Serving the association for the next two years will be Danny Dorman, president; Jim Hill, vice-president; Bobby Ware, program chairman; Ida Goad, publicity chairman, and Peggy Ford, secretary; the mailing committee will consist of Brenda Mitchell, Fliptian Patterson and Donna Velasquez.

A committee was appointed to work on the annual scholarship fund. A tax exempt corporation will be organized for the purpose of allowing ex-students of teachers to make donations to the fund. The scholarship will be awarded "one year at a time" with the recipient eligible to apply each year for renewal. The group requested the present of the scholarship recipient at the reunion, if possible. Vic Bradford received a four year scholarship in 1981 and will be a junior at Texas Tech University this fall; the change in the awarding of the scholarship will be made with the awarding of the scholarship in 1985.

The dues for the June 8, 1985 gathering will be \$10. A noon meal will be served instead of the evening meal.

The books printed for each reunion require a lot of time and work on the part of the mailing committee; please help by notifying the association at P.O. Box 247 if you move before the next reunion.

Water District Board Takes Oath

The Temporary Board of Directors for the Wheeler County Supply District met Monday afternoon for "swearing in" and organization. The group gathered at the Commissioner's Court to receive the "Oath of Office." They then adjourned to a room in the courthouse for the purpose of organizing and receiving a briefing on the organization of the district and the Sweetwater Creek Project.

The first order of business for the men was the electing of officers. A temporary chairman was appointed by the group; Pete Burton was selected to fill this post and was then elected as president of the board. Melvin May was voted as vice-president. Woodrow Sims will serve as

secretary-treasurer. According to SB 436 a temporary board of directors will be appointed to the Wheeler County Water Supply District. The county commissioners will appoint two men from the county-at-large; Wheeler, Mobeetie and Shamrock will each appoint one man to the board. Appointed by the country were Dan Macina and M. Kent Sims. Wheeler, Mobeetie and Shamrock appointed Pete Burton, Melvin May and Woodrow Sims, respectively.

Fred Parkey with the Red River Authority in Wichita Falls brought men "up to date" on the Sweetwater Creek Project. The Sweetwater Creek Project is part of the State of Texas Water planone of the few in the Panhandle. First studied as a water source for Wheeler and Shamrock in 1962 at a projected cost of 41/2-5 million. The dispute over the rights to the water between Texas and Sklahoma took 25 years. Texas Oklahoma and Louisiana reached an agreement; it was igned by the governors of each of the three states and President of the United States -Texas may retain 60% of the originating in Texas and flowing into Oklahoma. (The proposed dam is located as to leave 40% of the drainage area of Sweetwater Creek to furnish the water for Oklahoma.) With the signing of the compact, the elevation of construction costs haulted further progress of the project. With the predicted depletion

As a comparison, the state purchased 40% of Greenbelt lake and held it for storage; as the need for water increased, the storage was purchased by Greenbelt and the lake authority now owns the entire lake. This storage is available for purchase by other water users or the water

Hello Reading Rodeo Fans. We have had another rootin'tootin', action packed week of fun and 37 wild ones showed up to prove it. Book reviews with props were presented by four of Mrs. Rene' Baize's third grade class; namely, Rebecca Hogue, Mique Snelgrooes, Stephanie Dollar, and Mechelle Coates. Mrs. Baize showed the group how to make the clay and demonstrated a variety of ways to use it. She also showed us how to make Indian jewelry and the children went home with a necklace. Refreshments were served and Louis Stas came and took pictures for the paper. Clown pictures were again taken this week for those that did not attend last week. Pictures can been see on the north wall in the library.

It's good to be home after our lovely two week vacation to the coast at the southern tip of Texas. On South Padre Island, the weather was beautiful, and the fish cooperated very nicely. There was a large number of family and friends that met on the island, which has become very commercialized with many tall condominiums and motels. We stayed on the bay side where we could dock the boats. We enjoyed going to the surf side, swimming in the ocean, and picking up sea shells along the beach.

Those at South Padre Island were Clifton and Louise Boydsten, Mr. and Mrs. W.H. Boydston, Mr. and Mrs. Eddy Walker and family, Lisa Craig and Kim Boydston, Neal and Sarita, Virgil and Jean Stinnett came from Dumas, Texas and Charles and Geraldine Townslev flew from Bartlesville, Okla.

