

Moebettie Meditations

Mrs. H. L. Flanagan

Sunday is Layman's Day at the Methodist Church and local congregation will be the center of the entire service. The spirit of Wheeler will be the order of the hour and a quartet will render music.

Fernon Willard, pastor, has that a week of special services will begin on Monday and continue until Sunday, with a different each evening. We will list of these speakers for each week, but it isn't available at this time.

Members of the local Baptist church who attended the District Convention at Wellington Tuesday: Rev. and Mrs. L. E. R. Meek, Mr. and Mrs. John, Mrs. E. E. Johnson, Mrs. Tracy Willis, Mr. Frank Mote, Mrs. Grady and her mother, Mrs. Belle Canadian. Everyone enjoyed the evening session and Dr. J. Howard Williams presided at that time.

Masonic Banquet last evening was attended by fifty members and L. D. McCauley acted as master, and J. R. Patterson as invocation. Harry Wolf was the speaker for the occasion. He was accompanied by Wofford, Mrs. H. E. Matt and a humorous poem and American Creed, followed by a pledge of allegiance to the States flag and Mrs. Sammas Sr. played a medley of selections. The benediction was said by Rev. Sam A. Sr.

Edith St. John left Friday for Benton Harbor, Mich. Two months visit with her Bob St. John and family. She returned in Chicago, some hundred miles from Benton Harbor.

Guests of the John Kents were Mrs. Kent's mother, A. P. Watkins of Hamden, Okla. She returned home today accompanied by her son, Gary, for a short visit.

Hallie Romines was hostess at Mt. View Quilting Tuesday, the 20th, when quilts were quilted. Fourteen were present with Mrs. Patton and Mrs. Pauline as visitors.

Visiting in the Doyle home last Sunday were Mrs. H. R. Grimes of and Mrs. Jeff Brewer.

Lions Club met in regular Tuesday evening with 17 present. A special guest evening was District Gov. Marshall Harvey of Lubbock.

Members of the John Dunns this evening were their daughter, Maurita, only, the Bud Heibergs, Robinson, Kan. who are en route California after visiting Heiberg relatives. Bud is member of the Air Reserve and called into service on 10th.

Visitors to the Amarillo Show Tuesday were Mrs. C. J. Van Zandt, Mr. Kenneth Corse and Mr. Roy Farmer. Earl Corse and Van Zandt entered their homes in the show.

Moebettie was represented at Teacher-Trustee Banquet at Monday evening by the teachers and trustees: C. R. Brown, Mr. and Mrs. Scribner, Mr. and Mrs. Cole, Mr. and Mrs. J. A. Mrs. John Crowder, Mrs. Trumble and Mr. and Mrs. J. Thaw.

John Kent left Tuesday for Detroit, Mich. for a ten day visit with her daughter, Mrs. Gavinski.

Visitors in the Bob Galome were Mr. and Mrs. Ward, Wichita Falls, Mrs. Lawrence and daughter, Ruth, El Paso, Mr. and Mrs. Ernie Patton and son, Ernie.

BURGESS POINTS OUT MAJOR IMPROVEMENTS

EDITOR'S NOTE: — The following is an article written by C. W. Burgess regarding improvements made and being made by the Southwestern Public Service Company in this vicinity.

With the object in view of improving service in this vicinity, Southwestern Public Service Co. has made several major improvements in their facilities in the past two years, and more are proposed for the future.

A motor operated switch has been installed at the Wheeler County sub-station. This eliminates interruption of service, when trouble is on the transmission lines not in our vicinity. Previous to the installation of this switch, an employee had to drive from Wheeler to Jowett plant and operate the switch manually. Now the operator at Jowett plant pushes a button, which opens the switch and allows service to be restored to all Wheeler County.

The Jowett sub-station, which formerly had been located adjacent to the power plant has been moved several hundred feet east. Water from the spray pond, blowing on this station had previously caused numerous interruptions of service here.

Two years ago both Wheeler and Moebettie received their power through the same feeder line from Jowett plant. Since then this line has been divided, so that Wheeler power is independent of Moebettie power. Two automatic breakers have been installed, one on each of the two lines. If a fault occurs on either of these lines, it will open the automatic breaker, which will remain open for approximately 30 seconds. Then the breaker will close and unless the line has been damaged, service will be restored. Prior to the installation of these breakers, with the old fused switches, a man had to drive from Wheeler to Jowett plant to refuse.

A voltage regulator has been installed in the Wheeler line, which automatically increases or decreases primary voltage as needed. Thus when the peak load comes on the primary voltage will remain the same.

