MOBETTIE EDICATIONS

Mrs. H. L. Flanagan, Beene and T. M. Brad Wheeler and Pat Beene son of D. O. were Mothers Saturday afternoon. They are one time residents moving to this common D. O. was attorney Santa Fe Ry. and handled transactions relative to the town site of Mobettie.

Another of our native sons has made good in his profession of law. After graduation from high school he was employed by Nathan Hardware here for a four years, leaving there to attend a private law school in Dallas. He received his license in 1936 and was associated with his father and mother in the abstract and title business. He practiced law with his father until 1937 when he moved to Andrews and opened a law office. A year later he was elected County Attorney of Wheeler County and was re-elected for three consecutive terms. During the office of Attorney he moved to here where he formed a partnership with well known and successful attorney under the firm name of Beene & Ross. He is now enjoying a

pride and happy to give to those who achieve success. He has two sons and one daughter who have gone out from home and have gained recognition for themselves by their

two and bridge tournament sponsored by the school gymnasium on the evening of March 23. Public is cordially invited. They are to be used on the Boy Scout Hut, urgently needed for the Lions are asking for present, thus insuring opportunity of carrying work, and yourselves an evening's entertainment.

GRASS FIRES ARE CAUSING MUCH DAMAGE

A prairie fire of unknown origin swept across the Jud Johnson and Paul Jeffus ranches Tuesday night, destroying approximately two sections of grass, the apple orchard and hay stacks on the meadow at the south Jeffus place, coming perilously near the improvements.

Some of the corrals on the Jeffus place were burned but the barns were saved by the work of neighbors, friends and the fire fighting equipment from Mobettie, Wheeler and Shamrock.

The Southwestern Public Service Company lost two poles in their 66,000-volt main line between Jowett Plant and the River-view plant at Borger, but due to some fast thinking and action on the part of local employees of the company service here and at Mobettie was only interrupted momentarily.

Smouldering ashes from the Tuesday night fire were fanned by a high wind out of the West and North West Wednesday re-kindling the fire on the Johnson place and causing much anxiety in that neighborhood and no little damage to the grass; however, the many fire fighters who were present to help control the flames managed to keep it out of the Johnson meadow.

No loss of livestock was reported in either the Tuesday night or Wednesday fires.

The Tuesday night fire broke out near the old Johnson ranch house.

H. C. BRANNON IS CREW LEADER

A full-scale census of the United States is a gigantic undertaking. Such an undertaking as the 17th Decennial Census, which in reality is a combination of three, namely, the Census of Population, and the Census of Housing, is not prepared for or done overnight.

As a result of the market and business dislocations occasioned by World War II, and the unprecedented postwar prosperity, it is particularly appropriate to obtain a new inventory of the Nation's human and material resources.

Naturally, we are primarily interested at this time in the actual taking of the Census in Wheeler County. Walter S. Shaller, District Supervisor for the 18th Congressional District which includes our County, advises us that Henry C. Brannon of Shamrock has been appointed Crew Leader for our County and will be responsible for the actual enumeration.

Mr. Brannon is now attending a six day training school in Amarillo, under the Technical Instruction of Mr. James M. Lindsey from the Washington staff of the Bureau of the Census. There will be several enumerators appointed in this County, under the supervision of Mr. Brannon. Selection of enumerators, based on qualifications and experience, will be made in the next two weeks. Applications are still being taken for enumerator jobs and persons interested in employment as enumerators should contact Henry C. Brannon at 114 N. Madden, Shamrock or call him at 647-W.

Alfalfa Growers To Organize Association

Alfalfa growers of Wheeler County are ready to organize a certified seed growers association. County Agent Frey has announced a meeting for next Tuesday night March 21 at the courthouse at Wheeler.

Purpose of the meeting is to organize a certified alfalfa seed association, to elect officers, and to take in members.

Any and all alfalfa growers of Wheeler County can join. The county agent feels that this organization can help alfalfa growers with their problems, and will mean several thousand dollars a year of increased income to Wheeler County farmers through the sale of certified alfalfa seed. Meeting time is 7:30 p. m.

The many friends of Mrs. J. M. Porter will be happy to know that she is improving splendidly from the major operation she underwent some two weeks ago.

