"Wheeler, Town of Friendship and Pride."

4-H JUNIOR RODEO TODAY THRU SAT.

CWE CHAT WITH EDITOR
By Louis C. Stas

In case you haven't noticed, it is hot and dry. The temperatures are over 100 degrees each day for the past several days. The rainfall for the month stands at 1.18; this was in two measurements, 1.05 inches on July 1 and 0.13 inches on July 11. The use daily of water by the residences of Wheeler has been near 800,000 gallons for quite some time.

Barbara had the car washed last Tuesday and that didn't work. It did get rained on Sunday while it was setting in Oklahoma City; just enough to mess up the wash job.

Darla Gearhart deserves the roses this week; she took the time Monday morning to help two women with their stalled cars. The ladies appreciated it Darla—she helps to give meaning to her slogan.

Darla was the writer of Wheeler's slogan, "Wheeler, town of friendship and pride."

ATTENTION BIKE RIDERS! It would be best if the bicycles stayed off the sidewalks. But if you must ride of the sidewalks on the 'square', please slow it down; this is for your safety as well as that of the individual who might step unexpectedly out of the store.

Summer vacation is two-thirds over with the passing of this day. The 'kids' will be back in school very soon. I mentioned this at home Tuesday evening and Mabelle Coate and Jennifer said they were ready.

That takes care of my notes and mixed items, the rest is 'something else'.

Melba and I went relative hunting over the weekend; Gene and Neil went to drive & enjoy our company. I left Wednesday evening, after the paper was finished and the jobs 'pressing' jobwork was finished.

Thursday morning we left Del City, Okla., in our drive to the Chicago, Ill., area. We spent the night in St. Louis, Mo.; Gene was acquainted with the place and took us on tour of the things we needed to see Friday morning.

We were greeted by the first of the relatives Friday evening near Chebanse, Ill.; our third cousin, Ronnie Froidcoeur—you can bet I wrote that one down. Our hostess was Ronnie's mother, Gladys.

Saturday was spent visiting the area where Daddy was born and spent the first five years of his life—such places as L'Erable, Clifton and Kankakee. We were shown the farm of Great Grandfather Collette, as well as the house they built when they moved into town. I only visited one cemetery; I think Melba intended to visit another before they left. An aunt who died as a child was buried in L'Erable.

Gladys, Ronnie and Ronnie's wife, JoAnn, hosted a reunion in our honor Sunday; all the relative they could find were invited; counting us, I think there were 22 present—hope I didn't miss anyone. Not 'showing up' Sunday didn't save you; Melba, Gene, Neil and Gladys visited one who couldn't make it on Monday in Chicago and I called him before the plane left.

Two weeks before our arrival one of our other third cousins showed up 'out of nowhere' from Tiffin, Ohio, and was invited to return Sunday. Floyd "Shorty" Scharte and his wife returned and furnished a wealth of information on research they had done. Melba happened to have the only known copy of a wedding picture of Floyd's mother and father.

Take note of the nick-name, Shorty; it could have fit most of the blood relatives present. None would win any prizes for height.

Floyd strongly resembled Daddy and Leo Laurent reminded us of our first cousin.

Breakfast Monday was at a restaurant owned and operated by a relative with the family name Chouinard, a cousin, but I don't quite know how far down the line.

Wheeler has a new organization, the TOPS Club. TOPS means Take Off Pounds Sensibly. It is a non-profit self-help weight-control group but essentially it is a support group.

Our meetings are held every Monday evening at 6 in the Burrell Oil and Gas offices. (107 West Texas St.) We started with just five members but have already expanded to eleven. During the month of July our membership has lost 48 lbs. We include "extras" in our club such as weight partners and a "Queen of the Month"—the member who loses the most weight. July's "Queen of the Month" was Teresa Hawley.

Every week we have a short program dedicated to weight loss and overall personal improvement. This week (August 4th) we will feature a make-up consultant who will demonstrate the effective use of cosmetics.

