NOTICE

The Wheeler P-TA will meet Jan. 13 at 7:30 p. m. at the School Cafeteria for regular business meeting. Mrs. Roy Ford, president announced today. All members are urged to be present.

The J. C. Motts Injured In Auto Accident

Mr. and Mrs. J. C. Mott, new comers in Wheeler, were injured in a car wreck Friday morning at Twitty. The Mott couple were driving a pickup truck when another car, hit the side of the given emergency treatment in the Shamrock clinic and later released to the care of Dr. Harold Nicholson, Wheeler.

Mr. Mott was slightly injured. The truck received considerable damage but we could not contact the investigating State patrol to give a more detailed account of the accident.

Mr. Mott is an employee of the River Construction Pipeline Co., and has lived here only a short time.

Funeral Services For Mrs. Joe Hefley Held Here Tuesday, Jan. 7

Funeral services for Mrs. Mary L. Nora Hefley, 68, wife of Joe Hefley, Wheeler County rancher and farmer, were held Tuesday at 2:00 p. m. in the Wheeler Baptist Church. Rev. Sanford Cole of Canadian officiated and was assisted by Rev. L. G. Crawford of Hedley.

Mrs. Hefley died Sunday in the Wheeler hospital following a two weeks illness. She was born in Winston County, Alabama, July 30, 1888 and moved to Dallas County in 1904. She moved to Wheeler County in 1907 where she has since lived. She was married to Joe Hefley in Wheeler, Jan. 29, 1911. She has been a member of the Baptist church since 1906.

Survivors include her husband. (Continued from page 6)

C-C Installation Ceremonies Jan. 21

Co. Produce Ass'n Elects Directors

A large crowd of members of the Wheeler County Produce Association met Jan. 6 at the Courthouse.

The purpose of the meeting was to hear the year end financial report of the Association and to elect a Board of Directors for 1958.

Gordon Whitener, Loubet Moore and N. L. (Shorty) Sechrist were re-elected by the group. C. J. Van Zandt and Irvin Hink were elected as new members of the Board of Directors.

Following the general meeting the new Board met and C. J. Van Zandt was selected by them to serve as president of the Board. They have planned a meeting for tonight, (Thursday) when they will discuss plans for the coming year and to decide upon the selection of a manager for the selection. Thurston Young, who has served as manager the past year had presented his resignation effective Jan. 6, to the 1957 Board shortly before the called meeting.

DR. E. DOUGLAS CARVER
... will be guest speaker at Wheeler C of C Installation of new officers Jan. 21.

WHEELER ON OUTER FRINGE OF SNOWSTORM

The official recording for moisture in Wheeler, according to the record kept by the First National Bank, was .06 inches. The record shows a total of 32.00 inches for the year of 1957.

Most of the Texas Panhandle area received rain, sleet and snow during the weekend. Wheeler was on the outer fringe of the snow area and received only traces of moisture.

A thick, wet snowstorm, which began early Saturday as rain had left 14 inches of snow in the Tri-State region by Sunday. The heaviest fall with the center of the storm seeming to be in Plainview with a reported 14 inches. Lack of wind with the storm prevented damage and undue suffering of livestock. Several highways were blocked with drifts and motorists were inconvenienced.

The Wheeler Chamber of Commerce will hold installation of new officers for 1958 at 7:30 p. m., Tuesday, Jan. 21 at the American Legion Hall. This is an annual affair of the Chamber and is called Ladies' Night. Dr. E. Douglas Carver, pastor of the First Baptist church in Pampa will be guest speaker of the evening.

Frank Wofford will act as toastmaster and dinner music will be furnished by Kitty Hibler. Rev. Carlton Thomson will give the invocation. The Chamber of Commerce quartet will sing.

Percy Farmer will introduce the guests and will present certificates to the man, woman and teenager receiving the most votes for each one's contribution to the improvement and betterment of Wheeler community during 1957. A form on which votes may be cast appears elsewhere in this issue of The Times.

The visit here will mark a return home for Dr. Carver, who spent many of his boyhood years in Wheeler County. When five years old he moved, with his parents, Mr. and Mrs. J. R. Carver, now deceased, to Wheeler and lived here until he graduated from high school.

