Child Identification

The Alpha Mu Alpha Chapter of Beta Sigma Phi will be sponsoring a Child Identificaion Program at the Wheeler Tchool on Wednesday, Octoto 1:00 p.m.

The purpose of the program will be to fingerprint each child in our community and the surrounding towns. If your child is kidnapped, this fingerprint sheet will help local and area law enforcement athorities to identify your child and help in the location of him or her.

This will be strictly a volunteer program. Each child enrolled in the Wheeler Schools will be given the fingerprint sheet to take home. This must have the parents signature on the back, otherwise, by law, no minor child can be fingerprinted. They must then return it back to their teacher the next day and we as a service organization will do the printing. Then, the child will bring the sheet back home to the

parents. It will then be up to the parents to keep the fingerprint sheet in a safe place in case it is ever needed. A fingerprint file can not be ber 19th, 1983, from 9:00 a.m. maintained by any law enforcement authority for minor

We will also be fingerprinting preschool children at the school from 9:00 a.m. to 1:00 p.m. the same day. We welcome these children also. We will then have other clinics at surrounding towns at later dates in the month.

We do hope that you as parents and grandparents will realize the necessity to protect your children and grandchildren. We never know when a kidnapping will happen in our community, so lets be prepared to assist in everyway to

locate the child or children. If anyone has any questions, they may contact Donna Velasquez at 826-3376, Teresa Rose at 826-3401, or Margaret

Dorman at 826-5544.

MUSTANGS OVERWHELM LEFORS, 63-0 Completely outclassing

the visiting Lefors Pirates, the Wheeler Mustangs won their second district encounter by a conservative 63-0 count at homecoming last Friday night.

About the only way that the Mustangs could have held their margin to less would have been to play every young man out for football, but as the Mustangs JV had played the night before, Coach Preston Smith had only 26 players available for the Pirate game.

Running up a 21-0 score in the first quarter, Smith pulled his starters on offense and they only played the first series of downs in the third quarter the remainder of the game.

Baby Picture Contest Dates

Enter your children, grandchildren, nieces or nephews in the 4th annual Alpha Mu Alpha baby picture contest. Send portrait of child, age 0-5 with child's name, age at time of picture, address and parents' name printed on the back. Entry fee is \$2 and trophy frames will be awarded to the winners in each age

Please send self-addressed stamped envelope for return of the picture.

Mail your entry to Deedy Zybach, Box 213, Briscoe, Tx. 79011; or Carol Porton, Box 651, Wheeler, Tx. 79096; or Kim Goad, Box 255, Wheeler, Tx. 79096. Entry deadline is Nov. 12, 1983.

C. Zybach Is Re-Elected

Clarence Zybach re-elected as Director of subdivision 5 of the Wheeler County Soil and Water Conservation District at the election on October 6, 1983 at Allison. Zybach is the only Director to ever represent that area as he is the original Director to serve that area when the District was formed in 1948. Lavon Williams, District Conservationist for the Wheeler office of the Soil Conservation Service states "The people of the Wheeler County SWCD are fortunate to have such a dedicated individual represent them. Clarence has served them for over 35 years with meritorius service. This must be some kind of record. He has missed no local meeting, has made every statewide meeting and has missed only two regional meetings with one of them being my fault as I had the wrong date down. Farmers and ranchers of the Wheeler County SWCD owe him a considerable amount of thanks", Williams concluded.

Bullock Rep. To Be In Wheeler

A Representative of State Comptroller, Bob Bullock, will be in Wheeler on October 19, 1983 to assist area tax payers and answer tax questions. According to Claudia Stracato, manager of the Comptroller Amarillo Office, J. D. Caproni, enforcement officer, will meet with Wheeler county tax payers in Wheeler at the County Courthouse from 2 to 4 p.m. Questions about taxes, the filing of tax returns or assistance on returns can be answered quickly and efficiently in these face to face meetings, Bullock said. Tax payers who are not able to meet with the comptroller's representative on October 19, 1983 can still get their tax questions answered quickly by calling from anywhere in Texas toll free support it!

