EX-STUDENTS, TEACHERS WILL GATHER

CHAT WITH THE EDITOR

To all of the Ex-Students and Teachers, may I extend to you a "Welcome Home!" We hope your return visit is enjoyable. You will find many improvements since you last visited; the town has grown in size, both residential and business.

Many activities are planned for you. A number of local Ex-Students have planned class reunions in their homes. Those classmates whom you see all the time don't seem to age, but the age shows on those whom you have not had the opportunity to see.

We have been in the middle of a heat wave in Wheeler, but we are promised cooler temperatures for the next few days. The sign at the bank read 108 degrees Tuesday afternoon; this was the second day for over 100 degrees. A cool 94 is predicted for Wednesday through Friday.

Donald Rives is in Waco and called back Tuesday complaining about the heat. It was just 98 there. Larry Rives also finds our heat hard to take after being in Waco for the past three years.

We had stormy weather a week ago Monday, June 1. The sirens were sounded in Shamrock and Wheeler for citizens to take shelter as a cloud was approaching from the southeast. The collar cloud reached Highway 152 (east of Wheeler) to Shamrock. None of the "tails" dropped to the ground and the cloud passed without damage in our immediate area.

A funnel cloud was produced Tuesday afternoon and was observed between Shamrock and Allenreed. This cloud was reported to the Wheeler Sheriff's Department by a traveler on Highway 83. May I say, "Thank You" to the Firemen for donating your time to watch the clouds.

J. B. Christner On Dean's List

Jeffrey Blaine Christner was named to the Dean's List for the Spring Semester, at Southwest Texas State University. He had a grade point of 4.0, for 15 semester hours of work.

Jeffrey is a Business major and will transfer to the University of Texas this fall to study Petroleum Land Management. He is the son of Mac and Mary K. Christner of Wheeler.

New Arrival

Elizabeth and Robert Stiles are pleased to announce the arrival of their new sister, Rachel Anne, who was born May 21, 1981, at Highland General Hospital in Pampa. Rachel, who is the daughter of Bob and Sue Stiles of Wheeler, weighed 8 pounds 8 ounces and measured 21 1/2 inches in height. Grandparents are Mr. and Mrs. Paul Topper and Mr. Gordon Stiles, all of Wheeler. Great Grandparents are Mr. and Mrs. Cecil Richerson of Wheeler.

Association will hold a reunion on June 13 at the Wheeler School. Classes being recognized this year are 1924, 1934, 1944, 1954, 1964 and 1974. Open House will be at Reba Wofford's for 1924-25,

Address Change Is Necessary

"Americans are receiving more mail — important mail — than at any time in postal history," says Wheeler Postmaster, Marvin Walker. "Yet, when it comes time to call the movers, one of the most overlooked of all procedures is notifying the proper parties of the change of address. In addition to the personal expense and inconvenience to the homeowner and mailers, undeliverable-addressed mail has become one of the hidden costs of mailing."

Postmaster Walker says the Postal Service spends about \$550 million a year to handle an estimated 4.5 billion pieces of mail that is undeliverable. "This is expense that ultimately ends up within the price of postage stamps, and worse, it is unnecessary. Change of address is a simple matter today."

The Postal Service has been urging its customers to inform all correspondents promptly of address changes at least 30 days before a scheduled move. With an assist from moving companies, real estate agents and others, the Postal Service distributes from ten to 16 million change of address kits every year to make it easier to notify correspondents and publishers.

"The primary strength of this program is that everyone benefits from it," says Postmaster Walker. "The family that is moving benefits because their mail continues to arrive promptly, stores and other business correspondents can avoid billing problems, and the Postal Service is able to process the mail more efficiently and at less cost."

Postmaster Walker says the Postal Service is now launching a new effort to get change of address kits into circulation. A direct mail campaign is asking commercial organizations such as truck rental firms, moving companies and real estate firms and others who deal with people on the move, to help distribute the Postal Service's handy Change of Address kit.

The kit contains convenient cards for notifying the postmaster, publishers, businesses, doctors, state and local agencies and utilities. The kit also includes a checklist of groups and individuals to be contacted prior to a move.

The direct mailing campaign to commercial organizations includes a two-part reply card which firms can use to order supplies of the kits from their local post office.

"We know that peak moving dates fall between June and August, and as we approach this season, it is important for anyone planning to move to use one of the kits. All they have to do is ask for one, either from one of the participating service companies or at the post office," Postmaster Walker says.

"We are all aware of the need to economize and seek more efficient ways to use our resources," Marvin Walker says. "Well, here's a place where the effort can start at home. The movers can help themselves, their correspondents and the Postal Service save more than \$550 million a year that we simply don't have to waste."

Ida Mae Goad's for 1942-43-44 Jewell Moore's for 1954, Gwen Cornett's for 1964, Brenda Mitchell's for 1971 and City Park for 1974. All Open House will be on Friday, June 12.

