HALE-AIKIN COMMITTEE TO VISIT SCHOOLS

The Wheeler County Hale-Aikin Committee met at the court house Thursday night and appointed committees for the various phases of their program.

Jesse J. Dyer was selected as chairman of the Teacher Demand Committee. A. E. Brown, L. R. Reaves, Grainger McIlhany, and Harold Kenady will assist Dyer.

The School Program Committee is composed of Kenneth Laycock, chairman and committee members, Mrs. R. William Brown, D. L. Malin, Stewart Tisdal and Clyde Nix.

Serving on the School Finance Committee with George Gandy are B. W. Sims, Lee Berry, E. S. Carroll and Clarence Zybach.

Thurman Adkins is assisted on the School Construction Committee by Stewart Tisdal, D. L. Malin, Raymond Moore and Bob Terry.

Several of the committee members plan to visit Wheeler County Schools Friday Feb. 14. The group will meet later to discuss their findings.

T. M. Britt, president of the Wheeler County Hale-Aikin committee, mentioned the possibility of a junior college in Wheeler County.

WHS IS HOST FOR DISTRICT TOURNAMENT

The District 11-B basketball tournament will be held in Wheeler February 13, 14 and 15 with a total of 12 teams playing.

The first game will begin at 2:00 P.M. Thursday when the Mobeetie girls meet the Kelson girls. The winner of this game will play Briscoe Friday at 7:30 P.M.

Briscoe and Allison boys will meet Thursday at 3:15 for the second game of the tournament. The winner of this game will play Mobeetie Friday at 8:45 P.M.

In the third game Thursday the Allison girls will meet Miami at 7:30 P.M. The winner of this game will meet Wheeler Friday at 2:00 P.M.

At 8:45 Thursday the Kelson team will play the Wheeler boys with the winner scheduled to play Miami Friday at 3:15.

The winners of the games played Friday will meet Saturday for the playoffs.

Frank Odum, Miami, is the executive committee chairman and A. E. Brown, Wheeler, will be the tournament director.

CITY ELECTION TO BE HELD APRIL 1, 1958

Wheeler citizens will vote on a new mayor and 3 city councilmen April 1st according to C. B. Kirk, present mayor of Wheeler.

The three aldermen whose terms expire are, Dorsie Hutchinson, A. O. Vanpool and Hiram Whitener. Mayor Kirk's term also expires.

Kirk said that anyone who plans to seek one of these posts must file their announcement with Reba Wofford, city secretary by March 1st, 1958.

Election officials will be announced at a late date Kirk said.

Clay Food To Close Monday For Remodeling

Clay Food Store will be closed Monday, Feb. 17, according to Cecil Denson, owner of the firm. Denson said he planned to close Monday in order to install some new equipment and remodel and re-arrange part of the store.

WHEELER COUNTY FARMERS SHOULD EXAMINE CONSERVATION RESERVE PROGRAM

Wheeler County farmers will do well to examine some of the new features of the Soil Bank's 1958 Conservation Reserve program. Albert Marshall, ASC manager said.

The signup period for Conservation Reserve contracts ends April 15. There is time for local farmers to come into the county ASC office and talk over various profitable conservation practices for which they may earn payments

Deadline Nears For Ordering Mustang Annual

Deadline for ordering 1958 Mustang annuals is Tuesday, Feb. 18 according to Juanell Wegner, member of the annual staff. Miss Wegner said, "The '58 annual is the best yet."

Every member of the senior class is taking orders. The annuals sell for \$3.50. However, "they can be purchased on the installment plan," Juanell said.

1817 COUNTIANS PAY POLL TAX

Thurman Rives, county tax collector, reported today that 1817 eligible voters in Wheeler County paid their poll tax before the deadline Feb. 1. Ten were exempt from paying the tax because of a ruling allowing voters who have just become of age (21) to be exempt the first year.

Rives said the total number of eligible voters in Wheeler County is 1827, however, this does not include those over sixty years of age, they are not required to pay poll tax.

In the last general election year which was held in 1956, 2240 individuals paid poll tax which is some 400 more than this year. 1348 paid poll taxes last year.

Rives pointed out that 1956 was a presidential election year which probably accounts for the large number of individuals paying poll tax.

Band Boosters To Purchase Instruments

The Band Boosters club met Monday night in the school cafeteria to discuss plans for the Wheeler Band.

Fred Tankersley, band director, told the group that more than 50 students were reporting regularly for band practice.

A. E. Brown, president of the Boosters, said the club plans to purchase \$500 worth of band instruments in the near future.

KNOW YOUR BUSINESSMEN

(EDITORS NOTE: Each week we obtain a baby picture of a Wheeler businessman, usually from his wife or mother, and give our subscribers an opportunity to see how well they know their businessmen.)

This little fellow was born in a small mid-western community to parents engaged in the meat market trade, and owners of the telephone exchange.

