He also holds this year's Panhandle Area Best of 165'10".

Danny Benefield qualified in the 300 intermediate hurdles, but slipped on the wet track and fell over the fourth hurdle. Danny set a new school record this year by running a 39.4 at a Regional Qualifier Meet.

CWE CHAT WITH EDITOR

By Louis C. Stas

CONGRATULATIONS! Richard Smith won the First Place Medal at the State Track Meet in Austin over the weekend. Richard threw the discus. Additional good news is "Richard is only a Sophomore." Coach Karcher reported on the track meet at Kiwanis Monday and gave the 'coaches part of the credit' for the accomplishment to Richard's dad, Coach Preston Smith. Richard's form in throwing the discus allowed him to out distance opponents twice his size.

Bubba is also going to be tough competition for "big brother". When the pictures for the 'sig page' arrived last week, I did not notice Richard's picture was not the discus. I do not claim to know much about sports, but that I did notice and it was too

Sweetwater News

Mrs. Joe Flowers

...LAST WEEKS NEWS
No rain yet but visited with the Welch boy who lives over east and they had a good shower. Well, at least, the mockingbird is home, along with an oriole, and some swallows. Yes, and I'm afraid the Snake is back. He and Ole Dawg have been arguing pretty loud.

Asked Stella Matlock if she'd been fishing. She said well she hadn't caught any fish. But you don't have to catch fish to have fun fishing. Don't think I ever caught but one fish and I don't know which was the most surprised, me or the fish. But I can hear the mourning dove call and I'm 12 and back on Sweetwater Creek, my cork floating gently in the water. Forgotten is the fact the creek is dry now and solid poison ivy, covers the banks.

Saw a big crane over the County water tank. Next thing we know the tank had doubled in height. Probably

"Ain't It the Truth"

BY AB GUNTER
I thought I had seen traffic there at the laundry and grocery but I got caught in that traffic at the Race Track at Indy the other day and before I got out of it I wished I had thought to put our Thunder Mug and a change of clothes in the pickup. I had gone up to get an old metal building that they had taken apart and had given to me and had it loaded and headed out the gate and there I hit the traffic.

If you ever seen a Country Boy wishin he was home you could have seen one that day, I had tin siding, beams and all sorts of plunder on that 63 Chevy pickup and Caddies, Porshes, Ferraries and goodness knows what other kinds of cars were whizzin by and cuttin in front of me, I was scared to move but had to so I figured if I could pull a Chan Helton trick on them birds I could get on the main road and at least be headin in the right direction. You know it worked, I just shut my eyes and poured the gas to Escar (that's the name I call the pickup) and all them 20 and 30 thousand buck cars sort of backed off and let me through. Chan told me many years ago that people ain't fools, soon as they see it's Chan Helton comming down the road they just get out of the way and let him through.

Honest you can't imagine how many thousands of cars are trying to get down 16th St. and Georgetown Rd. when they having trials there at the track. All they are doing right now is seeing who will get the Pole Position in the big race and they sure draw an audience just to watch them whizzin around the 2 1/2 mile oval track. I got to eat breakfast the other morning with A.J. Foyt and he was tellin me about his cars and horses and the races he had been in this year and durned if that Rascal didn't sneak out of that eatin joint and leave me with the ticket. Shucks I thought I had figured out how to keep from paying the tab there at Sparlin's drinking coffee with Bob Hink and Lonnie Miller and that bunch but these City Boys are a little to sharp for me so I guess I better learn to get Mama to fill my thermos and do my coffee drinkin sittin out under a shade tree when I go to the track.

The Goats are still fine and so are me and Mama.

have to put a lantern on top to ward off airplanes.

Opal Nabors and Ruby Nix went to Hobart Saturday to the wedding of Ruby's grandson, Keith Gray and Laura McCoy of Stroud. The beautiful ceremony was performed in the Catholic Church there.

Bessie LeGrand received the award for being the oldest mother at the Sweetwater Baptist Church and Kim Boswell for the youngest.

We didn't do that at ours but little week old Makaylah Wilson was the youngest person present.

We've lost too many recently to auto accidents, one at Erick, one at Sayre, two at Altus, 4 at Moore, and 3 burned up at Ramona. They put crosses on the road at Moore to mark the spot. When we were out west, Montana and other states had crosses parking where wrecks had occurred. Some had flowers hanging on them.