Saturday's events get under way with registration and visitation from 10:00 a.m. to 12:00 p.m. The program begins at 1:30 with a business meeting following. A catered Barbeque, by Dyer's of Pampa will be at 6:00 p.m. The cost per plate will be \$4.50. Baby sitters are going to be provided at the school for your convenience. A dance is on the agenda for Saturday night at the Rock-in-B Country Club 2 miles South of Wheeler from 9:00 p.m. to 1:00 a.m.

Wheeler Ex-students and Ex-teachers plan to be present and counted for on June 13.

Services Held For Here and There Mrs. Kitty Ware

By Laura Guthrie
With this wonderfully cool breeze from the northeast this morning we wonder how the temperature could have stood at 108 degrees yesterday. But that is the way with this wonderful world of ours. Not man's making at all. Who could not recognize a Super Power?

We are so glad to learn that Mrs. McIlhany, who has been in an Amarillo hospital for so long is back in our local hospital. She sends me word that she wants to tell me about her operation. Great. You see Mrs. M. and I suffer from the same malady at times. We both are bothered with tic del aous. (That might be the way to spell it.) At least we did. She has had some facial surgery that we hope will give her relief for all time. I certainly hope so. When this particular pain strikes, it's like a bolt of lightning has struck. My case has not reached the proportions that my friend's did, so maybe in time I may profit by her experience.