Wheeler Whisperings

By J. C. Howell

The Wheeler Chamber of Commerce has been conducted as a luncheon club for so long that local merchants still look on it as just that and some of them feel that if they cannot attend the meetings there is no use in them paying their dues and joining up. The local chamber of commerce needs the membership of every business and every professional man in Wheeler and wants each and every one of them to have a say in the activities of the chamber but it is absolutely not necessary for anyone to attend all the meetings to have their say in the new organization and the money these individuals and firms pay in for dues will not be used to buy food with but will be used to promote the growth and betterment of our fine little city.

The chamber of commerce will take part in such worthwhile projects as the annual spring clean-up campaign which is just around the corner, will promote special days such as the annual Santa day each December, will exert energy to get new business located in and near Wheeler and will make an effort to help the farmers, ranchers, fruit growers, truckers, dairymen and others around this vicinity have a better market for their products and PROMOTE Wheeler in general.

Those of you who have not yet paid your annual dues should look up the secretary, T. J. Daughtry, and give him a check right away and not wait on a member of the membership committee to come around and contact you for your dues. Everyone who lives in Wheeler and earns his livelihood here should want to help promote his city and try to make it grow and thrive, because, unless it thrives, there is little chance of his thriving and prospering.

By the time many of you read this the big parade in Shamrock will already be over, but if you get it in time, you should try to get over there in time to see the Wheeler float entry in the parade. The float which will depict Wheeler as the fruit and dairy center of the Panhandle will be powered by a Ford tractor burned by the Ward Implement of Wheeler.

CITY ELECTION TO BE APRIL 4

The annual City Election has been called for the first Tuesday in April which is the fourth. The terms of the mayor and three aldermen expire this year and although they or no one else have filed for re-election, they have all expressed a willingness to serve another term if the voters of the city see fit to return them on a write-in basis.

Aldermen whose terms expire include: H. W. Coffman, Morris Green and J. C. Howell. The term of Mayor R. H. Forrester also expires.

The city election will be held at the usual polling place, the county court room in the court house, and will be conducted by W. B. Wofford.

JUDGING TEAM PLACES SECOND

The Wheeler FFA's livestock judging team composed of J. T. Johnson, James Gaines and C. R. Bailey placed second in the contest held last week at the Amarillo Fat Stock Show.

The livestock judging team placed second only to Plainview in competition with 50 other teams from Texas, Oklahoma and New Mexico. The teams judged three classes of cattle, two classes of hogs and two classes of sheep. The Wheeler lads scored a total of 1174 points out of a possible 1500 to place 10 points ahead of Lakeview.

James Gaines was fifth high man of the entire contest with a total of 417 points score.

The grass judging team which is composed of Jamie Clark, Bob Weatherly, Richard Brown and David Johnson failed to place in the top 5 teams in competition with the 37 other FFA grass teams in the contest.

The teams will compete in the Area 1, 2 and 3 contest at Lubbock on April 15 according to James Clepper, Wheeler Vocational Agriculture Instructor.

NOTICE!

There will be a bake sale Saturday sponsored by the Girl Scouts and the Thursday Review Study Club. The sale will begin at 9:00 a. m. and will be held in the Clay Food Store and Puckett's Grocery. Proceeds will go to help the Girl Scouts furnish their new club room in the Community Building.

The troop is in need of a filing cabinet, building tools and numerous other things and if you have any thing you might like to donate or sell cheaply to them please contact Mrs. Naomi Blackwell or Mrs. Carroll Pendleton, Scout Leaders. Such a worthwhile organization is certainly due the full support and cooperation of everyone.

The Wheeler Chamber of Commerce now has 48 paid up members and many others, some of whom have not yet been contacted, are expected to join and bring the total up to at least 75 and the total should be 100.

The newly organized Chamber will have its first general meeting one night next week at which time plans for projects of the organization will be discussed and the president will name various standing committees. All members will be notified of the exact date by mail.

The officers of the organization now include: Max Wiley, president; C. B. Kirk, vice-president; Thomas Daughtry, secretary; Joe Griffin, A. D. Speck, T. M. Bowman, L. P. Ward, Watson Burgess, Buster Black, Clarence Robison and Grainger McIlhany, directors. Griffin is chairman of the board of directors.

