CONSERVATION TOUR WILL BE CONDUCTED MON.

The third annual Soil Conservation tour sponsored by the Denver Railroad and the Second National Bank of Houston will have Shamrock as the starting point this year. Program for the day, which is set for Monday, November 14, will consist of a tour by automobile to the Pagan Community in the morning, and then a meeting at the Shamrock Community Building in the afternoon.

The tour will start from the Community Building at 9:30 a. m. There will be a lead car designated to lead the way to each point of interest in the Pagan Community. County Agent Frey, who is in charge of the tour sponsored by the Wheeler County Soil Conservation District, says there will be four or five stops designated on the tour. Such practices as winter legumes, grass plantings, farming on the contour with terraces, results of sagebrush spraying, deferred grazing, and stock dams will be shown on the tour. There will be a public address system at each stop to explain the value of the different practices.

The public is invited to attend this tour to see the value of such practices. All who wish to come are requested to meet at the Shamrock Community Building and be assigned a group to go with, rather than going separately. This way there will be no traffic problem.

R. H. Forrester of Wheeler is chairman of the reception and arrangements committee for the afternoon meeting which begins at 1:00 o'clock at the Shamrock Community Building.

Dooley Dawson of the Second National Bank at Houston, and Fred Walker, Range specialist, and M. K. Thornton, Soils Chemist of the Extension Service, Texas A & M College will be on the afternoon program.

DOOLEY DAWSON

KIWANIANS TO OBSERVE FIRST ANNIVERSARY

The Wheeler Kiwanis Club will observe its first birthday next Monday night with a lady's night feed at the Wheeler School Cafeteria. The feed will begin at 8:00 o'clock. Dooley Dawson of the Second National Bank of Houston will be the principal speaker of the evening according to members of the program committee.

The Wheeler Kiwanis Club has not set the world afire during its first year of existence but neither has it lay dormant all year long, having made a great many improvements in the City Park and accomplished various other projects such as furnishing a member of the girl scout executive committee, Bill Owen, helping with the Chest X-ray program and other fund raising campaigns.

Members of the Pampa club which organized the Wheeler Kiwanis have been invited to attend and the local club is expecting a large number of them to show up for the occasion.

Local members who have not notified J. C. Howell how many plates they desire for the anniversary night dinner are asked to get in touch with him some time between now and Saturday in order that the club can make arrangements for an adequate number of plates without having a great deal of waste.

Members of the Pampa club which organized the Wheeler Kiwanis have been invited to attend and the local club is expecting a large number of them to show up for the occasion.

The patrols then held their respective meetings and new officers were elected as follows: Patrol 1, leader, Wanda Topper; assistant leader, Sharon Green; Patrol 2, leader, Shari Gale Lee; assistant leader, Patsy Burgess.

Plans were also made at the meeting for a troop library and will be carried out at the next meeting. A gift was then presented to Kathryn Whiteley to help replace her wardrobe by the group.

The meeting was adjourned as usual.

Daughter Of L. Barry Dies Thurs. Morning

Mrs. Imogene McWhorter, daughter of L. R. Barry of Wheeler, and sister of Mrs. Wiley Davis of Mobeetie, passed away at the home of her sister in Mobeetie this morning (Thursday) about 9 o'clock.

Mrs. McWhorter had been in ill health for over a year and had been bedfast for the past month.

Tentative plans called for the funeral to be held Saturday afternoon, probably at the Davis home in Mobeetie.

Future Farmers Pull Bolls For H. Whitener

James Clepper, local vocational agriculture instructor, reports that the Wheeler FFA members went to the home of Herbert Whitener Monday and pulled bolls during their class time. This was the Future Farmer's contribution to a local citizen who had the misfortune of losing his home by fire.

COUNTY VOTERS TURN DOWN ALL AMENDMENTS

Wheeler County voters expressed the same general opinion as voters all over the state in Tuesday's special election only more so. Wheeler County voters turned thumbs down on all 10 of the proposed constitutional amendments while voters over the state as a whole definitely turned thumbs down on 7 and probably 8 of the issues according to late Associated Press reports.

About one third of the eligible voters in the county went to the polls and registered their opinion Tuesday with 557 votes out of a possible 1665 being cast.

Almost complete returns from over the 18th Congressional District show that Bivins of Amarillo has a 2 to 1 lead over Harnly of Miami in the race for a position on the new State Board of Education.

The two amendments which carried over the state were the ones regarding District Court Proceedings and Rural Fire Prevention Districts while the one which is yet undecided regards Non-Jury Lunacy Trials.

