THE COUNTY SEAT NEWSPAPER

DR. L. A. WOODS IS SPEAKER AT SCHOOL AFFAIR

Dr. L. A. Woods, state superintendent of public schools, delivered an interesting and educational address to approximately 225 school teachers, school trustees and their wives at a banquet which was held at the Kellerville School Cafeteria last Monday night. The banquet was arranged by the county school board and sponsored by the Kellerville school board.

Some of the high points in Dr. Woods' address included remarks concerning a long range program for school which would include summer camps, swimming pools and other summer projects which would keep the children busy the year round. He advocated that this program be financed by public support in about the same manner as our schools are now financed.

Dr. Woods also pointed out that he advocates a \$2,400 minimum salary for school teachers and he believes that teachers should be paid in accordance with their qualifications. He also pointed out that one-third of your tax dollar goes to support school, one-third to build and maintain public roads and the other one-third for all other branches of the government.

The state school superintendent also stated that he believes that the state superintendency should always remain an elective position and not an appointive office to be filled by a state board of education which in turn has been appointed by the governor. He also pointed to the fact that if democracy is to endure, schools must not only teach the theory of democracy but it must actually be practiced in everyday living and school administration.

Morris Jones of Amarillo, state deputy school superintendent for this district accompanied Dr. Woods to Wheeler County and was a guest at the banquet.

Allen Kavanaugh, Wheeler County school superintendent, had the honor of introducing Dr. Woods.

Arthur Wells, principal of the Kellerville school, acted as toastmaster for the occasion. W. W. Hughes, secretary of the Kellerville school board, delivered the welcome address and Elmer J. Moore, Supt. of the Shamrock schools, gave the response.

Music was furnished by students of Miss Patricia Rankin of Shamrock. Misses Patsy Porter, Jo Nell Gambill and Edwina George sang. Misses Lotta Mae Hughes and Mary Beth D'Spain played a piano duet.

Miss Phyllis Ann Perkins, Kellerville teacher and band director, gave a reading.

Rev. E. C. Derr of Shamrock pronounced the invocation.

Wheeler And Vicinity Receive Good Rain Wednesday Night

Estimates by farmers and weather prognosticators in the vicinity of Wheeler set the amount of moisture which fell here late Wednesday afternoon and Wednesday night at between one half and one inch while the fall was much heavier over around Mobettie and on west and north. Farmers and ranchers from east and south of Wheeler stated that the rain fall in their vicinities last night was light but that it would do a great deal of good.

In the immediate vicinity of Wheeler, moisture was heavy enough to hearten farmers, ranchers and dairymen because it put enough moisture in the ground to green-up pastures, give wheat and alfalfa a boost and give them sufficient moisture to start planting spring crops.

Seniors To Hold Pie Supper At Mobettie

W. B. Wofford, county box super coordinator, announced this week the Mobettie senior class will hold a pie supper at the Mobettie gym Friday night April 30. Each class in the Mobettie High School will put on a short program with the class putting on the best program receiving a prize. Everyone is cordially invited. Candidates will be given an opportunity to speak.

Newspaper Advertising Pays!

DR. JAMES P. CORNETTE

DR. CORNETTE TO GIVE ADDRESS

Dr. James P. Cornette will deliver the commencement address to the Briscoe seniors on Thursday, May 13 in the high school auditorium. This date is a correction to that on the invitations of the class.

Dr. Cornette will succeed Dr. J. A. Hill in September as president of West Texas State Teachers College in Canyon.

The senior class of '48 is the largest class that has graduated from Briscoe in several years. The 14 graduates are: Iris Clepper, Elvin Meadows, Faye Francis, Jack Finsterwald, Mozelle Wilson, Bill Price, Laverne Finsterwald, Richard Dyson, Juanita Clepper, Bob R. Zybach, Jean Lee, Tom West, Fuiks, Geraldine Risner, and R. J. Smith.

MOBETTIE WINS OVER MANGUM

Frank Coker's Mobettie baseball club got off to a flying start in the Red River Valley League Sunday by turning back the Mangum nine by a count of 12 to 5. The contest was played on the Mobettie diamond.

The hitting of Fullenwider and Gregory of the Mobettie nine was spectacular. Gregory, playing third base, rapped out four doubles and a single in five times at bat for a perfect day, while Fullenwider, playing center field, slapped out two home runs, a triple and a single for a total of four hits in five times at the plate.

Pitcher Bill Hewitt knocked out two doubles, shortstop Mangel accounted for a double and a single and Riley, Stephens and Robison each accounted for a single bingle.

Hewitt struck out nine batsmen and allowed six hits as he went the route for the Mobettie Club. Two of the hits off Hewitt were homers by Murphy and Jackson. Jackson's homer came with two mates aboard.

The Mobettie club plays at Kirkland Sunday and the next home game for them will be May 9 when they meet Wellington.

Candler Boys Named On NTSC Honor List

Bob T. Candler and Bill C. Candler of Mobettie are among 524 junior and senior students at North Texas State College who have been named to the dean's honor list for the spring semester.

To qualify for the honor roster, students must have a "B" average, with no grade lower than a "C," on at least 12 hours of work a semester. Inclusion on the dean's list exempts students from the usual penalties for class absences and gives them special library privileges.

A junior physical education major, Bob Candler is a member of Alpha Phi Omega. Bill Candler, an industrial arts major, is a member of the T-Club, Alpha Phi Omega and the North Texas State basketball team. Both students are the sons of Mr. and Mrs. C. H. Candler of Mobettie.

Mr. and Mrs. Clyde Johnson and family were called to Amarillo Tuesday due to the death of Mrs. Johnson's grandfather.

BANGS DISEASE CONTROL VERY IMPORTANT

Wheeler County's fast developing new industry, dairying, is confronted with several problems. The success we have in dairying here and in making a prosperous future for ourselves in the dairying business depends upon the way we handle our problems of feeding, breeding, management, pasture development, disease control, etc. County Agent W. K. Frey stated this week.

That last problem, disease control is a mighty important one, especially is it important to us because we are bringing into our country cattle from areas as far away as Canada.

Probably one of the most important diseases to look out for, from the standpoint of human health, animal health and economic profit or loss, is Bovine Brucellosis, or Bangs Disease as it is commonly called.

Bangs disease is caused by the organism Brucella abortus and is introduced into healthy herds by the addition of infected cows or infected pregnant heifers.

This disease has made its appearance in several herds in Wheeler County. It has caused millions of dollars worth of damage across the country, and now we are faced with the necessity of going to work to control this disease, or allowing it to wreck our dairying business. Heavy losses through reduced milk production, the loss of calves by premature birth, and through cattle becoming sterile as a result of the disease have been caused by Bangs disease.

In recent years it has become known that undulant fever in man is caused by the germ that causes cows to abort. Drinking raw milk from cows infected with this disease is the means by which man contracts the disease mainly.

The symptoms of brucellosis are not always the same, but are indefinite, the only way to determine for sure being that of blood testing. Just because a cow aborts does not necessarily mean she has bangs. Neither does giving birth to a normal calf indicate that a cow does not have bangs and is not giving it to others.

