## LETTER TO THE EDITOR

The editor invites all readers to write letters, expressing their views on various subjects, or to make any comment on contents of the newspaper or on any community news, courtesy or lack of activity. All letters must be signed by the writer. All letters must be written from publication if requested. Opinions expressed in communications under this heading are not necessarily those of the editor or publishers.

Dear Don:

In your issue of August 6th of The Wheeler Times I noticed the following in 'A Chat With the Editor' column: "It looks like some of the Wheeler youth are going to be staying out of Shamrock. Understand they are fining some of the local boys as much as \$35.00 for running a stop light."

This was quite a surprise to me so I immediately did some checking and think you will be interested in what I learned.

It is true that our night patrolman attempted to stop a Wheeler youth one night recently but was unable to catch him as the young fellow probably had a much faster car than our police car. This young man went through the 66 and 83 highway intersection at a high rate of speed although we do have stop signs at this intersection both North and South and East and West.

I shudder to think what would have happened had someone run the North and South stop sign at the same time and at the same rate of speed. Had this happened, more than likely we would have been criticized for having not given more stop sign violation tickets. A person would have had just as much right to run the North and South stop sign as did the fellow who ran the East and West stop sign.

We naturally have these stop signs for the protection of people and know that you will agree that if we permit automobile drivers to run these stop signs, especially at a high rate of speed, then there is no need to have them.

We realize that it is practically impossible to see every violation (Continued on Page 8 No. 4)

## HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

Quiet has settled over Texas' Capitol Hill after 202 days of hubbub.

As legislators packed up to go home, directors and employees of state agencies were filling scratch pads with figures. For most state-supported activities, the new budget which goes into effect September 1 will mean more funds. Altogether, \$300,000,000 more.

There were some disappointments, of course, in the appropriations bill. Many programs got less than had been asked for, some salaries were cut, and there were riders and restriction in other activities.

But, overall, there was more relief and rejoicing than tears and complaining. Most seemed to regard the new budget as the best that could be hoped for in such a "hard year."

## Band To Meet Monday August 24

First meeting of the Mustang Band will be held 8:00 p.m., Monday August 24th at the band room. Rehearsals preparing the band for their first football game halftime will begin at that time.

All instruments of the school are now in the repair shop and will be back for the first rehearsal. Each and every member is urged to attend the first rehearsal.

## Budget Breakdown

Texas' new record high budget of \$2,418,000,000 was reported out after 95 days of haggling in conference committee.

But once out, it zipped through both houses, with only 8 dissenting votes in the Senate and a 108-to-30 vote in the House.

Spending from the general revenue fund, the state's multi-purpose housekeeping kitty, totals \$322,800,000. This is up \$42,000,000 from the present biennium.

To show how hard up the state was, more than 56 per cent of total general revenue spending - or \$185,000,000 - will have to come from the new tax bill passed this session.

Here's how the pie was finally sliced on major items:

**PUBLIC SCHOOLS** - Received an appropriation of \$774,904,500, an increase of about \$85,000,000, mostly because school spending has an "escalator clause" which ties it to enrollment.

**HIGHER EDUCATION** - Got the biggest increase from the general revenue fund of any program. (Continued on Page 8 No. 7)

## Free Barbecue For Everyone

Beginning at 9:00 A.M. Saturday morning the Ex-Students and Teachers Association of Wheeler will kickoff their annual reunion. First thing on the program will be the registration at 9:00 A.M. at the high school building. Numerous exhibits will be scattered throughout the school building for inspection and all of the classrooms will be open for the ex-students to visit.

Ample time has been allotted during the morning for visitation. One of the highlights of the reunion will be the free barbecue to be held at noon. Some of the top beef of the panhandle has been selected for this special occasion, and John Barr, who is well known for his ability to barbecue, will be in charge of the food.

Following the barbecue, which will be held at the city park, an afternoon of swimming and visitation has been planned.

At 8:00 P.M. the regular business meeting will be held in the high school gym and at 8:30 the entertainment will begin and the refreshments will be served. Harrison Hall, entertainment chairman, has planned a delightful evening of entertainment.

All ex-students are urged to register in order to get their free souvenir catalogue. At first the ex-student association planned to print all of the individual information sketches in the Times. But because of the big demand for another souvenir catalogue the association decided at the last minute to print a special souvenir catalogue. Don't fail to get yours.

1959 officers for the Wheeler ex-students and teachers association are: Lowell Farmer, president; Helen Franklin, secretary; Ida Mae Goad, treasurer; Ida Mae Goad, Ab Gunter, Peggy Ford and Helen Franklin, year book committee; Mrs. Clarence Robison, school exhibits; and Harrison Hall, entertainment.

