"Wheeler, Town of Friendship and Pride."

CHAT By Louis C. Stas

Let it be recorded: At 6:03 A.M. on Wednesday, August 27, 1986, it was raining, a nice gentle rain, with the temperature at 65 degrees. What nice conditions under which to report to work-had I not left the window down on the pickup.

On Saturday a shower came over Wheeler and 0.28 was measured; the clouds returned Sunday and an additional 0.12 inches was received.

-cwe-

Today is the day for the "kids" to register for school at Wheeler. The times for the students to report are printed in the next column. After registration the youngsters will have four more full days before the work begins. The first day of school will be Tuesday, Sept. 2. Where has the summer gone?

Wheeler's one radio station will begin broadcasting Sunday afternoon at 3:00. KPDR-FM will cover an area within a 45 mile radius of Wheeler, so when you are in the area, tune your radio on to 90.5 on the dial. The station will be broadcasting all the First Ser Wheeler Mustang football games Second from the beginning of the season through the state finals. Local news and activities will be covered with gospel music and religious programs Weather Days being the main feature.

-cwe-Don't forget the annual Labor Day activities at Mobeetie this weekend. All the information is located elsewhere.

One of our local businesses will celebrate its 20th anniversary of working with the fine people in the Wheeler area on September 1. Can you guess which of the businesses it is? If you don't know, the answer will be announced next week.

I'll bet you didn't know that other publications make mistakes besides the "Times". Don King held a Range and Pasture Tour Tuesday around 28 participated. He was telling that some of the publicity he received gave the date for the tour as Wednesday; he didn't plan to repeat the tour. (My bad memory pays off once in a while, I can truly say I don't remember what column or which paper it appeared in.)

-cwe-

Along the same line, while I was at the courthouse Tuesday, Wynell Waldo was taking her new granddaughter, Arinn Taylor Waldo, door to door; the one-month old is the daughter of Boyd and Tanya Waldo. I'll bet the poor little thing is almost worn out from the "showings"; Grandma Patsy most likely has taken her on a tour at the clinic and hospital. It is no wonder they are proud, she is a doll, just like her sister, Ashley.

To finish the story, I did not remember what the little lady's name was and I called over to ask Betty Hennard. Agatha Johnson answered the phone and handed the receiver to Tanya to give me the answer.

It was reported that some industries are finding it beneficial to locate in smaller communities and draw workers from the surrounding area, as opposed to locating in the metropolitan areas. FALL OUTLOOK FOR BACK TO SCHOOL CLOTHES

Both girls and boys can enjoy a new sense of freedom this fall with fun colors, unorthodox prints and comfortable oversized tops. But it's the little girl who will probably have the most fun with her new clothes, because this is the year she can dress up like a fashionable woman. She can sport the same clingy knits and fake furs, the same bulky top over stirrup pants -- and get away with it.

While the fashions are fun, the garments are also durable and functional. For practicability, the Soap and Detergent Association suggest shopping for clothes made of washable fabrics. They make life easiest in the long run -- for both child and adult. So check a garment's care label before buying. The time and money saved on a washable wardrobe make the effort worthwhile.

The looks for girls this season have changed from last year's classics to the ultra-trendy, perhaps even the avant-garde. The most often seen silhouette is the big top over skinny bottom ensemble, although a new trend towards small tops means the entire figure is revealed, in some cases.

Sweaters come in fun jacquards and shaker stitches. Some have tight turtle

Little girls have a number of skinny bottoms to choose from that will offset the big tops. Aside from stretchy stirrups, ribbed leggings and long or short knit skirts are most stylish. Many of these bottoms are patterned to coordinate with tops.

New fashion details include blanket plaids and furry wools; drawstring waists on coats, shirts and sweaters; suspenders; ribbed trim or printed elastic at the waist and ankles; and fake furs. Jeans are popular and the classic party dress with pretty floral print still lives, offering relief fromt eh big top syndrome.

For girls, fall color is vibrant this year. Purple, magenta and turquoise are favorites balanced by buttercup yellow, red and electric blue. The liveliness of these hues is played up by contrasting them with black in prints and jacquards. Black is also seen alone or with just one other color

I do not wish for tomorrow, for it could bring grief-or sorrow,

these few hours that I borrow Help me live-just for today, Grant me strength when days are dreary,

hold my hand when I am weary, help me make some life more cheery As I walk the Master's way.

