ROCKETS 34-6 VICTIMS OF MUSTANGS

By David Britt

Fired up by a 79 yard scoring dash by Jimmy Cole five minutes deep in the first quarter, the Wheeler Mustangs continued on their winning ways last Friday night by routing the Wellington Skyrockets 34-6.

Soaking rains prior to the game and a driving mist throughout the contest made the going heavy but neither the elements or the Skyrockets could halt the Mustangs quest for their second win of the year.

Scoring on three of the first four times they had the ball, the Mustangs held a comfortable 20-0 lead at halftime and padded this with two fourth quarter scores after the host Rockets had cut the margin to 20-6 on the second play of the final period.

After receiving the second Wellington punt of the game at the Mustang 21, Jimmy Cole got the call on only the third rushing play of the contest for the Mustangs and finding no running room inside, slipped out of the grasp of one tackler at the line of scrimmage and skirted outside and ran his pursuers to pay-

dirt.

A fumble recovery by Pat Hill on the Wellington 41 gave the Mustangs good field position moments later and it took the fired up Mustangs only six plays to get their second TD.

Cole and Rodney Weatherly rammed it to the 18 where Dale Stevens found a gaping hole at left guard and angled over at the flag. Failing to convert the two pointer once more, the Mustangs had a 12-0 lead with 2:50 to go in the first quarter.

Facing the rain and wind in the second quarter, the Mustangs broke the hopes of Wellington with a 21 play, 79 yard drive to their third touchdown and not only did it give them a good lead but also used up nearly nine minutes of the second quarter.

Three times in the drive the Mustangs came up with big third down plays for a first down and faced fourth and one at the Wellington 25 but Cole got the one plus four more to the 20. Runs by Cole and Stevens behind sharp blocking by the Mustang forward wall put Wheeler at the 9 with

first and goal.

Cole added 4 more and Gary Fischer ran a keeper to the 3. From this point, Weatherly punched it home up the middle. Fischer got the two pointer for the Mustangs halftime lead of 20-0.

So completely did the Mustangs shut down the Wellington running attack, the Rockets were able to muster only 91 yards rushing and most of this was done by Denny Carter, Skyrocket quarterback, as he scrambled for yardage after attempting to pass.

The Mustangs missed a golden opportunity to score midway of the third period when Ronnie Hill blocked a punt and fell on the loose ball at the Wellington 25. Stevens fumbled a pitch on the next play and Wellington recovered at the 34. The Skyrockets mounted their only scoring drive of the game after a punt by Weatherly carried 27 yards into the wind to the Wheeler 44.

A pass from Carter to Ony gave the Rockets a first down at the Mustang 16 as the third period ended. A running play lost four but the Mustangs drew a personal foul flag on the play and the penalty set Wellington up on the 10.

Thomas got the touchdown on the next play as he swept his left end. The run failed on the extra point try.

Attempting an onside kick, the Rockets saw the ball slither only 2 yards and Wheeler took over at the Wellington 42. Moving to the 12 for a first down, the Mustangs ran into stiff resistance and found themselves back at the 14 three plays later.

Attempting his only pass of the night, Fischer stepped up into the pocket and fired a scoring strike to Jerry Beaty who hugged the

ball for the touchdown. Fischer found no opposition at left tackle for two more points.

The Mustangs had to move only 5 yards for their final tally after Cole fell on a Skyrocket fumble. Weatherly closed out the scoring with a 5 yard blast at right guard to seal the Wheeler victory.

Jimmy Cole once more led Mustang ball carriers as he gained 151 yards on 23 tries. Stevens, Weatherly, and Fischer added 72, 33, and 16 yards respectively to the Mustangs ground eating offense.

SPEARMAN LYNX FOE FOR MUSTANGS HOME OPENER

After two impressive wins on foreign soil, a capacity crowd is expected at Nicholson Field Friday night to welcome the Mustangs back for their home opener against the Spearman Lynx at 8 P.M.

The Mustangs will face their sternest test of the young season against a Spearman club that was defeated only 6-0 last week by a strong Class AAA Canyon Eagle team.

Basically the Lynx offense is run off of a slot T formation and their backfield is the fastest the Mustangs have encountered. Grayson and Latham are the speed merchants of the Lynx backfield to go along with Brock, a hand running 180 lb. fullback.

"Defensively Spearman uses a lot of different sets and this will pose a big problem for our offensive unit," Coach Bateman said.

The Mustangs should be in top shape for the encounter as no serious injuries were received in the Wellington victory.

"Considering the bad weather conditions, we thought our kids did well against Wellington last week but as I've said all along, we have to improve every week to keep winning and we sure will this week as Spearman is by far the best ball club we have faced," the head mentor of the Mustangs added. "I hope we are ready."

The coaching staff praised the steady play of Noel Glazner, senior guard, in the

skyracket battle.

"It was great to see the fan support we had on such a bad night last week and we hope that a big turnout of fans will be at our pep rally and ball game this week," Bateman said.

"It means a lot to our team to know they have the good fans that we do."

Pep Rally

The cheerleaders of Wheeler High School urge all fans of the Mustangs to come to the big pre game Pep Rally at the gym at 3 P.M. Friday to boost the Mustangs for their first home game against Spearman.