He attended Wheeler schools, spent 1920 in West Texas Military Academy in San Antonio, then attended Clarendon College followed by a year in Metropolitan business school in Dallas.

He is an ardent sports fan having taken part in many sports. He played college football, baseball, tennis, golf and basketball.

He has been a cotton buyer, managed a roller mill, worked in a hardware store, and owned a general merchant store in a nearby town.

His interests are many and he thoroughly enjoys people. One thing close to his heart is the youth of our community and he is always ready to give his time to assist them.

His life spent in Wheeler tells how he feels about this busy little city.

Stanley To Review Book For Wheeler Methodist Study Club

Mrs. George L. Stanley, Society Editor of the Shamrock Texan will be presented, in a book review, by the Wednesday Study Club, Friday, February 21st, at 7:30 P. M. in the Methodist Fellowship Hall.

Mrs. Stanley is a former resident of Wheeler, her family being one of the founders of the town. Her experience in the field of journalism qualifies her as an excellent reviewer of books.

The Wednesday Study Club invites the general public to hear this talented lady.

A fee of fifty cents will be charged.

School Cafeteria Shows Deficit Must Increase Meal Price

Table Tennis Champ To Appear At Wheeler High School

Stan Fields, table tennis champ, will appear in a school assembly program in the Wheeler high school gymnasium Wednesday, Feb. 26 at 9:00 a.m., according to A. E. Brown, superintendent of Wheeler schools.

The Table Tennis Champions are headed by Stan Fields, one of the country's top table tennis professionals for the past twenty years. Among the numerous titles Stan has held are the Pacific Coast Men's Singles, mixed doubles championships, the Eastern United States Men's Singles, the Southern Northeast singles and doubles and the Washington, D. C., singles and doubles, as well as many others. Stan has performed throughout the country and Canada and has appeared on TV and has made a movie short on this sport for Universal Pictures.

Stan is assisted in this program by one of the finest young players in the sport today, Robert Ashley. He won the 1954 All Army men's singles and doubles table tennis championship and many other sectional titles.

These champs will amaze everyone with their famous bag of tricks, followed by a great exhibition of speed and skill winding up with some interesting audience participation bits. They open their program with a variety of shots. Balls are blown over the net; spectacular returns are made from their backs and even with their feet. For most people it is hard enough to keep one ball on the table, but these experts keep three balls going at one time and they actually set table tennis to music.

The performance of this team of table tennis champions is positive proof of the results which can be obtained by young people through practice, training and an application of good clean living habits.

Admission prices are 10 and 20 cents. Everyone is invited to witness these outstanding tennis players.

WHEELER T.V. SYSTEM IS PROGRESSING

Installation of the Wheeler TV System is coming along very well. Lee Guthrie, owner of the system said today. Of course the weather is a big factor this time of the year, and no progress has been made the past few days. However, about 50% of the steel cable, and 20% of the black coaxial cable has been strung, he said.

Approximately a dozen tie-ons have been made in the south part of town, and more will be made as soon as the weather permits.

Guthrie said when the black cable has been strung on "your street" tie-ons will then be possible.

ALLISON HIGH PICKS COLLEEN FOR PARADE

Allison High School was the first school to accept the invitation from Shamrock to enter a colleen in the 1958, "Miss Irish Rose," colleen contest for St. Patrick's Day, March 17.

Miss Elizabeth Malin, senior at Allison will represent her town for colleen that day.

Miss Bonnie Kaye Shelton, Shamrock Senior, was named "Miss Shamrock" to be hostess to colleens of each town.

Thomas H. Baker

Baker Files For Superintendent Of County Schools

Thomas H. Baker, popular Wheeler County school administrator, this week announced his candidacy for election to the office of Superintendent of Schools, Wheeler County.

A resident of Wheeler County for the past 10 years, Mr. Baker has been principal of the Lela Independent School District since 1950. Prior to that time, he served one term as coach at Briscoe High School.

Reared in a Baptist Orphanage at Oklahoma City, Mr. Baker did his elementary school work at Britton, Okla., and was graduated from high school there.

He enlisted in the Marine Corps on January 3, 1942, less than a month after Pearl Harbor, and served three years and eight months during World War II, being separated from military duty on September 17, 1945. Most of his tour of duty was in the South Pacific.

Following World War II, Mr. Baker enrolled in West Texas State College, Canyon, and received his B. S. Degree in 1949. He was presented his Masters Degree in Education from the same college in 1952.

Mr. Baker is married to the former Thelma Fern Pollard. They have two daughters, Alice Dianne, 11; and Amy Duree, 5.

"I offer my candidacy for the important office of Superintendent of Schools only after much deliberation, Mr. Baker said. I have never before sought a public office and I know absolutely nothing about politics. I do, however understand the functions of school administrations and have kept abreast of the rapidly changing times in that field. I hold professional high school and grade school administrative certificates," he said.

