CWE CHAT WITH EDITOR

By Louis C. Stas

It is hard to believe the summer is down to the last week. The youngsters will be enrolling on Tuesday and school begins Thursday. Where did it go?

-cwe-

Three young men have spent at least part of their time on bicycles. Jeremy Pfeil, Dan Scheffer and Yancy Galutia made two trips to Shamrock. On Tuesday, August 15, they made the 15-mile distance in 2 hours. Their previous ride to the neighboring village had taken them 3.5 hours.

-cwe-

Reports are that the "Shoot-to-retrieve" Field Trial last weekend was a big success. There was a good turnout, bringing a lot of people to Wheeler. The day was enjoyable for both the participants and the spectators. Greg Smith was to "report" for the "Times", but he is out of town. I am told the report will be complete with pictures. Sorry to report that the local men and dogs did not take top honors.

-cwe-

I failed to mention last week that Bill Owen had been in to see if I wanted to take the training necessary to become a dog catcher. The city is in need of a licensed individual, the schooling can be obtained in Pampa. Mildred Ramsey also made sure I was aware of the vacancy, when I was in the city office. Seriously, additional information can be obtained at the city office.

-cwe-

Lou Meadows was in Tuesday with a small part of her peach crop. She doesn't know what kind of peach these are, but they certainly are pretty and delicious. Sorry to say, the peaches on my tree are not as large and perfect, but they are good. We will have a few peach cobbles.

-cwe-

Since my ice cream freezer is out of commission, I can not tell you a personal ice cream experience, but I do have a story for you.

Pam Garrison Vogt of Houston was to take homemade ice cream to a little league social. Husband, David, suggested they just buy some and put it in the freezer. Since they had the ice cream salt and might as well use it, they decided on the butter pecan recipe. The ice cream was a big hit; in fact, it took first place honors. The couple was presented a sack of ice cream salt as first prize.

Congratulations!

This story was related to the "Times" by Pam's sister, Kathleen Cross.

-cwe-

In reporting on my wife's vacation in Oklahoma, I failed to mention one traveler. I did not find out Forraine Lee Lovell was part of the touring group until Wednesday evening.

As it 'turns out', he was the HERO of the trip. Forraine Lee, Ronal and Jessica were enjoying the Merriwether pool with 'non-swimmer' Grandma Barbara watching the activities. Jessica decided she was through swimming and took off her 'floaties'. Next thing Barbara knew, Jessica jumped into the deep end of the pool. It was Forraine Lee to the rescue. Jessica commented she didn't know which way was up.

Thanks again, Forraine Lee.

Alpha Mu Alpha Lists Year's Service Projects

Each year Alpha Mu Alpha sorority is involved in several different service projects. Service projects are our way of doing things for the people in our community.

This past year our service projects have consisted of the annual Kid's Day Parade, activities, and pet show for our local children. In November we prepared a Thanksgiving dinner for the local Senior Citizens group. At Christmas time we gave clothing to a family here in town. In March we sponsored Julie Morgan in the Miss Irish Rose Contest at Shamrock. Each year we give a scholarship to a local high school senior girl. This year Kelli Sabbe was the recipient of this award. This summer Alpha Mu Alpha and Zeta Alpha Alpha Zeta used money donated in years past to put a type of carpet around the baby pool.

Two other valuable service projects this year were donations to the Wheeler Fire Dept. and Wheeler Ambulance Service. Pictured below are Daryl Snelgrooves for the fire dept. and Mary Kay Christner for the ambulance service.

We would like to thank you for your support in our money making projects. Because without your support these service projects could not be accomplished.

Schools Prepare For New Year

By: Dave Summers
Mobeetie School Superintendent

There is a great deal of activity in our school buildings in the summertime. Many People are working, and their purpose is two-fold: Tying up loose ends, and preparing in every way for the on set of the new school year.

