1950 WHEELER HONOR PUPILS ARE ANNOUNCED

Miss Imogene Reid, daughter of Mr. and Mrs. Leonard Reid of Wheeler is the valedictorian of the graduating seniors of Wheeler High School for 1950. Miss Reid's grade average for the four years of high school is 92.1.

Miss Joann Richerson, daughter of Mr. and Mrs. Cecil Richerson of Wheeler is the salutatorian. Miss Richerson has a grade average of 88.7.

In making the selection of valedictorian and salutatorian each year, only those who have attended W.H.S. for all four years of their high school career are considered. Due to this ruling, several of the top-ranking students were not eligible for the awards. Among these students are Margaret Holdeman, top ranking senior student.

THURMAN RIVES, popular young Shamrock business man, is candidate for the office of Wheeler County Tax Assessor-Collector, subject to the action of voters in the July Democratic primary election. Mr. Rives, 25 years old, was born and reared in Wheeler County and it is a graduate of Shamrock High School. He now owns and operates the City Drug and News in Shamrock.

SPORTSMANSHIP PROGRAM IS SET UP HERE

Notification has been received that Wheeler High School is one of the 1000 secondary schools of the U. S. selected to participate in the Babe Ruth Sportsmanship Program.

Along with the notification of membership, the Babe Ruth Sportsmanship Awards were received. These awards consist of an attractive Sportsmanship permanent Plaque for display in the school trophy case and two medals.

These awards will be made each year to the two students (boy and girl) in the senior class who in the opinion of their fellow students and faculty have made the greatest contribution to the spirit of sportsmanship and fair play during the year. Awards will be made at the Commencement Exercises.

Each of the students chosen will receive a medal and their name will be engraved on the permanent plaque.

It is recognized that sportsmanship and good self-government go hand in hand. In the political community, as on the field of sports, interests clash, the rights of others must be recognized, and defeat as well as victory must be taken in stride. It is believed that the spirit of sportsmanship developed on our playing areas and among those who look on from the grandstand can be transferred in some degree to later adult activities in the community, the state and the nation. It is to cultivate this spirit that the Babe Ruth Sportsmanship Awards were organized.

The student body of W.H.S. are presently engaged in the selection of the two students who are to receive this year's awards.

The Awards are on display at The Wheeler Times.

MAIDEL SORENSON ... **MISS SORENSON HEADS SOCIETY**

Miss Maidel Sorenson of Wheeler has been elected president of Royal Academia Literary society at Mary Hardin-Baylor college.

She will take over duties when the fall session of school opens.

Daughter of Mr. and Mrs. Edison Sorenson, she is a junior home economics major. She has served as Ruth Stribling dormitory representative of her class.

Royal Academia social club was organized in 1878 for the purpose of promoting understanding and deeper appreciation of art, literature and music and an intelligent interest in political situations.

Tornadic Winds Strike Near Here Thursday Night

SCHOOL CLOSING EXERCISES ARE ANNOUNCED

Dates for the closing of school activities of the Wheeler Schools have been set with the Baccalaureate Service to be held Sunday morning at 11:00 o'clock, High School Commencement Exercises to be held Friday evening, May 19 beginning at 8:00 o'clock and Elementary School Commencement Exercises to be held Monday evening, May 22 beginning at 8:00 o'clock. All exercises are to be held at the Wheeler Gymnasium.

Rev. M. B. Smith, pastor of the Wheeler Baptist Church, has been chosen to deliver the Baccalaureate sermon. The remainder of the program includes the processional and recessional by Mrs. R. H. Forrester, invocation by Rev. A. C. Wood, scripture reading by Harry Wofford, announcements by Cecil Paddock, song by Clyde Willard and benediction by Rev. Darris Egger.

Walter Rogers, Pampa attorney and candidate for congress from this district, will deliver the main address at the High School Commencement and the remainder of the program will include: processional and recessional by Mrs. R. H. Forrester, invocation by Min. Ernest Grizzard, salutatory by Joann Richerson, piano solo by Miss Ruth Merrill, valedictory by Imogene Reid, song by Corky Robertson and Gene Hubbard, introduction of speaker by Supt. W. O. Carrick, presentation of special awards by Cecil Paddock, presentation of diplomas by Frank O. Wofford and benediction by Rev. Darris Egger.

The Grade School Commencement address will be delivered by Homer Moss, local attorney and the remainder of the program will include: processional and recessional by Pat Boddy, invocation by Min. Ernest Grizzard, salutatory by J. E. Rogers, musical number by Janet Russ, Dale Wofford, Donna Greenhouse, Sara Jane Goad, Ann Rose McCormick, Valedictory by Glenda Ann Porter, introduction of speaker by Cecil Paddock, presentation of special awards by Barney Teague, presentation of diplomas by Lyndon Sims and benediction by Rev. Darris Egger.

Tornadic winds struck in the vicinity of Wheeler last Thursday evening about 7:30 o'clock doing much damage to barns, outbuildings and windmills in their path. The winds followed a northeasterly course setting in around Magic City and passing just southeast of the City of Wheeler.

Outbuildings and the windmill, in fact everything but the dwelling, on the place belonging to Mrs. J. F. Witt 5 miles southwest of Wheeler were destroyed. Shirley Braxton resides on the place.

Chicken house and barns were overturned and destroyed on the Rufus Watts place 2 miles south of Wheeler. The place is occupied by Mr. and Mrs. Charles Harris who were not at home at the time of the storm.

Some outbuildings were destroyed on the Burgess place southeast of town where Mr. and Mrs. M. C. Burgess live. The Burgesses were not at home at the time of the storm.

Much damage was done at the Roy and Harmin Herd places east of Wheeler and trees were uprooted in the yard of Clarence Crowder.