CLAUDE MUSTANGS

It was a year ago that the Wheeler Mustangs and the Claude Mustangs fought to a 7-7 stalemate at Claude and this tie proved to be the game that knocked the Wheeler Mustangs out of the state playoffs.

This should be incentive enough for the host Mustangs of Wheeler Friday night when the Mustangs from the high plains come calling for a 7:30 encounter.

Avenging the tie and keeping their district record unblemished should have the Mustangs of Coach Preston Smith ready to play when the officials whistle the start of the game on Nicholson Field.

"Claude has had kind of an up and down year so far but they have a pretty good ball club," Smith said this week. Claude is blessed with great speed in the backfield in running back Richard Ray and quarterback Shawn Farrar who was selected as the Amarillo Globe News player of the week in Class A in Claude's win over the Follett Panthers last Friday night.

In one of the trips to the Bank (not necessarily to make deposits) Tuesday, I met Dorothy Greenhouse on the parking lot. She was back in Wheeler taking care of business; she is looking great and quite spry. She moved to Borger a few years back to live with relatives, due to ill health; they must be taking good care of her.

I had every intention of staying home last weekend, but an invitation received Thursday changed those plans. We received an invitation to the Fiftieth Wedding Anniversary celebration for my uncle and aunt, Mr. and Mrs. Louis Stas of Calumet, Oklahoma. The couple who stood with them at their wedding was present to stand with them at their anniversary.

Co. Spelling **Bee Officials**

The director for Wheeler County's 1984 National Spelling Bee program has been named by the regional sponsors, the Amarillo Globe-News and West Texas State University.

Directing the county program will be Jerrie Moore, County Treasurer, Wheeler. The director will select a place for the contest(s) and name a

Gene Parker, director of placement, WTSU, and bee coordinator for the Amarillo newspaper, has announced the continuation of the educational program for students in the public and parochial schools in the 46-county area which covers four states.

"For a number of years the university in Canyon has strongly supported and believed in this educational program and we take a great deal of pride in helping to recognize the academic accomplishments of the young people who come to us in April as county winners," Parker

"We are delighted to work with all of the school officials in this area who share with us a desire to teach the best understanding of English--not just a memorizing of spelling, but a knowledge of the structure of words and what they mean," he said.

In order to participate in the Bee students must not have passed beyond the eighth grade at the time of their school finals and must not reach their 16th birthday on or before May 27, 1984 (date of the national finals).

The 36th Regional Bee will be held on April 28 in the Mary Moody Northern Hall on the WTSU campus in Canyon. Previously the event was held in Amarillo. All county directors are to

report the names of their champions to the Amarillo Globe-News by April 7. The 1984 district winner will go to Washington, D.C. in late May for the 57th national competition. In 1983 there were 137 finalists from across the country and already the national sponsors, the Scripps-Howard Newspapers, are predicting about 150 area contenders.

Most schools in the program use the booklet, "Words of the Champions", and copies are available from the Amarillo Globe-News for 40 cents each. Address your order to Spelling Bee Editor, Amarillo Globe-News, Box 2091, Amarillo, Texas 79166. The 1984 booklet contains more than 500 word changes.

LEGAL TITLE OF BANK

A Junior Bee for the younger students, grade six and under, will also be conducted in each county. The county junior champs will be special guests of the sponsors in April.

Jeane Bartlett is spelling bee editor for the Amarillo Globe-News.

Still, people move into our town. The most recent ones that I have heard about are Louise and Cleo Gaines. The Gaines have lived on a farm

east of town as long as I can remember. Now that they have retired, they bought a house on Osage Street and have moved into it. Their son Richard and wife Dixie have done a great deal to get the place ready. On last weekend their son James of Amarillo and daughter Sue Perkins from Sunray, came and helped with the actual moving. We welcome the Gaines to town and hope they are happy here.

Pastor Jerry Parker returned Saturday night from Rome, New York, where he had held a revival. He was enthusiastic about the trip, even though he had experienced living through an earthquake, the center of it being only twwenty miles away.