In an Associated Press report one of the backers of the bill calling for higher salaries for the law makers and annual sessions pointed out the fact that voters who shunned the amendment because it appeared that it would raise their taxes will be faced with a 15 to 20 percent tax boost when Gov. Allan Shivers calls the special session, which will probably be called in January.

People voted down the proposed amendment which would have done away with poll taxes; so, Wheeler County Tax Assessor-Collector Thomas Daughtry points out the fact that every person who expects to be eligible to vote in next year's elections will be required to pay their poll taxes and is making provisions for persons in the south part of the county to pay theirs at J. B. Zeigler's office in Shamrock.

Here's how Wheeler Countians voted on the issues at stake:

1. County Civil Service—Approval 144, against 384.
2. Legislative Sessions and Pay—Approval 85, against 433.
3. Hospital Districts—Approval 147, against 383.
4. Poll Tax Repeal—Approval 167, against 370.
5. Health Units—Approval 134, against 395.
6. County Pensions—Approval 80, against 449.
7. District Courts—Approval 197, against 319.
8. Rural Fire Prevention—Approval 163, against 364.
9. Lunacy Trials—Approval 164, against 362.
10. Women Jurors—Approval 162, against 377.

For the State Board of Education Harnly of Miami 184 and Bivins of Amarillo 139.

Cecil Paddock Baby Dies Suddenly Sunday

Friends of Mr. and Mrs. Cecil Paddock and family were saddened Sunday afternoon to learn of the sudden death of their lovable little boy, Charles Thomas. The Paddocks were visiting at the home of her mother, Mrs. Lindsey, at Hollis, Okla. when the baby became violently ill about 1:30 o'clock p. m. and died a few hours later.

Little Charles Thomas would have been 2 years old on the day he was buried, Tuesday, November 8.

A closed funeral was conducted at Hollis Tuesday afternoon and the baby was laid to rest in the Hollis Cemetery.

Survivors include the parents, Mr. and Mrs. Cecil J. Paddock; one brother, Phil, and twin sisters, Linda Lou and Sandra Sue; the paternal grandparents of Sayre, Okla.; and the maternal grandmother of Hollis, Okla.

"Golden Loaf" Is Now Sold At Local Stores

Clifton B. Estes, a former Wheeler County man, and now owner of the Pampa Baking Company of Pampa, placed his "Golden Loaf" and "Golden Food Pastries" on sale at local grocery stores this week at a reduced price according to an announcement on another page of the Times.

Joe Kent, who is also well known locally, is route foreman for the Pampa firm.

FFA EXPANDS GILT CIRCLE

James Clepper, local agriculture teacher, stated this week that the gilt circle which was started last winter by the Wheeler merchants for the local FFA chapter was rotated the first time this week with seven boys receiving registered Poland China gilts from the chain.

Boys who received the gilts this week included: Ray Cole Johnson, Jimmy Cowden, Dick Pendleton, Bob Weatherly, C. R. Bailey, Lindon Sanders and Jimmy Bullard.

Directors of the circle decided not to use the scramble method which was used to distribute the original gilts because that method seemed to be a little hard on the gilts as some of them might be injured. Instead the names of eligible boys were drawn from a hat.

The gilts will be shown at this winter's FFA Livestock Project Show as will the produce of dam of last winter's scramble, and LeRoy Thornburg, from whom the original gilts was purchased, has agreed to give a free gilt to the boys who wins this winter's produce of dam contest, Mr. Clepper pointed out.

Merchants who sponsored the original gilt circle included: The Wheeler Drug, Kirk-Mason Funeral Home, Wheeler Lockier, Ciero Smith Lumber Co., Richerson Grain Co., Hibler Implement Co., Owen Service Station and Packett's Food Market.

The Wheeler County Produce Association furnished the chapter board.

MRS. SANDERS HONORED ON BIRTHDAY

Mrs. W. M. Sanders was honored on her 73 birthday Wednesday, November 9, at her home northeast of Wheeler when her daughters, Mrs. Clarence Anglin and daughter, Judy, of Clovis, N. M., and Mrs. Claud Lamb and daughter, Phyllis, of Lefors came bearing the traditional birthday cake and the makings for the dinner.

Mrs. Anglin and Judy will return to Clovis Friday morning after visiting here with her parents, Mr. and Mrs. W. M. Sanders.

B. N. Fulks was a medical patient at the Wheeler Hospital Sunday.

Wheeler Whisperings

By J. C. Howell

Dr. Walker reports this week that he didn't know he had 15 trash barrels until after he offered to pay the Halloween prankster who removed it a dollar for his trouble.