So, the only way of telling is by blood testing. Methods of control are: 1. Blood test; slaughter reactors. 2. Calfhood vaccination (4 to 8 months of age). 3. Sanitary control or herd management.

There is no drug, chemical or medical compound that has been proved to be effective in the prevention or cure of brucellosis, says County Agent W. K. Frey, and all three of the above methods of control must be used by all of us if we are to control this disease and prevent the enormous losses it causes.

New Trash Containers Placed On Sidewalks By Members Of C. of C.

Five members of the Wheeler Chamber of Commerce dug down in their own pockets Tuesday and purchased trash cans to be placed on the sidewalks of Wheeler in hopes that people who eat candy, chew chewing gum, smoke cigarettes or unwrap other items while in town will place the wrappers in these containers which will be conveniently located and in this manner help to keep the streets of Wheeler cleaner.

Members of the Chamber who donated included Homer Moss, county attorney, Harry Wofford, county clerk, Southwestern Public Service Company, Dr. H. E. Nicholson and Nash Appliance & Supply Co.

Masons Enjoy Annual Fish Fry Monday Night

Approximately 275 local and visiting Masons enjoyed the annual fish fry of the local Masonic Lodge Monday night. The affair was held at the Wheeler American Legion Building.

J. B. Clark of Shamrock was principal speaker for the occasion and his topic was "Masonry and World Peace". Clark was introduced by Dr. H. E. Nicholson who acted as master of ceremonies for the occasion.

A trio of high school youngsters from Shamrock furnished the music for the occasion.

N. E. RHODES, Jr.

MIN. RHODES TO HOLD MEETING

Minister Lester Hathaway of the Mobettie Church of Christ announced this week his church will hold a series of gospel meetings beginning Friday evening, April 23 and continuing through Sunday night, May 2.

Minister N. E. Rhodes, Jr. of Mt. Pleasant, Tenn. has been secured to do the preaching in this series of services. Minister Rhodes is an outstanding evangelist according to Minister Hathaway.

Singing for the services will be conducted by home talent. Services will begin each evening at 8 o'clock and Sunday mornings at 10:30 o'clock.

The public is cordially invited to attend this meeting. Minister Hathaway stated.

MRS. JACKSON IS LAID TO REST

Funeral services for Mrs. W. J. Jackson of Briscoe were held at the Methodist Church in Briscoe last Sunday afternoon at 3:00 o'clock with Rev. Helms officiating. Rev. Helms was assisted by Rev. Robert Estes of Allison.

Mrs. Jackson passed away Wednesday afternoon shortly after she was stricken as she went about her work at the Briscoe postoffice.

Mrs. Jackson, who was 53 years, 4 months and 10 days old at the time of her death, had lived in the Briscoe community with her husband for the past sixteen years.

Survivors besides the husband are: two brothers, Floyd and Lloyd of California, one sister, Mrs. W. K. Duke of Grayford, Texas and her step-father, B. V. Duke of Grayford.

Flower bearers were: Roy Waters, Edd Riley, Lloyd Childress Darrel Atherton, J. B. McNeil and J. E. Steen.

Flower bearers included: Lottie Murray, Joyce Cordell, Lucille Cordell, Johnnie Gilmer, Zetta Parker, Geraldine Risner, Billie Jo Risner and Gloria Dell Upchurch.

Future Farmers Will Have Banquet Tuesday

The Wheeler Chapter of the Future Farmers of America will hold their first annual Father and Son Banquet at the Wheeler Home Making Cottage next Tuesday night according to James A. Clepper, vocational agriculture instructor in the Wheeler School.

Wilbur Ray Dunk of Junction, first vice-president of the national F. F. A. organization, and Clois Deon Wiseman of Sudan, president of the state organization, will be guests at the banquet and each will be on the program for a short talk.

The banquet will be for members of the local chapter and their fathers and will be served by the Wheeler homemaking girls.

Dr. and Mrs. V. N. Hall had as their guests Sunday Mr. and Mrs. J. P. Newton and Mr. and Mrs. T. H. Lippold, Jr. of Altus, Okla. The ladies are sisters of Mrs. Hall.

Mr. and Mrs. O. Nations returned home Monday after having visited with their son and wife, Mr. and Mrs. Howard Nations, at Orlando, Florida.

Cause Of Death Still Is Mystery, Downs Rites Held

County Attorney Homer L. Moss and Sheriff Jess Swink are checking and rechecking all leads and possible angles to solve the mystery as to whether A. M. Downs, whose badly decomposed body was found in a field east of Wheeler Sunday, April 11, was murdered and placed in the field or whether it might have been a case of suicide.

The Wheeler County officials received word late last week from J. H. Arnett, toxicologist and chemist with the state highway department, regarding analysis of a bottle containing a powder and capsules found near the body, but up to press time today no report had been received regarding the chemical analysis of the stomach and liver.

CARRICK LISTS HONOR PUPILS

Supt. W. O. Carrick this week announced the honor roll for the Wheeler public schools for the fifth six weeks period which has just ended.

A complete list of the honor pupils follows:

HIGH SCHOOL
All A's: Lois May, Billie V. Brown, Peggy Rodgers and Margaret Holt.

PEOPLE STARVE IF SOIL IS LOST

What happens when erosion and depletion ruin the cropland of a country was vividly shown in a copy of a letter from the American Mission in Greece recently received by Tom Laman, Vice-Chairman of the Wheeler County Agricultural Conservation Committee.

Following is a quotation from the letter written by B. F. Vance, former chairman of the Texas State Committee.

"People are dying here because of the failure of the past generations to protect the soil. Mountain sides with six to ten feet of fertile soil a century ago are completely barren. All the soil is gone and no vegetation is growing on the rocks. Men and women are walking as far as five miles up the side of the mountain to get a little patch of land, in many cases not over 1-16 of an acre, on which to grow a little food. Good soil is scarce in this part of the world. It is estimated that the potential agricultural productive capacity of Greece has been cut in half during the past few centuries because of erosion.

"I am wondering if our prosperity is going to suffer for lack of food, clothes, fuel and shelter because of our neglect. We Americans have a grand opportunity, we have the experience of many centuries. We know what erosion will do to a nation and we have the technical skill never possessed by mankind before this century. We should have realization that new lands have all been exploited. We have a golden opportunity to protect our soil, water and other natural resources, but along with this opportunity goes a tremendous responsibility—a responsibility that we must not shirk. We must protect our agricultural resources at all cost."

Many people did not get completely through with their clean-up campaign this week but the good work has been started and it is believed that the city will be kept comparatively clean throughout the summer months.

The Wheeler Chamber of Commerce wishes to thank everyone who cooperated in any way in making the current campaign a success.

Mrs. J. T. Schaffin and grandson, J. T. Willitt, of Levelland are visiting in the home of her sister and family, Mr. and Mrs. Shelby Pettit.

PLEASE OBSERVE PARKING LINES

People who shop in Wheeler are courteously ask to please use the parking lines which have been put down. If you will observe these and park between two of the parallel lines and not park where there are no lines everyone will be able to get up and down the streets on Saturday night and if you park according to the way the streets are marked off you will be able to get out when you get ready to leave town.

Many people did not get completely through with their clean-up campaign this week but the good work has been started and it is believed that the city will be kept comparatively clean throughout the summer months.