Come and join us. For more information call Teresa Hawley at 826-3259. After 5 call 826-3216.

BY CHRISTINE GILMER

Ephesians 4: 1 and 2.
I therefore, the prisoner of the Lord, beseech you that ye walk worthy of the vocation where with ye are called, with all lowliness and meekness, with long-suffering, forbearing one another in love: The Christian walk is a worthy walk, a different walk, but most of all it is a Loving Walk. When one walks in love he actually walks in God for God is love.

THE TRUE COST OF HOME FOOD PRESERVATION

Summer is good to us in Texas. Garden-fresh vegetables and fruits are widely available and because of their abundance, their prices are low. Home gardens are doing nicely, too, so lots of folks are starting to preserve surplus food for later use.

But is home food preservation "worth it"? An economic analysis says, "sometimes".

First, consider the direct costs of food preservation: the cost of the produce itself; other ingredients needed to put the food; the containers and equipment; and the gas or electrical energy for processing and freezing food.

Then there are the indirect costs, such as the time it takes to preserve food. This cost depends on the value you place on your time. Plan to spend close to three hours in the kitchen for every seven quarts of tomatoes or peaches you can.

Another indirect cost is wheathe the food you preserve will actually be eaten. If you can green beans, and the family won't eat them, the cost will be high.

Researchers have shown a real cost advantage in canning peaches and tomatoes, especially if you either raise the produce or get it free, and if you already own canning jars and equipment.

It might cost you as little as five cents a quart to can your tomatoes; in the store you may pay over a dollar a quart. Home-canned peaches can cost as little as eleven cents a quart and more than \$1.50 in the supermarket. But if you have to buy both the peaches and the canning jars, the cost goes up to about 94 cents a quart.

Freezing produce gives good results, but can be costly. Energy costs may represent half the total cost of freezing green beans for example. If your freezer isn't very energy efficient and your electrical rate is high, the cost of running it might wipe out any savings from gardening and preserving food.

But if you just enjoy preserving food, this economic analysis probably won't make much difference to you. You don't care what the cost - you just know that come next winter, you'll want to eat some garden-fresh, home-grown produce from your own pantry.

For more information on home food preservation and recipes, contact Linda Doughtry, County Extension Agent (Home Economics), at 826-5243 or at Box 505, Wheeler, Texas 79096.

Educational programs of the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, handicap, religion, or national origin.

Summer time is here in full force it seems. The past several days the temperature had climbed over a hundred degrees. There is added attraction at Wheeler Center these days; It's Larry Trevino (new help) A man to be praised.

He helps where most needed In bedrooms or hall. An excellent workman; Much loved by all.

As he lives to be older. There'll be more written of him. He's a sportsman of "Vigor". Plays ball with much "Vim".

Ain't It the Truth"

BY AB GUNTER

Just got a letter from some folks from Kirklint, Ind. Seems like they got some kin there in the Panhandle by the name of Fillingim. I'm sort of afraid to let these Hoosiers know that we have known folks by that name. We knew one feller back there that had more kids than we did. Course I have known Fillingims all my life and a lot of them are dandies but again there is that one called Leon. Well I reckon he'd do to fill out a dozen. These folks by the name of Hershman and they sound like our kind of folks, they both help out in the Boone County Fair in the Ice Cream concession.

Been sort of keeping up with Andrew and Sarah over in England, they got married and seemed like they had a good crowd at the wedding. Understand she is a cousin of Ronald Reagan, I think they said twelfth once removed, shucks I was third cousin of Ole Cactus Jack Garner, politically removed. He was Vice President of the U.S. of A. one time and must have offended someone on the Susquicentennial Board in Texas cause they didn't even mention him as one of the Historical Dignitaries of the Lone Star State the other day on T.V. Course they got a lot of dignitaries in every state that ain't mentioned much any more.