"I love school work, and it is my desire to continue to make my home in Wheeler County and rear my children here."

"My only pledge is that, if elected, I will devote my efforts to serving all the school of the county to the very best of my ability."

"I humbly solicit your consideration and assure you that your vote and support will be deeply appreciated."

Wheeler and Mobeetie To Observe World Day of Prayer

The Wheeler WSCS of the Methodist Church has been invited to Mobeetie to observe the annual "World Day of Prayer" with the Mobeetie WSCS.

The two organizations plan to meet Feb. 21 for the special service.

Decision is Reached By Board of Trustees

Prices of meals at the school cafeteria of Wheeler will increase on Monday, Feb. 17, according to Earl Brown, superintendent of schools. This decision was made at a meeting of the Board of Trustees, Thursday, Feb. 6.

The new schedule of prices are as follows: for pupils eating regularly, the weekly rate will be \$1.50 for the first three grades, which is no increase; for other pupils, \$1.75 per week; and for teachers, \$2.25 per week. Pupils in any grade who eat only an occasional meal will be charged 50c per day, and all adults, 60c.

Mr. Brown stated that the Board authorized the new price schedule after considering a report which showed the cafeteria to have a deficit of over \$600 at the present time. Since school officials have been notified that no further shipments of surplus meat will be made from government supplies, and the other food items usually supplied from this source have been cut short, there seemed to be no prospects of reducing the deficit during this term. However, it was pointed out that as soon as the deficit is erased, prices will be reduced to as low a level as is consistent with good business policy.

Comparison of average costs of meals shows that food costs for Wheeler during 1956-57 averaged 26.8c compared to 20.3c for the state average. However, the state average for labor and other expenses was 14.7c as compared to 11.0c at Wheeler. These comparative figures help prove the opinion that the meals served in the Wheeler cafeteria are equal in quality to the state average.

Parents are invited to visit the cafeteria and see what type of meals are being served, and if possible, to urge their boys and girls to take advantage of the balanced meals which may be secured there. The larger the number of meals served daily, the lower the per-meal cost will be.

Mr. Brown stated that anyone who wishes, may have a copy of the report on which the Board made the decision, by calling at his office.

SCHOOL BOARD ELECTION TO BE HELD IN APRIL

The Wheeler County School Trustee election will be held April 1st this year instead of May 1st according to Jesse J. Dyer, county school superintendent.

All common and independent school districts will elect new trustees. Three members of the county school board will also be elected May 1st. One each from county commissioners precinct 2 and 4 and one will be elected by the entire county.

Interested candidates must make personal application to the county judge or have five persons sign a petition in behalf of the candidate. Candidates are also required to sign a non-communist oath.

Scout Interviews Porter For Lubbock Team

Joe Kerbel, assistant coach at Texas Tech, Lubbock, was in Wheeler Tuesday interviewing Jim Porter as a prospective player for the Tech football squad.

While playing for Wheeler Jim has piled up quite a record. In 1955 he made the all district team and in 1956 he was selected for the all regional squad. In 1957 he made both the regional and district teams.

Jim is the son of Mrs. Madge Porter.

LANCASTER IS IDENTIFIED AS TIMES WHO-ZIT

Lewis Lancaster was the "Who-zit" in the last issue of the Times, and the big bird dog also pictured with Lewis was named "Black". Mrs. Ida Goad was the first to correctly identify Lancaster, others who guessed correctly were, Lottie Denson, Ocie Ford, Marie Hampton, Mrs. Jim Risner (after three tries), Wanda Pruitt, F. A. Parsley, Blanch Grainger, Adrian Risner, Harold Kenady and many others.

Some of the incorrect guesses were George Gandy, Lloyd Lee, Archie Hibler, Pete Burton, Al Thomas, Harry Wofford, Max Wiley, Thomas Daughtry and Grainger Melihany.

Lewis was born in May, Texas, July 22, 1917 and graduated from high school at May in 1936. While in high school he played basketball, football and participated on the tract team.

After graduation from high school he attended the Daniel Baker College at Brownsville, Texas, where he was married in 1940 to Inez Hall.

In 1942 he entered the air force, following his discharge in 1945 he entered the dry goods business at Odessa, Texas. Lancaster has been manager of the J-Lee Department Store in Wheeler since 1954 with the exception of 6 months spent in Shamrock.

He is a past president of the Chamber of Commerce and now is serving on the board of directors.

Mr. and Mrs. Lancaster have one daughter, Catherine 12-years-old. They are members of the Baptist Church and probably the most loyal community supporters in Wheeler.

Lewis is considered by his fellow businessmen and friends to be one of the most outstanding citizens in Wheeler.

When asked for his opinion of Wheeler, he replied, "You know what I think, it's tops."

WANTED BY THE FBI

GEORGE EDWARD COLE

A complaint was filed before a United States Commissioner at San Francisco, Calif., on January 9, 1957, charging George Edward Cole with violation of the Unlawful Flight to Avoid Prosecution Statute in that he fled from the State of California to avoid prosecution after allegedly murdering a police officer.