The Wheeler Chamber of Commerce wishes to thank everyone who cooperated in any way in making the current campaign a success.

Mrs. J. T. Schaffin and grandson, J. T. Willitt, of Levelland are visiting in the home of her sister and family, Mr. and Mrs. Shelby Pettit.

SECURITY LAW
RIVE TO OPEN

A quota of \$100,000 has been set for Wheeler County in the Loan campaign, April 11 to June 30. Mr. R. J. Holt, Savings Bond chairman, announced today after receiving the amount from the U. S. Treasury Department.

"This is the highest amount we have received since the war," he said, "but the amount is a peace-time inflation of our personal and national economic security makes it at no doubt that the amount will meet the quota. He said that rapid progress made toward completion of the loan campaign will carry out the Savings Bond campaign in the county and that individuals and organizations offer their support to the campaign.

"The United States is strong unless we have a national economy," he said. Thomas Jefferson said: "The nation is divided into two camps both ex-president and S. died on the same day, 1826."

and are really working. We are going to have a very close call to see if Iris or Bobby will be high point man.
 Laverne has been looking mighty sleepy lately, and we think we know why. That junior boy has been keeping you up too late Laverne.
 Iris, how was your trip to Lubbock? You must have had a pretty good time from what we hear; and were all the bus drivers good looking?
 Tom, what's this we hear about your giving finger treatments on the bus? You better leave those little boys alone.
 Bobby has been entertaining class by telling fish tales. Bob why don't you tell one that we can half way believe?
 R. J., why do you always miss

school on Mondays and Thursdays? Couldn't be that you were up too late could it?
 Elvin, we heard some girls say that they were going to take those pretty socks away from you.
 Faye, why do you always say "You telling me" every time someone says something to you? Been seeing too many movies.
JUNIOR NEWS
 (Personality of the week)
BETTYE STANDLEE—Bettye has dark brown hair and green eyes. She is five feet, one inch tall and weighs 125 pounds. Bettye likes all the sports especially tennis and basketball. She has lettered in basketball three years and plans to play next year. Bettye likes frosted cokes and sour pickles. Also she is a little fond of a

certain junior boy and from the looks of things he must like her too. Bettye is called Wetty sometimes and we know who started that. If you want to know what she plans to do in the future just ask this certain junior boy and maybe he can tell you.
FRESHMAN NEWS
 The freshman are wishing that school would hurry up and turn out. Most of us must have spring fever the way we have been dragging around lately.
 Mary, what was it you promised Glenn Tuesday? We wonder. Joyce, who has been writing notes to you in algebra?
 The freshman girls have been having horrible dreams lately. Get them to tell you what it's all about.
 Lottie, who's "Little Book" have you been carrying around? How about this Glenn?
 Doris, we sure like your bangs. Elnora and John sure make a cute couple, don't they?

so much Saturday night? Tell us more.
 Dorothy, did you enjoy the ball game Tuesday afternoon?
 Mozelle, we will sure be glad when you learn the rest of "Tennessee Waltz".
 Bill, what was wrong with you Tuesday? You must have had a bad night Monday.
 Mrs. Adams and her "Drive and Live" is really getting around lately.
You Can't Drive Safely Without Knowing Rules
 (Ninth of a Series)
 At the baseball game, you can't tell the players without a scoreboard, and behind the wheel, you can't drive safely without knowing traffic laws and obeying them, according to W. J. Elliott, Chief of the Texas Highway Patrol.
 "It's as simple as that," he said. "You can't be a safe driver unless you are a smart driver—and you are not smart unless you know and obey traffic rules."
 Captain Polk Ivy of the Amarillo District said that accident reports indicated left turns at intersections as one of the common situations which cause trouble because drivers do not know the rules. As part of the nationwide "Know and Obey Traffic Laws" program in which the Texas Highway Patrol is participating, he listed the following things a driver should remember about right-of-way on left turns.
 1. When you are turning left, you must give the right-of-way to a car in the intersection or approaching closely.
 2. When you are approaching the intersection and a car which has been waiting in the intersection to turn left (then starts to make the turn) you must allow it to make the turn in front of you.

3. When you turn left, be sure you are in the correct lane and that you give a signal.
 4. Don't insist on your right-of-way at the risk of an accident.
 Snakes which grow to the largest size are the boa constrictor and the regal python.
 Jason, of Greek mythology, led the Argonauts in search of the Golden Fleece.
 Early development of Canada was aided greatly by the Hudson's Bay Company.
 Mt. Everest, 29,302 feet above sea level, is the highest mountain in the world.
 Galileo discovered the law of the vibration of the pendulum in 1582.

Baton Rouge is the capitol of Louisiana.

WAA Location SALE

Approximately **207** GOVERNMENT SURPLUS BUILDINGS

INCLUDING ALL THE FIXTURES THEY NOW CONTAIN WILL BE SOLD TO THE GENERAL PUBLIC FOR OFF-SITE USE ONLY

Pampa Army Airfield
 PAMPA, TEXAS
MAY 4, 5 & 6, 1948
 Inspection Period—April 22 thru May 3

NO PRIORITIES NEEDED! ★ ★ ★
★ ★ ★ ANYONE CAN BUY!

War Assets Administration Location Sales are designed to meet the approval of the general public. Sales procedure is simple, as no unnecessary red tape is involved. All you have to do is be present the day of the Sale—Bid on the various buildings or building you desire, and if you are the successful bidder, title will be conveyed "then and there." Buyers may move buildings from site the day of Sale.

Now is the time of year to build and repair—and with the use of war surplus housing it is economical beyond compare. Some of the buildings may be moved intact, others will have to be dismantled—but there are unlimited possibilities as to their use. Reconversion to homes, barns, garages, tool sheds and chicken houses are just a few of the purposes to which other surplus buyers have made use of these types of buildings.

Types of buildings being offered in this sale include lavatories, post exchanges, hangars, recreation buildings, supply and recreation, administration building, barracks, officer's quarters, igloos and various other types.

Remember—You can inspect the buildings from 8:00 A. M. to 4:00 P. M. any day excluding Saturdays and Sundays, from April 22 thru May 3.

Plan now to inspect the buildings and be at the Pampa Army Airfield, Pampa, Texas, to register for the sale between 8:00 A. M. and 9:00 A. M. on May 4, 5 and 6, 1948.

All sales will be final, on an "as is, where is," basis, subject to War Assets Administration Rules and Regulations and Terms and Conditions of Sale.

A list of buildings and copy of Sales Agreement may be obtained on the Site, or by addressing the office shown below.

JUNIOR NEWS

Name - Paul Jones.
 Age 18.
 Birthday - March 30.
 Class - Junior.
 Ambition - To be a pool player.
 Color of eyes - Blue-Green.
 Color of hair - Brown.
 Likes - Wine, women and song.
 Dislikes - School.
 Favorite teacher - Mr. Crowley.
 Favorite sport - Football.

Name - Walter Clyde Hill
 Age - 16.
 Birthday - November 18.
 Class - Junior, vice-president.
 Ambition - To be a farmer.
 Color of eyes - Grayish brown.
 Color of hair - dark brown.
 Likes - Neighbors (a girl in particular).
 Dislikes - To study.
 Favorite teacher - Mrs. Scribner.
 Favorite sport - Fishing.

