## STREET PARADE FRIDAY OPENS AMATEUR RODEO

Chutes and pens have been completed at the Kiwanis Softball Park, entries are coming in at a pleasing rate and all other plans for the first Annual Eastern Panhandle Amateur Rodeo will be completed before the opening Friday night of the three day event, three-day event.

A big Western street parade at 5 p.m. Friday marks the official opening of the Rodeo, with performances at the park slated for 8 p.m. Friday and Saturday and 2:30 p.m. Sunday.

Charlie Plummer reports that the horses, bulls and calves are salty and rearing to go.

Any one wishing to enter the parade with tractors, trucks, cars, carriages, horseback or in other conveyance, is invited to do so.

Rodeo events will include: saddle bronc riding, bareback bronc riding, bull riding, calf roping, double mugging and bull dogging. A Cowgirl contest is being held.

The Chamber of Commerce is Rodeo headquarters.

Rodeo admission prices will be \$1.00 for adults and 50c for school age children.

The rodeo is sponsored by the Wheeler County Sheriff's Posse, assisted by the Wheeler Chamber of Commerce.

## REVIVAL WILL START SUNDAY

The Landmark Missionary Baptist Church will open its Summer Revival next Sunday and the public is extended a cordial invitation to attend.

Elder R. E. Rodgers of Henderson, Tex., who has conducted two previous meetings in Wheeler, will be in charge. Elder Rodgers will arrive Sunday or Monday and services will be held Sunday as usual.

Mr. Rodgers is a former State Missionary and has conducted meetings in many parts of Texas. He conducted the past two summer revivals in Wheeler.

"Elder Rodgers is a good Gospel preacher and if you want to hear some good old-fashioned preaching, come out and hear him," said Jeff W. Turner.

## CUB SCOUTS AT INDIAN SHOW

Several carloads of Wheeler people accompanied a group of 10 Cub Scouts on a trip to Anadarko, American Indian Exposition being held all this week.

The visit to the official Oklahoma Indian Fair and Ceremonials was of particular interest to the Cub Scouts who have been studying Indian regalia and customs this summer.

Among the program features witnessed were: presentation of Tribal Princesses and Inter-Tribal Ceremonial dances, including snake dance, round dance, eagle dance and fire dance. Members of the Wheeler party received colored photographs, autographed by several members of the Indian tribes.

Cub Scouts making the trip were: Dean Newberry, Butch Farmer, Dale Satterfield, Ken Daughtry, James Hubble, Orvil Dean Atherton, Neil Rodgers, Jim Arganbright, Larry Garrison and Harry Garrison.

Non-Scouts in the party were: Richie DeArment, Connie Farmer, Elizabeth Hubble, Mr. and Mrs. Thomas Daughtry, Mrs. Richard DeArment, Mrs. Leo Hubble, Mrs. Darvil Atherton, Mr. and Mrs. Joe Rodgers, Mrs. Jack Garrison, Mrs. Narval Arganbright and children, and Mrs. Lowell Farmer.

## 56 Absentee Votes As Deadline Nears

Absentee voting in the Democratic Runoff Primary ends Tuesday, Aug. 21 and qualified voters who will be unable to go to the polls on August 25 had better go to the County Clerk's office at once and cast an absentee ballot. Only 56 absentee ballots had been cast Tuesday morning, one week before the deadline, according to County Clerk Harry Wolford.

Because of a contest in the county commissioner's place, precinct one, and mounting interest in the races for Governor and Attorney General, local observers see the possibility of a fairly heavy vote on August 25, despite the short ballot.

Recent withdrawal of A. M. Aikin, Jr., from the Lieutenant Governor's race left Incumbent Ben Ramsey without opposition, although Aikin's name will appear on the local ballot.

Supporters of both Ralph Yarborough and Price Daniel are whooping it up in the governor's contest, while the two candidates

for Attorney General, Tom Moore of McLennan county and Will Wilson of Dallas county, are drumming up interest in their contest also.

Voters in Precinct 1 of Wheeler county have a horse race to watch in their own backyard where Frank Lee is contesting County Commissioner W. L. (Shorty) Erwin.

In about the closest three-way finish on record here, Erwin nosed ahead of Lee by 5 votes in the July Primary, polling 245 to Lee's 240. And breathing down their backs was Shelby Pettit with 232 votes. L. T. Underwood polled 88.

Close races are not new to Incumbent Erwin. In the August run-off, 1954 he defeated George Henderson by a margin of 25 votes.