Cole is described as follows: Born, March 24, 1927, Philadelphia, Pa. Height, 6 feet 1 inch. Weight, 160 to 170 pounds. Build, medium. Hair, brown, receding. Eyes, brown. Complexion, medium. Race, white. Nationality, American. Occupations: bus driver, truck driver, typist. Scars and marks: pit scar on outside corner of right eye, small cut scar on inside of left wrist, appendectomy scar; tattoo, small heart and names "Mom" and "Dad" and letters "GP" or "SP" on left forearm; tattoo, 8-point star on back of left hand. He wears full upper denture.

Cole has previously been convicted of grand larceny and robbery. He reportedly has stated that he will shoot any police officer attempting to apprehend him. Cole is considered armed and dangerous.

Any person having information which might assist in locating this fugitive is requested to immediately notify the Director of the Federal Bureau of Investigation, United States Department of Justice, Washington 25, D. C., or the Special Agent in Charge of the nearest FBI Division, the telephone number of which appears on the first page of local telephone directories.

ABUNDANT LIFE BY ORAL ROBERTS

CHARLIE MET THE MASTER WEAVER
Once I saw one of the most expensive rugs in the world. It was worth in excess of \$50,000. I picked up a corner of it and turned it over and looked on the other side. The threads were running crazily in every direction. There was no order, beauty or design. Then I flipped it over again and there on that side was this beautiful design woven by the hands of a master craftsman.

God's hand is like that. He can pick up a human life that is all mixed up, confused and flowing out in a hundred different directions. He can fit the affairs of our life into something of exquisite beauty.

Charlie C. of Glendale, California, stood looking down upon the slowly moving bosom of the Mississippi River. Just one quick jump over the handrail and the "father of waters" would engulf him in a dark embrace. A few months before, he was heading for the top of his chosen profession—a stock and bond salesman.

But suddenly his entire world lay at his feet in ruins. He was left absolutely penniless.

As he stood that day on the bridge he recognized that he was a total failure. Now the question—what should he do? Should he jump? It was a way out! But maybe he could find another way.

He walked by a mission on the back side of town. Perhaps this thing called "religion" would help. So he entered into the outward form of worship. When the offering plate was passed, he dropped the last \$2.00

Wheeler P. T. A. Plans Benefit Basketball Game

The Wheeler P. T. A. met in regular session Monday night, February 10, 1958, in the school cafeteria with Mrs. Roy Ford presiding.

Upon recommendation of the special committee and after a discussion the unit voted that none of the carnival funds be used to help defray cafeteria expenses, but accepted a recommendation that the local unit sponsor a special benefit. The proceeds of the benefit to be used for the installation of the dish washer purchased last spring and other such cafeteria expenses.

The unit then voted to match a basketball game with the Kellon P. T. A. to be played in Wheeler, date and details to be announced later. Mrs. W. A. Goad Jr., Mrs. Max Wiley and Mrs. George Gandy were appointed to work out the details.

The president appointed Mrs. Bill Owens, Mrs. Thurman Rives, and Mrs. Fred Wood to the nominating committee.

A report was heard that the stage back drop curtains have been ordered.

Miss Annette Hutchison gave some worth while comments concerning "Youth, Parents and Teachers, Partners in Education."

Mrs. Liston's third grade and Mrs. Vanpool's fourth grade tied in the room count.

It is urged that everyone watch for the announcement of the coming "Sports Spectacular," the Wheeler P. T. A. vs Kellon P. T. A. Basketball game.

SO PERCENT OF ADVOLOREM TAXES ARE PAID

County tax collector and assessor, Thurman Rives, reported today that more than 90% of the advolorem taxes have been paid in Wheeler County.

Records show that 94.3 per cent of the state and county taxes have been paid. 97.7 of the Allison Independent School District taxes are paid and 94.89 has been paid by Briscoe. The city of Wheeler has paid 90 per cent of their taxes and the Wheeler Independent School District has paid 92.9 per cent.

FAMILY RELATIONS COURSE IS SUCCESS IN WHEELER

by Osie Wilson
The fall course in family relations has now been terminated according to the home-making teacher, Mrs. Gordon Whitener, and the results can be told. There was talk for and against it last September. In order to get the course, eight students of senior high rank, four boys and four girls, went on record with requests for it, and each agreed to carry five subjects. These students wanted to discuss family problems together. They thought it would be interesting to talk about such subjects as: "The Advantages and Disadvantages of Steady Dating," "The Meaning of Engagements," and "Are Early Marriages Desirable?"