Speaking of Dignitaries we had one of our ancestors that was a bootlegger down in Earth County, Texas that durd near got kicked out of the Church for his illegal act till the preacher found out he was one of the few that would serve as Deacon on the Church Board and too he was given a share of his profits to the collection plate.

Had some Hippie call the other day and wondered if Lonnie needed some help on the pot gathering. This bird had got wind of the harvesting going on there by the Sheriff's Dept. and said he would offer to gather it on the halves if Lonnie would pay transportation down to Texas.

Guess I better go now, me and Mama have got to figer out what to do. Our septic tank runneth over, so we found out last night. Mama said she is sure I can figer out what to do, that is if I want her to continue to do the cooking.

See you next week.

ARE THE MAJOR NEWS NETWORKS OUT OF STEP WITH AMERICA ?

Public opinion polls show that America continues to shift to the right. Why is it that the people who control the news and entertainment industries in this country are still found on the far left of the political spectrum most of the time? The major news networks are controlled by people whose world views run deeply counter to traditional Judeo-Christian values.

In 1981, Robert Lichter and Stanley Rothman interviewed 240 reporters, editors, bureau chiefs and news executives at the most influential media outlets in the country. Their findings show that the opinions of news leaders are widely divergent from the viewpoint of the average American. Here's an example - studies show that almost 60% of Americans believe abortion should be banned except in the case of rape, incest or threat to the mother's life. But 97% of the media elite support abortion on demand. The newscasters and writers cannot keep their reporting from reflecting their values. (It may be possible on a few stories, but not overall). From the evidence, it is clear that the movers and shakers of the news media share a value orientation that is radically different from the majority of the general public.

That's why you will be interested in our news and information programs. You will be able to tune to KPDR-FM for a viable alternative to the liberal bias of other top-of-the-hour news feeds as we bring you news from 2 new networks - VOICE Network and the USA Radio Network.

Here & There

By Laura Guthrie
 A few weeks ago the Editor in his Chat ran a story on me that was found in a 1937 of the "Wheeler Times". I was in the hospital at the time and forgot to say anything about it. About two weeks later a member of the Times staff asked me why I had made no comment about it. My reply was that I didn't deny the story. I didn't remember the incident but it was, more than likely, true. I know a lot of good stories that happened in the 30's. I'll repeat one: In those lean years I did my laundry in a tub with a rub board. I would put the clothes "to soak" the evening before wash day. On such a wash day I got up so dizzy that I positively could not do the work. I got in the car and went to look for someone who would do the wash. I asked several women before I found one who would do it. She did the work. When I asked what her charge was, she named a sum that was twice regular hourly wages. I told her so. "Oh, but I wash twice as fast as the other women," she snapped. Well, you that remember know that a lot of strange things happened in the '30's.
 Let's not talk about the weather! I know a lot of people are on vacation or have vacationers in their homes. That's not happening to me, as I'm not going anywhere, and the

Sympathy to the family of Charles Haning. Charles died Saturday and graveside rites were conducted Tuesday at Mobeetie Cemetery by Rev. L. V. Grace. I was so sorry to hear Leola Stuarts had Mr. T. A. Briscoe News
 By Vetola Parker