The 1950 membership of the Wheeler Chamber of Commerce now includes: Wheeler Grain Co., Title Abstract Co., The Wheeler Times, Wheeler Radio and Refrigerator Service, Puckett's, W. E. Pennington and Son, Griffin Service Station, Geo. S. Gandy, Owen's Service Station, Hiber Implement Co.

MONOPOLY OR CHAOS

It would be interesting to know exactly what was said in the top bracket conferences

of steel and auto workers which resulted in rejection of John L. Lewis' offers of mutual financial aid. Was there a bit of interunion rivalry in both the offer and the rejections?

There seems to have been some spirit of union competition in the exchange, as evidenced by both the unctiousness of Lewis' offer and the testiness of the replies. Either way, the interunion negotiations warn the country of the dilemma that confronts it in Big Labor operations.

The present situation is highly unstable and highly untenable for long. Under it any one of a number of big labor organizations can seize the nation by the throat to enforce its demands. Lewis has demonstrated that they can do so despite the force of law against them. One of two things must happen in the near future, unless organized labor is made amenable to law. Either there will be a single organized labor monopoly, or else there will be runaway competition among the big unions. Either will be disastrous to the national welfare. Either will completely nullify Secretary Acheson's proposed program of nationwide co-operation to meet Russian aggression.

President Truman continues to play toward politics with issues of the gravest national import. The congressional mill grinds little but political grist. The public feels principally a sense of helplessness. Possibly we will eventually learn the hard way. Or will the time come when the people will look regretfully back on the day when they might have learned before it was too late?

LATEST RECRUIT

Our last-ditch, eleventh-hour moves to save Southeast Asia began to pay off. Siam's Premier Pibul Songgram now swings into line with us and the British by recognizing Bao Dai as top man in Indo-China. In announcing support of the French-backed regime, Siam's strong man ranges his tough little country—and trim fighting forces—against Communists both within and without his own land. Only Russia among the big powers now gives the nod to Bao Dai's rival, Ho Chi-Hinh.

The capital of Siam, you will recall, was the scene of roving Ambassador Phillip Jessup's recent meeting with all American diplomats in the Far East. Our new policy of trying to contain Red China was hammered out there. It was hoped then that Pibul would put Siam squarely in the anti-Communist front. If he has been slow to do so, his belated denunciation of the Reds within his own country and in neighboring Indo-China is nonetheless welcome.—From Dallas News

NATIONAL PRESS BUILDING WASHINGTON, D. C. By Anne Good

To prolong the life of linens, rotate their use. As towels, sheets, tablecloths come back from the laundry, place them underneath those still left on your closet shelf. If you do your own, don't iron creases and folds in the same place each time and be careful not to make razor-knife folds.

When next you serve sliced cheese tomatoes or egg sandwiches, spread the bread with a mixture of 1/4 cup vitaminized margarine blended with 2 teaspoons minced onion. For hamburgers, Bologna and frankfurters, try 1/4 cup vitaminized margarine blended with 1 teaspoon mustard-with-horseradish. Are enough for 12 slices of bread.

Eggs are cheaper than they've been in a long time. And an ingenious menu-maker will keep in mind the many delicious main dishes the mighty egg can make — souffles, omelets (in all their variations), fondues, deviled eggs, baked eggs, creamed eggs, egg cutlets, eggs Florentine, eggs a la Benedict — to mention a few.

Does every wash day leave you with several odd socks — a blue, a green and a yellow? No amount of sleuthing seems to unearth their mates! So the next best thing is to remove all the color, and dye them to match with an all-purpose dye.

To clean copper pot bottoms—or any copper, for that matter—dip a lemon wedge in salt and rub the copper surface until it shines like new.

E. T. BURK IS A SURPRISE CANDIDATE

E. T. Burk, widely-known businessman, is the surprise candidate in the 18th district congressional race. Since the time of his announcement as a candidate in the special election for the unexpired term of Cong. Gene Worley and in the July Democratic primary for the full two-year term, Burk has been flooded with letters from all over the Panhandle.