"We did talk about things like that, didn't we?" says Mrs. Gordon Whitener, home-making teacher, with a twinkle in her eyes. "We also did some problems in research," she said, as she spread out eight manila folders on her desk. "We discussed all the angles pertaining to the home, the construction, the financing and the making - - -"

The profit from the course rested on the work each student did himself, and may be seen in the term themes turned in. One student made a survey of the kinds of breakfasts students ate. She found that of the 54 boys in high school 66% ate passable breakfasts; 27% ate sometimes, and 7% ate none. Of the 58 girls 44% ate good breakfasts; 23% ate sometimes, and 33% ate none. The students concluded: Boys eat better!

Mrs. Whitener says, "Women and girls have over-emphasized reducing! Good breakfasts and good health go together!"

Here's another thick folder, the work of a lad, on marriage and divorce. It says here that in 1956 there were 99 marriages in Wheeler County, and 24 divorces. The student has arrived at the average age of marriage for male and female - 22 and 20. And he's located the reasons justifying a divorce in Texas. He also includes samples of the legal instruments used to procure it!

Here are two boys whose yellow folders show they had the same objective. Each wanted to buy a car! And they've made the rounds: the dealer, the bank, the finance companies, and the credit associations! They have presented whole pages of statistics on carrying charges, interest, insurance, etc. that one would have to pay if he bought a car on credit, or time payments.

Another boy has gone into the building of a home, the considerations for buying and financing it. Essentials are: Location, kind of terrain, roads, nearness to school, utilities, rate of taxes, kind of neighborhood, mail service, and nearness to job or business. Like the two boys aforementioned this one also goes into the various sources that can be used to finance a home on credit and furnishes all the statistics and carrying charges.

One of these yellow envelopes ought to be just entertaining without all that arithmetic. Ah! here's one on high school dating! This girl says that 50% of the students are allowed an unlimited number of dates, or seven nights out each week. (Ah, how do they manage it!) It says here that 13% gets dates only two nights per week; 10% manage for four nights; others get dates for various times, and 4 1/2% cannot get any dates at all! Whoa let's back up! It says that 4 1/2% do not care for dates, or nights out! These are the 'A' students, no doubt!

This girl really is a snooper! She has found out what time the students come home at night. She says that 50% of the kids are expected to come in by 12 p.m.; 26% by 11; 20% at various times; and the same 4 1/2% stay home. Her statistics on week end nights runs about the same as above except 14 1/2% were allowed to stay out past 12:00, or 2:30 a.m. (The letter says the ones who see the "double-feature movies, no doubt!")

The importance of this inquiry is summed up in one question. Is there a night in the week when all the members of the family are together? In the survey 50% said Yes; 30% said No, and 20% said Sometimes. The home, it appears, must be headquarters for family unity on all matters, even dates!

Now here's an envelope whose

owner, a girl, couldn't come up with any answers. She visited 48 families and learned the percentage of income that each family spent for food. She pitted country family against town family. The results were inconclusive; as other factors, such as the size of the family, and the amount of entertaining each family did, counted for more than where the family lived.

Finally, here's a girl who visited 21 housewives and asked each what she thought should be stressed most in the teaching of home-making. Eleven housewives thought child-care should be stressed more; six thought house-cleaning important; and four thought the planning of meals should be stressed.

All of this was a good bit of information for one class to get together. How was it done? Outside speakers and experts were brought in to help. Judge Bruce Parker of Pampa spoke on "Types of Juvenile Problems, and How They are Related to the Home"; George Gandy, head of the Veterans' Administration spoke on "The Veteran's Work"; Mrs. R. H. Forrester talked on "Types of Insurance"; Mr. James Verdon discussed the "Methods of Borrowing Money through the Canadian Valley Credit Association." Finally the minister of the First Baptist Church, Frank Ross, lectured on "Marriage and the Home."

The class also made several interesting field trips. A furniture store dealer pointed out the good and bad points to look for in choosing furniture. The two lumber yards showed the students how to plan for building homes. The Federal Housing Administration and the Veterans' Administration explained how to finance new homes. Students were also told of the amount of money that could be borrowed for repair, and then shown the interest rate charged. Following this, the class

then visited the home of Mrs. Harrison Hall whose house had recently been remodelled. Finally, the class planned and served a dinner to guests, Mr. and Mrs. Harry Wofford. The boys were responsible for setting the table and broiling the steaks. Appropriate table manners were observed.

It is obvious from this report

that the results of the course were all good. The students had their attitudes toward family relations, reality, feasibility, and judgment of family problems, and above this, the students themselves became interested in their own progress of goodwill toward the family. And it is hoped that the course can be offered next year.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

One of the hottest topics at next July's precinct conventions likely will be whether such conventions should be held any more.

Gov. Price Daniel has suggested abolishing the precinct conventions. His premise is this much of the infighting that afflicts the Democratic Party in Texas originates in these neighbor-against-neighbor squabbles. He proposed instead the electing of delegates (one per precinct) to the county conventions by direct vote at the primary.

Governor Daniel pointed out that the conventions sometimes are controlled by a minority group within the area. Many more people, generally, vote in the primaries than bother to come back to the voting place a second time in one day for the precinct conventions.

