## Wheeler Whisperings

Your column off this week, say that we enjoyed the convention of the Texas Association very much and very pleasant week visiting relatives in east and west, and in case you're not, we might also say that we were down there as we were here since we returned anyway, we're back home to go to work.

In receipt of a card from Mrs. Freys which states that enjoying campus life to the fullest, but would like to get the summer paper.

The weather and the un-pleasantness of the weather in this vicinity has certainly been a talk about these last few days. The weather is plenty hot and even though it is unusual at this time of year, it is a good topic for conversation. The Communist advance in Korea is a horse of a different color, even though we have been hearing much talk about the cessation of hostilities years ago, we didn't think the States would be in any kind of a shooting war. However, we agree with the stand that has been taken in this matter, we believe it is high time we stopped "pussy-footing" and letting Russia have her way. We hope the United States can business and will call off the dogs without throwing us into a world war.

Don't recommend the use of fireworks to celebrate the 4th of July. We are going to buy them, we suggest that you buy them from one of the stands which are operated by the Wheeler Posters in an effort to raise money which is to be used for the purchase of uniforms. The city limits and in front of Harrison Hall home in the city.

What happened to the Chamber's proposed project to build a community building at the barracks located just west of the water tower? We know the farmers are busy and George and the Baptists are busy and the Assembly congregation are building a church, but we believe there should be some activity of some sort started. First thing we know we're all again and that is the 4-H club boys and girls and the FFA boys and girls and groups like to hold fairs and the time will slip up on us and we know it and our meeting will not be ready.

Mrs. Lloyd Anglin had as guests the past week their daughter, Mrs. Robert McCain and Mrs. P. M. Russell and Mrs. Eileen of Reading. Mrs. McCain and children home Saturday and Mrs. Russell and children remained for a week in the home of her parents.

Mrs. Waymon Herd of Dallas and Mrs. H. H. Herd of the week-end in Oklahoma with relatives.

### Stores To Close Today In Observance of Independence Day

Stores will be closed all day Tuesday, July 4, in observance of Independence Day. County and government offices will also observe the day as a holiday.

Special activities which were planned for that day were cancelled because of the Junior League baseball team game between the Junior Dukes, a team of players from Wellington at 3 o'clock Tuesday afternoon. The game is to be played on the Wheeler diamond.

DR. CARADINE R. HOOTON

## METHODISTS TO BEGIN REVIVAL

Rev. Darris Egger, pastor of the Wheeler Methodist Church, announced this week that their revival will begin Wednesday night, July 5, and will run through Sunday night, July 16. Dr. Caradine R. Hooton, executive secretary of the Board of Temperance, Methodist Church, Washington, D. C., has been chosen as the evangelist for the meeting.

The day services, exclusive of Sundays, will begin at 10:00 o'clock and the evening services will begin at 8:00 o'clock with group meetings starting at 7:30 p.m. Rev. Egger pointed out.

Prior to his present position as Executive Secretary to the Methodist Board of Temperance, Dr. Hooton served for six highly successful years as pastor of the First Methodist Church in Oklahoma City. Before becoming a minister, Dr. Hooton was an attorney; hence, he brings to the people of this vicinity a wide experience as attorney, pastor, platform speaker and public-spirited citizen.

Dr. Hooton is a widely known preacher and during the past year has spoken in every part of the nation in the cause of temperance. During the summer months he is devoting a great deal of his time to Revival meetings.

Rev. Egger extends a cordial welcome to everyone in the community to attend every service.

## REUNION HELD AT BURCH HOME

The annual reunion of the Townes children was held Sunday, June 25, in the home of Mr. and Mrs. A. Burch at Mobettie with 63 present. The first reunion was held in Flaton, Texas in 1929, two years after the death of the father. Since that time there have been 10 or 12 reunions of the family. There were five sisters and two brothers present for the reunion held Sunday with one brother, Howard Townes of Campbell, Calif., unable to attend.

Attending for the first time were Mr. and Mrs. J. W. Townes of Elida, N. M. and their daughter, Mrs. B. T. Duncan and baby, Mary, of Portales, N. M.; Mr. Townes being a nephew of the father, Mrs. Jesse B. Walker of Snyder, who was a cousin of the mother.

Others attending were: Mr. and Mrs. J. D. Speck and Mr. and Mrs. Walter Speck and children of Rochester; Mr. and Mrs. Wiley Johnson and son, Mr. and Mrs. Gene Chandler and son, Munday; Mr. and Mrs. Delbert Beaucamp of Fort Worth; Mr. and Mrs. H. R. Beaucamp and son of Knox City; Mr. and Mrs. Lee Bellew, Sweetwater; Mrs. Dove Traweck and Mrs. Betty Harrison of Dublin; Mrs. Callie Speck, Lamesa; Mr. and Mrs. J. T. Gross and son, Big Spring; Farris Towne and children of Bovina; Mr. and Mrs. Brittain Townes and children of Glendale, Ariz.; Mr. and Mrs. J. B. Sackett and children, Mr. and Mrs. F. B. Flaherty and children and Mr. and Mrs. L. E. Kieth, all of Pampa; Mr. and Mrs. O. G. Beck and daughter and Mr. and Mrs. A. A. Burch and son of Mobettie.

Special dinner guests for the occasion were Rev. and Mrs. Vernon Willard and children of Mobettie. The next reunion was planned for May, 1951 to be held at the home of Mr. and Mrs. J. D. Speck in Rochester.

## Wheeler To Play Wellington Here Tuesday, July 4th

The Wheeler Legionnaires Baseball team of the Tri-County League which won ten straight league contests this season will take on their first non-league opponents of the season Sunday, July 2, and Tuesday, July 4, when they play the Junior Dukes from Wellington.