Officials of the association and area observers forecast one of the largest Ex-Students Celebrations ever held to be held in Wheeler.

Remember, if you have any old pictures, annuals, report cards or anything that brings to mind the school days gone by... Bring them to the exhibit. Contact Mrs. Robison, Cora Hyatt, Mary Weatherly or Vida Brown.

The Shamrock Community Concert Association will conduct its annual membership drive September 14-19, according to Mrs. Cabot Brannon, president of the club.

As in the past, those purchasing memberships in the Shamrock Association will be able to attend concerts at Altus, Oklahoma, and Pampa, Texas at no extra charge.

The Pampa concert series includes "Voyage to the Moon," a sparkling operetta by Jacques Offenbach inspired by a Jules Verne story. A Boston Company of 45, including orchestra, chorus, soloist and ballet, will present the charging and rollicking stage production. Other artists to be presented at Pampa include Paul Draper; Eden and Tamir, duopianists from Israel, and Frances Archer and Beverly Gile, folk singers who have an unusual program of folk songs from 14 nations sung in native languages.

Memberships in the Shamrock Concert Association are \$6.00 for adults and \$3.00 for students.

Mrs. M. McIlhenny is in charge of the membership drive for the Wheeler area.

Visiting in the home of Mrs. Lee McCasland this past week were Robert and Fredricka Adams, Mr. and Mrs. Jack Gibson and Mike of Shamrock; Mr. and Mrs. S. E. Morris, Mr. and Mrs. Clarence Holt and Dan of Borger; Mr. and Mrs. Jim McCasland and daughter, Mrs. Elizabeth McKenzie of Atlanta; Mr. and Mrs. Aubrey Greenhouse, Mobeetie; Mr. and Mrs. Vernie Mixon, Romona of Dumas; Mr. and Mrs. Donald Ware, Randy and Donna and Mrs. G. C. Ware of Clovis, New Mexico. Mrs. Ware came Saturday after attending the commencement exercises at Eastern New Mexico University Friday evening where her son Ray L. Ware received his Bachelor of Science Degree. Those visiting Mrs. McCasland from Wheeler were Mrs. Bertha Barr, Mr. and Mrs. Lindsey McCasland, Elaine, Kenneth, Terry and Brenda, and Mrs. Chester Hampton.

Mr. and Mrs. Harold Sivage are vacationing in Truth or Consequences, New Mexico this week.

**1960 Soil Bank Sign-Up**

We have received notice that the sign-up date for 1960 Soil Bank Conservation Reserve Basic rates will begin August 24, 1959 and continue through September 10, 1959.

Funds for the program are definitely limited and contracts will be awarded on a bid basis. Unless your offer is less than the established basic rate it can not be considered.

Basic Acreage Ceilings are established for counties and communities for 1959. No county or community can exceed a total of 25% of their cropland designated in the Soil Bank Wheeler County already has 22.52% of its cropland designated and will only be allowed an additional 0.48% or about 3500 acres for 1960 and subsequent years. ## smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: "the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests—all documented by published opinions of experts and on-the-record facts and figures.

**BEST ROOM**—Official dimensions reported to A.M.A.\* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of

the leading low-priced three.

**BEST ENGINE**—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

**BEST ECONOMY**—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

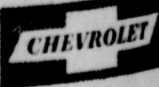

**BEST BRAKES**—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy out-stopped both of the other leading

low-priced cars in a test of repeated stops from highway speeds.

**BEST STYLE**—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

**BEST TRADE-IN**—Any N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom!

# Briscoe News

Mrs. Henry Lee operated the Briscoe telephone exchange about 15 years. Mr. Price was a Santa Fe agent here and Mrs. Price was a primary teacher in the Briscoe school.

Mr. and Mrs. Luther Willis of Perryton were in Briscoe Saturday attending to business and visiting friends. Mrs. Willis said

she was looking for fresh garden vegetables which was one thing one didn't find in or around Perryton.

The Briscoe Home Demonstration Club had an ice cream party for their families Friday evening at the club house. Eleven members and their families and six guests were present to enjoy the occasion. Those attending were Mr. and Mrs. Jeff Puryear and children, Mr. and Mrs. Henry Lee, Mr. and Mrs. Bob Ramsey, Mr. and Mrs. Claud Barker, Mr. and Mrs. Grady Dadd and girls, Mr. and Mrs. Doyle Standlee and

Inez, Mr. and Mrs. Milton Finsterwald, Judy and Joel, Mr. and Mrs. Cliff Walker and Bill, Mr. and Mrs. H. J. Finsterwald, Donald and Charles, Mrs. McCarroll and Wilene Waters and guests, Mr. and Mrs. Jimmie Litsch, Mr. and Mrs. Bryan Swaim and Mr. and Mrs. Gene Mack.