If the August Runoff in 1954 is any indication, there will be slight-ly less votes polled in August this year than in July, past. In 1954 there were 2,521 ballots cast in the Governor's race in the August Primary.

## Concession Money To Buy Bleachers

## TAX RELIEF IS GIVEN FARMERS

Drought stricken farmers have been provided income tax relief on the sale of livestock by Public Law 629 approved June 29, 1956.

When a farmer has to sell his livestock, in excess of the number that he usually sells in his ordinary business, due to a drought, he can consider the sale as an involuntary conversion.

The tax relief provisions relating to involuntary conversions have in the past applied to such things as the burning of your house, losses by flood, etc. on which insurance is collected. No tax is due on the sale of property due to an involuntary conversion if the property is replaced with like kind within a specified period, generally before the end of the following year.

W. C. Bowen, Administrative Officer of the Pampa office stated that farmers who are having to sell livestock due to drought conditions will qualify. He pointed out that the Farmers Tax Guide for 1955, Internal Revenue Service Publication 225, sets out the procedures the farmers should allow in Chapter 13. Publication 225 is available at Internal Revenue Service offices and at county agents' office. Thousands of farmers used this publication in preparing their 1955 tax returns.

## HEART ATTACK ON TRIP FATAL TO MCCARROLL

John McCarroll, 86-year-old pioneer resident of Mobettie, died of a heart attack in a San Antonio hospital last Thursday.

Mr. McCarroll was making a trip to the Rio Grande Valley to visit two sisters, and planned to spend Wednesday night at San Antonio. On his arrival in San Antonio he became ill and entered a hospital the next day, passing away that evening.

Mr. McCarroll was a farmer and led an active life in the Mobettie community for 37 years. He and Mrs. McCarroll moved to Wheeler county from Durant, Okla., in 1919.

## Ex-Students Gather For 2-Day Reunion

The office of Dick Gaynes, secretary-manager of the Wheeler Chamber of Commerce, was a beehive of activity the first of the week as final plans were nearing completion for a double-barrelled community event this weekend—the Second Annual Homecoming of Wheeler's Ex-Students and the Eastern Panhandle Amateur Rodeo.

Attention is called that a last-minute change has been made in Friday night's plans for the Second Annual Homecoming of ex-students of Wheeler Schools. A big watermelon feed is scheduled for 8 p.m., in City Park to replace the series of open houses previously announced.

All ex-students are asked to meet at the park, regardless of the years of school attendance, and then they can break into smaller groups according to classes if they desire.

Advance registration has not been as heavy as was hoped but those in charge are still hopeful for a good-sized gathering.

The Homecoming, scheduled for Friday and Saturday, coincides with the Eastern Panhandle Amateur Rodeo to be held in Wheeler Friday, Saturday and Sunday, under auspices of the Wheeler County Sheriff's Posse in cooperation with the Wheeler Chamber of Commerce.

Registration of ex-students starts at 2 p.m., Friday at the

Chamber of Commerce office in the former jail building. (Ex-Students are assured there is no insinuation intended on the part of the arrangements committee).

The watermelon feed at the City Park will start at 8 p.m. Friday, after which visitors can visit with old friends and classmates as long as they wish.

Registration will begin again at 9 o'clock Saturday morning at the Chamber of Commerce office.

Highlight of the event will be a barbecue from 5:30 until 7:30 Sat., at the football field. Tickets to the barbecue may be purchased from Helen Sabbe, R. J. Holt, Jr., and Harrison Hall. Price is \$1.50 each.

A mass meeting will be held at 8 o'clock Saturday evening at the gymnasium, and the final event will be a dance at the Legion Hut following the mass meeting.

Harrison Hall, president of the Ex-Students Association, calls on former students of all years to participate in the Homecoming. He pointed out it is not only for old-timers and those who have moved away, but for all former students of the Wheeler schools. It is not only for those who graduated from high school but for everybody who ever attended school in Wheeler.

Helen Sabbe is secretary of the Ex-Students Association and has handled much of the work of planning the reunion.

## TWO STUDENTS AT MUSIC CAMP

Among the 320 Panhandle and South Plains high school musicians enrolled at the Fourth Annual West Texas Music Camp which got under way on August 6 at West Texas State College, Canyon, were two from Wheeler. They are Sharon Beaty and Kitty Hibler.