Most administrators work through the major part of the summer. They are interviewing and hiring new teachers, completing state and federal forms, and overseeing the renovations which are being made to the physical plant. They are also overseeing the arrival and distribution of materials, textbooks, and supplies. The clerical staff is organizing and maintaining student files as well as grade and attendance records. At the high school level, files are being sent, upon student request, to colleges, vocational-technical schools, the armed forces, and new employers.

The counseling staff is meeting with new students schedules for the next year, and planning information for student handbooks.

The high school sometimes has other staff members at work during the summer. The athletic director is completing the next year's sports schedule and coaches are getting ready for practices which begin the latter part of the summer.

In same buildings, summer school courses are being offered. This means teachers and students are in the building.

The maintenance staff workers are terribly busy. They are refinishing furniture, painting rooms and halls, waxing floors and occasionally remodeling or building additions to existing facilities.

The grounds crew spends its summer preparing the athletic fields and general campus area for the next year. There are also people servicing buses, school cars and cafeteria equipment.

Everyone who works during the summer is making preparations for the start of school. It's our desire that the building and the curriculum are set for a smooth and fresh beginning for the students.

This is a good time to visit the school, especially if you have never had a tour of the building. Make an appointment to see your child's administrator and visit with him or her about any questions you might have.

Remember that school doesn't magically begin one day in the fall. There is a core of people who work diligently during the summer months for its opening.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The (BRISCOE 1SD) will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in (1987) by (7.5 %) percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on (Sept 1, 1988 , in the Briscoe Auditorium , at 7:00 P.M.

FOR the proposal: Richard Meadows, Gene Ferguson, Mac Purcell, Lou Trimble, Leonard Powledge, Jr.
AGAINST the proposal: David Zybach
PRESENT and not voting: _____
ABSENT: Ray Hudson

The statement above shows the percentage increase the proposed rate represents over the (effective) tax rate that the unit published on (August 11, 1988). The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	23,838.88	23,830.94
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	4969.87	4949.05
Average taxable value	18,869.01	18,861.89
Tax rate	.42121	.478 (proposed)
Tax	79.48	90.16 (proposed)

Under this proposal taxes on the average home would (increase) by \$ (10.68) or (13.5%) percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would (increase) by \$ (.057) per \$100 of taxable value or (13.5%) percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

School got off to a good start with 151 enrolled. There were 8 seniors and 16 kindergartners coming along. Largest class was the third grade with 22. Bus drivers are Loyd Hammond, Andy Wright, Joan Hagerman, and M.B. Davis.

Mike Kahoa went recently to Springfield, Mo. to the Ozark Empire Fair. He won several first place ribbons with his heifers plus a division championship.

Eva Atkinson, Brendon and Brad came over last week to show us the 4-H postmark exhibits they had made. In time, postmarks may be a thing of the past since we have so much pre stamped mail.

Guess it nearly got too hot for the Pony Express lately. We had letters postmarked Leedy, Enid, and other strange places. Apparently, they fell off the pony somewhere and went travelling.

Been lightning in the west the last few days. Used to be that meant rain in three days but all signs fail in dry weather.

My corn, cucumbers, and peas decided it was too hot for them and sadly laid down and died. Squash and blister bugs didn't help.

We spent a busy day in town seeing the dentist and eye doctor both in the same morning. Got home in time to barely rescue Tina.

Visited with Mr. and Mrs. Frank Dodson, Mr. and Mrs. Emerson Moser, Alma Counts, and Mr. and Mrs. Bill Brown while we searched for bargains.

Dovie Wilson has a pleasant birthday when Sherman Wilson of OKC, Leta Campbell, and Eva Cotts came by to visit her and the Logans. She enjoyed all the cards, calls, and gifts.

James and Sue Atchley, and girls, Donaleta and Y.C. Fuchs helped Elec Atchley celebrate his birthday with ice cream and cake in the Fuchs home. Also there was Beulah Atchley.