The shower party honoring Dorothy (Tipps) Ault Thursday in the home of Billie Sue Douthit with the junior and senior girls of the Briscoe class of 1960 as hostesses was a wonderful success. 73 guests brought gifts and 66 gifts were sent. Dorothy and

Jimmie Joe are living in Amarillo where he is employed.

Some good things to remember are: the most inflammable wood is the chip on your shoulder.

One can never carve his way to success by cutting remarks.

A sign on the marriage license bureau office door: gone to lunch - "think it over".

Mr. and Mrs. Cecil Mix, former residents of Briscoe came Monday and spent the day and night in the J. E. Steen home and visited other friends around town. Mr. Mix was Santa Fe depot agent 5 years in the 1930's.

So nice to have them here on a visit.

Mrs. Lottie Lee and Mrs. Lola Breeden of Shamrock were over night guests of the Henry Lee's Monday.

## Briscoe H.D. Members And Guests Enjoy Ice Cream Supper

Briscoe H. D. Club members and visitors enjoying an old fashioned ice cream supper at the Briscoe Club Friday were: Guests, Mr. and Mrs. Jimmy Litsch, Mr. and Mrs. Bryan Swaim, and Mr. and Mrs. Gene Mack and Terry; and members and their families, Mr. and Mrs. Bob Ramsey, Mr. and Mrs. Claude Barker, Mr. and Mrs. Herbert Finsterwald, Donald and Charles Finsterwald, Mr. and Mrs. Grady Dadd, Jacque and Diane Dodd, Mrs. Mottie McCarroll, Mrs. Roy Waters, Mr. and Mrs. Cliff Walker and Bill, Mr. and Mrs. Doyle Standlee and Inez, Mr. and Mrs. Henry Lee, Mr. and Mrs. Jeff Puryear, Helen, Mary Jane and Harvey, and Mr. and Mrs. Milton Finsterwald, Judy and Joel.

Uncle Sam is reported to be sending up another one of them expensive Roman Candle Rockets and says its goin to stay in Orbit a Year. Apparently it will be for the benefit of that Nicky bird that is comin over to see if we are as tough as he has heard we are. What is hard for a Nothead like me to understand is how do them smart Dudes know the darn thing will stay up in the Wild Blue Yonder a year. They have been in the Weather Prediction Business for years and have missed as much as they have guessed and also they have predicted a landslide for one or the other Parties in a Political Race and been wrong so how in the Devil do they think they can make one of them Fancy Aircal Limozines do just what they say.

Maybe Im as Old Fashioned as Grandmas Slop Jar but somehow I think I would rather have a Slingshot with some good rocks rather than a Million Mile an Hour Bullet to fight the Enemy. I have seen times when them fancy fightin aparatuses have back fired on us and done more damage to us than it did to the Raskals we wuz shootin at.

### CARD OF THANKS

I wish to thank all that have helped me and offered to help me while I was unable to go my work. They are: Cliff Bradstreet, Truman Bradstreet, Milton Finsterwald, Larry Finsterwald, Will Finsterwald, Red Meadows, R. Wm. Brown, Richard Brown, Shorty Sechrist, and Frank Walker. Also all that sent cards all that visited me while in the hospital and at home, and those that gave flowers, reading material and things that I needed while in the hospital. Also I wish to thank the good Wheeler Hospital nurses and Dr. Harold who did everything that could be done for me.

With all my appreciation, thank you.

Beyond making Back-to-School preparations an exciting part of the student's life, the contest is also part of a national campaign aimed at publicizing the new packaging program of Onward papers. A majority of the more than 2400 Ben Franklin stores throughout the country are taking part in the campaign and are offering similar contests for returning students.

Participants in the contest need only request a free entry blank at the store and complete it with their estimate of the number of sheets, their name, address and the time and date, and then drop it in the deposit box in the Ben Franklin store. The contest closes at 8:00 P.M. Saturday September 5. Entrants need not be present to win.

at this intersection as it is in the case of speeders; however, I have instructed our local officers to see that our laws are enforced.

In checking the ticket given this young man I found that \$20.00 was for speeding and \$15.00 was for running the stop sign which makes a total of \$35.00 for the two offenses; not \$35.00 for running a stop sign.

We in Shamrock welcome the youth of Wheeler and it is rather difficult for me to believe that when one of our officers issues a ticket to a person who is not only jeopardizing his own life but, possibly, the lives of other that this would keep any one from coming to Shamrock. You know Don, there are lots of people who prefer driving in a town noted for its safety rather than one where a person can get by with anything he is big enough to do.