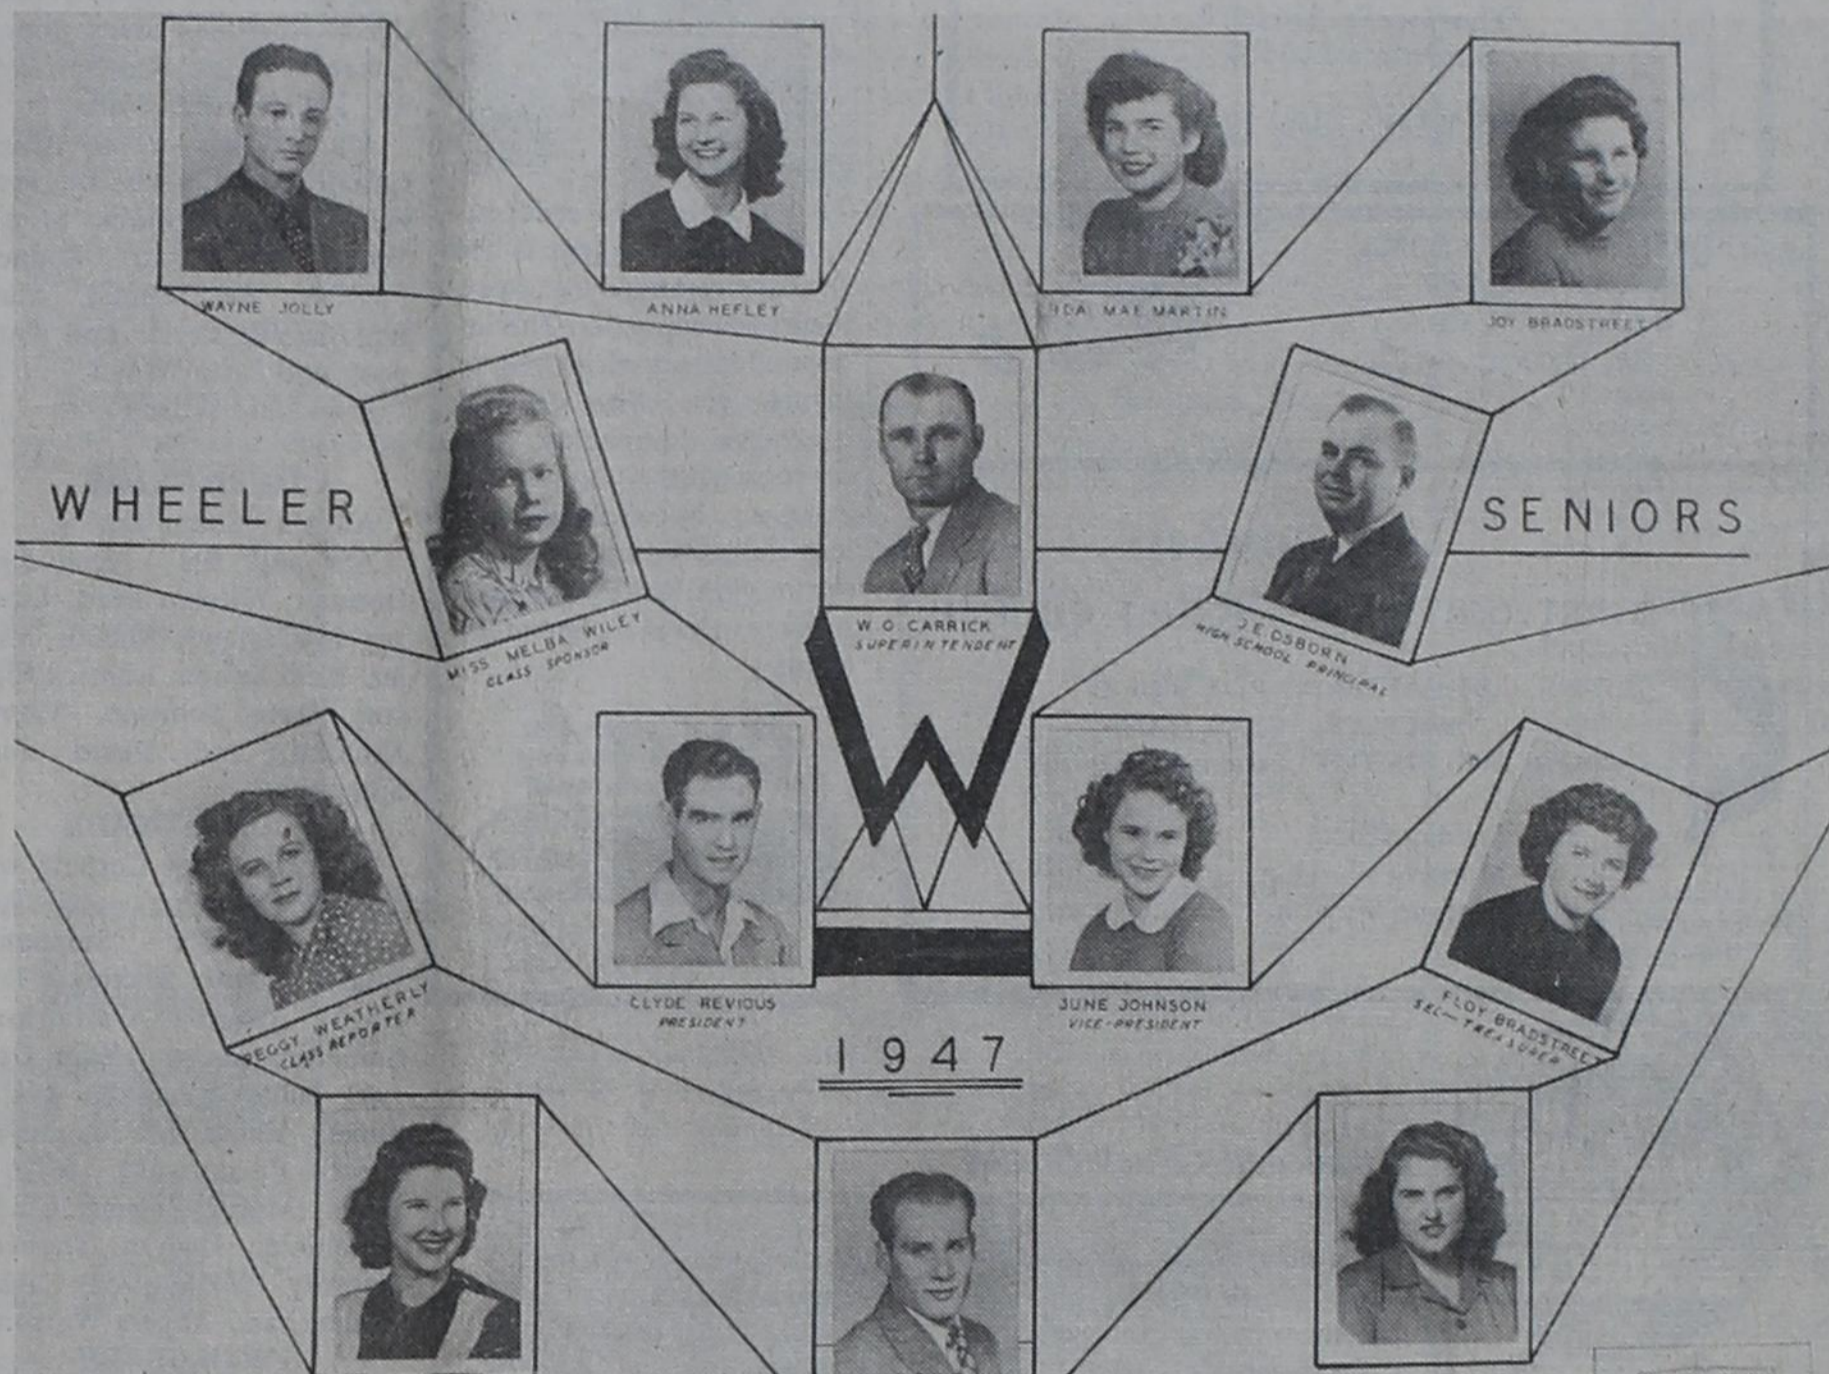

I attended a lovely bridal shower for Jennie Britt yesterday. Roberta Ware, along with several other friends hosted the party. Jennie and Louis Britt have recently set up housekeeping on the Britt Ranch. Jennie's mother from Washington D.C. was a guest. Hope she is favorably impressed with this part of Texas.

Lillian Gressett of Canyon visited with her sister, Mary Finsterwald last Thursday. With her was her daughter Mrs. Bobby Horn of the Briscoe Community.

