MISS BILLIE V. BROWN

MISS BROWN IN PROMINENT IN TCU ACTIVITIES

Miss Billie V. Brown, popular Wheeler student at Texas Christian University, Ft. Worth, as director of the United Religious Council at TCU, led the privilege of introducing Dr. Robert Andrews Millikan to the Student Convocation recently at the Ed Landreth Auditorium in Ft. Worth. Dr. Millikan is perhaps best known for the investigation of cosmic rays which led to the development of the atomic bomb. He has been the recipient of more than twenty-five degrees, the Nobel prize, the Hughes medal, the Faraday medal, the Edison medal, twenty medals in all, representing nine governments. He has written 18 books including his autobiography, Miss Brown's introduction of Dr. Millikan was presented on television over the WBAP Texas Newsreel.

Miss Brown, who is active in many organizations on the TCU campus, recently attended the Texas Recreation Federation of College Women Convention at Addicks. As president of that organization on the TCU campus she was official delegate at the convention and was on the program for a speech at the general assembly.

Billie V. is also one of the representatives of her dormitory to the Inter-Dormitory Council. She was recently initiated into the Sigma Tau Delta, an honorary English fraternity.

Miss Brown, who is the daughter of Mr. and Mrs. R. Wm. Brown, was a 1949 graduate of Wheeler High School.

EARLY XMAS MAILING URGED BY POSTMASTER

Local postmaster, Virgil Jamison, has asked the Times to call attention of the public to the fact that they should do their Christmas mailing early in order to be assured of their parcels, and Christmas cards reaching their destination without unnecessary delay.

The postmaster pointed out some of the suggestions which were contained in a recent postal bulletin concerning the mailing of Christmas cards and parcels. The suggestions follow:

Addresses—All mail matter must be plainly and completely addressed, preferably in ink, giving street address, including apartment number, if any, or post-office box or rural route and rural box number whenever possible. Mail intended for delivery in larger cities should be addressed to include the delivery zone number when applicable. It is important that the sender's return card appear in the upper left corner of the address side. Address tags should not be used unless absolutely necessary, in which case a slip containing the name and address of the sender and the name and address of the addressee should be placed inside the parcel for purpose of identification, if necessary. Address labels and tags should be free of any extraneous written or printed matter.

Greeting cards should go first-class mail to obtain the many advantages which this service affords.

Unsealed Christmas greetings sent as third-class mail without unauthorized writing enclosed are chargeable with 2 cents postage (if weight does not exceed 2 ounces). However, a minimum charge of 3 cents is applicable to such greeting cards which measure less than 4 inches long or 2 1/2 inches wide.

Letters or messages, no matter how brief, are to be enclosed in parcels as doing so would subject the entire parcel to the letter rate. Communications enclosed in envelopes prepaid at the letter rate may be securely fastened to the outside of parcels sent at third or fourth-class rate.

Rev. and Mrs. B. G. Syverson and family have moved into their new home just south of the Assembly of God Church which is located 2 blocks east of the Water Tower.

Wheeler Whisperings

By J. C. Howell

The Wheeler Chamber of Commerce has not functioned as a group so far this year and no funds have been solicited from the members of the organization and several things which an active chamber of commerce should look after have gone unattended.

Early in 1950 a representative group of the businessmen of Wheeler held a Chamber of Commerce meeting at the District Courtroom in the courthouse and decided which holidays would be observed throughout the year then there was no indecision as to whether or not certain stores would observe certain holidays or not. Owners and employees alike could plan alike for the holidays and they could be used to a better advantage by all concerned.

We believe the Chamber of Commerce should be revived and at least an annual meeting of all members held for the purpose of deciding on holidays and other matters of importance which are vitally important to every member of Wheeler's business and civic population.

One matter besides holidays which is an annual problem for the local chamber is the Christmas lighting and decoration for the town and the annual visit of Santa Claus to the kiddies of this area here sometime early in December.

Things like these mentioned just above should not be shoved off on the shoulders of a few of the more civic minded individuals of the city to look after but should be the result of a cooperative effort of all who gain their livelihood by serving the good people of this area.

Next Thursday, November 22, is Thanksgiving Day, a day which is always observed as a holiday almost unanimously throughout the United States, and we are sure that the greater portion of the merchants and businessmen of Wheeler are planning to join in this observation even though we have not canvassed them regarding the proposition. However, we would advise people of this area to make preparations for their needs for that day ahead of time so as not to be inconvenienced by the stores taking this holiday.

MUSTANGS TO PLAY WILDCATS IN FINAL GAME

The Wheeler Mustangs will wind up an unsuccessful District 1-A Conference campaign here Friday night when they engage the powerful, undefeated Canadian Wildcats in a contest which is scheduled to begin at 7:30 o'clock on Nicholson Field.

The Canadian Wildcats have already been certified as district winners to the Interscholastic League Committee by the District League Committee which met Wednesday afternoon to act on a protest which was filed against the Canadian team by the Lefors school officials. The protest which concerned the eligibility of Orla Curmutt, a sophomore end, and Don Brown a senior tackle, was thrown out by the district committee.

The players in question were not ineligible, but the school officials had unintentionally omitted their names from lists which were filed with the State Interscholastic League Committee at the beginning of the season.

Friday night's contest will wind up the season for the Mustangs who have won three non-conference games and have one conference game to their credit which was gained when Clarendon forfeited a game after finding that they were using an ineligible player.

Last Friday night the Mustangs dropped a 21 to 7 game to the McLean Tigers in a contest which was played on Duncan Field at McLean.

The Mustangs took the opening kick-off and retained the ball for the greater portion of the first period driving inside their opponent's twenty-yard line before losing the pigskin on downs after the Tigers had thrown Mustang backs for losses on wide plays.

The first two times the Tigers gained possession of the ball they marched all the way to score with Wayne Smith and Dan Cooper totting the pigskin over. Jack Bentley and Smith plunged for the extra point to give the Tigers a 14 to 0 halftime lead.

Jack Bentley, 122-pound senior halfback for the Tigers, scampered 19 yards for the Tigers third and final touchdown early in the third period and Smith plunged for the extra point to bring the Tigers total up to 21 points.

Wheeler's only score came in the third period when Bill Crossland smashed through right guard and scampered 23 yards to pay dirt. David Johnson carried the ball over the double stripe for the extra point.

Mr. and Mrs. James Clark of Dallas visited over the weekend with his folks. Mr. and Mrs. Jim Clark and family, and other relatives who live in Mobeetie.

Mrs. M. L. Risner of Allison was dismissed from the Wheeler Hospital Tuesday, November 13.

Plan to attend the American Legion Minstrel Friday Night, December 7th.

Voters Approve Two State Issues And Re-Allocation

FOUR ALLISON YOUTHS AT HSU

Four students from Allison are among those who enrolled this fall at Hardin-Simmons University. They are Kenneth Wayne Levitt, freshman; Shirley Jo Levitt, sophomore; Dwight Levitt, freshman; and Jackie Ray Taylor, junior.

Classes began Friday, September 21, and will continue through February 1.