Monday 21, Zetha told me to late to get this in my news today. Terry Dougherty's softball team played 7 games in Amarillo. They won 2nd again. Sound pretty good to me. Colie went up to Zybach Cemetery to attend John Brown funeral. They had his services in Okla. City this morn. They had a small service at Zybach Cemetery at 3. They served supper at the Methodist Church for all of uncle John's relatives and friends to night Monday in Allison. Mattie Jackson visited us Tuesday afternoon, on her way home from the E.O. Kellys. She brought me some pictures they found in Lida (Helton) Plosse album, when she passed away, of our family. I was glad to get them. Claude and Mable visited us Wednesday afternoon. Doc Wilhelm visited us Thursday. Billy Parker stayed with us this week, he gets to talking he's really interested in his ancestors. He said the first snake he saw was one on T.V. He says he never saw 2 of my sisters. He never saw Ricky Dougherty, only saw Michael Clark once. Things I could not hardly believe. He is 14 years old 1st cousins and 1st aunts. Don't think he has seen D.A. Davis, Troice boy, my get together are not getting them together good, guess Billy has a infected foot, we have been working on it, I have never seen one exactly like it. I think it is sand worms. I may not be able to knock it. He is a little worker, but likes to watch TV late and sleep late. He brought his 3 wheeler but it stopped starting, we don't know what to do. He and Sheri and Shane go to Florida Aug. 5th, to see their mother. Shane is staying, we will sure miss him. I will tell you something kindly funny, not in a way, if you are 75. I have always had fear of falling in bath tubs. So saw one of those mats you put in your tub to keep you from falling, slipping well if floats on top of the water. I have to wham a foot on it mash it to bottom of the tub. This when I set down out it goes and floats on top water at my feet. When I get bathed, I have to work it under my feet to keep it from slipping. So it's a chore and this is some personal news for my grandkids—ha. Friday looks like another hot day. My lilacs are starting to burn and wilt. Hoyle went to Amarillo Thursday. She visited harmon and Daphne Barry. Doc and Iolene Wilhelm visited Doc's mother Ola Barry and Harmon and Daphne in Amarillo this week, Wednesday. Just talked to Tolene, guess she won't care for me putting it in paper, Little Michael mother, Maria, got him last Friday. The judge gave him to her. His stepmother has had him (Kathy) she lives a 100 miles from Tolene. Hope she can see him after. Tolene has practically raised him. He is 8 years old now. Daddy would tell us about when Galveston was blew or had their hurricanes in Jan. 8, 1900, 3600 homes destroyed, 6000 people killed, water 15 ft. above all the land. Wind was 120 miles per hour. He was 10 years old in 1900. Saturday morning rather cool so far at 10 a.m. We saw lightning south of us last night. A cloud went by on north yesterday afternoon it rained and it rained in Reydon. But we never received a drop. Saturday morning Gaye Zybach was shopping in Pampa. The family Mac and Gaye Purcell and children ate supper Friday night at R.L. and Rozena Zybach.

Sweetwater News

Mrs. Joe Flowers

If it isn't hot enough for you just wait til tomorrow. More Hot and Dry is on the way. One thing, the heat sure feels good to a person's aching back. Good as a hot pad.

The garden is still coming' despite everything. Now that cantalopes are down to 25 cents a lb., my little patch produced 10 one day. They even tasted like melon and not corn cobs.

Mrs. Ray called from Elk to talk about the hopper spore. I hope it works good. Saw where one of the northwestern states (seems like Idaho) was covering their state with it. It really gets the native ones but then the fields are harvested and the aliens that move in take a little while to learn they are supposed to lay down and die. We sure thought it was worthwhile.

Juanell Estes has been here from CA for the Davis reunion last Saturday at Reydon. There was as singing in her honor on Sunday. Her folks are Sam and Lilly Mae Davis.

Briscoe From Page 1

Wanda Childress got to come home Friday. Addie has been up there all week with Wanda. Last Tuesday they gave her this balloon treatment, they run a tube up the clogged vein then ballooned the artery up. This blockage gets loose and out. Way I understood it. Hoyle said J.O. hearing aid guy had same thing done. Addie said Wanda could breathe better and this is Colie trouble probably. I had never heard of this treatment. Doctor told her to take it easy. He did not want to see her for 3 weeks, wonderful.

Bud Waters visited Roy and Willene Waters Thursday. He ate supper with them, rested some went on to Dallas, trucking on his job.

Patsy Loin and Zelta Lynn Stag are vacationing at Lake Tahoe, Nevada, two of my neices.

Heard from Daphne Barry at this Bevins Nursing home they have a van, that can lift the wheelchairs up in and out. So they took Ola Barry shopping. First time in years. I know this made her happy.