A portion of the 13,000 volt line, leading into Wheeler has been rebuilt, and all of the lateral lines, feeding off this line have been fused off. This means that each of the lateral lines has an individual fuse, and if trouble occurs on one of these it will not interrupt service here in Wheeler, or any of the other laterals.

In Wheeler part of the primary and secondary system have been rebuilt, and a 13,000 to 120-240 volt sub-station has been built to serve the east part of Wheeler. This distributes the load more evenly and improves voltage. Some voltage surveys have been made and the necessary adjustments made to raise or lower voltage as needed.

In Moebettie the 13,000 to 2,400 volt sub-station has been relocated and rebuilt, and such primary and secondary lines have been rebuilt as were needed to improve service. The relocation of the sub-station centralizes the source of supply, which gives better voltage.

\$54,800.00 has been spent locally in the past two years to make these improvements and more are planned for the future. An expenditure of \$7,400.00 has been approved to build a shield or static line above the 66,000 volt line, which connects Southwestern Public Service Company with West Texas Utility Company at Shamrock, Texas. This will eliminate many of the transmission line interruptions caused by electrical storms. Plans are being made to do the necessary maintenance on the 66,000 volt line between Bowers sub-station, at Lefors, Texas, and Jowett power plant. This will be to replace all faulty poles, crossarms, insulators and to re-size the conductor and shield lines. The Company engineers are (Continued on Last Page)

Moebettie P-TA Will Hold Meeting Mar. 8

The Moebettie P-TA will meet Thursday night, March 8, at 7:30 p.m., with Mrs. Jack Miller and J. A. Neece as speakers. It was announced that a nominating committee would be appointed at this time. All members are urged to make efforts to attend this meeting.

DOYLE WATERS
AT MP SCHOOL

Mr. and Mrs. Fred Waters recently received a letter from Col. Frances E. Howard Commander of the Provost Marshal General's School at Camp Gordon, Georgia stating that their son, Doyle, has recently arrived there to take the Military Police Course.

The colonel's letter states that Doyle will receive instructions in the following subjects: Guard duty, map reading, employment of MP weapons, military law, train and town patrol, prisoners of war, domestic disturbances, traffic control, investigative technique, internal security, first aid and judo.

The letter points out the fact that successful completion of this course will enhance his opportunities for advancement and promotion in the United States Air Force.

The letter states further: "The Military Police Corps made an enviable record in World War II. Your son's studies will not only benefit him in his Air Force career, but will also give him a background for an interesting civil occupation should he elect to leave the Air Force."

"While he is at the school, in addition to his school studies he will receive intimate attention concerning physical, moral and character guidance.

"During his off duty time, he will have available at the Camp, swimming pools, service clubs, athletic facilities, chapels, hobby shops, movies and libraries.

"I am sure that he will derive lasting benefit from his time here at Camp Gordon."

ABBOTT SELLS PART OF KEVA

Jim Abbott, manager of Radio Station KEVA, announced this week that Farrell M. Brooks of Duncan, Okla., will be a partner in the Wheeler County radio station.

Brooks will share managerial responsibilities of the station with Abbott and assist in announcing and sales, in addition to serving as chief engineer of KEVA. He assumed his duties this week.

Abbott said Brooks is purchasing a substantial interest in the business and that financial aspects of the radio partnership will be announced as soon as the application has been passed on by the Federal Communications Commission in Washington.

Abbott's application to purchase KEVA from Albert Cooper was filed with the Communications Commission on Jan. 2, and approval is expected momentarily. Formation of the partnership with Brooks will be made immediately upon FCC approval, Abbott said.

Brooks is 25 years old, married and a veteran of World War II where he served in the Signal Corps. He and Mrs. Brooks were both active in the First Baptist Church at Duncan. Brooks is a member of the Masonic Lodge at Duncan. He attended Cameron College at Lawton and Port Arthur College at Port Arthur, Texas. He is native of Marlow, Okla., and has been affiliated with Radio Station KRHD at Duncan for the past three years.

Abbott came to Shamrock from Altus two months ago. He was formerly associated with radio stations at Port Arthur, Elk City, Childress, Norman and Altus. He is 26, a veteran of World War II, married and has one child.

Mr. and Mrs. M. L. Gunter, Jr. and little daughter of Spearman visited his mother and other relatives here Sunday.

CITY, SCHOOL ELECTIONS TO BE IN APRIL

People of Wheeler and this vicinity are going to have the opportunity of voting in two elections during the first week in April. The city election comes on the first Tuesday, April 3, and the school election on the first Saturday, April 7.

