THE COUNTY SEAT NEWSPAPER

MISS FERN BRANNEN

Times To Sponsor Cooking School Here November 17

The all-electric cooking school to be held in Wheeler is planned by the Wheeler school. The school will be held at 7:30 o'clock at the Legion Hall here, Texas.

Services of Miss Fern Brannen, Public Service Advisor, for the Western Public Service Company, have been secured through cooperation of C. W. Burgess, manager of the light and power company. Miss Brannen has been in the home economics field for three years. She has been associated with the Southwest Public Service Company for almost a year. She was one of the first public service advisors employed in the new program was under-

Mobeetie Meditations

By Mrs. H. L. Flanagan

Mrs. J. H. Taylor was hostess to the Blue Bonnet Study Club Thursday at her home north of town. A program on the American home was presented, roll call being answered with an interesting fact about the home. Parts were given by Mrs. Sam A. Thomas, Jr., and Mrs. Willard Godwin, on meeting the needs of modern youth, followed by a round table discussion. Lovely refreshments were served to the following members: Mrs. Sam A. Thomas, Jr., Mrs. Willard Godwin, Mrs. Grady Harrison, Mrs. J. M. Hathaway, Mrs. E. Johnston, Mrs. Arthur Carmichael, Mrs. Tracy Willis, Mrs. H. L. Flanagan, Mrs. Austin Caldwell, Mrs. John Dunn, Mrs. C. J. Van Zandt, Mrs. Sam A. Thomas, Sr., Mrs. J. H. Scribner, Mrs. John Kent, Mrs. Bud Scribner and the hostess.

Overnight guests of Mr. and Mrs. Joe Hathaway Thursday night were Mrs. Ollie Hathaway and her sister and husband, Mr. and Mrs. Frank Phelps of Highland, Calif. They were enroute home after a vacation trip to Oklahoma City. Relatives who came in for an evening visit were Mr. and Mrs. Fred Waters from Wheeler, Mr. and Mrs. Jim Hathaway and Mrs. Clara Hathaway and their families.

O. E. S. Chapter met at the regular time Tuesday evening observing Friendship night, with fourteen members of Miami Chapter as guests. An impressive candle light program was given by officers of the local chapter. An affiliation program was also presented honoring Rev. and Mrs. Sam A. Thomas, Sr. new affiliates of the chapter. (Continued on Last Page)

Puckett's To Give Away Refrigerator

A. D. Speck, local manager of Puckett's Food Market, is announcing in his advertisement this week that his store will give away absolutely free an 8-ft. Servel refrigerator on Saturday night, December 23.

Full particulars concerning the drawing, which does not require a drawing, which does not require anyone to buy anything to be eligible, can be had at Puckett's Food Store.

Mustangs Will Crown Queen And Honor Parents Fri.

The Wheeler Mustangs will be observing their homecoming Friday night when they meet the Spearman Lynx in their third and final conference contest of the current season. The contest is scheduled to begin at 7:30 o'clock at Nicholson Field here.

The school will honor the parents of the football players by admitting them to the contest free of charge and the Dads of the boys will be given an honor seat in chairs along the side line during the game. Immediately following the contest there will be a reception in the school cafeteria for the boys along with their mothers and fathers.

Another feature of the Friday night contest will be the annual crowning of the Mustang football queen, Miss Margaret Moore. The crowning ceremony is scheduled to take place between the halves of the contest with the Wheeler, Briscoe and Spearman bands participating in an elaborate performance.

Miss Moore's attendants for the ceremony will be Helen Johnson, Von Eva Hooker, Glenda Porter and Annie Collins. The Mustang captains who will crown the young lady queen of football at Wheeler High School are James Gaines, diminutive guard and Edgar Hubbard, stellar end.

The Mustangs came through their crushing defeat at the hands of the powerful Canadian Wildcat eleven in Canadian last weekend without physical injury so they should be in top condition for their final conference encounter of the season.

Like the Mustangs, the Spearman eleven has had an off-and-on season this year and has played brilliantly when they had their full strength in the battle but were badly handicapped when some of their starters were injured and consequently do not have too good a won and lost record.

Bus Dorman To Attend Sheriff's Training Course At Camp Mabry

Bus Dorman, sheriff-elect of Wheeler County, will leave Saturday for Camp Mabry, near Austin, to attend a two-week Sheriff's Training Course, conducted by the Texas Safety Department.

Mr. Dorman received an invitation to attend the school from Homer Garrison, State Director of Public Safety. He will be accompanied by Hubert Mauldin and Cecil Morrison, sheriffs-elect of Collingsworth and Hall Counties, respectively.

The school teachers of Texas are having a convention in San Antonio on November 23, 24 and 25 so the schools have all decided to observe November 23, consequently the mayor and city council of Wheeler decided at their regular meeting which was last Thursday night to proclaim that date to be Thanksgiving in Wheeler and we believe that that date will be quite satisfactory with the business and professional people. (Continued on Last Page)

Pictured above are the remainder of the group of children who were photographed in a recent contest which was held here. Pictured left to right, top row, are: Joe Atwood, son of Mr. and Mrs. Dick Atwood; Charles Duane Smith, son of Mrs. Coene Smith and Sue Ann Richardson, daughter of Mr. and Mrs. Cecil Richardson, Jr.; second row—Sheran Beth Smith, daughter of Mr. and Mrs. Sherman Smith; Paula Sue Helton, daughter of Mr. and Mrs. Ben Helton and Sibil Jan Richardson, daughter of Mr. and Mrs. Cecil Richardson, Jr.; third row—Michael Joe Childers, son of Mr. and Mrs. J. E. Childers and Larry and Richard Hampton, sons of Mr. and Mrs. Alvin Hampton.

Wheeler Whisperings

By J. C. Howell

Your correspondent is about to undergo a new and most likely exciting experience... unaccustomed as we are to public speaking and such the like it appears as though we are going to have to act as master of ceremonies at the Wheeler Times cooking school which is to be staged at the Wheeler American Legion Building next Friday afternoon, November 17, beginning at 2:00 o'clock.

We are certain that this will be the first all-electric cooking school ever conducted in Wheeler and as far as we know it will be the first cooking school any Wheeler newspaper has ever attempted to conduct. Now, don't get us wrong, we are not putting this school on all by ourselves... we will have the assistance of the Southwestern Public Service Company, the appliance dealers in Wheeler and the grocers.

The young lady who is conducting the Wheeler school, Miss Fern Brannen, has been holding similar one and two-day schools around over the Panhandle for quite some time now and they have been very successful, in fact, the ladies at Canyon, where she recently held forth, almost immediately demanded of the sponsors that they bring her back for another school and the sponsors are planning to do just that at a later date.

We hope that the ladies in this vicinity will ALL come out to our all-electric cooking school on Friday afternoon, November 17. We believe your time will be well spent, and we'll bet your husbands will later admit that the time was well spent.