Attending Wayland College in Plainview, Dr. Carver graduated in 1923 and coached in Brownfield, with the intention of later studying for the legal profession. During this time he received the call to the gospel ministry and studied in Hardin-Simmons University before filling his first pastorate in White Deer. While serving there he completed his theological study at Southwestern Seminary in Ft. Worth. Dr. Carver and Miss Ernestine Rossler were married while he was serving the church in White Deer. In the following years he served churches in McPherson, Kansas, Harington and Abilene before going to the First Baptist church in Pampa where he has served the past sixteen years.

The Carvers have two daughters, Gwen and Carolyn, who is now Mrs. Bob Byrd.

Since his work began in Pampa Dr. Carver has led the church to the establishment of three missions, all of which are now independent churches. Demonstrationally he has served on the Executive Board of the Baptist General Convention, on the Board of Trustees of Mary Hardin Baylor College, on the Board of Trustees to Wayland College, and was president of the Panhandle Pastor's and Laymen's Conference.

Also leading a civic life, he has been president of the Pampa Rotary Club, president of the Adobe Walls Boy Scout Council and serves as a member of the Pampa Chamber of Commerce Fellowship committee.

Dr. Carver has come to be well-known, respected and loved by all those throughout the city in which he ministers. His contributions in the area of his service both to religious advancement, and community life, stand as a declaration of the valuable years he has spent since leaving his boyhood home in Wheeler.

Incoming officers and directors to be installed are Watson Burgess, president; Geo. Hefley, vice-president; E. D. Guynes, secretary-manager; P. L. Farmer, C. C. Robison, Lewis Lancaster and Wayne Edwards, directors.

Included in the achievements of the Chamber during 1957 are co-sponsors of the Memorial Roadside park on the site of old Ft. Elliott at Mobeetie; Junior Livestock shows held in January and December; competed organization and held the First Wheeler Free Fair; Santa Claus party for children; sponsored Grand Ole Opry, proceeds going to the Wheeler school for bleachers and to the Boy Scouts. They also sponsored a citywide cleanup campaign.

The Chamber also sponsors the Wheeler float for the Shamrock Irish parade and paid a premium on the first two bales of cotton brought into Wheeler gins.

Members also worked on getting Farm-to-Market Road No. 2167 extended to cross Red River and co-sponsored the movement to get the State Insect Control Bill to be changed to read "Insect and Pest" control in order for Wheeler County farmers to receive State aid in ridding the area of the hoards of crows which cost untold damage to crops this fall.

AUSTIN — After signing a proclamation designating the month of January, 1958, as "March of Dimes Month" in Texas, Gov. Price Daniel has some words of encouragement for tiny polio victim George Craig DeVilleneuve, Jr., 22-months-old, of Austin. Stricken at the age of 10 months, Craig will eventually make a 100 per cent recovery, his doctors say. Cost of his treatment is paid by March of Dimes funds supplied by the Travis County Chapter of the National Foundation for Infantile Paralysis.

JANUARY 17 DESIGNATED AS MARCH OF DIMES COFFEE DAY

The Wheeler County chapter of the March of Dimes got underway this week by sending out Mailers to residents of this area. Mrs. Harold Savage, chairman, announced today. She has requested you fill your mailer and return it to her or to Harry Wofford as soon as possible.

Jan. 17 has been designated as Coffee day in all Wheeler Cafes and Drug Stores when they will contribute their coffee sales money

to the March of Dimes fund. Mrs. Savage asks that you drink an extra cup or two of coffee that day.

The special events committee members are planning to present a talent show later this month for the benefit of the MOD fund. Those in Wheeler County desiring to appear in the show please contact Mrs. Elva Wood, Rena Savage, Harry Wofford, Rev. Smelser Willene Waters, Mrs. J. T. Johnston or Raymond Moore. As soon as the special numbers can be arranged the date of the show will be announced. If you sing, dance, play an instrument or possess any special talent Mrs. Savage has asked that you let the committee know as soon as possible so that your number may be included in the program.

COUNTY SUPT. DYER ATTENDS CONFERENCE

County Supt. and Mrs. Jesse J. Dyer left Monday evening for Austin. Supt. Dyer was scheduled to participate in a panel discussion on Emergency Care of Communicable Disease and Control in the schools. The program is a part of Physicians and Schools Conference held in Austin Jan. 7-8.

The Conference is sponsored by the Texas Medical Association, Texas Educational Agency and the State Department of Health. Supt. Dyer will stay in Austin to attend the Mid-Winter Conference of School Officials to be held Jan. 9-10.

C of C Notes

By DICK GUYNES, Sec.