Some damage was done at various other places along the route of the twister.

Light showers and slight hail fell immediately preceding and after the wind storm.

Late Sunday afternoon Wheeler and immediate vicinity received approximately 1 inch of rainfall. The southeast portion of the county received larger amounts than were reported in the vicinity of Wheeler, but the rain played out before it reached Mobeetie on the west and Briscoe on the north; however, reports state that it reached as far east as the county line.

Cloudy skies Wednesday and Thursday have afforded little more moisture for this section of the country.

BEN GUILL ... **PUBLICAN TO PRESENT DIST.**

people of the 18th Congressional District will be represented in Washington for the next two years at least by a republican, Ben Guill of Pampa, who won last year's special election by a vote of 1,873 votes over his opponent who was Mrs. Clark of Amarillo.

J. Blake Timmons of Amarillo and Pampa's Walter Rogers of third and fourth respectively in last Saturday's election as well as Mrs. Clark of Pampa, who finished second in the special election, have all stated that they will be candidates for the democratic nomination for the post in the July primary.

Complete unofficial returns from the panhandle counties which comprise the district are as follows:

Bice, 106.
Burk, 2,504.
Cline Clark, 6,351.
Dodd Davis, 2,798.
Guill, 8,224.
LaMaster, 3,852.
Montgomery, 224.
Pickel, 437.
Rogers, 5,287.
Smith, 1,134.
Timmons, 5,610.
Total votes was 36,527, lack- ing 7,000 of 50 percent of all strength of qualified voters.

Part showing how Wheeler voted in the Special election appears on another page of the Times.

Mobeetie Meditations

By Mrs. H. L. Flanagan

In spite of the typical West Texas wind and sand Thursday evening a number of Mobeetie citizens drove to Shamrock for the Cavalcade of Wheeler County pageant, thinking that the high wind would die down as night time came on, but it increased rather than diminished and we were unable to stick it out. We could not but admire the courage and perseverance of those responsible for the program who tried so hard to carry out the tradition. "The show must go on." Much time and effort was put into the preparation of the production and had there been the least bit of co-operation by the weatherman a truly great performance would have been presented and was, the following evening but again the cold wave that had spread over this area by that time kept many away.

Our community was truly a rural one for several hours Sunday evening and night, when the electrical power failed and as the result we had no telephone service, owing to the fact that the hand crank at the local switch board was out of order. The operator was unable to report to the office at Wheeler and we were cut off from the outside world until the Pampa office called her and she had them report it.

Some forty acres of grass land was burned over on the H. L. Trimble farm west of town Thursday afternoon, starting from some unknown origin about the center of the pasture. The flames spread rapidly in the dry grass, due to the high south wind and neighbors to the north were fortunate that they were brought under control before they reached open country, for there were miles of high grass stretching northward that would have been hard to extinguish, once the fire had gotten underway.

Mrs. J. H. Taylor was hostess to the Blue Bonnet Study Club Thursday afternoon. Roll call was answered by giving a parliamentary law. Mrs. John Kent spoke on "The value of leadership," and Mrs. Willard Godwin conducted a parliamentary quiz. Officers for the following year were elected as follows: President, Mrs. Sam A. Thomas, Jr.; 1st. Vice-President, Mrs. G. W. Harris; 2nd. Vice-President, Mrs. J. H. Taylor; Recording Secretary, Mrs. Clifford Waiser; Corresponding Secretary, Mrs. J. M. Hathaway; Treasurer, Mrs. Arthur Carmichael; Parliamentarian, Mrs. E. E. Johnston; Librarian, Mrs. H. E. Matthews. Refreshments were served to ten members.

Representatives of the Lions Club at the District 2 T-I Convention at Childress on May 1st were: Mr. and Mrs. Ransom Carter and daughter, Bernice, Mr. and Mrs. J. M. Hathaway, Jack Hefley, Boyd Beck and Mr. and Mrs. Harry Wofford. Miss Carter participated in the Queen event from this club.

The M. Y. F. young people organization of the Methodist Church, attended a picnic on the Sam Thomas place Friday evening.

MOBEETIE SRS. LIST EXERCISES

Mrs. Buck Scribner, sponsor of the Mobeetie Senior Class, announced this week that the dates of the Baccalaureate Services and Commencement Exercises for her class has been set for Sunday, May 14 and Thursday, May 18 respectively.

The Baccalaureate Service will be held at the First Baptist Church in Mobeetie Sunday morning beginning at 11:00 o'clock with Minister Ernest Grizzard, pastor of the Wheeler Church of Christ, delivering the message. Elwyn Dygart of Channing will sing a solo at the services.

Rev. Vernon Willard, pastor of the Mobeetie Methodist Church, announced this week that Sunday School will begin at the usual time, 10:00 o'clock, at his church Sunday but that services will be dismissed at 10:30 in order that everyone will be able to attend the Baccalaureate Service.

The Commencement Exercises will be held Thursday evening at the Mobeetie High School Gymnasium beginning at 8:15 o'clock. Judge J. B. Clark of Shamrock will deliver the Commencement address. Miss Peggy Williams will speak on the subject, "We Choose Democracy", in her salutatory address and Miss Kathryn Skaggs will use the topic, "Youth Faces Tomorrow", in her valedictory address. Mrs. Sam Thomas is on the program for a piano solo at the exercise.

TCU COACH TO SPEAK MAY 16

Dutch Meyer, head football coach of TCU, will attend the Shamrock Lions Club Father and Son buffet supper at North Ward School lunch room on Tuesday, May 16. After the supper, Meyer will lecture in Clark Auditorium and show movies of TCU football games. The supper and lecture are open to the general public.

