Jim Ogle Gins 1st Bale Cotton Here

Jim Ogle of the Center community, which is between Kelton and Twitty, ginned the first bale of cotton at the local gin last Friday afternoon. Due to the wet weather the ginning season is starting much later this year than usual. Billy J. Darnell, manager of the local gin states that this is the only bale which has been brought in up to this morning (Thursday).

Mr. Ogle gathered the bale off a 15-acre plot he stated. The gross weight of the bolls was 2320 and it ginned out 550 pounds of lint cotton and 1040 pounds of seed. Darnell stated that the grading card had not yet been received but he believed the cotton would grade strict middling with light spot and the staple would run approximately 29/32 and if it were sold on today's market would bring around 35c per pound.

A group of Wheeler merchants made up 65.00 as prize money for the first bale. The group who contributed to the prize money included:

R. H. Forrester, City Drug, Chapman Dairy, Daughtry's 5c & 10c, Russ Dry Goods, Nash Appliances and Supply, McIlhany Dry Goods, Ernest Lee Hardware, Clay Food Store, Southwestern Public Service Co., Wheeler Drug Store, Ebb Farmer's Service Station, Cicero Smith Lumber Co., Holt Bros. Lumber Co., Wheeler Co. Produce Ass'n., Burgess Shoe Shop, Millers Cleaners, Title Abstract Co., Puckett's Food Store, J. P. Green & Son Hardware.

3,668 PERSONS TAKE PART IN X-RAY PROGRAM

A total of 3,668 persons had chest X-rays made while the mobile unit of the State Health Department was in Wheeler County, September 8-16.

The number of men, women and children 15 years of age and older who took advantage of the free health service this year totaled 76 less than last year's 3,744.

In Shamrock, 2,532 persons had X-rays made during the three days of the State-Line Free Fair, September 14-16. This was 12 more than last year when 2520 people paused before the machine.

The chest checking equipment was in Wheeler the first three days of last week with 812 persons cooperating in the program as compared with 783 the previous year.

In Mobettie, the weekend before, the results were disappointing. Only 324 persons had X-rays made in Mobettie compared with 439 the previous year.

In Shamrock, 879 persons visited the machine on Thursday, 830 on Friday and 823 on Saturday to give the total of 2,532.

The machine was brought to Wheeler County by George Strickland, X-ray technician and Jack Chick, X-ray technician trainee, of the State Health Department.

County Sanitarian W. R. Ritter, who with the cooperation of city and county health officers, has been responsible for the X-ray unit being brought to Wheeler County the past three years, this week expressed his thanks and appreciation to all those who helped make the program a success.

He expressed his appreciation to all the civic clubs, Radio Station KEVA and The Times and especially to Supt. W. O. Carrick, and Harry Wofford and the Wheeler Kiwanis Club.

Mr. Ritter also expressed his thanks to the general public for their splendid cooperation in the health program.

HARRY WOFFORD
WOFFORD HEADS STATE GROUP

Wheeler County and Harry Wofford were afforded quite an honor last week when Wofford, local county clerk, was elected president of the Texas County and District Clerk's Association at its annual meeting which was held in Fort Worth.

Wofford, who served as first vice-president of the organization last year, states that it is quite unusual for a clerk from out in this section of the state to be elected to the presidency of the Clerk's Association. Wofford also pointed out the fact that many of the people in attendance at the meeting did not know such a place as Wheeler existed before he was placed in office.

Besides Wofford, other officers of the organization are: Mrs. Lewis D. Wall, District Clerk of Ft. Worth, first vice-president; Lee Porter, County Clerk of Big Springs; second vice-president; W. D. Miller, County Clerk of Houston, third vice-president; Woodrow L. Starnes, County Clerk of Decatur, fourth vice-president; and O. T. Martin, District Clerk of Austin, secretary-treasurer.

Austin was selected as the 1951 convention city.

Mrs. Wofford accompanied Harry to the meeting at Fort Worth.

