## Mobeetie Happenings

By Rev. James M. Bryant

Leo Franklin Hall Jr., infant son of Mr. and Mrs. Leo Franklin Hall, Sr. of Pampa, was buried at the Mobeetie Cemetery Monday afternoon at 2:30 p. m. The baby died four hours after birth at the Worley Hospital in Pampa. Mrs. Hall was formerly Dolle Howard of Mobeetie. Dr. J. H. Calkins was in charge and James M. Bryant conducted the service at the graveside.

Cotton pulling is getting under way around Mobeetie. Phil Corcoran has been pulling bolls for over a week, and R. B. Leonard has gotten around 1,200 pounds off a two acre patch in town.

Mr. and Mrs. Homer Matthews have recently returned from a trip to Carlsbad, New Mexico. They were accompanied by Mrs. Mary Hecker of Sagertown, Penn. who is visiting them. Mrs. Hecker is Mr. Matthews' sister.

Tracy Willis is in Fort Worth with his daughter, Mrs. Leonard Hollis and her husband where Mrs. Hollis has gone for medical examination and treatment.

Mr. and Mrs. Mary Elliott from Raymondville, Texas are visiting Mr. and Mrs. John Dunn. Mrs. Elliott is Mrs. Dunn's sister.

Sunday dinner guests in the home of Mr. and Mrs. Leslie Waters were: Mr. and Mrs. Alvis Burke and children, Arthur Don, Loy Roy, and Miss Ouida Frances; and Miss Peggy Williams of Mobeetie. Mr. and Mrs. Fred Waters and daughter, Wanda Sue and Sylvia and Marilyn Smith of Wheeler were present also.

Charles Waters and Deiton Burke visited in Amarillo Sunday.

Mrs. J. M. Bryant's mother, Mrs. J. E. Elliott, and sister, Miss Loyce Elliott of Canyon, and her niece, Miss Judith Johnston of Pampa visited in our home over the weekend.

Leslie Waters made a business trip to Miami Monday where he also visited his sister and her husband, Mr. and Mrs. Pete Greenhouse.

Three new automobiles turned up in Mobeetie this past week. Roscoe Meek is enjoying a new Plymouth, Mr. and Mrs. Ed Johnston visited the Amarillo Fair and drove home in a new Chevrolet, and Wheeler Carville has been seen driving a new Packard.

Provisions for sending gift packages to foreign countries are listed.

Information on sending gifts to individuals in foreign countries is obtainable from the Commerce offices, upon request, mentioning the country and the article.

The address of the Dallas office is Room 1114, 1114 Commerce Street.

Meth. Men Be Hosts To Wives Next Wed.

Methodist men will serve an Oyster Fry on Wednesday night, October 12. At this meeting the Methodist men will be host to the ladies. It will be Ladies Night. The feed will begin at 8:00 o'clock, following the regular Wednesday night Bible Study. Dr. H. E. Nicholson will bring the program. He will show the pictures that he took with his movie camera during his vacation in Alaska. Dr. Nicholson said if you were interested in beautiful flowers and gorgeous scenery you would enjoy the pictures. Joe Rogers is in charge of the feed.

## MORE PERSONS X-RAYED THIS YEAR THAN LAST

Eighty-seven more persons received chest X-rays this year than in 1948. W. R. Ritter, Wheeler County Sanitarian, announced early this week.

Mobeetie pushed the county over the top last Friday when 417 residents of that area attended the health clinic, compared with 265 last year.

Total for the county, including three days at Shamrock, two at Wheeler and one at Mobeetie, was 3,742. The total last year was 3,655.

One hundred and five more persons were X-rayed in Shamrock, the total being 2,520 against 2,415. Results of the two-day stand in Wheeler was disappointing, the figure dropping from 975 as of last year to 805 this year. The 152 increase at Mobeetie threw the figure over that of 1948.

Persons receiving X-rays through the facilities of the mobile unit operated by the State Health Department will begin receiving cards showing the results within eight to 10 days. If the reports are negative, they will be returned to the individuals. If they are positive, both the individuals and their physicians will be notified.