PEP CLUB Salad Supper

The Pep Club of Wheeler will hold a Salad Supper September 24, 1971 from 5:30 - 7:30 P.M. in the School Cafeteria. Price will be \$1.00. You can buy them from a pep club girl or purchase them at the door.

Everyone attending the football game has a special invitation to come and eat with the pep club before the game.

Colts Thrash Shamrock 32-8

The Wheeler Colts might have been lacking in numbers last Thursday at Shamrock but that was all as they opened their season with a very convincing 32-8 win over their south of the river rivals.

Scoring twice before the Little Irish made a first down, the Colts so thoroughly dominated the game that the host team was unable to dent the Colt defense until two pass plays against the reserves put them in scoring position on the Colt 3 yard line. With 10 seconds remaining in the game, Doug Rives sneaked into the end zone to give the Irish some consolation.

Steve Lamb and Terry Tidwell led the Colt attack that stayed on the ground entirely to get the win. Lamb got 143 yards and Tidwell tacked on 67 of the 231 yards the Colts amassed.

Tidwell returned a Shamrock punt 21 yards to the Irish 39 to set up the first Colt score. Lamb got 23 at right tackle on the first try and after Tidwell added 6 more to the 10 yard line, Mark Bateman, Colt quarterback kept over his left guard and bounced into the end zone for the TD. Lamb got his first of four successful runs for a two pointer with 5:00 to play in the first quarter.

HONORED GUESTS: At the Natural Gas Pipeline Co. Appreciation Banquet Tuesday evening, NLPG employees and their wives were the guests of honor. Present for the banquet were visiting and local employees of the company. Pictured above are a few of the honorees. They are: (l to r) Donald Reeves, Main Operator; R.W. "Bob" Rial, District Land Manager; Dale Richerson, Employees Relations Rep.; Bob Patterson, Foreman; Ed Wright, Foreman; and W.C. Gibson, Area Superintendent. Gibson gave the response for NGPL at the banquet.

CHAMBER BANQUET HONORS N.G.P.L.

Natural Gas Pipelng Co. of America was honored at a banquet Tuesday evening in the School Cafeteria. The banquet was sponsored by the Wheeler Chamber of Commerce to express the Chamber's Thanks to NGPL for

being a part of the Wheeler Community.

NGPL came to Wheeler in 1954. From three employees in 1957, the company now has 19 employees and their families living in the Wheeler Area. The annual payroll for the company in the Wheeler Area is \$190,000; the company pays \$16,000 in taxes in Wheeler County. James Verden, Production Credit Manager, served as Master of Ceremonies for the banquet.

"Sure You'll Agree" was sung by a local quartet, David and Paula Britt, Arnel Holt and Dick DeArment. The song was written by Mrs. Britt especially for the banquet; the song gave a history of the company in Wheeler and its part in helping the economy.

Charles Brown, president of the First National Bank of Wheeler, was introduced to recognize NGPL and its employees. Brown informed those present of the importance of the company to Wheeler.

Wendel Gibson was introduced to give the response from NGPL; Gibson is area superintendent for the company. In reminiscing, Gibson told of the warm welcome received by the company on their first visit to Wheeler; the friendly people and their willingness to accept the company helped to influence the company in locating in Wheeler. Harry Wafford, County Clerk and Harold Kenady, local abstractor, were acknowledged as helpful to the company in obtaining the necessary right-of-ways and getting acquainted.

NGPL employees and their wives introduced at the banquet were: Roy Crosssthaite, Supervisory Engineer, Bob Patterson, Plant Foreman, Ed Wright, Pipeline Foreman, Neil Rogers, Field Clerk, Johnny Baird, Operator Helper, David Bradstreet, Operator Helper, Rick DeArment, Temporary Laborer, Dan Fillingim, Temporary Laborer, John Miley, Station Attendant, Paul Millet, Oper-

ator Helper, David Rarden, Plant Technician, Donald Reeves, Station Attendant, Doyle Pond Station Attendant, Gene Harrison, Maintenance Man, Jerry Weidner, Maintenance Man, Ed Forester, Measurement Dept. all who are from Wheeler.

Those from Fritch attending were: W.C. Gibson, Area 6, Supt., Dale Richerson, Public Relations, George Brindle Supt. over Measurement, Gene Mack Patrol Pilot, Bob Rial Area Landman.

Those NGPL employees who were working at the time of the banquet and were unable to attend were: Fred Wood, Dist. Superintendent, Ken Daughtry, Operator Helper, Don Denton, Repairman, Charlie Walker, Maintenance Man.

Mr. and Mrs. Cecil Denson were introduced and presented a plaque; a token from the Chamber for their 32 years as boosters of Wheeler. The Densons began the operation of Clay Food in Wheeler in 1939 and sold the business Sept. 13 to retire. In presenting the plaque, Verden stated he always received a generous donation from the Densons each time he approached them while soliciting for a worthy cause. In summarizing their history of boosting Wheeler, Verden told of the Densons moving out of their home twice and renting it to a doctor; the Densons own 7 rent houses in Wheeler.