Elva Wood is home after spending about three weeks with relatives in Henderson, Texas. Haven't talked with Elva but I know she had a great time. She has other plans for vacationing this summer. She's not letting the grass grow under feet. Good for her!

Melinda and Steve are with me this week. Lydia brought them Saturday. She spent the night and proceeded to Amarillo where she is with Joe in St. Anthony's, for oral surgery. Joe had spent a day or two with his brother, Bobby Guthrie, before entering the hospital.

The Bluebonnet seed-pods are popping. If you are going to ask your neighbor for a few to start your plot, you had better be at it.

Services Held For Here and There Mrs. Kitty Ware

Funeral services for Mrs. Kitty Lee Ware, 80, who died Friday, May 28 were conducted at 4 p.m. Monday, June 1, from Trinity United Methodist Church with the Rev. Bob Sawyer officiating. Interment will be in Lawn Haven Memorial Gardens under the direction of Steed-Todd Funeral Home.

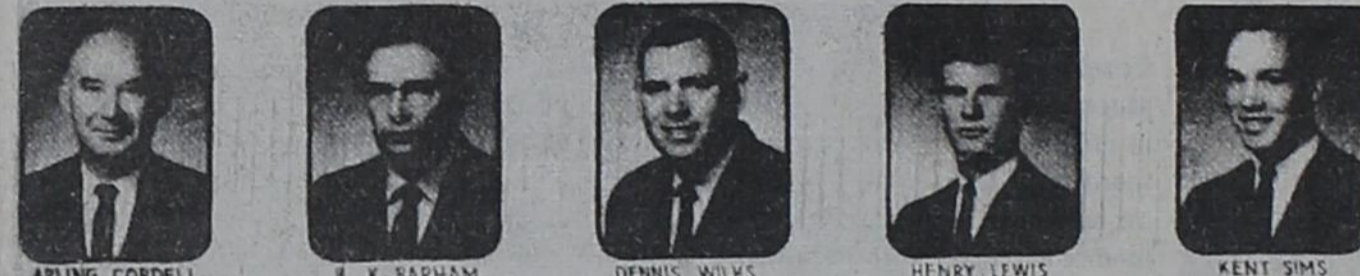

Mrs. Ware was born Sept. 14, 1900 in Dallas County, Texas. She was married to G. C. Ware on June 25, 1924 in Wheeler, Texas. She was a graduate of West Texas State University and taught school in Mobeetie, Texas. She and her husband came to Clovis in 1940 and have farmed here since that time. She was a member of Trinity United Methodist Church and Past Worthy Matron of Eastern Star.

Survivors include her husband G. C. Ware of the home; three sons, Don Ware of Clovis, Ray Ware of Pentyon, Calif. and Joel Ware of Fort Sumner; three sisters, Pearl Morris and Jewel Holdt both of Borger, Texas and Orville Greenhouse of Mobeetie, Texas; 11 grandchildren and one great-grandchild. She was preceded in death by one son, Harold in 1952.