There are two councilmen to be elected since the terms of Archie Hibler and T. M. Bowman expire. Holdover members of the council include Mayor R. H. Forrester, and Councilmen R. M. Green, H. W. Coffman and J. C. Howell.

The terms of three members of the Wheeler Independent School Board of Trustees expire. They are Frank Wofford, president, T. C. Lott and T. A. Richardson. Other members of the local school board are Cleo Gaines, L. A. Parks, Bill Owen and Lyndon Sims.

The term of L. D. McCauley of Moebettie, member of the county board of trustees from Precinct No. 1, expires this year.

Wheeler Whisperings

By J. C. Howell

Frank Wofford tells us that he doctored D. O. Beene with some of this new medicine he is now advertising for use in stopping pain and Mr. Beene reported that he was relieved of the pain caused by his sinuses very shortly after having the ointment applied.

Wednesday we received a copy of the Korean Times and the Pacific Stars and Stripes from Norris Walker who is a member of the crew of the USS Bisbee which happened to be in the vicinity of Korea. Both the papers are dated Wednesday, February 21, and reached us Wednesday, February 28, which is only 6 days considering the fact that their time is 1 day ahead of ours. The Korea Times is a single sheet affair which is printed on both sides. It is published by Sang Yong Kim and the address is 7, 2ka, Chung, Ang Dong, Pusan. The Pacific Stars and Stripes is a full size 8-column paper and has 4 pages and carries AP, UP and INS wire services. Neither of the two carried advertising whatsoever. We know who is paying for the Stars and Stripes but we can't understand how the Korea Times gets along without any advertising.

The blank space above indicates the color of Joe Rogers face shortly after he left the Walker Clinic Tuesday morning after his wife had presented him with twin sons. We would like to report that Dean who weighed 5 lbs., 14 oz., and David, who weighed in at exactly 6 pounds, as well as Mrs. Rogers are all doing nicely. The boys are the grandsons of Mr. and Mrs. W. F. McNeill of this city and Mr. and Mrs. C. H. Rogers of Ft. Sumner, N. M.

Shelby Pettit tells us he has scheduled an Auction Sale for next Tuesday, March 6. The sale is to be at the old A. B. Davis farm which is located 8 miles east and 1 mile south of Wheeler. M. O. Potter is the owner of the livestock, implements and furniture which is to be sold. The sale will begin promptly at 12:30 o'clock Tuesday. The Home Economics Class of Kelton High School will serve lunch at the farm.

CHANUTE AIR FORCE BASE ILL.—Cpl. Richard R. McCandles, son of Mr. and Mrs. Charles A. McCandles, 6 miles east of Wheeler, is attending an aviation specialist course in the Technical Training Center, Chanute Air Force Base, Ill.

Cpl. McCandles will attend the Chanute School for approximately eight weeks and upon successful completion of his course, will be reassigned to a permanent Air Force base.

Cpl. McCandles has been in military service two years.

Mother Of Mrs. Speck
Passes Away In Tenn.

Word has been received here of the death of Mrs. John Speck, mother of Mrs. Robert Speck of this city, early Wednesday morning in Tullahoma, Tennessee.

Mrs. Speck had been suffering with cancer for several months previous to her death.

Band Boosters Need Talent For Amateur Show For March 23

Mrs. Lyndon Sims requested this week that anyone who is interested in appearing in the "Dixie Boy" Jordan Talent Show, which is to be presented by the local Band Boosters Organization on March 23, to please get in touch with either herself or Patrick Boddy, local band director.

Anyone in the county is invited to enter this amateur talent show and the numbers which are the best will receive prizes.

The first two prizes will be trips to Wichita Falls to appear on the "Dixie Boy" Jordan Show and the Saturday night barn dance which is sponsored by the Wichita Falls radio station.

Proceeds from the show will be used to buy more band uniforms and equipment.

SIEGMUND IS NEW CO. AGENT

Knox Parr, district agricultural agent, announced the appointment by the Wheeler County Commissioner's Court and the Extension Service of Texas A. and M. College of R. D. Siegmund as County Agent of Wheeler County, effective March 5.

Siegmund replaces Ralph G. (Buck) Wheat who has been called to active duty with the U. S. Army. Wheat is due to report to Fort Sill, Oklahoma next Monday. Wheat is a second lieutenant in the reserve.

Siegmund is at present an assistant county agent at Belton. He is a graduate of Texas A. and M. College with a degree in Animal Husbandry. He is a veteran of World War II and was raised on a farm in Cook county. He has been with the Extension Service for two and a half years and has made a very satisfactory record during this training period and, no doubt, will be able to fill the place left vacant by Mr. Wheat in a very acceptable way.

