THE COUNTY SEAT NEWSPAPER

Serving WHEELER and MOBEETIE

above are the winners in the Mobeetie 4-H Club dress revue which was held to select the participants for the county revue. In the picture at the left are the senior division. They are, left to right, Florence Clement, Helen Allen, La Jean Corcoran and Melba Rector.

WHEELER TEAM IN LEAGUE, TO PLAY SUNDAY

The Wheeler baseball team has become a member of the Salt Fork Baseball League which has been organized recently. The league is made up of teams from Briscoe, Mobeetie, Quail and Wheeler.

League play is scheduled to begin May 11 and continue until each team has played all the other teams three times then there will be a play-off between the two teams with the highest standings. The Wheeler and Briscoe teams meet in the season opener at Briscoe.

Bud Vanpool has accepted the post as manager for the local club. Vanpool, assisted by Maurice Burgess, did a creditable job of managing the Wheeler club last season getting them into the play-offs and losing in the final round to the fine Briscoe club.

Vanpool has announced that the local club will meet a team from Perryton on the local diamond Sunday afternoon beginning at 2:30 o'clock. Sunday's contest will not be a league game but it will afford local fans their first chance to see the Wheeler club in action this year.

The game will be played at the American Legion Diamond and the admission price has been set at 50c.

MOBEETIE SR. PLAY IS MAY 9

The Mobeetie seniors will present their play "Dead of the Night", May 9th, at 8:00 o'clock in the Mobeetie gym. We have changed the date twice but we know definitely that it will be the 9th.

The cast is: Alice Gardner, a young writer; Ine Lancaster; Jasmine, her colored maid; Katie Lee Roby; Pocahontas, a nut; Patricia Trimble; Mussolini, a nut; Jim Bob Wright; Queen Elizabeth, a nut; Frances Totty; Rockfeller, a nut; Wendell Seitz; Dr. Edward Lawson, a psychiatrist; Nep Patton; Mrs. Egg, the housekeeper; Barbara Trimble; Glenn, who doesn't think he's crazy; Paul Jones; Steve Holbrook, owner of Holbrook Manor; Harold Hooker; Roberta Best; Glenn's fiance, Marlene Hooker.

"Dead of the Night" is a mystery-farce in three acts and was written by James Reach. It had been acclaimed as one of the funniest and most mystifying plays ever written.

The seniors would like for each and everyone to come out and enjoy an evening of good entertainment.

JUDGE W. R. EWING

JUDGE EWING DIES MONDAY

A pioneer jurist of Gray County and the Panhandle died of a heart ailment at 4:30 o'clock Monday afternoon in the Highland General Hospital at Pampa.

He was William Rees Ewing, who retired January 1, 1947, after 47 years of continuous service in the 31st district.

Judge Ewing served as first court reporter, district attorney, and then district judge before his retirement.

He was born in Carrollton, Mo., Sept. 30, 1874. He accompanied his parents to New Mexico where he went to school, finishing his first college days at New Mexico Military Institute in Roswell.

Judge Ewing first came to the Panhandle in 1893 with a group of cowboys driving a herd of cattle from Roswell to Canadian. There he met Judge H. E. Hoover, recognized as the dean of Panhandle attorneys.

In 1900, remembering his visit to the Panhandle, Judge Ewing applied for the position—and was accepted—as Judge Hoover's stenographer.

When the 31st District Court was organized in 1902, Judge Ewing became the first court reporter. From 1908 to 1916, he served four terms as district attorney. He was district judge from 1917 until his retirement in 1947.

He was a member of the First Methodist Church, the Lions Club, the Masonic Lodge, and the Texas and Gray County Bar Associations.

A daughter, Mrs. W. A. Woelfl, makes her home in New York City, but she has spent the past five years with her husband in Guam. Unaware of the death of her father, they were scheduled to begin the trip home on Sunday.

Other survivors are his wife, Mrs. Lula Ewing; a son, Robert Ewing, Pampa; two sisters, Mrs. A. M. Winsett; Higgins, and Mrs. Roy W. Burnett, El Cerita, Cal.; one brother, Frank Ewing, Higgins; and two grandchildren.

MUSIC WEEK TO BE OBSERVED WITH PROGRAM

In observance of National Music Week, which is May 4-11, the Wednesday Study Club and Thursday Review Club are sponsoring a home night program, Thursday, May 8, beginning at 8:00 o'clock.

The program will consist of vocal and musical numbers and readings. All people appearing on this program are local talent and are accomplished entertainers.

The program will be offered to the community in the following homes: R. J. Holt, Earl Barnes, Murray Sanders, R. G. Russ and Harry Wofford. It is suggested by the sponsors that you attend the program in the home nearest you, however, you are welcome at any of the homes named.

H. W. TURNER SEEKING OFFICE

Harold W. Turner of Twitty, has announced his candidacy for County Commissioner of Precinct 4, Wheeler County, in the July Democratic Primary.

Mr. Turner who has served as Minister of the Twitty Church of Christ the past three years said he would resign, effective June 1. He has been a minister for 24 years, moving to Wheeler County three years ago from Hooker, Okla.

Minister Turner was born and reared at Enid, Okla., and is a graduate of Kansas State Agricultural College, Manhattan, Kansas.