Shirley Jo and Dwight are the daughter and son of Mr. and Mrs. Carl Levitt. Shirley is a member of the Life Service Band, the Christian service organization on the campus.

Kenneth Wayne is the son of Mr. and Mrs. M. K. Levitt, and has not yet joined any university activities.

Taylor is the son of Mr. and Mrs. Bob Taylor. He is president of the Life Service Band; pianist of the Ministerial Council, the ministerial students' organization; and a member of the Executive Council, the governing agent of the Baptist Student Union at HSU.

PROCLAMATION

The General Federation of Women's Clubs is about to launch a national campaign for funds to send CARE packages of food, warm blankets and clothing textiles to South Korea's war-stricken civilians.

It is fitting that such a drive be held as Americans prepare to give thanks for the blessings we enjoy. In the past five years, CARE—the Cooperative for American Remittances to Europe—has brought our person-to-person aid to the people of many countries in Asia as well as Europe. Nowhere is CARE more needed today than in South Korea, where millions of war orphans and refugees are hungry, homeless and cold.

Therefore, as Mayor of Wheeler, I consider it a privilege to proclaim that the period from November 12 to Thanksgiving Day be set aside as Women's Federation CARE-FOR-KOREA WEEKS in this city.

During this period, I urge our people to share our Thanksgiving bounty by contributing generously to the Federation campaign. We have sent our arms to keep Korea free. Now we must send CARE help—and hope—to our Korean friends, thus affirming our conviction that freedom must endure.

R. H. FORRESTER

Mr. and Mrs. V. H. Bowerman of Los Angeles, Calif. visited last week with Mr. and Mrs. W. Burgess of Wheeler. Mr. Bowerman is the son of Mrs. Burgess.

Four of the five proposed amendments to the Texas Constitution which were balloted on Tuesday were voted down by a record light vote over the entire state. The amendment which was approved by the voters was the one to increase the veterans' land fund of the state.

In Wheeler County, the voters who visited the polls disapproved three and approved two of the amendments. They disapproved the County Pensions proposal by a count of 375 to 122; the University Fund investments proposal by a majority of 305 to 177; the Rural Fire Prevention District amendment by a count of 345 to 147; 339 voters voted for the Veterans' Land Fund proposal while only 167 voted against it; and the increase in the State Welfare Payments ceiling was approved by a count of 332 to 186 in Wheeler County.

The special election which was called by the Commissioners' Court of Wheeler County for the purpose of deciding whether the county funds were to be re-allocated or not was held in conjunction with the Constitutional Amendment Election Tuesday. The proposed re-allocation was approved by the county voters by a majority of 378 to 139.

Over the state of Texas, the only amendment besides the one to increase the Veterans' Land Fund which came close to carrying was the proposal to widen the scope of investment for the University of Texas permanent fund.

At noon Wednesday, only 156,000 voters had been tabulated by the Texas Election Bureau, an unofficial tabulating agency, but it was predicted that the final count would be somewhere between 200,000 and 250,000.

51 Chest Disorders Discovered In Recent Chest X-Ray Program

County Sanitarian W. R. Ritter announced this week that he has been informed by Dr. George W. Cox, state health officer, that out of the 3,036 people who were x-rayed in the recent county-wide Chest X-ray program there were 51 chest disorders disclosed. The 51 discrepancies included TB, cancerous conditions, enlarged hearts, sisks and crooked spines.

Ritter also announced that Wheeler County has been given a permanent schedule for the annual x-ray survey which is conducted by the state health department. The survey will be conducted during the September itinerary of the X-ray equipment each year it was announced.

Mr. and Mrs. Don Dickson of Pampa are the parents of a baby son born November 13 at a Pampa hospital. He weighed 6-lbs. and 12-ozs. They named him Steve Don. Mrs. Dickson will be remembered by some as Dreka Rowe, daughter of Mr. and Mrs. P. V. Rowe, formerly of Wheeler. Steve Don is the great-grandson of Mr. and Mrs. Fred Rowe and Mrs. A. C. Mitchell all of Wheeler.

Mrs. Jack Jolly and Virgil Clay of Twitty and Mr. and Mrs. Charles Harris of Wheeler visited in Oklahoma City, Okla. Sunday with Mrs. Bailey Jolly and Mr. and Mrs. Archie Clay and family.

What Is Causing The Great Number of Teenage Marriages Around Here?

Editor's Note:—The following article was written by one of our beloved older residents who has continued to watch the trend among our younger generation despite her years and has herewith called attention to some of the facts which she believes has led to a lot of the "child marriages" which seem to occur regularly around Wheeler.

Some time ago, for several years, there was an English and journalism teacher on the Wheeler School faculty, to whom we gave credit for the exceptional school column in our local newspaper. Of course we knew her pupils deserved much credit, too and we won state recognition during that time.

Years passed. Gradually I began noticing that the school column was not being read in our home. A letter from a former Wheeler resident brought my own thoughts out into the open.

"I have quit taking the Wheeler paper," she wrote, "It so seldom mentioned any one I knew. I am so homesick for the old friends that I would have read the school column, even if it had become silly, if they had only given the last names of the young people so I could have recalled their parents but it is always 'Pat and Dick are making eyes at each other or they are mad or making up and Charles and Mary must like each other and so on. I can't place any of them so I have let the paper stop."

Believing we were only old and not able to follow the logic of the youngsters, I dismissed the whole matter of the column until a few nights ago. In the church vestibule after the service, I witnessed an incident. A small boy (8 yrs.)

was teasing an older one. His voice was not loud but it had the old time leer and my heart went out to the eleven-year old who did not speak but looked at him like he would like to choke him.

"H... loves G... H... loves G... the youngster mocked.

I did not so much blame the younger boy. He did not originate the phrase. He had heard that and again until, to him, it seemed the fitting thing to say on this occasion.

The incident took me back to my own childhood. Timid by nature and not inclined to make friends readily, I had suffered much from having adults mention my few boy companions as my sweethearts. I came to hate the word "Sweetheart" and disliked the boys thus labeled, knowing all the while, they were not responsible for my discomfort.

When my children were growing up I sought to guard them from such crude thoughtfulness. I knew it was my duty. I tried to be tactful but I stated my reason and my observations and I think it paid.

The vestibule incident set me to thinking. I believe this practice in our school and elsewhere has had a larger part than anyone has realized, in our epidemic of marriages among the children. Little folks hate it but it is different when they are adolescent. Then girls, especially, are romantic.

I must admit I am not consistent about these marriages. If my child had married before finishing high school I would have hoped the faculty and school board would see their way to letting them finish high school. On the other hand, if some other child had been foolish enough to marry while in school, I would have fear-

ed that their remaining in school would create a desire on the part of my child to do likewise.

Marriages in school become as epidemic as measles and much more serious. As one woman remarked:

"Most children fully recover from measles but they never can recover from marriage, even the best ones."

I am not advocating marriage recovery even if it could be brought about. It is much too sacred to treat so lightly.

We seek proper proportions in everything. Thirteen years of carefree childhood, three years of youth for life preparation and more than fifty years of married responsibilities is not a good proportion in life's three score and ten. Youth is every person's heritage. We feel sorry for an unmarried youth whose home life is such as to rob them of their rightful freedom to have a good time. What about the married young people? Responsibility may not be as gridding when taken on voluntarily as when forced on by other circumstances but it cannot be shirked even if it takes all their time and eventually their youth goes with it. They are often too young to count the cost.