MUSTANGS LOSE CONFERENCE GO TO WILDCATS

The Canadian Wildcats soundly trounced the Wheeler Mustangs in a district conference contest at Canadian last Friday night by a count of 40 to 6.

The Wildcats have one of the strongest Class B elevens in the Panhandle and probably will be the regional champions this season.

However, the Mustangs took the ball on the opening kickoff and racked up a pair of first downs before they were stopped on a fumble and from then on the contest was never close with the Wildcats scoring every time they got their hands on the ball up until the last few minutes of the ball game when their line-up was made up almost entirely of substitutes.

The 215-pound Tommy Shaef who played fullback on the offense and tackle on the defense was so powerful with his running that the lightweight center portion of the Wheeler forward wall could seldom stop him in less than 5 or 6 yards. Bobby Fry was the other thorn in the sides of the Mustangs as he went outside the tackles for tremendous yardage all evening.

The Wildcats scored first late in the first period on a 16 yard scamper by Fry. Teepee's kick for extra point was blocked. Early in the second period, Fry scored again, this time on a 10-yard carry and Teepee kicked goal. Late in the second period, the big Shaef burst through the middle of the Mustang defense and scampered 80 yards untouched for the third Wildcat marker. Teepee's try for point was again blocked.

Fry hit pay dirt from 30 yards out early in the third period and Teepee converted, then a few minutes later Fry broke loose for 22 yards and another counter. Fry also carried the final Wildcat counter over as he went over from 10 yards out. Shaef scored the extra point of a running play.

Late in the final period, the Mustangs took the ball on their own 20 on a kick from the toe of Franklin Teepee and marched to (Continued on Last Page)

Rogers Is Elected Congressman In Heavy Balloting

WALTER E. ROGERS

In what was probably the heaviest balloting ever recorded in a non-presidential election year general election, the voters of Wheeler County and the 28-county 18th Congressional District went to the polls Tuesday and elected Walter Rogers of Pampa their congressman for the next two years.

Rogers was leading his opponent incumbent Rep. Ben Guill also of approximately 2,500 votes according to latest reports from all the 28 counties of the district with all of them except 5 turning in complete returns.

Republican Representative Ben Guill probably polled more votes in the Panhandle district than has any other republican in history as 23,184 votes cast in his favor against 25,598 for Rogers.

Wheeler County gave Rogers a 368-vote margin as he polled 1,191 votes against 723 for Rep. Guill. Approximately 2,000 votes were cast in Wheeler County.

Rogers sent the Times the following telegram this morning (Thurs.):

"It is with deep humility that I, my wife and children express our heartfelt appreciation to the voters of Wheeler County. 'Let us all work together for a greater Panhandle, a greater Texas and a greater America.' Signed: Walter E. Rogers.

The most votes any other republican candidate could muster in Wheeler County was 151 which were cast in favor of Ralph W. Currie who was running against Gov. Allan Shivers. Shivers polled 1,756 votes.

The vote in the congressional race by precincts in Wheeler County follows:

WHEELER HONOR PUPILS LISTED

Supt. W. O. Carrick recently announced the honor roll for the first six week period of the Wheeler Schools as follows:

First Grade

All A's—Jimmy Walker, Bobbie Carol Adams, Frances Cole, Sue Skulley, Jackie Daves, James Jolly, Richard Hampton, Bill Green and Carla Carl. A's and B's—Marilyn Jones, Charles Delbert Davidson, Jerral Downs, Kenneth McCasland, Mary Ann Bradstreet, Loneta Caswell and Jo Ann Chapman.

Second Grade

All A's—Loria Gaines, Robert Beauchamp, Joe Charles Loter, Shirley Chapman, Dorothy Hall and Carolyn Sims. A's and B's—Jerry Burgess, Kenneth Burks, Bill Havenhill, David McQueen, Phil Russ, Kitty Lyn Hibler, Janet Keahney and Gloria Gaines.

Third Grade

All A's—Patricia Pierce, Marilyn Kay Smith, Phyllis Callan, Zinna Kay Cole and Sharon Carl. A's and B's—Georgia Gay Pond, Phil Paddock, Virginia Pettit, Betty Jane Rogers, W. A. Tacker, Jr., Nancy Whitener, Koy McCleskey, Carolyn Laycock, Elaine McCasland, Katherine Underwood, Melinda Meek, Frank Walker and Ronnie Havenhill.

All A's—Eugene Pettit, Pricilla Green, Annette Hutchinson and Amy Beth Lewis. A's and B's—Larry Henderson, Dean Sims, Kearby Weatherly, Sharon Beatty, Mineva Crabtree, Elise Craig and Linda Burks.

Fifth Grade

A's and B's—Phyllis Meek, Nelda Kay Goad, Annette Clark, Shari Gail Lee, Isla Gail Holdeman, Peggy Pride, Dale Bowerman and Dale Wofford.

Sixth Grade

A's and B's—Patsy Burgess.

Seventh Grade

A's and B's—Donna Speck.

Eighth Grade

All A's—Jerry Barton and Janet Russ. A's and B's—Jaunita Sanders, Lonelle Lee, Kenneth Berry, Ada Pierce and Gwendolyn Richardson.

High School

All A's—Wanda Blevins, Carmelita Brown, JoAnn Childress, James Clark, Mary Bob Denson, Maurine Herd, Margaret Moore. (Continued on last page)

LEGION MEET TO BE SAT. & SUN.

The regular fall convention held annually by the 18th District has been called for November 11th and 12th, in Shamrock. Every Legionnaire and Auxiliary member in the entire 18th District is invited and urged to attend. The Shamrock Legion Post has guaranteed a good program both Saturday and Sunday.

The following Department Officers will attend: William F. (Bill) Elkins, Department Commander; Mrs. Minnye Lyle, Department Auxiliary President; Chaplain Lester D. Cochran, Department Chaplain; Bill McCraw, Department Membership Chairman; Charles Gibson, 5th Division Commander; and Mrs. Caturyn Pitt, 18th District Auxiliary President.

The call of this convention was issued by the 18th District Commander, Rhea Smith, and he urges all eligible Legionnaires to attend.

Johnson Is New Man With SC Service Here

D. J. (Johnny) Johnson has recently been transferred to Wheeler by the Soil Conservation Service to take the place left vacant when John Carter was called to active duty with the Air Force as a Captain. Johnson is work unit leader or Conservationist for the Wheeler County Soil Conservation District.

Mr. Johnson was reared in Dallam County. He is a veteran of 3 years and 6 months service in the United States Army and served in the Pacific Theatre of operations during World War II. Following his war service, Mr. Johnson entered West Texas State College at Canyon from which he graduated in 1949 with an agricultural degree. He was employed by the Soil Conservation Service at Paducah before coming to Wheeler.

Mr. and Mrs. Johnson and their 2-year old daughter have already moved to Wheeler to make their home and the Times is happy to host other Wheeler citizens in extending them all good wishes for a happy stay in Wheeler.