This is his first candidacy for elective office. Along with his preaching, Turner has engaged in the building trade for several years including some recent work as a carpenter and contractor in the Shamrock-Twitty area. He also was employed as a bridge foreman in highway construction and maintenance in Kansas for two years.

Mr. Turner's family consists of his wife and two sons, Kenneth, 17 years old, and Billy, 6.

He said he decided to enter the commissioner's race at the suggestion of friends. He said his will be a friendly campaign. If elected, he will do his best to serve the best interests of Wheeler County; if defeated, he will hold no ill will against anyone.

Mr. and Mrs. Bill Black, Mrs. Buster Black and girls, Mary and Patricia, visited the first of the week in Abilene with Mr. and Mrs. Bill Perrin and girls, Rita and Jeanette. Also they visited Mrs. Bill Black's brother and his wife in Goree and returned home Wednesday afternoon.

According to reports reaching Wheeler early this morning (Thursday) Bob Holdeman and Frank Mitchell were critically injured about midnight Wednesday when the car in which they were riding collided with a freight train about 17 miles north of Pampa on highway 152. Less seriously injured in the same crash were John Wofford and R. J. Holt, Jr.

Sheriff Bus Dorman reported to the Times about 1:30 p.m. today that Bob Holdeman's left leg was amputated between the knee and ankle and that Frank Mitchell's right leg was amputated between the knee and the hip and it was

necessary to remove part of his left foot. About half of one of Mitchell's ears was missing and one side of his face was badly torn up. Mitchell was considered the most critically injured of the four.

According to reports the four young men were returning from a baseball game at Berger when the accident occurred. They were riding in the Kaiser sedan belonging to Holdeman and R. J. Holt was driving.

Reports state that it was raining at the time of the accident and the train which was blocking the highway was made up of oil cars which are the same color as the pavement over which they were driving and there was no blinker signal or railroad flagman at the crossing.

ERNEST LEE TO HOLD COOKING SCHOOL THURS.

Lloyd Lee of Ernest Lee Hardware is sponsoring a free electric cooking school in the building just west of the First National Bank here next Thursday evening, May 8, beginning at 7:30 p.m.

Miss Genevieve Wynn, home economist with the Frigidaire Sales Corp., will conduct the school using the famous Frigidaire Electric Range with the dual purpose oven.

Mr. Lee extended a hearty welcome to all ladies in this area to be on hand for the session. He stated that Miss Wynn will point out the advantages which are afforded by electric cookery.

Further particulars concerning the school will be found in an advertisement elsewhere in this week's edition of the Times.

Miss Smith To Give Piano Recital Monday

Mrs. Patrick Boddy will present Miss Sylvia Smith, daughter of Rev. and Mrs. M. B. Smith, in a piano recital at the First Baptist Church Auditorium here Monday night at 8:00 o'clock.

Assisting Miss Smith will be Donna Speck as soloist, her sister, Miss Marilyn Smith, and 10 members of the Wheeler School Chorus. The chorus will include the voices of Kay Hubbard, Wanda Waters, Judy Underwood, Donna Speck, Sue Gaines, Paula Green, Joyce Sims, Mary Black, Jo Ann Watson and Jeraldine Cox. The chorus is under the direction of William Wheatly.

The program will include familiar numbers for young and old. The public is cordially invited to attend.

Miss Dutch Scribner spent the weekend at Mobeetie with her folks.

OES Tea And Book Review To Be Friday

Mrs. Irma Kirk, worthy matron of the Wheeler Chapter of the Order of Eastern Star, this week extended an invitation to all ladies in this area to attend a silver tea and book review at the Wheeler Masonic Hall Friday night, beginning at 8:00 o'clock.

Mrs. George Stanley, popular speaker from Shamrock, and a former resident of Wheeler, is scheduled to give the book review.

Proceeds from the tea and review will go to the OES Hospital and home for aged ladies at Arlington Mrs. Kirk pointed out.

Pictured herewith are the winners of the Wheeler County 4-H Club Dress Revue which was held at the Wheeler Grade School Auditorium last Saturday evening. Seventy-three girls participated in the revue.

In the picture at the lower left is Miss La June Mann, daughter of Mr. and Mrs. R. B. Mann of Wheeler, overall winner in the revue. Miss Mann will model her dress in the district revue which is to be held at the Amarillo Junior College Saturday. If she wins at the district meet she will compete in the state meet and should she be lucky enough to win there she will compete in the national revue. She has won the county contest the last three years.

FARMING BY PLANE

Farming on the country's larger farms is being increasingly conducted from airplanes, according to science sources. Aircraft are being used to seed large pasture areas, rice fields and other cropland. Planes are also used to spray early growth to protect it from destructive insects and diseases. Aerial farming is now a big business in

the United States, coming into use in other areas of the world. It is estimated that some 5,000 airplanes are now used in aerial farming and that many millions of acres of land are treated by airplane annually.

One of the stimulants in the aerial farming industry has been the decrease in available labor. In rough and wet areas, where ground operations are difficult, aerial seeding has been particularly successful. During the winter of 1948, large areas of forests, which had been burned over the preceding fall, were reseeded from the air. White pine seed was mixed with sawdust and the operation was carried out while snow was still on the ground.

