?
 Mary Helen, Helen, Louise and a certain sixth grade girl didn't like Hershey's Monday?
 Sue and Marilyn Carrol looked so cute Monday?
 Everyone at the tournament Saturday had fun and enjoyed the games?

(What If?)

Jimmy didn't like to read funny books?
 Buddy ever read his Civics lesson?
 Carman liked the news in the paper about her?
 Glen wore short legged pants?
 Mary Louise was dumb?
 Marilyn Carrol didn't get Jealous?
 Bobby wasn't a fitterbug dancer?
 Betty came to school?
 Shirley was fat?
 JoAnn had black hair?
 Lajuane wasn't happy on Monday?
 Helen wasn't popular?
 Lois wore shorts?
 Wainetta wasn't short?
 Betty Lou got demerits?

GUESS WHO?

She is a senior girl, seventeen years old, dark brown hair, brown eyes, about five feet, four inches tall, weighs 130 pounds. She likes all kinds of sports, even though she didn't play this past year. She plays a vital part in our senior play, and can do it very well. She can get along with a lot of people, who try to get along with her. She can be smart, when she wants to, which isn't very often. She says she doesn't dislike anyone in particular, but she loves that one certain man. "And he is her husband!" Guess Who?
 Answer to last weeks Guess Who? is Peggy Rodgers.

The REA has approved \$295,000 for 164 miles of electric line to serve 447 rural consumers and for system improvements in Kaufman county, and \$126,000 for 93 miles of line to serve 167 rural homes in Clay county.

Farm Policy Is

(Continued from Page 1)
 opinion, however, that... it would be nearer right to say that the country got back at least a dollar for every ten cents it put out on the ACP.
 Our land has been under great pressure for the best part of a decade. It has lost a lot of fertility, not because farmers were careless, but because of the demand for food and fibre year after year. Farmers have used their land unsparingly for the benefit of the nation. I believe that the nation has a responsibility to help restore that lost fertility. I am convinced that the better investment of public money can be made than an investment that will pay for our most important natural resource...

"The committee system, where in the practical experience of leading farmers in the community is combined with the technical knowledge of the Land Grant Colleges and of the USDA in the formulation and operation of action programs, has proven to be a most desirable and efficient way of mobilizing agricultural resources and bringing them to bear on any emergency, be it waste, want, wind, or weather."
 "By holding firmly to the progress made in the past 25 years, agriculture will be better able to use its present advantageous position to plan for the future."

NO TRICE

A: "I think a sharp nose usually indicates curiosity."
 B: "Yes, and a flattened one indicates too much."

1948 Chevrolet is Massive

The new all-steel and massiveness of the new 1948 Chevrolet is well shown in this three-quarter view of the Fleetmaster Sport Sedan. Fenders, hood, body and door panels all blend, and the chrome moulding, below the windows, a wide trim that used to be previous models. Note the new T-shaped chrome grille bar on the radiator grille.

Letter From Lefors School Student Causes Change in Itinerary

—By Gene Wines
 We hear a good bit of talk about dictatorship and democratic governments. Here's an object lesson in how democracy works.
 Along in December, a schoolboy and the member of his Civics class at Lefors wrote their Congressman, asking if he could have the Freedom Train sent to their section of the country. The Congressman at that time was not aware of just what route the Freedom Train was to follow since the Federal Government had no jurisdiction or control of the Train. On the contrary, it was being financed and directed by private individuals and organizations.

ing other contacts—writing arguments and stating as far as he could that the schedule be changed. Fortunately, the Congressman had other contacts whose aid he enlisted and finally after a world of red tape, phone calls, telegrams and personal visits, the officials decided the one thing would be made and these schoolboys and schoolgirls and men and women of the Panhandle of Texas would have an opportunity to see these original documents of American history and government. The Congressman would like to see the Train visit every town in the country, especially in his Congressional District. However, the sponsors say this will be impossible and they are trying to place it in the most convenient and central location. Knowledge of the Freedom Train bearing these documents—for example George Washington's personal copy of the original constitution as well as his handwriting (1787), Abraham Lincoln's original Gettysburg Address (1863) and Thomas Jefferson's draft of the Declaration of Independence (1776)—which are so precious that they are guarded day and night by armed Marine Corps guards, will be on display in Amarillo on May 26 from ten o'clock in the morning until ten o'clock that night.
 Whether what would happen in Russia had a schoolboy written a member of the Russian Government such a request. It is mighty good to live in a democracy where so small a voice as a schoolboy's can help make the wheels of democracy turn. And it gave me a warm glow of satisfaction. I hope everyone will see these documents and receive renewed inspiration to

Good Pasture Is A Mineral Rich Feed

"Good pasture is a mineral-rich feed besides being an excellent soil-building and soil-building crop," says Gene Shaffer, chairman of the Wheeler County Agricultural Conservation Committee.
 The chairman explains that the mineral content of good pasture closely approaches the mineral content of milk and milk in turn has about the same proportion of elements as the human body. Studies show, says the chairman, that there is even more lime, potash, chlorine and nitrogen in pasture than there is in milk. And there is about 80 per cent as much phosphorus in pasture as in milk.
 "Farmers who are seeking pasture this spring," says the chairman, "or who are improving their old pastures with phosphate and potash will be fattening their soils down more firmly and adding to their fertility and organic matter, and will be providing one of the best feeds available for all classes of livestock."

Burger To Hold

(Continued from Page One)
 will be here for the parade and for the dance that will be held the night of March 5 in American Legion Hall.
 Police Chief W. O. DeWesse has contacted many old time fiddlers and has sent letters to many others, asking them to join in the "Turkey in the Straw" contest.
 "I won't be able to see all the fiddle players before the contest, so if anyone wants to join in the fun all he has to do is drop me a letter or call me at the police station," the chief said.
 "We're gonna give prizes to the best fiddlers, but even if a person doesn't win, he'll have a lot of fun," DeWesse promised.