These letters, coming from business friends and customers, pledge all out support for the businessman in the congressional race.

Until he sold out to his children last December, Burk operated the Amarillo Furniture Company for years. He has been a Panhandle businessman for 23 years.

Politico of Burk's platform (see advertisement in this issue) has brought such a tremendous response that he is considered the leading contender in the congressional race.

"This is one time the citizens can vote for someone who isn't in politics, who seeks no political career and who doesn't want a public office for the paycheck," Burk said, after a busy day of answering letters. "I want no political career. I've had my career in business—competitive business. I do not need the government paycheck for a living. Through years of hard work in business, I have saved my money—not a great

deal, but enough to make a congressional race and to live. My only desire is to serve the people of this district. I am paying every cent of the cost of my campaign. I believe that any candidate who accepts contributions would serve first the contributors. My idea is that every citizen ought to have equal representation."

WHAT ABOUT YOUR CONGRESSMAN?

To all the people of the 18th Congressional District:

Here is a COMMON SENSE Platform

E. T. BURK
For Congress

BOWLEGS: All the bowed legs in Texas are not on cowboys. A good many arched shanks are on persons who straddle political fences.

The platform of E. T. Burk, a candidate in the special election and the Democratic Primary for Congress, is different, and if you don't believe it, read on. If you want common-sense in government, read on.

E. T. BURK is a successful Amarillo businessman. For years, he operated the Amarillo Furniture Company and made many, many friends. He is a long-time Panhandle resident, a Methodist, an ordinary hard-working citizen.

E. T. BURK does not need the congressional office as a means of making a living. He is not rich, but he has worked hard and saved his money. He does not seek a political career. He is paying all costs of his campaign for congress and is not shackled by any individual or group. Everybody can depend on him.

COMMON SENSE—Briefly, E. T. Burk's platform is COMMON SENSE in Government.

PEACE—Without international peace, nothing else counts. E. T. Burk pledges himself to work unceasingly for the promotion of peace. He is willing to devote the rest of his life to it. He believes strongly in preparedness and adequate national defense. He believes in a common-sense approach to the promotion of international understanding.

FARM PROBLEMS—Agriculture is basic. It produces our food and fiber. E. T. Burk believes that the Congress should pass constructive, sound legislation to be administered by farmers.

LABOR—Common sense, fairness, understanding can do more than political maneuvering to bring industrial peace. Spite legislation is bad.

GENERAL WELFARE—Everything a member of Congress does should be weighed carefully to determine whether it promotes the general welfare.

IN GENERAL—E. T. Burk is a Democrat of long standing. He believes in economic operation of government and in keeping down taxes. He believes in private enterprise. He wants the government close to the people, intimate, warm. He believes in good public schools and adequate pay for teachers, but always with administration in local hands.

Do you want common-sense in government? Do you want a congressman who is not seeking a paycheck or a political career? Do you want a congressman who is paying the freight and is not pledged to represent just a few but every citizen of the district?

Girls Scouts Admit Two New Members

The Wheeler Girl Scout Troop met with their leaders, Mrs. Naomi Blackwell and Mrs. Carroll Pendleton, Tuesday afternoon, March 14.

A report of the Pampa Friendship Fair, which was held Saturday night, was made by those attending during the business meet-

ing conducted by Nancy Lee. Other things discussed during the meeting was the bake sale that is to be held Saturday and the decorating and furnishing of the new Girl Scout room.

Two new members were admitted and were Bulah Richerson and Shelia Patterson, bringing the total of members to 24.

The troop went over to the Community Building and inspected their new club room, where they were dismissed in the usual Scout manner.

Mrs. Howell Hostess To Review Club Thurs.

The Thursday Review Study Club met March 9 at the home of Mrs. J. C. Howell.

After a business session conducted by Mrs. Lowell Pendleton, club president, a program was given on "Spring Gardening".

Mrs. Leroy Robison, program leader, gave, "My Garden Bouquet". She discussed the methods of growing different flowers, the season of planting, pruning and the soils to use for each. Pictures of different flowers shown and discussed. Mrs. Buster Callan gave a very interesting talk on "Early gardening". The proverb, "He that hath patience may compass anything," was very effectively proven throughout the program with the fact being stressed that everyone might have a "green thumb" if they only try.