Rev. Kirk To Speak To Methodist Men

Methodist men will meet together in their regular monthly meeting on November 16. Rev. Luther Kirk, the District Superintendent of the Perryton District, will be the speaker. He is one of the most evangelistic leaders among our District Superintendents. In addition to his regular duties as a Superintendent, he conducts several revivals each year. He is in wide demand as a speaker. Rev. Kirk is among the younger District Superintendents of the Northwest Texas Conference.

A full meal will be served. Dr. H. E. Nicholson, President of Methodist Men, will preside at the meeting. This meeting is open to all men of the community and everyone is invited to attend.

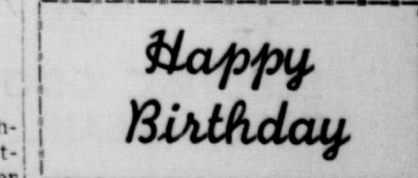

Miss Sorensen To Be Listed In Who's Who

Miss Maidel Sorensen, daughter of Mr. and Mrs. Edison Sorensen, Wheeler, was among the eight students selected from Mary Hardin-Baylor college for recognition in the 1950-51 edition of Who's Who Among Students in American Colleges and Universities.

Recognition by the organization means that the student was first officially recommended from the college or university that she attends, and then accepted by the organization.

Selection of nominees is conducted by campus committees involving student-faculty-administration participation. Nominating committees are requested to consider the student's scholarship, leadership and cooperation in educational and extra-curricular activities, her general citizenship, and her promise of future usefulness.

A senior, Miss Sorensen is president of Royal Academia Literary society.

HERE'S AN INTERESTING DEFENSE

An engineer who ran his train into the rear of another, killing thirty-two people and injuring more than one hundred passengers, was recently tried on a charge of manslaughter and acquitted because he put up the defense that he fainted at the controls just before the crash.

We do not know whether to scoff at the verdict, or not. Certainly, an engineer with long experience, who, upon an unfortunate

occasion, passes a danger signal is out of his mind. It is very difficult to believe that an experienced engineer would wilfully and recklessly pass through a signal warning him that another train is ahead.

Nevertheless, the verdict of the jury in this case offers an interesting defense to all engineers who may be accused of criminal carelessness. All that they have to assert and persuade the jury to believe is that they "blacked-out." Perhaps, after all, this is the explanation of many inexplicable accidents that occur.

The people who drive automobiles are familiar with the fact that they can proceed for miles and miles without having any very clear recollection of what they have passed on the road. Instinctively at times, they speed and get by safely. Those who fail to make it successfully rarely live to explain what caused the crash on the highways.

NEW IDEA ON TRAFFIC DANGERS

The advent of the fast moving automobile has caused pedestrians to develop the protective traits of cats and squirrels, according to one director of traffic engineering, who alleges that many pedestrians have acquired an unrecognized sense for detecting dangers and unconsciously avoiding them.

Undoubtedly, human beings, familiar with the speed of automobiles, have acquired an understanding of the menace that confronts them when they cross modern streets. Whether they have acquired any other protective sense continues to be a matter of doubt, despite the suggestion that, somehow, they have developed another protective trait.

The expert says that the new protective instinct sharpens with the increase in traffic and is particularly apparent in the younger population. Perhaps, all that we need to solve the problem of traffic deaths is to increase the speed of cars and the youth of the population that uses the streets.

ATOMIC DIRECT POWER

A practical method for the conversion of atomic energy into electricity, without the use of boilers, steam-driven dynamos or other intermediate steps, is reported by the Atomic Energy Commission, which says that the discovery is the work of a research project by a number of scientists, headed by John L. Kuranz and Prof. Robert J. Moon.

So far, of course, only a feeble current of approximately one-quarter of a watt has resulted from the neutron thermometer. It is believed, however, that the development will permit reduction in atomic furnaces to one-fifth of their present size. It is presumed to be a key factor in the search of scientists for an atomic furnace small enough to power a submarine.

County Man On Duty With Task Force 77

Claude E. Overcast, seaman, USN, son of Mr. and Mrs. C. R. Overcast of Shamrock, Texas, recently reported aboard an aircraft carrier of Task Force 77 for duty. This carrier, supported by other United Nations Fleet units, has been launching repeated air strikes against the North Korean supply lines and military installations.

He was one of a large group of men moved to the forward area by the Navy recently, bringing Naval forces there to wartime strength.

The carrier is one of the air arms of Task Force 77, operating under the over-all command of Vice Admiral Arthur D. Struble, USN.

An Estate for Your Children

Not every father is able to leave his son a big estate made up of lands, mortgages, and bonds; but any father can bequeath to his children an estate worth infinitely more—one for which they will rise up and call his name blessed. He can leave an honorable name, a good reputation, the memory of a godly life, and a record of fair dealing. He can teach his son to have a profound respect for facts, a deep reverence for character, a thirst for knowledge, a willingness to work, and a loyalty to God.

If your children have all this, they will not need money that might be willed to them; if you fail to give them these things, money will not do them much good.

Bring your children to Bible study and worship at the

1950 SS Act Contains Important Provision

The 1950 amendments of the Social Security Act contain an important provision which concerns the men and women who served in our armed forces during World War II.

This change may qualify many widows and children of those who were killed in action or who may have died since the war. Benefits may be payable with the month of September, 1950. This provision would affect the unmarried widows and children under age 18 on September 1, 1950. Also, in some cases, parents who were receiving at least one-half of their total support from the service man or woman at the time of his death would be entitled to payments.

In addition to allowing the payments mentioned above, the adding of military service credits would result in some present payments being increased. This would be the case if the added credits would increase the average monthly wage of the deceased.

Anyone who feels this change in the law would affect their present payments or would entitle them to payments is urged to contact the Amarillo social security office for further information.

make our Carnival a success. Mr. and Mrs. David Kiker took the senior class to the Palo Duro Canyon Sunday. Everyone had a swell time. We are sorry that Doris didn't get to go. Those that went were Mary Jo McNeill, Kenneth Levitt, Joyce Caudell, Leotos Murray, Lottie Murray, and Mr. and Mrs. Kiker and Leonard.

BRISCOE SCHOOL CARNIVAL
Briscoe's annual Hallowe'en Carnival was a complete success due to the generous contributions of merchants of Shamrock, Mobeetie, Canadian, Allison, Wheeler, and Briscoe, and to the whole-hearted cooperation of patrons, board members, teachers, and students of the school.

The Briscoe School Board operated the Bingo game; seniors, roulette wheel and lunch room; juniors, milk bottle rack; sophomores, movie and penny throw; freshman, basketball throw and boxing; seventh and eighth, doll rack and peep throwing; fifth and sixth, darts and tunnel of horrors; third and fourth, fishing and fortune telling; first and second, cake walk and costume contest.

Lottie Murray, senior candidate, won the Briscoe High School queen's contest. Her attendant was Leotos Murray, her brother. Flower girls were Beth Hefley and Kathleen Barnett. Crown bearers were Jimmy Helton and Gayle Singleton. Jean Zybach was the winner of the Briscoe Grade School queen's contest.