Carrol Jean Hardage, Sunny Ann Keene, and Mary Kay Taylor spent Friday night with Doc and Iolene Wilhelm, they had been vacationing in Santa Fe, New Mexico.

Harmon Barry has a little tool work house in his back yard. He goes out this hot weather does things with his electric saw, out comes a bumble bee. He kills them with gasoline, spraying on them, one day one attacked him. He fought it with is cap, finally knocked it to the ground and stomped it. He really took out after them after one stung him on the arm. He killed over a 100. He finally found their nest under his shop. I don't want a Bumble Bee stinging me. They say a lot of Bee stings and you won't have rheumatism, think I will take the rheumatism.

Dewayne Mathis got to go home from the hospital this week. He is gradually improving.

Ricky and Malissie Dougherty and 2 boys, Seth and Parker arrived at Gene and Zetha Dougherty's Saturday night. Colie and I and Billy went up to Gene and Zetha's after church Sunday to see the new great grandbaby as well as all the rest. Others there besides Ricky's family were: Terry and Freddie Dougherty, Gena and Tera Jo, Weldon and Diana, Miranda and Michelle, Randy Parker and Greg Culverly. They came after Billy, we will miss him.

Terry, Weldon and Ricky fixed a cookout supper at Gene and Zetha's, they grilled steak, german sausage, potatoes, onion, they had cake, salads and chili beans. This was our supper.

For dinner Zetha had chicken and all the trimmings. So guess I will gain, the 2 pounds I lost last week back.

Everytime I held the little Parker Dougherty he would be all happy, then he would look at me begin to cry. He is 5 weeks old. I know that little fellow knew I was a stranger to him. There was not anyway that little fellow knew I was his great grandmother at his age made me sad.

Zetha was doing fair, hope she did not over do it today. We came home Sunday night.

Ted and Pauline have gone to Canon City, Colo. on vacation. Weldon and family are on their vacation this week, going east.

Irene Zybach was feeling pretty good Monday morning.

Last weekend was Elbert and Ruby Zybach's 58 wedding anniversary. Ruby was sick so yesterday. Sunday Curtis and Jane Ann and Kent Hall, Kyndel and Kathy and Krista took Elbert and Ruby out to eat at Rainy's north of Canadian to celebrate.

Sherry Gossit and Lisa Munoz, Essie nieces from Lubbock came to visit Friday. Mona Reynolds came

Several have had company this week. Joe's brother Frank came by for a couple of days and will be back for the Flowers this weekend.

Lanelle and Donnis Hays of Enid spent several days with her mother Mildred Allen.

Charlotte Yowell's father from Indiana has been here.

Walter Fouriers daughters Georgia of Virginia and Sharon from Albuquerque have been visiting him plus some grandkids.

Billy and Clydene Elswick of San Angelo have been visiting her parents Mr. and Mrs. Clyde Dodd.

Elinor Mears of Shamrock, June Mattox of Houston, and Mary Dickey of Myrtle Point, Oregon were guests of Mr. and Mrs. Howard Dickey. They all went to Pampa to have a birthday dinner for Esther with Lisa and family.

Remember the good old days some seven years ago when everyone had a job. The goose hung high. Interest was high and savers and investors did well. Not a vacant room between OKC and Amarillo. We had some hostages in a foreign land but their captors released them the day Mr. Reagan became president since we had released \$6 billion of their money here

down. They all attended the funeral of Gene Dobbs from Conway, husband of Betty Finsterwald brought his body back here at Wheeler Saturday. He was 68. Our sympathy to all of his relatives.

Sunday Marie and David Wright was at Essie's. The girls went back to Lubbock Sunday afternoon.

Essie said it was 100 degrees at her place in shade yesterday. Pretty hot.

Ruby and all that took them out Sunday visited her sister Ardell George in Rest home, while up there.