BRISCOE GIRL IN BAKING CONTEST

Patsy Ann Ramsey, Briscoe 4-H club girl, represented Wheeler County in the District 4-H Baking Show at the Amarillo Tri-State Fair last week after winning first place in the local Bake Show which was held in connection with the State Line Free Fair at Shamrock recently.

The girls entered biscuits and muffins in the local contest and had to win on both to be eligible for the district contest. Patsy Ann was first and Tommie White of Mobettie was second in the local contest.

The winning products were frozen and carried to the Tri-State Fair where they were judged with products from 15 other counties and the winning girl was crowned District Baking Queen. The winner was the Sherman County entrant, who also received a \$100.00 saving bond.

Second and third place winners were presented mixmasters and all other entrants received identical prizes which consisted of the following baking equipment: ankle food cake pan, 2 loaf pans, cookie sheet, mixing bowl, set of measuring cups, measuring spoons, spatula and pancake turner.

Prizes were awarded Saturday, September 23, which was 4-H Day at the fair following a program at 11:00 a.m. in the sports arena.

Sunday Is Promotion Day At Me. Church

Sunday will be a big day at the Methodist Church. Two important observances will be held. First, Promotion day for the Children's department of the Sunday School.

Following the Sunday School hour children who will be promoted from one class to another will be presented with Promotion Certificates. Also at that time the teachers will be installed for another Sunday School year. (The Sunday School year begins the first Sunday in October).

The second important event will be the observance of World Wide Communion Sunday at the morning worship service. Methodist Churches will join with Christians around the world in observance of this historic Christian event. All who are not in Sunday School and church elsewhere are invited to worship with us Sunday.

This week's ad is the first of a series which is to be run by the local church in an effort to stimulate interest in the church school.

Mustangs Win Again, White Deer Is Foe Fri. Night

The Wheeler Mustangs will definitely be the underdogs when they meet the White Deer Bucks at White Deer Friday night. The contest is scheduled to begin promptly at 8:00 o'clock according to coach Bernie Smith.

The Mustangs' clash with the Bucks will be their third non-conference battle of the season and will be one of the toughest games on their schedule all season even though they are to play both Shamrock and Memphis, two class A teams, later on. Should the Mustangs come through this Friday night's encounter with a clean slate, they will certainly be picked to win the championship of District 1-B this year.

Coach Bernie Smith and the Mustangs have been working in earnest on methods to stop the speedy backs on Coach George Watson's eleven Friday night. Judging from reports of previous contests in which the Bucks defeated class A Lefors and the tough Spearman Lynx, it appears that they have a small fast aggregation which relies on getting the jump on their opponents and breaking into the open to go all the way on long gainers rather than relying on short gains through heavy line busting.

The Mustangs came through last Friday's thrilling encounter with the Vega Longhorns without sustaining serious injury and it appears that they will again be in tip-top condition for the contest with the Bucks.

The past two seasons the White Deer aggregation has held a sort of jinx on the local eleven and Coach Bernie Smith and the boys claim they are out to break that jinx and give the Carson County lads a slight jar when they meet Friday night.

The Wheeler lads have played as a unit during their first two contests and if the spirit of cooperation continues to exist among the boys it appears that they might go far in the district race this year.

The Wheeler Mustangs came out fighting and quit fighting as they downed the heavier Vega eleven by a 13 to 12 count in one of the most thrilling pigskin contests witnessed on the local gridiron in the past few years last Friday night. The victory, their second of the current season, was sweet revenge for the Mustangs who took a merciless licking from the same Longhorns on the Vega gridiron last fall.

The Mustangs scored first about midway in the initial period after taking the opening kick-off on their own 30-yard marker and marching the 70 yards in exactly 6 plays. Dick Pendleton picked up 4 on the first attempt, Maurice Pettit added 15 for a first down, Clarence Whittenburg then made 15 for another first, Whittenburg made 2 and Pendleton 5. Pettit failed to gain on the next play which was called back and the Mustangs were penalized 5 yards, then Pendleton scampered the remaining 25 yards for the counter. David Johnson failed to convert the extra point.