Electing delegates by direct vote, contended the governor, would do away with "rump conventions" and contests over which precinct delegation is entitled to seats at the county conventions.

Governor Daniel's recommendation, made at the State Democratic Executive Committee meeting, came as a surprise counter-offensive to the DOT's "code of ethics" campaign. DOT (Democrats of Texas) is a liberal group, openly backing the governor for control of party affairs. Spearhead of its drive is the "code of ethics" proposal designed, according to its sponsors, to eliminate the man of the fighting and give everyone a fair shake at conventions.

LOT members were immediately critical of the no-precinct convention plan. It would eliminate "grass roots" gatherings, they said the only chance every citizen has to get up and speak his piece. But the governor had an answer for that too. He suggested that the new law provide that any qualified party member could propose a resolution at his county convention.

Both the governor's and the DOT's suggestions are to be studied by the SDEC. Governor Daniel said if his plan meets with approval within the party, he will submit it to the Legislature next year.

Tax Facts

Texas paid \$2,630,000,000, or one fourth total income, in state, federal and local taxes in 1956.

In a fact-packed report (its first), Texas State Tax Study Commission traces the history of Texas' taxing patterns from 1932 to 1956. Next in an expected series of about 10 reports will compare Texas taxes with other states. Findings are to be presented to the Legislature in 1959 to serve as background for revenue-wrestling.

At present, says the report, Texas taxes are derived 45 per cent from property; 22 per cent, sales; 16 per cent, severance; 17 per cent, all other sources. Basis pattern has not been changed since 1941, but all categories except the property tax have increased at least 10 per cent since 1950.

Price of Progress

Re-locating utilities in the path of the new interstate highway system is going to cost Texas cities more than most officials had originally thought.

Atty. Gen. Will Wilson ruled that state-federal funds may be used only in a limited way to pay for utility moving. Specifically, said Wilson, they may be used to pay for relocation of sanitary sewers and for other utilities, such as water and power lines, only if they must be moved completely outside the road right of way. Cost of re-locating water, power and gas lines within a right of way must be paid for by the city or utility company.

Texas League of Municipalities protested the interpretation, said it would cost Texas cities as much as \$20,000,000 to comply. Chief source of disgruntlement to the city officials is that under the same federal building program, cities in other states are not required to meet this cost.

No Prices for Specs

No mention of price can be made in an advertisement for eye glasses until the State Supreme Courts clears up questions about the new optometry law.

High court turned down the request of an optical company to suspend the temporary injunction against price advertising until the test case is heard on March 5.

Rival groups of optometrists are at odds as to what kind of advertising should be permitted. One group contends the law passed last spring clearly prohibits certain types of solicitation. Another agrees with the No. 18 Attorney General's opinion that the law is unconstitutional because improperly drawn.

Contests Questioned

Texas merchants who like to conduct contests or drawings as business builders, were set back temporarily, by an opinion handed down by the Attorney General's department. Based on the state's laws governing lotteries, the opinion, at first glance, seemed to rule out any type of drawing for prizes.

However, Assistant Attorney General Cecil C. Roatson, who wrote the opinion, says that the ruling does not change, in any way, the law as it always has been interpreted in Texas. He merely cited earlier court opinions. Roatson pointed out. And his recent opinion does not alter what always has been considered the accepted procedure in connection with drawings or contests.

Trust Loss Cut

Net loss to creditors of US Trust and Guaranty Co. will be \$1,987,886, reports State Auditor C. H. Cavness.

US Automotive Service had assets of \$4,893,269, said Cavness, partially offsetting the \$6,881,158 in US Trust liabilities.

Cavness' audit of the liquidation of the State Insurance Department suggested some tightening of methods of handling and selling property in receivership.

US Trust creditors still cannot be paid. Suits filed by groups seeking preference have not been settled.

Gentler Slide For Texas

In a year of predicted recession, the dip in Texas business will be less noticeable than for the nation generally.

This prediction is made by the University Bureau of Business Research on the basis of figures for past recessions. In 1948-49 national figures dropped 19 per cent; Texas, 6 per cent. In 1953-54 the national drop was 11 per cent; Texas, 8 per cent.

Expanding industries and a growing population were noted by the Bureau in explaining Texas' favored position. A period of even greater activity was foreseen for the 1960's.

Short Snorts

Ballot positions for the nine proposed constitutional amendments to be voted on Nov. 4 have been determined by a drawing in the Secretary of State's office. No. 1 position went to the amendment which would give legislators a \$7,500 annual salary.

Veterans Land Board has agreed to try to sell the remaining \$87,000,000 in bonds allowed under the program as rapidly as possible. Aim is to get the program rolling again without waiting for possibly more favorable interest rates.