Elgia and Mae Welch had their 60th wedding anniversary Saturday at the Briscoe cafeteria. All 12 of their children were there. There were 80 there. So happy anniversary to Elgia and Mae.

Her daughters, Shirley and J.C. Steszer, John and Joan from Harrisburg, Penn. and son Ray and Shirley Welch from Madron were still visiting Monday morning.

Dan and Lou Trimbel and children visited her parents, B.F. and Margie Meadows Sunday. Others there were Richard and Bonnie Meadows and children.

Mary Hudson attended the 60 wedding anniversary of Elgia and Mae Welch Saturday, she ate dinner Sunday with Oden and Lois Hudson. Monday morning she was fixing dinner to take to Gageby Church. A group was coming there to put on a program. They were having lunch at the church. Mary was going with Pat Hudson.

Oden and Lois Hudson went to Borger Thursday visited Sharon Grandstaff. Ate dinner with her.

Travis and Rosalee Keelin went to Pampa one day last week and shopped and visited his brother Wesely and Dorothy Keelin.

Sunday they had Gene and Norma and children, Jerry and Sherry and grandbaby Kayla. Rosalee was looking forward to a 2 week vacation.

Mike and Melody Goad and children went to White Deer Friday to a rodeo. Mike and Cliff Bradstreet won 2nd in calf team roping, how nice.

They went to Fairview, OK. Saturday night. Mike Goad and Royce Zybach won 1st place there on team roping. How nice.

105 degrees at some place Sunday. Claude and Mable visitors over the weekend were Bill and Neta Ault, Shelley Ogle was visiting them Monday.

Mr. and Mrs. Bob Kinnamon and family were hosts to a cookout last Sat. evening at their home northwest of Briscoe. Those there were: Mr. and Mrs. Dewey Harris of Jacksboro, TX., Kay and Scott Luttrell and girls, LouDean and K.D. Douthit.

Tressa Perry visited relatives in Wheeler and Sentiel, OK. This past weekend.

in the USA. You could go to bed at night assured the world would still be here in the morning.

But no one could leave well enough alone. They said cut the spending but increased it instead. The deficit went up and up. Cut the taxes but they only rearranged them. We played the ends against the middle a little too long.

The unions pushed for higher wages. Soon the manufacturers were sending their raw materials overseas to be made up by people who would work for 50 cents an hour instead of \$12. We've lost our markets for farm products, manufactured goods, and oil.

In fact, when we lay our last rig down and shut off the last stripper well, OPEC will let us know what is what again.

We will soon wash each others clothes for a living.

Now about every fifth house has a For Sale sign in front but no one can buy because the jobs went with the wind. Foreclosure and bankruptcy are common events. Oklahoma's second biggest bank went kerfloopy last week. Texas has had 12 go under this year and Kansas 8. It is serious.

Our Sweetwater Women's Softball team wound up their season last week. They have played in the Sayre league. Went to Enid for the state tourney but lost out. wound up in third place in the league. Had a wonderful time.

Those who were on the team were Vicki Harrold, Jackie Hagerman, Sally Sites, Monti Reed, Kandi Newby, Cathy Davis, Lisa Alexander, Beverly Bryant, Charlene Hagerman, Debby Reed, Donnita Dollar. The husbands and children went along for the cheering section. They played a team from Norman and one from Enid in the tournament.

The men's team go to state next week at Stillwater. More about them later.

Mike and Sally Sites and children, Cathy and Kervin Davis and family, Lisa and Jerry Alexander, Jada and Joel, Bob Carey, Greg Carey, Pam Davis came home from Enid via OKC where they visited White Water, Frontier City and other attractions over the weekend.

Heard Leroy Allens big tractor quit and had to be carted to the hospital. While it was out of commission, Leroy and Fay went to Branson for a holiday.