Verden introduced the Chamber of Commerce officers and directors and their wives. They are President and Mrs. David Cross; Vice-President and Mrs. Cecil Pierce; Directors: Mr. and Mrs. Charles Brown, Dr. and Mrs. J. Robert Winslow; Mr. and Mrs. Tom Puryear, Mary Finsterwald, Laura Guthrie, Mr. and Mrs. John C. Vise; and Secretary, Jane Thomas and husband, Delbert.

The tables were set and decorated very attractively with fall arrangements with baskets of pyracantha berries and fruit. Those responsible for the decorations were Mrs. John C. Vise, Kathleen Cross and Mrs. Laura Guthrie.

AFTER 32 YEARS: Cecil and Lotie Eva Denson were recognized Tuesday evening by the Chamber of Commerce for the hard work and financial aid they have put forth for the past 32 years for the betterment of Wheeler. The Densons sold Clay Food Store and retired Monday, Sept. 13. Opening their store on the south side of the square in 1939, the store was moved to the west side of the square. Clay Food then moved back to their original location and in 1953 completed the new building at West Texas and Canadian. The Densons were presented a plaque and received a standing ovation from those in attendance at the banquet.

The plaque read as follows: To be presented to Mr. and Mrs. Cecil Denson in Recognition for Outstanding Service, for the Community of Wheeler. By the Wheeler Chamber of Commerce

Punt, Pass & Kick Registration

Registration has started for the 1971 Punt, Pass & Kick Competition in the showroom of Pete Burton Ford.

According to PP&K officials throughout it's six levels of competition- PP&K is free of any charge, and that a boy need only have a parent or his guardian accompany him to the showroom to register.

Local competition will have first, second and third place trophies for boys in each of the six age groups, or 18 trophies in all. Increasing each boy's chances of winning is the fact that he competes only against other boys in his own age group.

There is no boy body contact in PP&K. It's punting, passing and place-kicking

Annual Farm Demonstration, Barbecue Set For Tuesday

Tuesday night, September 28, at 7:00 p.m., farmers, ranchers, and businessmen from Wheeler County will attend the annual Northwest Texas Research Demonstration Program. A free barbecue will be served at the Kelton School at 7:00 p.m., courtesy of the Wheeler County Farm Bureau and the Wheeler and Shamrock Chambers of Commerce.

"Wintering Cows on Nothing" and "Grazing Weeping Lovegrass for High Profits" will be the topics presented after the barbecue. This part of the program will include the latest research findings on grazing management and in-progress research in Wheeler County.

All farmers, ranchers and businessmen in Wheeler County are invited to attend, according to John Dabery, County Program Building Chairman. The Presidents of the Wheeler and Shamrock Chambers of Commerce indicated they were looking forward to expressing their appreciation to their farmer and rancher

customers in the county who have traded with them the past year. Dave Cross is president of the Wheeler Chamber of Commerce while Charles Shields heads up the Agricultural Committee of the Shamrock Chamber of Commerce. John Hodges is President of the Wheeler County Farm Bureau. Max Hatter, Wheeler County Agricultural Agent, who coordinates the Northwest Texas Research Demonstration Program, encourages those who are planning to attend the free barbecue and program to return their postcards or give him a call as soon as possible so he will know how many to prepare barbecue for.

The on-the-farm research demonstration program is conducted through the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station. Duane Scott, Wellington, is Farm Demonstration Assistant. Cattle and land for this year's grazing study were furnished by Verbon Smith

City Council

Monthly Meeting

The Wheeler City Council met Monday evening in the City office for their regular session.

The council check and approved the bills for payment.

The fire department had expressed a need for additional helmets for the volunteer firemen. Information on accessories and cost of the helmets were presented and the council voted to purchase 10 new helmets.

As has been the policy for the past several years, the council voted to make a donation to the Library Fund.

To comply with the State Board of Insurance requirements, the council voted to purchase four new fire hydrants. State Engineer, Wood recently inspected the fire fighting equipment and facilities; he found two hydrants needing replacement. Hydrants to be replaced are located at the corners of Eighth and Main and Sixth and Alan L. Bean Blvd.

One of the new fire hydrants will be placed on Jackson street. At present time, a new fire hydrant would require the running of fire hoses across highway 32.

Present at the meeting were Mayor Pete Burton, Councilmen—Robert Denson, Dr. J. Robert Winslow, John C. Vise and Louis C. Stas; Secretary Mildred Ramsey and Water Superintendent Tom Westmoreland.

Across the Fence

By Max Matter
Dry hot weather is taking its toll on pastures and crops. We need rain and lots of it. Surprisingly there are some good crops, but they are spotted.

A few years ago we had the opportunity of reading a book called "Plowman's Folly". The author said a lot of people plowed their land with oneways and mold boards because their grandfathers farmed that way. He advocated plowing with a tandem disk instead. It could be that the conservation of moisture by tandem-disking could have saved us well this year on our cropland.

Well, the fourteenth annual Program conducted through the Northwest Texas Research Demonstration Program will be held this coming Tuesday night September 28, at 7:00 p.m. at the Kellton School.

