GOC Group Held Alert Sunday P. M.

The sounding of the fire alarm Sunday afternoon was the signal of a GOC alert. It was a regular practice session of the entire area organization. Over 500 posts were alerted and participated in the training session.

Chief Holt complimented the local group upon the response to the call at such a short notice. He stated that many members of the post had now put in enough time to earn their wings. As soon as the certificates can be made the awards obtained they will be presented to the members he said.

WORK STARTS ON PIPELINE

Natural Gas Pipeline Company of America has started work on its 350-mile, 20 and 26-inch line from Jack and Wise Counties, through Southern Oklahoma to Fritch in the Texas Panhandle.

The line which constitutes a multi-million dollar project, will run through Wheeler County from the east to west, passing about one mile north of Wheeler.

The 20-inch Red River crossing contract has been let to R. H. Fulton & Company, and the main-line construction contract was to be let this week.

Right-of-way through Wheeler County has already been purchased.

The big-inch line will transport natural gas from Jack and Wise Counties and other fields along the way, to the company's existing facilities at Fritch. From Fritch the gas will be sent to the Chicago area.

The 55th Wedding Anniversary of Mr. and Mrs. J. R. Reed and Mr. and Mrs. Walter Anglins was observed Saturday, March 23, 1957, with open house from 2 to 4.

Flowers decorated the living room and the daughter and daughter-in-law of John Reed's made a beautiful table decoration for the occasion.

All of the Reed children were present, except one daughter in California. One son of the Anglins couldn't be here. He lives in California. Sixty-seven had dinner in the Reed home Saturday.

Cake and ice cream was served to the guests present. Those calling were: Mr. and Mrs. W. H. Frye of Allison; Mr. and Mrs. Earl Miller, Sweetwater, Okla.; David Stone and Mr. and Mrs. E. R. Stone of Muskogee, Okla.; Rev. & Mrs. J. A. Gales, Harrah, Okla.; Mr. and Mrs. Domer Miller of Allison; Mrs. Don and Karen Son of Anadarko, Okla.; Mr. and Mrs. R. L. Reed, Sayre, Okla.

Mr. and Mrs. O. R. Schiller of Sayre, Okla.; Mr. and Mrs. J. R. Coleman of Sayre, Okla.; Mrs. Lois McCain and Janice of Pampa Mr. and Mrs. O. V. Miller of Sweetwater; Mr. and Mrs. Charley Plummer of Elk City.

Mr. and Mrs. C. J. Meek, E. M. Borden, Jr., Mr. and Mrs. Loyd Anglin, Mr. and Mrs. T. T. Wallace, Mr. and Mrs. C. A. White, Mrs. M. A. Hanks, Estie Seedig, Mrs. Deering, Mr. and Mrs. Nelson Porter, Thomas and Ken Daughtry, Johnnie, Jewel and Louise Reed, Ona, Bob and J. R. Black all of Wheeler.

Bonds To Be Sold: 2 New Councilmen

Both bond propositions voted on Tuesday carried for the sale by small majorities. Wayne Edwards and Harrison Hall were elected to serve as councilmen.

The water propositions carried by the largest majority. The vote was 109 for the sale and levying a tax sufficient to redeem them as they mature. 97 votes were cast on the opposite side of that question.

TORNADO HITS LOWRIE FARM

Shortly after 6 p.m. Tuesday night a tornado ripped through the farmstead of Bill Lowrie about a mile and a half north of Wheeler. No one was injured although both Mr. and Mrs. Lowrie were in their home when the storm struck. The local post of the General Observation Corps was alerted for tornados minutes before the wind hit but due to power failure they were unable to sound an alarm.

Lightning struck a grounding transformer at the Wheeler County sub-station spilling the oil from the transformer on the ground. The oil caught fire and further damage to the sub station was caused by the fire. The wind destroyed distribution lines north of Wheeler.