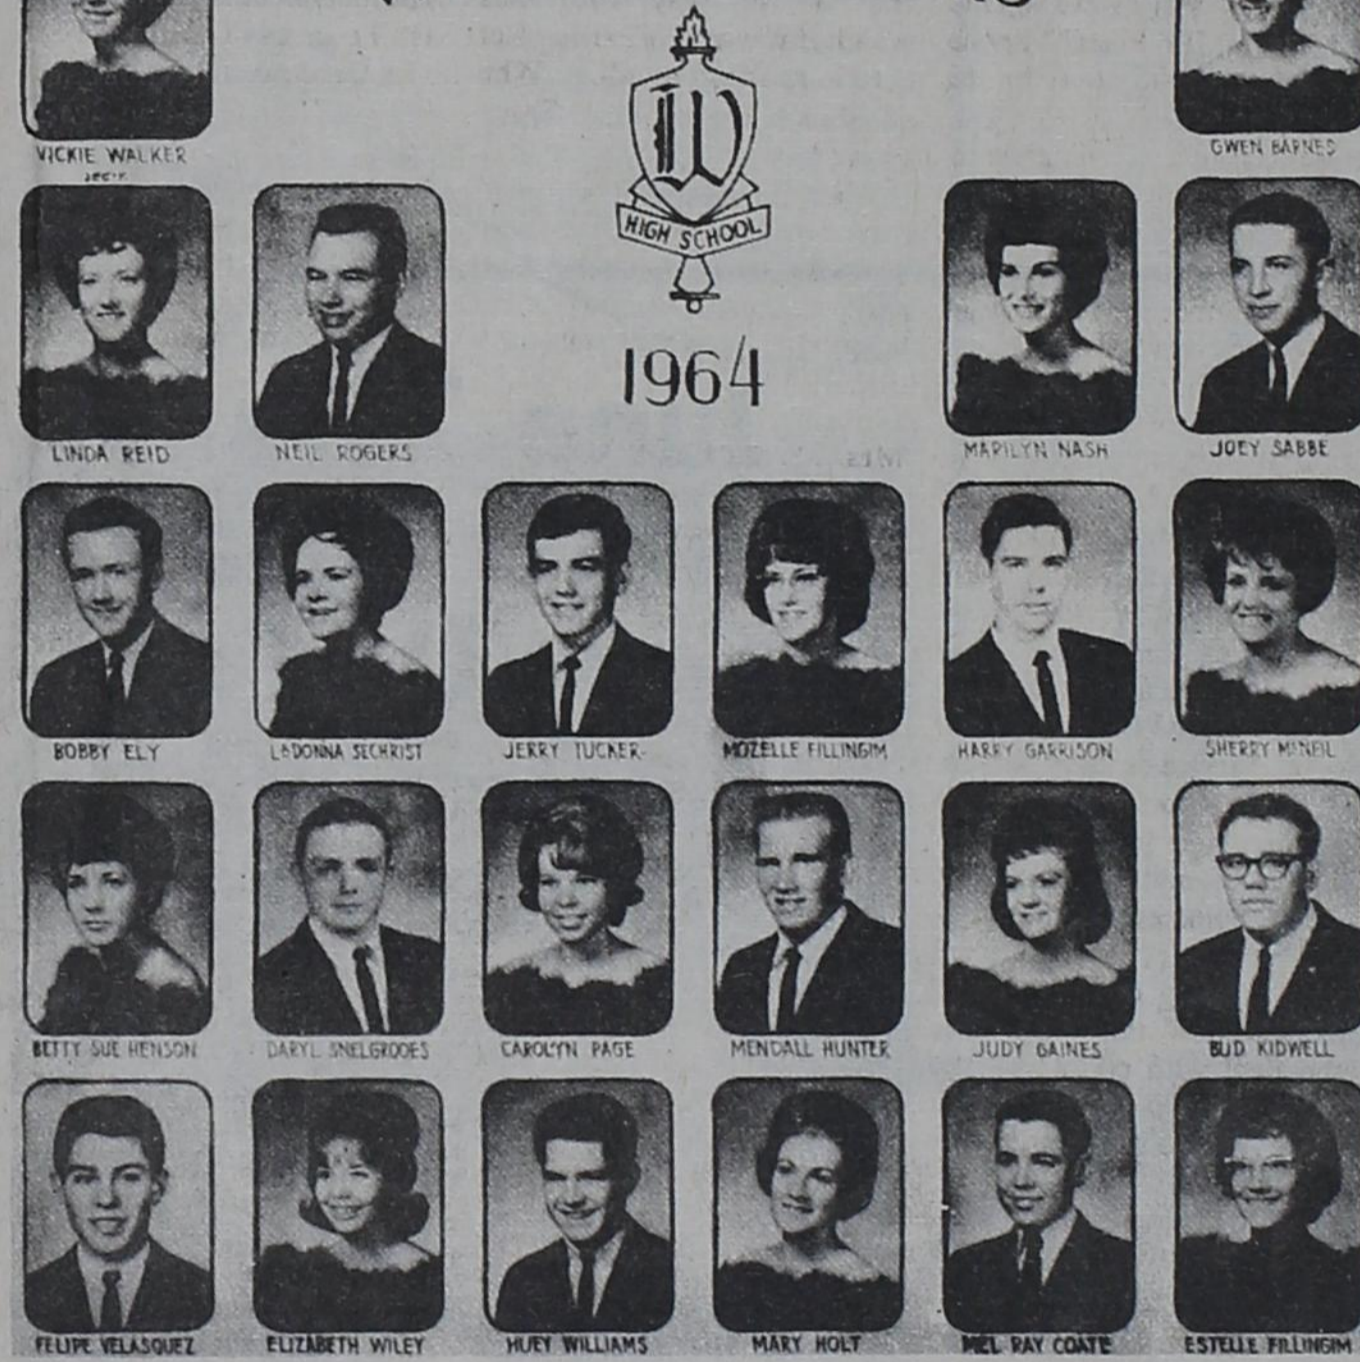

Pallbearers were grandsons, Randy Ware, Kent Ware, Stan Ware, Coy Ware, Kenneth Nutt and John Ware. Honorary bearers were all friends.

WEDDING ANNOUNCEMENT
The parents of Davy Snapp and Nancy Bradstreet are proud to announce their marriage on June 5th in the home of Mr. and Mrs. David Snapp.

OPEN HOUSE

Class of 1934
Open house will be held at the home of Willie Mae Stevens, 511 Sweetwater, for the class of 1934 and any others who would care to come. We will have a covered dish dinner in the late afternoon and do a lot of visiting. Also, the Earl Farris' will host a sandwich luncheon on Saturday, June 13, at noon, for this group.

CLASSES OF '42-'48

The Wheeler High Classes of 1942 through 1948 are invited to open house in the home of W.A. (Dub) and Ida Mae (Martin) Goad Friday night, June 12th. They live at 106 N. Canadian Street. It has been 25 years since the class of 1947 have tried to all get together and they are planning a class reunion for this time also.