(What if)
 Joy was dumb?
 Betty Jean wasn't mean?
 Naomi wasn't so stubborn?
 Lou couldn't go to Canyon?
 Beverly didn't like Drew?

Doris didn't like a certain boy?
 Walden couldn't talk?
 Jimmy wasn't athletic?
 Drew wasn't hea-pecked?
 Billy G. was short?
 Bill A. wasn't a dope?
 Ted didn't like freshman girls?
 Douglas was fine instead of Corse?
 Walter didn't like neighbors?
 Paul Jones was Four Roses?
 Curtis was smooth instead of Ruff?
 Mrs. Reader didn't like the juniors?

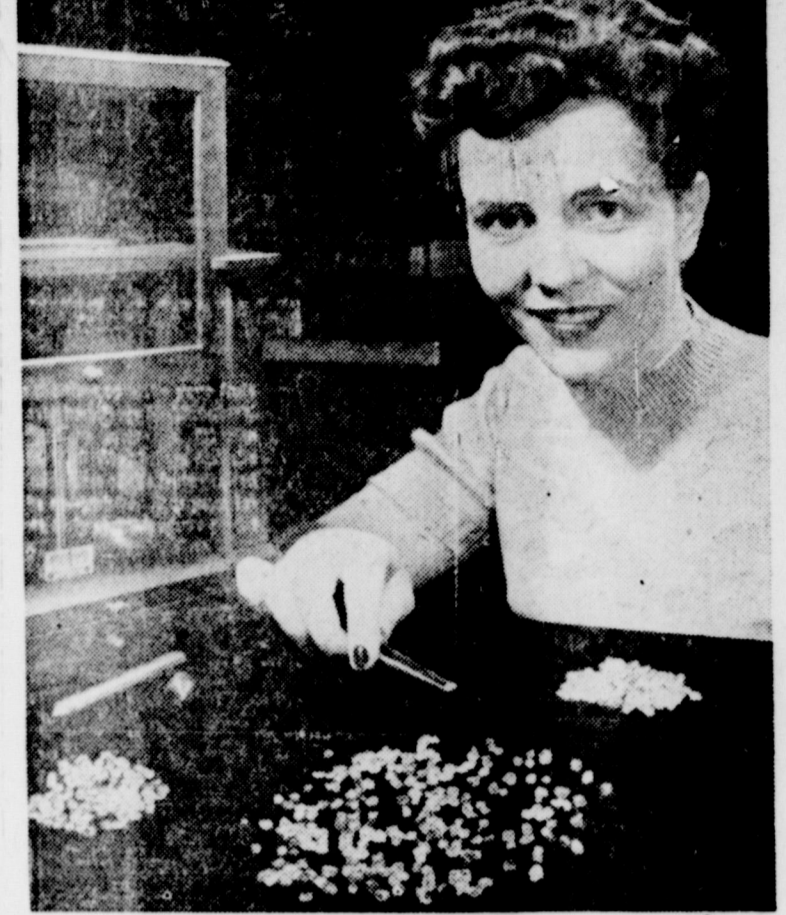

SENIOR NEWS

Name - Bonnie Prock
 Classification - Senior.
 Age 17.
 Color of hair - Reddish brown.
 Color of eyes - Blue.
 Favorite teacher - Mrs. Scribner.

Favorite sport - Basketball.
 Favorite subject - Science.
 Favorite classmates - Seniors.
 Favorite food - Ham sandwiches.
 Height - 5 feet, 7 inches.
 Weight - 130 pounds.
 Likes - Dishwashers and cashiers.
 Dislikes - Not to have her way about something.

Ambition - To decide what her ambition really is.
 Bonnie Prock joined our class in the 8th grade. Before she came to Mobettie she attended the Sweetwater school in Oklahoma. Bonnie played basketball. She was the candidate for football queen in the junior class.
 The seniors met Monday and nominated Tom Laman and Sidney Lancaster to read the class history and class will at the banquet which the juniors are giving in our honor. We are surely planning on it in a big way. The seniors just can't decide where to go on their trip. But we believe it will be Colorado.

THE LADIES LIKE DIAMONDS

Diamonds by the handful, and in a variety of colors, too! But to Miss Dorothy Harris they are only part of her daily task at the Timken Roller Bearing Company's plant in Canton, Ohio. For these are 'Industrial Diamonds' used in grinding, cutting and polishing some of the toughest metal known to man. When a bearing calls for measurements within ten-thousandths of an inch, a diamond-tipped tool will be used.
 Shipped from Brazil and South Africa, these gems are rather attractive in their natural colors, ranging from blues and greens to amber and brown. Some are crystal clear and others are 'muddy' looking. Unlike jewelers stones these are uncut and unpolished.

PIE SUPPER

Attention everyone! There is to be a pie supper Friday night April 24th at Mobettie. Each grade will present a little program and a prize will be given to the best. Everyone is invited.

EIGHTH GRADE NEWS

Name - Harold Hooker.
 Color of hair - Black.
 Color of eyes - Green.
 Weight - 126 pounds.
 Height - 5 ft., 7 inches.
 Age - 12.
 Likes - Cars.
 Dislikes - Grouchy teachers.
 Ambition - Wheat farmer.
 Favorite teacher - Mr. Crowley.
 Favorite sport - Basketball.
 Favorite subject - Math.

BASEBALL GAME

Mobettie defeated Briscoe, 19-6, Tuesday, April 6. Those playing were Walden Haynes, Bill Godwin, Joe Fred Leonard, Delton Burke, Arthur Seltz, Hayward Romines, Preacher Reed, Dale Haynes, pitcher, and Jack Hefley. The girls defeated Briscoe girls in Volley ball.

Barbara Nell, what are those certain reasons Rod likes you?
 Patricia, who asked you to the show Saturday night?
 Frances, why were you turning the radio up so loud Saturday night?

BASEBALL GAME

Mobettie defeated Briscoe, 19-6, Tuesday, April 6. Those playing were Walden Haynes, Bill Godwin, Joe Fred Leonard, Delton Burke, Arthur Seltz, Hayward Romines, Preacher Reed, Dale Haynes, pitcher, and Jack Hefley. The girls defeated Briscoe girls in Volley ball.

Harvard investigators recently announced that materials found in onions aid the healing of wounds, and an ancient Roman writer listed 28 human diseases which onions would cure.

CARD OF THANKS

We take this means of expressing our heartfelt appreciation for the words and deeds of kindness shown us by our many friends during our time of sorrow.
 May God bless you all.
 Mrs. A. M. Downs
 Mr. and Mrs. J. T. Thompson
 Mr. and Mrs. Gene Porter
 Mr. and Mrs. Audrey Downs and son
 Mr. and Mrs. Dick Powell and children
 Cpl. Glen Downs
 Mr. and Mrs. Grady Head

To supply eggs and poultry products for a family of five, an average of 30 layers should be kept.