We are inclined to think of girls only but many a boy, educationally and physically unprepared to make a living, suddenly wakes up to the fact that he has put himself in a place that required this responsibility of him.

Who is to blame? The youngsters alone? or the parents? Do these "lovey, dovey" suggestions in the school column play a part? Parents and perhaps teachers even? The School Board might do well to put their minds to work on the problem.

Proclamation

WHEREAS, in 1621 the God-fearing people who settled in Massachusetts deemed it expedient to render thanks to God for the abundant crops granted them, and

WHEREAS, from time to time since then it has been the custom of the American people to set aside a certain day in the year on which to be thankful and to appropriately manifest their thanks by celebrating a holiday, and

WHEREAS, the citizens of Wheeler should be thankful to our Lord for our being, life, reason; for nurture, protection, guidance; for country, education, religious freedom; for God's gifts of nature, fortune, grace; for redemption, regeneration, instruction in sacred truth; for God's forbearance and long-suffering after great provocations and at numberless times; for all blessings received, successes granted, good things done; for the use of things present and past; for God's promise and our hope of good things to come; for loving and careful parents; for patient and diligent teachers; congenial companions, sincere friends, sociable neighbors; for all who have done us good by writings or sermons; by counsel or examples; prayers, rebukes, or even injuries; for all such things which we know or which we do not, intended or unintended, remembered, forgotten, done for us when we wished or wished not.

NOW THEREFORE, I, R. H. Forrester, by virtue of the authority invested in me under the constitution and laws of the State of Texas, do hereby proclaim Thursday, November 22nd as a day on which the citizens of Wheeler, Texas, should openly manifest their thanksgiving to our Lord and our God, and I proclaim such day as a holiday for that purpose.

Given under my hand officially this 15th day of November, 1951.

R. H. FORRESTER, Mayor
City of Wheeler

Editorial

HIGHWAYS MUST BE SAFER

The loss of nearly one hundred lives every day on our streets and highways should emphasize the importance of concentrated effort to make motor traffic safer for those who drive the nearly 52,000,000 cars, trucks and buses, as well as for pedestrians, who are compelled to use our highways.

The development of modern highways and high speed motor vehicles has made death a fellow-traveler. No one knows with certainty when the grim specter rides along or whose life will be cut down by the invisible scythe.

Despite programs to educate us in highway safety, traffic signs and signs, improved highways and cars, the toll of accidents is appalling. We pay a high price in human life for the recognized benefits which have accrued to society through greater and faster mobility.

The problem has no single solution. Warning signals, stop signs and flashing lights are helpful but, as traffic increases, they slow down the movement of vehicles. Driving lessons and safety problems make a contribution. Regular inspection of motor vehicles, enforcement of traffic regulations and revocation of driving licenses erect a screen of protection. The problem multiplies, however, as motor traffic increases in volume as well as speed.

Amazing progress has been made in constructing highways to accommodate heavy traffic. In many places, the old two-lane highway has been replaced by a multi-lane thoroughfare. There are through highways on which grade crossings have been eliminated. Even the toll highway has been accepted in some states as a means to finance the relocation and improvement of highways for the speeding traffic.

Traffic engineers and safety specialists realize that when the movement of vehicular traffic reaches a certain density, real safety demands separation of traffic and the elimination of crossings by the construction of over-and-under-passes. They realize, as all of us do, that the construction of such thoroughfares on the desired scale will cost a lot of money. Nevertheless, it is beginning to be apparent that the lives of our users of the highways can be saved through such construction. The money must be found somewhere, somehow.

A PROFITABLE HOBBY

The issuance of postage stamps, which began as a convenient method of collecting for delivery by mail, has developed a valuable sideline through the enthusiasm with which some people become collectors.

The United States has issued many special stamps. Every time one is issued, there is a rush by collectors to get cancellations on the first day of issue. Thousands of orders are received by mail from stamp collectors all over the world.

Much the same thing happened the other day when the United Nations began sending mail from its own postoffice, with its own U. N. stamps and cancellations. Collectors flocked into the building and 300,000 orders were received by mail. Some collectors, according to newspaper reports, bought as much as \$75,000 worth of stamps.

It is perfectly obvious that such sales represent almost a windfall. There is no expense except that of printing and selling the stamps over the counter. The stamp collectors, however, do not throw their money away. Experts on the subject assert that these special stamps, if carefully saved for a period of years, practically always double or treble in value.

SUCCESSFUL YEAR ENJOYED BY 4-H OF KELLERVILLE

Kellerville 4-H Club boys had an active year as well as a good one. To one unfamiliar with 4-H work it might be asked, what constituted a good club year. 4-H Club boys have a good year when they have a good number of demonstrations and carry out an active club program.

Kellerville boys and girls began the year with a joint party. They participated in the Wheeler County Dairy Day Show at Wheeler and one of its members was chosen to attend the District 4-H Club camp at Canyon.

other boys carried out several demonstrations. The chickens were also shown. Kenneth Gossett has a beef calf project that is the first calf to be shown from Kellerville in several years.

Bobby Boyd attended the district 4-H Club camp with two other Wheeler County boys and three girls. This camp comes as a reward for good club work during the year.

Boys from Kellerville saw several educational movies and were given demonstrations on dairy cattle and field crop judging. Members of the Kellerville Club were Robert Pool, Charles Barnes, Pittman Trimble, Leslie Trimble, Garry Gray, Dallas Sargent, Eddie Brown, Kenneth Gossett, Bobby McPherson, Wendell Bolin, William Barnes, Don Haslam, Gene Farren, Tommy Bolin, Jimmy Farren, Jackie Pool, Dickie Kephact, Bobby Boyd and Kenneth Pampton.

BY HIMSELF

The class had been given a rather difficult sum to do for home work, and strange to relate, Tommy, the dunce of the class, was the only one with the correct answer.

"Did your brother help you with this, Tommy?" asked the teacher. "No, mam," replied Tommy truthfully. "He did it alone."

NO RAIN
An Indian had attempted to come Sunday morning. The Indian, though a good man, was not greatly liked. Later, when asked he liked the sermon, he said, "Big thunder. No rain."

Time to Go to Bed—Electrically!

... the way that keeps you warm all night long no matter how the temperature changes. An automatic electric blanket — just ONE blanket on the coldest of nights — adjusts itself to the outside temperature and your sleeping temperature wishes.

Why be buried under a rest-disturbing pile of blankets when one light-as-a-feather electric blanket will bring you greater sleeping comfort. Remember, too, that many double bed models come with dual temperature controls assuring each sleeper of the temperature desired.

First cost of an electric blanket is not great and operation cost is a matter of pennies. See your electric appliance dealer now, see how one blanket, electric, of course, will keep you comfortable on every winter night.

COUNTY JUDGING TEAMS MAKE FINE RECORD

Wheeler County can well be proud of the number of boys and judging teams sent to the State 4-H Round-Up and Agent's Conference at Texas A. & M. College last June.