Members of the 1947 graduating class are Wayne Jolly, Amarillo; Anna V. Hefley (Mrs. J. H. Kelly), Waco; Ida Mae Martin (Mrs. W. A. (Dub) Goad), Wheeler; Joy Bradstreet (Mrs. Stinson Garrison), Borger; Peggy Weatherly (wife of the late Roy Ford), Wheeler; Clyde Revious, Amarillo, June Johnson (Mrs. J. C. Tipton), Norway; Floy Bradstreet (Mrs. Don Larkin), Montabala; Nell Garner (Mrs. Roy Bradstreet), Wheeler; Glen Robertson, Bay City; Vondell Starkey (Mrs. Carroll Killingsworth), Canyon and Richard Jackson of Houston. Miss Melba Wiley (Mrs. Jim Montgomery) sponsor, lives in Wheeler and Mr. J. E. Osborn, sponsor, lives in Sunray. W. O. Carrick, Superintendent, is retired and lives in El Paso. All except June Johnson Tipton live in Texas.

Teachers of this class and classmates of this group who left it prior to graduation are also invited to the reunion.

1953 Class
There will be a get-together for the class of 1953 at LaJaune (Mann) Alexander home. The gathering will be held after the business meeting until the B.B.Q. on Saturday, June 14.

The Alexander residence is the last street in the Vise addition; 1st house on right going north, it faces west, tan brick with brown trim, split rail fence around front yard. All ex-teachers of this class are invited also.

Howard Graduates

On May 1, 1981, Kelly Howard graduated from Frank Phillips College. He is a math major and will attend West Texas State University in the fall.

Kelly has again been named on the dean's Honor Roll. He had a grade point average of 3.81 while taking 16 hours. To be named on the Dean's Honor Roll one must have a 3.0 or above grade point average and pass a minimum of 12 hours.

Kelly has received a scholarship from the Carl B. and Florence E. King Foundation for the past two years. This scholarship is one of the Texas University Interscholastic League Foundation Awards available to students whom compete in the State academic contests.

Dennis Howard was also listed on the Dean's Honor Roll at Frank Phillips College for the Spring Semester '81. He had a 3.06 grade point average while taking 17 hours. Dennis has enrolled for the Fall '81 semester at Frank Phillips.

Kelly and Dennis are the sons of Mr. and Mrs. W. F. Howard Jr. of Mobeetie.

Lines from Linda

Linda Daughtry, CEA (Home Economics)

Employed mothers, there's new "hope" for success in both of your "jobs" -- at home and at work.

Home economics research is finding no basic difference between children of employed mothers and those who remain in the home. However, studies show that employed moms' guilt and worry can affect the children.

Guilt and worry about working outside the home tends to interfere with or makes times mother and child spend together less enjoyable, the research indicates.

AGENDA FOR 'HOPE'

Here are some suggestions to enhance parenting skills for mothers who work outside the home:

1) Choose what is most important:

You are managing two jobs, so realize you won't be able to do everything. Don't increase stress by worrying or feeling guilty about things you cannot do. Accept your limitations and help your family to accept them.

2) Take care of yourself.

Your own sense of well-being is tremendously important. When you are frazzled, go to a quiet place to relax. Schedule a regular night a week all for yourself.

3) Link work and parenthood.

Talk to your child about your job. Invite him to visit you at work, and help him to get to know your co-workers. Perhaps most important, look for ways your child can help you in your job. As he learns about and participates in your work life, he is preparing for his own working years.

Research findings say several things about working moms and their children.

If you're an employed mother, you're part of a large and growing number, researchers report. Almost

half of all mothers in the United States with school-age children are employed full-time outside of the home.

Here's what the studies indicate about the children of employed mothers:

By itself, a mother's full-time employment is not likely to harm her child.

There are few, if any, consistent differences between children of mothers who are in the home full-time and those who work outside the home

full-time.

There is virtually no difference in school achievement and social adjustment between children of mothers who work outside the home and children of mothers who work at home.

Children of mothers who work outside the home have as much personal attachment to

their mothers as do children of mothers who remain at home full-time.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

WTSU Orientation Session Dates

Students who plan to enter West Texas State University in the fall semester as beginning freshmen will have several opportunities during the summer months to participate in orientation sessions and to take college entrance examination.

Five orientation sessions for beginning freshman students have been scheduled at the WTSU Activities Center. The sessions, which will begin at 8 a.m., will be on Friday, June 12; Friday, June 19; Friday, June 26; Friday, July 3; and Monday, July 27.

During the sessions, students will become familiar

with the student life office, University Counseling and Testing Center, financial aid, registrar's office, the placement service and other aspects of university life.

Students also will receive academic advisement and plan schedules for the fall semester. The pre-enrollment process will eliminate beginning freshman students from participating in registration.