And if I should trip-and tumble, pick me up if I should stumble, keep me mindful to be humble As I journey on my way, When my day, at last is ending and my steps are homeward wending with a faith in God-unending, Thank you Jesus-for Today.

Christian Radio

Simmons Market Research Bureau says that Christian stations play to the largest concentrated audience of homemakers among all formats (56.6%). In a study completed in the Spring of 1986, Soma Communications, Inc. found that the majority of Christian radio listeners reside in large households. Christian radio is especially popular in the Southern part of the United States. The discovery was also made that more rural residents listen to Christian radio than urban residents, percentage-wise. 59.6% of the Christian radio audience falls between the ages of 25 and 54. The conclusion is drawn that Inspriational radio plays to an audience of prime retail shoppers that is 8.4% larger than the national average. It would appear from all the statistics that businesses would do well to use the Christian radio format in their media buy.

Recognizing the growing popularity of Christian radio today and realizing that there is no other Christian radio station for many miles around and remembering that KPDR will reach to Pampa in the West and to Elk City in the East, to Canadian in the North and to Wellington in the South, it is very logical to assume that we are going to have a sizeable audience for our area of the country.

FIRST FISH: Marilyn Dodson is very proud of this Bass; it tipped the scales to 6 1/2 lbs. The fish was a first for Marilyn; she has been wetting the hook for some time, but this is the first time she caught anything. Marilyn and husband, Harold, live at the Boy Scout Camp, where Harold serves as ranger. The couple had been fishing for about 30 minutes at one of the lakes at the camp when the catch was made. The bait used was a waterdog.

Saturday night. Others there were Thomas and Martha Helton, Sharon Bradstreet and Cassie, Dale and Lisa Helton and boys and great grandmother, Nita Evans.

Think most everyone is ready for school to start. Even the teachers!

Sunday Tom and Alice Bell Helton went to Sunday School and church and ate out. Then went to the Hefley reunion and enjoyed visiting with everyone there. Then they went to Canadian and visited in the Abraham Home with cousins Claude and Evaline Cook and old friends, Ardell George, Grover Crosier, Myrtle Crosier and Trula Galmor. Alice Bell went to school with Grover at M.K. schoolhouse south of Canadian a few years ago.

Virgil and Mae Helton visited his brother, Tom and Alice Bell recently.

ICE CREAM SUPPER

We had an ice cream supper Monday night to celebrate Willis' 67th birthday. We appreciate each one who cared enough to come and visit and those who brought delicious ice cream and cakes and cookies. We also celebrated Danny Fillingim's 35th birthday and J.P. and Martha Meek's Anniversary. Those present were Danny and Chris Fillingim and Dallas and Lindsey and Jessica and Andy, E.G. and Willa Fillingim, Andy Singleton, J.P. and Martha Meek, Shawn and Shane Everett, Chuck and Phoebe Hartline and Tamara and Aaron, Charles and Lajo Crownover and children, Gaye Hale and children, Don and Cindy Zumstein and William and Carrie, Cecil and Marsha Reynolds and children, Ronnie and Sue Watson and Rheann and Leesa, Dale and Debbie Stinnett and children, Larry and Vckey Nelson and children, Mack and Patty Sheilds and children, Clifford and Pauline Hefley, Sue Chandler and girls, Mike and Brenda Johnson and girls, Tim and Lisa Bennett and boys, Eldon Van Hooser, Dan and Caroline Cornett, David Gilmer and Davy, Christina and Shellie Ogle, David and Rita Pearson, Roy and Lois Meadows, Aaron Laverty, Joe and Sherry Wagoner and Shawna, Bob and Sue Ratliff and children, Ruth Irvine and Stephanie. About 95 in all. Thanks to all for coming and the cards and gifts and goodies.

Billy, Eldon, John and Shawn camped out at the lake Monday night after the party and cooked steaks and potatoes on the campfire and played flashlight tag. Next morning Billy had one jaw swelled kinda like mumps.

If you think I'm kiddin just read about it in them Ole Yeller papers of long ago. I always liked him and what he was doing, remember when He and Bill Cherry from over at Shamrock wallered around out in the Pacific for about twenty days in a life raft. Then you might remember when he and J.B. Crowder was up in Alaska on one of the Aircraft Carriers getting ready to hit them Nips in Tokyo, Jimmie had quite a time gettin anyone to understand that the Airplane was here to stay.