CARD OF THANKS

The ladies of the Mt. View Quilting Club, wish to express thanks, to every one who helped make our sox supper and candidate rally a huge success. Especially do we thank Mr. Shelby Pettit for auctioning our sale. Each candidate for their support, and Mr. Ben Wofford as chairman.
 Mrs. Marie Howard, President.
 Mrs. Maggie Thompson, sect'y.

 Wheeler, Texas

Hospitalization Insurance

Who would pay the hospital and doctor bills should you become suddenly ill or some tragedy strike you or your family?

Had you ever stopped to think just how deeply a big hospital or doctor bill could dig into your little nest egg, or, in case you do not have that nest egg, how far in debt a misfortune of some sort could put you?

If you are not already carrying hospitalization insurance of some sort, our advice to you is to come in and talk over a plan with us, or just mail us a postcard giving your name and address and we'll call and discuss this matter with you.

We can arrange a family group plan for you which will cover every member of your immediate family.

Allison Antelopes

Published by the students of Allison High School

Shirley Levitt is a sophomore and has gone to school at Allison all of her school years. She is 14, has blonde hair and greenish blue eyes. She is 5 ft., 2 1/2 inches tall and weighs 101 pounds. She dislikes noisy people and to be called George. Likes cake, ice cream and basketball. Favorite teacher—all of them. Favorite subject—none of them. Favorite boyfriend—Hugh Jeffus. Intends to finish school, then her greatest ambition is—to get married.

Laura Wells is a sophomore and has gone to Allison since the sixth grade. She has blonde hair and blue eyes, weighs 128 and is 5 ft., 5 inches tall. Likes ice cream and volleyball. Dislikes noisy people and to be called Bessie. She intends to finish school but doesn't know what she will do after that.

WONDER WHY

Jonell studies so hard lately? Jackie looks so happy lately. Could it be a certain girl? What about that Lynn?

Jean goes some place every Friday night. Could it be that she doesn't like the Allison kids?

Lou Anna has lost all of her energy?

Virginia can't get the volley ball over the net?

Helen likes to wear watches with expansion bands?

Bessie Jo and Jane always want to get Mr. Markham's mail?

Shirley invited a certain boy to the freshman and sophomore party but he couldn't come?

Laura always has so much to tell about her-trip to Helton?

Roy and Scoochie work so hard on World History?

Donna Jo is always starring into space?

Versatile Star

A concert pianist at the age of six, Diana Lynn, shown above, proved her versatility by achieving stardom as a movie actress. Latest of a string of successes is her starring role in "Ruthless," Eagle Lion's dramatic romance in which she plays two roles, that of an adult and a thirteen year-old child. "Ruthless" is said to be the most elaborate film made in Hollywood since the wartime restrictions were lifted. The cast includes Stanley Greenstreet, Martha Vickers, Lucille Bremer, and Zachary Scott.

GOSSIP

Troy Dean is so cute. Is it his personality?

Johnny is so quiet?

Shirley was so happy Monday morning. We would too if we had gotten as cute a picture as she did.

Myrtle is so happy. Is he really coming to see you Myrt?

Myrtle, you had better not sing with your mouth so wide open next time or you will get some more tobacco put in your mouth.

Myrtle, Virginia, Evelyn and Shirley, you had better get like you had some sense even though you don't. Some people would have thought you were drunk or crazy one.

Katy, who burned a hole in your jacket?

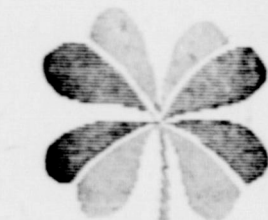

Joy Dean, what did you and Shirley nearly get into a fight about?

Bessie Jo and Shirley, why did you leave the party Thursday night? Could it have been because of two certain boys?

Laura, didn't we see you with Lynn Thursday night? Nice going kids.

John Jay, have you learned not to yell any more or would you like to be tied up again?

Keeping the poultry brooder dry often keeps down an outbreak of cholera.

4 H CLUB NEWS
Mobeettie Club

Members of the Junior 4-H Club girls of Mobeettie met with Mrs. Emma Hastings in the grade school auditorium April 19.

Roll call was answered with "Do I Keep My Bedroom Clean?"

Songs were sung by the group and the dress contest was discussed.

The next meeting will be May 17.

Plenty of young, tender green feeds often save as much as 15 percent of the mash usually fed to growing pullets.

Some of these good green feeds are: rape, turnip green, lettuce, ladino clover, lespedeza, soybeans, Bermuda grass and lawn clippings.

SOCIETY

Mrs. Helton Hostess To County Line Club

"Window Styling" was the subject of a discussion led by Mrs. Jack Meek at the Countyline Home Demonstration Club meeting, April 15, in the home of Mrs. Ben Helton. Pictures of different window treatments were shown and discussed.

The club reported that a box of clothing had been sent to the Navajo Indians at Gallup, N. M. and that they voted to send a food package to the rural women of France.

Mrs. T. T. Wallace of Wheeler gave a very interesting demonstration of a "saladmaster." Delicious refreshments were served to three guests, Mrs. T. T. Wallace, Mrs. Perryman, Martini

and Mrs. Neal Crosier and the following members: Mesdames Tom Helton, C. N. Strawbridge, C. C. Meek, Jack Meek, Earl Williams and the hostess, Mrs. Ben Helton.

Eastern Star Ladies Guests At Canadian

Members of the Mobeettie Eastern Star were guests of the Canadian Chapter Tuesday night at a Fellowship program and initiation ceremony.

Those attending from Mobeettie were: Messrs. and Mesdames John Dunn, E. E. Johnston, Aubrey Greenhouse, Rev. and Mrs. Homer Salley, Mrs. R. C. Martin, Mrs. Jess Patterson, Mrs. C. J. Van Zandt and Mrs. Mayme Patterson.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

UNCLE SAM'S PART OF YOUR TELEPHONE BILL

The Federal tax rate on local telephone service is 15%. The tax rate on long distance service, where the charge is 25c or over, is 25%. Other forms of telephone service are subject to Federal taxes at rates ranging from 8% to 25%.

This tax is imposed by the U. S. Government directly on the user of the telephone. The telephone company, at its own expense, serves as a collector.

Long distance calls and certain other services, being taxed at 25%, are taxed higher than the 20% rate for luxuries such as furs, jewelry, and perfumes.

This form of tax, that is an excise tax on telephone service, has traditionally been resorted to only in national emergencies. Your telephone company believes this form of tax should not be a part of the peace time tax structure. Representatives at the telephone industry have urged and will continue to urge before the proper Congressional committees that these excise taxes now be eliminated; and many users and representatives of users of telephone service are likewise urging that they be repealed by the tax legislation now before the Congress.

SOCIETY

Blue Bonnet Study Club Hold Tea, Book Review

The Blue Bonnet Study Club of Mobeetie held its annual Guest Tea and Book Review, Thursday, April 15, at the lovely ranch home of Mrs. John Dunn. Hostesses for the delightful occasion were Mrs. H. L. Flanagan and Mrs. E. E. Johnston.

The Dunn home was artistically decorated with lilacs, tulips and almond blossoms. Candle light gave a soft setting to the dining room where tea was served. The table was laid with a beautiful cloth of lace and was adorned with a huge center piece of cut flowers.