The remainder of the first half was scoreless with the Vega boys winding up the half in the shadow of the Wheeler goal posts.

The Longhorns took the second half kick-off on their own 36 and drove in successive plays to their first counter. Lawrence Jones made 5, Harold Dillehay added 5 more for a first. David Loyd failed to gain on one attempt, then carried 10 for another first. Loyd carried for 8 more, Dillehay added 10 for a first on the Wheeler 23. Jones made 1, Loyd added 4 in two tries and Dillehay made a first. Jerry Montgomery made 2, Loyd added 5, Montgomery lost 5 and Loyd added 3 for a first on the Mustang 3 from where Loyd carried over. Loyd's attempt to convert the extra point failed.

Late in the third stanza, Whittenburg fumbled on the Wheeler 21 and Vega recovered. Starting from this point, the Longhorns pushed over their second counter with Loyd carrying 12 for a first, Dillehay and Loyd were held for no gain in two tries, Dillehay then tried a pass which was incomplete, and then carried 9 yards on fourth down for the second Longhorn counter. Loyd again failed to convert.

However, the Mustangs would not concede defeat and took the ensuing kick-off on their own 30 from where they marched to their final counter. Pendleton made 8, David Johnson added 5 in two tries then was thrown for an 8-yard loss. Pettit then picked up 16, and Johnson added 1, then Pendleton broke loose for 10 and a first on the Vega 35. Pettit lost 2 then broke loose for 22 and a first. Johnson's pass was incomplete, Johnson then picked up 2, Pendleton added 7 and Pettit made 5 for a first on the Vega 2 from where Pendleton carried over. Dick Pendleton ran the all-important extra point over.

The Mustangs outgained the Longhorns in net yards by 143 to 102 but the Longhorns registered one more first down than did the Mustangs with the count settling at 7 to 6. Neither team successfully completed a pass. The Mustangs attempted 3 passes and had

313 STUDENTS IMMUNIZED

County Sanitarian W. R. Ritter stated this week that interest has been good in the immunization program which is now in progress in Wheeler County Schools. Students from Briscoe, Kelton and Wheeler received their first shots this week and Mobettie and Allison pupils will get their first rounds of shots next Monday.

Dr. H. E. Nicholson, Jr. assisted by Don Curl and Mrs. A. E. Connell inoculated 66 Briscoe students and 113 Kelton pupils this week while Dr. Glen R. Walker handled 134 Wheeler lads and lassies.

At Briscoe 50 children received typhoid shots, 26 were vaccinated for smallpox and 21 got diphtheria shots. At Kelton 23 were vaccinated for smallpox, 27 got diphtheria shots and 83 received typhoid shots.

In the Wheeler Schools, 116 students received typhoid injections, 59 got diphtheria shots and 38 were vaccinated for smallpox.

Second and third typhoid shots will be given one week and two weeks respectively from the date the first shot was given, while the second diphtheria shot will be given four weeks from the date the first shot was given.

McILHANY TO HEAD DRIVE

Grainger McIlhany has accepted the appointment of Chairman of the Boy Scout Finance Drive in Wheeler, Mr. A. W. Paris, President of the Adobe Walls Area Council, Boy Scouts of America, announced this week. Mr. McIlhany will head the local drive which is part of the Council-wide campaign to raise funds for the operating budget of the Council for 1950.

The Wheeler Boy Scout Finance Drive will be held on Friday, November 3rd, opening with a kick-off breakfast, and closing that afternoon. Approximately 20 men are expected to participate in various phases of the campaign organization. These men will contact about 100 people in Wheeler during the day of November 3rd.

The operating budget of the Adobe Walls Area Council is used to give more and better Scouting to the boys of a 15-county area—12 of them in Texas, and the three counties of the Oklahoma Panhandle—and for the further development and maintenance of the Council Boy Scout Camp, Camp Ki-O-Wah, located near Lake Marvin.