I think that is a good idea. Seeing those somber crosses couldn't help but make some of those low fliers slow down.

Been a lot about Texas teacher tests. It is a fact that half the graduates in any thing will be in the lower fifty percent. What gets me is a piece in the paper that says as many as 50,000 doctors in the USA don't have bona fide licenses to practice. We limit how many Americans can go to medical school then bring in foreigners.

Jack Anderson said in his column about education that the worst 5th

grade class in Japan is ahead of the best fifth grade in USA. He also said the average Japanese high school graduates and most Europeans are better educated than the average American college graduate. I wonder.

Hortense Madden visited Tuesday with Mr. and Mrs. Julian Wallace at Elk.

Sure a lot of wheat went into hay last week.

We lost several friends this week. Memorial services were held for Leon Gilliland who has been ill a long time. I remember when David was in FFA, Leon bought him at the slave sale. What a thrill it was for David to ride in the police car with the siren on.

Services were at Buffalo for Nell Hill who died at OKC. Nell was raised over on the creek. She is survived by a daughter Earline Childers, son Leo Hill, foster daughter Reba Trotter, plus a number of relatives. Rev. Ross Anderson conducted the services.

Funeral was at Erick for Harvey Hamilton who attended our church. Elder T.J. Pittman was in charge of services, which were held at the Erick Baptist Church. Burial was at Erick.

Verna Gallaway has been moved to

Town Hall nursing home. Netty McMullan was taken by ambulance to the Sayre Hospital.

We need to visit the sick and let them know we care but remember most sick folks die on Monday from having too much company on Sunday.

Bethel Davis, George McArthur, and her grandson were in town Wednesday. Seems the little fellow had tangled with some poison ivy.

We heard from our kids on this Mother's Day. Tony is being sent to Switzerland for a few weeks to help solve some kind of computer problem. Carlene will get to go over for their vacation a week or so.

Joe Dale's school is out but Mike still has three weeks. Esther got her Bachelor's Degree in fine arts. We are proud of all of them.

Had a nice call from Larry Privett, Seems he has a cousin David Flowers. He's a brother of Don Privett, one of our favorites over at the Erick Home. Larry is a cousin of Neva Flowers Ford that I write to sometimes.

Once in a while TV has a movie that isn't all beat 'em up, shoot 'em or naked people in bed. Such a one was the story of the first seeing eye dog.

Couldn't help but shed a tear when they were so mean to the blind man and the dog. It is terrible how mean some people can be to the handicapped.

We just saw everyone in town. Mr. and Mrs. Bruce Harrison and Vivian Wallace of Allison were in Hardees. Been so long since Vivian and I were club ladies together that I almost didn't know her.

Also visited with Louise Jernagin, Viola Stewart, and Vicky Hockaday. Joe ordered us a sandwich and David a plain hamburger (he meant regular) but he got a plain one—meat and bread.

As far as I could determine all our friends at Edmond escaped serious damage in the tornado.

Joe harvested his cherry crop—all 21 and kindly divided with David and me.

To the Editor
The Wheeler Times

To the Editor of the Wheeler Times, Louis Stas,
My opinion of the precinct 2 election.

Bill doesn't know I'm writing this. I haven't talked to Bill. After receiving my Wheeler Times seeing the election notes and the location. To me looks like Bill has used his nine years of hard work for several—enemies. I know Bill did his best to keep the roads in his precinct.

I have lived in Precinct 2 since 1931. And I know the roads condition for 55 years. Bill did work jobs he did not have to as a commissioner, but as a hard working guy to help others.

I have lived close to Allison 55 yrs. I know what condition their roads, streets have been in over the years and 1986 what they have and are not satisfied. I am surprised. No wonder our country is in the condition it is in. Our people—the cause. Now, I can just see Bills opponent out in the mud, snow, building, on any of the machinery (road) working to get done, covered with mud, dirt, grease, as Bill did in all jobs.

Allison didn't remember when they had their tornado? Right? And breaking snow drifts, out helping mend the washouts. He worked as a hard working hand not just a commissioner. I would like to ask the ones that voted against Bill this question, were they going to expect out of their man what Bill put in for them?

Years ago a man run for Commissioner for Precinct 2 won. It was in debt, roads in bad condition, for his four years what he did, roads and debt, was not appreciated. He said the ones he did the most for voted against him in next election. So you can see its not what you do its the one thats running.

I was not only surprised I was also hurt. Because you see I know of some that voted against Bill.