We wish to thank those merchants who helped make our carnival a success and to express our appreciation for the cooperation

of everyone. Funds will be used for causes which will benefit the school and community as a whole, and we are looking forward to a very successful year.

The Stapler with A HUNDRED USES

- A DESK FASTENER
- A HAND STAPLER
- A TACKER

Built by Bostitch for years of use. Handy, rugged, compact.
PRICED AT ONLY \$2.20

IN THE OFFICE:
Dependable performance at low cost makes it economical for every desk, to stop office borrowing and waste of time.

IN THE HOME:
You'll find it one of the handiest things around the house—for sealing lunch bags, tacking decorations, etc.; basing garments; fastening grocery slips, letters, checks; sealing garbage wrappings; dozens of other every-day uses.

AT SCHOOL:
What every student needs, young and old. Handy to carry in pocket, brief case, or bag.

An ideal gift... for anyone even yourself

SENIOR NEWS

The seniors have received our pictures, and everyone is satisfied with them. Everyone reported having a good time at the Hallowe'en Carnival. We, the seniors are especially proud and glad that our candidate, Lottie Murray, won the queen's race. We made a good profit on both of the booths we had.

JUNIOR NEWS

The junior class made quite a bit on our booth Tuesday night. Everyone reported having a good time. A number of the juniors went to Wheeler after the Carnival. We are to start working on our play next week. We are going to present it December 8, 1950. The name of our play is "Crazy Canyon Ranch".

SOCIAL NEWS

Everyone reported having a good time at the Carnival Tuesday night. We want to thank all the merchants in the different towns that donated and helped to

1% vs. **100%**

Are Our Texas Highways Being Destroyed by 1% of Highway Users?

This question is presented squarely for the first time by the Texas Tax Journal in its booklet, "The Case of the One Per Centers."

Every Texan who wants good highways, adequate for 99 of every 100 users, should write for a free copy of this revealing booklet.

Approximately 99% of all Texas motor vehicles are registered for a gross weight of 20,000 pounds or less.**

All Texas taxpayers, including your Texas Railroads, have reason to be concerned about the high cost of constructing and repairing our highways and the prospect of building more costly roads made necessary by the operation of highway "box cars."

No one has any desire to bar vehicles of reasonable size from our highways, so long

as each pays its fair share of construction and repair costs.

Other Texas taxpayers should not be required to shoulder the burden of a roadway system for highway "box cars", representing only 1% of highway users.

Every Texan interested in good highways without increasing the growing tax burden should fill out the coupon below and get a copy of this valuable booklet.

LOCAL NEWS ITEMS

Dr. L. H. McGuigan, cousin of the late Mrs. McIntire, visited the later's daughter, Mrs. F. A. Drum, last week. She is a M.D., her late husband, his father and grandfather were also doctors. The unusual thing about the visit is that Dr. McGuigan, who is 87 years old, traveled alone, by bus from Philadelphia, Pa. to many points, especially in Kansas, Oklahoma and Texas, gathering information on the eleventh generation of her family to complete a genealogy she has worked on for forty years.

Milton Courtwright entered the local hospital for treatment Wednesday.

Marvin Heffley, son of Mr. and Mrs. Joe Heffley, is said to be much improved at the time of this writing.

The baby of the Bob McNeils is receiving treatment in the local hospital having entered Wednesday.

Mr. and Mrs. E. G. Fillingim are the parents of a seven pound baby girl born at the Wheeler Hospital November 5.

Mrs. Myra Davis entered the Wheeler Hospital Monday for medical treatment.

The little daughter of Mr. and Mrs. Leon Boydston is a medical patient in the Wheeler Hospital.

Capt. and Mrs. A. G. Miller, formerly of Spring Valley, Calif., visited over the weekend with her sister, Miss Ruth Merrill. Capt. Miller, who has just been recently called back into active duty with the National Guards, was enroute to Ft. Sill, Okla. where he is to be an instructor.

Mr. and Mrs. Weldon Weatherly, Bob and Mr. and Mrs. Roy Ford visited Mrs. Weatherly's brother, J. D. House, and family at Turkey Sunday.

Miss Mary Lou McIlhany of Memphis, Tenn. is here visiting in the home of her mother, Mrs. M. McIlhany.

SOCIETY

Wiley Is Hostess To Study Club

Max Wiley was hostess to the Wednesday Study Club on Wednesday night. The program emphasized the "Keeping Your Home Beautiful" by Mrs. Cora Hyatt and "The Cost of Living" by Mrs. M. E. Meek. Mrs. Meek concluded the evening by giving "Rules for Refreshments" which were served by Mesdames Bob M. Britt, R. Wm. Le Guthrie, Cora Hyatt, C. J. Meek, Harold E. Nicholson, Floyd Pennington, Nelson Porter, H. M. Wiley, Frank Wofford, Harry Wofford, Glen Porter, W. L. Williams, Wendell Meek, Shelby Pettit, Darris Egger, Ernest Grizard, J. M. Porter and the hostess, Mrs. Max Wiley.

Mr. and Mrs. Cornelius Are Honored By W.S.C.S.

Mr. and Mrs. John Cornelius of the Kelton community were happily surprised Tuesday night when members of the W.S.C.S. of the Kelton Methodist Church and their families honored them with a covered dish supper and bestowed them with gifts. Those present were: Mrs. Ruby Elliott, Mr. and Mrs. Chas. Lang and Chas. Jr., Mrs. C. T. Brittain, Lynn and Gynn, Mr. and Mrs. Chas. McCartney, Mrs. Patsy Smith and Dale, Mrs. Willie Anderson and son, Mr. and Mrs. Raymond Moore and children, Mr. and Mrs. Joe Pitcock and children, Mr. and Mrs. Bailey Whiteley, Mr. and Mrs. Henry Hink, Mr. and Mrs. C. H. Worley and Barbara, Mr. and Mrs. L. W. Davidson, Miss Rena Johnson, Mr. and Mrs. Teard Pond and girls, Miss Loraine Lang and Georgana Davidson.

Mrs. Helton Hostess To Conty Line Club

The County Line Home Demonstration Club met in the home of Mrs. Ben Helton on November 2 at 2:00 p.m. with the president presiding.

Mrs. Clyde Meek was on the program for Newer Trends in Interior Decorating. She showed some pictures and talked on the grouping of colors to the best advantage of any one room. Miss Sybil Gidden gave a demonstration by illustration on Family Life. Mrs. Earl Williams directed games for the recreation period.

Refreshments were served to Miss Sybil Gidden, Mesdames Jack Meek, Earl Williams, P. A. Martin, Clyde Meek, C. N. Strawbridge, Jim Shelby, Tom Helton and the hostess, Mrs. Ben Helton. The next meeting of the club will be with Mrs. John McCarroll on November 16.

Surprise Party Honors Mrs. Nelson Porter

Mrs. R. Wm. Brown honored Mrs. Nelson Porter with a surprise birthday dinner Tuesday noon at Nora's Dining Room.