Four judging teams, each winning second place honors, in district contests, competed in contests at the state meet.

The livestock judging teams from Kelton, made up of Jimmy Harris, Lawrence Whiteley, Carroll Pitcock and Donald Whiteley, won second place.

The dairy judging team from Briscoe, composed of Bobby Helton, Gene Haddock, Buddy Wilson and W. L. Williams, placed sixth.

The rifle team, made up of Leon Moore from Wheeler and Choppy Ambler, Kenneth Richardson, and Carroll Lackey from Kelton placed seventh.

The grass judging team, Bobby Weatherly and James Clark of Wheeler, and Joe Van Zandt of Mobeetie, placed fourteenth.

The 15 boys along with their coaches were sent to the contest with most of their expenses paid by organizations of Wheeler County. The organizations that helped pay expenses were: Wheeler County Farm Bureau, Wheeler Kiwanis Club, Wheeler Chamber of Commerce, and Shamrock Chamber of Commerce.

This number of boys that were sent to College Station this past summer was the largest delegation of 4-Hers ever to go from Wheeler County and very few counties in the State had as many boys at the round-up. Wheeler County 4-H clubs did average out the highest percentage of winners of any county in the state on the judging contest entered.

SWINE PROJECTS are popular with 4-H Club boys of Lela. Johnny Fenley of the Lela Club is shown with his registered Duroc gilt. Other boys in the club who own swine are Don Horton, Darrell Johnson, Leon Pepper and Homer Chapman.

WHEELER CLUB MEMBERS HAVE FINE DEMOS

The community of Wheeler may well be proud of their club boys. They are one of the most active clubs in the County, particular so in a variety of demonstrations. Rabbits are a very popular demonstration. Some rabbits require small amounts of space and are ideally suited for town boys that do not have the room for larger demonstrations. These rabbits are a source of meat that is only equaled by chicken. Rabbits make up a fine demonstration for many. Boys having them are: Buck Rogers, Floyd Ray Morris, Malcolm Belote, Jackie Johnson and Carroll Daves.

Burley Owen has an outstanding rabbit demonstration. He has a fine set of breeding animals and one of the best bucks anywhere.

Wheeler boys have been known to always come up with the good show calves. The calf feeding demonstration that has been frequently criticized by outsiders continues to yield good calves for the boys. "The club calf fever must be catching, since I first caught it, I can't get rid of it" was the opinion of one of the older boys. Often the progress of a club is measured by the quality of its club calves. Boys with club calf demonstrations are: James Clark, Jim Porter, Darrel Moore, Dean Sims, William Whitener and Jerry Henderson. These boys are always glad for visitors to look over their demonstrations.

Swine projects make up a large number of the projects that Wheeler boys carry out. The swine program has a breeding stock, market hogs, and show hogs in nearly all breeds.

Many Wheeler club boys are potential swine breeders. Those with swine projects are: J. E. Rogers, Richard Smith, Tony Weatherly, Troy Richardson, Dale Wofford and Leon Moore. The first four boys have registered Duroc. Dale Wofford has registered Hampshire and Leon has a fine Berkshire boar that he is crossing with Hampshire sows. Dale Wofford and Darrel Moore took Hampshires to the Pampa show last year. It was the first time these boys showed swine of their own breeding, and they did quite well. Other boys with swine demonstrations are: Jerry Smith, Harold Green, Roland Miles, Jimmy Hill, Francis Pride and Marvin Cox.

Dairy heifers and dairy cows are fine projects. Burley Owen and J. E. Rogers have started Jersey demonstrations now. Others are planning for theirs.

Jamie Clark and J. E. Rogers have completed field crop demonstrations for several years.

The Wheeler 4-H Club is divided into two clubs this year, the senior and junior. Senior Club officers are: President, J. E. Rogers; Vice-President, Reggie Barr; Secretary-Treasurer, Burley Owen; and Reporter, Tony Weatherly. Junior Club officers are: President, Dean Sims; Vice-President, William Whitener; Secretary-Treasurer, Richard Lee Smith and Reporter, Francis Pride.

ALLISON CLUB BOYS HAVE MANY FINE PROJECTS

Allison 4-H Club boys have a good variety of demonstrations and projects. The club carried on a number of activities including a party, rifle shooting and grass identifications.

Troy Dean Jones, president of this year's club is carrying on one of the best steer feeding projects in the county. Another Allison boy that has been carrying on a good commercial calf feeding demonstration is Bruce Hall.

Swine demonstrations play the largest role of all the projects at Allison. Jimmy and Sammy Wallace have five Hampshire pig demonstrations. During club meetings, Allison club boys took trips into the fields and studied grasses, livestock grading, marketing, and hog and beef cattle judging.

Allison club members are Curtis Boydston, Jack Chandler, Vance

Donaldson, Bill Donaldson, Bruce Hall, Johny Ray Hall, Billy Ray Jones, Troy Dean Jones, Billy Ray Langford, Gene Levitt, Jay Markham, G. W. Megee, Bob Risner, Gerald Satterfield, Jimmy Wallace and Sammy Wallace.

Have You Checked Your Insurance Lately?

We want to call your attention to the fact that WHEELER now has the lowest fire rate that we have ever had and the maximum good fire credit rating.

So if your insurance policy is about to expire please let us figure with you on a three or five year policy and one year's premium on a five year policy in town.

We urge you to check the amount of coverage against today's value. If you feel that you need additional insurance get in touch with us TO-DAY.

Now would be a good time to check your auto policy and see if you have liability and property damage to comply with the NEW TEXAS FINANCIAL RESPONSIBILITY ACT that goes in effect January 1, 1952.

Porter-Snyder Wedding Vows Exchanged In Impressive Home Rites

A double ring ceremony on Saturday evening, October 27 united Miss Georgia Gaye Porter and Lieutenant William B. Snyder in marriage. Rev. A. C. Wood read the ceremony in the home of the bride's parents, Mr. and Mrs. Geo. Porter. The vows were exchanged before a satin covered kneeling bench flanked with baskets of white and pink mums and lighted cathedral tapers. Pre-nuptial music was played by Mrs. R. H. Forrester.

Miss Jo Ann Porter was her sister's maid of honor. She wore an ankle length gown of pink swiss organdy with a band of cut-work embroidery around the skirt and on the bodice. An organdy

LIEUT. AND MRS. WILLIAM B. SNYDER

gloves. The couple left for San Francisco where Lt. Snyder will await reassignment.

Guests included three students from Texas Tech where the bride is in her junior year. They were Miss Jane Armstrong of Wichita Falls, Betty Beckett of Dallas and Tom Bullock of Lawton, Oklahoma.

The groom left Thursday, November 1, to perform duties in Okinawa.

Kitchen Shower Honors Miss Vondell Starkey

Miss Vondell Starkey, bride-elect of Carroll Killingsworth of Briscoe, was honor guest at a Surprise Kitchen Shower Tuesday night, November 13th given in the home of Mr. and Mrs. G. W. Hefley with Miss Glenna Hefley as hostess.