Something we have been thinking about and something which has been discussed pro and con around town a great deal here of late is the fact that Wheeler is very badly in need of some sort of City Police Force. Everyone seems very thoroughly agreed that the greatest need is for a night city officer of some sort. But how is the salary of a man of the proper calibre for the job going to be raised? A couple of times since we have been in Wheeler, the merchants have banded together and donated enough each month to pay the salary of a nightwatchman, but there are always a few who refuse to pay their share on a plan of this sort, even though they receive the same protection as those who are civic minded enough to help with project of this sort, and there are others who will sign up on a deal like that and after a few months where everything has been quiet and there have been no break-ins they decide a nightwatchman is not necessary and refuse to pay further installments.

Hence, we believe the only fair and proper way to raise the wages which we should have to pay a night city officer would be to raise taxes, raise valuations, or incorporate some of the outlying property which is receiving city benefits but is not paying for it. A good city night officer would not only scare some of these prowlers away, but would serve as a fire guard in case fire should break out in the wee hours of the morning when everyone else was sleeping soundly.

Does anyone else have any ideas on the above matter?

Dr. H. E. Nicholson reports that he saw the best ball game in the Southwest Conference last Saturday when he saw the Southern rise up and tie the mighty Methodist in a thrilling contest. Another local Aggie fan, who did not attend the game, admits that he was so disgusted at half-time that he turned his radio off and went and got a haircut. This Aggie's name is being withheld from this column this week but had better show up at the Wheeler Times office before another week rolls around or we might report him to the Texas A & M ex-students association.

Some Wheeler Firms To Observe Holiday By Closing Friday

Some Wheeler stores have announced that they will be closed all day Friday, November 11 in observance of Armistice Day which is a national holiday. These firms hope that their closing will not inconvenience their customers in any way.

Firms which have announced that they will close include: Packett's Food Market, Wheeler Lockier, The Wheeler Times, Citizens State Bank, and, of course the court house and post office will take a holiday.

MUSTANGS LOSE TO WILDCATS

The Wheeler Mustangs, still playing in hard luck, dropped a 26 to 0 encounter to the Canadian Wildcats in a conference contest, which was played in Canadian last Friday night.

The Mustangs fielded a team at the opening of the contest which was minus the services of two regular backfield men, Garland Parks and Maurice Pettit, and the Wildcats, who were laying for J. T. Johnson, because of the fact that he had been named player of the week, severely hurt his knee during the first half and he was unable to return to the game after the half.

The Mustang's starting backfield for the second half included David Johnson, who has alternated at quarterback with Dick Pendleton this year, Melvin May, who has played linebacker on defense most of the time this season, and Edgar Hubbard, an end, and Henry Pond, a big tackle, and it looked for a while like this combination would push down the field to a score.

Doyle Waters played an outstanding defensive contest for his team getting in on almost every tackle.

The Mustangs will play their final contest of the season next Friday, November 18 when they journey to Vega for a conference encounter.

In last Friday night's contest, Johnny Farnsworth broke off tackle and scampered 65 yards on the opening play of the game from scrimmage to score and the conversion attempt was good making the score 7 to 0 in favor of the Wildcats at which point it stood until after the half.

Hernandez, Fry and Cannon scored the other three Canadian counters in that order with Franklin Tepe accounting for both extra points. Hernandez and Fry both scored on short line plunges while Cannon went over from about 20 yards out.

Ben F. Vick To Preach At Church Of Christ

A member of the local Church of Christ announced this week that B. F. Vick of Wichita, Kansas will fill the pulpit here Sunday morning and evening.

Mr. Vick is a candidate for the pastorate of the local church. He is 27 years old, married and the father of one child, and has been preaching 4 1/2 years in Tennessee, Kentucky and Kansas.

Everyone is invited to attend the services.

CANCER CAMPAIGN

The campaign against cancer, the scourge which claims a victim in this country every three minutes, has been carried on in recent years by two methods—research

and education. In the research field some promising headway has been made, both in detection and in treatment. But the results of the public education campaign are raising some doubts in the minds of doctors of the American Cancer Society. They are worried lest the current cancer publicity create fear and anxiety among the public that may cause more harm than good.

Although we can not speak from the standpoint of psychiatric knowledge, we would be loath to see the campaign for early diagnosis and detection of cancer abandoned without definite proof that its harm outweighs its benefits. Cancer is on the increase in the United States, with the death rate from the disease rising from 40,000 in 1900 to 158,000 in 1940 and 180,000 a year at present. Yet authorities say that with techniques now available for detection and treatment the present rate of cancer cures could be doubled.