The supper has been set for 7:30 p. m. and the lecture will begin at 8:30 p. m. Admission to the supper and lecture is \$1.25. The lecture alone, 75c. Part of the proceeds will go toward the development of the Lions Club city park project.

Invitations to attend the supper and lecture have been extended through football coaches and Lions Clubs to the citizens of towns within a 100 mile radius of Shamrock.

Some of the towns invited are: Childress, Quanah, Memphis, Clarendon, Estelle, Lakeview, Paducah, Hedley, Lela Lake, Wellington, White Deer, Mobeetie, Wheeler, Canadian, Spearman, Perryton, Pampa, Borger, Phillips, Stinnett, Kelton, Briscoe, Claude, Quitque, and Turkey.

While the supper is designated a father and son get-together, a Lions Club spokesman stressed the fact that everyone is invited to both the meal and lecture. "We especially want as many people as possible to hear Dutch Meyer," the spokesman said.

A representative of those from surrounding towns who plan to attend the supper are urged to get in touch with Harold Walker, Lions Club secretary, immediately and let him know how many to prepare for.

Shamrock residents who plan to attend the supper should contact Bobby Hill, Shamrock High School; Glenn Richerson, Richerson Funeral Home, or A. Fry at Fry Drug.

Wheeler Whisperings

By J. C. Howell

Two qualified men in their fields who live in the Wheeler trade territory have already volunteered to do specific jobs on the renovation of the Wheeler Community Building free of charge.

J. P. Clark, a retired building contractor, has volunteered his services to oversee the actual construction work and George Berry, who lives south of town and is a qualified plumber, has volunteered to do the plumbing on the job absolutely free of charge.

Cooperation like that from the hundreds of men and women who live in the Wheeler trade territory and who are anxious to have a good place for fat stock shows and meetings of various kinds will see this project through in fine style and everyone in this territory can point to the building with a bit of pride in having had a part in its making.

However, labor is not all that is needed, and perhaps there are many who can't afford to put in any labor on this project but are willing to write out a check for \$25 or \$50 which would certainly be appreciated.

George Gandy, popular coordinator of the Wheeler County Veterans' Vocational Schools, has been chosen general superintendent in charge of the project and he will greatly appreciate the assistance of all individuals who can see fit to help in any way.

The old hens are really strutting their stuff this spring according to Mrs. Cecil Bailey who brought in an egg which measured 7 1/2 inches in circumference one way and 9 inches in circumference the other way.

We had a telegram from Mrs. Altavene Clark this week which reads: "Please extend my sincere thanks to my many friends who helped me in this campaign. I am proud that their vote of confidence places me at the head of the ticket to be the standard bearer of the real democratic party in the July primary and I solicit their continued assistance now. Regards and thanks."

GRASSHOPPERS EASIER CONTROL NOW

Grasshopper infestations in Wheeler County are serious this year. The early hatches are all hopping all over the county.

It is the time to spray for grasshoppers, while they are small, because grasshoppers are more easily when small, and material is needed to kill them small.

Recent moisture will bring another big hatch of grasshoppers, and we can expect more damage this year than we have had a hot dry summer.

Agricultural Experiment Station has made a study comparing the effectiveness of the new insecticides with the old. The new insecticides were found to be superior to poison bait method of grasshopper control has been used, but it has been too effective.

Emulsions of Toxaphene and Chlordane were applied to the season by Experiment Station with a power sprayer with a valve to regulate it at 40 pounds.

These materials applied at 1/2 pound per acre as a emulsion should control our grasshoppers now. If we get the hoppers get larger, three times as much material will be needed to kill them. The hoppers get their food very hard to protect by applying a thirty-foot strip of the materials in strips across the fields as we can do at present.

Protect crops from migrating grasshoppers, the entomologist, 2 to 3 pounds per acre material will be needed, beans 2 to 3 times as much. So the time to work on grasshoppers is now. So get that spray equipment on hand and get at the hoppers now.

BULLETIN

Word was received here Wednesday evening of an automobile crash at Gallup, New Mexico in which Mrs. Sharpe, her baby, and the driver of the automobile were killed. Mrs. Sharpe will be remembered as the former Miss Jessie Errington a sister of Buddy Errington of Wheeler, Mrs. J. T. Wallace of Mobeetie, Mrs. Neil Jones of Amarillo and Ross Errington of Amarillo.

According to reports, Mr. Sharpe is in a very critical condition in a Gallup hospital.

The Sharpe's had been visiting relatives here and at Mobeetie and were returning home when the accident occurred. The Sharpe and the driver of the car all lived in California.

Relatives of the Sharpe's here did not know the name of the driver of the car.

Funeral arrangements were incomplete but relatives believe the bodies of the Sharpe's would be returned here for burial.

Summer School To Be Held, Beginning June 5

Supt. W. O. Carrick announced this week that summer school will be conducted here this year for the first time in several years. The summer session will begin June 5 and will last for 8 weeks. It will be under the direction of Cecil Paddock, Wheeler High School principal.

Algebra, plane geometry, general math, typing one or two and English 1, 2, 3 and 4 will be offered. Grade school pupils who are deficient in either math or English will have a chance to take this work in the summer session.

Mrs. W. Atwood Dies Suddenly Thurs. AM

Mrs. Walter Atwood and an infant son passed away at a local hospital early this morning (Thursday).

Funeral arrangements were incomplete but had been tentatively set for Friday afternoon at 4:00 o'clock at the Wheeler Methodist Church. The bodies are at the Kirk-Mason Funeral Home here.

Mrs. Atwood is survived by her husband and 4 children, her parents, Mr. and Mrs. Frank Rogers, and several brothers.

Band Boosters To Hold Food Sale Here Sat.