A free barbecue sponsored by the Wheeler and Shamrock Chamber of Commerce and the Wheeler County Farm Bureau will begin at 7:00 p.m. The latest research data on "Grazing Weeping Lovegrass Year-round" will be presented featuring on-the-farm work done here in the County the past few years. Information will be available showing net returns of close to \$70.00 per acre grazing weeping lovegrass. "Wintering Cows on Practically Nothing",

utilizing standing cured lovegrass will be another topic discussed. This annual program provides farmers, ranchers, and bankers and businessmen to meet and share ideas from all over the county. The barbecue will be prepared by Zebbie Lamb. We hope a lot of folks will come out, enjoy the barbecue and fellowship and learn how a long overlooked asset—Weeping Lovegrass—can be managed for high profits. Fertilization, stocking rates, animal gains, winter pasture, type of cattle that do best, along with other information will be covered

It takes natural processes hundreds of years to form an inch of topsoil. This can be lost over a short period of time if the soil is neglected. We all know that man survives on the thin layer of topsoil that surrounds the earth. Much of this valuable topsoil is being lost from production each time a shower of rain falls or a gust of wind blows. The earth does not lose this soil, it is just shifted around. Man only loses the ability to use it for production as it lays clogging our lakes and streams blocking our roads and settling in a thin layer in our homes.

Soil loss has many sinister forms. The most evident of these is gully erosion which is easily seen and eats tons of soil in a single bite. Sheet erosion is the sneak thief that takes a layer of soil from an entire area. With these and other forms of erosion stealing our main resource natural rebuilding

processes can not keep up with mans demand for food, clothing, and shelter. How can we return this valuable topsoil to production?

We could haul this topsoil back up the long hill from the bottom of oceans and lakes. The father of our country, George Washington, tried this many years ago and found it to be an expensive lost cause. Our only answer is the prevention of the loss. This tragic loss is easily prevented by using our land in a way which will produce and yet conserve our soil.

If you sometimes wonder why the soil in a field may be less productive at the top of even a gentle slope, just stop and think about soil erosion!! The Wheeler County Soil and Water Conservation District assisted by the Soil Conservation Service in Wheeler is interested in helping you plan and apply soil and water conservation practices.

Legal Notice

AN ACT relating to the recording and rerecording of livestock brands and marks; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS.

Section 1. (a) This Act shall apply to every county in this State. In all the counties, each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect, have his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brand and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act, all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months, only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the county.

(d) Immediately upon the taking effect of this Act the county clerk of the county shall have this Act published in some newspaper of general circulation in the county for a period of thirty days. The publication shall be paid

for by the county out of the general county fund.

Sec. 2. All clerks in reregistering brands shall comply with Articles 6890 through 6899, inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, and with Section 1, Chapter 273, Acts of the 41st Legislature, 1929, as amended (Article 6899A, Vernon's Texas Civil Statutes), and shall also be aware of and comply with Articles 1484, 1485, and 1486 of the Penal Code of Texas, 1925.

Sec. 3. All brands and marks registered under the provisions of this Act shall be reregistered every 10 years in the manner prescribed in Section 1 of this Act.

Sec. 4. The importance of this legislation and the crowded condition of the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended; and that this Act take effect and be in force from and after its passage, and it is so enacted. (signed left to right) Ben Barnes

Lieutenant Governor Gus Mutchler
Speaker of the House I hereby certify that S.B. No. 249 passed the Senate on April 15, 1971, by the following vote: Yeas 31, Nays 0; May 21, 1971, Senate concurred in House amendment by a viva voce vote. (signed)

Charles A. Schnabel Secretary of the Senate I hereby certify that S.B. No. 249 passed the House on May 6, 1971, with amendment, by a nonrecord vote. (signed) Dorothy Hallman Chief Clerk of the House Preston Smith Governor

at the program. You all come! Quarantines for hog cholera have been placed on portions of Lubbock, Hockley and Lamb counties by federal and state animal health agencies, according to Dr. Gilbert R. Hollis, area swine specialist.

The quarantines were enacted because of two confirmed outbreaks of hog cholera, one each in Lubbock and Hockley counties. The action is part of a stepped-up campaign to wipe out this costly swine disease. The quarantine will be removed when the threat of disease spread has been eliminated. The area in Lubbock County is bounded by a line extending from the northeast corner of the Lubbock County Line, west along the county line to the intersection of Highway 87, then south along Highway 87 to the north bank of Yellow House Canyon. Then east along the north bank of Yellow House Canyon to the Lubbock County line, then north along the county line to the point of origin.

The quarantine area for Hockley and Lamb counties is bounded by a line from Smyer, north along Farm Road 168 to the intersection of Farm Road 54, then west along Farm Road 54 to the intersection of Farm Road 303. From there, south along Farm Road 303 to the intersection of State Highway 116, then east along State Highway 116 to Smyer.

The specialist explains that no swine in the quarantined areas can be moved without health certification from an accredited state or federal veterinarian. Any producer within the area who wants to take hogs to slaughter may call the Ramada Inn at 763-9343, and ask for any member of the Hog Cholera team. The producer can then obtain farm inspection and a certificate for movement.

All swine farms within the federally-quarantined areas will be inspected by the state animal health officials for signs of sickness and this inspection will be completed as quickly as possible.