We want everyone interested to be making plans to attend the annual Ladies Night banquet and installation of officers Jan. 21, at the Legion Hall at 7:30 p. m.

Rev. Douglas Carver of the First Baptist Church in Pampa will deliver the address. Most of the people in this area know Douglas, and will want to hear him. He is a fine Christian gentleman and a tireless civic worker and will bring us a worthwhile message.

You will receive a double post card soon and you are asked to mail the return card back as soon as possible in order that we may prepare sufficient plates. Please remember to do this.

The Directors set the price of tickets at \$2.00 in order to take care of the complimentary tickets that it is customary to issue to the guests that will be in attendance.

Floyd Morris will serve this year and he promises a good meal and quick service.

Have you selected the name of the man, woman and teenager that you are going to vote on in the award contest for this year. Please vote on the ballots that are printed in the Wheeler Times or use a post card or letter and mail as soon as possible as time is running out.

The number of small business firms (those with less than 100 employees) has reached a record high in this country. A tabulation based on the latest available figures shows that there are 4,209,000 of these firms—an increase of 750,000 in the past 10 years.

Savage Nominated For Treasurer

Harold Savage, popular Wheeler resident, announces his nomination for re-election to the County Treasurer.

Mr. Savage will announce the following to the voters of the County:

It is a pleasure to serve as County Treasurer in 1958. I would like very much to continue as your Treasurer.

I express my sincere appreciation for your making it possible for me to continue in this position. I am sure that your co-operation will be of great help to me since I have been in this position since 1954.

I submitted my resignation as County Treasurer. I was seeking my qualifications. I am not able to do as well as most people on the job and I feel that I have not been in the most efficient manner.

With the public I want to make many things better for this I am sure. I feel that the work I have done in the past has been better in the future.

I express my heartfelt appreciation for your return me to the office to do everything I can to make you a good wage concluded.

Reduce Delinquency

YOU AND THE ANSWER

(A distinguished Texas judge offers pointers on combating our fast-increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

In spite of the tremendous responsibility of parents in raising their children, they are blamed too much when things go wrong. The active help of the community is a MUST for prevention, because we of modern society have made conditions so different from those of a few decades ago.

1. We (society) have made it so that there are few chores to make youngsters feel a necessary part of the family economic unit.

2. We have turned life into a complex, confusing rush, with nerves and hurry uppermost.

3. We have made a multitude of cars, taverns, etc., accessible to the youngsters we have idled, together with much easy money, many bad examples.

What Can We Do?

I. We can help organize more church youth groups, teen centers, Scout troops, etc., volunteering for the needed leadership.

II. Help provide more family counseling services, child guidance clinics, etc.

III. Help provide more paid or volunteer probation officers and more detention facilities.

IV. To do the above, we can each work to develop public opinion by conversation with friends, speeches to clubs, letters to editors, posters to county commissioners and state legislators.

My article next week will go further into this.

Have You Received The Small Envelope?

Like other residents of Wheeler community, we have received by mail a small envelope containing a folder for March of Dimes contributions. On the flap of the folder an unusual photograph caught our attention, that of a mother, her six-year-old twin daughters and a nine-year-old son. In a single week in 1953 all four were struck down by polio. Only the mother escaped without suffering paralysis or muscular weakness.

Just looking at the determination and courage and mutual love shown in the photograph of the 1958 Polio Family you know that for them survival is not enough. Approximately, that is the theme of the 1958 March of Dimes... those four courageous words... "Survival Is Not Enough". Today, with your aid and encouragement and with the new tools of rehabilitative medicine, many a polio patient is fighting back to a useful, meaningful life.

We believe these gallant people who insist on survival plus deserve your continued support. Returning your contributions via the "mailer" enclosure is one sure way of giving it.

JERRELL YOUNG, STATE WINNER IN PRODUCTION OF HYBRID CORN

The top winner in the 1957 Texas Hybrid Corn Production Program was a Hale county 4-II boy, Jerrell Young of Hale Center. He harvested 232.1 bushels from his acre of Texas 30. Another Hale county grain producer, Hubert E. Settiff of Route 1, Plainview, was top winner in the first statewide hybrid grain sorghum production program. From his acre of T660 he harvested 10,195.6 pounds of grain.

Both yields were produced with irrigation. Marine Corps Brigadier General Henry L. Larsen became the first military governor of American Samoa on Jan. 15, 1942.