The Legionnaires will meet the Wellington team at Wellington Sunday afternoon beginning at 2:30 o'clock and the two teams will play a return engagement on the local diamond Tuesday afternoon, July 4, beginning at 3:00 o'clock.

Tom Britt, manager of the Wheeler Legionnaires, states that the Junior Dukes, as they are called, is a team made up mostly of college baseball players which should be fairly well matched with the Wheeler aggregation.

Last Sunday the local nine won their tenth straight league victory when they downed the Canadian nine by a count of 10 to 7 in a contest which was played on the Canadian diamond.

The Legionnaires jumped into a 1-run lead in the first half of the first inning but this lead was short lived as the Cats came back to score 3 runs in their half of the inning and 1 more in the second to go ahead by a count of 4 to one. After the second inning, Tom West and the Legionnaires held the Cats scoreless until the last half of the eighth when they added 1 run in the third, 3 in the fifth and 5 in the sixth for a total of 10. The Cats picked up their other 3 runs in the last half of the eighth inning.

Bob McNeil was the hitting star of the local club picking up a home run, triple and two singles in five times at bat. Jimmy Hyatt and Bob Holdeman each picked up three hits in four official times at bat with Hyatt getting a triple and two singles and Holdeman a double and two singles.

The complete box score for last Sunday's game follows:

## 2 LOCAL LADS TO BE LONE STAR FARMERS

Two local F.F.A. lads, James Gaines, son of Mr. and Mrs. Cleo Gaines, and J. T. Johnson, son of Mr. and Mrs. Jud Johnson, have reached the highest degree that the State Association of Future Farmers of America can bestow upon them. That is the degree of Lone Star Farmer. To achieve this degree a F.F.A. member must take a very active program of work in the organization and be in the top 25 of the State membership in merits at the end of their three years of membership.

Qualifications which have to be met in order for the member to be considered in the top bracket include an active program of work in the F.F.A. at local, district and area level. Must have an outstanding farming program in operation and exact records of all projects. These records must show exact costs, incomes, labor income, man hours, rations, etc. The applicants for Lone Star Farmer must carry the recommendations of the local committee, district and area committees and the state committee.

Northwest Texas can be justly proud of their F.F.A. organizations as Area 11, in which Wheeler is included, led the state in the number of Lone Star Farmers approved. Area 11, which is made up of the Panhandle and South Plains districts, had 70 F.F.A. members approved with the average for each area being less than 50. Only 550 applicants of the entire state were approved out of a paid membership of 30,000 F.F.A. members. As a state, the State of Texas leads every other state in the Nation in F.F.A. membership by over 10,000 members.

These degrees will be awarded to either the state convention or the Area Awards banquet. These boys deserve a word of congratulations for their hard work and loyalty to the F.F.A. Chapter, as well as their instructor, James Clepper, who has accepted a position with the Roosevelt school, 8 miles east of Lubbock for another year.

## Patterson Home Scene Of Gathering June 22

A number of relatives enjoyed a day of visiting and a bountiful noon day meal at the home of Mr. and Mrs. T. T. Patterson, June 22.

Those present were: Mr. and Mrs. H. N. Patterson and daughter, Mr. and Mrs. G. W. Patterson and family; Mrs. Maude Ragan and daughter; all of Wheeler; Mrs. Mamie Lester and children of Albuquerque, N. M.; and Mrs. Annie Hunt and daughter of McIntosh, N. M.

Mr. and Mrs. Bill Lewis of Pampa were visitors in the morning.

## Proclamation

WHEREAS, On July 4, 1776, the long suffering citizens of the British Empire, living within the confines of the original thirteen states of the United States of America, through their duly elected representatives, declared that this was a free and independent nation, and

WHEREAS, these public spirited citizens, together with others of a like mind, sacrificed their liberty, their health, their money, and in some instances their lives, for the principles proclaimed in that declaration, and

WHEREAS, since that time other patriotic citizens of the expanded United States have sacrificed their liberties, their health, their money, and in some instances their lives, in order that they might remain free and independent, and

WHEREAS, God in His infinite mercy has blessed us in spite of our shortcomings,

NOW THEREFORE, in my official capacity, I hereby proclaim Tuesday, July 4, 1950, a legal holiday for the citizens of Wheeler, Texas, and with this proclamation goes my earnest request that we remember on that day those early patriots and the successive millions of patriots since their time, who have made it possible for us to still enjoy freedom and independence, and most of all that we acknowledge the grace and goodness of Almighty God in His continued protection of us in that liberty and independence we so joyfully acknowledge each Independence Day.

R. H. FORRESTER  
Mayor.

Geo. V. (BUS) DORMAN, native of Wheeler County, recently announced his candidacy for the office of Sheriff, subject to the action of voters in the July 22, Democratic Primary. In submitting his appeal for support to the residents of the county, the 36-year-old farmer and former professional baseball player stated that if elected, he and his staff of deputies would devote their entire time and efforts to the important job. Bus was born in the Twitty Community and has resided in several other communities in the county. He is making an extensive campaign and hopes to contact most residents between now and July 22. "I would like for those whom I might fail to see to consider this my appeal for their vote and influence," Bus said.

## MRS. PURNELL BURIED SUNDAY

Funeral services for Mrs. W. A. Purnell were conducted from the First Baptist Church at Meridian, Oklahoma last Sunday afternoon at 2:30 o'clock with Rev. A. G. Roberts, pastor of the Kelton Baptist Church in charge.

Mrs. Purnell passed away at her home Friday, June 23. Sarah Stanley was born March 21, 1886 at Sumner, Missouri. She was married to Charles M. Hardy, November 26, 1902 at Elk City, Okla., and to this union 5 children were born, 2 daughters and 3 sons. Mr. Hardy passed away January 7, 1942.

On November 22, 1944 she was married to W. A. Purnell at Wheeler. They have resided near Wheeler since that time where they operated a grocery store and service station.