Go in apply for a job, see what the question is Do You Have Experience? Bill had 9 years and had done more than any other Commission I have known for fifty five years.

If you are ever cooking with electricity and it goes off, be sure to turn the burners or oven off. I goofed Wednesday when the electricity was off for over two hours. We had cold sandwiches and went on to church at Wheeler, not realizing I had left a big burner on, on very high under the soup I was making. Hours later we came home to find the house full of smoke, burner still on, bottom melted out of a heavy Presto sauce pan. The fornicia behind the burner was permanently brownish and bits of soot all over the cabinet tops. The house still smells smoky, but we are so thankful to still have the house and contents. A close call! I scrubbed and scrubbed till I tried soft scrub. It really worked on the soot.

Sunday dinner guests at Wayne and Tola Faye Meeks and Keith's were Kevin and Jona Meek of Goodwell, Oklahoma, and Evelyn Meek. They were celebrating Wayne and Tola's Anniversary. Kevin and Jona were also going to Wheeler to a wedding for Ty Henderson and Crystal Breeding.

Psalm's 62 and 8.

Trust in Him at all times; ye people, pour out your heart before him; God is a refuge for us.

Wouldn't you know, got the pilot light turned off of the furnace while Jerry was here Mother's Day weekend, he got the air conditioner all ready to go, and I took the electric blanket off of my bed and stored it away for the summer months, and yes then the weather turned cold again. Just can't outguess the weather. Getting a lot of rain which is much appreciated, but really can't say that for the hail that seems to come with the rains. Guess about everyone took to their cellar's last Friday evening when the fire whistle blew. I stayed about an hour, As some others did too, but we have to take the bad with the good, we human beings are hard to please anyway.

I didn't have time to pray I got up early one morning And rushed right into the day, I had so much to accomplish That I didn't have time to pray. Problems just tumbled about me And heavier came each task, "Why Doesn't God help me?" I wondered and He answered, "You didn't ask."

I missed Mrs. Joe Flower's news from Sweetwater last week. Always enjoy reading it, hope all is well with her.

OUR TESTIMONY

In attendance were: Jane Dukes, Linda Hink, Debby Taylor, Glenda Atwood, Mary Sue Williams, Nina Walker, Kimberly Johnston, Jane Thomas, Lou Trimble, Rolla Cooper, Kay Luttrell, Debbie Kinnamon, Cathy Hunt, Teresa Powledge, Jan Barner, and Jodi Hughes.

If we obey His Holy Word, And lean on Him each day, He shows us and the world, That He protects our way.

That's the way of fruits for Him Our peace + joy + love They are our only testimony here That our Gd is still above. That our God is still above.

For there's no way on this earth We can win a soul for God; But showing Souls our love for them And teaching them His work.

Mobeetie Junior and Senior Prom May 17

On Saturday evening May 17, the Mobeetie Junior-Senior Banquet and Prom was held in the High School Cafeteria. The theme for the evening was "In the Heat of the Night". A tropical setting of an Island Mural, bambo walls and deep blue ceiling was used. To add to the mood were palm trees, fish in nets, mermaids, flamingos and a grass hut entry way. The banquet meal was catered by Maxey's Steakhouse of Wheeler. The menu was Chicken Fry and Gravy, Baked potatoes, hot rolls, tossed salad and strawberry shortcake. The meal was served by members of the freshman and sophomore classes. They were: Stephen Batton, Beth Wilson, Greg Langley, Tammy Harwell, Trent Copeland and Robin Mickey. Following the meal special music was provided by the junior girls and sponsors. They sang "That's What Friends Are For." the Senior Class did the customary Will followed by the Junior Class Prophecy.
 History was made that night as Mobeetie High held their first Prom.
 The Prom was also held in the cafeteria and everyone enjoyed an evening of dancing. Music was provided by Z-93 of Amarillo. A great time was had by all. We would like to express our thanks to the administration and school board for allowing us to have the banquet and prom. This was the first time for Mobeetie to have a prom.

Monday afternoon I received another Mother's Day card, from Bobby James Parker from Washington State. He was ok, looking for the day to be down here for 10 days, his address now is A.B. Bobby J. Parker, 455-47-5379, Box 3002, Fairchild AFB, Washington 99011.

Monday afternoon, Wanda, Kathy, Justin and Ralph and Kim came.

Kathy, Justin and Ralph went to Amarillo this Tuesday morning to catch a plane back to Oregon.