Land Office reins are now in the hands of new Commissioner Bill Alcorn, appointed after the resignation of Earl Rudder. Framing of Legislation to cut down juvenile delinquency is being discussed with a view toward the 59 session. Gov. Daniel will ask the new State Law Enforcement Commission and the Texas Youth Council to make recommendations.

Mobeetie Collects \$237.42 During March Of Dimes Campaign

Mobeetie March of Dimes campaign came to a close this week with a total of \$237.42 collected from various projects.

Mrs. J. T. Johnston, chairman of the campaign, explained that the success of the drive can be attributed to the unflinching efforts made by Mobeetie citizens.

Part of the money was raised by individual donations, and some by a special "coffee day" and a community basketball game.

Mrs. Johnston expressed her appreciation to the many workers who helped with the drive.

Mr. and Mrs. Don Earney and family visited in the home of Mr. and Mrs. Albert Marshall Sunday.

Mr. and Mrs. Eck Evans and family visited in Taloga with their parents Sunday.

Wheeler Scouts Have 'Cook Out'
On Friday afternoon January 31, fifteen boy scouts loaded their gear into the pick-up and away they went to the Bradstreet place for a cook-out. After locating a suitable campsite on Sweetwater Creek, the boys exhibited their talents as fire builders and cooks. Supper finished, scout games furnished lots of fun and then skits, storytelling and singing around the big campfire ended the good time had by all, adults and boys alike.
Scouts going on the outing were Riley Bradstreet, Bill Pearce, Ray Owens, Dewayne Barber, Charles and Dean Newberry, Craig Grider, Jimmy Adams, Johnnie Ruff, Jimmie Jamison, Jessie Terry, David Dunn, Terry Vanpool, James Don Hutchison and David Gilmer. Scouters Frank D. Walker, Hugh Grider, Virgil Jamison and Carroll Adams furnished the leadership.

**NEWS FROM—
County Agent's
Office**

By Bryon Swain

4-H members interested in feeding calves should get in touch with the County Agent at once as time is running short for putting calves on feed for 1958. Members may feed dry lot or nurse calves, but they should be put on feed no later than the last of the month. Swain, county agent, said seventeen calves had already been placed on feed by 4-H members of Wheeler County and he expected to have at least ten more on feed by the end of the month.

Swain said the Wheeler County Swine Show would be set probably sometime this week and the date will be announced in next week's paper, but boys and girls feeding barrows for the Pampa Show should be putting that extra time in with them shaping them up for the county show which probably will be held the later part of this month.

If the barrow is getting a little over done he should be walked every day and more roughage added to his ration and enlarge his pen.

Boys feeding calves for the Pampa "Top of Texas Junior Livestock Show" are: Dean Sims, Kent Sims, Richard Kiker, Ray Corcoran, Rayburn Corcoran, Orval Atherton and Don Woods. Those feeding swine are: Kenneth MacCasland, Terry MacCasland, Jimmy Walker and Thomas Puryear.

Good seed saves money. If you buy seed it will pay to buy certified seed. You can figure for yourself that the high quality seed is the best buy. Here is the way to figure it. Multiply the germination times the purity, then divide the result by the list price per pound. You will be surprised at how many times the seed that cost less per pound will be the most expensive on a live seed basis.

There are other advantages to buying good seed. Such things as freedom from noxious weeds can save on cultivation costs. Also, variety mixtures can cause extra harvesting costs because of the differences in heights of the plants grown. Certified seed, of course, has been tested for purity and freedom from noxious weeds and also for germination and adaptability to local growing conditions. All of this information is printed on the certified tag on the bag.

The extension agronomists advise retail seed dealers to get producer assurance that the seed "Hybrid Grain Sorghum" being offered have been winter tested and have received a high rating for purity. In turn they point out, farmers should buy hybrid grain sorghum seed from a reliable dealer who does have this assurance from the seed producer. The agronomist says this winter testing program is something new and is not required for certification. The agronomists believe the planting seed this year will produce fewer of the off-type plants than last year because seed growers have learned more about producing the seed. However, hybrids will always have a few more off-type plants than Martin and 7078.

The hybrids have given good increases in yields and with the availability of more thoroughly tested seed stocks, the agronomists believe that farmers will find the hybrids very satisfactory for grain sorghum production. Mr. Ira Passion, East of Wheeler carried on a Hybrid Demonstration this last year and found the hybrid grain sorghums to be top producers. Good results were found in hybrids by Mr. Bab of the Kelton area.

**Wiley Is Hostess
To North Wheeler
County Garden Club**

Mrs. H. M. Wiley was hostess in her home, February 7, 1958, to the North Wheeler Garden Club, with Mrs. C. J. Meek as co-hostess.

Mrs. Cora Hyatt, president, presided at a brief business session preceding the program. The club decided to help landscape the Home Economic Cottage of the Wheeler High School by buying rose bushes to be planted this spring. They also decided to further help the Public Library. This has been a project for several years.