The two weeks camp, featuring band, choral and twirling instruction under some of the nation's top musicians, will close Aug. 17. Students' schedules are filled daily, from 7:30 a.m. until 5 p.m., with band rehearsals, sectional practice, twirling classes, music for fun and private lessons. Evening concerts, picnics, dances and parties are slated.

Three camp bands and a choir have been formed for instructional and concert purposes. Directing the top band, or Symphonic group, is Frank Piersol, Iowa State College. A Concert Band is directed by Hiram Henry, Oklahoma A&M; and a Cadet Band is conducted by Joe Barry Mullins, Northeastern Louisiana State College. Dr. Houston Bright, WT choral director, has charge of the camp choir.

Other instructors are Miss Sonie Rogers, Western Michigan College, and winner of every national twirling award and championship, directing twirling activities; Miss Matilda Gaume, WT piano instructor; Royal Brantley, David Kaplan, and William O. Latson, all of WT; and Fred Weber, Belwin, Inc.

Parents of Music Camp students are especially invited to the camp's "Grand Finale" concert on Friday, Aug. 17, at 7:30 p.m., when all bands, the choir, and twirlers will be presented in a camp-closing concert.

## Correction

Mr. and Mrs. Walter Bowen of Wheeler have called attention to a typographical error appearing in a recent edition of The Times wherein it was stated that Boy Scouts making a several days stay at the Bowen Camp at Cimmaron, N. M., paid only \$3.50 for expenses. Cost to each boy was \$7.50.

## FIRMS ADVISED OF NEWEST TAX

Wheeler county business firms subject to the new floor stocks tax on products included in the recently passed Highway Act may now obtain copies of Form 2265 from the Internal Revenue Office at Pampa, Administrative Officer W. C. Bowen said this week.

Returns with payments, are due by October 15.

Increased taxes are levied on floor stocks of the following items on hand as of last July 1: gasoline; tires of the type used on highway vehicles; truck, bus and trailer chassis and bodies, and tractors. A new tax was imposed on tread rubber of three cents a pound.

An instruction sheet accompanying the new form, Mr. Bowen said. It explains and defines inclusions and exemptions in the products listed as taxable on the form itself. Continuing taxes called for under the Highway Act will (Continued On Last Page)

## BARBECUE SET AT MOBETTIE

Mobettie has gone to work on plans for its Annual Old Settlers Reunion and Picnic to be held on Labor Day, Monday, September 3, on the grounds of the old jail which has been converted into the Legion and Auxiliary building.

Jim Hathaway, president of the Old Settlers Reunion, has announced "free barbecue and all the trimmings", but suggested all persons wanting to bring baskets to supplement the barbecue, may do so.

Plans for the Fourth Annual Old Settlers Reunion and Picnic were discussed at a public meeting held at Mobettie Monday.

Hathaway, has named J. H. Scribner, Henry Johnston and John Dunn as members of the finance committee and any one interested in helping finance the barbecue and other expenses is asked to see them.

"Every one is asked to come early and enjoy a day of visiting with old friends," said Hathaway.

## NEWS from bygone County Home Demonstration Agent Texas A. & M. College Extension Service By VARA CRIPPEN County Home Dem. Agent

In order for foods to retain their freshness and food value, they must be stored properly. Vegetables which must be refrigerated should be cleaned, trimmed, and stored in crisper pan of refrigerator or in a food bag. Those which do not need refrigeration, such as potatoes, onions, should be stored in a cool, dry, ventilated place. Dairy products must be refrigerated. Store fresh milk and cream in their container in the coldest part of the refrigerator. Do not let milk stand in the sun. Store butter and margarine in covered dishes; cheese, in its own package, or tightly covered. Cover meat loosely with waxed paper and store in meat compartment or coldest part of the refrigerator. Clean wash and dry fresh poultry inside and out. Store as you would meat. Keep frozen fish in unopened package in freezing unit. Clean or place in covered dish before storing in refrigerator. Cook soon after buying. Nonfat dry milk solids, commonly called dry milk, have a place in the thrifty homemaker's meals, and do not have any special storage problems. It has a high food value since all of the food value of whole milk is present, except the fat, Vitamin A and most of the amino acid lysine content. It is convenient since it does not require refrigeration in the dry form. It is inexpensive in comparison with whole fresh milk. It whips easily and can be used as a dessert topping; it makes delicious buttermilk by converting the dry form to liquid and adding a small amount of cultured buttermilk. This buttermilk can be used as a "starter" for several makings. It may be used in any recipe that calls for milk. Use it in the dry form in preparing cakes, cookies, biscuits, muffins, other quick breads and cereals. In such recipes mix the nonfat dried milk solids with the other dry ingredients and use water as the liquid. Convert dry milk solids into liquid form for uses in beverages, soups, sauces, custards and dishes such as scrambled eggs and creamed dishes. Use these proportions for mixing or follow directions on package: 1/4 cup nonfat dry milk solids plus 1 cup water yields 1 cup skim milk. 1/2 nonfat dry milk solids plus 2 cups water yields 1 pint skim milk. 1 cup nonfat dry milk solids plus 4 cups water yields 1 quart skim milk. The package may call for less dry milk. However, the amount given above improves flavor and increases food value.