The Ross Andersons were surprised with a party after church the other night. He was presented with a birthday and nice money gift. Refreshments were served.

The Raymond Pickering place was threatened with a grass fire Monday when someone threw away a lit match. They really appreciated the speedy arrival of the Sweetwater fire trucks as the wind was carrying the fire right along toward the house. Everything is so dry.

Dennis Gragert and a friend Tim McLaughlin of St. Peters, MO. visited last week with Linda and Mike Kahoa, helping with some remodeling chores. The boys had been vacationing in New Mexico.

See Oklahoma let Old Raymond Dale Stafford marry again. Seems the one he married a year or so ago backed out. I can't understand why anyone would want to marry a man on death row who murdered nine or more young people. Of course the way we get around to punish murderers, he will probably outlive all of us.

Sure glad the conventions are over and we can settle down to plain living. From all accounts a good many of the

politicians live in a dream world. Seems Bush is a millionaire several times over and Quayle is accused of having \$200 million but he says it is nearer \$55 million. Whoever wins is going to have his hands full trying to get the United States back in order. I

just hope they haven't waited too long.

Ruby Locke writes that she had a call from Bernie Bessire saying his sister Ruth Bessire Bohannon had died in her sleep at Yuba City, Ca. The Bessires lived many years at Sweetwater.

Mr. and Mrs. Ewing of Tyler, TX. have been visiting his folks Helen and Alex Ewing.

Services were last week for Zoe Ewing, the mother of Alex.

Our gray dog just flat disappeared. We don't know if the coyotes got him

or what. We are very sad. He was quite a character.

Cheryl and Sarah Layfield of Tulsa have spent the last week with her parents Ray and Imogene Pickering. The Layfields are moving to North Carolina.

The Salem Cemetery has been looking very nice due to the efforts of Sam LeGrand, Frankie and Ruby Sutton, and the Harold Bollens.

Everybody and their dog is on the road. We had to wait for 4 trucks and 3 cars before we could get off our

country road on to 152.

No one shops on Saturday from out this way. We could hardly find a parking place and only saw two women I knew Dorothy Brown of Cheyenne and Irene Taylor Lester of Wheeler.

Becky Gragert Settlement of Maplewood, Mo. was home recently to visit and attend a bridal shower given her by the ladies of the Cheyenne Baptist Church. Virgie Kahoa accompanied Becky and her mother Linda to the shower.

The Kitchen Band entertained at the Elk Nursing Home Tuesday. It is really nice since they have completed the remodeling.

Called Sue Keathley but she didn't have time for news. Was making homemade ice cream. I know whom to visit now.

I really depend on you folks to call me when you have company or do something that we should all know about. I haven't seen anything lately about some of you. Give me a ring.

Ain't It The Truth

By Ab Gunter

Got to visit with one of the Atherton boys and one of the Smiths the other day there at the Farmers Market and there was one of the Moore's there too getting their wares out getting ready for the Public. Our son and the granddaughter and Mama and I had just pulled in to spend the night at the Honey Inn. We had been in Amarillo where a bunch of our family had collected for a reunion of the Gunter Family. There was only one of the original bunch there and that was Aunt Bonne Brian Gunter, lookin cute as ever, was there with her baby sister, Pat who is 84 years old or should I say young. By the way don't tell Aunt Boone I told you but she is 90.

Wish that we could visited all our friends there but had to get back home but we did get to visit with Terrell and Shorty and Sally and J.D. and Florene and the Johnny Reeds and many more of you but golly it would have taken a month for us just to say Howdy to all of you. I would enjoyed staying for Terrells 84th birthday today August 12. Happy Birthday Brother.