Wanda and Kim are still here till Thursday.

Hoyle told me last night Roy Hall had a heart attack Sunday, he was in Shamrock hospital pretty bad sounded. We wish for him a speedy recovery.

Claude and Mable Parker came to visit us Tuesday, Roy Morse Rawleigh man came, E. J. and Jay Meadows came to visit Wanda and Kim.

May 31st Garry Parkers Birthday.

Wednesday afternoon clouds galor lightning galor, we got a 1/2 inch rain anyway nice big shower, news said Wellington got hail baseball size.

Willene Waters said they got 1 inch of rain in about 45 minutes sure was good—even though it scared you. Said toronado south of Palo Duro, Canyon, then news said toronado south cloud it was coming this way northeast at 25 miles an hour. About time for it to hit here it hit out north west, went south from here.

Roy Hall was better yesterday morning. Hoyle talked to him last nite. He was going to Amarillo Monday. I guess for more test.

Nilda Dukes said David Zybach got 1 7/10 inch of rain, Garland only got 3/4 of inch rain in his pecan orchard.

Correction—keep thy tongue from evil and thy lips from speaking guile.

I received another Mother's Day card from Tolene and family and a

phone call from Shane and Bobby.

Ted Parker went to Kim's graduation at Goodwell Sunday also.

Elbert Zybach said they were going to work at the Zybach cemetery next Saturday, May 24. Saturday we were rained out.

Well another rain (storm) Friday late around sundown. Andy and Troice Davis came. Hoyle was here, I mean it rained and hailed and hailed and rained, it been a long long time since we received that much of water, the trees were as still as they could be not one leaf moved and the water standing 3 and 4 inches in our yard, it could not run off fast enough. Troice stood in the door watched the hail beat her car. Hoyle had to stay all night, with us, something that never happened but once before, since we married. Hail stood 3 inches deep in J.O.'s yard, he said his wheat was hailed out, Doc Wilhelm said his wheat was hailed out. Glen Elmore and Nona were in their cellar, they got 4 and 5/9 inches of rain in his gage. Now I don't think we could have put a gage out that would held ours. Tammy Maddox 1/2 mile south said they got 3 1/2 inches rain Friday nite, it was moisture, even tho it was scary and damaging, we have cooler weather. Nona Elmore lost her early pretty garden.

Gayle Purcell said they had got over 5 inches up to last night. Saturday nite, it was enough to wash our tracks out.

Mable said the water got so deep in east their house it was fixing to go in Eddie tail pipe on his pickup, it was one foot deep in front of their old house. James has his house up, getting the shingles put on today, its a 3 bedroom house. I know they will be happy when it is finished and they move in. Cliff and Dorothy got their garden hailed out. Mable said we will know later how bad things are.

Kenneth and Bonita Hamon's pretty garden over north east here was riddled with hail Friday nite they got 4 9/10 rain. George Caudell had a heart attack is in intensive care. We wish for him a

speedy recovery.

Roy Hall was doing pretty good last word, he was to go to Amarillo tomorrow Monday.

Hoyle Helton visited us and Andy and Troice Davis Sunday nite.

Most every one got over 4 inches of rain Friday, and the frogs are croaking louder and louder. So guess the moisture met.

Adaline Aderholt spent Sunday night with David and Beckie Zybach and children.

Jean Brown came to Clarence and Irene Zybach last Monday stayed till Friday. Cliff and Dorothy Walker, Vern and Susie Lohburger, they picked up Myrtle Hunter, there were some cousins here from Kermit, Calif visiting Bob and Mary Baird all ate out in Pampa.

Dan and Lou Trimble and children went to Adrian Sunday to a high school rodeo. Larry won 3rd in calf roping.

Doc Wilhelm thought his wheat was all hailed out he looked at it Sunday. He is working on his combine again thinks he will have some to combine.

Last Tuesday Everett and Iris Goad from Pampa visited Elbert and Ruby Zybach.

Last Tuesday Addie Swift attended a track meet, that Stacy Dukes was in at Wheeler.

Sweetwater News

Mrs. Joe Flowers

Got our first rain of the year. Amounts ranged from an inch to near 3 inches. Every drop was appreciated. We lost the top of a big tree in the shuffle. Haven't figured out yet how to get it out of the front yard. Saw several nests on the ground and the little bird eggs ruined.