Some of Miss Starkey's many friends who observed this auspicious occasion proffered their heartiest congratulations, best wishes and gave her kitchen gadget gifts.

When the honoree arrived the hostess presented her with a corsage consisting of a pastry brush, bottle stopper, measuring spoons, cookie cutter, red and blue ribbons.

Starting the fun Miss Starkey with a basket and a page of instructions and directions began to hunt for her gifts which were hid under and behind chairs, pictures, books, bouquets and tables.

Several games were played and prizes were given to the winners.

Refreshments of sandwiches, cookies and punch were served to the following guests, Miss Vondell Starkey, Wilma Hefley, Maryann Wren, Roberta Leonard, Naomi Scribner, Dot Mason, Charlotte Weatherly and Mrs. Dorothy Jean Rushing and Mrs. Ray Sigmond and the hostess, Glenna Hefley.

CARD OF THANKS

We wish to express our sincere appreciation to the people of Wheeler for the many kindnesses shown us during our recent bereavement.

May God Bless Each Of You.
Mr. and Mrs. F. C. Rickett
Rt. 2, Kirkland, Texas

John Spears of Tullahoma, Tenn., father of Mrs. Robert Speck, is visiting with Mr. and Mrs. Robert Speck and family for a few days.

jacket with covered buttons and very full elbow length sleeves was worn over the dress. Her head-dress was a small dutch cap of matching organdy. She carried a bouquet of vandal orchids.

Ruth Porter and Janet Coffman, cousins of the bride, were flower girls. Both wore ankle length white organdy dresses with scalloped lace edged hems and bertha collars. They wore flower bandeaux and carried pink satin baskets filled with pastel cushion mums.

Wayne Edwards of Wheeler was best man.

The groom is the son of Mrs. W. B. Snyder, Sr. of Clarksburg, West Virginia and the late Mr. Snyder. Clarksburg was his home before he entered the Air Force in 1949. He attended college in Charleston, West Virginia. He is now a pilot in a bomber squadron.

Given in marriage by her father, the bride chose an ankle length gown of ice blue chantilly lace over satin. The long pointed lace sleeves were edged with lace flower applique as was the bodice below the yoke of flesh colored illusion. Her shoulder length veil of blue illusion was attached to a chantilly lace half hat bordered with lace flower applique and white bugle beads. She carried a white satin Bible topped with a bouquet of white gardenias and carnations. The wedding traditions of old and new, borrowed and blue were carried out.

The bride's mother wore a turquoise crepe dress with a corsage of yellow roses. Her maternal grandmother, Mrs. Luther Dildy, and her paternal grandmother,

Mrs. G. W. Porter, had corsages of red roses.

At the reception immediately following the ceremony Mrs. Jo Rean Hubbard and Miss Betty Beckett of Dallas presided at the lace covered table. The three tier wedding cake was featured on the taper lighted table with its center

piece of pink mums. Mrs. Wayne Edwards and Miss Jane Armstrong were in charge of the guest register.

The bride chose blue faille trimmed in black velvet for her going away suit. She wore a gardenia corsage from her wedding bouquet and elbow length black velvet

RECIPE OF THE WEEK

BY MARY LEE TAYLOR

Cranberry Salad

Broadcast: November 17, 1951

Bring to boiling: 1/4 cup pineapple juice, 2 tablespoons water, 1/2 pkg. orange or lemon gelatin.

Remove to room temperature.

Stir in: 1 tablespoon vinegar, 3 tablespoons salad dressing, 1/2 teaspoon salt, 1/4 cup Fat Milk.

Stir milk mixture into gelatin. Chill until syrupy.

Mix with vegetable oil a 2-cup mold or bowl.

Wrap chilled gelatin mixture until fluffy.

Fill in: 1 cup canned, whole cranberry sauce, 1/2 cup canned, crushed pineapple, drained.

Put into mold or bowl. Chill until firm. Serve on ice. Makes 4 servings.

Use the kind that comes in a jar, not a bottle.

You Will Need: Fat Milk, Crushed Pineapple, Cranberry Sauce, Orange or Lemon Gelatin, Salad Dressing, Vinegar.

KELTON 4-H CLUB HAS MANY GOOD PROJECTS

Kelton may well be proud of the record set by the 4-H livestock judging team during the past year. The four members of this livestock team are Jimmy Harris, son of Mr. and Mrs. Fred Harris; Donald Whiteley, son of Mr. and Mrs. White Whiteley; Carroll Pitcock, son of Mr. and Mrs. Joe Pitcock; and Lawrence Whiteley, son of Mr. and Mrs. Bailey Whiteley.

These boys received their first livestock judging training from former acting County Agricultural Agent Ralph (Buck) Wheat. When Wheat left for the armed forces the large part of the training job fell on the shoulders of Assistant County Agent Robert Ledbetter with County Agent Ray Siegmund helping out.

In February of this year the Kelton 4-H livestock judging team took part in a contest at Erick, Oklahoma. This was a combination 4-H and FFA contest with 20 teams entered. The boys from Kelton took third place.

The next contest was in March at Amarillo and here the boys took third place again. Teams were entered from Texas, Oklahoma and New Mexico.

After this the boys began judging for "keeps" in order that they not be eliminated from going to the state contests. District elimination for the state contest was held at Lubbock in May and the Kelton 4-H team placed second behind the winning team of Gray County.

After this contest the team worked many hours to get ready for the contest at Texas A. & M. When the latter part of June came around the judging teams and coaches headed for the annual 4-H Roundup and Agents Conference at Texas A. & M. College. A work-out was held at John Tarleton College on the way to A. & M.

Twenty eight teams at A. & M. spelled strong opposition. The two best from each of the 14 extension districts were competing. When the dust settled from the afternoon of that long day the score showed the 4-H team from Kelton and Wheeler County in second place and Carroll Pitcock as high point individual in the state.

The next day the team was presented with another medal to add to their medals from the other contests. Judging practices slacked off until a short time before the State Fair in Dallas. The competition in Dallas was the top three 4-H and the top three FFA teams in Texas with the winner to go to Chicago to represent Texas at the Junior International Livestock Judging Contest. Wheeler County 4-H team placed fourth and the Chicago trip went to the Mills County 4-H team.

The livestock judging team did a lot besides win medals and make trips. These boys learned about livestock, knowledge that had already and will continue to help them choose livestock for feeding. They

KELTON 4-H CLUB RIFLE TEAM made a commendable record this year, placing second in the district and seventh in the state contests. Members are, left to right: Carroll Lackey, Kelton; Kenneth Richardson, Kelton; and Leon Moore, Wheeler.

also learned that a person cannot always win and this is a valuable lesson for life. In working toward the contests the members of the judging teams observed lots of feeding and breeding demonstrations of all types of livestock. They also saw lots of country that most boys their age just hope to see.

The Kelton 4-H Club has had an outstanding record in livestock demonstration. Many of the boys have reached an advanced degree and are feeding animals for market as well as raising their own stock. For instance, Jimmy Harris, Carroll Pitcock, Ronald Pitcock, and Harlan Pitcock own registered Hereford heifers and cows.