According to the Forest Service, germination was satisfactory and these white pines are now four years old. Other programs have been carried out in different regions. In the Northeastern States, during the summer of 1949, millions of acres of forests were sprayed in an effort to eliminate the destructive gypsy moth. The effectiveness of this method is the best hope for practical control of several such pests, according to entomologists of the U. S. Department of Agriculture. Thus the age of mechanical farming has now passed into the air age, which gives American farmers a new outlook on old farming problems.

AN IMMIGRANT'S STORY

Leon Jolson, who came to this country from Poland in 1947, penniless, was recently sworn in as an American citizen, in New York City. In being sworn in, he presented a check for \$10,000 to a representative of Columbia University for the establishment of two two-year fellowships at the Teachers College at the University.

Jolson, who is thirty-eight years old, came to this country with his wife in February, 1947, and still carries a tattooed number on his left arm—a mark which tells of three years in a Nazi concentration camp. He learned to speak English after arriving in the United States and then borrowed \$2,000 to set up a sales agency for the sale of an Italian machine.

His concern expects to gross \$10,000,000 on the sale of the machines this year, so that Jolson is well able to donate the \$10,000 to Columbia University.

The moral in this story seems to be obvious. Penniless, unable to speak English and thirty-three years of age, this Polish immigrant, nevertheless, learned English, began a business and built it to \$10,000,000 organization in about four years. The United States is still the land of opportunity, despite the utterances of some citizens.

LADY GINNER AND OLD FRIEND

It's a cotton gin all right. It will be shown at the Mid-South Gin Machinery and Supply Exhibit in Memphis, March 10-12. This Churrka gin is said to pre-date Eli Whitney's invention by several centuries, having been used by the ancient India Hindus as early as 3,000 years ago. The young lady seems to have no trouble operating it—far cry from the complex cotton gin of today.

NOW YOU KNOW

It was late when the daughter of the house came down to breakfast. Her mother greeted her with a smile.

"Darling," she said, "you were awfully late coming in last night. I'm afraid I'm dreadfully old-fashioned, but I should like to know where you go."

The daughter smiled. "Certainly I'll tell you Mummy," she replied. "I dined with—oh, well you don't know him anyway; and then we went to several places and that I don't suppose you've been to; and we finished up at a queer little club—I forget its name. It's all right, isn't it, Mummy?"

"Of course it is, darling. It's only that I like to know."

About 120 persons attended the
cotton meeting at the community
building in Shamrock last week
and listened to Fred Elliott and
Bill Spicer speak and show slides
on grasshopper control, cotton
varieties, weed control in cotton,
and cotton harvesting methods. I
think that the part on chemical
weed control in cotton was the
best news that program that I
have ever seen on this phase of
cotton production. I will try to
give a few pointers on the chemi-
cal control of Crab grass, Johnson
grass, and other grasses that
come up from the seed. In tests
run in 1951, the pre-emergence
treatment controlled 76 percent of
the annual weeds and Johnson
grass seedlings, and was effective
for at least 3 weeks after the
emergence of the cotton. This
treatment was not effective on
seedling Johnson grass that came
up prior to rain. Most of the grass
seedlings that escaped this treat-
ment after the first rain appar-
ently did so because of earlier im-
perfections in planting and appli-
cation procedure.
Two post-emergence oilings con-

trolled 94 to 97 percent of the an-
nual and Johnson grass seedlings.
All treated grass seedlings 4 to
3 1/2 inches tall were killed by the
first oiling. Those with only one
leaf above ground escaped per-
manent injury. Very little if any
Johnson grass is killed by oiling
when it gets to a height of 12
inches or more. When these chemi-
cals and oils are used correctly,
very little or no damage will re-
sult. Dosage is as follows for pre-
emergence treatment: 1 gallon of
Premerge in 10 gallons of water
per acre sprayed in a 10 inch band
over the drill immediately behind
the planter press wheels.
Post-emergence application of
Lion Oil No. 1 at the rate of five
gallons per acre applied to a ten
inch band in the drill and below
the cotton leaves proved best. Two
applications 7 days apart were
used. Esso Weedkiller No. 38 was
also satisfactory. These oils will
burn any tender and young foliage,
even cotton, but when applied in
the correct manner will kill the
grass, not damage the cotton until
it is about eight weeks old, and
the chemical oil will not harm the
soil. The cost of one application
of Premerge and two applications
of oil run \$7.50 per acre as com-
pared with a lower cost of \$13.00
per acre where the cotton was
hand thinned, hand hoed, and
given regular tractor cultivations.
For more information, come by
the county agent's office.

There will be a rain-makers
meeting in the high school audi-
torium in Wheeler starting at 7:30
Tuesday night, May 6, 1952. All

Seeding" will be shown and ques-
tions will be answered.

CARELESS

The self-reliant young lady man-
euvered her shiny new sedan be-
tween two parked trucks, timed
the changing light to a nicely
jumped ahead of the slow-starting
line of cars, and was the first to
reach the outskirts of the town.
"That's what I call driving!" the
cop directing traffic called over to
a friend.

But two minutes later, the same
young lady reached her street,
made a sharp turn and ripped one
of her garage doors completely off
its hinges.

Heavy growths of mosses and
other weeds in farm ponds can
be controlled. Local county agents
have information available on how
to do the job.