Swine producers within the quarantined areas who wish to exhibit at the Panhandle

South Plains Fair may do so as long as the hogs are accompanied by a certificate of inspection. After the fair, these hogs must be taken directly home and isolated

for 30 days. The specialist urges any producer who has sickness in swine to notify a veterinarian, county agent, or animal health officials.

added the two points to run
the score to the 16-0 which
remained until the third
quarter.

Shamrock received the sec-
ond half kickoff but fumbled
on the first play and Bill
McIlhany pounced on the ball
on the Irish 35. The Irish
yielded ground grudgingly on
the drive but the Colts were
not to be denied and nine
plays after the fumble re-
covery, Jim Verden powered
over the left guard from
three yards out.

Lamb tackled on the two
points and the Colts margin
rose to 24-0.

The Irish made a mild
threat after recovering a
fumbled punt by Tidwell at
the Colt 40 late in the third
period but the Colt held and
took over at their 37.

On the initial play of the
final quarter, Lamb broke
loose at right tackle for a
63 yard scoring jaunt that
ended the Colt TD parade.

Quarterback Club To Help Park

In an effort to help the
parking situation at Nichol-
son Field for the Mustang
football games, the Wheeler
Quarterback Club, in co-
operation with school offi-
cials, will have some of
their members aiding fans
in parking cars behind the
school and west of the
stands.

Cars will be parked in
orderly lanes with plenty of
room to get out if necessary
and fans are urged to co-
operate in this situation.

When entering the school
grounds from Canadian
Street, a parking attendant
will direct the cars to the
other attendants who will line the
cars up.

On nights that pre-game
suppers are held in the school
cafeteria, the men will be
there early so the cars can
be parked in the proper
manner and left for the
game.

People who have parking
places inside the stadium
are being asked this year to
please refrain from leaving
the grounds until people
have gotten out of the stands
so as to cut down on the
possibility of someone dart-
ing in front of the cars.

P.P.&K.

for distance and accuracy,
just as the name says. First
place winners in each age
group in local competition
will go on to the zone com-
petition. And from there,
top winners go on up the
ladder through district, area
division and national finals.

This year, the national
finals will be held at the
Super Bowl Game January
16, 1972. The finalists and
their parents will tour New
Orleans, enjoy a Banquet
of Champions celebration,
and have the chance to meet
some of the top players and
coaches in professional foot-
ball.

Each boy upon registering
receives a free PP&K Tips
Book. In the 1971 edition,
there are competition tips by
NFL stars Dave Lewis,
John Brodie and Curt Knight
plus all-round suggestions
from Coaches of the Year
Ron McCafferty and Tom
Landry. The Tips Book also
includes complete PP&K
rules and helpful condition-
ing exercises for contest-
ants.

PP&K registrations will
close on October 1. This is
the 11th year PP&K has been
held under the sponsorship
of the Ford Dealers of Amer-
ica and the National Football
League.

In that time more than
7,000,000 boys have taken
part in PP&K making it the
biggest and best youth activ-
ity of its kind in the
United States.

The Co-sponsors for the
contest on the local level
is the Wheeler Lions Club.
The local Captain will be
under the direction of
Head Coach Jim Boteman and
his staff.

Steve Corso
Places Third

Steve Corso placed 3rd

Farm Demon. . .

of Wheeler. Some initial
fertilizer was sponsored
by C&S Fertilizer Co. of
Allison. Fences, scales, top-
dress fertilizer, corrals and
watering trough were sup-
plied by the Texas Agricul-
tural Experiment Station.
The purpose of bringing to-
gether this type of informa-
tion is to aid local farmers
and ranchers in making man-
agement decisions on their
own farms and ranches. This
demonstration drew interest
across the state. Data on
stocking rates, rotation
schedules, and pounds of
beef produced per acre on
this often controversial phase
was not available until Whee-
ler County initiated the work.

This year's research work
involved year long grazing
studies, both winter and sum-
mer. None of the cattle re-
ceived any baled hay and
very little protein.

Master of Ceremonies for
the program will be James
Verden, Manager and Vice
President of the Wheeler
Production Credit Office.
The Wheeler County Com-
missioner's Court will be
official greeters for the pro-
gram. A men's quartet com-
posed of Ernest Henderson,
Clois Hanner, Bus Dorman,
and Hester Dodson accom-
panied by Patricia Palmer
will provide entertainment
during the barbecue.

This is the fourteenth pro-
gram conducted through the
Northwest Texas Research
Demonstration Program. This
program came about in 1956
when farmers and ranchers
meeting with their then
state representatives, Grain-
ger McIlhany and Will Ehrle
requested that Texas A&M
University conduct a program
of research and demonstra-
tion to solve certain prob-
lems peculiar to our area.

A joint agreement was then
entered into between the
Texas Agricultural Exper-
iment Station and the Texas
Agricultural Extension Ser-
vice. Interest in the program,
which includes the latest
research findings of interest
to local farm and ranch people
has steadily increased over
the years.