Mr. Siegmund has been active in 4-H Club work, soil and crop improvement, and other agricultural programs which have been conducted in Bell County by the Extension Service for many years. He has been very desirous of an appointment in West Texas ever since his graduation from A. and M. and he is particularly pleased to accept the place in Wheeler County Mr. Parr pointed out.

Mr. Parr also pointed out the fact that Ralph Wheat has served very satisfactorily in Wheeler County both as Assistant County Agent and Acting County Agent. He has made an enviable record with his work with the 4-H Clubs and other projects and the people of the county are indeed sorry to lose him.

Robert Ledbetter will continue here in the capacity of Assistant County Agent.

Briscoe Seniors Will Present Play Fri. Night

The Briscoe senior class wishes to announce that they will present their play "Tiger House" Friday night, March 2, at the Briscoe Auditorium.

The cast of characters includes: Erna Lowrie, Doris Brotherton; Aunt Sophia, Lottie Murray; Mystery Woman, Joyce Caudell; Peggy Van Ess, Mary Jo McNeill; Yami, S. W. Dougherty; Arthur Hale, Douglas Robertson; Mac Intosh, Kenneth Levitt; Mrs. Murdock, Imogene Pannell; Thomas, Leottos Murray; Oswald Keirins, Thomas Roy Helton.

The admission prices will be: students 25c and adults 50c. The public is cordially invited to attend.

Twitty Soldier Is Training At Chanute

CHANUTE AIR FORCE BASE ILL.—Cpl. Richard R. McCandles, son of Mr. and Mrs. Charles A. McCandles, 6 miles east of Wheeler, is attending an aviation specialist course in the Technical Training Center, Chanute Air Force Base, Ill.

Cpl. McCandles will attend the Chanute School for approximately eight weeks and upon successful completion of his course, will be reassigned to a permanent Air Force base.

Monday Is Date Set For Red Cross Fund Drive Here

LOCAL SCHOOLS WILL OBSERVE SPECIAL WEEK

Wheeler Public Schools are joining those throughout the state in observance of Public School Week, March 4 through 9. Superintendent W. O. Carrick announced this week.

The school is inviting its patrons and friends to visit it some time during the week, in what will probably be the largest visitation program ever promoted in the history of the school systems of the city.

Other groups are joining the school systems in emphasizing the theme of Public School Week "Texas Public Schools—Democracy in Action."

Gov. Allan Shivers' official memorandum designating the week of March 4 to 10, 1951 as Public Schools Week follows: Official Memorandum Office of the Governor

As we take inventory of our blessings and our accomplishments in this, our 104th year of Statehood, we view with satisfaction the progress that has been made in education, the basis of which is our public school system.

The little red schoolhouse which was the symbol of public education a century ago expanded into a network of elementary and high schools, junior colleges and state colleges.

It has been a great cooperative venture. Both state and local governments have made their contributions. We like to believe that through their joint efforts the opportunities afforded our children for a sound basic education are not excelled anywhere. If we are justified in this conclusion it is only because our citizens have shown a personal interest in education and because public-spirited men and women have been willing to devote their lives to the teaching of our youth.

It is of paramount importance that this civic interest be strengthened and that those in the teaching profession be supported and encouraged in their efforts. One of the best ways of accomplishing these results is for each citizen to know the public school system. The best way to know it is to keep in constant touch with it.

THEREFORE, I, as Governor of Texas, do hereby designate the week of March 4 to March 10, 1951, as PUBLIC SCHOOLS WEEK in Texas, and urge every citizen to visit a public school during this period to become personally acquainted with the programs and accomplishments of our educational system.

ALLAN SHIVERS

Former Resident Dies At Gordonville Monday

Word has been received here of the death of Albert Hayter at Gordonville on Monday of this week. Funeral services were held Tuesday at Gordonville.

Many local residents will remember Hayter since he was employed as pharmacist at the City Drug here for some time.

Mr. Hayter is survived by his wife, Ruby, two daughters and a son.

Harold Ray Starkey Is Promoted To Corporal

Harold R. Starkey, son of Mr. and Mrs. C. H. Starkey of Wheeler, now stationed at Fort Leonard Wood, Missouri, with Company A, 361st Engineer Construction Battalion was recently promoted to the rank of Corporal.