After the reading of the club collect a grab bag sale was conducted by Miss Vondell Starkey, chairman of the finance committee, with the proceeds going into the club fund.

Delicious refreshments carrying out the St. Patrick's Day motif were served to: Mesdames Earl Barnes, Buster Callan, Roy Ford, W. A. Goad, Jr., Carroll Pettit, Carroll Pendleton, Lowell Pendleton, Leroy Robison, Ralph Robison, Harvey Wright, Joe Rogers, N. D. Ware, Jr., Naomi Blackwell, and Guy Dawkins.

Food Brokers Woo Housewife; Cite 50 Years' Top Ten Advances

Jewell Lain's armload represents food brokers' selection of the greatest grocery advances of the first half of the 20th century.

ATLANTIC CITY, N. J.—May be the housewives of the nation won't agree, but the mere men who set the pace in the food-brokerage business have picked the "top ten" advances in grocery products and services over the past half-century.

However, they don't expect many women to disagree with the nominations, because at least half of the goods and services named were included because they represent savings in time and labor for the homemaker. Here's the "top ten" named at a convention here:

1. Frozen foods, sharply reducing meal-preparation time;
2. ready-mixes, spectacular shortcuts

to perfect pastries; 3. such laundry products as detergents, improved soaps, the new Perma Starch which stays in clothes through eight to 15 washings, and ready-to-use bluing; 4. vitamin-enriched flours with fine textures;

5. improved containers and processing for foods such as meats and juices, previously unpackageable. 6. Dehydrated foods, saving hours of preparation; 7. pre-packaged foods, especially meats and poultry, reducing shopping time; 8. freshness-control methods, especially with regard to eggs; 9. high-speed transportation, making fresh foods of all sections available in all seasons; 10. improved and more versatile shortenings.

Hefley and Vondell Starkey.

Mrs. Moore Hostess To Wheeler HD Club

The Wheeler Home Demonstration Club met March 15 in the home of Mrs. Spud Moore with 15 members and 2 guests present.

Mrs. H. J. McCormick and Mrs. James Clepper gave an illustration on "Simplifying your House Work". Mrs. Homer Moss demonstrated, "Some Time Saving Gadgets" and Mrs. J. T. Clark and Mrs. Tom Bradstreet gave an illustration of making different rugs.

Roll call was answered by "The Job I Dislike most."

Delicious refreshments were served to the following: Mesdames, H. J. McCormick, Bill Owen, Richard Bradley, James Clepper, Tom Bradstreet, Bill Rushing, J. T. Clark, Lynch Davidson, Barney Teague, Homer Moss, D. M. Bentley, Farmer, Maynard and V. H. Richards and the hostess Mrs. Moore.

The quality of turkeys produced in Texas is definitely on the upgrade, and can be continued if producers will select only the best quality poult and then do a good job of growing them out.

Here, Ladies, is a suit to put spring in a winter-weary wardrobe. Cut from famous Palm Beach cloth, the details include a straight skirt and a long, one-button jacket with notched collar and double pocket flaps. Sacony makes the suit in white, black, maize, aqua, ice blue, clove red, navy, mocha, sand and gray. And Cosmopolitan magazine calls its spring and summer-long versatility, at the modest price of about \$22.50, a sound investment during the income tax season.

Here's why I take my JOHN DEERE Equipment to the man who knows it Best!

"There are three mighty important reasons why my John Deere Equipment goes to a John Deere Dealer for reconditioning. First, I benefit from the skill of his trained mechanics, schooled in servicing methods recommended by John Deere. Second, his shop is well-equipped with up-to-date precision equipment. His mechanics have the tools to do the work right. Third, he uses only genuine John Deere Parts, which are made to fit and wear like the originals they replace. Thus, it's a three-way assurance of work well done... economically done." It will pay you to consider the important servicing advantages we offer. See us soon for complete details.

J. J. Dyer Appointed To Draft Board No. 52

Jesse J. Dyer, Wheeler, has been informed that he has been appointed a member of Local Board No. 52 with headquarters at Pampa, to represent Wheeler County.