Mrs. Jim Hathaway, president, received guests, assisted by Mrs. H. E. Matthews and Mrs. Willard Godwin. Mrs. C. J. Van Zandt poured, using the club's own silver service. Mrs. Arthur Carmichael entertained during the receiving hour with soft music.

The president introduced Mrs. O. W. Elliott of Clarendon, formerly of Mobeetie, who reviewed, "The Unforseen" by Dorothy McCarphe, in a very capable and most interesting manner. Mrs. Hathaway presented Mrs. Elliott with a gift on behalf of the club.

Guests enjoying the tea and review were: Mesdames Anna Noble, Jack Miller, Jess Patterson, Tom Beck, Guy Wood, Ernest Ridgeway, Tom Hathaway, Cliff Walsler, R. C. Martin, W. A. Scribner, S. G. Burns, John Allen Neece, all of Mobeetie, Ernest Lee and Ollie Beene of Wheeler, Frank Walker of Canadian, Harriot King and O. W. Elliott of Clarendon.

Members present but not assisting in the house party were: Mesdames Glen Rinder, R. W. Cooksey, J. H. Scribner, J. A. Stinson, Tracy Willis, R. C. Brown, Austin Caldwell and Mayme Patterson.

Mrs. Goad Is Hostess Thursday Review Club

The Thursday Review Club met Thursday night in the home of Mrs. W. A. Goad, Jr.

Mrs. Lester Robertson, president, was in charge of the business session. A program on Russia was enjoyed by all present. Mrs. J. C. Howell was in charge of the program and gave a short talk entitled "Life in Russia". Mrs. Leroy Robison gave a talk entitled "United States and Russia".

Lone Star H. D. Club

The Lone Star Home Demonstration Club met in the home of Mrs. John Taylor, Thursday afternoon, April 15.

The meeting was opened by the singing of "Home On The Range" and the club prayer was then given

Lovely refreshments were served to the following guests and members: Mesdames Jimmy Close, Earn Barnes, Joe Weatherly, R. J. Holt, Jr., Lester Robertson, Archie Hibler, Leroy Robison, Buster Callan, Robert Blackwell, J. C. Howell, Carrol Pendleton, J. A. Clepper, and Misses Vondell Starkey, Glenna and Wilma Hefley, Louise Tillman, and the hostess, Mrs. W. A. Goad, Jr.

Mrs. Taylor Hostess Lone Star H. D. Club

The Lone Star Home Demonstration Club met in the home of Mrs. John Taylor, Thursday afternoon, April 15.

The meeting was opened by the singing of "Home On The Range" and the club prayer was then given

by Mrs. Dick Wright, and roll call was answered by each giving some helpful hint they had heard or read.

At the business meeting the club voted to hold a Home Demonstration Week and began repair on the Lone Star School Building so that it might be used as a recreation hall for the community. Miss Sybil Giddens, County Agent, gave ideas on buying wool rugs and the care of them.

Refreshments were served to Mesdames Murel Trout, Charles Mixon, E. S. Trout, Dick Wright, Albert Trout, T. A. Owens, Lewis Underwood, Miss Sybil Giddens and two guests, Mrs. J. P. Maulsby, Mrs. A. M. Johnston and the hostess, Mrs. John Taylor.

The next meeting will be with Mrs. T. A. Owen, May 6.

Morris Burgess, Shelby Pettit, Bud Burgess, John Lewis and Floyd Morris are enjoying a fishing trip to Possum Kingdom this week.

Mr. and Mrs. Buck Britt of New Mexico are visiting friends and relatives in Wheeler.

From where I sit... by Joe Marsh

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a

friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

Joe Marsh

SENIOR NEWS

Everyone seemed to be in a very good humor Monday morning. Well good! Maybe all the seniors can make extra good grades the remaining three weeks of school. Come on and let's try anyway kids.

Dolores, what in the world were you so tickled about Monday at noon? Could it have been that your husband had given your birthday present a day early? Why yes, that was it. Hurray for you! Did it fit?

Jody had a lot to tell about her trip to Canyon. We all know it was exciting, and we know that you had a grand time. We can tell by the way you have been talking. The seniors think you and Dick made swell representatives for the school. Oh yes, that watch you are wearing fairly puts the topping on the cake.

Johnny, couldn't you understand that Dolores was talking about putting cherries in each ice cube, instead of putting cherries in 300 pounds of ice. We don't really know how you could do that.

Yvonne, cheer up. Vernon will be back in a while. It may even be sooner than you expect.

Did everyone notice all the girls screaming when one of the attendants of the wedding lost his pants?

Congratulations to the boys who won all the awards Monday morning. Keep up the good work and cooperation.

Ruby, it seems sort of strange, but didn't we see you and Cecil Sunday afternoon with a little girl? Was she a new addition to the family? Jody's little sister is cute, isn't she?

The other senior girls have agreed that their weddings are going to be hill-billy weddings. The fifth grade seem to know how it's done.

Vaneta and Jody have decided that the next new dress they buy is going to be one with rocks in the hem. You know this new style and the wind.

SEEN AND HEARD AROUND W. H. S.

Melba has her ring now, and it is really pretty. A large diamond in the middle with one small one on each side of it.

Imogene going after Bobby Sunday afternoon. What's wrong Gene, couldn't you wait for him to come after you?

The seniors getting ready for their class night, Tuesday night. Must be exciting of course we wouldn't know.

Dolores embarrassing Mr. Williams in Texas History class Monday.

day. What kind of razor was that Dolores?

Joyce seems to know what color swimming suit the little fifth grade boy had on when his pants fell. They were navy blue.

Dick flirting with Maragaret Holdeman. She is cute isn't she Dick?

Our baseball boys losing their game to Briscoe last week. Too bad boys, better luck next time.

Some kids enjoyed a picnic one night last week. How about that Georgia, Glenda, and Juanita? Did the mosquitoes bite?

A lot of the kids were seen in Shamrock skating Saturday night. Better watch it kids, you'll come up with something besides your head burst.

Dolly, don't tell me you were skating too. Did you have fun skating, or was it the afterwards?

The girls surely have fun every evening during volleyball period. What time they aren't trying to knock the boards off the ceiling, they are trying to knock the heads off the person in front of them. Tough bunch!

We make a motion the Wheeler boys go to Briscoe after the girls for a change, their boys are coming down here. That wouldn't be such a bad trade after all, would it?

The girls are getting anxious for their basketball jackets to come in, just wait another week or two girls, then they'll be in. We hope!

Lois made one of the best and highest averages ever made in high school in Wheeler. She made 88 and 3-5 average for her four years work. We are all proud of her.

The reporters were all asleep this week, and none of them but Dolores turned any news in. Now weren't they nice?

Things seem to be buzzing in high school now. All are getting prepared for what will come later. We'll let you guess, yes, it's the finals in about three weeks.

Home Ec. II girls got their pins last week. They informed me if I wanted to see them I would have to go elsewhere, you see they didn't have them. Someone else is enjoying the pleasure of wearing it.

Wheeler felt a two-inch sprinkle Friday evening. Two inches apart on the ground. Boy that should do the soil some good.

Bill and Frances have been seeing quite a lot of each other lately. We saw them Sunday afternoon coming out of the show.