Then Keith and Ann Boydston and Natalie along with Pete, Becky, Jeanie and Linda Gilmer came. Over the Memorial Day weekend, Linda's friend, Julie flew from Denton, Tex., to South Padre Island. Eddy, Wanda and family

came back through Richmond, near Houston to visit James and Sandra White and family.

Bruce and Pearl Harrison and Vivian Wallace have returned from a 20 days tour in Europe. They spent one week with Vivians daughter and family, near Oxford, England, where Steve is working for the U.S. State Dept. They viewed Bleinheim Castle, the birthplace of Winston Churchill and also enjoyed seeing the many sights of Oxford. Much rain makes beautiful fields and flowers, also makes nice looking cows and sheep. Another day seeing Shakespears birthplace at Stratford-upon-Avon and Worcestor the factory of the famous fine bone china also the Edinburgh Woolen Mill to purchase nice sweaters and etc. Can you imagine \$3.94 for gallon gas?

In London the Big Ben Clock and parliment buildings stand tall and the changing of the guards at Buckingham Palace was cancelled because of too much rain, of course they usually have some rain every day! The large wax museum took some time but very nice. Madame Tussauds Famous Figures.

in other tongues. There are many benefits to this type of praying. People who have not received Jesus into their heart, need to do so. That's being born again. But, people who are already born again need to receive the Baptism of the Holy Spirit. Folks who have received the Holy Spirit have an ability to speak in tongues they have not learned and do not understand. It sounds crazy to many people, but it is one of the most powerful things that God ever made available to man. The first benefit of praying in tongues is that it is a physical sign that a person has been filled with the Holy Spirit. In Acts 2:4, as soon as they received the infilling of the Holy Spirit, they began to speak in tongues they did not know. But it was from the Holy Spirit. Acts 2:11 says that these tongues were speaking of the wonderful works of God. It does not say they were for the preaching of the gospel to get the church started. Nobody

All believers in Jesus Christ should pray was saved that day until Peter began to preach in a language that most there could understand. Tongues are not for preaching, but they are for praising God for His wonderful works. In Acts 10:44-48 and in Acts 19:1-6, the Bible records 2 more instances when people spoke in tongues upon receiving the Holy Spirit. Acts 10:46 says that they spoke in tongues and magnified God. The speaking in tongues was the thing that convinced Peter that these folks had received the Holy Spirit. In summary, the Bible associates one of the functions of tongues as being a sign that a person has been filled with the Holy Spirit. Then, a second benefit brought out in these same scriptures is that speaking in tongues magnifies God and His wonderful works. The Word tells to magnify God and speak of His works. So, here are 2 good reasons for speaking in tongues.

Henry and Rita May Walker came up from Atoka. Rita eyed on a week to visit with Mr. and Mrs. Elec Atchley, the James Keathleys, Y.C. an Donaleta Fuchs.

Funeral services were Wednesday for Laura Criswell of Savre. She and Bud were our . neighbors when we lived at Bulo.

Mr. and Mrs. Leo Keathley visited Saturday night in Sayre th Mr. and Mrs. Bowie Allen. Sunday dinner guests of the Keathleys were Misti and Tammi.

We visited the Hubert Mc-Mullans today and the Johnny Reeds last Saturday. Nettie is getting around a little. Johnny can still fiddle.

Talked to David. They had been out picking strawberries. Had got a lot. Each summer everyone gets to go on a little trip, camp, or something. His group is making a short trip to Nashville. they are really

Mr. and Mrs. O.K. Henson have been to Tulia where they attended the wedding of Elma's granddaughter Melaynee Lathem and Kim Broadstreet. Kim is the youth minister of the Baptist Church there. He was at Borger prior to this.

Mr. and Mrs. Greg Henson, Jeromy and Kristina went too and they were met by the John Rosses for a reunion. Greg and family, Ashely Ross, O.K. and Fina went over to Clovis to see O.K.'s sister Lucille Dooty.

Had quite a few local folks on TV. Darrell Mackey, Artie Puckett, Herman Seymour, Otis Sanders, Leon Crook, Don and Roberta Smith.

The Smiths did it the hard way. Their big elevator gave a sigh and split into two pieces. too much wet corn.

Oh yes, Alvin Crow and his Pleasant Valley Boys were on Ch. 25. He used to head the Austin City Limits. Is the nephew of Junior and Alton Tignor.

Home from the hospital are Bessie Barker, Kenneth Rutherford. Bill Meredith has been taken to the Veterans at OKC. Monroe Webster is at Hollis.