College-Level Examination Program examinations or CLEP tests which allow a student to receive course credit if a satisfactory score is achieved on the exam, will be given on campus on three Thursday mornings preceding Friday orientation sessions.

CLEP tests will be available on June 11, June 18 and July 2 at the Classroom Center. The first test costs \$22 and \$18 is charged for each additional test.

The American College Testing entrance examination or ACT will be administered on Wednesday, July 8, beginning at 8 a.m. in the Classroom Center for entering freshmen who have not taken the entrance exam. Cost of the exam is \$10 and students must bring an identification with photograph, such as a driver's license.

Additional information about orientation and tests may be obtained from the University Counseling and Testing Center located on campus.

FOR FATHER'S DAY
Enjoy a SIZZLIN' BEEF BARBECUE

Barbecued Chuck Steaks

2 beef blade steaks, cut 1/2 to 3/4 inch thick	2 tablespoons brown sugar
1 medium onion, chopped	2 teaspoons salt
1 cup catsup	1 clove garlic, crushed
1/2 cup vinegar	1 bay leaf
	1/2 teaspoon hot pepper sauce

Combine onion, catsup, vinegar, brown sugar, salt, garlic, bay leaf and hot sauce in saucepan and cook slowly 10 minutes, stirring occasionally. Cool. Pour sauce over steaks in utility dish or plastic bag, turning to coat all sides. Cover dish or tie bag securely and marinate in refrigerator 6 hours or overnight. Pour off and reserve marinade. Place steaks on rack in broiler pan or on grill so surface of steak is 3 to 4 inches from heat. Broil at moderate temperature 10 minutes. Turn, brushing both sides with marinade and cook to desired doneness, 8 to 15 minutes.

Note: For 3 or 4 steaks double sauce ingredients.

THE LEODICEAN CHURCH AGE

The seven churches mentioned in Revelation chapters 2 and 3 as we all know existed at one time and we should know that they also represent 7 church ages. We are now living in the latter time of the Leodicean church age which is probably the shortest church age of the 7. Some of the others lasted from 2 to 3 hundred years so we have no reason to believe that this present church age will only last 5, 6 or 7 years, we can't say just when it began but its very likely that it started about the time that World War II ended, or about the time that the generation started that Christ mentioned in Luke chapter 21, verse 32, the generation that will not pass away till all be fulfilled. There are still some Christians living that are of the Philadelphia church age, some of these Christians are those that are mentioned in verse 10 of chapter 3, they are the small percentage of Christians that

will be given an opportunity to go to a place of safety just before the tribulation period begins as mentioned in Revelation Chapter 12, verse 14, the Tribulation Period is what it will take to get the people of this Leodicean Church age ready for the second coming of Christ. If Christ should return today or next week the church would not be ready. We had better let the Bible be our guide and use some common sense instead of following leaders of the so-called religious cults, the faith healers, teaching the tongues doctrine and many other things that they excel in more than any one else. These articles I have written have been paid for with the money that I am spending in the interest of the people and churches in our area of the Texas Panhandle, again I say that it is time to be getting ready for World War III and the second coming of Christ.

Briscoe News

By Vetola Parker

Monday, June 1st, we received another shower this afternoon just wet everything here. Didn't run or stand, very much appreciated.

T.V. said there were 2.3 Billion in the Teamsters union. Wednesday morning another rain last night from 12 midnight until 3 here. Only 8/10 of an inch in our gage Colie said. It was really nice, but whistles and sirens were blowing in Wellington, Shamrock, and Allison, don't know if in Wheeler tornados sighted N.W. Wellington and near Shamrock between Briscoe and Mobeetie.

Wednesday 3rd talked to Talene Clark, the Denver tornado barely missed Debby Clark she and her sister Deanna was at her brother Michaels they went to Debby's place it was almost in the path of the tornado, wrong place to go.

Roy and Willene Waters spent last Sunday with Donald and Billie Sue Stucky north of Canadian, Bud and Kay Waters were also there.

Their grandson Jeff Rail-

bock is now on a vacation trip with his ball club, about 50 boys went to Springdale, Ark. Calude and Mable Parker came by Thursday afternoon for a little visit and to show us their new pickup. It is really

pretty with a camper on back. Corrections — The assembly of God Church are having their Gospel meeting next week starting Sunday 7 through next week.

Ronnie Crosslands children Mike and Khili from Friday till Sunday.

James and Bea Ogle and girls moved to the Ranking place west of Gageby Store.

Mr. and Mrs. Roy D. Waters were really proud of their granddaughter Jodie Waters this past week, she received an award from Woodrow Wilson school for having the highest grade in math for the 3rd grade. She also received awards from Madeline Graves Dance for her performance in a dance contest. Out of 5 divisions she won 4 first place ribbons, and one 2nd place. She is the daughter of Bud and Kay Waters of Pampa.

Her little sister Tasha Jeree age 3 was proud of sissy too.

Weldon and Diana Parker came Friday night to visit and pick the girls up.

Everett and Iris Goad of Pampa came down visited Elbert and Ruby Zybach last Tuesday, and they all attended Lee Kikers funeral.