The dining table was laid with a white cloth and artistic arrangements of seasonal cut flowers flanked the birthday cake which centered the table.

Guests present were: Mesdames Don Curl, Madge Porter, A. D. Speck, Frank Wofford, Harrison Hall, Harry Wofford, Cora Hyatt, Lee George of Canadian, Max Wiley, Henderson Coffman, Harold Nash, the honoree and the hostess.

Miss Margaret Ann Holt and Miss Jeanne Camp, college friend of Miss Holt at the University of Oklahoma, spent the weekend here with Mr. and Mrs. Robert Holt.

NEWS FROM— County Agent's Office

By Ralph Wheat and Robert Ledbetter

NEW SOIL TESTING SERVICE

A soil testing service has been available in Texas for years but effective November the first a reorganized system was put into action. Previously the service had been too expensive to warrant most farmers use. Now the charge will be \$1.00 per sample this would make the average field cost \$2.00 to \$3.00 for the service.

Samples can be taken by the individual farmer if he so desires, a representative sample of the entire field is the main objective in this test. A history of the land use will be needed so that fertilizer and land use recommendations can be made.

One thing that has been common with all soil test is that too

TODAY'S Menu

Cook for Eye, Palate Appeal

By ALICE DENHOFF

THE good housewife isn't worried by high prices or high taxation. Carefully she plans, goes to market, chooses good foods that are reasonable as possible in price, and then prepares them into meals that have both eye and palate appeal. A few flowers on the table or a nicely-arranged centerpiece of the colorful fruits of the season add zest and color to the simplest meal. Steaks and chops are nice and easily prepared, but there comes a time when a good stew or casserole is the order of the day. And considering that stews, boiled dinners, spareribs and similar fare have a proud place on the menus of some of the most exclusive clubs in the country, why should plain folk at home snoot 'em?

Famous Restaurant

There's a famous old-time restaurant in town that draws folk from everywhere to savor the sauerbraten and the boiled beef with a creamy, tangy horseradish sauce. Sauerbraten does take time to prepare, but just serve it to your menfolk and you'll be glad you did.

Here is an especially fine version. Wipe with a damp cloth 3 lbs. rump or round or chuck steak. Rub surface with tsp. salt, 1/4 tsp. pepper and tsp. dry mustard. Melt 3 tbsp. butter or margarine in heavy, Dutch-type

roaster. In this saute one finely-minced onion to a delicate brown. In separate saucepan, simmer together 1/2 tsp. oregano, one finely crushed bay leaf, 1/2 tsp. ground sage, one c. water, one can tomato paste, 1/2 c. tarragon vinegar until well blended. Pour over roast.

Cover tightly and roast in moderate oven or on top of stove over very low heat until meat is tender (at least 2 hours). Replace liquid lost by cooking. Scald, drain and cut very fine one fresh tomato; add to meat sauce with one grated carrot. Simmer gently for 5 min. Remove meat to serving platter. Mix 3 tbsp. brown flour to a smooth paste, using cold water. Add to sauce in roaster; stir over low heat until rich, smooth and well-cooked. Serve with the meat in a separate gravy boat.

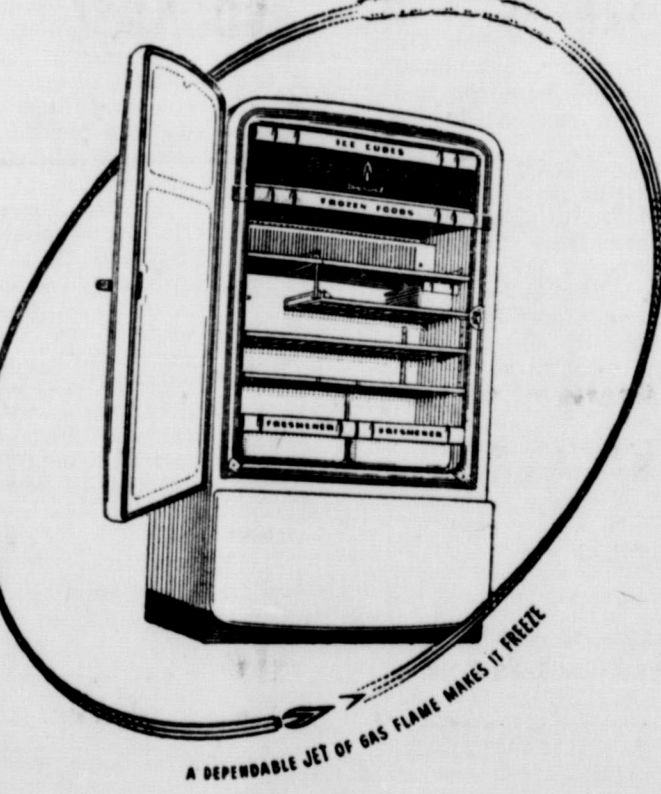

About the browned flour: There's all the difference in the world between a sauce or gravy made with browned flour and one made with plain white flour—texture, color and flavor are entirely different. To brown white flour, spread a c. or 2 c. flour on large shallow baking pan. Place in 400 F. oven stirring the browned top in and under time to time until all flour is browned. Store in a glass jar; use at any time. Just see what a difference it will make to gravies and sauces.

much has been expected of the test. The test will determine the soil reaction (acid or alkali), organic matter, nitrogen, available phosphorus and potash, lime, and salts that are soluble in water. Come by and see us for forms on this history and further information.

PRO AND CON

We hear the argument or conversation quite often as to the ability of grain sorghum as compared to corn in the fattening ration. Here is something we stumbled over the other day. At the Spur station, steer calves were fed a ration of ground corn, alfalfa hay, and cotton seed meal. These calves were compared with lots of steer calves that were fed feterita and milo in the ration in place of the corn. Here is the results over a 165 day feeding period for all three lots. For corn, a 2.02-lb. per gain was made, for feterita, a 2.06-lb. per day gain was made, and a 1.99-lb. gain was made on milo. These figures show no significant difference in either of the three. Corn put a little higher quality gain on than grain sorghum, but the steers fed on corn did not show the economy of gain that steers fed on grain sorghum.

The Wheeler County Soil Conservation District has two legume drills and one grass drill that

many used during the planting season. There is a charge of 25 cents per acre on the legume drills and 50 cents per acre on the grass drill. If any of you have used these drills and have not paid for their use, please try to do this as soon as possible.

Mrs. J. F. Witt of Amarillo came Tuesday to visit with friends and attend to business in Wheeler. She spent Tuesday night with Mrs. J. M. Porter and attended the art exhibit and meeting of the Wednesday Study Club Wednesday afternoon.

Brewer Answers Mayor's Letter About Telephones

EDITOR'S NOTE—Pursuing our policy of trying to be fair with all parties involved in any argument of public interest, we are printing below a letter which was written by R. L. Brewer to Mayor R. H. Forrester concerning improvement of telephone service in Wheeler and the surrounding territory. The following letter is in reply to one which was written some few weeks ago by Mr. Forrester to Mr. Brewer.