Because of a curtailment of funds, a public health nurse will not call on the positive cases this year.

The number of persons X-rayed in Wheeler County represents a large percent of those eligible, leaving the county in number three spot throughout the state.

Of the 3,655 persons X-rayed here last year, 32 positive cases of tuberculosis were found; 43 of suspicious nature; and 39 other diseases.

County Sanitarian Ritter this week expressed his appreciation to those who assisted in the health program. "Without the cooperation of scores of workers and without the splendid response of the general public, the clinic this year would not have been the success that it was," Ritter said.

## MOBEETIE FFA HOLDS MEETING

Members of the Vocational Agriculture classes of the Mobeetie high school met Monday at 7:00 p. m. in the Agriculture Building for their first regular monthly meeting as an FFA Chapter, with their instructor, Coleman Walton, in charge.

A business meeting was conducted and officers for the year were elected as follows: Chubby Haynes, president; Vernon Willard, first vice-president; Jay Wallace, second vice-president; Donald Ray Waters, third vice-president; Jack Hefley, reporter; Wayland Newman, secretary; Harold Hooker, treasurer; Hayward Romines, sentinel; Monroe Seitz, parliamentarian; and Harold Gatlin, historian. Plans for the year were also discussed after which the meeting adjourned with the regular closing ceremony.

This is the first year that Vocational Agriculture has been offered in the Mobeetie school and the members of the chapter have already begun to make a showing for themselves. The chapter was awarded the fifth place ribbon and a cash award of ten dollars on their booth at the County Line Free Fair held in Shamrock, in which they exhibited community products.

Mobeetie P-T A. Will Meet Thursday Night

The Mobeetie P-T A. will hold its regular meeting Thursday night, October 13, beginning at 7:30 it was announced this week. The meeting will be held at the Mobeetie High School. All members of the organization are urged to be present for the meeting.

Kelton WSCS To Hold Bible Study Course

The W.S.C.S. of the Kelton Methodist Church are now beginning a study course, "Women of the Bible". All ladies of the community are invited to attend these studies and become better informed of this knowledge. Meetings will be held each Sunday evening at 7:30 p. m.

## Rides To Spearman For Football Players Needed Fri. Afternoon

Supt. W. O. Carrick stated this week the football players will go to Spearman for their game with the Lynx Friday night in personal cars rather than in a school bus and ask for anyone who can take some of the boys to get in touch with him or Coach Bernie Smith at the Wheeler High School Friday morning.

The boys will need to leave around 2:30 o'clock Friday afternoon in order to arrive at Spearman in time to flex their muscles a little and make necessary preparations before game time.

School officials would appreciate it very much if anyone who can get off at 2:30 would let them know and also let them know how many boys they can carry.

## TEXANS ASKED HELP IN DRIVE

Texans all over the state are backing the campaign to expand Gonzales Warm Springs Foundation. The Treatment Center is receiving wide spread support through the same typical generosity which provided funds to open it in 1941 and develop it into one of the finest hospitals in the nation for physically handicapped boys and girls.

Goals set by county chairmen are being exceeded daily. In a letter to Governor Allan Shivers, General Chairman of the state-wide campaign, Mr. Forrest Avant, Chairman of the South Frio County, Dille Community has set \$400.00 as its goal. He sent in a check for \$500.00, adding that it was a pleasure for his community to have had a part in the campaign.

A half million dollar goal has been designated by the central campaign committee as the amount needed for expansion of existing facilities. Due to the polio epidemic this summer, its victims have been given priority for admission because of the necessity for immediate treatment. Few beds, therefore, have been reserved for children crippled by other diseases or by injury, and many such cases have been on the waiting list all summer for entry.

Foundation directors ask only that Texans help provide sufficient bed space to care for all crippled children who can be benefited by the treatment and rehabilitation program of Gonzales Warm Springs Foundation. "Long term hospitalization," says Ross Boothe, president of the Foundation's Board of Directors "offers the numerous problems of complete mental and physical care of the patient. Gonzales Warm Springs was planned from the beginning to take care of these needs—physical treatment as well as school, religion, occupational training and entertainment. It is the complete community center to prepare the physically handicapped youngster for his normal place in family and civic life."