Those from Kelton attending the Baptist District No. 10 meeting at Wellington were Mr. and Mrs. Tommy Burrill, Mr. and Mrs. Wilson Hill, Mr. and Mrs. J. A. Tucker, Mrs. T. B. Killingsworth, and Mrs. J. F. Rathjen. Rev. and Mrs. Fred Higginbotham were there for the evening services.

C. B. Kirk, chairman for the 1951 North Wheeler County Red Cross Chapter fund drive, announced various community chairmen this week. The drive begins today (Thursday), March 1, and continues throughout the month of March.

At Kelton, Ollie Elliott is chairman and will be happy to accept any and all donations. Carl Levitt is in charge of the drive in the Allison community and would appreciate the cooperation of the people in that vicinity. Supt. Harold Barnett will receive donations in the Briscoe area and L. D. McCauley has the responsibility of seeing that the people of the Moebettie area are reminded of their duty to the Red Cross.

Those who will assist Mr. Kirk with the drive locally include: Ebb Farmer, Jack Garrison, Bill Owen, Cecil Clark, Archie Hibler, Thomas Daugherty, Virgil Jamison, Harry Wofford, Miss Gladys Mobley, J. C. Howell and members of the Thursday Review Club.

Mr. Kirk stated that the solicitation would be made in the city of Wheeler next Monday morning and ask that everyone have their check books handy and make their contributions generous. He states that he would certainly appreciate having anyone whom the workers do not call on to hand in their donations at an early date.

The chairman also stated that he would be happy to have anyone who can help with the drive in any way to do so.

The quota for the North Wheeler County Chapter is \$1,000 and it is hoped that this figure can be raised in a short time and the drive forgotten about before the end of the month.

NEW MERCURY AGENCY TO OPEN

J. C. Daniels, Pampa Lincoln-Mercury automobile dealer, is announcing the formal opening, March 2 and 3, of his new Mercury dealership at 302 East Highway 66 in Shamrock in a large advertisement on another page of this week's Times.

Bob Pool who is General Manager of the Shamrock Mercury agency has extended a cordial invitation to everyone in this vicinity to attend the big formal opening Friday and Saturday. Pool states that he will have 14 Mercurys on hand for the opening. Free souvenirs will be given to everyone who attend the big opening.

Prominent in Top-o-Texas automotive circles for more than 15 years, Mr. Daniels has been named the outstanding Lincoln-Mercury dealer in cities up to 100,000 population for the past three years, both in sale and service parts.

Prior to moving to Shamrock, Mr. Pool, a native of Groom, Texas, was sales manager of the J. C. Daniels Lincoln-Mercury agency in Pampa. He is married and has a 6-months-old son, Bobby Euel.

Come To Our

Grand Opening

Friday and Saturday, March 2 and 3

We would like to invite you out to our big formal opening of the new Mercury automobile agency in Shamrock Friday and Saturday, March 2 and 3. We will have souvenirs for everyone who attends and we are counting on seeing you there.

We want you to come out and get acquainted with Bob Pool, our manager, Johnny Cornett, our parts and service manager, and the ten other members of our organization who will be on hand to attend to the service needs of your Mercury and any other make of automobile at all times.

We want you to come out and see our big new building which has 10,000 feet of floor space which will be covered with new automobiles and brand new service and test equipment to service your automobiles.

We want you to see our completely paved car lot and parking area and look over all the nice things we have put in in order to give you thorough and complete automotive service.

We will have 14 new 1951 Mercurys on hand for the Grand Opening Friday and Saturday, and we would like for you to come in and see all these different models.

Any time you are in Shamrock we would be happy to have you come by and see us even though you may not want anything more than just to visit.

We have a brand new Ford wrecker which will be available for tow service at all times.

We heartily invite your inquiries on any kind of automotive repairs from minor body repairs to major overhaul jobs.

Pendleton, Mr. and Mrs. Weldon Weatherly, Mr. and Mrs. Shelby Pettit, Mr. and Mrs. Jud Johnson, Mr. and Mrs. Nig Clark and daughter, Mr. and Mrs. W. O. Carrick and daughter, Mr. and Mrs. Cecil Padlock and Bill Knighton.

4-H Club Boys Honor Ralph Wheat At Party

The 4-H club boys who have been feeding calves and the 4-H livestock judging team and their parents honored Ralph (Buck) Wheat with a party at the C. J. Van Zandt home Monday night, February 19. Buck Wheat, who has been serving as county agent the past year and as assistant county agent prior to that time, is leaving this week and will report for active duty with the Army March 5, at Fort Sill, Okla. Jimmy Harris, in behalf of the club boys, presented Buck with a Samsonite two-suit as a farewell gift. Forty-two and other games were enjoyed during the evening. Refreshments of cake and coffee was served to: Mr. and Mrs. Joe Pitcock, Carroll, Ronald and Harlan, Jr.; Mr. and Mrs. Fred Harris, Jimmy, and George; Mr. and Mrs. John Daberry, Jackie; Mr. and Mrs. Bailey Whiteley, and Lawrence; Mr. and Mrs. White Whiteley and Donald, Mrs. White Whiteley and Joe, all of Kelton.