The tragic cause of many of the deaths from the disease is that its presence is not discovered until it has reached the inoperable state or has become too widespread in the body for complete removal. On the other hand, many patients can be cured if cancer is discovered in time. But it can not be discovered unless patients present themselves for checkup. The number who do this has greatly increased as a result of recent campaigns of education.

Harmful fears may be aroused in the minds of some by continuation of the campaign. But its abandonment might cause a far greater number to lose their fighting chance for cure or control of the disease through early diagnosis and treatment.

Commies Are Making Vast Claims For Their Achievements

We see where the commies now claim that the public schools of America, the public parks, and most everything good in this nation were devised by the commies. Some of this chatter may be partially right; but most of it wrong.

When William Jennings Bryan proclaimed certain reforms in government he was branded as a Socialist. Yet most of the reforms which he advocated are now the law of the land. Maybe the commies have had some influence in securing these reforms; but who has heard of commies coming over on the Mayflower?

These institutions for which the commies are taking full credit were started in America long before the commies came into existence.

What the commies claim as their accomplishments, and what they have achieved are two different birds.—Canyon News

PRESIDENT SIGNS NEW TELEPHONE LAW

Five years after it was first proposed, a rural telephone bill passed in the last hours of the first session of the 80th Congress, was signed by President Truman on October 28.

Authoried by Sen. Lister Hill (Ala.) and Rep. W. R. Poage (Texas), the bill permits the Rural Electrification Administration to make loans, similar to those now being made for rural electric lines, for the construction of rural telephone facilities.

Congress has authorized \$25,000,000 for loans during the present fiscal year, which ends June 30. Written into the law is a provision that during the first year no loans to new companies can be considered until all applications from existing companies already serving in the same area receive final action.

Judging by testimony from small independent companies and mutuals, when Congress was gathering testimony on the rural telephone situation, the need of the small existing companies for loans is so great that there seems slight chance that any new companies will be able to secure loans during the coming months, unless the existing companies are slow in making applications.

Although the loans are being made by the Rural Electrification Administration and rural electric cooperatives vigorously supported

the bill, since telephone service makes the maintenance of electric service easier, at this time it does not seem likely that the rural electric systems themselves will build rural telephone lines.

It is possible, however, that in some sparsely populated rural areas where economy is of the utmost importance that some organizational arrangement whereby use of the same poles for electric and telephone service can be made. Such joint-use arrangements have been made in the past between rural electric systems and telephone companies.

American Telephone and Telegraph, along with a few of the larger independent companies, bitterly fought the Hill-Poage bill in Congress on the grounds that it would mean subsidized competition to them. Proponents of the bill pointed out that it permits loans only in areas where adequate telephone service does not exist or is not planned for the near future and that the loans do not mean subsidization, since they must be repaid with interest.

Congressmen supporting the bill also pointed out that some such

OPEN DOOR POLICY

The next time you visit one of our offices take a good look at the doors in it. Chances are you'll find all of them open... especially the door to the manager's office.

Open doors are a very important part of our policy. Our offices... and the managers and people who work in them... have one main purpose... to bring you the best in electric service. We feel that purpose is best served if you find an "open door" each time you call at one of our offices.

Perhaps you have a suggestion on how to improve our service... a request for information... or just the desire to visit for a while with our people. Whatever the purpose of your visit, we know it will be best accomplished if you find an open door and a hearty welcome. That's what we want you to always find.

A Few ?'s to Ask The Printing Peddler

When the peddler selling stationery and printing supplies solicits your business, there are a few questions which he should be willing to answer to your satisfaction.

Among them being:

- Does he pay taxes in this community?
- Does he donate space in his newspaper to the local community enterprises?
- Does he pay wages to a force of employees located in the city, county, or state?
- Does his paper devote its entire space toward the betterment and upbuilding of this community?
- Does he grant you every favor that you would ordinarily ask of a local newspaper?
- Does the quality of his merchandise stand inspection—is it on quality paper stock and the printed matter attractively arranged?
- Will he submit proof of your work before finishing and mailing it to you C. O. D.?
- Does his price include postage and insurance charges?
- Can he supply your order on short notice?

If he can answer all the questions in the affirmative, he is entitled to your business.

EDITORIAL
This is my first try at an editorial, so just skip the errors and read what I have to say.