Mrs. Purnell was a wonderful wife and mother and was loved by all who knew her. She was a member of the Baptist Church and lived a Christian life to the end.

Interment was in the Mulberry Cemetery with Fatherhood Funeral Home of Erick, Okla., in charge of arrangements.

Pall bearers were: Buster Waiser, Albert Anderson, Leonard Rathjen, Buddy Errington, G. B. Anderson and Troy Miller.

Flower attendants were: Joyce Anderson, Velda Anderson, Ouida Hardy, Thresa Nabor, Nelva Jean Miller, Emma Jean Alexander, Patsy Fowler, Peggy Fowler, Sue Hofner and Mary Lue Alexander.

Survivors include the husband, W. A. Purnell; 2 daughters, Mrs. Opal Smith of Wheeler and Mrs. R. E. Johnson of Erick, Okla.; 3 sons, J. E. Hardy and S. M. Hardy of Sweetwater, Okla.; and A. C. Hardy of Erick, Okla.; 3 step-children, Bennie Purnell of Happy, Oddie M. Ellison of Bovine, and Rayford Purnell of Albuquerque, N. M.; 12 grandchildren; 3 great-grandchildren, 4 step grandchildren, 3 sisters and 2 brothers.

ANNOUNCEMENT:  
The ladies of the W.S.C.S. of the Methodist Church of Mobettie announced this week that they would serve plate luncheon on the day of the primary election which will be July 22.

Announcement will be made later as to just where they will serve the luncheon but they asked that you start making plans now to dine with them on that day.

Visitors in the Fulton Meadows home Sunday were Mr. and Mrs. W. R. Green, James and Aubrey, Mr. and Mrs. Ernest Cole and Phyllis, Mr. and Mrs. H. Vance and Mary Evelyn, Mr. and Mrs. Elbert Hadock, Gene, Junior and John, Mr. and Mrs. B. F. Meadows, E. J. Brady, Vendell and Lou, and Bertha Stein.

Mr. and Mrs. W. E. Bowen returned home Friday night after visiting Carlsbad Cavern and Old Mexico during the week. They were accompanied by Mr. and Mrs. W. H. King of Kansas City, Kansas.

## GIRL SCOUT CAMP ACTIVITIES ARE EXPLAINED

(Editor's note:—The following article is a summary written by a scout leader of the Wheeler Girl Scouts trip to encampment at Lake Sullivan, June 13, and of their last meeting. The purpose of this article is to better acquaint you with the activities of the Girl Scouts.)

The Wheeler Girl Scouts and their leaders left Wheeler Tuesday morning, June 13, for Camp Sullivan located seven miles southeast of Lefors. Arriving there at 11:00, camp was made and the nosebag lunch spread at 12:00 noon.

There were three patrols formed from the group with three ladies over each patrol. The patrols were to take care of three different things, the fire, cook and cleaning up of the camp.

Activities were plentiful as they had the river for wading and plenty of ground to play games. The Scout Councilor from Pampa, Mrs. Virginia McDonald, taught them songs, knot-tying and different games.

Camp was broken at 11:00 a.m. Thursday and they arrived home with only a few cases of sunburn.

Girls attending were: Barbara Revious, Billie Owen, Wanda Topper, Pearl Johnson, Pam Anglin, Jerry Pitcock, Iolline Pitcock, Sheila Patterson, Nancy Lee, Shari Gale Lee, Janet Russ, Donna Speck, Kay Hubbard, Sharon Green, Paula Green, Mary Black, Katherine Whitner, Patsy Burgess and Wanda Waters.

Guests, leaders and mothers attending: Mrs. Carroll Pettit, Mrs. Earl Barnes, Mrs. Virginia McDonald, Mrs. Dolores Pendleton, Mrs. Naomi Blackwell, Miss Vendell Starkey, Mrs. Maurice Burgess, Mrs. Bill Owens and Ray, Mrs. Paul Green, Mrs. Coy Revious and Mrs. Buster Black and Patricia.

The Scouts and their leaders would like to thank Wendell Meek and Jess Godwin of Pampa for fixing the flats for them. Also the mechanics and everyone else who helped in so many ways to make the trip possible.

On Tuesday morning of this week the Wheeler Girl Scouts met at the City Park at 5:00 a.m. for a sunrise breakfast, instead of their regular afternoon meeting. They built their own fire and cooked their breakfast which consisted of scrambled eggs, bacon, hot chocolate, milk bread and jelly.

## O.E.S. CELEBRATES SECOND BIRTHDAY

The Wheeler Chapter of the Order of the Eastern Star celebrated its second birthday Tuesday evening, June 27, and also honored all past Worthy Matrons and Patrons present. Guests for this momentous occasion were the O.E.S. Chapters of Mobettie and Shamrock.

After the welcome of guests by the Worthy Matron, Mrs. Viola Pennington, a program was presented in honor of the Chapter's second year of work. Past Worthy Matrons and Patrons present and present Worthy Matrons and Patrons of visiting Chapters were recognized and each presented a small gift as a token of their work.

Out-of-town guests present were: Mesdames Inis Walker and Gazelle Patterson of Mobettie; Leona Nichols, Ada Risk, Lillie Kersh, Inez Montgomery, Dessie K. McCall, Felice Tisdal, Maggie Exum, Ruby Adams and Floy Hugg all of Shamrock and Mr. Owen B. Harvey, also of Shamrock.

## Dr. Merritt To Attend Special Lecture Course

Dr. Merritt has informed The Times that his office will be closed from July 1st to the 8th. He is to attend a special lecture course given to doctors at the Spear's Sanatorium in Denver. He hopes to gain knowledge and experience that will enable him to be of greater help to the community in his line of work.