The Band Booster's Club of Wheeler will sponsor a food sale Saturday at Clay's Food Store and they ask that you "treat your mothers to a treat" by surprising her with one of the cakes, pies or food which they will have for sale.

Mrs. Lyndon Sims, spokesman for the club, stated that the proceeds would go to help pay for the uniforms which have been ordered for the band. Each uniform is costing approximately \$45.00 and any way that you can help the Band Boosters Club secure this money will certainly be appreciated.

DeWayne Brittan Is Injured In Fall Sat.

DeWayne Brittan, 13 years old, narrowly escaped serious injuries Saturday when he accidentally fell into a well that was being dug on the Raymond Moore farm near Kelton. It seems that DeWayne had been sent for a saw and upon returning with it on his bicycle he became over balanced and fell, with his bicycle, into the well. He was rushed to the Wheeler Hospital where he is recovering from the injuries of the fall.

Pie Supper, Speaking To Be Held At Allison

W. B. Wofford announced this week there will be a candidate speaking and pie supper at the Allison School, Friday night, May 19.

The affair is being sponsored by the Allison Home Demonstration Club and everyone is cordially invited.

WHEELER WINS OPENER HERE

The Wheeler Legionnaires dedicated their new ball park Sunday by taking a 26 to 3 victory from the Canadian nine.

The local nine will play the Allison team at Allison next Sunday and will return home for their second contest on the new field the following Sunday when they play Briscoe. Other games this Sunday include Miami at Shamrock, Mobeetie at Briscoe and (Continued on Last Page)

C of C To Dismiss For Baccalaureate Service

BOTH SIDES LOSE IN COSTLY STRIKE

The recriminations in the wake of the

Chrysler strike deserve wide attention, chiefly because the fundamental issue involved can not be dismissed with "Tis so" and "Tain't so."

The chief point made by the company is that everything in the final agreement could have been obtained at the council table without a strike. That much can be regarded as true in spite of Walter Reuther's criticism of Chrysler Vice-Chairman Herman Wecker for making it, coupled with the charge that the strike leadership delayed the present settlement. It is true because in almost every industry dispute of today, a fair settlement could be reached if two conditions were set up (1) mutual understanding of the economic issues involved on both sides, and (2) mutual understanding of the economic cost to both sides.

There has never been a strike of any prolonged duration in which both the strikers and the struck company did not lose heavily. The men—and the women, whether the latter are employees or the family behind the man, lose economically with every dollar's pay not received. No union relief can prevent that. It is estimated that in the current Chrysler case, the individual striker's economic loss is \$800. The company loses in halted production and sales. Well, the striker loses, too, there for everything that affects adversely the economic position of his employer is reflected in his personal affairs. Only one factor in a strike does not lose—the paid union leadership whose salaries go on just the same.

Not that unions have not at times been justified in strikes. Certainly the unions made their way against pig-headed resistance to fair wage and working conditions in many instances in the past. The sacrifice then was worth the cost. Unfortunately the realization that fairness could be forced is succeeded by the carefully nurtured idea that unfairness can be forced, too. There is less danger of this in the craft union where the men are usually in better position to understand the industry in which they work and also as a rule known and deal with management on a personal basis. The craft union is not out of luck when it is submerged in a mass industrial union. And the industrial union on a country-wide basis—or any union above the local level—falls into the error of trying to fit widely different regional conditions to a national union policy.

Industrial war—like real war—is a total economic loss. It is waste. It is destruction. And like real war, too, it is utterly unnecessary.—From The Dallas Morning News

That nose-quivering aroma of coffee we love so well comes from volatile oils which, though very desirable, have a stubborn way of clinging to the coffee maker. A mere swish of sudsy hot water won't remove it, but baking soda and warm water will.

What's more forsaken than leftover sandwiches? Well, they won't be left for long if you follow this: store them in the refrigerator, wrapped in wax paper and a wet towel. Take out the next day; spread with melted vitaminized margarine and toast or grill.

Let baked cake cool in the pan 10 to 15 minutes so it will be easy to turn out on a rack without breaking. If completely pan-cooled, cake becomes soggy. Only sponge-type cake should be entirely cooled in the pan inverted on a rack so the delicate cell walls of the cake become firm.

Making-your-own is definitely on the up grade. In 1948 department stores sold 105 million patterns and the 1949 figures, though not in yet, are as high or even higher. So, this idea should be a boon to many. Save rippers from old dresses and skirts. Take out the color with a certified color remover and re-dye with an all-purpose dye to match the garment you're making.

Beauty may be just skin deep, but even the lovely potato stores its greatest nutritive value right near its skin. Accordingly, the food experts advise cooking your spuds in their jackets or patting them thinly.

WHEN PAINTED WITH

IDENTICALLY MATCHED COLORS

All you need to do is...select the color you desire...get out your favorite BPS paint brush...and go from the top of the room down. Paint everything, walls, window sash, doors, baseboards, ceiling mouldings, radiators, book shelves, fireplace. Use flat finish for walls and ceilings, semi-gloss or high gloss for other surfaces. When you're finished you'll immediately notice that the room appears larger and more attractive.

Choose the Wall Color first. Use...

FLATLUX FLAT WALL PAINT

Gives a durable, smooth, velvety finish that can only be produced with an Oil paint. One Coat Covers.

Match Woodwork to Walls with...

SATIN-LUX SEMI-GLOSS

The soft, non-glare satin finish gives an attractive charm to walls, ceiling, woodwork and radiators.

For the same color in High Gloss. Use...

GLOS-LUX HIGH GLOSS

This tile-like, water-proof finish is so easy to apply on walls, ceilings, woodwork. It is fast drying.