Been gone so long the Goose chased me, and the Cats wouldn't even give me the time of day and the dandylions has nearly killed the grass out. We were so proud of the garden and durned if the weeds aint higher than the beans. We had kept the weeds pulled and also the grass and it really did look nice but in one weeks time place changed. We tried to get to mowing last nite and it started raining which we enjoyed. I think we got about 3/4 of an inch which helps. Guess we better hit the garden first before we have to start eatin careless weed greens so I better cut this thing short and get on with the work at hand. Wish we could have visited with you all but couldn't but maybe one of these days we can come back and stay awhile. Who knows.

We shared the Sechrist watermelon with four families, it was so good and everyone wanted some seed from it and Benita is making Watermelon Rind sumptin er other out of the rind and the Ducks and Geese got what

was left which was durn little. Sally's Peaches made two pies which I aint told anybody about but Mama likely will. We still got a few slices of the Bill Athertons cantaloupes and hope we have some for breakfast. We got to eat some of Florene Beatys cookin and Sparlin's pancakes, even one of them looked like an Elephant. You ought to have seen the Democrat Pancake I had out there at Sparlin's hangout one time, ask her about it next time you are in. Love to all Ab and Benita.

Notice of Effective Tax Rate (for use by taxing units that do NOT levy the additional 1/2-cent sales tax)

19 88 Property Tax Rates in HOSPITAL DIST I (NORTH)

This notice concerns 19 88 property tax rates for HOSP DIST I (NORTH). It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	
Last year's operating taxes	\$ 414,975.51
+ Last year's debt taxes	\$ -0-
= Last year's total taxes	\$ 331,980,413.00
÷ Last year's tax base	\$.12500 /\$100
= Last year's total tax rate	

This year's effective tax rate:	
Last year's adjusted taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors)	\$ 414,963.11
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 332,591,477.00
= This year's effective tax rate	\$.12477 /\$100
× 1.03	
= Maximum rate unless unit publishes notices and holds hearings	\$.12851 /\$100

This year's rollback tax rate:	
Last year's adjusted operating taxes (after subtracting taxes on lost property and taxes to correct appraisal roll errors and adding taxes lost in court suits)	\$ 414,963.11
÷ This year's adjusted tax base (after subtracting taxes on new property)	\$ 332,591,477.00
= This year's effective operating rate	\$.12477 /\$100
× 1.08	
= This year's maximum operating rate	\$.13457 /\$100
+ This year's debt rate	\$.00580 /\$100
= This year's rollback rate	\$.14055 /\$100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
UNENCUMBERED FUNDS	

SCHEDULE B: 19 88 Debts Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
HOSPITAL BONDS				18,546.00
Total required for 19 88 debt service			18,546.00	
- Amount (if any) paid from funds listed in Schedule A			-0-	
- Excess collections last year			-0-	
= Total to be paid from taxes in 19 88			18,546.00	
+ Amount added in anticipation that the unit will collect only 96% of its taxes in 19 88			772.75	
= Total Debt Service Levy			19,318.75	

SCHEDULE C: Expected Revenue from Additional Sales Tax
(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ N/A in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at WHEELER CO APPRAISAL DISTRICT

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Wheeler County Tax Unit will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1987 by 18.75 percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on September 1, 1988 at 9:00 AM to 12:00 Noon

FOR the proposal: Elmer Ray Harrison, Billie V Atherton, Clois Hanner, Boyd Hiltbrunner and Wendell Morgan
AGAINST the proposal: NONE
PRESENT and not voting: NONE
ABSENT: NONE

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on August 25, 1988

The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

Average Home Value	LAST YEAR			THIS YEAR		
	General	Rd&Bridge	Lateral	General	Rd&Bridge	Lateral
20,907.71	17,056.39	20,907.71	21,029.57	21,110.23	21,029.57	
General Exemptions available (amount available on the average home, not including senior, citizen or disabled person's exemptions)	5,350.26	5,350.26	7,202.64	4,176.00	4,192.68	6,043.17
Average taxable value	15,547.45	11,706.13	13,705.07	16,853.57	16,917.55	14,986.40
Tax Rate	.0944	.0177	.0354	16.00	.0150	.0225
Tax	14.68	2.07	4.85	26.96	2.53	3.37