A question and answer
session will be part of the
program. A panel composed
of the following people will
field questions: Verbon Smith,
(cooperator with Wheeler),
Ed Gamett, (Area Farm Man-
agement Specialist for the
Texas Agricultural Extension
Service), Duane Scott, (Farm
Demonstration Assistant),
Frank Patr (Area Agrono-
mist for the Texas Agricul-
tural Extension Service),
and Bill Brooks, (District
Conservationist for the Soil
Conservation Service.)

Mrs. Fred Wood and Mrs.
Lela Wilson visited the Wil-
lards in Canadian Saturday.

Mr. and Mrs. Herbert Mad-
den of Sweetwater, Okla.
attended church in Wheeler
Sunday night at the Church
of Christ.

Shamrock spoke to the group
Mrs. Juanita Matthews of
Amarillo presented the poem
"Touching shoulders with
You." Mr. and Mrs. E.E.
Johnston and Mrs. Thelma
Dunn held an office for all
50 years. There were 60 pre-
sent from Clinton, Oklahom

PAT'S PARAGRAPHS

By Patricia Palmer CHDA
These cool days make you think that winter is already here!

In early America, a pot of sourdough starter was greatly cherished, even given to a daughter as part of her dowry. It became indelibly identified with the rough miners, cattlemen and traders of goldstrike days, who carried a pail of starter with them; used it to make bread, biscuits and pancakes. These men lived through incredibly hard Sierra and Yukon winters, and solid, invigorating food was a necessity. Having a starter meant freedom from hard tack and unappetizing dry biscuits. The ever-present pail of starter hung above the stove in camp, giving the name "Sour-Doughs" to the Alaskan and Canadian miners. Many present day bakeries still work with the descendants of their original

starter pots, some dating back to 100 years old. Many of you have baked with sour dough, and have a starter. If not, you may want to consider using it. For best results, use glass or pottery containers and keep your starter loosely covered with waxed paper. Starter is meant to be used frequently, at least every two weeks, and can be kept in the refrigerator for that amount of time with out replenishing, or indefinitely if used daily. The liquid will separate from the batter when it stands several days, but this doesn't matter. Just remember to feed your starter with one cup flour and one cup water for every cup of mixture you take out. Before using, starter should be left out at room temperature until the mixture bubbles, at least 18 hours or overnight. Before using, add to your starter 1/2 cup of canned milk (never use sweet

milk or fresh milk), 1 cup warm (never hot) water, 1 1/2 to 2 cups unsifted flour (this is to 1/2 cup of starter). Mix thoroughly, cover bowl and set in a warm place overnight. Before starting any recipe always remember to fill your starter jar with at least 1/2 cup of the raised starter.
SOUR DOUGH STARTER
2 cups enriched flour
1 package dry yeast
2 cups warm water
Combine ingredients in

large mixing bowl (not metal). Mix together until well blended. Let stand uncovered in warm place (80 to 85 degrees) for 48 hours; stir occasionally. Stir well before use. Pour out required amount and replenish remaining starter by mixing in 1 cup each flour and warm water. Let stand uncovered in a warm place a few hours until it bubbles again before covering loosely and refrigerating. Use and replenish every two weeks.

Mobeetie News

Mr. and Mrs. Don Quarles, Shonda and Donna visited over the weekend in Amarillo with Mr. and Mrs. Tiny Simpson and daughters. Mrs. Sis Newson and her sister Jane of Louisville visited one day last week with Mr. and Mrs. Win Quarles.

Visiting with Mr. and Mrs. Alfred Hill was his sister Mrs. Bud Griffin of Dimmitt. She visited them Thursday and Friday.

Mr. and Mrs. Austin Caldwell are home after vacationing in Colorado.

Mrs. Arlie Jeffus spent a few days last week in Highland General Hospital. She is out and visiting her daughter Mr. and Mrs. Warren Witt and children of Dumas.

Uncle Doug Sims underwent surgery Friday in Highland General Hospital where he is reported as doing as well as can be expected.

John Helton underwent surgery Thursday in Highland General Hospital. He is reported as recovering.

Mrs. Melba Burch attended the Avon Quarterly meeting Thursday in Amarillo. William Burch visited with Mrs. Jerry Rector, Lynn, Stephen and Amy. Then they met Sgt. and Mrs. Wayne Leatherman and Allen as they arrived from Culpepper Va where they attended the funeral of Butch's father. Butch will report back to San Francisco the end of the month to finish his tour of duty in Thailand.

Mr. Selvin Allen is in the hospital in Amarillo. Hope he is able to be back teaching school before long. Mrs. Betty Howard is teaching in his absent.

Congratulations to Steve Corse on winning 3rd at the Tri State Fair in his FFA Wheat contest. Steve took some of his irrigation wheat to be judged in July. They grain and use the wheat for baking. They test it for several different things. Steve will be on TV Sat. on Channel 4 to receive his award.

Visiting last week with Mr. and Mrs. Jess Patterson was her sister Mr. and Mrs. Virgil Smith of Shawnee, Oklahoma.

Mr. and Mrs. Jess Patterson and Mrs. Bonnie Hogan visited Sunday in Pampa with Mr. and Mrs. LaWayne Hogan and family. It was Jana's birthday dinner. Mrs. Edith Flanagan returned home after spending two weeks in Amarillo visiting her daughter Mr. and Mrs. Kenneth Pierce and family.