Wheeler and the immediate vicinity received 2.2 inches of rainfall early this morning (Thursday) and reports from other parts of the county indicate that the rain was general all over Wheeler County and covered many other sections of the Panhandle.

Wheeler and Briscoe both received over 2 inches of moisture, Mobettie and Kelton received in the neighborhood of 1 inch of rainfall as did Shamrock, Twitty and other sections of the county.

Acting County Agent Ralph Wheat reported at noon today that damage to crops over the county was slight as compared to the good moisture will do growing crops. Wheat pointed out the fact that rain fell slowly in most sections of the county and soaked into the ground nicely thus causing little or no damage to crops.

In the immediate vicinity of Wheeler creeks and branches rose to the highest level of the year and some creeks got high enough to wash down fences in their paths.

## CLARK FUNERAL BE HELD FRIDAY

M. L. Clark, pioneer Wheeler County orchardist, passed away here early this morning (Thursday) after suffering a stroke earlier this week. Mr. Clark owned and operated one of the largest peach orchards in this section of the country for many years and was famous all over this section of the state for the peaches he raised.

Funeral services for Mr. Clark will be conducted from the First Baptist Church here Friday afternoon at 2:00 o'clock with Rev. M. B. Smith, pastor, in charge, assisted by Rev. A. C. Woods.

Mr. Clark has been a resident of the Wheeler Community for the past 34 years. He resided on his farm 4 miles east of town until a short while ago when he moved to the home of his daughter, Mrs. John Barr.

Marshall L. Clark was born in Arkansas, May 15, 1874 and passed away at Wheeler, June 29, 1950 at the age of 76 years 1 month and 14 days.

Mr. Clark was a member of the First Baptist Church here at the time of his death.

Survivors include: Four daughters, Mrs. John Barr of Wheeler, Mrs. Jeff Green and Mrs. F. B. Green both of Albert, Okla., and Mrs. David Rogers of Abilene; Three sons, Buster Clark of Wasco, Calif., Dick Clark of Perryton, and M. L. Clark, Jr. of Albuquerque, N. M.; 3 sons, 1 daughter and his wife preceded him in death. He is survived also by 16 grandchildren; 1 great-grandchild; 2 brothers, A. R. Clark of Oklahoma City, and R. S. Clark of Wellington; and 2 sisters, Mrs. Andrew Bearden of Childress and Mrs. Tom Noah of Fort Worth. Two brothers and 3 sisters preceded him in death.

The body will lie in state at the John Barr home west of town from 2:00 o'clock Thursday afternoon until funeral time Friday.

Interment will be in the Wheeler Cemetery with Kirk-Mason Funeral Home in charge of arrangements.

## Colored Baseball Team To Play At Briscoe

The Briscoe Baseball Club of the Tri-County Baseball League will play a colored all-star team at Briscoe Sunday afternoon beginning at 3:00 o'clock.

Sunday is an open date on the calendar for all teams in the Tri-County League.

#### Editorial

JULY 4, 1950

Once each year, we people of America  
pause from our every day work and take time  
out to celebrate our National Independence  
Day. Many years ago, a group of brave men

gave their lives that we might enjoy this  
land of ours without fear for the safety of  
our lives and personal liberties.

On the 4th of July of each year, our  
pleasures of the holidays take heavy toll  
upon us and our loved ones. Hundreds of  
people die violent death due to accidents of  
every imaginable type. On a day of pleas-  
ure and joy we compile a terrific record of  
death and destruction because of the lack of  
a little planning and care on the part of each  
one of us.

We people of Texas can expect at least  
100 of the citizens of our State to meet a vi-  
olent death over the holiday week-end, from  
Saturday through Tuesday. Out of that ill-  
fated group of 100 men, women and children,  
approximately 36 will die in traffic accidents  
on our streets and highways. Drownings,  
firearms, fireworks, homicides, and suicides  
will all take their toll upon the people of  
Texas.

The Texas Safety Association states that  
if each of us would but stop and think and  
exercise a little care and a lot of good common  
sense, that many of these lives can be saved.  
Remember these few rules: When driving,  
drive defensively. Stop often and rest so that  
you may remain alert at the wheel. Check  
your vehicle carefully before starting on a  
trip. And remember that intoxicating drinks  
and driving do not mix. If you plan to go  
in swimming, know the place in which you  
will swim. Do not swim immediately after  
eating. Do not stay in the water after you  
become tired. If you cannot swim, stay out  
of deep water. If you must use firearms,  
handle them with care, know your target, and  
do not shoot in unprotected places. Refrain  
from horse play while carrying firearms. If  
you must celebrate with the aid of fireworks,  
remember that each little firecracker or sky-  
rocket is potentially dangerous. Remember  
that fireworks are a very great fire hazard,  
and when using them, always respect the  
rights of other people around you.

Each person expects to have a day of  
pleasure on the 4th of July. It has grown to  
have the meaning in the minds of each of us  
and we fail to remember that our holiday  
might be spoiled by an accident or tragedy  
involving either ourselves or one of our loved  
ones. The best insurance against accidents  
is to use care and caution in all daily activi-  
ties, regardless of how simple they may seem.

The Texas Safety Association feels that  
if these few simple facts and rules are kept in  
mind, that each of us will be safely back on  
the job after another enjoyable holiday week-  
end.

LIFE YOU SAVE MAY BE YOUR OWN.**

### GINGHAM GIRL!

Gingham may be an old-fash-  
ioned fabric, but it is up-to-the-  
minute in this season's fashions.  
Here, blue gingham by Galey &  
Lord with the new dobby dot effect  
is used for a chic strapless dress  
with a deep cowl which snaps on  
for town wear. Adele Simpson de-  
signed this glamorous cotton, the

### SHAMROCK YOUTH IN R.O.T.C. CAMP

Fort Hood, Texas — James Paul  
Stribling, son of Mr. and Mrs. J. O.  
Stribling of 315 South Main Street  
Shamrock, arrived here recently to  
attend the Reserve Officers Training  
Corps summer camp.