# Miss Laverne Finsterwald Is Bride of Don Patterson

MR. AND MRS. DON PATTERSON

Miss Laverne Finsterwald, daughter of Mr. and Mrs. H. A. Finsterwald of Mobeetie, became the bride of Don Patterson, son of Mr. and Mrs. J. J. Patterson of Carlsbad, N. M., on Saturday, July 26, at 7:30 p.m.

by Bond, accompanied by Mrs. Geore Weems of Wheeler, who played the traditional wedding marches. A poem "How Do I Love Thee?" was read by Mrs. Dub Goad of Wheeler.

Miss Mona Finsterwald of Mobeetie, sister of the bride, was maid of honor. Bridesmaids were: Miss Glenna Stevenson of Pinon, N. M. and Miss Vera Prather of Lamesa, both roommates of the bride. The attendants wore street-length dresses of cotton satin fashioned with net overskirts. The maid of honor wore a shade of pink and carried a bouquet of pink asters. Miss Stevenson's dress was of blue, and her flowers were blue daisies. Miss Prather wore a dress of yellow and carried fringed yellow carnations. Their headresses were of matching lace and they wore shoes in tones to match their costumes.

Judy Finsterwald of Mobeetie, cousin of the bride, was flower girl. She wore a dress of cotton satin in a pastel green shade, designed with a net overskirt. She carried a pale green basket of rose petals. Bob Lowrey of Dimmitt served the bridegroom as best man. Ushers were Donald Finsterwald, brother of the bride, and John M. Wright of Wheeler, the bride's brother-in-law.

The bride entered on the arm of her father, who gave her in marriage. She was attired in a ballerina-length gown of white nylon lace worn over taffeta. The bodice was styled with a sweetheart neckline and a panel of shirred net bordered with grosgrain ribbon, extended down the front of the skirt. The bride carried a cascade bouquet of pink rosebuds and stephanotis.

Immediately following the ceremony a reception was held.

Guests were registered by Mrs. John M. Wright of Wheeler, sister of the bride.

Punch was served by Mrs. Jack Finsterwald and the wedding cake was served by Mrs. John C. Vise. The bride is a graduate of the Briscoe School and Abilene Christian College. She formerly taught in Carlsbad School and for the past two years was a teacher in the elementary grades at Roswell, N. M.

The bridegroom is a graduate of Carlsbad High School, Carlsbad, N. M., and attended Abilene Christian College for two years. He is employed by U. S. Potash Com-

pany at Carlsbad, and plans to enroll in Texas Western College in El Paso in September.

For travel, the bride wore a pink linen sheath dress. Her corsage of pink rosebuds was lifted from her bride's bouquet.

The couple will establish their home in Roswell, New Mexico.

Mr. and Mrs. Loyd Lee, Mrs. Lonnie Lee and Mrs. Weldon Weatherly spent last Sunday in Oklahoma City.

of these jobs a fulltime job for any man and said, in addition, to this, the President had to be head of his party.

Mr. Truman declared he was sympathetic with any President, including Mr. Eisenhower, but that while he sympathized with him, he would — later in the year — explain how Eisenhower had failed to do his job in any one of the six fields he had outlined.

In charging that Mr. Eisenhower is a "part-time President," Mr. Truman is striking at one of the alleged weak points of the President. He can expect to hear it repeated often during the campaign. Obviously, this approach will be more effective than an approach dealing with the President's health, and Mr. Truman has ruled out any campaigning on this subject.

It appears that the Democrats

will concentrate their attack on the idea that Mr. Eisenhower is a part-time President, not necessary being visiting in the home of Mrs. of the fact that he takes too much time off from his office. That will be a major campaign issue.

## Locals

Why not make up your mind to do something every day to improve yourself. It will pay handsome dividends.