The power went off completely at 6:39 p.m. and was partially restored by 10:35 p.m. Within an hour after the power failure here crews from Pampa were on the scene to assist the local crew in repairing the damage. Some damage has not been cleared at this writing but other crews are here to relieve the ones that worked all night and are getting to the trouble as rapidly as possible.

Most of the residential area of Wheeler had full power by 10:35 p.m. Tuesday night. Parts of the town were on with low voltage and part of the service was out until around 5:05 a.m. Wed., at which time the entire load was picked up. Portions of the area served from the Wheeler County sub-station were still out of electricity Wednesday morning.

Telephone communications with Wheeler were jammed because of the vast number of calls coming in and those trying to call other points. Local calls could be made but long distance lines were flooded.

Gas service was off at Reydon, Okla., for about 2 hours because of a washed out gas distribution line, a spokesman for the Gas Co. stated Wednesday morning. He reported that people of Reydon said they had an inch of rain in about 15 minutes. The run-off washed out about 50 feet of gas line and tore it loose at one end necessitating the closing of a gate which shut the entire town off from gas. Service was restored about midnight.

The Wheeler and Shamrock Fire departments, with their short-wave radio equipment stood-by to assist the sheriff's Department with incoming and out-going calls until nearly midnight.

At the Lowrie farm his garage was blown away and the car banked against the north side of the house. Cattle had been in and fed and had returned to the pasture. (Continued On Last Page)

The vote in the Sanitary Sewer bond sale was 107 for the sale and levying the necessary tax to 104 against the sale.

Proposition No. 3, the Revocation or cancellation of the water bonds lost by a vote of 92 to 106.

Proposition No. 4, the revocation and cancellation of the sewer bonds lost by a vote of 95 to 105.

In the council race Wayne Edwards lead the field with 147 votes with Harrison Hall second high candidate receiving 86 votes. Al Thomas was third high with 76 votes, followed by Percy Farmer with 75 votes. Lloyd Anglin polled 65 votes. There were no write-ins.

A total of 211 votes were cast in the bond election and 226 in the councilman race.

BOND SALES ARE SLOWER THAN IN '56

Texas investors more than \$14,000,000 in Series E and H United Savings Bonds during the month of February. R. J. Holt, Wheeler County Savings Bond Chairman said today.

Total purchase of \$14,458,062 for the month were recorded. During the first two months of 1957, Texas bought \$32,065,275 in E and H Savings Bonds. This amounts to 16.6 per cent of the 1957 state goal of \$193,100,000.

Here in Wheeler County, purchases through February totaled \$21,385, for 8.5 per cent of the 1957 goal of \$250,000.

POSTURE WEEK HERE MAY 1-7

Appointment of Dr. C. C. Merritt of Wheeler as city-county Correct Posture Week chairman for this area was announced today.

His appointment was made by Dr. C. E. Henley of Amarillo, regional chairman for this area.

He is one of the several hundred chairmen who have been named to direct Posture Week activities, May 1-7, in nearly 300 Texas cities and towns.

This will make the seventh straight year that the Texas State Chiropractic Association has sponsored the observance of Posture Week in Texas.

The purpose of Correct Posture Week, the sponsors said, was to stress to the public the importance of good posture and good health and the relationship of the spine to good posture.

Egypt's Coptic Church

Although most Americans consider Rome as the seat of early Christianity, an equally ancient branch of Christendom—the Coptic Church—was established during the first three centuries of the Christian era in the city of Alexandria, Egypt.

The Church of St. Sergius marks the site of the home of the Holy Family during the traditional Flight into Egypt. From this early beginning, Christianity flourished and by the end of the Second Century it was firmly established in Egypt. The Coptic faith received its strongest impetus during the Third Century when St. Anthony, a native Egyptian, laid the foundations of the church's monastic tradition.

Up to the Fifth Century, the Coptic Church at Alexandria played a leading role in the history of the Christian World. The earliest churches were cut out of rocks and caverns, but in the days of Constantine and Justinian, basilicas of great splendor were erected. The use of the dome by Coptic architects was universal; most churches had at least three domes overshadowing three altars.