**TOMATOES ARE
IMPORTANT TO
YOUR HEALTH**

Soon one of the favorite foods
from the home garden, tomatoes,
should be in plentiful supply. To-
matoes furnish Vitamin C which
helps to make strong teeth, firm
gums, and strong blood vessel
walls. To have them when scarce,
plan to can some when they are
plentiful.
Select firm, red ripe tomatoes
right off the vine. Jimmie Nell
Harris, food and nutrition speci-
alist with the Texas Agricultural
Extension Service, says two hours
from the garden to the can will
insure the most nutritious product.
Gather only enough fruit to can
in that length of time. One pint
container provides four half-cup
servings, which is enough for one
meal for a family of four.

Now is the time to get the can-
ning equipment ready. Tomatoes,
because of the high acid content,
should be canned by the water
bath method. You will need bath
canner, clean glass jars free from
cracks and chips and new lids. If
cans are to be used, have a supply
on hand, oil and adjust the sealer.
Freezing is not recommended
for tomatoes. They become mushy
and unpalatable.

Mrs. Harris says anhydrous sul-
furic acid can be used in can-
ning tomatoes to retain firmness
and shape. The exact amount must
be used as too much will make the
tomatoes tough. She suggests con-
tacting the county home demon-
stration agent for further infor-
mation on how to use calcium
chloride and ways to can tomatoes.

A man who had been a bachelor
most of his life finally married
and settled down. One day he met
a friend who had known him in the
old days and the friend asked him
what he thought of married life.
"Well," replied the benedict, "I
married the girl of my dreams and
she was worth waiting for. She
still is as beautiful to me as the
day that I met her. Her hands are
always white and soft. Her hair
is never untidy and her clothes
are always in the very latest

"So you don't regret giving up

your single life and getting mar-

"No," was the reply, "but I can
tell you one thing—I'm getting
pretty tired of eating in restau-
rants."

The recent general rains should
boom the practice of controlling
mesquite with chemicals. Adequate
soil moisture is a factor that
materially effects the final result
of such a program. Airplanes will
be widely used for applying the
chemical spray.

SILAGE HELPS DAIRY FARMERS THROUGH YEAR

Dairy farmers who had an adequate supply of silage fared much better during the recent drought than those who went to the store for their roughage supplies. R. E. Burleson, dairy husbandman for the Texas Agricultural Extension Service, says dairymen should make a special effort this year to put up enough silage to carry their herds through drought periods.

The ratio between milk and feed prices has put a squeeze on the producers' labor income especially where all feed supplies must be purchased. The production at home of roughage feeds is one practice, says the specialist, that will widen the price spread. Pasture, hay and silage crops are not only recommended for every dairy farm but adds Burleson, they are a must.

Next to pastures, silage is the cheapest source of feed for the dairy cow. It is the best substitute for pastures and is needed most when pastures no longer furnish good grazing.

Burleson has it all figured out on a per acre basis and suggests

that plans be made now to plant the silage crop. He says there are a number of good silage crops that can be grown in Texas. Atlas sorghum is one of the favorites and he uses it to illustrate what a good silage program can be worth to a dairy farmer.

He says atlas will produce from 10 to 18 tons of silage per acre but for the example he's using the lower figure of 10 tons. A ton of atlas contains about 17 percent total digestible nutrients—that's the part of the feed a cow can actually use in producing milk—and that means 3,400 pounds of total digestible nutrients per acre.

It is a known fact, he says, that after a cow maintains her own

body, she can produce 139 pounds of 4 percent milk from 100 pounds of TDN. So, he figures from the 3,400 pounds of TDN, she can produce about 4,700 of 4 percent milk and this all from one acre of atlas sorghum silage.

From the dollars and cents angle, he says the average price for milk in Texas is around six and one-half cents per pound and that times 4,700 is \$305.50. He points out that silage can be produced and stored for about \$8 per ton and this would mean the 10 ton crop would cost \$80 per acre. It all adds up about this way: with \$80 worth of silage, it is possible for a dairy farmer to produce \$305 worth of milk and adds Burleson, it is also a cost of production cutting practice to feed silage.

No less than three tons of silage should be put up for each cow in the herd and Burleson emphasizes it's a good idea to double this figure to take care of the lean and unproductive years. It doesn't take many acres to produce the silage tonnage needed by most dairymen, but the crop must be planted, harvested and stored before it can be used. Now is the time to start the first operation. Last week's general rains have provided the moisture for planting.

Burleson suggests that dairymen confer with their local county agent regarding the best silage crops for their area and at the same time check on a fertilization program for the crop. Maximum yields are needed for all crops this year to meet the growing needs of the nation and the use of fertilizers will help get the top yields.

Farm and ranch operations should be planned well in advance of actual work in order to make the most efficient use of farm labor.

Don't walk in a daze—Look both ways.

MANY WOMEN RE-UPHOLSTER OWN FURNITURE

As the results of information given by Irma Sealy, El Paso county home demonstration agent, to Mrs. Charles Britton, North Loop Home Demonstration Club, the art of making slip covers and re-upholstering furniture has spread to other clubs in the county.