## MAN AND JOBS

**CONGRESSMAN  
WALTER ROGERS**

Enraged Over the Supreme Court

Where did it all start? Few people have taken the trouble to find out the history of the doctrine which seems to be causing so much trouble today. That is the doctrine that the Supreme Court has the power to declare an Act passed by the duly elected officials of the people, to wit, the Congress of the United States, repugnant to the Constitution and therefore unconstitutional and of no force and effect. Thus vesting in the Supreme Court the final veto power concerning the rules, regulations and laws by which our daily lives are governed.

It all started in 1801 immediately after Thomas Jefferson was sworn in as President of the United States. At that time the political parties were the Federalists on the one side and the Democratic-Republicans on the other side. The general philosophies of these parties were in keeping with the general alignment of thought as between Jefferson and Hamilton. The Jefferson doctrine was based upon a distrust of centralized government and the advocacy of confidence in the people's capacity to govern. The Hamilton philosophy supported a strong national government by a sort of "royal purple" group who would have full control of the centralized powers and be able to govern without interference from the people.

At that time President Adams was leader of the Federalists, while Vice-President Jefferson was leader of the Democratic-Republicans. The Federalists had gotten in bad favor with the public and realized that they would be turned out of office in the December 3, 1800 election. They were correct. Thomas Jefferson was elected President at that time and prepared to be inaugurated in March 4, 1801. The Federalists, in an effort to perpetuate their power, undertook between the date of the election, December 3, 1800, and the date of Jefferson's inauguration, March 4, 1801, to fill all open offices with Federalist followers. The

number one appointment in this plan went to John Marshall, President Adams' Secretary of State and a loyal Federalist. He was appointed the third Chief Justice of the United States Supreme Court. There were a number of other appointments made by President Adams, among them being the appointment of J. of Peace for District of Columbia. The recipient of this appointment was Mr. William Marbury, who was appointed on March 2, 1801 just two days before Jefferson's inauguration.

In the confusion of the change of Administrations, the then Secretary of State, John Marshall, signed and sealed the appointments, but apparently forgot to issue the commissions to several appointees, including William Marbury. Jefferson upon inauguration, had instructed his Secretary of State, James Madison, to withhold the issuance of these commissions. Whereupon, Marbury filed suit against James Madison, the new Secretary of State, in the Supreme Court of the United States. Thus was born the famous case of Marbury vs Madison, with which all students of the law are familiar.

Since the Supreme Court's power to take original jurisdiction in cases is limited to a very narrowly defined class of cases, there was much discussion about Marbury having filed his suit in the Supreme Court rather than in a trial court. The filing of the case in the Supreme Court created a situation whereby John Marshall, Chief Justice of the Supreme Court, was called upon to decide whether or not the Court could compel James Madison, Secretary of State, to issue a commission that Chief John Marshall, while serving as Secretary of State John Marshall, had neglected to issue.

Since the Marbury case was clearly outside of the original jurisdiction of the Supreme Court, the normal procedure would have been for the Court to decline to hear the case and permit the complainant to file his suit in a proper court. However, for some reason, Chief Justice Marshall brought in to the picture the Judiciary Act of 1789, an Act to control the procedure in federal courts. He indicated that, although the Supreme Court could not hear the Marbury case under the Constitutional re-

strictions, there were no the Judiciary Act, a statute by Congress, that would Supreme Court to hear cause according to his the Judiciary Act was with the Constitution. ary Act became unenforced and therefore void. This the part of Chief Justice has been interpreted as stroke of a devoted centralized government, the doctrine that the Court had the power to Acts of Congress unenforced by Jefferson's followers.

Had John Marshall been Jefferson's followers on bury case and had entered power requiring Madison Marbury a commission, a strong chance that might have been improved thought that Marshall and thereupon conceive of not endangering his Chief Justice but at time, creating a strong the hands of advocates lized government. This left the Jefferson follow position of having won bury case for which they complain, but of having accept, as a thorn with so to speak, the establish a doctrine that vested the Court with final veto legislative actions. It is not that in the 35 John Marshall served Justice of the Supreme never again declared a Congress unconstitutional.

It is also well to re this connection that now stand, the laws duly elected officials of are in a strange position law can be knocked down Supreme Court of the States as being unenforced. Yet, a treaty between and a foreign country, entered into by the Branch of the government approved by the Senate party with, if not super Constitution. But in any the law presently stands passed by the Congress ament to such treaties, the Constitution, so you gine how far down the laws of the several states