4-H MEMBERS EARN AWARDS

Hard work and a determination to make the best better will earn college scholarships worth \$400 each for 18 national winners this year in the 4-H poultry, field crops and entomology programs, the Co-operative Extension Service announced today. In addition, 48 state champions will receive an all-expense trip to the 1957 national 4-H Club Congress to be held in Chicago early in December and county blue award groups will get handsome gold-filled medals of honor.

The 4-H boys and girls who enroll in the poultry program will learn the latest methods in poultry and egg production, and in marketing. Last year 4-H Club members handled 9 1/2 million birds according to the Extension Service.

Incentive awards in the 4-H field crops program will be provided.

More than 800,000 acres were cultivated, planted and harvested by 4-H'ers carrying the field crops project last year. Members are encouraged to demonstrate to others what they learn about soil nutrition and fertility, as well as recommended crop production practices for their particular locality.

Introduced to 4-H Club only six years ago, the entomology project last year alone helped 28,000 members. Knowing the differences now between an ant and a termite could save many dollars in damage to homes and farm buildings later on, cautions one entomologist. And this is one of the many valuable lessons taught in the 4-H entomology program. Ask your County Agent about these awards.

Wheeler County Soil Conservation District News

Moisture received so far in 1957 averages about 5.50 to 6.50 inches over the district. It has dented the drought but it is not yet broken. Soil Conservation Service personnel assisting the district have checked the moisture depth in many places. Sandy land has moisture 36 to 40 inches, mixed land averages 18 to 24 inches and wet of the hard land is not yet wet 18 inches. This is a very good start but we still need at least that much more.

Any farmer who has tried to get one of the district drills for grass seeding can tell you that there is a lot of grasses being planted. It will not be possible to plant it all if the drills are left standing idle. Each drill should be returned as soon as possible after it is used. Failure to do so may keep someone from planting this year. Bad weather has delayed the schedule but delays for moisture are welcome.

County Schools Get Surplus Pickup Truck

Supts. Dalton Vaughan of Briscoe, Joe Bailey of Kelton and A. E. Brown of Wheeler, along with Harold Kenady went to the Surplus Property Agency of Texas depot at El Paso over the week end and brought back a 1951 model pickup for school use in each of the three schools.

These 1951 Chevrolet pickups are surplus property and cost the schools about \$40 each plus the expense of the trip to pick up the vehicles. They are in excellent condition and seem to be a bargain, a spokesman for the schools stated.

KIWANIS NOTES

Two visitors from Pampa, one from Amarillo and one from Miami, attended the weekly meeting of the Wheeler Kiwanis Club here Monday.

Kitty Hibler, club sweetheart, was back on the job this week. We are glad you were back, Kitty. President Frank was out this week because of illness, vice president, Earl was in El Paso, therefore Harry presided at the meeting.

Mention was made of the Governor's visit at Guymon on Friday, night, April 18. All who can are urged to attend this meeting.

George Taylor brought an excellent program on Highway Safety. Geo. we are glad to know you can do it. He was left on a limb

by the speaker who failed to show up today so he took over. Good program George.

Don't forget the directors meeting Thursday night at the Commissioners Courtroom. If you need a make up you can get it by attending.

conduct another sale of forfeited land at 10:00 o'clock the morning of April 3 at the General Land Office. Altogether, 52 tracts of land totaling 3,932.70 acres will be offered for sale. Ten thousand veterans have already received information about the sale. During a recent meeting, the Veterans' Land Board approved additional tracts of forfeited land for resale on June 6. Lists of property to be offered in the June 6 sale will be available about April 15.

"To date, the Veterans' Land Board has sold 82 forfeited tracts. In these sales, the Board has received \$62,444.48 more than the principal balance owned by the veterans. This indicates that had the veteran kept his account current or tried to dispose of his land personally, it would have been of great benefit to him rather than to allow his tract to be forfeited. Any assistance that you may be to veterans in this regard will be greatly appreciated by the Veterans' Land Board."