The following boys have registered Jersey heifers or cows: Jimmy Harris, Kenneth Richardson, Carroll Lackey, J. W. Elliott, Donald Whiteley, Lawrence Whiteley, Jack Daberry, and Thurman Calcote. Registered sows for pig production belong to Carroll Lackey and Jerry Lackey.

The feeding demonstrations are doing well. The following boys have beef calves on feed for spring shows: Jimmy Harris, Donald Whiteley, Lawrence Whiteley, George Harris, and Jack Daberry.

Leroy Anderson, Loyd Anderson, Charlie Burrell, Londell Dale, Phillips Dwyer, Paul Graham, Dale Hagerman, Bill Kemper, Charlie Long, Sanford Miller and Johnnie Ogle are planning demonstrations of different types.

HONORS WON BY FOUR COUNTY 4-H JUDGING TEAMS

Wheeler County judging teams had a highly successful year. Four teams, livestock, dairy, grass, and rifle, competed in various contests over the state and never failed to make a creditable showing.

The livestock team composed of Carroll Pitcock, Jimmie Harris, Donald Whiteley, and Lawrence Whiteley, all of Kelton and the grass team composed of Jamie Clark, Joe Van Zandt and J. W. Turner competed at the Amarillo Fat Stock Show. The livestock team placed third in competition with teams from three states and the grass team twelfth. Jamie Clark was fifth high individual in grass identification.

Two weeks later the livestock team placed third in a combination 4-H and FFA contest at Erick, Oklahoma. The dairy team of W. L. Williams, Buddy Wilson, Bobby Helton, and Tooter Helton from Briscoe topped first prize in their first contest at the Wheeler Dairy Day Show.

In June the three teams went to Lubbock to the district contest. Team changes were made and Bob Weatherly of Wheeler replaced J. W. Turner on the grass team and Gene Haddock replaced Tooter Helton on

E. W. RILEY AND RABBITS

RABBITS, SWINE ARE POPULAR 4-H DEMONSTRATIONS

Rabbit and swine demonstrations are popular as 4-H club demonstrations in Wheeler County. Swine has

the dairy team. All three teams placed second. These defeats were avenged at the State Contest when each team out-pointed the team that had won over them in the district contest.

The district rifle teams contest was held a week later in Amarillo. The Wheeler County team of Kenneth Richardson, Carroll Lackey and Leon Moore fired their way into second place. There seemed to be a jinx on first place as far as Wheeler County was concerned.

All four teams had earned the right to compete in the State Contest held in connection with the 4-H Round-Up and Agents Conference. The livestock team placed second the rifle team sixth the dairy team seventh and the grass team 14th. Competition was rough but our boys were ready. An enviable record.

really become popular with 4-H boys because the demonstrations are not very expensive and do not take up very much time and space.

Wheeler County has brought in lots of good breeding stock and since alfalfa pastures are the best pasture for swine and it can be grown here, hogs can be raised cheaper. Every 4-H Club in the county has one or more swine demonstrations in it.

Rabbits are becoming more popular in Wheeler County and many boys have several does for rabbit production as their demonstrations. This demonstration does not cost much and still each boy learns the fundamentals of good feeding, care and management. These practices can be put into effect when the rabbit grower goes on to a larger demonstration such as dairy, swine, or beef cattle.

Most of the rabbit demonstrations are located in the Mobeetie, Wheeler and Shamrock 4-H Clubs.

There is a possibility of being a rabbit show in connection with one of the livestock shows sometime in the spring of 1952.

Mr. and Mrs. J. M. Greenfield and Mrs. Al Hodges have returned from a trip to Dallas.

Don't walk in a daze—Look both ways.

Help your cows produce a big Calf Crop SUPPLEMENT RANGE WITH PURINA RANGE CHECKERS

While a cow is carrying her calf, nutritional needs are high . . . much higher than can be normally supplied by grass alone. For this reason, thousands of well-known ranchers supplement with Purina Range Checkers. Checkers supply vitamins, minerals, carbohydrates and a variety of protein.

For Big results . . . a big calf crop and lots of milk . . . feed Purina Range Checkers. The VARIETY in Range Checkers makes a difference, all right!

MAKING NEWS
 Mearlene Hooker
 of their new home
 equipment, although
 completely finished. We
 of our teacher, Mrs.

McMurtry. We thank her for the
 patience she has with us, as this
 is the first course in Home Ec. any
 of the girls have had. We are
 divided into two classes: IA—Seni-
 ors, Juniors and IB—Sophomores
 and Freshmans. We also have
 group organizations and have had
 our duties assigned. Maurea God-
 win was elected secretary; Patricia
 Trimble is Head Hostess; Ruth
 Morris was elected reporter.
 The classes have been studying
 posture and grooming. We were
 very fortunate in having an oppor-
 tunity to take a field trip to the
 "Mobeetie Beauty Shop" where
 Margie Lester, beauty op-
 erator, showed us the proper way
 to shampoo, and roll the hair. We
 really enjoyed and benefitted by

it.
 We have discussed kitchen ar-
 rangement and color. We are also
 helping to get the kitchen equip-
 ment ready to start foods work.
 The IA class have made a dress-
 er set and the IB class have made
 a hand towel.
 We are selling magazines to
 help buy some of the equipment
 that is still needed.
 The homemaking department
 sponsored the food sale and cake
 walk at the school carnival on
 October 19. We sincerely thank
 the mothers who helped us and
 everyone who attended. We start-
 ed canning jellies and jams the
 past week. We made jam and
 jellies from plums, apricots, pears,
 and grapes. We hope they keep
 and taste good.

SPORTS NEWS
 The girls played Erick Tuesday
 night. We defeated them by a
 score of 60 to 44. We play Bris-
 coe Friday night, November 9.

SENIOR NEWS
 Harold Hooker was born July
 31, 1935, at Mobeetie. He has
 spent his entire school life in Mo-
 beetie Schools. He is 6-ft. tall,
 weighs 180-lbs., has black hair and
 blue eyes. He is active in all
 sports. He likes to eat and dis-
 likes to be teased about a certain
 junior girl. His ambition is to live
 in Albuquerque, New Mexico.

SENIOR JABBER
 Harold, why do you get so mad
 when Patricia and Mearlene
 tease you?
 Barbara, it seems you get awful
 excited every time you hear a
 truck. After all, all truck drivers
 aren't Walter Hill.
 Bill, you sure do have a pretty
 red shirt.
 Frances, we are sorry you have
 been sick and glad to have you
 back in school.
 Nep, it seems you enjoy going
 to the ball games with all the
 girls.
 Mearlene, cheer up, things will
 be better some day.
 Wendell, it seems that a certain
 junior girl likes for you to help
 her with English and Geometry.