EIGHTH GRADE NEWS

The eighth graders are proud of Jamie Clark for the fine theme he wrote. Jamie won first place and got a reward of \$5.00. James Cox did a swell job in his poster for the clean-up campaign. James won first place and won \$5.00. Bob Weatherly won second place with his poster and won \$2.50. We are grateful for our eighth grade boys, and their ability.

The eighth grade class are making out their class history and class wills. We are having a hard time with our wills because the seventh grade have twenty-five girls and seven boys, and the eighth grade has nineteen boys, and fifteen girls.

A close race for valedictorian and salutatorian. Bonita Ragan is first, Carmaleta Brown is second, Mary Bob Denson is third, Richard Brown is fourth, and Jamie Clark is fifth. These grades are only averaged up to mid-term.

The eighth grade are going to get exempted on their tests if they have a "B" average and above.

The date set so far for the eighth grade graduation is May 13, and we are looking forward to that day.

The girls are about to drive each other crazy describing their dresses.

day. What kind of razor was that Dolores?

es for the graduation. We haven't heard the boys with any plans yet, maybe their dresses or suits are all ready for the occasion.

(Society)
Claudell Cox was a guest in the home of Maurine Cole over the weekend.

Margaret Moore went to Amarillo Friday, shopping.

JoAnn Porter was a visitor in Shamrock Sunday.

James Cox was an afternoon caller of Bob Weatherly Sunday. JoAnn Porter spent Saturday night with Mary Bob Denson.

SEVENTH GRADE NEWS (Gossip)

LaJaune really looked happy Saturday night, she was all smiles.

Betty Lou, did you and Glen enjoy your trip to Pampa, or was Mrs. Farmer along with you?

Helen do you go to the pencil sharpener just to giggle? Buddy, you had better be careful with that ribbon, you might choke yourself.

Bobby, after all, Sue gets only one pair of arms in a lifetime so quit trying to cut them off.

Patricia, who did you see in town Saturday?

Ray, LaJaune has really got you running.

Bobby, start acting your age and quit playing cops and robbers in the school room.

Claudine what is this we hear about you and a Kelton boy?

Mary Helen, why study so hard in the study hall, you may get spring fever.

Sue, wonder why your face turned so red when Mrs. Teague

told you and Ray to be quiet. JoAnn, why flirt so much with Bobby, a girl might be jealous.

WHEELER CO.
THE CO. AGENT

NOTE:—The following article was written for news; however, the facts that many of it's contents may still be interested.

carload of fine Jersey heifers arrived at Shamrock, Texas last Saturday. These boys who had been pick-

ed to receive them and were anxiously waiting to draw the number from a hat to see which calf they would get, there were several interested people on hand at the railroad siding and at the new exhibit building, for the drawing.

Five Wheeler County 4-H Club boys received Jersey heifers in this Dairy Youth Program sponsored by the Shamrock Chamber of Commerce. These boys were, Lawrence Whiteley of Kelton, Bryon Clemens of Twitty, Dee Crowder of Lelia, and Tom Christner of Shamrock.

Besides the above mentioned 4-H Club boys of Wheeler County there were 20 Jersey heifers dis-

tributed among the Shamrock F. F. A. boys, Kelton and Shamrock Vocational Agriculture classes, 4-H Club boys in North Collingsworth County and members of Samnorwood F. F. A. Class and Veterans Class of North Collingsworth County.

Most of the heifers were in pretty good shape considering the fact they had been hauled and bumped around in that freight car for a week.

Shamrock Chamber of Commerce is to be commended for this activity. Not only will the youths of the two counties get training in dairying, but also a good breeding program is to be carried on in connection with this and it is expected that dairying in these counties receives a decided stimulus.

Arthur Lee Hegarate, the young herdsman who bought the calves from the Bartley Bull and Sons Jersey Farm in Ontario, Canada was an interesting character, not only in dress, but in speech and in his expressing opinions on caring for Jerseys.

Arthur came from Jersey Island last year with a load of Jerseys imported by Colonel Bull, and has remained in Canada since. He wears the typical "General Montgomery" tam, and heavy wool knee-sox, of course he wears more than just that, but those are so characteristically different.

Arthur made one interesting statement that I wish all dairymen would observe "Grow a Jersey heifer out on hay and good pasture; feed them not a bit of grain until after calving". I ask him why he said that and he replied "Most dairymen make the mistake of getting their dairy cows too fat and especially the heifers. They make too big a bag when you feed them grain. The bag is filled with fat tissue, and the milk-secreting tissue cannot function. So don't get a dairy cow fat". That is the opinion of a qualified herdsman from the Island of Jersey, where only dairying and the production of Jersey cattle is the sole occupation. I not only believe, but know he is right, from experience as well as from records made by others.

Arthur said another interesting thing, "If we left our cows out of the barn at night on Jersey Island, we would be put in jail for cruelty to animals". Some of us might let that soak in. Ours are not such biting winters as theirs on Jersey Isle, but a shelter for our cattle would certainly pay off in cold weather especially.

Bad As The Boll Weevil

LOVE GRASS PLANTING TIME IS HERE

Here it is love grass planting time, and practically no equipment in the county for planting it.

Does anybody have an old wheat drill that we can take the seed box off and fix up to drill love grass with—or an old two-row sod planter we can put the Planet Jr. seedboxes on for planting love grass? If so let the County Agent know.

Kid McCoy, who lives just inside Wheeler County, across the road from the Prisoner of War Camp, seems to be doing the best job of getting love grass started. He has 24 acres in love grass now, and is going to put in more this week. Kid believes in planting love grass in 20-inch rows and cultivating to keep weeds down so as to give the grass a chance the first year. This plan sure does work, because he has a good thrifty stand of it. He planted in sudan stubble for protection from blowing. Several farmers have tried to plant love grass by just drilling it into the weeds and trash, but

3. Funds designated for this practice (5000.) which will treat only 2,500 acres.

Some ranchers and farmers have expressed the opinion that the 100 per cent kill required for payment was too much to expect. However, here is something to think about: unless there was a yard stick for accomplishment, the practice would not be successful, and if payments were made according to the percentage of elimination accomplished, there are those who would argue "My land was as badly infested as my neighbors, and they only paid me for killing 70 per cent, while he got paid for killing 90 per cent and I know I got as good a kill as he did on my sagebrush".

Here is an opportunity to find out without cost to the farmer or rancher the value of 2, 4-D application to sagebrush, and quite a large number have signed up for this practice already.

Well, Wheeler County 4-H club boys have 12 beef calves on feed already for next year's show. The boys who have already started are: Gene Watson, Donald Whiteley, Carrell Pitcock, Jimmie Harris, Jamie Clark, Joe Van Zandt, Bob Weatherly, and Leon Moore. Besides the above, M. L. Rowan and David Johnson have selected their calves from herds in the county, and will soon have their calves on feed.

Good calves are hard to find, and if these boys are to stay in the running, they have to have good

calves to start with, because feed is still awfully high, and what the crop prospects are we will find out later. The Assistant County Agent has driven several hundred miles to find good calves for these boys. Here's hoping we can extend our successes of this year by having grand champions of several regional shows.

HOW TEXAS INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

Everybody LIVES IN GLASS HOUSES...