Farm Bureau To Put On Drive For Members

Ralph Wheat, county agent, announced this week that the week of October 10 through 17 has been set as State Farm Bureau week and the county Farm Bureau Organization will put on a drive for new members during that week.

John Carter, Ralph Wheat and Robert Ledbetter were among the few Texas Aggies in Sacramento, Calif. Saturday to witness the football game between the Aggies and Nevada. They were able to secure a plane at Oklahoma City and flew out to Calif. for the game, returning home Monday.

Mrs. T. G. Alexander underwent an appendectomy at the local hospital Tuesday.

Col. Abbott Explains How Reservists Can Be Deferred

For the procedure followed by individual National Guardsmen and members of the Organized Reserve who are eligible for delays in active duty when orders have been issued by the Department of the Army, Colonel B. Abbott, Chief of the Texas Military District announced today.

In accordance with the announcement policy, all delays will be on an individual basis, and will be for periods of time not to exceed three months for compassionate reasons and not to exceed six months for exceptional cases. Only in very

exceptional cases will more than one six-month delay be granted. Blanket deferrals of occupational groups are not authorized.

Basic criteria for deferment of reservists in civilian occupations are the Department of Labor List of Critical Occupations and the Department of Commerce List of Essential Activities. Fundamentally, the reservist must be engaged in a critical occupation necessary to a highly essential activity, and will be deferred only until he can be satisfactorily replaced.

Applications for delay, at present, may be made in the form of a letter by the individual stating his reason for the request and giving his present job description.

If the request is made for occupational reasons, the letter should be indorsed by the individual's employer or by the head of his educational institution if he is a student. Forms for this purpose are available at Military Districts and in the Offices of the Adjutants General. In applying for delays for compassionate reasons, applications should be accompanied by sufficient documentary evidence to justify the request.

Colonel Abbott stressed the fact that applications should be made prior to receipt by the individual reservist of orders to report for active duty. This applies to both business firms requesting deferments for employees and individual reservists applying on their own behalf. Applications received in the Military District headquarters from reservists who have not received orders cannot be acted upon at this time and will be returned, he stated.

Reservists eligible for delay must be in one of the following categories:

- Those employed or engaged in critical civilian occupations and essential activities.
- Those occupying critical key managerial jobs in industry or key positions in government agencies.
- Those enrolled in educational institutions or engaged in research and scientific activities.
- Those requesting delay for compassionate reasons.

Individuals in the above categories who are ordered to active duty normally will have approximately 21 days in which to settle private affairs. Therefore, the Army said, those who feel they should be granted delays should submit their applications immediately on receipt of orders if the

New Use For Old Windmills

Have you ever seen Larson's farm last year and saw him perched on top of a 75-year-old windmill. "Still going on tearing it down?" I asked him.

"Not on your life," says Curly as he climbs down. "I'm getting a television set from Buzz and he says this windmill is going to come in mighty handy."

"You see," Curly went on, "I'm going to put my TV antenna right on top of it. Since the windmill is taller than the house, I'll get the reception around here—but

if it wasn't for Buzz and his advice, I'd have scrapped it."

From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willingness to listen to people and their opinions. He'll listen to Buzz Ellis over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

delays are to be acted on before the 21-day period expires.

The individual seeking a delay may himself apply or both he and his employer may request the delay in the call to active duty from the Adjutant General of the state concerned if he is a member of the National Guard, or from the Chief of the Military District concerned if he is in the Organized Reserve Corps. Detailed information on those eligible for delay is available at the office of the Adjutants General and the Chiefs of the Military Districts for those who are uncertain of their status.

After applications have been made, determination of whether or not delays are justified will be made by the Adjutants General of the states concerned for National Guardsmen and by the Chiefs of Military Districts for members of the Organized Reserve Corps. In the event an individual wishes to appeal a decision, he may submit his appeal through the same offices for forwarding to higher headquarters of the components concerned.