THE MOTHER'S DAY STORY

"May 14, 1950—Mother's Day... Presidential Proclamation" ... You'll see this notation on most any calendar you may care to consult. But... Let's forget the carnations and special five-pound Mother's Day-boxes for a moment... and let's remember Mother.

Do you recall the long years of your childhood and youth? She does. Are you remembering who spent some mighty anxious times over your growing up... your fulfillment as an adult? She is. More than just the "one who always healed life's little hurts and heartaches and solved your problems"... Mother had a fierce and intense concern in your being able to cope with the complex business of living. And she always will!

And so, as we remember Mother with our gifts on this, Her Day... Let's make pretty certain we reflect a little bit on what they really represent... and remember Mother.

SOUTHWESTERN PUBLIC SERVICE COMPANY

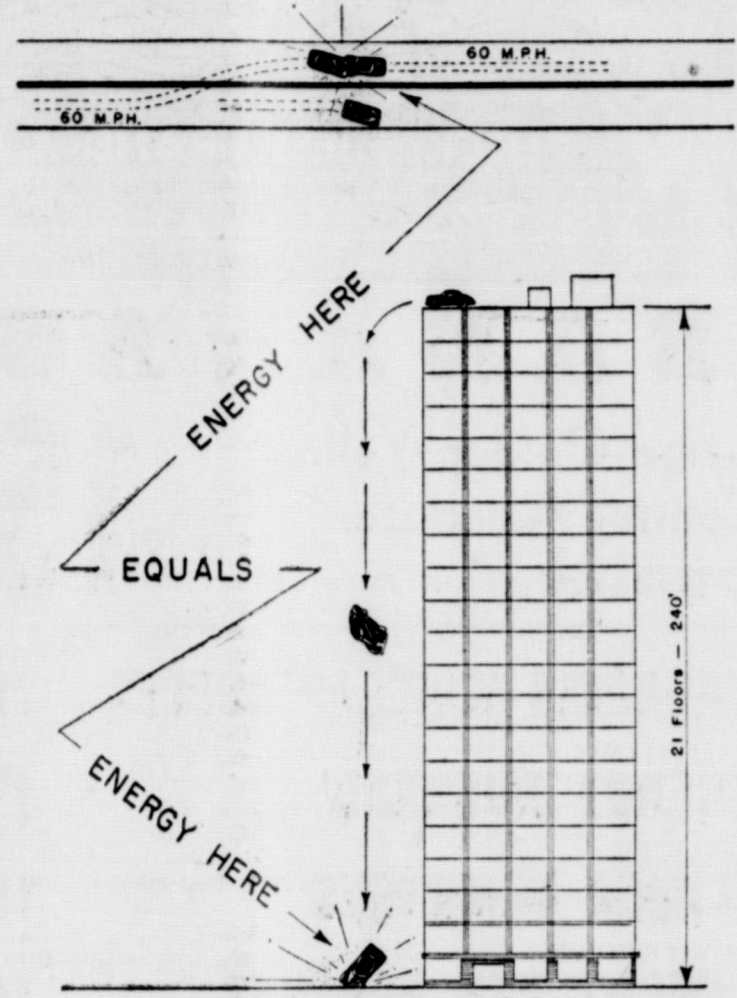

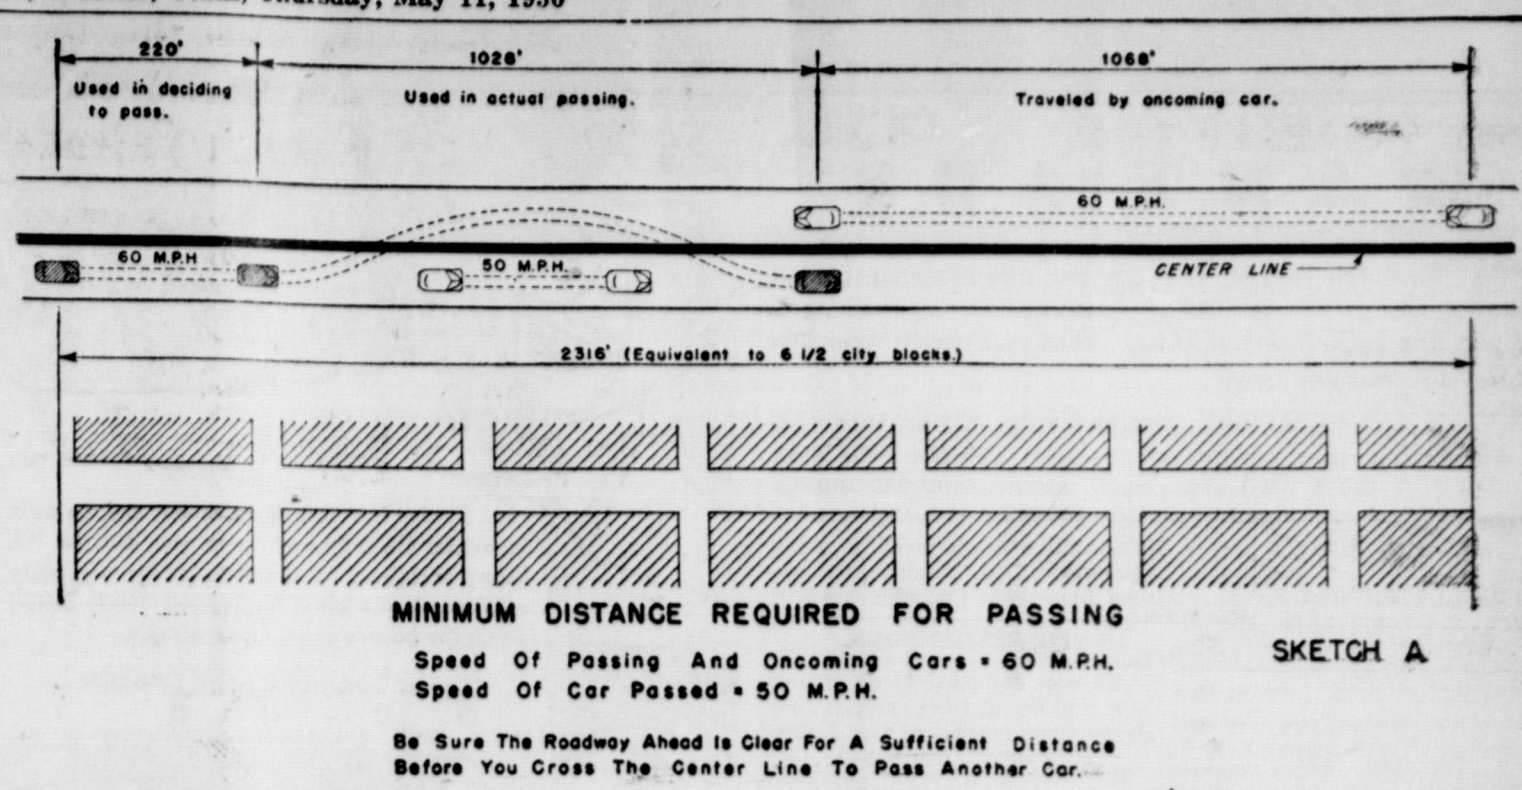

35 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Highway Dept. Attempting To Cut Down Death Rate On Texas Highways

CENTER LINES
 Texas Highway Department decree of the Highway Commission was not an idle one; it was backed by an appropriation of \$500,000 for center lines, lane lines, and barrier lines for no-passing zones during the year 1950 alone. This sum will be applied on some 25,000 miles on the State Highway System on which the center line stripes for no-passing zones are marked. These lines are just one of many weapons the Highway Department is employing in the battle for traffic safety. Have you as a motorist ever

thought of the meaning a center line on a pavement should convey to you? It should tell you that the right-hand half of the road is yours; it should tell you that it was not put there as a challenge to your driving skill to keep one wheel on it; and it should tell you that when you cross it to overtake and pass another car that you should be sure the other half of the road ahead of you is clear. Failure to observe the simple but important meaning of the center line can result in a tragic end for you. Last year (1949) on rural highways there were 3,625 accidents caused by thoughtless drivers who were on the wrong side of the road, and they were not even in the act of passing another car—just driving on the wrong side of the road for no good reason whatever. These needless "on the wrong side of the road" accidents cost the lives of 253 people; maimed and injured 2,316 others; and caused property damage of \$7,927,400. Take a good look at that center line when you drive and think what it can mean to you.