Mr. and Mrs. J.T. Johnston and Mr. and Mrs. Walter Coward visited Sunday in Stinnett with Mr. and Mrs. Bill Randolph and family.

Our sympathy goes out to the Pierce Walker family on the death of Nettie's mother Mrs. Henderson. Jackie May is home after spending a few days last week in the hospital in Amarillo for test. Glad he is home and back in school.

Mobeetie Lunch Program Prices

The Mobeetie School today announced a free and reduced price lunch policy for Mobeetie I.S.D. school children unable to pay the full price.

Local School Officials have adopted a family size and income scale to assist them in determining eligibility.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the superintendent will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision. The Mobeetie Board of Education whose address is Box 197, Mobeetie, Texas has been designated as Hearing Official. Hearing procedures are outlined in the policy.

The policy also provides that there will be no identification of our discrimination against any student unable to pay the full cost of a lunch.

A complete copy of the policy is on file in each school and in the office of the Superintendent where it may be reviewed by any interested patron.

Wed. Study Club Host Tea

The Wednesday Study Club opened its years work last Wednesday afternoon in the home of Mrs. W.A. Finsterwald, the club president. The Yearbook committee, Mrs. Lee Guthrie, Mrs. Harry Wofford and Mrs. Frank Walker, Sr. were co-hostesses. Members and guests were greeted on their arrival with A-lo-ha by the hostesses in colorful muu mus.

After a short business meeting the 1971-1972 Club year books were presented by

Mrs. Wofford. Comments and slides of the Hawaiian Islands were given by the club, "Globe Trotters." (Grace Porter, Vida Brown, Cara Hyatt and Mary Finsterwald have recently toured the Islands.) Mrs. Fred Wood a guest, who had also been to Hawaii recently gave a discussion on the Polynesian Center.

The tea table was laid with a cutwork linen cloth with crystal and silver appointments. The centerpiece was of tropical flowers flown from Honolulu for the occasion. There was also a tray of Vanta Orchids for favors. Coffee and tea

were served from a silver service. Refreshments of chicken salad sandwich, pineapple bars (recipe the Waioli Tea Room, Honolulu) and Macadamia nuts were served to guests. Mrs. Fred Wood, Mrs. John C. Vise and Esther Sorensen, Members: Mesdames Fred Farmer, Harold Hill, Carl Hyatt, Carl Laflin, M. M. Ilhan y, C.J. Meek, She Petti, C.J. VanZandt and the hostesses.

The orchids not used the party were distributed to the members not able attend the party and to ins.

Bill Murray will get a second cash crop off this milo field.

Mr. Murray farms around 1,000 acres near Panhandle, Texas.

When he cuts his grain sorghum, he leaves the stalks high. Because those stalks keep making money for him until spring.

Mr. Murray's formula for extra profits? Stalks plus cattle plus T-E Liquid Feed Supplement.

Last year for example, he had 150 steers on the stalks for 150 days. They gained 225 lbs. or an average of 1.5 lbs. per head per day, on nothing but stalks and free-choice T-E Liquid Feed Supplement, consuming .4 lbs. of the supplement per head per day.

It added up to a nice profit, even though Mr. Murray explains, "They were out in bad snow storms for several days."

Mr. Murray buys his steers in August, keeps them on pasture until harvest, turns them in on the stalks and puts them on wheat pasture in the spring. He keeps T-E Liquid Feed Supplement in front of them the whole time; because he knows self-rationing T-E provides whatever supplement they need, whatever the grazing conditions.