A friend of Mrs. Britton gave her a discarded three piece overstuffed living room suite. She reconditioned it by re-tieing the springs and putting in new cotton padding. It took 30 yards of material to make the slip covers. Mrs. Britton says, "I have saved more than \$100 by reconditioning the furniture and making the slip covers. The covers are beautiful. I don't know when I have enjoyed a task more nor received such satisfying results."

Four neighbors helped with the work and 12 have seen the finished results. At present two other club members are making slip covers.

Miss Sealy says that Mrs. C. C. Homan of the Country Club district has reconditioned and upholstered a divan with the help of 12 neighbors. She intended to make a slip cover but after finding a good buy in material she decided to upholster it instead. The total cost of the completed divan was \$50 and has an estimated value of \$125. The results of the demonstration were shown when Mrs. Homan was hostess to her home demonstration club.

According to Miss Sealy members of the Canutillo home demonstration club are making plans to obtain a room in the local gin to use as a work shop. The members then can, on certain days, come and work on their individual pieces of furniture.

BACK TO EARTH

"Darling," said the sentimental young man, "wouldn't you like to beam—just you and me together—towards those twinkling stars where all is infinite, even love. A we could dwell in eternal bliss far from—"

"Oh I couldn't Jimmy—not tomorrow," interrupted the girl. "I have an appointment with my hair-dresser at four."

POSITIVE PROOF

Gladstone used to tell his friends about a neighbor's girl who really believed in prayer. Her brother had made a trap that caught little sparrows, and she prayed that it might fail.

Suddenly her face became radiant and for three days she prayed hard, and her faith was so absolute, that her mother asked one morning, "Julia, why are you so sure your prayer will be answered?"

Julia smiled, "I know that my prayer will be answered, because I went out there three days ago and kicked the trap to pieces!"

MAKES A DIFFERENCE

Doesn't it give you a different feeling when your husband remembers your birthdays? Mrs. Gladstone asked Mrs. Weinstone, "Well—yes," Mrs. Gladstone answered, dryly; "I remember only the date—not the day."

ARTHRITIS

I have been wonderfully in being restored to an active life after being crippled every joint in my body by chronic soreness—from head to toe. I had Rheumatoid Arthritis and my hands were deformed and my ankles were set. Limited motion prohibits telling you more but if you will write me I will reply at once and tell you how I received this wonderful cure.

Good Neighbors Honor Members With Supper

A bountiful and delicious buffet supper honoring Mr. and Mrs. Weaver Barnett and Mr. and Mrs. Glenn Robertson was served in the home of the Herbert Finsterwalds' by the Good Neighbors Club on Friday night, April 25.

The Club and friends presented each family with a lovely table lamp as a going away gift. Both families are moving to Sudan in the near future to make their homes.

Those enjoying the supper and "42" playing during the evening were: Mr. and Mrs. Weaver Barnett, Kathleen; Mr. and Mrs. Glenn Robertson, Viki; Mr. and Mrs. Mit Wilson; Mr. and Mrs. Milton Finsterwald, Judy and Larry; Mr. and Mrs. Farmer Hefley; Mrs. Ora Ewing; Mr. and Mrs. W. A. Finsterwald; Mr. and

Mrs. Jack Hefley; Mr. and Mrs. Elbert Zybach, David; Mr. and Mrs. Vernon Sivage; Mr. and Mrs. Clyde Ayres, Linda; Mrs. R. L. Ramsey, Patsy Ann; Mr. and Mrs. Grady Dodd, C. G. Jacquelyn, and Diane; Mr. and Mrs. Barney Burgess, Don Meadows; Mr. and Mrs. O. H. Upchurch; Mr. and Mrs. H. Dyson, Jane and Diane; Mrs. T. A. Treadwell, Monette; Silvia Sonntag and Mr. and Mrs. Herbert Finsterwald, Don, Charles and Mona.

WHEELER HD CLUB ACTIVE IN CIVIC AFFAIRS

The Wheeler Home Demonstration Club began 1952 with twelve members, and now has a membership of twenty. The club has been active in the March of Dimes Drive with a contribution of \$65.72 and helped in the Red Cross booth in town. During the past year the club bought a band uniform for the Wheeler High School Band. Members of the club took an active part in preparation of the Wheeler float for the St. Patrick's Day celebration in Shamrock, March 17. An intense interest was shown in helping the H. D. Council with the food booth on that day.

The year's program has included many interesting demonstrations. Mrs. D. J. Johnson gave a very interesting demonstration on leather craft with several members completing beautiful purses, billfolds, and belts.

The club sponsored a textile painting school in Wheeler during February with a total of eighteen enrolled. Five members of the Wheeler club have taken an active interest in this craft. Several members are also doing Swedish weaving.

On February 28 a guest day was held in the home of Mrs. Lyndon Sims. A very interesting book review "Tammy Out of Time" was given by Mrs. C. J. Meek.

The officers and members of the Wheeler club include: Mesdames John M. Wright, president; Richard Bradley, vice-president; E. A. Walker, secretary-treasurer; H. J. McCormick, reporter; D. M. Bentley, Council delegate; Bill Owen, alternate council delegate; Barney Teague, Percy Farmer, D. J. Johnson, Lyndon Sims, Homer Lynch, Roy Bailey, Bob Douthit, Ben Westmoreland, Henry Greenhouse, Thurman Rives, Allie Minor, J. J. Hastings, Delma Faught and Homer Moss.