Everyone carried all the children under three out to learn what rain was. Ruby and Rhone Nix spent the night at Elk City with the Olin Nabors. Tired out their new cellar.

Joe got a chain letter. Said kiss someone and sent 20 copies to have marvellous luck. Guess that would be better than sending a lot of money to the name at the top.

The T-Ball gang named their team the Pups. They're going to be Bulldogs someday! They wish to thank everyone who helped with the carwash, bake sales or contributed in any way. They raised enough money to suit out 24 youngsters and the coach. Scrimmaged with Erick Thursday and will have a game with them the 29th.

The Kitchen Band—Strings and Things went to Town Hall nursing home last Tuesday. Saw a lot of friends. Mildred Keen had made each band member a lovely bookmark, needle point and shapped like a cross. Grandmother Barnes (Mrs. Chub Campbell's mother) was having her 97th birthday.

Funeral services were Monday at Erick Primitive Baptist church for Verna Galloway. Burial was in the Erick Cemetery. Verna suffered a stroke sometime ago and never did recover.

Services were Monday at the Assembly of God Church in Sweetwater for Ethel Cardin. Burial at Buffalo Cemetery. Ethel was my second cousin. Years ago they lived on

the Asa Wilson place and we lived on south. Mama would put us kids in the buggy and we'd go see the Thompsons. One time old Blue ran away and threw me out on my head.

Nearly a hundred years ago, the McCathern Clan came to Oklahoma from Texas. They spent some time at Hope near Marlow. Ethel's grandmother, Mary Batts, died there the year my mother was born in that community. So they were always a close knit family.

I hear that the McCatherns from on the plains plan to come to Buffalo, Mayfield, and other cemeteries May 26, Monday. They plan a basket lunch at the Mayfield Community Center. Relatives and friends are invited to drop in.

Sherman Wilson and Sharon Shoffner were out from OKC to visit Dovie Wilson and the Ed Logans last Friday. The descendants of Frank and Damie

Flowers are planning a reunion at Erick August 1, 2 and 3. They will meet at the school cafeteria on Saturday. All relatives, friends and kissing kin invited. Nila Tenney or Nora Lou Lukens can tell you more. I rather think our president is stressing the terrorism deal overseas to get our minds off the calamities happening here. Each day brings word of more places closing and anywhere from ten to hundreds or even thousands of jobs gone. We all know about the farmers and the oilmen.

The Repubiican Sunday Oklahoman had this farmer joke. Pres. Reagan bet he could walk across the Reflection Pool but sank about half way over. Three boys pulled him out. He offered them anything as a reward. One wanted to go to West point, the next an appointment to Annapolis. The third wanted to be buried in Arlington Cemetery; he explained: "My dad's a farmer and when he finds out who I just saved, I'm going to need a place to be buried."

Back to the terrorists. None they've got can hold a candle to ours. Better start working on them. Today's paper—Five killed and set a fire by a thief—6-year-old beat to death and worse at Enid—79 burned and one killed by couple who were holding a school of children hostage for \$300 million.

Mr. and Mrs. Ray Sites, Mr. and Mrs. Clyde Dodd, and Elec and Beulah Atchley visited last week at OKC with Mellie Stone. She is doing well and hopes to go to her daughter's soon at Burns Flat.

The powers that be don't want any new taxes—just increase the old one and do away with most exemptions. Another brainstorm they are proposing is to make the rural mail boxes flimsy enough that they will collapse when vandals hit them and their car won't be dented.

Saw Mr. Red Males in Cheyenne. We have a mutual admiration society. I am his favorite writer and he is my favorite banker. There's a lot of folks think that RM on these car tags mean Red Males.

We all have our most thrilling moments. One was when O. R. Wilhelm introduced me at a meeting after the senator and representative

saying, "This is Western Oklahoma's Will Rogers." I won't ever forget that.

I call that passing out roses while I live.

That reminds me, My husband bought me a Mother's Day gift—the biggest watermelon in the store. That was true love too.

Nettie McMullen is in Sayre hospital. Lima Chisum and Edna Anderson were gone. Cal Rogers was getting ready to go. Alton Tignor was there to see him. Also visited Mrs. Kyser and Florence Brimer. Helen Ewing is recovering from a broken arm. Charles Hagerman is home from OKC hospital.

Jay McMullan graduated from the Kenneth Hagen School of Theology at Tulsa last Friday. Going down to see well done were Glenna and Jack from Dalhart, Mr. and Mrs. Howard Fuchs, Lula Beth Raney, Laveda Shelton, and Jessie Vitato.