Gene Moore Honored With Going Away Party

Gene Moore, son of Mr. and Mrs. Spurge Moore of near Mobeetie, was honored with a supper Wednesday night, February 21, prior to reporting for service with the Air Force on Thursday. Hostesses for the occasion were Mesdames Glynn Dodson, George Wells, Wallace Ehmann and W. G. Ehmann, with the supper being held at the Mt. Zion school house. Games of forty-two were enjoyed following the supper. Friends present were: Messers and Mesdames Charlie France and Susan, Lawton Hoffer, Chess Terry and Noretta, Arch Chism and sons, Mart Cunningham and girls, Jim Wells, Red Snyder, Farmer Hefley, R. W. Berry, Grady Bailey and sons, George Wells and sons, Earl Williams, Glynn Dodson and family, W. G. Ehmann and son, Bill Tolbert and Pat, A. J. Davis and Josephine, Denzil Eberting, Bill Eberting and Connie, Kenneth Corse and Earl, Henry Shelton and sons, Wallace Corse and Lee, R. C. Carter, Jack Hefley, Spurge Moore and the honoree, Gene Moore.

RECIPE OF THE WEEK

By Mary Lee Taylor

Macaroni Loaf with Creamed Tuna

Broadcast: March 3, 1951

1/2 cup milk, 2 1/2 cups cooked macaroni, 4 teaspoons melted shortening, 1 can condensed cream of mushroom soup, 7-oz. can tuna.

Preparation: Beat egg, add milk, onion, salt, pepper, macaroni shortening. Put into mold or set in pan holding 1/2 in. hot water. Bake in moderately slow oven 45 min., or until firm. Remove from oven; loosen sides of loaf with knife. Let stand 5 min. Mix and heat steaming hot mushroom soup and flaked tuna. Turn out loaf. Serve creamed tuna in ring or around loaf. Makes 4 servings.

If creamed tuna is too thick, add 2 tablesp. water.

You Will Need: 1/2 cup Milk, Macaroni, 1 can Tuna, Cream of Mushroom Soup.

Walter Rogers Reports On Doings In Nation's Capitol

THE STATEMENT OF JOE STALIN: The great significance of the recent statement of Joseph Stalin does not lie in what Joe said or what he left unsaid, but in the fact that he broke a silence of approximately two years duration. It is well known that under the communistic theory "Silent Joe" is not supposed to say anything publicly unless it is for the purpose of settling inter-party differences which are of such great concern as to require a definite announcement of policy by Uncle Joe himself. Therefore this statement could well indicate that there are repercussions within the higher echelons of the Party in Russia as to the method of handling the great masses in Russia proper and the satellite nations. There is no doubt but

that definite trouble has been encountered in the satellite countries that demanded some immediate and extreme measures. So it became necessary for Uncle Joe to speak his piece and to definitely under-write the policy that the "big lie" propaganda methods were still number one with the Reds. More about this later.

GRAIN SORGHUMS: The loan maturity date of grain sorghums could cost many farmers of the 18th District and 19th District lots of money. Congressman Geo. Mahon and myself have conferred on several occasions with the Commodity Credit Corporation hoping to secure a sixty-day extension of the loan maturity date and have enlisted the aid of numerous other Texas congressmen in this fight. There are several

"SMALL BUSINESS"

By C. WILSON HARDER

Many government officials say present national inflation is caused, in part, by too much money being in circulation. But another set of officials took a different action to solve Norway's inflation, according to ECA Bulletin #1958.

Marshall Plan gives Norway \$130 million to combat inflationary pressures resulting from the excessive amount of money pumped into the nation's economy during the war.

In other countries American taxpayers' dollars have been given to fight deflation.

C. W. Harder, Texas Congressman, is seen here.

"It is hoped," observers remark, "that if any city is bombed defense officials will agree."

"Otherwise some will order water poured on the blaze; others will order gasoline pumped on the flames."

"I shall expect the Federal Trade Commission to be alert and vigorous in its enforcement," Pres. Truman signing the anti-trust merger bill designed to plug a gap in anti-trust laws.