Each member of the club has a secret pal who does interesting things for her.

Members bring their odd but still readable magazines to club each time and they are sold at five cents under the newstand price. At the April 16th meeting each member paid five cents for each size in her shoe. The birthdays roll around for everyone once a year and for their own each member pays one cent for each year of her age.

Silage, next to pastures, is the cheapest source of feed for the dairy cow. "Canned pastures" should be included in the complete forage program for every livestock producer. Now is the time to plant the silage crops.

EVENING REFRESHMENT

FRIENDLY evenings spent viewing television, listening to music, or just indulging in good conversation, become even more pleasant when light refreshments are served. The hostess who, without effort, provides an evening snack which hits the spot, is the one whose impressive entertainments are readily accepted.

A variety of cheeses and a selection of crackers always please at an informal gathering. A glass of pale dry ginger ale is an excellent and refreshing drink to serve, either plain or in combination with fruit juices. A fruit

juice drink taken on sparkling and tang when blended with ginger ale. Try adding ginger ale to your favorite fruit drink for a new and different flavor.

Here is a drink you might like to try:

Ginger Fruit Blend

1/2 cup dry ginger ale
1 cup grape juice
1 cup orange juice
1 teaspoon sugar
1/2 cup lemon juice

Combine fruit juices and sugar, dissolving sugar. Divide among 4 tall glasses, add ice cubes and fill glasses with chilled pale dry ginger ale.

UNFINISHED

A man had been talking for hours about himself and his achievements.

"I'm a self-made man, that's what I am—a self-made man," he said.

"You knocked off work too soon," came a quiet voice from the corner.

GOOD YEAR TIRES

BETTER FOR SAFETY...
On slippery roads you get "stop-quick" traction from Goodyear's extra tread "grip" and better tread design. On all roads you get more tire safety from Goodyear's stronger, tougher bodies.

BETTER FOR MILEAGE...
Long after less popular tires are discarded, Goodyears are still rolling safely. Their stronger bodies and tougher treads stand up longer to give many extra miles of safe motoring.

BETTER FOR COMFORT...
On rough roads you get a smoother ride because Goodyear's stronger cords give to cushion car-rolling bumps and road shocks.

Trade today... we'll buy the unused miles in your worn, unsafe tires.

SENIOR NEWS

Seniors received their caps Monday. They are ice white. Our baccalaureates are to be Sunday, the high school auditorium. Dow Wilson of Borger is planning their senior party May 9. We have not decided where we want to go as yet.

SENIOR NEWS

Seniors attending Joyce's party Thursday night were: Janie, Mary, Leroy, W. L., and all reported a very nice time.

SENIOR NEWS

Leon went to Sham-berlay night. He didn't get to Duro Canyon with the class. The class enjoyed Sunday at Duro Canyon with their

sponsor, Mrs. Jane Kiker. Those going were: Jane Ann, Maureta, Mary, Juanell, Clevene, Leroy and Bob.

SOPHOMORE NEWS

The sophomore class went to Palo Duro Canyon Saturday. All the class, except Lucille went. Our thanks to Mrs. Lucille Tipps, Mr. and Mrs. T. A. Treadwell, Mr. and Mrs. Cash Walker, and Mr. and Mrs. Doyle Standlee for taking us. We are sorry that our sponsor did not attend.

We hope Lucille can be back with us very soon. She has been very sick lately. Get well quick gal.

Sylvia, Martha, Wilma, Monett, Jerry, and Eddie went to Joyce's party Thursday night. They all reported a very nice time.

Sylvia and Monett went to a farewell supper Friday night.

FRESHMAN NEWS

Everyone reported a very nice time at Joyce's party Thursday night.

Patsy Waters, how does a "hut mobile" run these days? Joyce, what was in those questions and answers that embarrassed you so?

Earline, why so late about coming in after everyone was nearly through eating? Were you delayed by a certain little sophomore boy?

Sybil, what kind of candy bar do you prefer to sell to a certain Wheeler boy? Could it be Flabbs boy friend?

Mustard, how come the little dog to get after you Thursday night?

Cookie, we are sorry you didn't get to come to the party.

We are all looking forward to school being out in May, but there is only one thing we hate about it and that is that we will miss the seniors, especially the boys!

Patsy Waters, who ran out of gas Thursday night? Could it have been Van?

Joyce, how does the little power glide run these days? It doesn't have to be pushed anymore does it?