Mr. and Mrs. Dallas Stone of Paradise, Ca., spent last Thursday night with Birdie Whipkey. They visited the Salem Cemetery. He left a generous donation.

The Mayfield Cemetery also has a new fence and the road crew is going to try to stop the ditch along the road. The Buffalo Cemetery really looked nice too.

Our graduates had a bad night for their ceremonies, but everyone was so glad to see the rain. It was graduation night about 51 years ago that the rains came. That was the night of the awful Hammon flood when so many lost their lives.

We visited with Mr. and Mrs. Orville Morton of Hammon in Elk. They were like us, dry. Maybe they got in on the rain too.

Mr. and Mrs. Melvin McIntyre, Ray and Doris Smith dropped in to see us Thursday.

Laughter is good for body and soul. Stay light hearted, you'll weigh less.

Visited with Tots Coffey at the Bookmobile. She had her cute little granddaughter along—Clarence's little girl. The bookmobile comes every two weeks and is loaded with good reading. If they don't have your desire, they will order it for you.

Besides our eight graduates we have Tere Gordon, who was salutatorian at Erick. She lives over on Sweetwater Creek in the Mayfield community. Is the daughter of June and Marian Gordon.

And Tammy Tipton who lives on our

Section is co-valedictorian at Sayre. I told you about our seniors last week.

To The Friends & Relatives of Russell & Carol (Staggs) Bradstreet

To the friends and relatives of Mr. and Mrs. Russell Bradstreet (the former Miss Carol Staggs), there will be a wedding shower, Sunday, May 25, from 2:00 to 4:00 p.m. at the Coin & Copper Room of The First National Bank of Wheeler.

This will be our first opportunity to express our love and appreciation for this couple, via a wedding shower, since their marriage.

You are all very cordially invited to attend this celebration of the happy occasion and to wish them well.

Regretfully we will not have time to mail private invitations to you, as the couple will only be in Wheeler for this weekend.

We're looking forward to seeing you.

Hostesses!

My family and I wish to convey our sincere thanks and deep appreciation for the lovely plants. For your calls of concern and support, and for your "Open Letter Published" at The Wheeler Times last May 8, 1986. It's hard to find people who are as nice as you all, and a city as good as Wheeler.

We are still negotiating with the members of the Hospital Board and Administration.

Our special thanks to Sharon Wright for attending the Board meeting last Thursday and to those who had a hand with the "Open Letter."

Again, Thanks and may God Bless Us all.

Educators Across Panhandle Uniting

Educators from all over the state of Texas are banding together to form an organization which will present a united voice for Texas educators. This group will express our needs and desires as educators as well as our opposition and concern about our profession.

This organization is called United Texas Educators, and a chapter of the organization has been formed in the Panhandle. The purposes of this association are:

1. To promote quality education for the children and youth of Texas.
2. To raise the professional standing of educators in Texas.
3. To initiate and support legislative reforms which promote quality education and professionalism for educators.
4. To keep educators politically informed about issues and candidates.
5. To unite educators as a political force to improve education in Texas.

Join us, The Panhandle United Texas Educators. Unless we unite throughout the state and form one organization, we present a divided profession. As members of one central group of Texas Educators, we will have more clout and will have a change to be heard. Without unification of educators, we fight a losing battle against mandated educational reforms and issues in which we have no voice.

To obtain more information you may contact: Linda Smith, Box 401, Wheeler, Texas 79096, 806-826-5534 or 806-256-3792; Mickey Porter, Box 207 A Wheeler, Texas 79096, 806-826-5534 or 806-826-5705.

An area wide rally will be held May 24, at 1:00 p.m. at the Wheeler County Court House, Wheeler, Texas. Come and join in The Panhandle Educators' Celebration!

Here & There

Dear Ab, after reading your account of Pygmy goats, I want to remind you to ask your Wheeler friends to the barbecue.

Some one called last week and

To the Editor
The Wheeler Times

Dear Editor,

Want to thank ex-Mayor, Louis Stas, for listening to me over the past 3 years on Smoking Problems in the Hospital, also I want to thank the hundreds of people here and across the United States for their encouragement. I have been informed the petition I sent in is on the agenda for this month or next. I will be notified of the date. The only bill they stand on is #4801.