The campaign extends through October. Those not personally contacted for contributions are invited to send them directly to Executive Director, Gonzales Warm Springs Foundation, Gonzales, Texas.

## Wheeler P-T A. To Meet Thursday, October 13

Parents of the Wheeler school children are reminded of the P-T-A meeting of the school Thursday night, October 13, by the organization's president, Mrs. Harold Nash.

The meeting will begin promptly at 8:00 p. m. in the grade school auditorium. All parents and patrons are urged to attend these meetings and help to create a better understanding and more teamwork together for the welfare of the school.

At the first meeting, which was held September 27, Minister B. M. Litten of the local Church of Christ, was speaker for the evening and spoke on, "Teamwork of Today's Youth".

During the business meeting it was voted that the proceeds left from last year would be donated to the grade school library for the purpose of buying much needed books. It was also agreed that the second Thursday night of each month would be regular meeting night for the P-T-A.

## MUSTANGS BOW TO WHITE DEER, PLAY SPEARMAN

The Wheeler Mustangs, who were badly crippled for their meeting last week with the strong White Deer Bucks, wound up on the short end of a 40 to 0 score. The contest was the second conference contest of the season for the Mustangs and was played on the Wheeler gridiron.

The Mustangs held the speedy Bucks back scoreless during the first period, yielding 13 points in the second and fourth periods and 14 points in the third period.

The Wheeler lads journey to Spearman Friday night for their third conference contest of the season. The Mustangs will meet the Spearman Lynx under the lights at Spearman. The Lynx do not have too impressive a record this season but held the Class A Perryton aggregation to a tie last weekend which shows that they are improving and could easily claw out a victory over the local lads.

The Mustangs greatly missed the services of their star fullback and co-captain, J. T. Johnson, last Friday night and although Garland Parks and Dick Pendleton saw service in the contest they were both injured and unable to turn in their best performances by any means.

The defensive play of co-captain Doyle Waters was outstanding throughout the contest and he looked more like the player he was last season than he has in any previous contest so far this season.

Teddy Harvey, the Bucks aggressive seat back, scored the first two White Deer counters on short line plays and R. D. Talley converted after the first counter. Noble scored the third Buck counter and Harvey converted on a running play. The fourth White Deer score came when Talley intercepted Pettit's pass and raced 80 yards untouched to pay dirt with Buchanan converting. Carpenter scored the fifth touchdown and Hussey counted the final marker with Carpenter going over.

## Peggy Rodgers Rates High On English Exam At Baylor University

Dr. A. J. Armstrong, chairman of Baylor University's English Department, thinks his freshmen this year are the smartest in the nation. And he has reason for this belief.

Professors have just finished grading the English tests given 1,184 new students at the opening of school. The norm of the Baylor grades is 139—as compared with a national norm of 129 for the same test. Baylor medium, he said is 144.7.

Wheeler has reason to be proud of this statement by Dr. Armstrong for one of its citizens, Miss Peggy Rodgers, daughter of Mr. and Mrs. Bob Rodgers, is among the 1,184 new students at Baylor this fall. Miss Rodgers was rated as one of the top thirty with some of those grades only being a point higher than hers in the English test.

Baylor's record enrollment this year caught the English Department short of classes, and five new teachers had to be found in a hurry for the freshman courses. There are 33 full classes of them, meeting throughout the day from 7 a. m. to 5 p. m.

## Sunday Is Children's Day At Meth. Church

Wheeler Methodists had a good beginning in their Loyalty Month Crusade that started last Sunday. Every Sunday is a Special Sunday. This Sunday is Children's Sunday, and we are working to send every boy and girl in our church being present at that time, pastor D. L. Egger stated this week. We want them in Sunday School and in the morning Worship service.

During the Morning Worship Service, the boys and girls will have a special part in the service. The Junior Choir will sing during the service. During the month of October the Methodists are calling upon all members to be loyal to their faith in Christ. Remember the slogan: "If you are a Methodist be a Loyal Methodist". The subject for the morning sermon will be "A New Mind".