GOSSIP

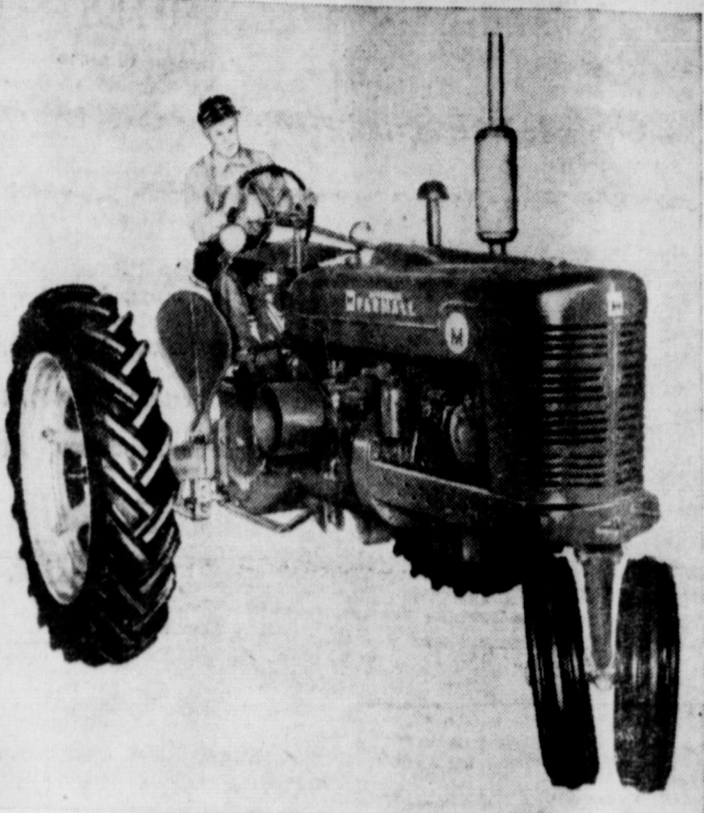

Jerry, did you really have a Charlie-horse in your leg Friday night or was that just an excuse?

Gene, why have you been wearing that ball cap lately? Could it be because of that GI?

Wanda, what's this we hear about a certain apartment in Canadian?

Sylvia, how is your "shadow" getting along? Still following you

The New Farmall Super M Tractor

The new Farmall Super M is described as the world's most powerful all-purpose tractor. It has plenty of power to pull a four-furrow moldboard plow in practically all conditions and cover 20 or more acres a day. It has power and speed to disk up to 50 acres a day with a 10-foot tandem harrow and pull a peg-tooth harrow or ground roller at the same time. It has faster field speeds to cultivate up to 60 acres a day.

bringing Clark home. Sanders hit a slow grounder to pitcher and Newberry was tagged out at home to retire the side and end the game. Johnson went the distance for Wheeler, allowing seven hits and getting five strike-outs. Tipps and Helton went for Briscoe giving up 4 hits and getting 3 strike-outs. In Friday's game the Broncs slugged out thirteen hits to gain a decisive victory over the Mobeetie Hornets 15 to 5. The Hornets were held to three scattered hits by the magnificent hurling of Leroy Hudson and Tooter Helton. The Bronco's big inning was the sixth when eight men crossed the plate. Eddie Walker had a good day at the plate, getting three doubles for four times at bat. Newman, Leonard, and Simpson worked the mound for the losers.

NOT ENOUGH EVIDENCE

The owner of a tavern was prosecuted for selling a bottle of whiskey after the closing hour, a bottle similar to that sold was produced in the courtroom as evidence. After the jury had heard the evidence and had retired to deliberate the foreman returned to the courtroom.

"Your Honor," he said to the judge, "the jury are quite satisfied as to the sale of the bottle, but they are not sure of its contents. May they have that bottle to satisfy themselves?" "Certainly," declared the judge.

After a brief period the jury filed back into the box again.

"Well, gentlemen, have you reached a decision?" asked the judge.

"There's no case, Your Honor," replied the foreman. "There wasn't enough evidence to go around."

More rain means more work on the farm and this increased tempo of work can set the stage for many farm accidents. Members of the Texas Farm and Ranch Safety Committee urge farm families not to become careless and try shortcuts that may end in disaster.

The shortage of farm labor can be partially overcome by preventing every type of farm and home accident. It's the business of every farm family to see that some member isn't taken from the job by an accident.

They call 'em jitterbugs, but they're not. They're just human beings acting like insects.

...Mable and Melba Reister Geanette Moberg placed first in the first year work. Ellen Corcoran first in the second year and Melba Reister first in the third year work. The Senior girls' traveling classes were: Florence Clement, Helen Allen, La Verda Harrison, Mrs. Nell Lancaster, and Ellen Moberg. In first division La Verda Harrison placed first and Helen Allen placed first in the fourth year division. Ellen Hooker was first place in house modeling. The girls who placed first represented the Mobeetie 4-H Club at the Wheeler County Style Show Saturday night, April 25. Judges for the Style Show were: Mrs. C. J. Van Landt and Mrs. John Allen. Mrs. Jim Hatway was president of the Mobeetie 4-H Club. Each girl showed her own work, a very attractive and well prepared. The 4-H Club girls wish to thank the H.D. Club for sponsoring their show and Mrs. Hathaway for her encouraging words.

The Mt. Zion Quilting Club met April 25 with Mrs. Eunice Carter and Mrs. Susan Murrell as hostesses. Those enjoying the day were: Mesdames Georgia Corse, Clara Erwin, Clara Hoffer, Wanda Lawther, Beulah Berry, Oleta Moore, Melissa Norton, Beulah Dineen, Billy Moore, Julia Williams, and Vinita Mastley. The next meeting of the club will be May 5 at which time they will work on a quilt for the Mobeetie Senior Club and members and friends who would like to help are invited.

The Good Neighbor and Mobeetie Home Demonstration Clubs have an exhibit of their accomplishments in the Crocker Smith building. They really have a nice exhibit—go by and look at the flowers, dolls, paintings, jewelry.