Under this proposal taxes on the average home would (increase) by \$ (11.26) or (33) percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would (increase) by \$ (.05) per \$100 of taxable value or (25) percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

19 88 Property Tax Rates in the City of WHEELER

This notice concerns 19 88 property tax rates for the City of WHEELER. It presents information about three tax rates. Last year's tax rate is the actual rate the city used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the city proposes for this year. This year's rollback tax rate is the highest tax rate the city can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Briscoe News

By Vetola Parker

Wednesday, sprinkled last night and Mattie and Willene said it was showering at Briscoe this morning.

Wafford Ed Helton visited Mattie this morning. He and wife I think have been out in California visiting his parents Tump and Alice Helton.

Colie visited Zetha and Gene Dougherty Tuesday, yesterday he got to see their new house or where they have moved to.

Christine still has okra and garden stuff galor peas, watermelon, cantelopes. I sure miss making a garden and eating out of one.

Willene Waters got to come home from hospital yesterday Wednesday. She was doing pretty good but since she came home her feet and legs were swelling.

Mattie and a friend shopped in Shamrock yesterday, Mattie said it rained, about 20 minutes over there, Briscoe. I told her send some over this way.

Correction, Tommy Hayes preached on lost opportunities not last.

We got 1 inch of rain in that cracked gage we must get it fixed, it was a very nice appreciated shower, Thursday.

Lori Purcell, Frances Hickman, and Melody Ratliff visited Sheridan and the baby Lakisha Sunday afternoon.

Doc Wilhelm received 2 1/2 inches of rain Wednesday nite and Thursday. News said some places in Amarillo got 3 inches. Sure was wonderful.

A gas well going down on the Waters place use to be, now R. L. Zybach I think.

Sunday Brother Truman Teel preached on what value is the church to you, a good one.

Jimmy Puett is still improving. They like a big skin graft on his back. We hope he continues to improve, Red and Anna were back home this weekend.

Colie attended a sale at Ralph Markhams Sat. Yesterday we hated to hear Ralph and Juanita Markham have already moved to New Mexico, think their boys live there at Albuquerque or near. Now this was a shock to me. They will be missed. Jim Bob Hall asked Ralph what he would take for his place, Ralph gave a price, Jim Bob took him up on it. That a good way to get you a place. Think Clydene ask her dad Bob Markham what he would take for his house, he gave her a price, she said sold. She got her a big house. I know she and Lester enjoy it. Don't think they will care for me telling this.

We went to Perryton a guy had a 4 room and bath house, wanted 200.00 for it, as I walked in I saw 2 floors as a hardwood on top board, 2 roofs, a flat one had had a rigid one put on, I said sold if can get someone to move it to Briscoe, the old boy had to go clear to Miami to move it here could not come through to Canadian. For a 1,000.00 not bad I didn't think, W.O.W. We have enjoyed the room.

Tolenes 2nd girl Deanna Asher is due to have her baby next Wednesday 24th on Colie Birthday hope all goes well.

We are having a week of singing school and meeting this weekend, hope all goes well.

Monday morning a little breeze, but looks like a hot day, later on.

Hoyle Helton visited us Thursday after we got the rain. Everyone hollering need some more. But we are fortunate to get rain in August.

Donald Finsterald went to the Doctor this Monday morning for a check up.

After church Sunday night they went to Mobeetie on business about their hay. They came back by Bobby and Mary Nell Finsterwalds visited. Marie and David Wright went to Colo. on Davids vacation, they got home Friday.

Elbert and Ruby Zybach shopped in Pampa Saturday and visited her brother Everett and Iris Goad. I didn't know it, but Everett has a twin in Calif.

Elbert and Rubys visitors Sunday night were part of their kids and grandkids.