We have heard that the girls high school basketball team has been having trouble keeping their clothes where they belong when not in use. It seems as though the situation is getting pretty bad when people have to share their clothes with others. Now this wouldn't be so bad if the owners of the clothes had some help in washing and ironing them. The same goes for tennis shoes. You know how you would feel if some nifty person traipsed into your own home and wore your new

shoes off to a party. Any time any of us start to wear ourselves in the other fellows

So from now on, why don't we all bring our own clothes and wear only them. Let's learn some respect of property. If the dressing rooms had a few lockers in them, this little puff of trouble would never have come up. We've done without lockers this long, so let's do the best we can without them.

SENIOR NEWS

All the seniors reported a good time at the carnival, but we are all glad it is over. The seniors cleared nearly two hundred dollars on the King and Queen contest during the carnival. We would like to thank all the classes and everyone else who contributed in any way to the contest. The money will help take us on our senior trip.

We are going to pay for two pages in the annual on which will be pictures of the coronation and individual pictures of the King and Queen and Prince and Princess.

The senior booth at the carnival was a picture show. Several hundred people attended. George

Hibbits ran the projector and several other seniors, with Mrs. Carrick took turns taking tickets.

Vondell didn't like red clothes? Jerry S. didn't talk about Neil McQueen all the time?

K. D. didn't change desks every week?

All the kids didn't goose La Veta?

The class was all present for one day?

SEVENTH GRADE NEWS

We all enjoyed the carnival very much. We hope everyone enjoyed the boxing matches. Mr. Barham, our sponsor, was in charge of them.

We have another new boy in our class. He Rondell Childress.

WONDER WHY?

All the girls sit at the back of the room?

Robert likes to look back at Janet?

The seventh grade wants to start basketball?

Janet likes to go to Oklahoma?

Jerry is so smart?

Richard Lee makes fairly good grades since he sits behind Jerry?

Tony is so polite to one of the high school girls?

FRESHMAN NEWS

The freshman class sponsored the hay-ride at the Hallowe'en Carnival Monday night. We took in a good sum of money, which went to the P-TA. Everyone reported a good time.

WONDER WHY?

Marilyn, Sue, and Betty are new names in the school paper?

Helen was limping Friday?

Mary Helen talks about Lonnie?

Glen was sick Friday?

The freshman girls didn't want their pictures taken while pulling cotton?

Jimmy goes to sleep in Science class?

Ray sits behind Betty Lou in classes?

Doyle sits by Jo Ann?

Marilyn is so smart?

GUESS WHO?

She is 14 years old, has brown eyes and blonde hair. She is 5 feet, 3 inches tall. She likes a certain sophomore boy and is active in sports. Her ambition is to be a housewife.

CORONATIONS

At the close of the carnival Hallowe'en night, the contest winners of high school and grade school were crowned.

Queen Glenda Ann Porter and Jerry Melton of the eighth grade were crowned in the high school coronation. Princess Mary Black and Prince Donald Meadows of the sixth grade were crowned for grade school.

In both coronations the candidates marched through the center of the gymnasium up to the stage

where they took their places on each side of the throne. The winners were then escorted to the throne. Janet Russ played soft music on her accordion during the ceremony.

Four first grade pupils, Mr. Paddock, the high school principal and Mr. Carrick, the superintendent, took part in the crowning.

TIP ON TEACHERS

Don't get Coach Smith all riled up.

Miss Mobley is one of the best sports we know.

Mr. Paddock is a basketball fiend.

Mr. Carrick hates the destruction of property.

Mrs. Norman likes flashy earrings.

Mr. Barham is interested in boxing.

Mrs. Carrick is a good senior sponsor.

Mrs. Frey knows how to make flowers out of kleenex.

JUNIOR NEWS

See if you can guess who this cute little gal is. She is a junior with real dark brown hair, brown eyes, and a liking for a certain senior boy. She is 5 feet, 4 1/2 inches tall and weighs 113 pounds. She likes all sports, especially football. She is very sweet and friendly and always has a smile for everyone.

WONDER WHY?

Glenda has suddenly become interested in the sophomore class? The juniors knew their poetry so well Wednesday morning? Maybe we studied.

Every time you go into the study hall you see the juniors studying hard (Funny books, we think).

Clam Chowder Can Be Dynamite!

If Smiley Roberts is a friend of yours, like he is mine, and if you want to keep his friendship, like I do, don't ever let him hear you say that good clam chowder can be made without cream.

In New England, where Smiley comes from, friendships have been broken over tomatoes versus cream in clam chowder. Experts say that south of Boston the tomato reigns supreme, but north of Boston it's cream—or else!