JUNIOR NEWS
IDEAL BOY
 Hair like Billy Ray

 Dislikes School
 Ambition Rancher

Some of the sophomores went
 to Pampa Thursday night to go
 skating. All seemed to have en-
 joyed themselves despite all the
 tumbles. We're sorry some were
 unable to go.
JUST JABBER
 What has Mr. Dunaway been
 talking about lately?
 Virginia has a date with Carl
 for December first. Remember
 that date, George.
 What was the matter, Shirely?
 Did you get tired skating or just
 disappointed?
 It's pretty nice to have a cousin
 living in Pampa, isn't it, George?
 Especially if she has a friend.
 Daris, it seems as if you found
 out more than just the time when
 you went to the office.
 Richard, tough luck you didn't
 have a girl with you when you ran
 out of gas.
 Wonder why Bill B. wants all

FRESHMAN NEWS

Dear Kenneth,
 I wish I could catch a girl with
 hair just the color of mine. I can
 think of two, but one of them is
 my sister and the other one
 doesn't even speak to me. How
 can I make her notice me?
 Yours truly,
 J. W. Turner

Dear J. W.,
 I suggest that you get a hat like
 Earl's, a checked pair of trousers
 like Bobby's, a checked jacket
 like Jerry's, a red shirt like Her-
 bert's, some boots like Hubert's,
 and don't wear such dark colored
 ties, then she might notice you.

You might also try walking
 like Joe, smiling like James, mak-
 ing a dimple like Jimmy, and put
 a look on your face and try to fool
 people into thinking you're smart
 like Carl. If you do that I believe
 she will notice you.

Attractively yours,
 Kenneth

GOSSIP

Neida Baird looks like a post to
 Mary Sue.
 Sall has some red boots.
 The freshman girls wants some
 sock toboggans like some of the
 Erick boys. What about that,
 Peggy and Neida Barton?

Peggy, why were you so dis-
 appointed when you got to Erick
 Tuesday night? Could it be Texola
 wasn't there?

NOTICE!
 Den Howard made the B honor
 roll the first six-weeks, but we
 failed to list him with the others
 last week. Sorry, Dan; hope you
 forgive us. Dan is a junior.

LELA 4-H BOYS ARE STRONG ON HOG PROJECTS

Swine demonstrations are the most
 popular type of projects at Lela.
 Nearly every boy there is carrying
 on some kind of hog project. There
 are gilts registered projects and

the girls to peroxide their hair?
 Joe S., we enjoyed your song
 in World History, but we'd hate
 to see you put Lefty Frizzell out
 of business.
 Jerry T., did you have to talk
 papa into letting Peggy go with
 you Thursday?
 Marie and Maurea must have
 been having pretty good dreams
 when they awakened Friday morn-
 ing. They were holding hands.
 Wonder why Richard went down
 to Barton's the other Sunday
 night?

 Hathaway
 Talks like Marion Totty

Plan to attend the
 American Legion Minstrel
 Friday Night, December 7th.

market, swine demonstrations carried on there.

Last year the boys and girls joint-
 ly put over their own socials. The
 boys attended the Wheeler County
 Dairy Day, and planted winter grass
 in their school yard in addition to
 their monthly club meetings.

Lela Club boys have won their
 share of gilts. These gilts are reg-
 istered Durocs. Boys who owned the
 gilts last year were Don Horton,
 Darrell Johnson, Leon Pepper, John
 Fenley and Homer Chapman. These
 boys are also participating in the
 current program.

Many Lela 4-H club boys go into
 the Shamrock FFA chapter when
 they graduate from grade school.
 Howard Weatherby has said that
 Lela boys are among the best of his
 Future Farmers. The boys feel that
 their 4-H work makes them better
 citizens and students in their high
 school work.

Boys in the Lela Club last year
 were: Jimmy Whatley, Joe Dick
 Glover, Charles Phillips, Robert
 Fletcher, Don Conner, Charles Ev-
 ans, Raymond Schlegel, Jene Carol
 White, Curtis Wyatt, Darrell John-
 son, Don Horton, Leon Pepper, Bob-
 by Ferguson, David Piece, Bobby
 White, Richard Crawford and John-
 ny Fenley.

TOUGH ON MEN
 Life is cruel to men. When
 they're born, their mothers get
 compliments and flowers; when
 they get married, the bride gets
 presents and publicity; and when
 they die, their wives get the in-
 surance and the winters in Florida.

To Keep YOUR Farm Equipment Working!

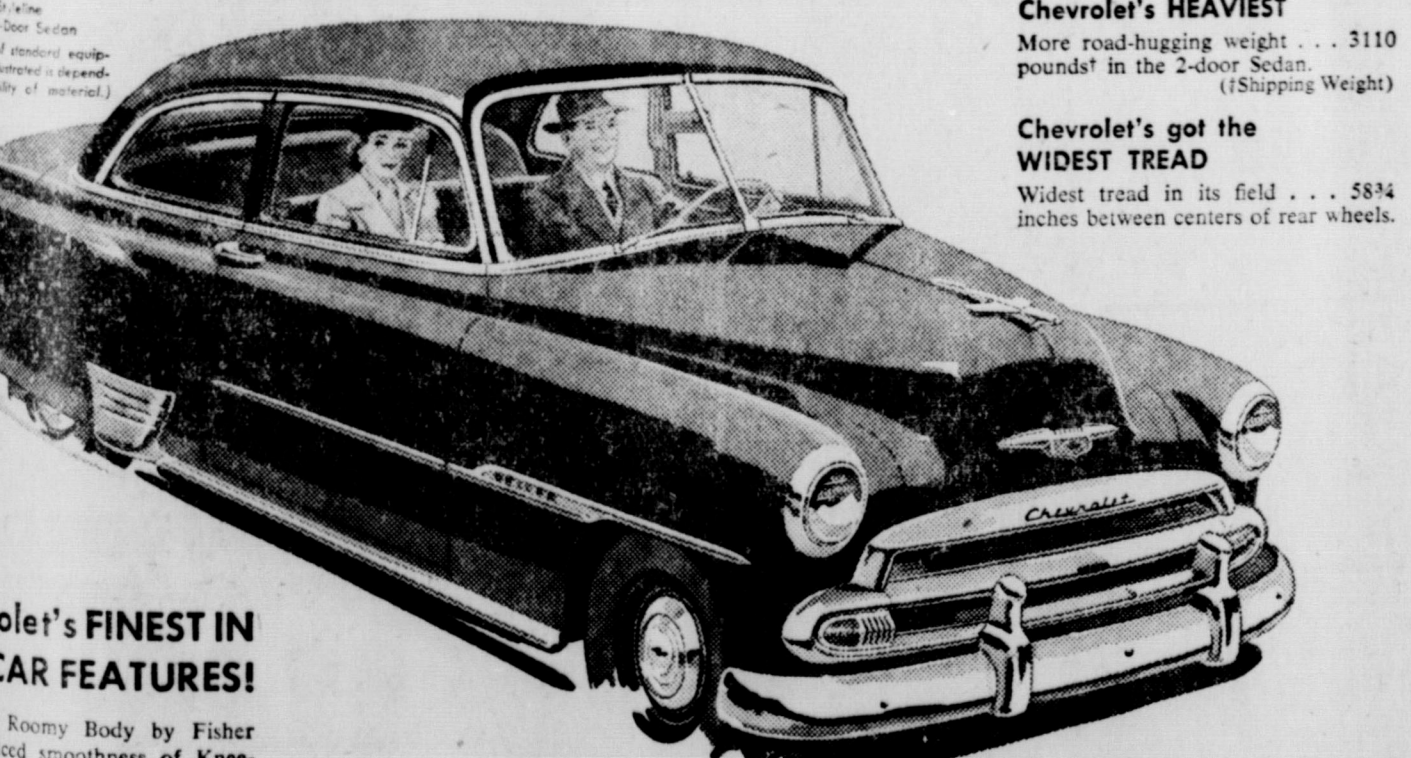

GENUINE IH PARTS ARE A GOOD INVESTMENT

Small amount you spend now in extra replacement parts
 your farm machines can pay off 10-to-1 at harvest time.
 Don't take a chance on delays in the field or crop losses
 your equipment is broken down.
 Remember: Genuine IH Parts are made with the same pre-
 cision and accuracy as those used on new machines.
 So come in soon and get the Genuine IH parts you may
 need in case of an emergency.