Cadet Stribling, majoring in Busi-  
ness Administration at Texas A. & M.  
College, will receive six weeks of in-  
tensive field training in weapons,  
marksmanship, tactics and various  
other military subjects while at  
camp.

This training, intended to develop  
qualities of leadership for future  
use in military and civilian life, is  
being conducted for 520 advanced  
military students from eighteen col-  
leges and universities in ten south-  
western states.

### IN THE WORLD OF RELIGION BY W.W. REID

The Board of Missions and Church Extension of the Methodist Church is using funds allocated by the "Advance for Christ and His Church" movement for its share in the enterprise. Using a directional antenna, beamed both north and south, the station will reach almost all of the 30,000,000 people north and south of the "iron curtain" at the 38th Parallel — both the Republic of Korea and the communist-dominated area.

The Committee of Africa Students in North America, in which missions (Roman Catholic and Protestant), Africans, philanthropy, education and other interests are represented, is working toward better arrangements for African students in North America. There are more than 400 in the country now. A study of their situation has been made by a State Department official and a British Colonial Office representative.

CASNA and the Institute of International Education are now seeking to finance three years' full services

### Rules Set For Cedar Chest Storage

**SAFETY PACK** . . . Blankets are neatly stored away in the cedar chest by this young homemaker after they have been cleaned, sunned, and thoroughly brushed. Note that no wrappings are used to allow the all-important cedar aroma to pass through the blanket.

**SUMMER DREAMS** . . . A summer sweater stored away last fall comes out of the cedar chest as good as new and ready for instant use. Only the pleasing aroma of the moth-repellent cedar clings to the sweater, and this, too, will disappear in a matter of a few hours.

America's homemakers are playing "put 'n take." They are "puttin' in" and "takin' out" of their cedar chests as the time has come to store winter belongings and get summer wear out for enjoyment during the warm months.

The homemakers are following a time-honored tradition, but a time-honored tradition with definite rules to follow. There are many methods of storage, but perhaps the easiest and safest is in the cedar chest, which, in addition to being a storage item, serves as a functional and decorative piece of furniture.

Definite rules of storage have been set up by manufacturers of cedar chests, and they should be followed to obtain the greatest results . . . moth repellent storage.

According to manufacturers, the following "Do's" should be observed in storing winter blankets, coats, suits, draperies, or other items the homemaker wants saved until next fall.

First of all have everything to be stored dry cleaned or washed. It should be thoroughly brushed prior to cleaning, especially in folds and creases. If possible, all pieces should be sunned for a day after they have been cleaned, and brushed again before being placed in the cedar chest. This is necessary because many times items are folded and piled

up until they are ready to be stored. If stored in a dark place, moths again may attack and lay eggs regardless of sunning, brushing, and cleaning done previously.

Arrange all items stored in neat piles in the cedar chest. Each should be folded neatly in order to consume as little space as possible. Do not pack the chest too tightly cutting off the flow of the cedar aroma within the chest. It is this aroma that is the protective screen.

Keep your cedar chest closed as much as possible to prevent the all-important cedar aroma from escaping.

Manufacturers also have listed a few "Don'ts" when it comes to storing.

Generally speaking, nothing should be wrapped and placed in a cedar chest. If wrapping is necessary because of the delicate nature of the article to be stored, a tissue paper should be used and wrapping should be loose. Under no circumstances use newspaper as the cedar oil will cause the ink to run.

Silver or other metals never should be placed in a cedar chest because they will tarnish, and rubber articles such as bathing caps and hot water bottles will rot if placed within the chest.

If you follow the directions above . . . next fall you will find your winter belongings fresh and damage free.

by the Institute to present and future African students in this continent. "These men and women will be among the future leaders of Af-

rica in the most testing years of its experience," says Dr. Emory Ross, Africa specialist of the Foreign Missions Conference.

Writing from Chungking, wartime capital of China, the Rev. F. Olin Stockwell, missionary from Perry, Okla., says: "We are living in difficult times. The American government has tried to retain the friendship of the Chinese government and has blundered and failed. American business has been thrown out of China. The one remaining link that is based upon an unselfish, honest desire to help the people of China is the Christian church.

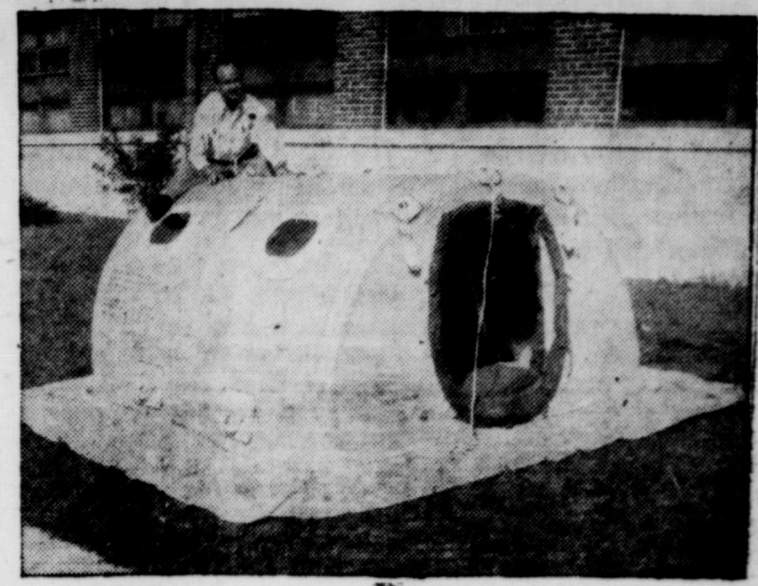

Our success or failure does not depend upon political events, for we are not dependent upon the government. Our success or failure depends upon you and me, upon whether we are willing to continue to give and pray that all of us of every color and nationality may be knit together in one world brotherhood that supercedes political and economic differences. Our faith is that 'in Christ' we are one. Certainly this is not the time to deny that faith."