Mr. Dyer was appointed by President Truman after being recommended by Governor Allan Shivers. He was advised of his appointment by Colonel Paul L. Wakefield, state director of Selective Service.

"I am sure your membership on

this board will reflect great credit to yourself and the Selective Service System of Texas," Colonel Wakefield wrote Mr. Dyer.

Local draft board No. 52 includes Gray, Roberts, Donley, and Wheeler counties.

FARM FACTS WORTH KNOWING

1. At what age should roosts be provided for growing chicks?

Tests indicate that best results are obtained by providing roosts when chicks are about three weeks of age. Early roosting reduces crowding, promotes better feathers, and results in more rapid growth. Early roosting is not associated with crooked breast bones.

2. How can I get my cows to drink enough water during the cold winter months?

In winter, the water tank should be kept as close to the barn as possible, and it should be well protected so that the cows will not get too cold and refuse to drink. In cold climates, a tank warmer is almost an essential. Failure of cows to drink enough during severe cold snaps often results in constipation and sharp drops in milk flow.

3. At what age should pigs be wormed?

The Research Farm of the Ralston Purina Company recommends that pigs be wormed at about 12 weeks of age, or when they weigh between 45 and 65 pounds. After the pigs are wormed, the pen should be thoroughly cleaned and disinfected to help prevent recontamination.

SENIOR JABBER

The juniors and seniors did well on our play. We are glad that we are through with it, so that we can settle down to our school work again. We had a very nice crowd, and we wish to thank everyone who came to see our play.
 Sy Mason of Briscoe, won the portable radio we were giving away.

JUNIOR JABBER

PERSONALITY OF WEEK
 The junior personality for this week is Kenneth Levitt. Kenneth is fifteen years old, 5 feet and 10 inches tall. Kenneth has blonde hair, green eyes. His ambition is to finish school, he likes a certain freshman girl.

WHAT IF?

Lottie didn't like to go to Canadian?
 Kenneth wasn't such a flirt, especially around a certain freshman girl?
 Mary hadn't enjoyed her trip to Lake Marvin yesterday?
 Leottos didn't make eyes at

Mary Jo so much, especially when he is driving?
 Doris could get along with a certain Chinese cook?
 Joyce wasn't glad to see a certain boy?

FRESHMAN TISH

"Overheard"

Cleavene always goes to Allison on Sundays?
 Mary was with Dick Pendleton the other Saturday night?
 Patsy won't look at another boy besides Tommy?
 Jane Ann has been going with Kenneth?
 Bobby always sits close to Maurita in classes?
 W. L. went with Sylvia Friday night?
 Lucy got the car Sunday afternoon?
 Leroy was stage manager in the junior and senior play.

PRE-FRESHMAN NEWS

The junior girl team is very proud that they won first place in the Briscoe Tournament. We hope that everyone else had as much fun as we did.

WONDER WHY?

Sylvia has had the toothache lately?
 The eighth grade has such good grades?
 The junior team girls have won all their games?
 Someone lost Monette's test paper?
 All the girls thought No. 10 on Canadian A team and No. 88 on Lela's team were cute?

Spicy Hot Cross Gems

These quickly made spicy cakes with cross of white icing offer an easy way to put the popular hot cross bun on the Lenten menu.

For centuries hot cross buns have been served on the Lenten table, but never have there been so many interesting and easy ways to make them. Hot cross buns may be created from a kneaded yeast dough, a beaten batter, or muffin-type batter. The delicious and spicy cake-like buns pictured here are the latter kind. They will be your choice to make when time is short, or when you plan to serve them for tea or dessert.
 Spicy gems are made from quick coffee cake batter, with just the right seasoning of spice and sprinkling of currants to resemble hot cross buns. They are excellent hot from the oven, but they are almost as good the day after. These gems are budget-wise too, for they need no spread to make them taste extra good.
 Because spicy hot cross gems are made with enriched flour, they provide the same B-vitamins and iron which make all enriched breads such economical "health" foods. Serve these gems as luncheon bread, or for dessert with apple sauce, baked pears, or stewed dried fruit.