From where I sit, whether it should have cream or tomatoes is simply a matter of taste. This is

plain to anyone who doesn't come from clam chowder country. What a great world this would be if we could all see that most prejudices are matters of taste only. Some like hot coffee. Some like it iced. Some people like a temperate glass of beer. Others prefer ice-cold lemonade. My grandmother used to say, "Prejudice that sees only what it pleases, cannot see very plain."

A STATEMENT BY CO. JUDGE HEFLEY

We have recently lost one of our Commissioners. Wheeler County never produced a finer citizen or a better commissioner than Don Rives. His untimely death was a great loss to this community.

The Statutes provide that in case of a vacancy in the Commissioner's Court that such vacancy must be filled by appointment made by the County Judge. In conformity with that duty I offered the appointment to the widow of Mr. Rives. She said that she did not wish to assume that responsibility.

There were several applications for the appointment. As your county official I had no way of knowing the desires of the voters of the precinct. To appoint a new man to the position might give him a great advantage in next summer's election or, on the other hand, it might prejudice voters against him. Certainly it was, and is, my desire that such office be filled by one who is the choice of the voters unhindered by any appointment that I might make.

With the assurance from former commissioner H. S. Sims that he would not run for reelection, I appointed him to fill the unexpired term. He is a capable and experienced person who can well handle the position during this short interim.

It is almost time for announcement by candidates for the office in the summer primary, and I am sure that any candidate the people of precinct 4 will elect will be well qualified for the position.

I gave this matter all my study and consideration of which I was capable and trust that my appointment will meet with your approval.

Sincerely Yours,
G. W. Hefley
COUNTY JUDGE

CARD OF THANKS

We take this means of expressing our sincere appreciation to all our neighbors and friends who in anyway helped us at the time of our loss in the death of our loved one, Joe Thompson, who passed to his reward last October 31.

To the doctors and nurses at Worley Hospital whose untiring efforts helped his last hours to be easier. For those kind friends who planned meals for us at this time, and for the beautiful floral offerings we are indeed grateful.

We also wish to acknowledge the services of Rev. B. P. Harrison and Rev. Sally and the music furnished for the last rites.

Mrs. Maggie Thompson
Mr. and Mrs. Warren Thompson and boys

CARD OF THANKS

We wish to thank all our friends for their many kind words and deeds during our greatest hour of sorrow.

PUCKETT'S
RECIPE OF THE WEEK
by Mary Lee Taylor
Coconut Pumpkin Chiffon Pie
Broadcast: November 12, 1949

Ingredients:
1/2 cup Baker's Coconut
1/2 teaspoon ginger
1/2 teaspoon cloves
1/2 teaspoon salt
2 eggs, separated
2 cups Fat Milk
1 cup cooked or canned pumpkin
3 tablespoons dark molasses

Directions:
Place coconut thinly on baking plate in moderately slow oven (375° F.) and toast about 10 min., or until light brown. Stir now and then to heat evenly. Soften gelatin in cold water. Mix brown sugar, cinnamon, ginger, cloves and salt. Stir in mixture of slightly beaten egg yolks, pumpkin and molasses. Place over boiling water; cook and stir 5 min., or until slightly thickened. Stir in soft-boiled egg whites until dissolved. Remove heat; cover; chill until slightly thicker than unbeaten egg whites. Fold in beaten egg whites and 1/4 cup coconut. Put into a cold 9-inch pie pan. Sprinkle with toasted coconut. Chill until firm.

ANNUAL SCHOOL CARNIVAL IS A SUCCESS

The annual carnival held at Mobeetie High School was well attended and netted about \$500.00 for the use of both the high school and the grade school.
 All the teachers were responsible for some booth or attraction at the carnival but were assisted by many of the school patrons. The teachers sincerely appreciate the assistance given by every person who helped in any way to make the carnival a success.

SENIOR NEWS
 The seniors had a Halloween party Monday night, October 31. We met at the home of our sponsor, Mrs. J. H. Scribner. We played some games and then we all went to the Lanora Theatre at Pampa and saw the show "My Friend Irma". Everyone had a good time.

PERSONALITY
 Jack Hefley—Jack is a senior at Mobeetie High School. He is 19

years old and is 5 feet, 7 inches tall and weighs 130 pounds. His favorite teacher is Mrs. Scribner and he states that he doesn't have a favorite subject. He likes a certain junior girl. His favorite food is cheeseburgers.

SENIOR CHATTER
 Kathryn, did you have a good time Saturday night?
 Betty, how did your Halloween party turn out?
 Leedia, why were you so sleepy Monday night?
 All of the seniors wish Edith a Happy Birthday which was Tuesday, November 1st. We want to wish you many more happy birthdays, Edith.
 Jay, we missed you at our party.