Dr. Ernst Kisch, a native of Austria and a graduate of the University of Vienna in internal medicine, has been named by the Board of Missions of the Methodist Church, as a missionary to Songdo, Korea. A refugee from Europe before the war, he was engaged for service in various hospitals in China for a ten-year period before the unsettled conditions forced his return to the United States in 1946. The Ivey Hospital (Methodist) has been so rebuilt since the war that, during recent hostilities with the Communists in Songdo, more than 200 casualties were cared for by the doctors and nurses there. Dr. Kisch will be the only American medical leader in the hospital. He will also teach in the Hospital's nurse-training institution.

Five months after the atom bomb was dropped on Hiroshima, a Presbyterian pastor in Richmond, Va., published a short article in his church bulletin. Dr. John A. MacLean of the Ginter Park Presbyterian Church proposed to his congregation "a movement to raise funds among the Christian people of America for the restoration of the Japanese cities of Hiroshima and Nagasaki, destroyed by our atom bombs."

Copies of Dr. MacLean's church bulletin were quickly picked up by the press and called to the attention of the entire nation. Two months later, the idea was crystallized into a resolution which was adopted at a special convocation of the Federal Council of the Churches of Christ

### AIRMEN'S ARCTIC 'DREAM HOUSE'

This new Quonset hut may not be the answer to the housing shortage, but to American airmen stranded in the Arctic, it will be a real dream house. This pneumatic shelter, which can be blown up with a hand pump, is draft-proof, snow-proof, water-proof and easy to transport. Constructed from cotton fabric impregnated with rubber, the shelter is designed to withstand up to 100-mile-an-hour gales, according to the National Cotton Council.

in America. This resolution transformed the original suggestion for rebuilding two of Japan's bombed cities into a plan for helping to rebuild her entire moral and educational structure. The proposed Japan International Christian University for which funds are now being raised, thus was born.

Britain has just joined the World Council of Churches, bringing the total of member churches — Anglican, Orthodox and Protestant — up to 156 in 44 countries.

# ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union in North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is . . . **YES! NO!**

Union leaders' answer to Board is . . . **NO!**

In face of Board findings to the contrary, union leaders insist on 40 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day. Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY — although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board — another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board — in defiance of the facts — and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart — forcing a completely unjustified strike against everybody who uses the railroads.

### FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "NO!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is — "NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

 special assignment at A. and M.,  
 spent the time very profitably by  
 going on a tour to Huntsville and  
 vicinity. This trip had been pre-  
 viously arranged for our district by  
 agents, Mr. Parr and Mrs. Tom  
 Leggett. Mrs. Jay Hastings was the  
 only one from Wheeler County par-  
 ticipating on this tour and reports en-  
 joying it a lot. The group saw the  
 Farms, for both men and women,  
 and the Penitentiary from the bus  
 but they did not go through there.  
 They visited the Sam Houston  
 Museum and Park, Sam Houston's  
 the Steamboat House and Sam Houston's  
 grave. They enjoyed a good  
 lunch together in a cafe. After lunch  
 they were escorted by employees of  
 the Texas Forest Service, through a  
 paper mill and the Kellogg  
 to the Texas State Forest in  
 South of Huntsville, with the  
 escorts being well trained in  
 forestry. In the State Forest they  
 saw some very tall pines, and  
 other trees, some covered with  
 Spanish Moss. Books identifying  
 trees of Texas and several  
 were given each person on the  
 trip. The group was told how  
 fires are spotted and controlled,  
 how much valuable timber  
 has and some of the products  
 of the trees.

**TELL OF TRIP TO TEXAS A&M**

By MRS. JAY HASTINGS

Did you ever sit in a railroad de-  
 pot until 2:00 A.M. with it raining  
 outside? Well, that is what 5 local  
 4-H boys, 2 4-H girls, and the home  
 demonstration agent, Mrs. Emma  
 Hastings, did Saturday night, June  
 10. Only the anticipation of their  
 first long train ride and attending  
 the 4-H Round-Up could make the  
 long wait for the train bearable.  
 Knox Parr, District Agriculture  
 Agent, had arranged for special rates  
 on the train to College Station. About  
 100 boys and girls who went from  
 this district appreciate what Mr.  
 Parr did in seeing after their com-  
 fort. The Wheeler County delega-  
 tion Carrol Pitcock, Donald Whitley,  
 Lawrence Whitley, Jimmie Harris,  
 Jamie Clark, Wauvette Burgess,  
 Tommie White and Mrs. Jay Hast-  
 ings boarded the train for A. and M.  
 at Childress.  
 By breakfast time Sunday morning  
 the train was in Fort Worth. The  
 group walked through about 8 pull-  
 man coaches back to the diner for a  
 very nice breakfast. They did not  
 feel like one boy on the train who  
 was overheard to say, "I ain't going  
 to eat on the diner, I ain't going to  
 be robbed." This group thought the  
 experience would be worth the extra  
 cost that meals on trains always  
 cost.  
 Trains were changed at Dallas and  
 the 4-H delegation from District 1

These from Wheeler attending the  
 funeral services for Mrs. Edna  
 at the First Baptist Church in  
 Shamrock Tuesday afternoon were:

 Mrs. Fred Farmer, Mrs. Minnie  
 Farmer, Wendell Meek, Mr. and  
 Mrs. Roy Bailey and C. R. Mr. and

## BOLL WEEVIL IS SERIOUS THREAT TO TEXAS COTTON

In practically all sections of the State, except the western area, the boll weevil is a serious threat to this year's cotton crop. Dr. H. C. Johnston, head of the entomology department of Texas A. & M. College says the threat is the most serious in many years.