But, small business leaders ask, will this mean just more "lip service," as Wendell Berge, former head of the Dept. of Justice Anti-Trust Division, labelled anti-trust enforcement for the past 35 years before a Congressional committee.

Anti-trust laws enforcement protecting the public is the responsibility of the Justice Department and the Federal Trade Commission.

Commission. There is great concern over the work of the FTC.

Congress has never, despite requests from organized small business, given the FTC enough money to do a job. During the present session, organized small business will again urge Congress to act.

Simultaneously Congress will also scrutinize the entire FTC organization to see if the money will be properly spent, as a horse led to water cannot be made to drink. This probe has already started. A report just released by the House Small Business Committee spouts glaring deficiencies in the FTC.

The report states internal strife and office politics pervade the agency. The report also refers to a "premium placed on inter-office deals, strategic alliances," etc. Investigating Congressmen also found that the FTC is split into small cliques with every division jealous of any powers given any other division.

The House Small Business Committee also accuses the FTC of jumping on a horse and galloping off in all directions.

Investigators found the FTC failed to follow up on cases. Why? Congressmen are determined to find out. Next week there'll be more facts.

Everybody knows small newspapers are plagued with a shortage of newsprint, also exorbitant newsprint prices.

That is, everyone knows except apparently Marshall Plan officials, who have given \$1 million worth of newsprint to Ireland, or the equivalent of a year's supply for 1,000 substantial American weekly newspapers.

in the Congressional Record a most pertinent resolution adopted by the State Legislature of Texas concerning this resolution.

VISITORS: We enjoyed visits from the following Panhandle folks this week: H. A. Wallace, Glen Osborn and W. V. Swinburn, from Talia; Worth H. Nicholl, Charles M. Rogers and R. A. Selby, from Amarillo; Curtis A. Cryer and Ernest Kelly from Borger; Elmer J. Moore from Shamrock; J. L. Russell from Canyon; H. F. Railshack from Dalhart; C. R. Zevely and Huelyn Laycock from Pampa; and Lee Johnson from Phillips.

SIX DAYS A WEEK: Letters have been pouring in from all over the nation concerning my statement that Federal departments should stay open six days a week. Many of these are most abusive; many highly complimentary. The abusive ones did not come from the 18th District, but mostly from large cities and from Washington, D. C.

TEMPO: The tempo is increasing. Look for lots of news in the next few months, especially on the international situation.

Approximately 57 percent of all field corn planted in Texas last year was planted to corn hybrids. Research and farm demonstrations have proved that many more farmers could profit from planting hybrids.

Texas farmers should produce at the highest possible levels in 1951 in order to combat the high costs of living and production and to reduce the chances of financial loss. High and efficient farm production will also aid in the fight against inflation.

is Can Be Treatment Is ery Early

well said that pro- not only is the thief frequently the thief "life." Dr. Geo. W. Health Officer, said medical records in offices and hospitals many persons die be- not receive early prompt treatment. An outstand- of this fact is the of deaths from tub-

erculosis that could have been prevented.

"Tuberculosis is a powerful enemy, no matter what its stage, but the fact remains that early discovery and adequate treatment offer the best opportunity for cure. If the patient upon being told that he has tuberculosis co-operates fully with the strict regimen and discipline outlined for him, the disease can usually be overcome."

Dr. Cox said that in line with some of the other major killers, tuberculosis is insidious in its approach. Acute pain and discomfort are absent usually, and the symptoms are so comparati-

vely mild that the patient is thrown off guard and considers them of little importance. Herein lies the real slaying ability of tuberculosis.

"The symptoms which, singly or in combination, demand an immediate checkup by the doctor are easy tiring, a persistent cough, and continued loss of weight."

"While it is true that any of these symptoms can be present without the patient having tuberculosis, this is no reason to imagine that such is the case. Therefore, if one is suffering from any of these manifestations, the only sensible and safe thing to do is seek the advice of the family physician at once," Dr. Cox warned. "If such a course is pursued, and the condition turns out to not be serious, nothing has been lost. On the other hand, if tuberculosis is discovered, the patient by doing the wisest possible thing has probably saved his life."

He was a good man, as husbands go, and as husbands go he went.

THE WHEELER TIMES

A Contrast in Old and New

Before the modern steel kitchen arrived, little thought was given to efficiently using valuable kitchen space. Look at this one. Instead of giving the homemaker needed storage space and counter surface, the cupboards are built into the corner and the wall above the range is bare. The old fashioned wall-hung sink is unattractive and renders nearly useless the space beneath. The Youngstown Kitchens Planning Service was called in to modernize the kitchen. What happened is pictured below.