WHAT IF?
 What if W. T. wasn't so bashful?
 What if Patsy could get her bookkeeping on time?
 What if Kathryn couldn't drive?
 What if the seniors could agree?
 What if Hayward didn't have to help Mr. Dunaway?

JUNIOR NEWS PERSONALITY
 Patsy Johnston—Patsy is a junior in Mobeetie High School and is 5 feet and 5 inches tall, and weighs 129 pounds, has blonde hair and blue eyes and states that her ambition is to finish school. Patsy lists among her favorites, Spanish as a subject, Mr. Dunaway as teacher, Rod Cameron and Rita Hayworth as actor and actress. Pie as her favorite food. Skating as her favorite sport. She likes a certain Oklahoma guy and dislikes flirts.

WONDER WHAT WOULD HAPPEN IF?
 Oudia stopped going with boys?
 Mary and Joyce said no to their proposals.
 Evelyn suddenly became quite? Patsy made up her mind between Texas and Oklahoma?
 Madge didn't get the car?
 Bernice and Jack broke up?
 Bobby went with a girl?
 Harold became a bookworm?
 Joe Studied?
 Ann Nell didn't get a letter?
 Edwin stopped studying?
 The house would fall in the juniors feel sure, if these things did happen.

QUEEN NEWS
 Our Queen and King candidates Bernice Carter and Harold Gatlin won the contest Friday night at

NATIONAL PRESS BUILDING WASHINGTON D. C.
 By Anne Goodie

On those wadded socks you are knitting so diligently be sure to make the foot at least one-half inch longer to allow for shrinkage. Close knitters should allow three-fourths of an inch for tightly knit goods shrink more than loose.

Manufacturers certainly do all they can to lighten the homemakers' chores. Now on the market are pound prints of white vitaminized margarine already cut in quarter-pound bars. Makes measuring and coloring quick and easy.

According to the Agriculture Department you'll eat 142 pounds of fresh fruit this year. Unless you're allergic, of course. More than half will be oranges and grapefruit. Apples run second with 25 pounds per person. Bananas and peaches trail along.

Because there are not many ways to change the new short haircuts fashionable New York women are tinting their hair to match their hats and dresses. Ginger, navy blue and even pink are proving popular and effective. Don't worry. The color comes out with each washing.

A good wax shoe polish has other uses than just shining shoes. Your car, for instance, will gleam with a coat of the el' shinola. So easy to keep it clean after that, too.

For future reference: Last eyes are easy and best for cutting. A British Scientist. Who knows? Though they aren't available now, some day your grocer may be handling them.

the carnival. We think they made a swell Queen and King.

Editor above is the editor of the Wheeler Times in this establishment the day following Hallowe'en when goblins and goblins moved a cotton trailer and an old Chevrolet coupe up on to the sidewalk in front of the building.

The ghosts and goblins found an old bathtub somewhere among the other rubbish which they moved out to the streets of Wheeler Hallowe'en night and Adrian Risner came along early the next morning so the Wheeler County Vocational School Coordinator told him to jump in the tub and get his picture taken.

MRS. W. D. MITCHELL

Mitchell-Helton Nuptial Vows Exchanged Saturday

Nuptial vows were solemnized for Miss Parilee Helton, daughter of Mr. and Mrs. Chan Helton, and W. D. Mitchell, son of Mr. and Mrs. C. D. Mitchell, both of Wheeler, Saturday evening, November 5, at 7:00 p. m. in the chapel of the Polk Street Methodist Church of Amarillo. Dr. Neal Cannon, pastor, read the double ring ceremony in the presence of members of the immediate families and intimate friends.

The traditional wedding marches were used for the processional and recessional, played by the church organist.

The bride, given in marriage by her brother-in-law, Johnnie Young of Canadian, was attractive in a lead wool suit accented by taupe accessories. Her corsage was an orchid.

Miss Lula Helton of Amarillo, attended her sister as maid-of-honor and was attired in a gold wool suit with green accessories and a corsage of red carnations. Charlie Mitchell of Amarillo, attended his brother as bestman.

The bride is a graduate of the Allison High School and the groom graduated from the Quanah Schools. He is now an inspector for the Borden's Co.

After a wedding trip to New Mexico and Colorado the couple will be at home in Wheeler.