## Peacetime Drive For USO Funds Is Underway In Co.

An appeal for cooperation in the current USO fund raising drive was issued today by E. K. Caperton, campaign chairman of Wheeler County.

Caperton points out that \$12,000,000.00 are needed for our boys in military service here and abroad. Texas has been asked to raise \$500,000.00. Wheeler County's quota is \$840,000.

Persons who are not contacted in person or by letter, are asked to mail their checks to: W. H. Walker, Secretary USO, Shamrock; Harry Wofford, Secretary USO, Wheeler; or to L. D. McCauley, Secretary USO, Mobeetie. Or contributions may be deposited in any banks in Shamrock, Wheeler or Mobeetie.

## CO. FARMERS TO FIELD DAY DEMONSTRATION

Wheeler County farmers will find much interest to them in the solution of several of their problems in pasture improvement and field crops improvement by attending the field day at Woodward Experiment Station. This is the thirteenth such field day held by the Station, and many Wheeler County farmers are planning to go again this year who have been there before.

County Agent Frey says no effort is being made to organize a tour or a group to leave here together, but that several farmers and ranchers are going in their cars, and will take friends and neighbors. It is suggested that any who have room for another passenger or two to go with them might come to the north side of the courthouse at 7:00 to 7:30 a. m. and pick up any who do not have a way to go.

The program for the day starts at 8:00 a. m. at the main Station at Woodward, and since it is an hour and a half to two hours drive from Wheeler to Woodward, Wheeler County farmers and ranchers leaving here as late as 7:00 o'clock will miss part of the program.

The tour and inspection of the main Station begins at 8:00 a. m. and includes: Grass Breeding and Strain Improvement. Trees and Shrubs for windbreaks and farmstead improvement. Improved tomatoes, grapes and other fruits. Sorghum varieties and production.

At noon there will be a barbecue, and demonstration of brush control equipment, such as mowers, beaters, cutters, sprayers, etc.

In the afternoon there will be a tour of the experimental range, showing the control of brush and weeds, grass establishment and seed production, reseeded pastures, etc.

## 41st Anniversary Is Celebrated Sunday

A host of relatives and friends gathered at the home of Mr. and Mrs. C. N. Strawbridge, Sunday, October 2, in honor of their 41st anniversary which is October 8.

A bountiful dinner was served at the noon hour and the afternoon was spent visiting with each other.

Those enjoying the occasion were: Mr. and Mrs. George Harris of Macado; Mr. and Mrs. Vernon Morgan, Paul and Yvonne of Amarillo; Mr. and Mrs. Farris Lock, Jim McCoy of Milsap; Mr. and Mrs. Cleo Rhoades, Kenneth, Wanda Lou and Linda Sue of Stinnett; Mr. and Mrs. Willard Strawbridge, Weldon, David, and Cleta Mae of Gageby; Mr. and Mrs. Connie Lawrence and Joe Hathaway of Mobeetie; Mr. and Mrs. Frankie Skidmore of Shamrock; Mr. and Mrs. Albert Reynolds of Mobeetie; Ailena Mae and Mary Sue Evans of Wheeler; Mr. and Mrs. Jimmie Walker of Hereford; James McCormick and Charlie George of Wheeler; Mrs. Doyle Standlee, Martha and Inez, Gageby; Mr. and Mrs. C. N. Strawbridge, Charlie and Melba.

Those calling in the afternoon were: Mrs. J. B. Stout and Mr. and Mrs. Joe Hefley and Mauriene of Gageby.

## SRS. HOLDING QUEEN CONTEST

The senior class of Wheeler High School is sponsoring a king and queen contest and a prince and princess contest with the winners to be crowned at the annual Halloween Carnival which is to be held at the Wheeler gym on Halloween night, October 31.

The seniors are raising money for their annual activities through this means and have placed boxes in different stores around town with names of various candidates on them and people can drop their change in these boxes. Votes are one cent each.

Candidates for king and queen are: eighth grade—Glenda Ann Porter and Jerry Melton; freshman class—Nona Byers and Bobby Johnson; sophomore class—Dixie Sanders and David Johnson; junior class—Bill Hooker and Dale Clift; and senior class—Margaret Holdeman and J. T. Johnson.