Fat and Wanda Childress went to Pampa Saturday night to the 4-H Rodeo. Brandi rode the barrells. Shawn rode a steer they visited Dub and Mary Swift.

play day at Wheeler they all were in this, Stacy Dukes, Shelly and Shawn Hunt, Brandi Luttrell.

Clyde Jr. and Mary Jane Dukes ate supper last nite with Fat and Wanda. Pat and Amanda Childress went on the truck with Wayne to Florida, now that will be a lot of sight seeing.

Kyle Zybach spent the night last night in Wheeler with Jeremy Pfeil. The Erick Zybach family spent 2

nights at the Quartz Mountain Lake recently, North of Blair and Altus.

Visiting Mae Welch over weekend were her son Bill and Carolyn Welch from Norman, Okla., daughter Dean and Della Wolf, from Buffalo, Okla, Hazel and Domer Miller of Allison visited Saturday. Joy and Misty Meadows visited Sunday afternoon.

Jolene Wilhelm is visiting in Amarillo with her daughter Bettie and family and Belinda Cole and family, the kids getting ready for school.

The Bill Walker family went to a team roping, Bill and Dusty, Dusty won a 1st place buckle.

Vergia Reagan's brother is critically ill and is hospitalized in Abilene. Eunice Edwards was hospitalized in the local hospital last week, but she has been released and is feeling much better.

From The Minister's Desk:

I recently read a short, but profound prayer that was prayed by a child. This prayer was: "Oh, Father, help me to be good, and if at first you don't succeed, try, try again."

When I read this prayer, I was immediately reminded of an event in the life of Jesus. This event occurred in the Garden of Gethsemane when Jesus went to prepare Himself for the ordeal of Calvary. (Matthew 26)

He took with Him Peter, James, and John, asking them to "—Keep watch—" with Him (verse 38). Jesus then "—went a little beyond them, and fell on His face and prayed—" (verse 39)

But when He returned to the place where He left the three disciples, they were not watching. Rather they were asleep. And Jesus said: "So you men could not keep watch with me for one hour?" (verse 40)

But what did Jesus mean by this question? He apparently was striving to show these three disciples that they had failed. They could have helped Jesus, but they miserably failed.

After their initial failure, Jesus departed from them two more times to pray. And when he returned to them, they were asleep. Jesus then said: "Arise, let us be going; behold, the one who betrays Me is at hand." (verse 46).

Notice that Jesus said: "Arise, let us be going—". He did not say: "Go away! I will; not associate with failures like you." Regardless of their failure and regardless of the number of times that they failed, Jesus was willing to be their Master if they were willing to be His disciples.

Here is one of the greatest truths of Christianity. Jesus is not like the individual who says: "No man fails me, but once." There is no failure or sin so bad that Jesus cannot and will not forgive. He is not only the Lord of the second chance; He is the Lord of endless chances.

With the truth as background let me emphasize two points. These two points are:

1. If you have failed, do not quit. Try, try again! Seek the forgiveness of God that is found in Jesus Christ. The Apostle Paul described this forgiveness when he wrote: "In Him we have redemption through His blood, the forgiveness of our trespasses, according to the riches of His grace, which He lavished upon us. (Ephesians 1:7-8).

God is not only willing, but pleased to use any life that is cleansed by the blood of Jesus. It may be a life that is filled with many failures, but when God forgives, He forgets. (Hebrews 10:17-18)

Do not accept your failures as final. Accept the invitation of Jesus who said: "Arise, let us be going—"

2. If you know someone who has failed, but who is now trying to live a godly life, do not be cynical about this person, questioning their sincerity and honesty.

The Bible is filled with the stories of people who failed, but who repented and were used by God in His eternal plan. For example—

Abraham was a liar and a worshipper of idols. But he became the father of the nation of Israel.

Moses was a murderer, but he was the man who was selected by God to lead the Israelites from the bondage of Pharaoh.