Robert Morgan, his wife Debbie and small child have moved here to be Minister of Youth and Music at the Baptist Church.

Last Sunday Tom McIlhany of Abilene was speaker at the local United Methodist Church. Tom is a home town boy. He and his wife Shannon visited with his parents, Judge and Dorothy McIlhany.

Scott Wright spent the week end with his parents, Jim and Sharon Wright. He was a guest soloist at the Baptist Church Sunday morning. (I'm sure he sang at the Methodist Church also, for he belongs to that congregation). Scott attends Texas Tech, at Lubbock.

Gary Brotherton who attends Hardin-Simmons, at Abilene visited this weekend with his parents, C. B. and Maurine.

On the weekend Lawanda and John Gille of Denver visited with her mother, Hestell Killingsworth.

I did enjoy Georgia Guthrie and Lillie Edmondson so much on Wednesday of last week. As we were filling our plates at lunch time, Lavelle Stevens dropped in. We just moved over, pulled up another chair, and enjoyed visiting with her while we ate. She had to move right on.

Mr. and Mrs. Robert Cosper, parents of Patricia Forrester, came from White Deer on Saturday, to help with the family Garage Sale. Also helping was Janette Cathey, Patricia's sister from White Deer.

On Monday, Patricia and Ed Forrester made a business trip to Borger and to deliver some donations to Girls Town.

Mona Guinn who has spent the summer in Snyder, Okla., with a son Stanley Baker, and in Tennessee with a daughter, Cherry, has gone to Austin to spend some time with a son and his wife.

Southwestern Bell, in accordance with rules and orders of the Public Utility Commission of Texas, hereby gives notice of its intent to re-file evidence and appropriate tariff(s) in support of a request to establish rates for the use of certain complex inside telephone wiring in the amount of \$54.5 million annually. This request was previously a part of the considerations in Docket 5141 and now has been re-docketed as Docket 5420.

Customers who do not own the Complex Inside Wire associated with their Customer Premises Systems (such as PBX and Key Systems), and who utilize Southwestern Bell's wiring after January 1, 1984, could be affected by this request. On January 1, 1984, all of the Customer Premises Systems presently provided by Southwestern Bell Telephone Company will be transferred to a subsidiary of AT&T and that subsidiary of AT&T will be almost exclusively responsible for the charges pursuant to the proposed tariff on January 1, 1984. After January 1, 1984, customers who purchase their Complex Customer Premises Equipment and do not purchase, but continue to use, Southwestern Bell Telephone Company's inside wire will be subject to the charges proposed in the tariff.

The proposed effective date for these new rates is January 1, 1984.

Persons interested in intervening in this matter should file a written motion expeditiously with the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Austin, Texas 78757. as the Hearing on the Merits in Docket 5420 is set for November 21, 1983.

Dear Alexa: DEAR ALEXA:

I have a problem which only your wise teaching can solve. On the 17th of each month, at precisely 11:13 p.m. each time, a huge yellow hound shows up in my front yard. The hound has huge, floppy ears and a white ring around his tail. The hound eats my flowers,

and then begins to bay loudly, sadly, poignantly. I have been unable to scare this giant hound off each time. The worst thing is, while the hound is baying, the moon turns an eerie green, and the weird green light shining in my window keeps me awake all night. I drink nothing before going to bed but good Wheeler tap water, and I smoke nothing at all (I know what you were thinking, you sly old columnist, you!). I have received no help from the authorities, who apparently are able to deal with many problems, but not mysterious giant yellow hounds. I am very sad about losing so many flowers to the appetite of the hound, and I am

Dear Ralph Zimmarbaum:

I'm not here to hurt a person's feelings (there are exceptions) or a person may misinterpret what is being said. Your punctuation is not bad, your story unusual...You say you're from Miami, yet you drink Wheeler tap water every night before going to bed. You mailed this letter the 6th of October from Amarillo. You sure get around, Ralph. I have no wise teaching, I listen, then try to help.