Candidates for prince and princess are: first grade—Carolyn Sims and Jerry Burgess; first grade—Shirley Sanders and Phil Russ; second grade—Marilyn Smith and Albert Thomas; third grade—Sharon Beaty and Kearby Weatherly; fourth grade—Gail Holdeman and Jerry Smith; fifth grade—Nancy Lee and Cecil Pierce; sixth grade—Mary Black and Donald Meadows; and seventh grade—Lonelle Lee and Tony Weatherly.

## McCormick Opened General Repair Shop

H. J. McCormick, who has been hauling milk for this territory to Amarillo for the Borden Company for the past couple of years, has announced the opening of his garage to the public for general auto and truck repair work. The McCormick Garage is located in the Beaty's Welding Shop Building just east of the Wheeler Hotel.

Mr. McCormick has been maintaining a shop for the repair of his own vehicles for quite some time, but has just recently opened his shop to the public. There are two experienced mechanics on duty at McCormick's with modern testing equipment and tools on hand to take care of the public's mechanical repair needs.

**POLITICIANS SEE  
ONLY THE VOTES**

So, today, we have a steel strike, a coal  
strike, others in the offing, and what hap-

pens in steel will be a pattern for what is to  
come.

Much less than two decades ago, indus-  
trial management had the reins in its  
hands. It could, and unquestionably some-  
times did, underpay its hard-sweating work-  
ers. But if the workers struck, there was  
always more labor available. You could strike  
and starve and in many cases, with the strike  
broken, you could not always get your job  
back. That was wrong, of course, brutally  
wrong. That was not management, but mis-  
management. There was too much of it.

Today, the industrially organized work-  
ers has the whip hand, not only in steel and  
coal but in every other industry where in-  
dustrial unionization has taken hold. He can  
and does paralyze an industry. He can force  
it to operate uneconomically. He can put it  
out of business. If he strikes, he can and  
does prevent other workers from taking his  
job, assuming that there are enough of them  
to take it anyway. That is wrong, brutally  
wrong. It is no more in the workers' interest  
than in that of management or public.

What happened to shift from one bad  
situation to another? The intervention of  
federal laws under the Wagner act. Grant  
that its intentions were good. Yet the fact  
remains that it produced as bad a situation  
in finality as the one with which it sought  
to deal. Its solution was to terminate too  
much power in the hands of management by  
putting too much power in the hands of  
labor. Of the two there can be little question  
that the cure proved worse than the ill, be-  
cause the whole country suffers when a  
major strike occurs and the whole country  
must lose when a major strike wins an un-  
economic settlement.

From the start the government should  
have been an impartial umpire, not a parti-  
san player. But government runs afoul of  
the human frailty of preferring its job to  
justice. Men who can be thrown out of of-  
fice can seldom be depended upon to face  
down a majority, whether it is right or  
wrong.

Yet the Taft-Hartley act was a long  
step in the direction of responsible govern-  
ment assuming its obligations to investment,  
worker and public. Only the Taft-Hartley act  
is not being used.

Mr. Truman does not like it. There are  
no votes in it.—From Dallas Morning News

Insurance is often carried when not  
needed and needed when not carried.

Head work is a lot harder than hand  
work; that's why we have so little of it.

A happy spirit is the greatest posses-  
sion that comes to man, regardless of his  
wealth or lack of it.

His biggie playing was the chief thing that mattered to him in life. One night, while he was strutting about the room, skirling for all he was worth, his wife attempted a mild protest. "Jock," she said, "that's an awful noise you're making." So Jock sat down and took off his boots!