Mr. R. H. Forrester, Mayor
City of Wheeler
Wheeler, Texas

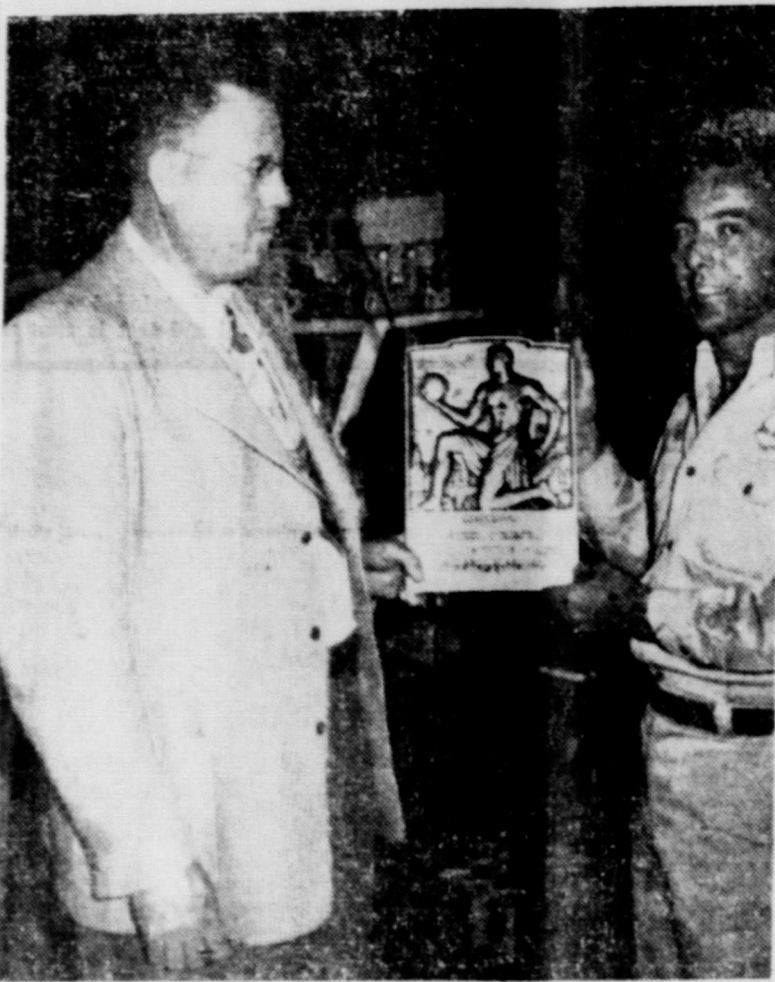

Dear Mayor Forrester:

This will acknowledge receipt of your recent letter and will confirm our conviction in which you asked for information regarding the possibilities of a dial system for Wheeler and improvement of rural telephone service in the

Wheeler trade area. First, let me say that the Company is looking forward to converting almost every exchange in its system to dial. Such a program, of necessity, must take into consideration physical and economic problems. Dial telephone systems, unlike automobiles, refrigerators, etc., cannot be mass produced. Because of the difference in requirements of each city and the cost of dial equipment, each system must be carefully engineered to fit the needs of the city it is to serve. In other words, it must be tailor-made. The wide-spread demand for dial service and the limited production facilities also present a physical problem.

The economic part of the problem is one that must also be given careful consideration, especially when the continuation of the present type of service might be in the economic interest of the general public. The discarding of present systems, even though some of them have been in service many years, on a wholesale basis and within a short period of time would place a tremendous burden on subscribers. In other words, and even though a particular system has been in use for many years, it must be maintained in good working order right up to the time it is replaced with a different type system. Likewise, it represents a capital investment that must be recovered from the only source available—charges for service.

I would like very much to tell you in this letter the exact date that dial service could and would be available at Wheeler. However, deliveries of materials and equipment have already been slowed down by current world conditions. I can assure you that I am personally interested in seeing a dial system installed at Wheeler just as soon as it is practicable to do so and that I will let you know when it can be provided just as quickly as we feel reasonably sure that we can meet the commitment. I have asked that money be allo-

Pictured above is Jack Garrison as he received a bronze plaque from B. F. Chapman, B. F. Goodrich Co. representative from Amarillo, commemorating 15 years of pleasant relations between the B. F. Goodrich Company and Jack. Everyone in Wheeler knows the popular owner of Garrison Service and it is no wonder to them that he has enjoyed 15 years of pleasant relations with the B. F. Goodrich Co.

Health Officer Says There Are 500 Millions Colds In U. S. Each Year

Dr. Geo. W. Cox, State Health Officer, estimates that there are 500 million colds a year in the U. S. A. and they take an economic toll of two million dollars. This does not take into consideration the inconvenience suffered, or the fact that following or during a cold, other serious illness such as pneumonia, tuberculosis or mastoiditis gain a foothold. And the common cold is only one of the many winter enemies that encounter everyone from the crib to the coffin; some of the others are influenza, bronchitis, ear infections, sinusitis, and pneumonia. These are all respiratory diseases and they are caused by many different germs. Some of these germs are called bacteria, and some are called viruses.

desire any further information, I will be glad to furnish it upon request.

Yours very truly,
Roy L. Brewer
District Manager

IT PAYS!

You bet it pays to get the real IH parts for your tractor. You can't beat them. They are made in the same plants, by the same men who build them for the original tractors. They will fit and wear and give the same long satisfaction as the originals. So why take a chance on substitutes? Give us a list of the parts you need and we'll get them ready for you.

CATTLE GRUBS

According to the dope that some expert has figured out, the damage caused by the cattle grubs each year here in Texas is about \$20 million. When you get to thinking about this figure, it is quite a little money.

Due to the life cycle of the grub, this is the only time of the year that any control measures can be taken against them and rotenone is the only insecticide that is effective.

The heel fly which is the adult of the cattle grub starts its work early in the spring. They lay eggs on the hair about the dew claws of cattle. The eggs hatch in a short time and the young grubs enter the skin and into the animals body. After staying in the inter part of the body all summer, the grubs move into the backs of the animal late in the fall from September to December and after about 30 days, completes its development, emerges and drops to

the ground to start a new cycle again.

Due to the fact that the heel fly never eats, the only time to control the grub is when the grubs are in the cattle's back. If every grub was killed in the cattle's back, this would completely destroy the heel fly as this cycle is the only way for it to reproduce.

RANGE VEGETATION

Much has been said about grass and range conditions, but at that probably not enough can be said as grass makes up 75-80% of the diet of livestock in Texas. Most livestock men pride themselves of knowing good animals the same should be true of grass.

This is just a build-up for what we have been trying to say all along. This year we have seen over the county the occurrence of many climax grasses; grasses that have been previously grazed into near non-existence. Under growing conditions of this past season, many of these grasses have made their way back. It would be wise to check pastures this time of year and locate these grasses for they are the ones that cattle graze first and prefer. Make that check if you haven't already, we think you will benefit by it. We will try to identify any that you can't recognize.