Mrs. Dollie Copenhavor, Mr. and Mrs. Kent Copenhavor all of Brownsville have been visiting relatives. Had dinner Monday with Clella Myers, Alma, and Carlos. Had a lot of requests for my

beet relish recipe. Here goes to the best of my knowledge. (I cak by guess and by golly). Joe said I needed to make a new batch and see what I put in. One quart chopped beets, one qt. chopped cabbage, one cup chopped onion, two sweet peppers-chopped. Mix, add one tsp. cinnamon, 1/4 tsp. dry mustard, good pinch garlic powder, 1 cup sugar, one and cups of vinegar, 1/2 cup water. Simmer 15 minutes. I left out one tablespoon salt. I used open kettle but new rules say process 5 minutes in boiling water bath. Clear as mud!

I was looking so wishful at the watermelons that Joe put one in the basket. Now that was true love since he told the clerk, he felt like he had thrown \$5 down a rat hole.

There was a little boy standing around looking as hungry as me. His mother refused to buy him a melon. "They were too expensive besides she was raising him one."

"But mother, it is taking you so long," he cried.

CLASS OF 1953

The Class of 1953 met for the Ex-Students Reunion in the home of the class President, Mrs. Melvin May, Mobeetie, Texas, Saturday June 11, 1983.

This was the first meeting with most of the members of the class in attendance and they observed their 30th year as graduates of Wheeler High

Memories were recalled as one class member, Patricia (Hubbard) Marcum, passed around an old "Autograph" book signed by the class members while in the fourth

through seventh grades. Pictures of the class during school days were viewed and then Jr. and Sr. Trip pictures were seen. The class had gone to Palo Duro Canyon as Juniors and Eurika Springs, Arkansas, for the Senior Trip.

Out of the fifteen graduates, one is deceased and was

missed at this gathering. Those in attendance were: LaJaune (Mann) Alexander, Betty Lou (Kidwell) Kreyling, Wheeler. Betty Jo (Taylor) Williams, Patricia (Hubbard) Marcum, Pampa. Molly (Berry) Epps, Borger. Waunetta (Burgess) Whittenburg, Shawnee, Okla. Glen Farmer and wife Janet, Midland. Buddy Toon and wife June, Penscola, Florida. Other guest included LaVeta (Moore) Williams, Lynchburg, Va., Bobby Moore, Amarillo and Patsy (Burgess) Carlton, Shamrock, and the hostess Helen (John-

son) May, Mobeetie. A time of refreshments prepared by LaJaune Alexander and the hostess Helen May, was enjoyed before everyone had to go their separate ways again.

CLASS OF 1958

FREEZING FRUITS AND

VEGETABLES AT HOME Frozen fruits and vegetables spice year-round menus with garden-fresh flavor. But the nutritive value and quality of these fruits and vegetables depend largely on the treatment before freezing, storage temperature and method of cooking and serving.

Most fruits can be frozen satisfactorily.

Select sound, ripe fruit which is slightly riper than for canning but not soft or mushy. Tree or vine ripened fruits contain more vitamins and a richer flavor than fruits picked green and allowed to ripen before freezing.

In general, fruit is prepared for freezing as for eating.

Keep fruit cool until it is frozen. Wash it in cold water but do not allow it to stand in the water. Some fruit loses food value and flavor and some gets water soaked.

Some fruits, such as peaches, apricots, apples and pears, discolor easily.

Ascorbic acid (vitamin C) is available in tablet, crystalline or powdered form. Use 1/2 teaspoon of this per quart of syrup to prevent this discoloration.

If you don't want to pack the fruit in syrup, spinkle dissolved ascorbic acid over fruit just before adding sugar. Use 1/2 teaspoon in 1/2 cup cold water to each quart of fruit. Some special commercial

antidarkening preparation of ascorbic acid are now on the market. These materials can be

found at drug stores or where other freezing supplies are sold.

Most fruits have better texture and flavor if packed in sugar or syrup. Some maybe packed without sweetening for use in special diets.

The way you plan to use the fruit determines the method of packing it. Fruit packed in a syrup generally is better for dessert use; fruit packed in dry sugar or unsweetened is better for most cooking because there is less liquid in the products.

Quickly getting vegetables from the garden to the freezer is a must for top-quality frozen vegetables. During hot weather, harvest vegetables in the early morning before they absorb much heat.