An estimated 6,000 persons filed through the Shamrock Community Building Sept. 22, 23 and 24 to enjoy the various activities of the three day State-Line Free Fair. All agreed it was a top-notch show. At left, Doyle Brown and Earl Tarbet, Shamrock FFA members, do some last-minute grooming on their calf with electric clippers while three bystanders look on. Lining up in the judges pen with their club calves are, from left, Jamie Clark,

Wheeler FFA; Carrel Pitcock, Kelton 4-H; Ronald Pitcock, Kelton 4-H; William Whitener, Wheeler 4-H; and Jimmy Harris, Kelton 4-H.  
A general view of Shamrock's big Community Building shows some of the commercial exhibits on display. Proud winners in the club calf contest were Ronald Pitcock, Kelton, with his reserve champion, and Joe Van Zandt, Mobeetie with his grand champion

calf. At right are educational exhibits shown by the Shamrock FFA Chapter, a model farm teaching good feeding methods, and the Wheeler FFA Chapter, a display pointing out merits of soil conservation in comic strip style. Poor farmer at left says he knows all there is to know about wearing out three farms in Arkansas; scientific farmer at right tells him he'd better get smart and sign up with Soil Conservation.

THE STATE OF TEXAS  
COUNTY OF WHEELER  
SHERIFF'S SALE  
WHEREAS on the 14th day of September, 1949, in Cause No. 149, in the District Court of the County of Wheeler, Texas, wherein the Sheriff of said County, Dist. et al. Plaintiffs, recovered judgment against J. F. Rathjen et al., Defendants, for taxes, penalty, interest and cost against the hereinafter described property;  
WHEREAS on the 14th day of September, 1949, by virtue of said judgment and the mandates thereon, the Clerk of the above mentioned District Court of said county caused to be issued an Order of commanding me as Sheriff of said county to seize, levy upon, sell in the manner and form prescribed by law the hereinafter described property;  
WHEREAS by virtue of said judgment and said Order of Sale the mandates thereof I did on the 14th day of September, 1949, seize and levy upon as the property of the above defendants

the following described property, situated in Wheeler County, Texas, to-wit:  
(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)  
**FIRST TRACT:**  
All of lots 6 & 7 in Block K, Park Addition in the City of Wheeler, Texas.  
And I will on the first Tuesday in the month of November, 1949, the same being the 1st day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city of Wheeler, between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein in or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgment against said property in said suit, whichever is lower, subject also

to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.  
DATED at Wheeler, Texas, this 16th day of September, 1949.  
JESS SWINK  
Sheriff Wheeler County, Texas

**VA ANNOUNCES PAY SCHEDULE ON INS. DIVIDEND**

The Veterans Administration's first calculations on amounts proposed to be paid nearly 16,000-000 veterans in the \$2.8 billion special National Service Life Insurance dividend have been received by the Veterans Administration Regional Office at Lubbock this week. Robert W. Sisson, manager, announced today.  
Maximum possible amount that any veteran can receive will be \$528. Other payments, based on age groups will run to lesser sums. The dividend will be paid on both term and converted insurance policies, and will be paid only for the period that the policy was in force prior to the policy anniversary in 1948. No payments will be made for periods of lapse. VA emphasized.  
According to Carl R. Gray, Jr., Administrator of Veterans Affairs, the estimated rate of the dividend was arrived at after long actuarial studies, and that the rate of payment will be the same for both term and converted policies, as the dividend is based on mortality savings since there are no excess interest earnings.  
In arriving at the dividend scale, standard insurance practices were followed, whereby dividends on a life insurance policy represent a return to the insured of the excess of premiums paid over the amounts required to pay claims and set up necessary reserves. This is not necessarily proportional to the premium paid.  
While portions of the premium originally estimated as necessary to pay claims may turn out to have been too high and can return a dividend, the part of the premium that goes into building up reserves cannot return a profit unless the fund earns a rate of interest higher than that assumed in the premium calculations. This has not been done in the case of National Service Life Insurance.  
In computing the maximum payment of \$528, the dividend was based on a \$10,000 policy in force for 96 months, (the longest possible period), on a veteran age 40 or less at the time the policy was taken out. This represents a payment of 55 cents a month per \$1,000 of insurance. As the mortality rate for the age group of 40 and under did not vary greatly, a single dividend rate will apply to this whole group.  
The rates of payment will be: Those under 40 years of age at the rate of 55 cents per month per \$1,000 of insurance; those 41 to 45 years of age, scaling down from 52 cents to 40 cents; those 46 to 50, 37 cents down to 25 cents; those 51 to 54, 24 cents down to 21 cents; those 55 and over, 20 cents per thousand.  
The proposed scale does not apply to insurance on a permanent plan which has been surrendered for a reduced paid-up amount. These cases will be handled separately.  
No further information has been received as to the exact date payment of this dividend will be made. Mr. Sisson pointed out. Application blanks are available at Veterans Administration offices, and after being properly filled out, there is no need for further correspondence concerning the dividend as this will only cause delay in payment.