4-H COUNCIL MEETS

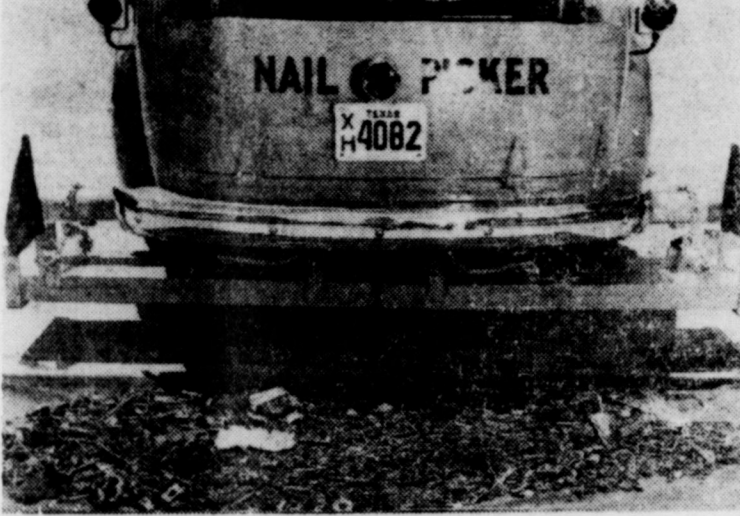

The Wheeler County 4-H Club council met Monday night, October 30 at the Wheeler County Courthouse. Plans were made for the annual achievement program to be held at Wheeler, November 9th. This program will give recognition to outstanding 4-H members and award medals will be given.

Labor accounts for 25 to 30 percent of the cost of producing milk. More efficient use of labor and labor-saving equipment can cut operating costs.

**What To Do With a Nickel
When Thirst Arrives**

The magnetic nail picker of the Texas Highway Department will arrive in this county soon to sweep the highways and road shoulders in this area of metal objects. P. S. Bailey, State Highway Maintenance Engineer, points out to John Nations, Director of the Equipment division, the screws, nails, spikes and other metal collected on a short run. Joe Webb of San Angelo is the driver.

Electric magnets at the rear of the nail picker collect loose metal objects. The magnets are activated by a large generator in the bed of the truck and are strong enough to pick up manhole covers. Gathered in this pile of scrap metal are 2000 potential punctures.

LEGAL NOTICE

**CITATION BY PUBLICATION
THE STATE OF TEXAS**

TO: Lester Galbreath
GREETINGS:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 11th day of December, A. D. 1950, at or before 10 o'clock A. M., before the Honorable District Court of Wheeler County, at the Court House in Wheeler, Texas.
Said plaintiff's petition was filed on the 25 day of Oct., 1950.

The file number of said suit being No. 4150.
The names of the parties in said suit are:
Ila Faye Galbreath as Plaintiff, and Lester Galbreath as Defendant.
The nature of said suit being substantially as follows, to-wit: "Suit for Divorce by reason of Cruel Treatment."
Issued this the 25th day of October, 1950.
Given under my hand and seal of said Court, at office in Wheeler, Texas, this the 25 day of October, A. D. 1950.
(SEAL)
CHRISTOPHER S. McCLAIN
Clerk, District Court,
Wheeler County, Texas
46-4c.

Society

**Mrs. Burgess Hostess
To Good Neighbors**

The Good Neighbors Club met with Mrs. Barney Burgess, Oct. 24, for an all day meeting.

Making copper-craft pictures was the demonstration given by Mrs. John McCarroll and Mrs. Grady Dodd, with eleven pictures being completed. Work was also done on the club's United Nation's Flag.

In the afternoon the regular business meeting was conducted by the president. Officers and committee chairmen gave summaries of the year's work, as well as each demonstrator.

The election of officers for another year was held and are: Mrs. Grady Dodd, president; Mrs. Barney Burgess, vice-president; Mrs. Charles Mixon, secretary and treasurer; Mrs. Milton Finsterwald, council delegate; Mrs. Weaver Barnett, alternate council delegate and Mrs. Bill Finsterwald, reporter.

Following adjournment of the meeting a pink and blue shower honoring Mrs. John Topper was given by Mrs. Barney Burgess,

with Mrs. Jack Hefley as co-hostess.

Refreshments were served to: Mesdames J. L. Smith, Roy Johnson, Clyde Meek, George Warren, Herman Topper, Bill Topper, Jack Hefley, and the honoree, John Topper. Club members, Mesdames Mary Finsterwald, Audie Sivage, Essie Finsterwald, Opal Hefley, Katie Finsterwald, Maurine Barnett, Mattie McCarroll, Bernice Ramsey, Mary M. Dodd and Florence Burgess, hostess.

The Good Neighbors Club will meet with Mrs. Katie Finsterwald November 14.

CHEVROLET TRUCKS
with Chevrolet's Hypoid Rear Axle**

Chevrolet trucks are engineered to "take it," in every way. Chevrolet's heavy-duty hypoid rear axles offer maximum strength . . . with single-unit housings formed into tubular steel beams, and splined axle-to-hub connections that deliver power more evenly. Gears last longer, too . . . pinion gear is ball-bearing supported at each end, with adjustable thrust pad to prevent distortion on extra heavy pulls. Add these advantages to powerful Valve-in-Head engines, Synchro-Mesh transmissions, and channel-type frames. Then you'll know why Chevrolet is the most popular truck in America. Come see these great Chevrolet trucks today!

ELECTRIC RANGE BROILER COOKS COMPLETE MEAL

By Miss Fern Brannen
Home Service Adviser
Southwestern Public Service Co.

For quick, easy and oh so tasty tempting meals try a broiler combination in your electric oven.

In the electric oven, broiling approximates charcoal broiling over glowing coals. It's the delicious flavor of electrically broiled foods that makes them a mealtime sensation. Many dietitians praise electric broiling for its healthfulness.

The broiler unit in the electric range is in the top of the oven, so that the meat is always in a convenient position for turning or adding sauce. The broiler pan and rack, that is provided with each electric range is so designed that it protects fat dripping from the direct heat, thus eliminating smoke. The broiler pan rests on a sliding oven shelf, adjustable at different positions in relation to the heating unit. The counterbalanced oven door has a stop which holds the door ajar during the broiling period. This permits the broiler to maintain correct broiling temperature.

Meat for broiling should be tender, but it need not be the most expensive cut. The growing direct heat of your electric broiler gives that delicious grilled flavor to chopped beef or lamb, fish fillets, sausage, frankfurters, bacon sliced or ground left-over meat. Other popular cuts of meat for broiling are beef tenderloins or steaks, sliced ham, calves' liver and chicken. Steaks may be cut from 1-in. to 2-in. thick Lamb Chops, to may be cut this thick, although 3-in. thick can be broiled successfully. A chop which is cut too thin will be done clear through before the exterior is sufficiently browned causing an undesirable drying out.