SPICY HOT CROSS GEMS

Topping
 2 tablespoons fine bread crumbs
 2 tablespoons enriched flour
 2 tablespoons butter or margarine
 Mix all together until crumbly.

Batter
 1 1/2 cups sifted enriched flour
 1/2 cup sugar
 2 teaspoons baking powder
 1 teaspoon salt
 1/2 teaspoon cinnamon
 1/2 teaspoon allspice
 1 egg
 2/3 to 3/4 cup milk
 5 tablespoons melted shortening

Sift together flour, sugar, baking powder, salt, cinnamon and allspice. Beat egg, add milk and melted shortening. Add to flour mixture and beat smooth. Fill greased muffin pans one-half full. Sprinkle with topping. Bake in moderately hot oven (400 degrees F.) 20 to 25 minutes. Makes one dozen two-inch gems.

cause you played so well in the tournament.

Lucille, why do you notice maroon cars?

Eddie, what was Jerry watching the door for today?

Dean, we are proud of you because you made so many scores at the tournament.

Gene, will those cows really give seven gallons of milk apiece?
 Monette, Martha and Patsy W, how did you enjoy running a filling station?

Zetha, are you still afraid of Martha's driving?

Eddie your coat looks more Shamrock to us.

From where I sit... by Joe Marsh

Handy and Easy Are Both Wrong

Handy Peterson and Easy Roberts got in quite an argument the other day over at Fred's Garage talking about the best spot to fish up at Green Lake.

"Opposite the old sawmill is the best spot," says Handy. But Easy "pooh-poohs" him. "I've seen the biggest fish caught off Cedar Point," says Easy. "I've been catching them there for years."

Then Fred goes into his office and brings out the biggest mounted rainbow trout you ever saw. "Bet that was caught at the sawmill," comments Handy. "Cedar Point,"

says Easy. "Well," says Fred, "you're both wrong. I caught this baby right out in the middle!"

From where I sit, there are always two (or more) sides to every story. Let's live and let live in the true American tradition of toleration. Your opinion is worth a lot, but so is the other fellow's—whether it's on politics, the best fishing spots, or whether he likes a temperate glass of beer and you like buttermilk.

In 1946 these boys won the first Opportunity Awards at the A. and M. College of Texas—four-year scholarships for outstanding Texas high school graduates who would otherwise be unable to attend college. This year they are graduating from Texas A. and M. with college records which prove they took advantage of the opportunity.

Honor graduates of Texas high schools in 1946, the boys were selected for Opportunity Awards by the college Scholarships Committee on the basis of scholarship, leadership, character and need.

Each of them received \$200 to \$300 a year plus a job to pay college expenses. The jobs they have held during school include those of waiter in the mess halls, fry cook in a cafe, stable boy, yard man, laboratory assistant, printer's devil and baby sitter. During summer vacations they have worked on farms and ranches, in offices, on the highways and as roughnecks in the oil fields.

Required to make above-average grades in order to hold their scholarships, they have ranked high in their classes. One has an almost perfect A average for his four years. The average of all grades made by the entire group in four years is above B.

They have won their share of honors in other campus activities. One was president of their Freshman class, another outstanding in intramural athletics, while another won a summer fellowship for leadership in campus religious activities. Five were elected to the top military honor organization, the Ross Volunteers, and six to top scholarship honor societies. Nine will graduate as Honor Military Students.

Since this "pilot" group entered school in 1946, the Opportunity Awards program has grown. There are now 148 boys enrolled at Texas A. and M. College on these scholarships, with sixty or more expected to be granted opportunities next September.

Veneral Diseases On Loose In Texas

The more than 2,000 cases of syphilis and 3,000 cases of gonorrhea reported throughout the state since the first of the year signifies the pressing need for continuing public education in matters of venereal disease, State Health Officer Geo. W. Cox believes.

Cox appealed for state-wide participation in making "Better Health for Texans" a year long program. A "Better Health For Texans Week" was officially designated by Governor Allan Shivers last December.

Cox said the response of the public, the press, radio, motion picture theaters, television, and "other agencies and individuals during the campaign was excellent."

"But," he said, "the continued success in reducing the incidence of VD requires the full support of all the public."