It's hard to believe, but here's the beautiful kitchen that emerged without expensive structural alterations. The corner has been made useful with a rotary corner base cabinet with three revolving shelves, and a corner wall cabinet that holds as much as an average refrigerator. Storage cabinets now line the wall above the range. And don't miss the amazing contrast between the old sink and the new steel cabinet model!

THE WHEELER TIMES

TO THE CITIZENS OF WHEELER, TEXAS

I have been deluged during the last two months with complaints about stray dogs. Some of these complaints are indeed serious. Ever so often Wheeler seems to fill up with a new supply of strays, all sizes, ages, and kinds of dogs, and it is rather difficult to prescribe to those citizens who have serious complaints as to how to protect themselves against the depredation on their chickens.

The laws of the State of Texas give a man the right to protect his own property and in some instances it is very specific in prescribing that a person can shoot a dog that is caught molesting domestic fowls.

It goes without saying that a citizen of Wheeler, even though his chickens are being dissipated by hungry dogs, would hesitate to disrupt his amicable relations with neighbors in killing his neighbor's dog.

Stray dogs are not only a menace to chickens, but they are also a menace to owned and loved dogs, and immensely more than that they are an ever constant danger to children. For this reason I appeal to the citizenship of Wheeler, who allow their dogs to run at large in the municipality, that they mark their dog either with a collar or with a harness, so that the city can find some effective way of disposing of dogs whose ownership is not marked. This is only made in the form of a plea and does not mean in any sense of the word a direction to you to mark your dog. I simply suggest this because some of the owners of domestic fowls and some parents of children and owners of valuable dogs may be considering the possibility of ridding themselves and their premises of dogs that are not known to them to belong to some other citizen of Wheeler.

If each dog owner will cooperate with us by marking their dogs, particularly those that run at large in the City of Wheeler, we can aid the entire citizenship of Wheeler by inaugurating a campaign to get rid of unowned, unloved, and stray dogs.

studying the best method for improving service on the 13,000 volt line from Jowett plant to Wheeler. The Company plans to do whatever construction is necessary to put this line in good operating condition.

The purpose of these improvements has been to try to make each portion of the system as nearly independent of each other as possible, and in this manner isolate trouble when it occurs. The elements of nature cannot be controlled, but much has been done to localize and thus minimize the effects.

New Mercury

(Continued from Page 1)
The new agency will be Johnny Cornett who hails from McLean. Mr. Cornett has had four years experience in parts and service

work. He is married and has a three year old daughter, Johnny Sue.

ELDERLY FOLK

YOU'LL SMILE, TOO... WHEN YOU GET FASTER MUSCLE PAIN RELIEF

WITH New DOUBLE-ACTION **Surin**

*ARTHRITIS • RHEUMATISM • NEURALGIA • BURSITIS • LUMBAGO

and Muscular Aches of Simple Colds Relieved at Point of Pain. NO INTERNAL DOSING... JUST SMOOTH RELIEF

SURIN CONTAINS METHACHOLINE CHLORIDE
Powerful Modern Research Drug

Elderly folks are cheering new SURIN for fast relief of their arthritic, neuritic, bursitic, sciatic and lumbago pains. They wonder—they're getting relief at the point of pain—by SURIN locally—which means no pills, powders or liquids.

Older folks' muscles are usually more plagued with lumbago pain. SURIN is helping them get wonderful relief at the point of pain.

THIS IS SURIN'S 2-WAY ATTACK ON PAIN!
(1) It utilizes Methacholine chloride, a modern research one of the most powerful ingredients known for dilating vessels. When applied at the point of pain (2) it permits selected pain-relieving agents to penetrate fast. In a few minutes, you experience glorious relief that develops and lasts for hours! Try SURIN—even though you've suffered years—and expect fast relief!

SURIN IS SO EASY TO USE!
Just smooth SURIN on lightly wherever you feel local pain... and amazingly fast, it goes to work, penetrating at the Point of Pain! Look for soothing warmth and relief fast, as those stiff muscles and joints quickly loosen up.

THE SECRET OF SURIN
SURIN is based on a new application of a principle whereby the use of Methacholine chloride allows a marked degree of absorption of the analgesic drug through the skin... to give you fast relief at the Point of Pain... where you need it most!

You'll like SURIN's new ointment base, too! Smooth, creamy-white, greaseless, stainless. Won't harm washable fabrics.

DON'T RISK A CENT!
Try SURIN today! If you don't agree it's a wonder-working ointment for fast relief at the Point of Pain, your druggist will cheerfully refund your money!