I feel you have the same rights as anyone to have my

Invasion of **Nite Creature**

Hordes of field crickets have invaded parts of Wheeler County, creating a nuisance in some areas and causing minor

Large numbers of crickets usually occur in the fall following prolonged dry weather in the spring and summer, points out Don King, county agent with the Texas Agricultural Extension Service, Texas A & M University System. If temperatures get cooler and rains occur, increased nuisance will occur from massive migration from yards and fields into

homes and other lighted areas. Field crickets can damage ornamental and garden plants. Inside homes and other buildings they become a nuisance and may occasionally feed on fabrics, especially clothing stained with perspiration or

King suggests cleaning yard and garden areas to reduce cricket feeding and breeding sites. This includes destroying weeds and dense vegetation around homes and other buildings and removing piles of bricks, stones, wood and other debris where crickets may hide.

Eliminating outside lights at night also helps keep crickets away from buildings, and making sure that all screens and doors fit tightly will help keep the pests out of the

As far as insecticides are concerned, King advises spraying a band from 5 to 20 feet wide around foundation walls and treating window and door faces, crawl spaces, door thresholds, and around garbage cans and wood piles to keep crickets from moving indoors. Effective insecticides for outdoor use include chlorpyrifos (Dursban), diazinon, malathion, propoxur (Baygon), resmethrin, carbaryl (Sevin) and metaldehyde, the latter two as baits.

Application of insecticides indoors will only be minimumly effective points out King. Residual sprays such as chlorpyrifos, diazinon, propoxur, and resmethrin applied to the baseboards, closets, under stairways, and wherever crickets are hiding may be helpful.

Be sure and use insecticides according to label directions, reminds King.

and Dad's visit is almost over. Our days have been packed We've gone to the museum

in Miami and marveled at the wide range of exhibits, not to mention the spectacular scenery in that area.

We've been to a baby shower in our small community. So many people turned out with clever gifts (many of them handmade) for the glowing mother-to-be--just another example of the Texas brand of caring.

A covey of quail meandered around outside our home. We saw hawks and scissor-tails, horses and longhorns. Late one night, we rushed outside with flashlights and camera to watch Brad and a dedicated Mr. Moffett unloading our first lamb.

Dad is thoroughly enjoying the West. He's even trying to pick up the lingo. On the first day they met, I overheard him telling Mr. Carter about his "spread" in Michigan, all of 15 acres! I'm sure Mr. Carter was impressed! Later in the week, Dad and Mr. Carter drove out to the Carter ranch. They each had a dipper of clear, cold, well water. When he tasted it, Dad said, "No wonder the Indians called this Mobeetie (sweetwater)".

Mom and I tested our skills

in countless games of Scrabble, and began many conversations with, "Whatever happened to ...?". We experimented with new recipes such as Buffalo Chip cookies (gross, but good). We had black-eyed peas (they taste like beans to us). Then there was the day when I was at work and Mom was making spaghetti sauce. While poking around in the refrigerator looking for a green bell pepper, she came across what she thought must be a couple of green chiles. So, she diced them up and put them in the sauce. We are probably one of the few families in the Panhandle to have had okra spaghetti sauce!

Though the time was short, the memories of this visit will linger. Like the day Dad helped the younger boys fly their kite on the baseball field. And the night Mom sat before a strange organ in front of a strange congregation and gamely attempted to bring us

A couple more days and the three of us will be rolling along the highway as I take the folks to the station.

I remember the first night I traveled this road. It was late one evening in July. Everything seemed so dark and desolate and eerie.

Now I step out into the night by choice. I look at the wide starry sky and my heartbeat quickens. I throw back my head and sing out, "The stars at night, are big and bright-pum, pum, pum--deep in the heart of Texas!".

The road is no longer menacing. Instead it's my ally. It moves me along to the work I thrive on. Too, when Friday comes and I've said goodbye to Mom and Dad, that same road will carry me back. Back to a comfortable place to live, back to a caring community, back to the people I'm close to.