He says because of this serious threat from the boll weevil, farmers in north-central, eastern, and north-eastern areas should continue early season applications of insecticides. Normally this procedure would not be recommended, but he points out that any let down on insect control may mean a serious loss to the 1950 cotton crop.

He urges cotton farmers to watch their fields closely and to check at least once per week each field for injurious infestations of not only the boll weevil but other cotton in-

sects as well. When the infestations become heavy enough to cause damage, he recommends that sprays or dusts be applied immediately regardless of the date. Fields can easily become infested and should this happen, control measures should be applied at once.

Thrips and aphids are still causing some damage in north Texas and Johnston says these infestations should be brought under control as rapidly as weather conditions permit.

Right now, he says, Texas cotton producers are at the crossroads so far as the 1950 cotton crop is concerned and the wet, cloudy weather is not helping the farmer in his fight against his insect enemies. He says it's a fight to the finish and nothing less than a continuous battle will control the insect threat.

He recommends that you check with your county agent on the best sprays and dusts to use and that no time be wasted in getting control measures in operation, once the bugs hit the cotton field.

## BRIDGE SALAD

Select cucumbers of regular size, cut them in 1 1/2-inch slices. Pare away a strip all around the center of each. Hollow out the centers and marinate them 1-2 hour in French dressing. Fill with a mixture of equal quantities of chopped ham and chicken, a very little hard cooked egg, the removed portion of the cucumbers finely chopped and mayonnaise to moisten. Fill the cucumbers, mounding them up in the center, stick a bit of cress in each and serve with slices of tomatoes on lettuce.

## JELLED SALMON WITH CUCUMBER DRESSING

Mix 1-2 tablespoon sugar, 1-2 tablespoon salt, 1 tablespoon flour, 1 teaspoon dry mustard. Add the lightly beaten yolks of 2 eggs, 2 tablespoons melted butter, 1 cup milk and 1-3 cup vinegar. Cook in a double boiler, stirring constantly until thick. Add 1 tablespoon of gelatin dissolved in 2 tablespoons of cold water. Strain. Add to 1 can of salmon which has been drained and flaked. Mold. Chill until firm.

## CUCUMBER CUBES

bers in cubes, place in salted boiling water, just enough to cover, and cook rapidly till tender. Drain and add 1 cup of milk. Bring to the boiling point, then remove from the fire and pour over 1 well beaten egg, adding 1 teaspoon of lemon juice. Season tastily with salt, pepper and paprika. Serve as a dinner vegetable.

## Beauty in Wood Veneer

Richness in beauty and ease of maintenance are combined in this modern kitchen with wall and counter cabinets made of sturdy hardwood plywood faced with attractive red birch wood veneer. The smooth surface of the cabinets eliminates dust-catching corners. Hand prints are easily wiped off, and the sparkle of the entire wood area can be maintained by rubbing it infrequently with a waxed cloth.

## Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed... but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

## NEW FISHING LAW EXPLAINED AGAIN

AUSTIN — Reported misunderstanding of the statewide fishing law prompted the Executive Secretary of the Game, Fish and Oyster Commission to restate some of the principal provisions Saturday.

The law, passed by the last regular legislative session to replace many conflicting local statutes, permits persons to fish without a license in their home counties and to fish in streams separating the county of their residence and adjacent counties unless they use artificial bait. Fresh water fishermen who use artificial bait are required to have a license regardless of where they fish.

The act also permits Texans to fish in counties adjoining their home counties without a license unless they use artificial bait or use live bait. Licenses are required of persons fishing for commercial purpose regardless of where they fish.

There also has been some misunderstanding about the trespassing law which was amended by the last

legislative session. The new law according to the Executive Secretary stipulate that game warden have the authority to make citations for trespassing, and also for an increased penalty for trespassing.

No change has been made in the primary provision of the trespass law. Persons still need permission of owners to enter property that is enclosed, when the owner is not enclosed is available to men without permission of the owner.

For the benefit of persons on the Gulf Coast and for planning to visit that area, a license is required for sports fishing in water. Commercial fishermen to be licensed as usual, for use in salt water.

"Hello daddy, supper's ready"

Yes, Daddy can be sure his meals are ready—and piping hot—when the fuel which cooks them is fast, efficient, dependable natural gas. Even though mother and the children spent the day away from home, he can count on gas to cook his meals, heat or air-condition his home, heat his bath water, keep perishable foods refrigerated, even dry the family wash... all for just a few pennies a day.

## Natural Gas Service Is Truly A Public Service

Thousands of stockholders, some of whom probably live in your community, are the owners of the natural gas industry. Thousands of wage-earning employees, your friends and neighbors, operate the gas industry. The gas companies, like other businesses, pay taxes which help support the essential functions of government. The natural gas industry is a good example of the way American business has worked to bring the advantages of a great natural resource to a maximum number of people.

## ES HAS E PUBLIC PROBLEM

"Diabetes has not always been a public health problem," the health officer declared. "It became one when we found that the death rate is much greater when the condition is discovered late.

"Public education makes for lower diabetes death rates, and public education in such matters is a health department job."

Dr. Cox told this story about diabetes:

It used to be that many diabetic patients sought treatment only after having discovered serious complications. A considerable number of all diabetics examined at autopsy showed active pulmonary tuberculosis.

The discovery of insulin gave physicians a specific treatment for pro-

longing patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus, even after event took place with insulin therapy, eventually leading to the realization that early discovery means longer life.

Diabetes mellitus—called sugar diabetes by some people—is a condition in which the body cannot properly process the sugar it needs. The result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin injections will correct the faulty body processes.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison, that same year there were only 189 polio deaths.