PARENTS NEED FOLLOW UP TEST

The schools of Texas have been in session for several weeks. The routine screening tests by teachers and nurses, or the physical examinations of the children by physicians have been completed. They are complete so far as the nurse, teacher, or examiner is concerned, but the "follow-up" to correct any abnormal conditions disclosed is yet to be done. To make these screening tests and the follow-up examinations of the greatest value, the needed care for correction of defects should be available. This is the responsibility of the parents of each child in order that maximum of health may be his lot, declared Dr. Geo. W. Cox, State Health Officer.

Health is a cardinal attribute of living. With the best health a child may have, he will do his best work, will have joy at play, and will grow to be the most efficient citizen he is capable of being. The future of our country is in the hands of these children who are now in school.

All adults as well as the parents of the school age children should feel the responsibility and privilege of sharing in a sound and safe future for our country by helping to build good health for the children of today.

Through the check made each year in the schools the gross defects may be learned, and a more detailed examination may be made by the family physician, with treatment for correction of these defects as he finds necessary.

Immunization against the disease, for which known protection is available, should be given all children unless their physician finds contraindication.

Your physician is your best friend and guardian of your health.

Fatigue seems to be a contributing cause of farm accidents. Records show a definite increase in farm accidents at the time of day when farm people are becoming tired.

Mobeetie Happenings

(Continued from Page 1)
Atkins. His father, W. R. Atkins, a former Mobeetie resident, in announcing the birth of a great grandson revealed the following: W. R. Atkins himself was born on October 23, 1881; his granddaughter, Mrs. Marie Atkins LeRoy was born October 23, 1931; and his great grandson, Richard Mitchell LeRoy, was born October 23 of this year.

According to reports picked up around town this week, Rev. Vernon Willard is at least a contender for the boll pulling championship of Mobeetie. He is reported to have pulled 1004 pounds of cotton Monday. Willard Godwin said he would like to talk to Bro. Willard about taking in a partner. He says that a man that can pull cotton like that ought to incorporate and that he was a candidate for a job carrying water and emptying the sack.

Irvine Ruff, who is attending West Texas College at Canyon, visited her parents over the weekend.

Mrs. Wilma Ligon and her daughter are visiting Mrs. Ligon's parents, Mr. and Mrs. Tracy Willis this week.

Mr. and Mrs. George Gablinski and children are visiting in the home of Mr. and Mrs. John Kent. Mrs. Gablinski is Mrs. Kent's daughter.

If these fine warm days continue much longer the cherry trees in back of the Baptist parsonage will be in full bloom. Already there are many blossoms on the tree. What has California got that Texas cannot match?

Wheeler Whisperings

(Continued from Page 1)
society.

A local insurance salesman by the name of Joe Rogers threatened all last week to buy himself a cotton sack and visit the cotton

patch last Saturday just so he could say that he had, once in his lifetime pulled some cotton. . . . claims that he has never pulled an ounce of the fleecy white stuff in his life. However, Joe turned up with an awful bad cold late Friday afternoon and, too, he claims every store in town was completely sold out of cotton sacks. Wonder if anyone could fix this strong looking young man up for at least one day before this season is completely over. . . . we'd hate to have him go on not knowing how it feels to drag a good sized cotton sack down the row.

We hear from members of the American Legion's negro minstrel cast that Albert "Abner Peabody" Gunter is really a natural in a black face role. Members of the Legion's minstrel cast are practicing twice weekly and it appears they are going to have a good show worked up before curtain time which is scheduled for early in December.

The local Kiwanis Club will celebrate their first anniversary as a civic club in Wheeler next Monday night with a dinner at the school cafeteria. Kiwanis Anns will be guests of their husbands at the big feed. There will be a special speaker for the occasion.

Reach Customers And Prospects By RADIO

THE CHAMBER OF COMMERCE OF THE UNITED STATES SAYS:
"Surveys show the average American citizen listens to the radio EVERY day from two to five hours."
"Nearly every person in your community can be reached by radio."
"Voice transmission is more interesting and compelling."

Here In WHEELER, That Means:

(1) For a few dollars—you can get in touch with nearly all of the 14,500 families—over 50,000 people—in the 5-town network listening area of KEVA—a market bigger than you think. **PROOF:** Keva gets mail from EVERY postal point in that area. **MORE PROOF:** local firms and regional advertisers are showing **PROFITABLE** evidence for themselves of KEVA listening.

(2) For the lowest advertising rates in the Panhandle, you can stay in touch with ALL of the people on farms and ranches and in the closely surrounding area, time and time again. Persistence is important in advertising.

USE RADIO: The KEVA audience is there. You can produce your own results from your advertising, based on what you offer. Dare yourself to try it—YOUR listeners are waiting.