Vegetables at optiumum maturity will have best flavor and texture.

If you must store vegetables before freezing, spread them out loosely in a cool, wellventilated place or pack them loosely in the regrigerator. Prepare vegetables for

freezing similar to cooking them. Wash thoroughly in cold water, drain and sort, peel, trim and cut.

Heat vegetables in boiling water before freezing. Use one gallon of boiling water to each pound of vegetables. The angth of heating time varies

with the vegetable. This kills enzyme action in the product. The enzymes

flavors and often discolor or

toughen during freezing. · Place the scalded vegetables immediately into running cold or ice water. When the product is cool to the tongue when tested, it is cool enough to help the plants grow and

mature but if not deactivated,

the vegetables will develop off

NOTICE TO TAXPAYERS June 23, 1983, 9:00 A.M.

the Wheeler County Appraisal District Board of Review will meet at the Commissioner's Court Room at the Wheeler County Courthouse for the purpose of hearing protests on mineral valuation for 1983.

On June 3rd, Pritchard & Abbott, the Valuation Consultants under contract with the District for mineral appraisals, mailed 20-day notices of appraised value to mineral owners of the District if their valuation had increased more than \$1000 over the valuation for 1982, and to those who have property placed on the appraisal roll for the first time.

Only mineral valuation protests will be heard on this date. The Board of Review will meet on real estate valuations later. Notices will be sent. Marilyn Copeland

I shall name the Yucca (haregrass) as the flower of the week. I had a chance to drive to Pampa this week and sure enough the baregrass is in full bloom. There is always a good display of it on the hillsides west of Mobeetie. In fact, there is a hill over there somewhere that I've always called Baregrass Hill. There is also a bit of this sturdy plant to e seen in the yards of Wheeler. I note some husky ones at Esther Sorensons.

Due to the Ex-Students coming to town, a lot of people had over-the-weekend-company. I can't begin to tell you about all. But everybody seemed to be having such a

The Briscoe Extension Homemakers Club met June 7, 1983 in the home of Emma Rogers, who was the hostess for a salad luncheon at 12:00 noon. Each of us brought a salad and put it all together. Mary Margaret Dodd made hot rolls. They sure were good as well as all the different salads. Emma fixed angel food cake and strawberries for dessert. Everything was just super good. We had lots of

fellowship. Mrs. Cleta Hoobler gave us an excellent book review on "I Shoulda Seen It Coming When The Rabbit Died" by Tresa Bloomingdale. If you haven't read this book, it is sure a good one to read. All of this was enjoyed by Mary Margaret Dodd, Essie Finsterwald. Edwy Jackson, Evelyn Meek, Martha Meek, Effie Renfro, Emma Rogers, Nancy Rogers, Irene Zybach and three guest Mrs. Willa Spurell, Cleta Hoobler and Agent Linda Daughtry. This will be our last meeting until sometime in August we will have an ice

cream supper then. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic 83-84 will be eligible to attend. levels, race, color, sex, It will be limited to the first religion or national origin.

Old Mobeetie Association

The Old Mobeetie Association met the 9th of June, 1983 at 7:00 P.M. in the First State Bank of Mobeetie Hospitality room for the regular monthly meeting for the museum. A welcome was expressed by President, Sallie Harris for all those present, and the first part of the meeting was turned over to Dave La Caze of Amarillo, who is Blue Grass Music Festival Chairman. As the Festival will begin at the museum grounds the 22nd of July and run through 23 and 24th, a three day entertainment affair.

food service concession, Mrs. Morris, were present with their plans and questions to main question was how to get the concession workers passes into the grounds for their hours of serving and passes, and the next shift in and out admission when not working. Plans for campers chairmen, Bob Galmor and Jap Bailey were worked out as the rule first served to hook up to the 18 electric and water supply stations. Cost is \$8.00 per day for hookups. The electrician was at the museum Thursday to find how to increase the power for the hookups. Sallie Harris had accompanied him and showed him the box to add 30 amp instead of 20 amp to the box for the camper hookup system. Mr. La Caze was informed that we had red ant killer ready to be used as the grounds are being made to finish connecting the sewer

system to the camping area by July. Dave LaCaze stated some of their men would also be down ahead of the time to help mow and do any other jobs that need to be done. Austin Caldwell reported he was getting the stage in good condition for the musicians. Dave and his brother Chris