Bible Comment: Christ's Triumphs Over Temptation Gives Us Strength

THE three temptations of Christ have a symbolic aspect. They correspond to the temptations which come to the greatest and the strongest. The temptation in His hour of hunger to turn stones into bread was the temptation to use His power for material and personal ends. It is the lure to which many great men have succumbed. Their failure to overcome the temptation has meant the giving of their lives for self and self-aggrandizement instead of for God and humanity.

The second temptation to cast Himself down from the pinnacle of the temple was the temptation to allow personal vanity to supplant the consecration of His powers to high and noble ends. The third temptation, possibly more intense than either of the other two, was the temptation to achieve world power and grandeur to the disregard of conscience or any higher way of life.

On May say that the devil didn't have the power to give Christ rule over the world, but that it is to miss the reality of the temptation. For this temptation comes from the consciousness of power and the significance of it is in some misleading voice of assurance that one can achieve earthly mastery. Isn't this exactly the temptation that destroyed Napoleon and many others, of whose ability there could be no doubt? They sold themselves to the lust of world domination only to achieve their own destruction.

Christ conquered these characteristic temptations. The sense of His divine mission triumphed over every earthly allurements. In the hour of His spiritual conquest, angels came and ministered to Him. He went forth to His mission under the power of God. It is the power of His conquest that gives men faith and strength to win out over sin and its false promises.

How to Keep a Free Press FREE

SELDOM does Freedom of the Press disappear in one annihilating blow. In countries where the Press has been chained, there was first a period when it failed to realize and resist the beginnings of its end — the first encroachments on its freedom. There were powerful interests which wanted certain facts "kept out of the newspapers." There was pressure here and pressure there to have the truth withheld.

Before the Press of any nation succumbs to tyranny, there always has been a period of failure to speak out. Here in America there is only the limitation of national security — the necessity to protect and preserve confidential military and scientific information — which can be accepted by a Press that is determined to stay free. America's newspapers have made, and will continue to make, a conscientious effort to protect that security — at the same time keeping the people informed as fully as possible on all matters concerning their welfare. So long as American newspapers pursue that policy fearlessly, our Press, our people and our country shall remain free of tyranny.

I cast my vote for the following persons as having contributed the most to the benefit of Wheeler during the year 1957.

"Operation Death Watch" Conducted By Highway Patrol Reduces Holiday Accidents

"Operation Death Watch" a Highway Safety measure was carried out during the Christmas holiday season on Texas highways. The "Operation" was to continue through midnight, January 1, said Captain J. W. Blackwell, Highway Patrol Commander in this area.

Captain Blackwell warned that all the men in his command would carry on "Operation Death Watch" in an all-out, around-the-clock effort at reducing traffic mishaps in this area.

All radar units were in constant operation in the drive to prevent additional highway slaughter during the remainder of the year. Capt. Blackwell warned that all speeding violators would be dealt with severely.

During the 11-day holiday season last year in this Highway Patrol District, officers recorded nine persons killed as a result of eight accidents; 38 accidents in which 72 persons were injured; plus 60 accidents in which property damage occurred but no injur-

"I used to work in a school cafeteria, but I could not stand it. Those kids were chattering and talking all day long."

ies were incurred, for a total of 106 accidents in this area.

Blackwell advised that in 47 per cent of the 106 accidents excessive speed was a contributing factor; nine per cent resulted from following too close; five per cent involved failure to grant right of way; and in 11 per cent of the mishaps, a drinking driver was involved.

A press release from the Department of Public Safety, Amarillo, gives the following statistics on "Operation Death Watch," that was scheduled to end after midnight, Wednesday: During a period that started at 12:01 a. m., Dec. 21, highway patrolmen have recorded two accidents in which two persons were killed through Dec. 27.

In addition, 14 accidents occurred in which 32 persons were injured, and 32 other accidents that resulted in property damage only during the 1957 holiday season.

BRISCOE SCHOOL NEWS

The Briscoe schools reopened Monday after the holidays. It seems like everyone had a happy Christmas.

The basketball teams journeyed to Quail during the holidays and the girls racked up another victory over Quail 45-25. The Briscoe boys, however, were not so lucky. The Quail boys defeated the Broncs 55-35.

The Broncoes and Allison Antelopes clashed for the first conference game Tuesday night. We defeated the Antelopes one point, 44 to 43. Our boys won by a large score. This was our fourth conference game Tuesday night. We to say we have won them all.

The Junior High teams are entered in the Wheeler Junior tournament. We wish them luck. Everyone is sure busy around

school trying to keep up with the ball games and trying to study for those semester tests next week.