Unless an individual request for delay has been approved, the applicant will report to his duty station as ordered.

If a delay is authorized after an individual has entered on military duty, as in the case of an appeal, he may take steps to be relieved and returned to civilian life for the period specified in the approval for delay. In such cases, relief from active duty will be for the convenience of the Government and at the expense of the Government.

Individuals who are authorized delays become available for assignment to active duty at the end of the periods authorized in their delays. Depending on the needs of the military service at the end of the periods of delay, individuals will be required to carry out the original orders to active duty for

a period of 21 months, or as prescribed in their orders. They will be subject to quotas from the Military Districts in which they were granted delays.

In order to speed up the entire delay procedure, the Army has authorized individual members of the Organized Reserve Corps who are not members of alerted units to communicate directly with the Chiefs of the Military Districts. Replies to individuals also will be made directly.

A member of a National Guard unit will submit his application through his unit commander to the State Adjutant General concerned.

PERSONALITY

On August 12, 1933, a 5-lb. and 3-oz. baby girl was born to Mr. and Mrs. Alvis Burke of Mobeetie, Texas to which they gave the name of Ouida Frances Burke. This little black, curly haired baby has an older brother, Delton which used to see that Ouida didn't bite the cat's tail, play in ant beds and eat dirt, which most little black, curly headed babies will do. The Burke family live in the Mt. View community near Mobeetie. There Ouida went her first year of school. At the age of seven Ouida started to school at Mobeetie. During the third grade she was Rhythm Band leader and during her eighth year, secretary of the class. She graduated from the eighth grade class in 1947. She played basketball all her high school years. In her junior year she was Pep Leader. Her senior year she is sports editor and vice-president. This little black, curly haired baby has grown to be a very cute young lady. She has light brown hair, light blue eyes, stands 5-ft., 2-in. tall and weighs 108-lbs. Ouida is hoping with all her might that she goes to Baylor College which her seniors are all for. It seems her main interests are square dances and holding boys hands. Her favorite food is fried chicken, favorite sport is basketball, favorite actor is Allan Ladd, and favorite actress is Yvonne de Carlo. Her hobby is boys and favorite teacher is Mr. Brown. All of us seniors wish Ouida the best of luck in finishing high school and continuing from there.

MEEK WILL BE DELEGATE FOR KIWANIS CLUB

The Kiwanis Club of Wheeler will be represented at the 1950 convention of the Texas-Oklahoma Kiwanis District to be held at Galveston, Texas, October 1 to 3, Club President Harry Wofford announced today.

One hundred ninety clubs, with a membership of 13,000 business and professional leaders, will send delegates to the three-day meeting, Wofford said.

A featured speaker at the convention will be Albert V. Zimmermann of Alexandria, Louisiana.

A. V. ZIMMERMANN

prominent lumberman and bank official and a trustee of Kiwanis International.

Presiding at the convention will be Hugh M. Sandlin, an attorney of Holdenville, Oklahoma, and governor of the Texas-Oklahoma Kiwanis District. Meeting sessions will include committee conferences, a discussion of plans for the coming year, and election of officers.

Trustee Zimmermann, who will serve as official representative of Kiwanis International at the convention, is a partner in the J. A. Bently Lumber Company of Alexandria, and also is a director of the Guaranty Bank and Trust Co. and the Hotel Bently.

Delegates who will represent the Kiwanis Club of Wheeler at the convention will include C. J. Meek.

Wheeler hisperings

(Continued from Page 1) F. Crossland tells us that he is going to beat O. T. Nicholson of Shamrock growing dahlias if he lives long enough and judging from the samples he has been furnishing some of the business houses around over town we would say we believe he might do it. The only thing we can see wrong with the bouquets he has been leaving around over town is that he hasn't brought us one down to the Times office yet.