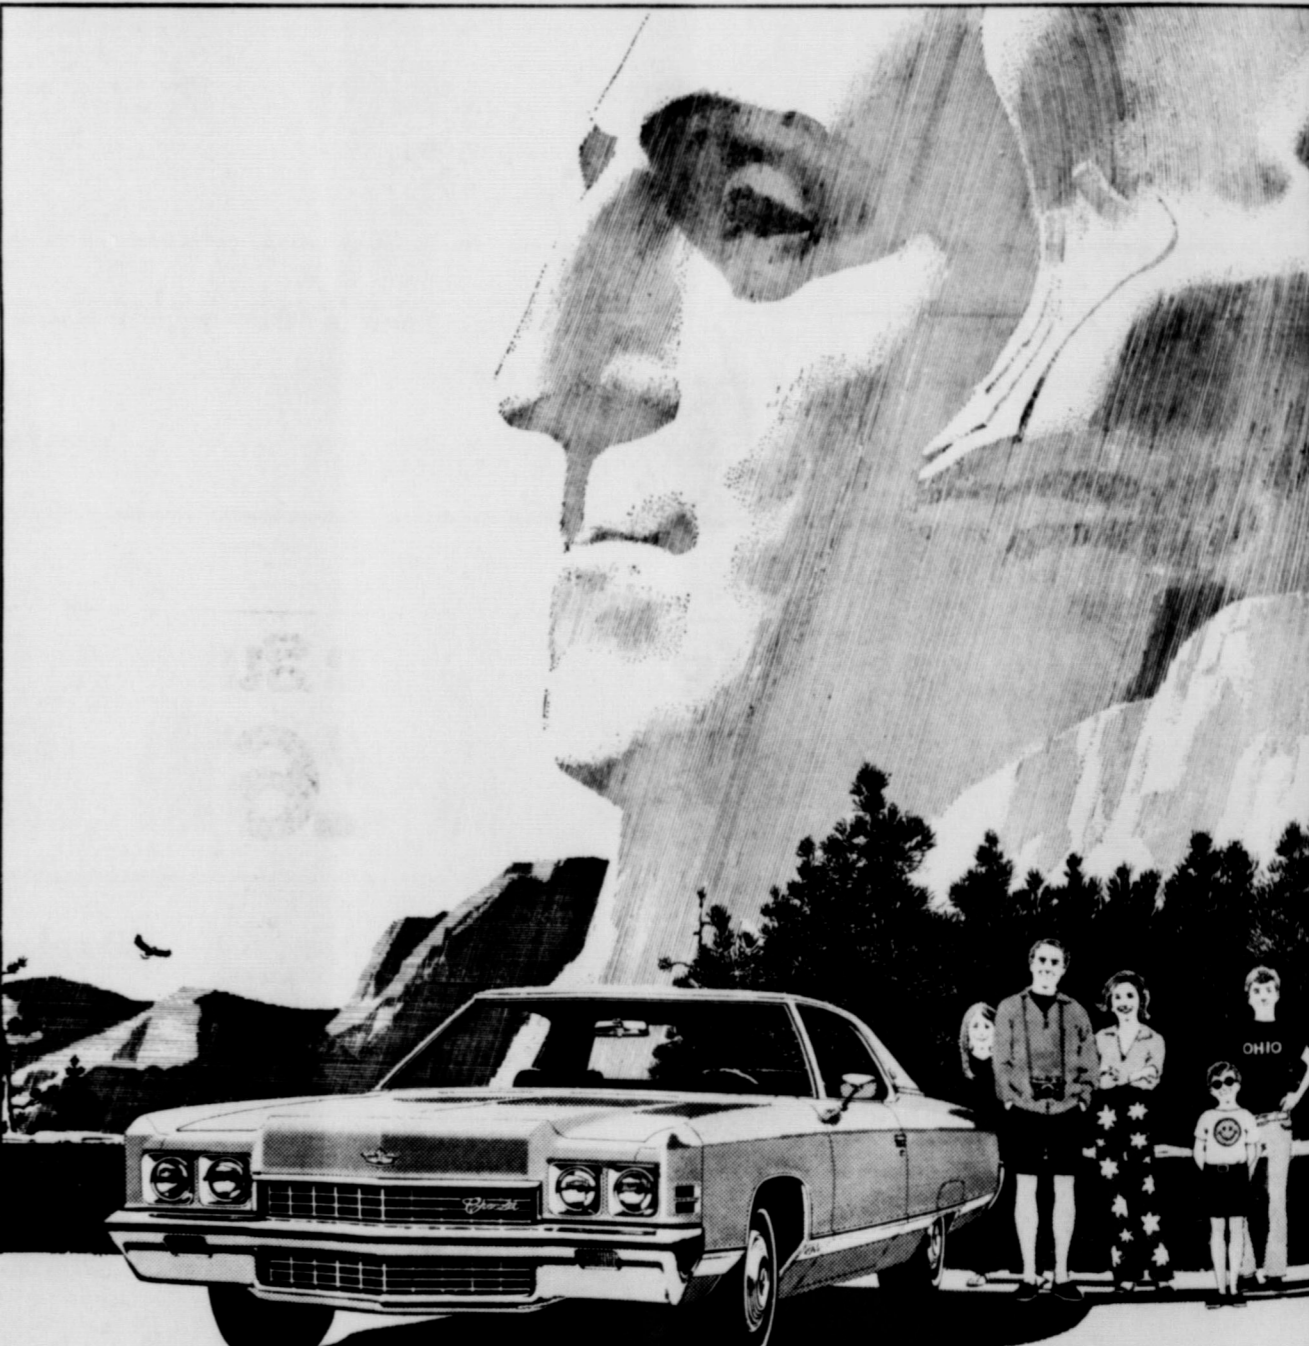

Considering his experience with T-E Liquid Feed Supplement over the past few years, Mr. Murray concludes, "It seems to me a farmer has just got to run some cattle."

1972 Chevrolet. Building a better way to see the U.S.A.

We want your new Chevrolet to be the best car you ever owned.

The best. No qualifications. No reservations. We want it to be the most beautiful, most trouble-free, most comfortable car you ever owned. So we've given the 1972 Caprice (above) power steering, power front disc brakes, refined power ventilation and an improved front bumper to provide added front-end protection. Plus a 400-cubic-inch V8 engine and Turbo Hydra-matic automatic transmission.

All standard, as you expect with a luxury car. And Caprice is but one of the new Chevrolets. There are 45 in all: pictured below (left to right) are the 1972 Monte Carlo, Chevelle, Nova, Camaro and Vega. Altogether, a lot of diversity. So there's bound to be a Chevrolet just right for you, your family, your budget and your kind of driving. Whatever your choice, we want your new Chevrolet to be the best car you ever owned. No less.