The Juniors and Seniors are making plans for a box supper January 16. We will also crown a King and Queen. We would like to see everyone at the supper and all ladies and girls are invited to bring boxes. There will also be a pie eating contest and a cake walk. We will be looking forward to seeing you Jan. 16.

**HEY, KIDS! HOW ABOUT
A THANK YOU NOTE?**

By Osie Wilson
Christmas has come and gone! And now you have that new bicycle, new roller-skates, motor scooter, electric train, beautiful scarf, new gloves, new hose, or new tie! Santa was surely good to you kids this Christmas. Wasn't he?

Say "Thank you" to your parents then! And next thank those people who put packages under the tree for you. This will doubtless include your grand parents, uncles and aunts and friends.

There are many ways you can say "thank you" other than just writing the words. You can write Aunt Mary a letter and tell her all about yourself. Tell her what you do in school, who your friends are, and how you like ball games. Tell her just anything about you, she'll love it.

Another way to tell people you thank them is to send them your school picture. And still another way is to do something thoughtful for them.

Last year two children were entertained on a ranch. When the owner of the ranch was thrown from a horse and his leg broken, the little girl who'd visited him drew a picture of him, his leg and arm and face bandaged up and also one of his naughty horse. You can imagine how the man laughed in the hospital. He knew his little guest was thanking him for a summer's fun.

You too, can do this. It's fine and proper to say "Thank you" but say it in other ways too.

George Berry of Borger was here Wednesday and Thursday visiting friends. He and Mrs. Berry are employees in the hospital there.

Success Story: Thousands of Polio Victims Try Comeback

Blonde little Wanda Bradley, now going on six, has a wonderful success story to tell her playmates these days in her home town of Alexandria, La. It's the kind of success story Americans everywhere can be proud of, for it was made possible by their donations to the March of Dimes.

On June 8, 1956, when Wanda was only four, she was struck down by spino-bulbar polio. Paralysis affected her limb muscles. Worse, she couldn't breathe. Her survival depended on an iron lung, which was rushed to her aid by the local chapter of the March of Dimes organization.

Changes to Rocking Bed
Later, as her lung muscles gained strength, she was graduated to a rocking bed, another device to help her breathe. Still, this kind of survival wasn't enough—not in this day when medicine and research have devised new and advanced techniques to help the polio-disabled stage a comeback to near-normal, happier lives.

Through physical therapy in the hospital and at home, Wanda's leg muscles were re-educated to function again. At first she needed braces. Now she has tossed them aside. She walks and runs again. For Wanda and her family the future now holds great promise.

Wanda is only one of thousands of patients, children and adults, who are making partial or complete comebacks from crippling polio.

More Still Need Help
March of Dimes volunteers, now engaged in the organization's annual fund drive, will tell you that many more remain to be helped. The accent now, with the great decline in new polio cases, is to give these patients all possible

rehabilitation aid. The program is called Operation Comeback.

The March of Dimes will tell you that 300,000 living Americans have had paralytic polio and that one out of three still have disabilities that can be benefited by rehabilitation. The techniques that have been developed only within the past five or six years could, if they were applied to "old" polio cases, bring relief to many thousands who are now helpless or despairing of ever becoming useful human beings again, the March of Dimes organization believes. Better, more efficient arm-bracing alone, for example, is needed by more than 50,000 past victims of polio. Such improvements can make "all the difference in the world" in the lives of these handicapped Americans.

However, it's not done overnight and the costs are high. Last year, for example, \$21,700,000 in March of Dimes funds were needed to give care and rehabilitation to 57,500 polio victims. Only 4,800 of these were new cases. The others had suffered polio in previous years.

This year the March of Dimes has allocated \$21,100,000 for polio care and Operation Comeback. Until the polio-disabled have been given the maximum aid possible in rehabilitation, it can't be complacently said that polio is a thing of the past.

2 As soon as her lung muscles physical therapy is begun.

3 Therapist helps the child re-educate affected muscles at mealtime.

4 Sept. 13, 1956: Going home to the March of Dimes.

2400 BALES COTTON—

(Continued from page 1)

staple has held remarkably well one official observed.

If the rains and early freeze had not come at the time they did this fall, the grade of Wheeler County cotton would have been much higher and the yield greater.

The gin records show a total of 104 bales ginned at the end of October which in normal times should have been the peak month of the season. The balance of the more than 2400 bales have been ginned the past six weeks.
