VOTERS APPROVE CO. WATER DISTRICT

Wheeler and the area continues to remain hot and dry; the temperature reads near or over the 100 mark each day. Wheeler got a show Saturday which was too small to measure, but lowered the temperature a few degrees.

In traveling to Oklahoma City Friday afternoon we had the opportunity to travel in a "rain storm". In returning home in the evening we kept waiting for signs for rain but it appeared to have stopped at Sweetwater. I was told we got the dirt storm which preceded the cloud.

I was disappointed in the

turnout for the election Saturday, but was told it was about average. In countries which have not always been democracies the voter turnout is much better. The C.A. Jones, Jr. family, Bill and Doraeen Owen's daughter and family, visited the past two weeks om Germany; they report a 90% voter turnout for elections in Germany.

Phillip and Ila Miller of Groom stopped by the "Times" Friday morning for a visit. The couple owns and published the Groom News and Claude News. Patricia and I enjoyed the visit.

Our Thanks to Percilla Vermillion of the Shamrock Texas for her help Tuesday evening. She went back to the office and loaned us a bulb for the headline machine; she also gave us instructions on the installation.