We never played football, baseball, basketball or any other sport formally but we believe we are one of as ardent fans as there are in Wheeler and we had rather see our local team win than anything else we can think of. Now what we are getting around to is saying that Wheeler has a much better team this year than anyone had figured they would have and they have gotten off on the right foot in their first two games, but we fear that they will experience somewhat of a letdown Friday night and the White Deer Bucks who have already showed that they are plenty potent will again rake them over the coals to the tune of about 40 to 0. Thus far this season, team play and co-operation among the boys and their coach has been good and we hope that it will continue that way throughout the season.

We used to carry a slogan on our checks which read, "We print anything except money", and as a general rule that would apply to almost all print shops all over the United States but we notice from the papers during the past few days that the Hereford Brand shop at Hereford of which Jimmie Gillette is the owner has the distinction of being the only plant in this vicinity which has printed U. S. currency.

In case any of you hadn't noticed in the news the past few days the stories concerning three printers, one each at Hereford, Tulla and Dimmitt, who had been experimenting with making money or counterfeiting, that is what we were referring to in the above paragraph.

SINGERS MEET AT SHAMROCK

An estimated 5,000 persons are expected to attend the 21st annual session of the Texas-Oklahoma Singers Association in Shamrock, October 7 and 8.

Site for the singing convention is the American Legion Home, recently constructed and believed to be the largest legion building in the state. This building is 125 x 160 feet—adequate for comfortably seating over 4,500. The Legion Auxiliary will have a coffee, cold drink, and sandwich concession.

The first singing session will start at 2 p.m., Saturday, October 7, 7:30 Saturday night and 10 o'clock Sunday morning. Radio Station KEVA with studios in Shamrock will broadcast two hours of the singing Sunday afternoon.

The association was organized and held its first session in Memphis, Texas, in 1929. Since that time an annual meeting has been held. Many of the original organizers are still active participants in the inter-denominational religious singing meet.

Outstanding quartets and singers in this section of the country are expected to be present for the 1950 session. All persons interested are invited to attend. Those desiring additional information as to housing facilities, etc., may contact the Chamber of Commerce office in Shamrock.

ing recently with a new paint job.

We note that Harold Nash is starting some new construction over near his building on Highway 152. Harold tells us that the new edifice is to be a paint and body shop building.

It appears that everyone certainly is happy to see Wheeler with a band again and they certainly look snappy all dressed up in their new uniforms when they come marching down the street or down the field at a football game. Congratulations to Mr. Boddy and the band parents organization on the fine job they have done.

We understand that George Gandy and the Wheeler Chamber of Commerce are about ready to go to work on the community building again and we know that

they are in need of some cash with which to carry on this project; so, if you have any loose greenbacks laying around just bring it in to Mr. Gandy and he will make good use of it in a project that this community will be proud of once it is completed.

Scouts Tour Bottling Plant At Shamrock
The Wheeler Girl Scouts went to Shamrock Tuesday, Sept. 26, for a tour of the Coca-Cola Bottling Co. there, with Miss Vendell Starkey, Mrs. Carroll Pendleton, Mrs. Bill Owens and Mrs. Paul Green accompanying them.
Upon their arrival at the plant the girls were given numbers and then were conducted through the plant by Mr. and Mrs. W. Y. Burden, owners. Cokes were served to the group and a movie on the History of Coca-Cola was shown. Mrs. Burden drew four prize numbers from those given to the group when they entered with prizes going to Barbara Reivous, Vendell Starkey, Patsy Burgess and Mrs. Carroll Pendleton. A miniature plastic coke bottle was given to each one in the group as a souvenir of their tour.
Girl Scouts making the trip were: Pearl Johnson, Pam Angling, Paula Green, Patsy Burgess, Nancy Lee, Billie Owens, Wanda Topper, Wanda Waters, Shari Lee and Barbara Reivous.
The next regular meeting of the Scouts will be October 3, at the Scout House.

Triset Smith was dismissed from the local hospital Wednesday after having been a medical patient there.