And what happened to those who made a mistake in passing another car when the road way ahead was not clear? These mistakes cost the lives of 46 people; maimed and injured 462 others and added more thousands of dollars to the toll of property damage. It is not too hard for the average motorist to make a mistake in judgment on the distance ahead a roadway must be clear for him to overtake and pass the car ahead of him. Take a look at the sketch showing the distance for a car traveling 60 m.p.h. to overtake and pass a car traveling 50 m.p.h. when there is a car traveling toward him at 60 m.p.h. in the opposite lane—2,360 feet or 6 1/2 city blocks! If the car in the sketch had failed to complete his overtaking and passing maneuver safely and had

sure that the roadway is clear far enough ahead for you to do so safely, but don't ever cross that double center line unless directed to do so by an officer.

From where I sit... by Joe Marsh Mud Lake Gets "Cleared Up"

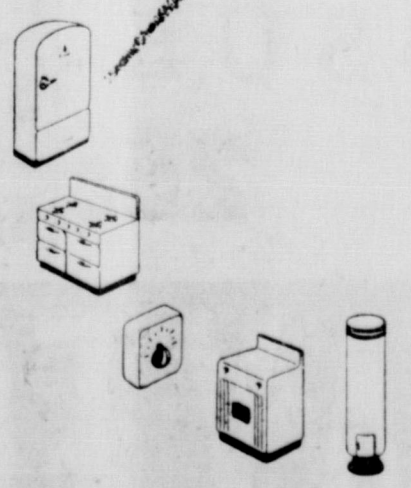

County officers got a notice from the government not long ago, asking them to change the name of Mud Lake. Seems it's a pond, not a lake, by government standards. Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy—sort of pretty, in fact. County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders it—for about 30 feet! But we finally decided to call it "Turtle Pond" in honor of the real owners. From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. Everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—if and when we choose.

"A penny burned is a penny earned"

Thrifty Gulf South housewives rely more and more on low-cost natural gas. Many started with gas cooking, then gas water heating. Today, thousands know the economy and convenience of gas refrigerators, gas-fueled clothes driers and adequate, automatic natural gas heating. These women are reaping dividends in time and money saved, while clean, efficient natural gas does the heavy work.

Natural Gas Service Is Vital

The gas industry is an important factor in the prosperity of the Gulf South. Through service to industry and commerce, it helps create payrolls that are the lifeblood of our economy. Gas company taxes help maintain state and local governments, build roads and support schools and other public institutions. Yes, if you live in the Gulf South, you benefit from natural gas.