Mobeetie Meditations

(Continued from Page 1)
and Mrs. Charlie Nixon.

I wonder how many of you had your radio tuned in to KPAT Pampa last Saturday from 4:15 to 5:00 p.m. for the "Salute to Mobeetie" Program? We thought we presented rather a good program, brag, brag. Sincerely, since I did only the announcing and news items I can say the musical numbers under the direction of W. D. Wheatley were fine. These numbers were given by the 4th, 5th and 6th grade school children with Katie Roby, Shirley McCauley, Ellen Corcoran and W. D. Wheatley from the high school doing special numbers. To those who took part I will say, all who have talked with me about it want more of the same, so don't get out of practice we may do it again in the near future.

Mr. and Mrs. R. St. John had as their guests over the weekend their daughter and husband, Mr. and Mrs. Bob Hogan and children of Denton.

R. J. Tyson spent the weekend at Brownwood visiting with his father. R. J. told us how beautiful it was down there with all the colored leaves in the woods. He brought some of the beautiful leaves and mistletoe home with him and has it in the window at the Post Office.

Mrs. Arlie Jeffus, who has been ill for a few days, is able to be back on the job at the Atkin and Ruff Grocery.

Mr. and Mrs. R. G. Blue and family of Hereford visited Sunday with Mr. and Mrs. John Kent and Mr. and Mrs. A. K. McBride.

Mr. and Mrs. Willfred Jones and

daughters, Guymon, spent the weekend with parents, Mr. and Mrs. Frank Lee.

Mrs. Tom Beck and Tom, Jr. spent the weekend in Amarillo with Tom, Sr. and attended the Dedication at the Air Force Base.

Recent visitors in the W. A. Finsterwald home were Master Sgt. and Mrs. W. C. Badgley who were leaving for over seas duties. Mrs. Badgley and Mrs. Finsterwald are sisters.

Last weekend Mr. and Mrs. W. K. Winkley had as their guests, Mr. and Mrs. Walter Mayberry of Lakin, Kansas. Mrs. Mayberry and Mrs. Winkley are sisters.

Visitors in the Sam A. Thomas, Jr. home last week were Mrs. Thomas's brother and family, Mr. and Mrs. A. O. Gidden of Memphis.

Mr. and Mrs. Henry Flanagan have gone to Denton to visit their daughter and husband. Mr. and Mrs. Kenneth Pierce Kenneth is in school at Denton and LaRue is nursing in a hospital there.

Mr. and Mrs. Ed Jestus of Waxahachie visited last week with his sister, Mrs. E. L. Sisk in the Rev. and Mrs. Sam A. Thomas, Sr. home.

Mr. and Mrs. John Dunn attended the funeral of Mrs. Dunn's aunt, Mrs. L. N. Sewell at Hobart, Okla. last week. They were accompanied by Mrs. Edith Dunn of Amarillo and Mrs. Laura Bird of Pampa.

Mrs. Susan Murrell and her sister, Mrs. Van Webb of Miami have returned from Temple where they visited with a sister and brother, Mrs. Mamie Wren and Walter McDonald.

Mrs. Hugh Reed of Borger visit-

ed Monday with friends and attended to business.

Mrs. Sid Tilley of Miami, who has been ill in a Pampa hospital, spent a few days recuperating with her parents, Mr. and Mrs. Jeff Brewer.

Mr. and Mrs. C. F. Jones of Mt. Vernon, Ohio have been in Mobeetie attending to business and visiting old friends.

Mr. and Mrs. Jim Wilson and Jim Pat of Claude spent the weekend in the maternal home of Mr. and Mrs. Aubrey Ruff.

Mr. and Mrs. Lyman Upham of Lefors visited Sunday with Mrs. Clara Hathaway and Mrs. Maude Durum.

Sunday visitors in the Tom Hathaway home was Mr. and Mrs. Jess Roberts and Sandra of LeFors.

Mr. and Mrs. Jerald Hall (nee Jolene Robison) returned Monday from a short wedding trip to Oklahoma City. Mr. and Mrs. Hall will make their home in the Kelson community where the groom is engaged in farming.

Wheeler hisperings

(Continued from Page 1)

Farmers in this territory have enjoyed a good week in which to harvest their crops and the cotton and grain have been coming into town in large quantities, but ginners and farmers alike tell us that less than half of this year's cotton crop has been gathered so far and the two Wheeler gins have already ginned more cotton this year than was ginned here altogether last year. Hope the weather remains favorable for gathering of the harvest which the farmers of this area need so dearly.

CARD OF THANKS

We wish to thank all of our neighbors and friends for their kind expressions of sympathy and for flowers and food during the death of our father and brother.

Mrs. Laura Jackson
Mrs. Leota Eickor
The Morris Family

Curtiss Kidwell was in the Wheeler Hospital this week.

Personal

The twin daughters of Mr. and Mrs. J. C. Moore, Jr., Sherry and Jerry, who are now living in Amarillo, visited with their folks over the weekend.

Mr. and Mrs. Waymond Herd of Amarillo spent the weekend with their relatives and friends in Wheeler.

Mr. and Mrs. Sam Carriker of Mountain Park, Okla. and Mr. and Mrs. Codie Cowden and family of Amarillo spent Sunday with Mrs. J. G. Cowden. Mr. Carriker is the brother of Mrs. Cowden and Codie is her son.

Mrs. Thomas Seay, Jr. was a medical patient in the Wheeler Hospital from November 10 until November 12.

Mr. and Mrs. Nile Patterson's baby son was admitted to the local hospital November 12 and dismissed November 14.

Gordon Whitener was in the

local hospital from Monday until Tuesday of this week as a medical patient.

Marvin Hefley of Gageby was a medical patient in the Wheeler Hospital this Monday and Tuesday.

Mrs. Albert Anderson underwent a tonsilectomy in the Wheeler Hospital Tuesday and went home Wednesday.

Visitors in the home of Dorothy Jean Rushing and daughter, Darla, over the weekend were Mr. and Mrs. F. M. Casey and Mr. and Mrs. L. A. Carlisle all of Matador.

Mr. and Mrs. J. D. Herd and son of Borger visited over the weekend in Wheeler with their relatives and friends.

Mr. and Mrs. Roy Weatherly spent the weekend in Borger with their daughters and family. Mr. and Mrs. Clyde Guynes and sons and Mr. and Mrs. Furman Maxwell.