**NEEDED: Contributions to USO Fund Drive . . . .**

Another USO Fund Drive—Twelve Million Dollars needed for our boys in Military service here and abroad. Texas quota is one half million dollars.  
Our President and Secretary of Defense say it is necessary in time of peace as well as war. Wheeler County's quota is \$840.00 and in our other drives it was more than five times this amount, which was met promptly and without a great deal of trouble on the part of those in charge.

**WHY IS IT NEEDED?**  
Our defense forces number approximately 1,600,000, 5 times as large as they were 10 years ago.  
Most of today's service men are civilians in uniform, not profession soldiers, and who are much younger as a group than our wartime forces, and they are scattered for the most part in remote and distant places.

**WHY MUST IT BE VOLUNTARY?**  
Experience has proved that military authorities cannot maintain any activities without full military discipline, and such military discipline would destroy the value of USO-type service.

The USO is evidence to men and women in service that the folks back home are concerned of their welfare, and much of USO activity is of a religious and spiritual nature which no governmental auspices could appropriately provide.

If you are not contacted in person or by letter, would you mail your check to W. H. Walker, Secretary USO, Shamrock area, or to Harry Wofford, Secretary USO, Wheeler area, or to L. D. McCauley, Secretary USO, Mobeetie area, or you may deposit your contribution in either of the Banks at Shamrock, Wheeler or Mobeetie to the account of the USO fund.

With proper cooperation it is the opinion of those in charge that contributions of \$1.00, \$2.50 or \$5.00 will meet our quota. If you will contribute, do so in the month of October.

**THAT'S WHAT I CALL REAL SERVICE**

And You ALWAYS Get It When You Use **McCormick Equipment**

One day, right in the middle of harvest, a customer hurried in and asked for a replacement part for his 10-year-old combine. I went to the parts bin, and as I came back and plunked the part down on the counter, he grinned and said: "That's what I like about using McCormick equipment. When I do need a part, you always have it or can get it right quick."  
He started to walk out, and I said, "How about letting our service man put that part on for you? Your machine might need a little adjustment here and there, and he can do that at the same time."  
He thought it over for a minute, and laid the part back on the counter. "Go ahead," he grinned. "I've got a couple of other things to take care of here in town anyway. The combine is standing in the field south of the house."  
He turned to go, and I mentioned, "If you're not at home by the time he puts on the part, I'll have him try the combine and look it over thoroughly and give you a report. Maybe we can get together and arrange to fix it ahead of time for next season and save you time and trouble."  
"Go ahead," he agreed again. "That's what I call real service!"  
"Just a part of our regular IH 5-Star Service," I said.

MR. F. W. ADKINS

Will Conduct A FREE CLINIC for the Hard of Hearing at:

WHEELER HOTEL  
WHEELER, TEXAS  
WEDNESDAY, OCTOBER 12  
10 A. M. TO 5 P. M.

He will answer such questions as: Can you hear people talking but not always understand them? Can the strain and discomfort of head noises be eliminated? Which is your better ear?

Why does hearing loss become progressively worse? How does the strain of even partial deafness affect the nervous system? How many physical ailments can be traced to impaired hearing? What are the imminent physical and emotional dangers that can easily develop from faulty hearing? It is true that poor hearing can lead to total deafness unless the proper preventive steps are taken. The startling answers to these and many other vital questions about your health and your hearing will be answered expertly for you in this clinic. Mr. Adkins takes a personal interest in your individual hearing problems, and will demonstrate for you how normal hearing can again be attained. Simply attend at the time mentioned above. An evening appointment for a demonstration in your own home may be arranged. This is a regular part of Acousticon's public service program, without cost or obligation. ## Going to get your \$2,064 bait back

Your shiny new automobile—with prices averaging about \$2,064—has to get you a whale of a lot of use to justify its cost.