Jamison was in it.

Me and Mama got some friends coming over there to visit us from Australia in the next few weeks, wish you could meet them, he is Geoff and she is Daphne Bone from Clearmont, Australia and they are dandy folks. Run a Hardware Store over there and we haven't got to see them since we lived in the Northwest but can hardly wait till they get here. They're folks bout our ages, in our thirties so to speak and I think they will enjoy this area. I plan on taking them down to Qwen Gentry's place and see how to. bachelor lives and maybe to Nashville, Ind. where they have a lot of Old Buildings and Fiddle players and all kinds of things and to top it off Geoff and I can go down to Helen's Grocery and see all the neighbors at the Coffee Shop. Sitting here doing this pecking I have a Kangaroo hide seat cover over exc. mins. this cold chair that they gave us, no not the chair, it came from New Mexico, I mean the Kangaroo hide.

You know what that Dog that took up board with us had skedaddled off some place else. I had just bought a A-4 big bag of dog food for him and he just skipped the Country, maybe he didn't like our scraps and such but bout all he did was to get Mama's tomatoes Blk, A-4 and lay in the flower beds so I guess that the way Mama feels about it.

T.V. said 100 plus tons of cocain was smoked a year, it goes straight to your brains-instantly there are 2,000 a day more trys this crack w.o.w. I say government can stop it instantly if they want to-just make the consequences so severe, they be afraid to try it. Ones that produce it are the guilty ones also-like alcohol, ones that keep it on the market are the guilty ones, also.

Luke 9:13-"And he said unto them all, if any man will come after me, let him deny himself and take up his cross daily and follow me."

In the Grit paper an article in it said it came out in a British government report it said car seat belts law don't save. Drivers with seat belts drive more wreckless, caused more wrecks, take more chances. Think if I had had my seat belt buckled over the shoulder in our wreck in 1983, my poor head would not have tried to go through our windshield. I had rather risk being thrown from the car tho and live, than belted in a car, rolling or whatever-too many catch on fire.

WednesdAy at 11 a.m. Mattie was waiting for some cousins, Mr. and Mrs. George Hyde to pick her up, take her to E. O. and Alice Kelley's for a little get together and dinner. They are from Missouri-I think. Ralph and Joyce Helton are still in the country visiting.

I received a letter Saturday from a cousin in Altus, she is sister to 2 brothers that live in Edmond, Okla. She said it was such a tragedy and so sad. We had been wondering if either boy and families were in the post office at the time.

One of her 67 year old women she knew, lived by herself, backed her car out garage went back in garage to get loaf bread out deep freeze to take in house. A man grabbed her, beat her knocked her down, dragged her in her house put her in her bathroom told her not to come out if she did he would come back kill her said, if she called police, he would come back and kill her, set her house on fire, she waited some time went out called her brother, she pulled a glove off him she saw he was a colored guy, she is still in the hospital. He stabbed her, tore her face up, he wanted money, he only got \$21.00. She did not have any, how sad.

Saturday at 5 p.m. a very nice cool shower. Just went over could use some more.

Wheeler Library **Reports Activities**

We have completed our reading program. We had an excellent attendance and checked our 800 books for the month of August. I would like to thank Dairy Queen for the free ice cream cones. You will never know how this boosted our number of books that were checked out. Thanks to the "Wheeler Times" for the paper for our Sticker Books which the children really enjoyed. Thanks to Thriftway located at 509 Main in Wheeler, for the sticker suckers. And again thanks to the City of Wheeler, Tammy Jolly and Melanie Williams for the swimming pool. 38 children attended 5 mothers and about 10 helpers. A good time was had by all on a hot Aug. afternoon. We ended the party with cokes and cookies. We felt real fortunate, 38 children for 1 hour and a half without an incident.

The older group of 7-9 year of age visited the Mobeetie Jail Monday the 25th, from 3 to 4:30. Our host and hostess gave us a good account of Mobeetie's beginning. Large fans stirred the hot air as the publicized story of Buffalo Droppings was confirmed. Some of the young visitors were surprised by the Ft. Elliott diorama. They expected a different kind of Fort. Our local Librarian thoughtfully sent drinks along with us. Thanks again to the host and hostess, and the Mothers who furnished safe transportation.