"It's the family physician who is in the best position to discover diabetes or a pre-diabetic condition. That's just one more point in favor of regular medical check-ups," the doctor concluded.

### Applications For Free Cotton Classing Must Be filed By Aug. 15

Nearly all organized cotton improvement groups of farmers in this area have filed their applications for cotton classing and market news service they will receive under the Smith-Doxey Act, according to John A. Albritton, who is in charge of the local cotton office of the U. S. Department of Agriculture's Production and Marketing Administration.

Farmers should see to it that the application for their group is filed as once so they will not miss any of

the advantages of this program," Mr. Albritton said.

Deadline for filing applications in this area is August 15. Applications should be mailed to P. O. Box 249, Altus, Oklahoma.

Dr. Wayne Hall of Ridgewood, N. J., Dr. C. L. Hall of Birmingham, Ala., Dr. J. A. Hall of Shamrock and Dr. and Mrs. Theo Nichols of Abilene visited Dr. and Mrs. V. N. Hall over the week-end.

Mr. and Mrs. Harry Wofford made a business trip to Fort Worth the first part of the week, returning home Tuesday evening.

### Family Reunion Held At Mitchell Home

A family reunion was enjoyed at the home of Mrs. A. C. Mitchell, Monday, June 19, when her only brother, Earnest Smith of Big Spring came for a visit. Mrs. Mitchell had not seen her brother in 30 years.

Others present for the reunion were: Mr. and Mrs. Percy Rowe of Pampa; Mr. and Mrs. Burl Chesher and Jan of Amarillo; Mr. and Mrs. Earnest Smith of Big Spring; Mr. and Mrs. Calvin Hockett, Jerrrie and Jo. of West Lake, La.; Earl Mitchell of Shamrock; Ed Watson; Mr. and Mrs. Red Richerson and girls; Mr. and Mrs. Charlie Carter; Mrs. Coene Smith and son, and Mrs. A. C. Mitchell and Duane Bradford.

Those calling during the afternoon were: Mr. and Mrs. Jack Veasey and Elizabeth Ann of Shamrock; Mr. and Mrs. Junior Jamison and son, and Mrs. Harvey Wright, all of Wheeler.

### Mitchell Home Is Scene Of Fish Fry

A number of relatives and friends gathered at the home of Mrs. A. C. Mitchell Wednesday, June 21, for a fish fry.

Those present included: Mr. and Mrs. Percy Rowe of Pampa; Mr. and Mrs. Calvin Hockett and girls of West Lake, La.; Mr. and Mrs. Earnest Smith of Big Spring; Mr. and Mrs. Harry Wofford; Ben Wofford; Mr. and Mrs. Frank Noah; Mr. and Mrs. Harvey Wright; Mr. and Mrs. Red Richerson and daughters; Mr. and Mrs. Charlie Carter; Mrs. Coene Smith and son and Mrs. A. ### Notice To Girl Scout Members

There will be no meeting of the Wheeler Girl Scout Troop next week due to the fact that the regular meeting date falls on July 4 and that two of the scout leaders will be away on their vacations for the week.

The next meeting will be on Tuesday, July 11, at 4:30 p.m. A senior troop will be discussed at this meeting and if enough show interest, one will be organized as soon as possible. Please note the change in time for the meeting as here in the past the meetings have begun at 3:15. It is believed by the leaders and mothers that having the meetings to begin at 4:30 will be much more convenient for all.

### Roofing for Homes Tested In Two Kinds of Weather

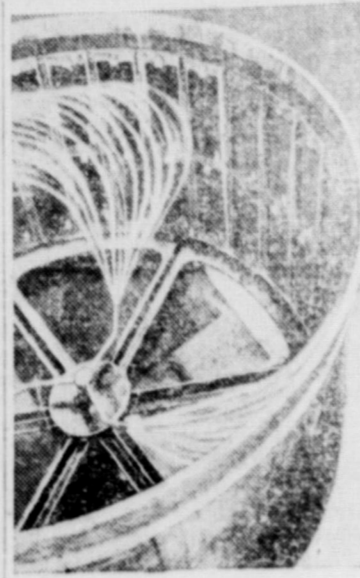

To research scientists in the roofing industry, there are two kinds of weather. There is "natural" weather, odd as that term might seem, and weather made by machine.

The most helpful machine is the weather-ometer, in which a year's amount of sunlight or rain can be compressed into a few days. To test asphalt roofing for resistance to sunlight, an ultra-violet arc light is used. In rain tests, water under pressure is sprayed on the roofing samples.

Because these experiments show which materials are the most durable, they lead to improvement of asphalt roofing products. Research has been conducted for more than 24 years at the National Bureau of Standards in Washington.

The principal testing station for determining the durability of asphalt roofings under natural conditions is at Houston, Texas. Here, more than 5,000 roofing samples are exposed to the most unpredictable weather in the United States.

Houston was chosen as the location of the testing station after a study of U. S. Weather Bureau records. Average humidity at Houston is 78 percent. Annual rainfall is more than 50 inches. The temperature is 90 degrees or higher on 100

Continuous driving rain is simulated in the weather-ometer as asphalt shingles are submitted to a rigorous laboratory test. To create the effect of sunlight, an intense ultra-violet arc light is put in place of the water nozzles.

## CREAM PRODUCERS

### SUMMER IS HERE

We urge you to make butterfat deliveries twice a week or more often, if at all possible.

The State Dairy Law requires that cream be produced under sanitary conditions, and kept in a cool place. It is illegal for a cream station to buy cream that is over 70 degrees F.

**Please help us and help yourself by following the suggestions below:**

1. Wash separator twice a day with a good washing powder.
2. Keep cream in a cool place.
3. Market your cream at least twice a week, and more often if possible, and use only legal cream cans.