I had a visit with Mayor, Wanda Herd on the Smoking Problem in Hospitals. Mrs. Herd indicated that cigarette smoke did not hurt her health and, said, "This is a free country." I agree, but when that freedom abuse's sick, dying people, that is not freedom. The latest Reader's Digest, March 1986, shows cigarette smoking is effecting every human on earth.

The last 40 days and nights in this hospital, my wife and others were dying, I begged Hix and Dr.'s to let up on smoking. Barbour told me he had the habit. They went right on smoking. My wife died April 2, 1983. She could not stand filthy smoke. She was gasping for a clean breath of air. The Mayor asked me why I didn't take her out of this hospital if I didn't like the stinking smoke. Is that what you call a free country! That is your Great Society-Heathenism.

The mayor did agree the smoking should be corrected in the hospital. We know smoking violates the right of the people in this hospital. I agree with you we should look after the young, elderly, sick and dying, and keep this filthy smoke out of their lungs. I also agree we should look for more industry and regroup and unite in the Name of Jesus Christ, the Son of the Living God. Also quit abusing the sick and dying, the crippled, afflicted and the industry we have. I don't believe in monopoly, competition is good for all. We have places here that wanted a clean environment, where you can go in and have the finest food anywhere or shop and not have to put up with filthy smoking and cursing. Some groups, some news media, some individuals, and churches seem to say let's go out to so and so, and leave those other businesses behind that have worked hard to survive. They do have to make a living. How do you expect other businesses to come here? Work is scarce. Why don't we hire local people? No wonder we had a problem in the hospital this week. I don't blame Dr. Raine for not staying. I have talked to people coming out of the hospital this week. These people indicated to me they didn't like the smoking, but were afraid to speak out against smoking because they had some sick in this hospital. Is that what you call a free country? This is the same with some employee's.

I understand there is an epidemic of V.D. and Aids. I have asked the Dept. of Health to have employee's, administrator's, Dr.'s on down the line to show test for Aids and V.D. every so often. Hospitals are way overdue in this, especially in Wheeler.

I believe people should know about problems in the hospitals. We don't have to wait on law #4801 to be revised. If the board don't act, I believe the mayor has a duty to get this problem in order.

I know I am guilty of watching this filthy smoking in the hospital. It does kill! I haven't gone to Taiwan, but I walked the dirt streets, and board sidewalks in Wheeler, barefooted. People had a principle then, why did we lose it? A lot of people have been away for a long time they drifted back to Wheeler County among the finest people on earth. I to have seen the world in my mind and have also listened to the world talk. Taiwan is fighting for it's life the same as our sick and dying in the hospitals and care centers from filthy smoking.

I would be glad to talk to anyone on this problem. We are losing hospitals everywhere due to bad management. I will not recommend this hospital under its present conditions

Ernest Lester

asked for Ida Farmer's address. I wasn't available to the phone at the moment and was to return the call. That given number I tried to call for two or three days, but no answer, not even a ring. So far the benefit of whoever wanted the number here it is: Ida Farmer, 2500 W. Illinois, Trinity Towers Rm. 504, Midland, Texas 79071.

Do hope this reaches the person who wants it. Esther Caswell was very much surprised last week when her daughter, Betty Muse of Clarendon came over to stage a Birthday Party. Nell Sears of Sayre, Okla. visited with her aunt Hestell Killingsworth last week. Nell came by Sweetwater and picked up her dad, Elbert Killingsworth and brought him along. Elbert is the eldest brother of the late Clarence Killingsworth.

Last Thursday Lydia Guthrie made a business trip to Shamrock and while there visited with her dad, Bill and Zenith Lang. That afternoon she drove to a ranch near Canadian where she

visited a few days with her friends Lila Ross and Les Guffey.

Monday Lydia and Steve Guthrie made a business trip to Canadian. Lydia returned to Wheeler with her daughter Rose and family who were on their way to Wichita Falls where they live. Steve remained for the day and was a guest at an evening cook-out at the home of the manager of Pay and Save Grocery.

Joe and Rhonda Guthrie and Melinda Whorton were my dinner guests on Sunday. In the afternoon Joe and Rhonda attended the wedding of Ty Henderson. Later they visited in Shamrock with Joe's grandad, Bill Lang and wife, and with Rhonda's family at Twitty.

There is a difference in fact-finding and fault-finding. The fact finder sees good as freely as evil. But the fault-finder is biased in favor of the faults.