Mrs. N. D. Ware acted as moderator in a round table discussion on "The First Year in the Life of a Rose." An interesting and informative discussion on the Planting, Culture and Protection of Roses in Wheeler County was given with each club member taking part.

The Garden Club of Wheeler is an Active Club trying to make Wheeler more beautiful by planting flowers, grass, and trees. New members are invited to join.

The hostess served delicious refreshments to guests, Mrs. Gordon Whitener, Miss Tilly Green and Miss Elaine McCasland and members; Mrs. Cora Hyatt, Mrs. George Taylor, Mrs. B. K. Barham, Mrs. Jesse Dyer, Mrs. Shelby Pettit, Mrs. C. J. Meek, Mrs. Jud Johnson, Miss Jim Risner, Mrs. W. L. Williams, Mrs. Frank Walker, Mrs. N. D. Ware, Mrs. Nelson Porter, Mrs. D. M. Bentley and the hostess, Mrs. H. M. Wiley.

**C of C
Notes**

By DICK GYUNES, Sec.

Next Tuesday night at Nora's Cafe at 7:30 P.M. will be the first meeting in the new year for the Chamber of Commerce, and the new officers anticipate a good turnout for the occasion. They also hope that there will be more membership participation in the meetings than in the past. A Chamber of Commerce is nothing more than a group of businessmen banded together working for the best interests of their community, and they need the support of every citizen who is interested in the welfare of the community.

The Chamber of Commerce officials and interested members are not going to do anything detrimental to their city as any thing done along that line would hurt them as much as any other individual. Practically every community supports a Chamber of Commerce that sponsors worthwhile civic projects, and those Chambers that do the most good have the support of the citizenship, and just a few men who are dedicated to making their community a better place in which to live and operate a business can not get the job done.

Take a drive in any direction and look at the number of once prosperous towns that are nothing more than ghost towns now. It could happen to a lot more of them in the not far distant future. Wheeler is fortunate in having the county seat, and could be made into a much better town if everyone would cooperate in working toward that end. Let's do that very thing for our nice little city. We would hate to drive through Wheeler at some future date and find nothing but one or two filling stations at the intersection of the Highways.

The program has not been arranged for at present. You will receive a card this week end as to what the program will be.

2nd Grade

Kelly Abernethy and Tom Puryear.

1st Grade

Matt Mills, Sherron Hughes and Linda Davis.

NUMBER ONE

12. Don't attend the church of your choice regular. Your contributions at Christmas and Easter will support it easily.

13. Don't take time to vote in local elections. Howl because the town is run by a clique.

14. If you have good town leaders, don't commend them for the things they do. Take a jealous attitude and say nothing.

15. Don't do any more than you have to, to support your booster club, PTA, Boy Scouts, Girl Scouts, firemen, American Legion, VFW, baseball club, and other such organizations. Others will willingly and unselfishly give their time and money to make your town a better place in which to do business, work and live.

World's Highest Waterfall

Towering 3,212 feet above the jungles of Venezuela, Angel Falls is the world's highest waterfall. Angel Falls typifies much of Venezuela's scarcely explored interior, which occupies almost half the country. The rest of Venezuela, however, is highly developed and provides a ready market for foreign imports. Last year, according to a study prepared for the Creole Petroleum Corporation, a U. S. company and Venezuela's largest oil producer, Venezuela spent over one billion dollars for U. S. goods and services. This made Venezuela the leading customer of the United States in South America and the next to largest per capita customer of the United States in the world. This healthy commerce with Venezuela has benefited many U. S. citizens. Out of the more than 5 million U. S. jobs that depend on foreign trade, it is estimated that more than 170,000 result from trade with Venezuela, a good customer and good neighbor of the United States.

CARD OF THANKS

We wish to express our heartfelt appreciation for the many acts of kindness, food, cards, floral offerings and words of comfort, received during the illness and passing of our loved one. Many, many thanks to all... especially Dr. Walker, Ruby Jo Smith and Mrs. Oscar Tuttle.

Briscoe News

By Mrs. Henry Lee

Mr. and Mrs. Mit Wilson have returned from Brownsville, Texas where they went for an extended stay visiting their son, Dale. Mr. and Mrs. Wilson like this part of Texas better than they did the part there.

Mr. and Mrs. Guy H. White and daughters, Glene and Jeannie Ruth, of Borger, and Lynden Lee, also of Borger were week end guests of the Henry Lees.

Jimmy Daughtry of Amarillo was in Briscoe, Saturday visiting old class mates and friends, Lynden Lee and David Strawbridge.

Gene Evans has sold his farm to Elbert Zybach and son Bob, and the Albott family who has been living on the Evans farm for several years will be moving soon. The Briscoe community wish them luck in a new location but hate to lose them from the community.

Mrs. Minnie Clepper last week visited with her daughter, Mrs. Clepper will go on an extended visit, after has to visit a daughter.

The ladies of the Methodist Church will hold a Cornell Auction Saturday.