PUCKETT'S RECIPE OF THE WEEK
By Mary Lee Taylor
Raisin Tapioca Pudding
 Broodest: May 13, 1950

1 egg, separated 1/2 cup Pet Milk
 1/2 cup brown sugar 1/2 cup seedless raisins
 2 tablespoons cornstarch 1 teaspoon vanilla
 cooking tapioca 2 marshmallows,
 few grains salt 1/2 cup water 2 teaspoons jelly

Beat egg white until stiff, but not dry.
 Beat in 1/4 cup brown sugar. Mix in
 saucepan the tapioca, 1/4 cup brown
 sugar, the salt and water. Boil over
 low heat 5 min., or until tapioca is
 clear and thick. Stir in slowly a mix-
 ture of slightly beaten egg yolk, milk
 and raisins. Stir to a boil over low
 heat, then boil and stir 30 seconds
 longer. Take off heat; add vanilla.
 Fold in egg-white mixture. Put into
 4 dessert dishes. Chill. At serving
 time, garnish with marshmallow
 halves. Top each marshmallow with
 equal parts of jelly.

You will need:
Pet Milk, Seedless Raisins, Brown Sugar, Marshmallows and Jelly.

DON'T BLOW UP YOUR HOUSE!

It would be advisable for everyone to screw a little 1/8-inch cap over every jet in their house when they disconnect their stoves for the summer, then if the gas jet is accidentally turned on by a child or in some other way gas will not escape into the house.

We will be glad to furnish the little 1/8-inch caps to you free of charge if you will call for them.

SENIOR NEWS
 The seniors wish to thank the juniors very much for the banquet they gave us. Everyone had a nice time.

Well, it won't be very long until the seniors will be on their way. We are anxiously awaiting May 20th. That is the day we start on our trip to south Texas. We are planning to visit Austin, San Antonio, Galveston, Houston, Dallas, and Fort Worth. We will probably be gone about six days.

We are also looking forward to May 14th, the day our baccalaureate services, and May 18th, the day of our commencement exercises.

Next week is test week and we surely will be glad when we get through with them. Most of our class have their English work in. We are hoping everyone passes their tests and get to graduate.

MOBEETIE BASEBALL CLUB WINS 2-B SOUTHERN CHAMPIONSHIP

Mobeetie baseball team went to Panhandle Friday afternoon and played the Panhandle Panthers, losing by a score of 2 to 12. This was the only defeat in the conference for the Mobeetie Hornets, thus giving them the championship for the southern part of the district. Canadian won the northern part of the district; the two teams will play one game to decide the district champions.

SENIOR PROPHECY AS WAS GIVEN AT THE JUNIOR SENIOR BANQUET

Leida White—had written a book about the senior class of 1950 and had become one of the greatest writers of all times.
 Jack Hefley—had attempted suicide because his High School sweetheart had jilted him. While in the hospital with a broken leg, he met a beautiful nurse, Patsy McCauley and married her.

Chubby Haines—made a name for himself as the greatest baseball pitcher of all time. No doubt his practice in holding tightly to someone's hand back in High School days, helped him have a firm grip on the ball.

Kathryn Skaggs—Chubby's wife, gives daily lectures on "How to Raise Boys", as they only had nine boys and one girl.

W. T. Skaggs—turned out to be the nation's number one movie lover; all the bobby soxers simply swoon when they see that smile.

Donald Waters—was managing a chain of hotels and cafes combined; as a sideline he sponsors football clubs in every city where he manages a hotel.

Edith St. John—was employed by the World Wide Airways Co. as head airplane hostess. This wasn't too surprising, for Edith had the name of going up in the air occasionally even as a high school senior.

Betty Jean Lancaster—had been voted queen of the National Song Club and was now one of America's leading singers on television.
 Horace Trimble—had taken over the Murry School of Dancing. He was noted for his gracefulness and poise and was teaching thousands the art of dancing.

Jay Wallis—was the owner of a vast ranch in South Dakota—a millionaire by cattle and wheat and a bachelor by choice.

Hayward Romines—the smiling, cheerful owner of a great carbon black plant and he wasn't griping about it because the plant he owns was located at Lefors.

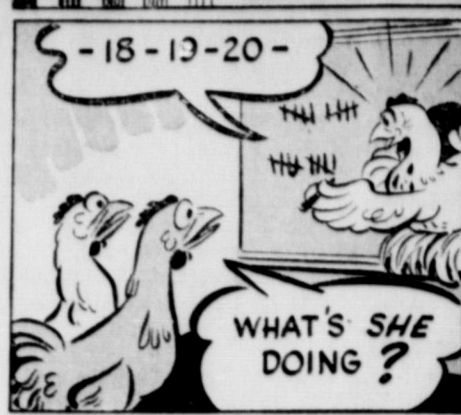

Peggy Williams—after a few years of being Mrs. Waters and helping manage hotels and cafes had decided that the constant sight of food was too tempting and was causing her to gain too much weight so she had left her husband and was now head coach and physical education teacher at the University of California.

JUNIOR NEWS

We gave our annual Junior-Senior banquet Saturday night, April 29th, in the Methodist Church basement. We carried out the theme "April Showers" in all decorations, etc. Rainbow colors decorated the poles and tables. The program consisted of:

Welcome by Edwin Sims. Incidentally, we wonder why, when Donald was giving the response he said something about being glad to get away from Shakespeare. Maybe Mr. Dunaway could tell us something about that. After

the response the main part of the banquet and the part all of us had been anxiously looking forward to came. That part was eating, as you could probably guess. We think our mothers did a splendid job of feeding us and the girls who served us did a swell job of waiting tables. We certainly appreciate this. Too, right here we would like to express our appreciation to the mothers who worked in the kitchen, the people who loaned dishes and all of the preliminaries to make our banquet the great success it was. After eating, Bernice, Patsy, Evelyn, and Ann Nell sang "April Showers" and "Bluebird on My Windowill". Then came the prophecies of both classes by Peggy and Oudia. We enjoyed them immensely. The Facts and Fancies were read by Ann Nell and Madge and the banquet came to a close with the singing of the school song by the entire group. We think it turned out wonderful.