Mr. and Mrs. Paul Massey have purchased a farm north and east of Mesquite, Okla. We certainly will regret losing the Masseys when they move.

The children and spouses and niece of John Dean surprised John Sunday when they came in a body and unloaded a lovely Haman Oak Desk as a gift for him. This was their way of expressing their kindness for the many nice deeds he had done for them. They also brought baskets of picnic lunch and dinner was enjoyed on the secure grounds of the Dean Ranch. Enjoying the day was the honoree, his wife and the following knoloff: Mr. and Mrs. W. C. Dunn and children from Canadian; Mr. and Mrs. Bill Brady from Claude; Mr. and Mrs. R. L. Dunn; Mrs. Dorothy Davemport and boys; Mrs. Rita Heiberl and sons; Mrs. May Grimes; Earl Dunn and children all of Amarillo; Mr. and Mrs. Hoyt Dean and family of Borger and Mr. and Mrs. Ernest Lee of Mobeetie.

Mrs. Willard Harrison entertained Monday night with a Casino Party honoring her husband, Willard Harrison, on his birthday. Those enjoying the evening were: Mr. and Mrs. Walter Edward Gear and Sandra; Mr. and Mrs. Boyd Beck; Mr. and Mrs. Clifford Walker; Carolyn and Charles; Mr. and Mrs. Dick Wright and Billy Mundy. Horie made candy was enjoyed during the game and refreshments of ice cream and angel food cake were served. Mr. Harrison received many nice gifts.

Mr. and Mrs. J. K. Moxon had as their dinner guests Sunday, Rev. and Mrs. Giles of Okfuskee City, Okla.; Mr. and Mrs. C. F. Bonds and Estelle of El Paso; Mr. and Mrs. Bob Moxon and daughters; Borger; Mrs. May Moxon, Mobeetie and Ray Greenhouse of Pampa.

Mrs. W. E. Corcoran honored her father, Roy Johnston, with a birthday dinner Sunday, April 27. Those enjoying the anniversary occasion were: Mr. and Mrs. Virgil Puole and Mr. and Mrs. Janoise Ridgeway.

H. H. Bonds, a former resident of Mobeetie now living in Pampa, has been seriously ill in the Wesley Hospital. Reports are he is slowly improving.

Miss Nannette Tyson has been home the last two weeks due to a bad cold. We hope you are much improved by the time the paper is out. Nannette, and able to go back to Dallas soon.

Mrs. Melissa Norton entertained recently with a birthday dinner honoring Guy Holliday. Of course Mrs. Holliday was a guest also.

Mr. and Mrs. Herk Atkins spent Sunday with Mrs. Atkins' parents.

Pictured above is the new Sinclair Super Service Station which is holding its grand opening Friday and Saturday, May 2 and 3. Redford Harris is operator of the new station which was built by T. M. Bowman and is jointly owned by Bowman and Harris. Harris will give away several prizes Friday and Saturday as well as souvenirs. He invites the public to visit his new place of business in an advertisement on another page of this week's Times.

Mr. and Mrs. C. C. Huff of Pampa

Sunday afternoon Mr. and Mrs. H. A. Neel, Arlie Jeffus and Maggie Thompson attended the Wheeler County Singing Convention at the Methodist Church of Borger.

Dwight Hathaway underwent a tonsillectomy in the Highland General Hospital Saturday. He is home now and his usual stirring self again.

Mrs. Leroy Hathaway has returned from Vivian, La. where she has been visiting her parents.

Mrs. Bill Alverson, San Francisco, Calif., is spending some time with her parents and sister, Mr. and Mrs. L. D. McCauley and Shirley.

Mrs. Melissa Norton spent Sunday in Pampa with her sister, Mrs. Etta Grestman, who entertained for Mrs. Norton with a birthday dinner. Mrs. Norton received many nice gifts.

Well, we have another grandson, that makes three, had a long list of girl's names picked, but think they have settled for William Roy. He weighed 8 lbs. and 11 oz. and is such a handsome baby—brag-brag.

KIWANIS NOTES

The program Monday was a group of the high school girls. It was a real treat to listen to the very fine singing of these girls. We appreciate the work Mr. Wheatly is doing with the school children. We will look forward to more programs from these singers. Carroll Pettit and Mr. Wheatly of Wheeler, John Wilkinson and T. J. Worrell of Pampa, and Stuart Tisdal of Amarillo were our guests. It's always good to see these visitors and we hope we did not disappoint them either with the dinner or the program. Come again, now.

500 ATTEND COOKING SCHOOL

Approximately 500 women and a few men gathered at the Vogue Theatre last Friday afternoon for the big Maytag Cooking School which was sponsored by Nash Appliances and Supply. Rev. Adcock To Show Films At Fellowship

The Family Night Fellowship of the Methodist Church will have an unusual and excellent program on Wednesday night, May 7. Rev. Grady Adcock, pastor of the Methodist Church in Miami, will show his films of the Holy Land and eight other countries. Rev. Adcock and nine other persons toured the Holy Land and eight other foreign countries last February and March. His commentary along with the films is certainly interesting and informative.

GALILEEAN SERVICE

The Methodist Church will have a Galileean Service at the Club Lake at the Fred Drum residence on Sunday night, May 11. The