The veteran of more than 13 years as State Health Officer said his department was continuing an "intensified" campaign against venereal infections through "all media of mass education—news-papers, radio, feature releases, and talks to luncheon clubs and civic organizations."

"We've even gone into television to carry our VD warning to the people," Cox asserted. He said his division of public health education had recently produced a color film and a motion picture trailer which were available for loan to television stations through local agencies.

He said any organization desiring informational pamphlets, posters, and prepared speeches on the subject of venereal diseases could get them by writing to the State Department of Health at Austin.

Good Neighbors Meet At Finsterwald Home

The Good Neighbors Club met Tuesday, March 14, in the home of Mrs. Milton Finsterwald, with the meeting being called to order by the vice-president, Mrs. Essie Finsterwald.

After the club song, led by Mrs. Helen Dyson and prayer by Mrs. Audie Sivage, roll call was answered by each telling of something they would like to have in their kitchen.

During the business meeting the club voted to entertain the Briscoe 4-H Club boys and girls Monday night, March 20. Katie Finsterwald was selected to attend the District T.H.D.A. meeting to be held in Borger, April 27. The meeting time of the club was also changed to 2:30 p. m.

A demonstration was given on "Planning Improvement in the Kitchen", and was very instructive. A movie on "Kitchen Improvement" will be shown at a later date.

Lovely refreshments were served to two guests, Mrs. John Topper and Mrs. Bill J. McCarroll. Members, Mesdames Helen Dyson, Eunice Treadwell, Essie Finsterwald, Helen Nixon, Maurine Barnett, Bernice Ramsey, Audie Sivage, Melba Robertson, Mary Finsterwald, Mattie McCarroll, Emma Hastings and Katie Finsterwald.

The next meeting of the club will be with Mrs. Bill Finsterwald on March 28. A demonstration on textile painting will be given by Mrs. Miller.

Reception Honors Members Of Sr. Class

Members of the senior class of the Wheeler High School were honored with a reception Tuesday night, following the presentation of their play, at the home of Mr. and Mrs. C. A. Holdeman. Co-hostesses were Mrs. Luther Parks and Mrs. Roy Bailey.

Punch, cake and sandwiches were served to the following: Class members, Charlotte Weatherly, Sue Farmer, Winnie Reid, Dorothy Esslinger, Jo Ann Richerson, Martha Hastings, Ruby Davis, Floy Bell Patterson, Margaret Holdeman, Lindon Sanders, Bobby Henderson, Garland Parks, Jack Mitchell, Red Crossland, Doyle Waters, Corky Robertson, George Hibbitts, C. Aderholt-Grayson Vows Exchanged At Allison

Marriage vows were solemnized at the Baptist parsonage in Allison Friday afternoon at 4:00 for

Miss Reta Fae Aderholt, daughter of Mr. and Mrs. L. S. Aderholt of Allison and Lewis Wayne Grayson, son of Mr. and Mrs. R. P. Grayson of Dumas. Rev. F. B. Duke, pastor of the Allison Baptist Church, performed the impressive ring ceremony.

The bride was attired in a white wool suit with a shoulder corsage and accessories of blue.

The bridal couple was attended by Mr. and Mrs. Clifton Taylor. Others present for the ceremony were R. C. Taylor and Bobby Dillon.

Mrs. Grayson graduated from the Allison school with the class of '48 and the groom also attended the Allison school and the college at Las Cruces, N. M. He served 31 months in the Navy, a large portion of which time he spent overseas.

Immediately following the wedding ceremony the couple left for a short wedding trip. They will be at home to their many friends on the R. P. Grayson farm south of Allison where a new house has just recently been constructed.

Our Most Sincere Thanks

To Wheeler County Friends and Neighbors

There are hardly any words to adequately express our thanks to the Wheeler, Mobeetie and Shamrock Fire Departments and all the fine friends and neighbors who helped us battle the fire at our ranch Tuesday and Wednesday.

Without your help, our losses would undoubtedly have been far greater. We saw all you work just as hard and take as many risks to help us as you would to save your own property.

When the chips are down a fellow learns the true value of his friends and never could people have been finer than the men who went all out to help us. We want you to know that we are proud to live in a country that produces people like you.