GOSSIP FROM THE JUNIOR-SENIOR BANQUET
 Ann Nell and Patsy were exchanging confidences just before Christmas and Ann Nell said, "Patsy, would a long stocking hold all you want for Christmas?" Patsy replied, "No, but a pair of socks would."

Harold and Miss Whitt were discussing the organs of the body one day in Biology and Miss Whitt said, "Harold, name an organ of the body."
 Harold said, "teeth". Miss Whitt asked him why teeth would be an organ, and Harold said, "they are grind organs".

Pat McCauley had just been inoculated for small pox. Bernice was staying with her. One of her friends came to see her so she sent Bernice to explain. Bernice said, "Pat's in bed." "In bed," the friend asked? "Yes," she said, "She was intoxicated yesterday and has a bad headache."
 Mrs. Scribner: "Horace, use the word asbestos in a sentence."
 Horace: "I do my work asbestos I can!"

Oudia: "Mother, did you say the baby had your eyes and daddy's nose?"
 Jane: "Yes, why?"
 Oudia: "Well, you better watch him, he has Grandpa's teeth now."
 These are just some examples of the fancies we had at the banquet.

FRESHMAN NEWS

Lavada, Aline, Vondell and Waylan had a wonderful time at the banquet Saturday night.

What was the one reason why Vondell liked her long dress? Why don't you wear seamless hose, Vondell?

Aline, we heard you had a lot of fun at Wheeler Saturday night. Martha, why don't you ever come to school any more?

Sandra, we think your watch is beautiful. Whose is it?
 Bill, don't get the big head over a little old ball game! But we all agree that you did play awfully well.

Dan, why don't you ever chew gum the girls offer you? After all we won't try to poison you even if we don't like it because you don't say anything.
 Daris, how do you like the measles? We missed your meanness.
 Carl, are you sure the doctor said you didn't have the measles? Larry, where were you all week? Fishing, I'll bet.

George, whose horse do you ride all of the time? How about that, Sandra?
 We wish to welcome Louise Lee from Pampa to our class.
 Joyce, we hear you have a new boy friend. Who is he?

SOPHOMORE NEWS SONG DEDICATIONS

From Ines to Vernon—"I Let My Heart Fall Into Careless Hands".

From Patricia to Billy Eads—"Take Me Out to the Ball Game".

From Jim Bob to Evelyn—"I Love You, Because".

From Mearlene to all boys—"Intoxicated Rat".

From Billy A. to Wheeler—"I Love Everything About You".

From Frances to Vernon—"Six Times a Week and Twice on Sundays".

From Pud and Ines to Jimmy Coward—"Mind Your Own Business".

From Harold to Betty Lou—"I'll Sail My Ship Alone".

From Rita to James—"Got to Put the Shoes on Willie".

From Barbara to Walter—"Some Sunday Morning".

From the sophomores to Mr. Walton—"Mule Train".

IT'S A FACT

Mearlene hasn't been at school. Barbara was sore Monday.
 Ines got wet Wednesday night at the picnic.
 Frances is going with Vernon.
 Patricia makes a good chauffeur.
 Wendell goes with Aline.
 Ines went with Clarence.
 Barbara and Ines are going to ride horses Sunday.
 The sophomores are going to

have a party at the Totty school house.
 Betty Lou Haines is getting married.
 Sophomore news is hard to write.
 Barbara likes black Chevrolet coupes (1936), especially the owner.

EIGHTH GRADE NEWS

The eighth grade went to Wheeler Thursday night, May 4th, to see the show entitled "Father was a Fullback". Afterwards the girls had a slumber party at the home of Mr. and Mrs. Willard Godwin. All reported a good time. All but two of the class attended the party.

Slumber Party—Wonder why all the eighth grade girls were so sleepy in class, Friday?

It seems Miss Whitt enjoys slumber parties too.

Miss Whitt was out of school two days this week with the measles. We kids were really glad when she got back. We didn't like to do so much written work those two days she was sick.

It seems a bit strange that Maurea Godwin and Miss Whitt were out of school with the measles at the same time. We hear Joe Seitz is absent because he has the measles, too.

Clarence liked to miss school, it seems, while his mother and dad were gone to Utah. It takes a lot of gasoline to go to Pampa and etc. while they were gone, doesn't it Clarence?

Rumor has it that Charles and Rosalene have a license—wedding license, we suppose.

The girls around here wish that Virginia would make up her mind about her boyfriends. She is running us crazy.

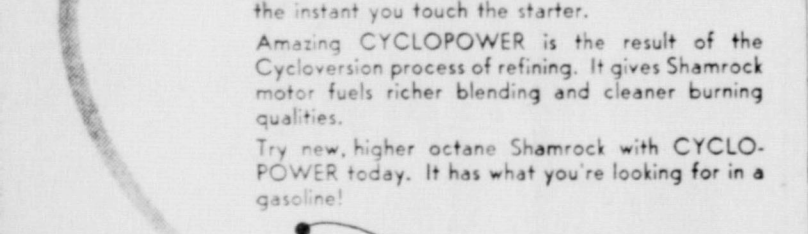

Ruth and Rosalene must be sleepy-heads, even at slumber parties.

Clyde is getting taller. We hope it isn't altogether due to his new shoes.
 Nathan should watch his temper. It might help him to graduate.

ADVANCE-DESIGN TRUCKS

Cost less to operate per ton per mile

Right from the start, you can figure on more payload because Chevrolet trucks take less time on the job—cost less to keep up. They reduce total trip time with extra high pulling power over a wide range of road speeds. Advance-Design construction saves money on repairs. It all boils down to this: You depend on Chevrolet trucks to deliver the goods at low cost per ton per mile. Stop in and see these new trucks now on display.