Winter wear is the worst bait-snatcher. It can strip your car of plenty of service . . . Unless you OIL-PLATE it!

1. Oil-Plating—a feature of patented Conoco N<sup>o</sup> Motor Oil—performs a wear-preventing miracle by fastening a shield of special lubricant to working parts. OIL-PLATING can't all drain down—even overnight!

2. Always on Guard! Even when the fine lubricating oil itself isn't covering a part, OIL-PLATING is! It protects your engine against grinding "dry-friction" starts . . . from corrosive combustion acids . . . from sludge and carbon caused by wear.

3. Watch Out for Winter! The frigid months are the most dangerous months for these car-killers. New and older cars both urgently need Conoco N<sup>o</sup>. Don't wait . . . drive yours in today and armor it against winter with Conoco N<sup>o</sup>.

#### SPORTS NEWS

The Mobeetie Hornets football team came to a sudden defeat Thursday night, September 29. With a score of 13 to 0 in Canadian's favor, Jay Willis was out with a fractured hip, but we hope to have him back for the next game. The school is still behind our boys because we still think they are swell.

Our next game is with Shamrock there Thursday, October 13. We also have a game October 20 with Canadian here.

#### SENIOR NEWS

The senior class of Mobeetie start Tuesday, October 4, selling ads for the annual. We are also going to sponsor a box supper and a picture show. But the date hasn't been set as yet. We'll put more about it in next weeks paper.

Farmers and neighbors invited to the group meeting by Mr. Allen brought their wives and families, and coffee and cake were served to County Agent Frey and Work Unit Conservationist John Carter and other guests after the educational meeting. Six applications for assistance were received from the following farmers: John E. (Jake) Allen, J. H. (Rip) Roper, Carl Henderson, Bud C. Scribner, A. W. Hillbruner, and Everett Coleman.

Who's said rural communities are doomed? When such a fine group of friends and neighbors as that one around Jake get together and discuss their problems over coffee and cake, whether the problem is soil conservation, farm policy, politics, or State or National problems, one can readily see that our great nation is still safe so long as we preserve the Democratic approach, and so long as the individual personality and integrity of our farm people is respected and maintained.

Women are women—no matter what age, as five year old Barbara Brackett of San Angelo proves. Barbara is a patient at Gonzales Warm Springs Foundation—one of the victims of this year's polio epidemic at San Angelo. Like all girls, Barbara likes to look pretty, and Mrs. L. H. Krohnig, one of the 24 Gonzales Gray Ladies at the Foundation, adjusts the big bow in Barbara's blonde braids.

Carroll Pendleton and Mrs. R. H. Dyson presided at the register, with Mrs. Wayne Edwards greeting the guests and presenting them to the honoree. Approximately 100 guests called and sent gifts.

This one turned out to be not only a good educational meeting on what the Soil Conservation District is, how it operates, and what it has to offer the farmers interested, but it was also a fine social occasion.

## CORRECT EATING VERY IMPORTANT

As we grow older we begin to dream of living longer. But a long and happy life depends to some extent on what and how much you eat, according to Louise Mason, extension foods and nutrition specialist of Texas A. and M. College.

She says it isn't easy to cut down on certain foods that you have become accustomed to, but sometimes it's necessary in order to prevent some diseases and ailments that come on with old age.

Over-eating seems to be our greatest common dietary fault. That is, eating too many fat, rich, and sweet foods. Miss Mason recommends eating more green leafy

vegetables, milk, citrus fruits, such as cheese, eggs, beef, pork and poultry to such ailments as high blood pressure, diabetes, hardening of arteries and even cancer.

Some folks are allergic to certain foods; some don't like some can't digest certain. Therefore, each person should develop these habits to extend life expectancy. Eat the food like, says Miss Mason, more of the good mineral, iron rich foods and less sweet and rich foods for healthier living.