You can double the capacity of your broiler by filling the rack with meat, and arranging left-over or canned vegetables in the pan beneath. Vegetables will be steamed hot and seasoned with the meat drippings when the meat is done.

To add glamour to broiler meals try garnishing them with broiled fruits such as bananas, raw apple rings, orange or grapefruit halves or sections, and canned pineapple, peaches, pears or plums.

Remember electric cooking is flameless—clean as sunshine—to add more enjoyment to the fast and simple job of meal preparation with a modern electric range.

Mobeetie Meditations

(Continued from Page One)
chapter. Refreshments were served to some forty-five members and guests.

Mrs. W. H. Morgan received a message on Thursday of last week, that her father was seriously ill at Walters, Okla. The family left for Walters the same day and her father passed away on Friday, following. Funeral services were held Sunday afternoon. Our deepest sympathy is extended to Mrs. Morgan and her family.

Mr. and Mrs. Richard Dyson moved Friday into the home in east Mobeetie they have recently purchased. Mr. and Mrs. R. H. Dyson moved to the A. R. Meek place near Briscoe, vacated by the Richard Dysons.

A new and modern, up-to-date soda fountain is being installed in the Mobeetie Drug Store this week.

We offer our condolence to Mrs. R. A. Sims and her family, who received word of the death of her sister-in-law, Mrs. Harvey Anderson, in Amarillo, Tuesday. The Andersons lived in this community several years ago.

The W.S.C.S. of the Methodist Church observed the Week of Prayer with a special program at the church Wednesday evening.

Mrs. J. T. Johnston and son, Jimmy returned home Wednesday morning from Mt. Carmel, Ill. after visiting in the home of her mother and father for a couple of weeks or so. In as much as your reporter had been helping out at the bank during their absence, their return is quite welcome.

Sunday dinner guests of the Clarence Dysons were Mr. and Mrs. Bud Boyles of Pampa, Mrs. Boyles is a niece of the Dysons, the former Va Rue Dyson, who lived here with her family several years ago.

Mr. and Mrs. Elbert S. Trout moved Saturday, to the Garrison place south of town, that they recently bought.

Mr. and Mrs. J. L. Waters went to Brownfield last Tuesday, to attend a reunion of the Waters family. They returned home the latter part of the week.

Mrs. N. J. Tyson left Wednesday for Abilene to visit her daughter, Nannette. They expect to make a business trip to Dallas during her stay.

Miss Patsy McCauley, is ill at her home. She returned home from Amarillo Saturday after a couple of days enforced absence from school, and has been confined to her bed since that time.

Mr. and Mrs. Doug Sims and their niece, Mrs. Susie Spearman were Amarillo shoppers on Monday.

Mr. and Mrs. H. E. Matthews made a business trip to Amarillo Monday.

TREAT YOUR FAVORITE GIRL FRIEND
AT THE
CITY DRUG STORE FOUNTAIN

Bring your friends to our fountain often for delicious toasted sandwiches, tempting cold drinks or fresh, steaming hot coffee.

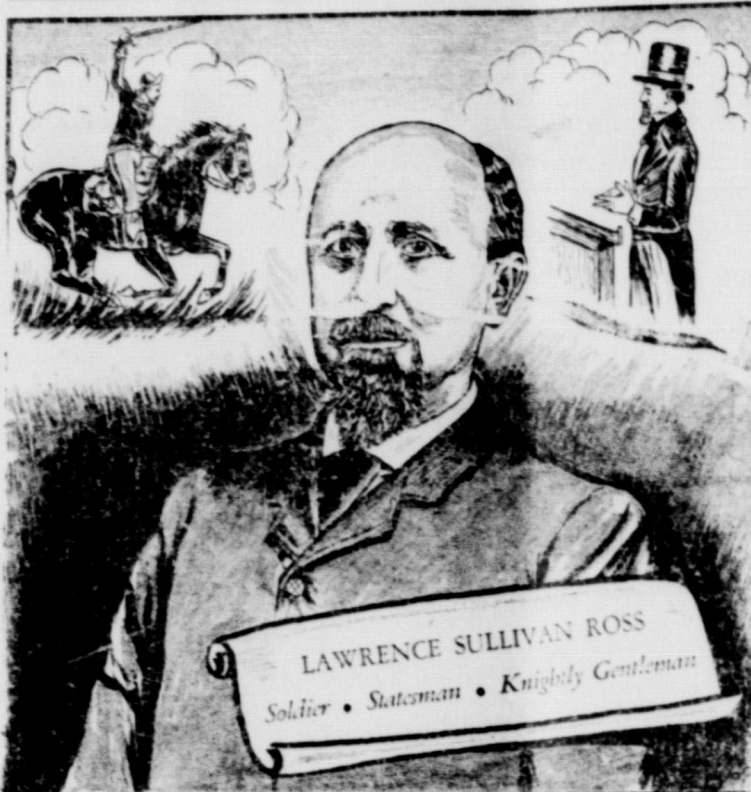

Yes, you can make a meal at our fountain, too. A good toasted sandwich and a nutritious malted milk or some other milk drink leaves little to be desired.

Texas Venture

In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

Lawrence Sullivan Ross, one of the most colorful figures in early Texas, did much to establish the A. and M. College of Texas as a ranking educational institution, and put it on the way to the position it holds today. "Little Sul," as he was affectionately known to Texans of the '90s, had made his reputation as an Indian fighter, Texas Ranger, sheriff, soldier and statesman, before he came to the presidency of A. and M. Among his more noted exploits had been the recapture of Cynthia Ann Parker, his rise in the Confederate Army from private to General in four years and his effective term as Governor of the state. In the eight years from his inauguration in 1890 to his death, he enhanced the popularity and the stature of the college tremendously. The Sul Ross statue in the center of the campus is today a college shrine, while the Ross Volunteers, oldest student honor organization in the state, serve as a constant reminder of his place in the story of Texas A. and M.

THE OLD HOME TOWN

Charles Waters, who is employed at Gem City spent the weekend with his family here.

R. P. Watts and two children of Borger, were Mobeetie and Jowett Station visitors Saturday.

Wheeler Whisperings

(Continued from Page 1)
ple of this vicinity since most of them have children in school and had rather have a day off when their children do not have to go to school so they can go somewhere if they wish to without having to have the boys and girls miss any school work.

Wheeler, like most other small towns is not observing November 11 this year since it falls on Saturday, but, of course, the courthouse, post office, and bank will be closed; so, anyone who wishes to do business with the Wheeler Times on that date will probably have to look one of us up.

We hear, indirectly, from Capt. John Carter that he is getting in plenty of flying time at Langley Field, Virginia, fact, he stated in a letter to his former secretary, Jo Sipes, this week that he and the other pilots who were called in just 10 days ahead of him were having to fly 7 days a week. We imagine that this flying every day gets just a little old. John also stated that he missed Wheeler more than he ever thought he would. Incidentally he signed the letter, "Homesickly yours, John."