I have checked with Police departments in many cities for the last three years to learn how they deal with people who hot rod, speed, run stop signs and create trouble in general and have come to the conclusion that it is a very small percentage of the teenagers who do this sort of thing. From observation and asking questions I am of the opinion that we have within our trading area, including the young people of Shamrock as well as the closely towns, some of the best teenagers that I know of. In other words, they enjoy having fun and they have a lot of excess energy and we like to have them in Shamrock.

So long as I am Mayor of Shamrock my office is always open to a teen-ager who wants to discuss any matter with me and when I was elected Mayor I instructed our police department to enforce the laws to the best of their ability in a fair and impartial manner to all people whether they be local residents or tourists.

Don, this is a rather lengthy letter but know that people always want to know the true story because sometimes something like this can get started and by the time it makes the rounds the figure could very easily be \$85.00 or \$135.00 for running a stop sign.

You probably know the name of the young man who was given the ticket and if he believes he had a right to run this stop sign at an excessive rate of speed or if there is anything he would like to discuss with me regarding this incident I'll be happy to see him at his convenience.

With best personal regards, I am

Sincerely yours,  
J. Seibert Worley  
Mayor of Shamrock

gram. It was boosted by more than \$12,000,000 to a total of \$130,933,424 for the state's 18 tax-supported colleges and universities. Increase was only about half what was asked by the Commission on Higher Education.

University of Texas officials saw one of their fondest dreams come true in that the "available fund" (income from the University's permanent fund) was left free for buildings and "excellence" programs.

HOSPITALS, YOUTH COUNCIL, SPECIAL SCHOOLS - Allocated a total of \$90,456,554, an increase of \$6,348,252.

This is to be used to improve medical care in state hospitals and to build a new mental hospital at Denton, a dormitory for delinquent boys at the Gatesville school and a new building at the Gainesville School for Girls. It will also cover some salary increases and cost of some repair and remodeling in the vast hospital and school systems. It does not allow for setting up the juvenile parole system ardently desired by the Youth Council and recommended by Gov. Price Daniel.

STATE EMPLOYEES - Lower-bracketed employees, from \$2,400 to \$6,000 annually, will get a \$180 a year raise. It's not a lot - \$15 a month more in the employees' pay envelopes - but it will cost the state about \$14,000,000 for the two years.

JUDICIARY - Will receive \$9,336,769 from general revenue, a \$312,779 increase. Most of this goes for new district courts plus briefing attorneys and secretaries for the Supreme Court.

PRISON SYSTEM - Operating budget increased by \$2,800,000 plus \$7,720,000 to provide additional buildings for a prison population soaring toward 11,000.

LIVESTOCK DISEASE - A new program to control brucellosis was tabbed for \$239,960, considerably under the \$2,170,000 requested.

STATE ADVERTISING - State Highway Department was authorized to use \$100,000 to lure tourists and the Texas Industrial Commission \$20,000 to seek new industries.

CONSTITUTION - Texas Legislative Council was given \$50,000 for a study of the State Constitution with a view to revising it.

INSURANCE DEPARTMENT - All the furor over top officials' salaries brought little change. Commissioner of Insurance William Harrison was cut from \$20,000 to \$15,000 a year; the three board members, from \$15,000 to \$14,000.

BUILDING PROGRAM - To further the Capitol expansion program, \$2,753,000 was appropriated for buying land, \$2,924,000 for a second state office building.

WATER PLANNING - Board of Water Engineers was allotted \$2,037,000, an increase of \$200,000 but nearly \$800,000 less than requested. It will allow for some salary increases for board members and engineers and mapping to locate future damsites.

Rio Grande Navy - Sen. Abraham (Chick) Kazen Jr. of Laredo, Texas' fourth "governor for a day" this year, used his time in the spotlight to call attention to needs of his South Texas border country district.

As Senate president pro tempore, Kazen served as chief executive in the absence of the governor and lieutenant governor. He proclaimed Good Neighbor Day, created the Navy of the Rio Grande and urged Congressional approval for construction of Diablo Dam west of Del Rio.

Sen. Frank Owen III of El Paso succeeds Kazen as president pro tempore for the interim between sessions.

Relieve For Church - St. Martin's Lutheran Church, a beautiful, classically designed building one block north of the Capitol, was to be destroyed to make way for the state building program.

Texas Employment Commission's new building has already gone up within a few feet of it.

But the Senate, in a resolution sponsored by Sen. Charles Herring of Austin, has asked TEC to study the possibility of putting the church to some use, such as a non-demonstrational chapel, before deciding to level it.