We went to Texas Saturday to Mae and Elgia Welch's 60th anniversary. Our lives have been entwined many long years. Grew up on Sweetwater Creek. Troy worked in the office with Joe once, Shirley, Johnny, and Buck were our kids classmates. Barbara is the social director at the Wheeler Care Center. Hazel married my cousin, so we go way back. We really enjoyed seeing all of them. Other Okies there were: Mr. and Mrs. Wilbert Bryan, Mr. and Mrs. Silas Taylor, Ernest Montgomery, Hortense Madden, Juanita Coffey, Mr. and Mrs. Alfus Coffey. Old Five String was pleased that several asked why he didn't go.

Joe heard a dog yipping in the pasture when all of a sudden it went squawk. Was a crow practicing. They can mimic about as good as jaybird or mocking bird. We have one that really yodels.

Funeral services were at the Baptist Church in Sweetwater for Troy Miller who died at Erick after a long illness. Burial was at Wheeler Cemetery.

Services were at Sayre Church of Christ for S.G. McLaury. Burial was in the Sayre Cemetery. He did lots to help the mineral owners of Oklahoma.

Had a call from nephew John in Pampa. They are well. He seemed to think we are to old to live away out here in the country. We really are in the country. Our closest neighbor is about a mile away.

Charles Hagerman saw his doctor in OKC. Is back with a neck brace and a cast on his foot.

We visited Netty and Hubert McMullen after church. Netty had fell and hurt herself. Jack and Doris Hayes, and Pet Sims of Wheeler also dropped by.

We also visited our cousins Harold and May Bollen. They are all packed up ready to move to Denver, where they have a daughter.

The Strings and Things had a vacation this week fifth Tuesday. Their August schedule is 1st Tuesday,

Aug. 5—Erick Home; 2nd Tuesday, Aug. 12—Town Hall; 3rd Tuesday, Aug. 19—Elk Home; 4th Tuesday, Aug. 26—Hensley Home, Sayre. Time 2:30.

Third Wednesday night, Joe and Bertha will help the Johnny Reed group at the Wheeler home. Time 7 p.m.

Looked out last week when Ole Dawg barked and the yard was full of stray cows. We thought they were Melvin's and put them in. He came by later and said they weren't his. So we called John Mollett at Elk. Next morning here he came, parked his pickup and came down in the three wheeler, urban cowboy. By this time, they had broke the fence and were all mixed up with Melvin's. So John had fun sorting cows all morning. Some people are just too helpful—like us.

Ricky Allen, Hammon Ag advisor, was cited last week for his work in Computers in Agriculture. He attended a CIA seminar held in Stillwater recently. Ricky is the grandson of Mildred Allen. Fay and Leroy are his parents. He has been at Hammon at least 8 years.

One of our neighbors reports his wife took some chopped up weeds to the dump and they wouldn't accept them for fear of Johnson Grass.

Little Clint Harrold will go to OKC next week to have his tonsils and adenoids removed before school starts.

Chat From Page 1

The historical society in Kankakee was one of our scheduled stops Monday morning. They have old pictures on file; three of our family pictures have appeared in the Kankakee paper as unidentified. After the pictures are identified, they are filed according to name at the museum.

Two other names of relatives not mentioned prior are Rabideau and LeGesse. Grandma Stas was a Collette; her sisters married into the Rabideau, LeGesse and Laurent families. You will notice all the names are French; these people all came to this area from Belgium or Canada.

Louis is a family name; at least three generations of the Collette family were headed by a Louis.

I returned to OKC by plane Monday afternoon and arrived in Wheeler Monday evening just after they finished with two Ambulance runs. Mary Kay wasn't so lucky; she was home just 10 minutes before she had a code-three transfer to Amarillo.

Those with the last name of Stas had better be on guard—Melba is going to find you and I will probably be with her.

That's it for this week, thanks for reading.

The parents of the couple then lighted the votive candles on either side of the memory candle. Rev. Andy Dietz then gave a brief explanation on the meaning of marriage and the customs of the ceremony.

The Bride was given in marriage by her father with the "Her Mother and I Avowal."