Glass is so closely linked with everyday living that you can't imagine doing without it. No, and there is no more vivid example of Nature's resources put to work for mankind than in glass. Sand, lime and soda by themselves have little value, and their uses are relatively few. But when they are united in the form of usable glass products they take on new importance.

So it is with natural gas, too. This great natural resource would be worthless if left in the ground. It is only when companies like United Gas move it to market—make it available for use—that it is given value. This is practical conservation... putting Nature's resources to work. Efficient, low-cost natural gas sparks industrial development, creates new jobs, benefits all the families in Texas.

GLASS INDUSTRY

Texas natural resources... Texas labor... and Texas capital. These are the factors in the success of the glass industry in our state. This is Free Enterprise at work—providing good jobs for Texas people, spending large sums of money with local suppliers of materials and equipment, and paying important tax money to the support of the state and local governments. The glass industry deserves your support for its efforts to build a more prosperous Texas economy.

The Right Way **TO PAINT YOUR HOUSE**

BPS FOUNDATION COAT
Why use a Foundation Coat? For many reasons... most important is Economy. The big job of BPS Foundation Coat is to hide dirt and grime... and properly prime and seal the surface... thus making the finished coat last longer and wear better. It saves by eliminating a third coat.

BPS HOUSE PAINT
Provides a tough, elastic film that gives longer lasting protection against wear and weather. BPS House Paint covers solidly... spreads farther. The tough glass finish resists dirt, wear and weather... the non-fading colors and white staying clean and attractive for many years to come.

You Don't have to Paint so often when you use BPS

Mobeetie WSCS Has Bible Study Program

The WSCS of the Mobeetie Methodist Church met Wednesday at the church for a Bible study.

Mrs. A. A. Burch, Spiritual Life Secretary, was in charge of the devotional, with a prayer by Mrs. F. P. Heare. Mrs. R. W. Oldham, president, presided over the business session. Mrs. H. E. Matthews, program chairman, introduced the study, "Great Prayer of the Bible". Others taking part on the program were Mrs. W. A. Scribner, Mrs. O. G. Beck and Mrs. L. D. McCauley.

Other members present were Mrs. Hugh Bailey, Mrs. Albert Scribner and Mrs. Homer Bailey.

Mrs. Bledsoe Hostess To Kelton WMU Mon.

The Kelton Baptist W.M.U. met Monday in the home of Mrs. Lewis Bledsoe with seven members present.

The president, Mrs. J. A. Tucker, gave the devotional from Psalms 139:1-10, with prayer by Mrs. Leonard Ratjen. The Bible lesson was taught by Mrs. C. D. Davis and dismissal prayer was by Mrs. Lewis Bledsoe.

Mrs. Tommy Killingsworth, Sunbeam leader, reported eight present.

Mrs. Gordon Stiles and Mrs. Bledsoe, G. A. sponsors, reported thirty present.

Standlee Home Scene Of Forty-Two Party

A forty-two party was enjoyed in the home of Mr. and Mrs. Doyle Standlee Friday night, April 16, by members of the Countyline Club and their families and other families in the community.

Delicious refreshments were served to the following families: Earl Williams, Fred McCarroll, Farmer Hefley, Grady Dodd, Perryman Martin, Carnes Meek, Ben Helton, Olaf Rankin, C. N. Strawbridge, Neal Crossier, Claude Brotherton, Jack Meek and the host and hostess, Mr. and Mrs. Doyle Standlee.

Mr. and Mrs. M. L. Gunter of Spearman visited his mother, Mr. M. L. Gunter, Sr. and Mr. and Mrs. Terrell Gunter Sunday.

Nikolai Lenin was the first president of Soviet Russia.

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Anne Goode

Save time and steps by arranging cooking tools on hooks near the stove. Those with colored handles add a bright note, or perhaps you prefer chrome-plated steel ones which do not char if left too near the flame.

Here's how to make quick cakes for a kiddie party: bake layers, then with a small biscuit cutter, cut into tiny cakes. Frost with icing of different colors. And with no fuss and bother you've a pretty assortment.

Time for spring salads and now that real mayonnaise is again plentiful you can make the best. Don't forget, though, that you can add other ingredients to real mayonnaise to make countless different dressings.

Speaking of Spring, here's a cleaning note: before giving furniture a good waxing, first go over it with a damp cloth dipped in a solution of 1/2 water to 1/2 vinegar, then one dipped in water. Dry and wax. Vinegar solution cleans wood of accumulation of winter's greasy dirt.

Continue to fight for the right to yellow margarine by writing to your congressmen and by urging your friends to also write to them. Ask for repeal of unfair taxes on this delicious product.

Did you know that an art gum eraser is good for cleaning paper or parchment lamp shades? Just make certain that it's clean and you can do a quick clean-up job in no time at all.

SEVENTH GRADE
 All A's: Vondell Wallis.

All A's and B's: Lavada Hogan and Lonzell Williams.

Mr. and Mrs. L. Hale and daughter of Stafford were dinner guests in the Roy Meadows home Sunday.

Letter From Finland Thanks Local Lady For Package Received

EDITOR'S NOTE:—The following letter was received by Miss Este Seedig from a lady in Finland, thanking her for the package she had received from her through the Red Cross.

My dear Miss Seedig:
 I wish to express my warmest gratitude to you for the treasured gift which I have received. My heartfelt thanks to you again.

Even as I write this letter I am marvelling how exceedingly kind and generous you have been toward the many people who are unknown to you. Truly, also, the real value of gifts is realized when one has lost everything they possessed. We formerly were natives of the section in Finland named Korjalla, but twice we have been forced to leave our home and at present we are living in Hammessa where we have one very little house.

I should like to relate a little about my family. My husband and I have a two year old son who received the quilted cover. Great was his delight as he said, "It is so soft and many thanks to the wonderful aunt."

I am not certain whether this letter will reach its destination, but I am hoping that it may.

In grateful acknowledgement,
 Olga Kari

WHY WE SHOULD CLEAN UP WHEELER

(By James Clark)

We should clean up Wheeler so our city will be a clean and healthful place to live. If we clean our city we will help prevent the spread of diseases. We should have clean buildings and stores. If we keep our city clean it will be a happier place to live. When travelers come through they will say, "Now there is a place I would like to live." Surely we all want to think this.

We could begin by cleaning up the alleys and places where there is water settled. We can help prevent disease that the mosquitoes carry by doing this. We should be sure that all our garbage is carried away so this will prevent the spread of flies by killing their breeding places. This would check the spread of disease also, con-

siderably. This would help lessen doctor bills and prevent death. "So lets all join" in the clean-up campaign, to make this city a cleaner and healthier place to live in. Be proud to say, "This is Where I Live."

Lloyd Lee attended the Frigidaires convention and the showing of all new '48 models of Frigidaires at Ft. Worth Monday.

Switcherland's political districts are called cantons.

Walter Camp is regarded as the father of American football.

Cover crops grown in orchards should be disked in middle of April or May.

Pick up and destroy all that drop from the trees to help control the plum curculion.

Gospel formerly "glad tidings" story of "glad tidings".

Soloman was the first son of David.

Eamonn de Valera was the Republic's first president.