Ruby said Gena Zybach had surgery Wednesday night around 10 or 11 o'clock for an acute appendicitis attack, she was doing just fine this we did not know till just now Saturday morning. We wish for her a speedy recovery. Elbert and Ruby visited Gena Thursday and Susie Lohburger is also in Canadian hospital. They visited Ruby's sister Ardell George while in Canadian.

Dorothy Walker has been in Grand Prairie for foot surgery.

She was with Muri Hunter last week to be close to her Pampa doctor to doctor her feet.

Happy belated birthday to Cliff Walker June 4th. Jim and Kelley Walker cooked and brought him a birthday supper how nice.

A get to gether at R. L. and Rozena Zybach Friday night to celebrate R. L. and Deedy Zybach birthday those there were Clarence Irene Zybach, Jean, Connie, and Terry Brown, Mike and Melody Goad and children, Mac and Gaye Purcell and children Jim Goding.

Emma Jean Meadows visited Mrs. Allen Meadows Friday in Wheeler.

I went to Pampa Saturday afternoon with Diana Parker and girls, to visit her mother Florence Castleberry and grandmother Foy Jackson, others there were Mary Fay and Jessica Brown, Patricia Vigil, Leland and Linda Moore. Fay had been visiting Leland and Linda at San Angelo, they brought her home Friday.

We stopped at Gene and Zetha Daugherty and Dennis, for a little visit on our way home we brought Darrell Mathis home with us. Our great grandson.

Others Sunday here besides Weldon and family were Nelson and Gaye Parker.

Colie and I visited Claude and Mable Parker Sunday night after church.

I know where 2 pretty gardens are, at Claude and Mable and up south of us at Jimmy and Tammy Maddox.

Sam Daugherty is still in the Pampa hospital, he may have to have surgery again this week. We sure hope he is soon back on his feet, and out of the hospital.

Our last word on Gena Zybach in Canadian hospital, she was doing just fine may get to come home Tuesday,

tomorrow Ellen Helton Pepsy's wife's mother Ruth Stove passed away. Helen Helton and Laura Helton was going to Mangum this morning Monday.

Helen also had Amber for 2 weeks while Clويد and Teresa Helton was going to New York to a A.E.C. Convention.

Helen had a family reunion Saturday those there were Ross and Fleta Hayes of Ark, Irma Hickerson and Tea and Joyce Hayes near Ft. Worth, Joe and Nell Hayes of Borger, Joe Bill and Sue Hayes and son Joe Bill, III of Canadian, Faye Goodson and Pearl Hammond, Jessie Fay Dickson Stinnette, Bob and Mary Bridge, El Paso, Mike Bridge, El Paso, Randy, Darla, and Derrick Dickson Stinnette, Lee and Jo Ann White, Amarillo, Jimmy and Jo Ann Helton, Tammy, Todd, and Jason from Wheeler, Roy and Ida Lou Smith near Dallas, Mark and Annette Meek, and Kabeb Briscoe, Amber Wheeler, Cheryl and Chris Krupp from Elk Heart Kansas, Kay and Edward Trimble of Pampa, Kay Rosburg, El Paso, Ricky and Jean Daniel, Ricky and Laura Rolls, David and Margie Calhoun, Wichita Falls, Naoma Webber and Mattie Vaughan Shamrock, Bea and E.J. NUMB ARMS, LEGS Danger Signals

There may be misalignment of vertebrae in the spine causing pressure on nerves, yet the patient experiences no pain in the back. Instead, a variety of sensations may be felt in other parts of the body. These include tingling, tightness, hot spots, cold spots, crawling sensations, electric shock sensations, stinging, burning, and others.
Here are nine critical symptoms involving back pain or strange sensations which are usually the forerunners of more serious conditions. Any one of these usually spells back trouble.
(1) Paresthesias (see above) (2) Headaches (3) Painful joints (4) Numbness in the arms or hands (5) Loss of sleep (6) Stiffness in the neck (7) Pain between the shoulders (8) Stiffness or pain in lower back (9) Numbness or pain in the legs.
These signals indicate that your body is being robbed of normal nerve function. Until this function is restored, you will, in some degree, be incapacitated. The longer you wait to seek help, the worse the condition will become. Don't wait! Should you experience any of these danger signals... call for in depth consultation in Layman's terms.

TOTTY SCHOOL REUNION HELD

The second annual Mountain View (Totty) School reunion was held May 30 and 31 at the old school building west of Mobeetie with more than 125 persons present, including four former teachers—Bill and Margaret Melton, Melrose, N. M.; Ann Totty Hull, Pampa; and Mayme Gary Hathaway, McLean.

The event was coordinated and planned by Mr. and Mrs. Tots Baird of Pampa, and Mr. and Mrs. Joe Ward of Amarillo. Both Mr. Baird and Mrs. Ward are former students of the old school which was established in 1907 and operated until 1939 when it was consolidated with Mobeetie.

Several families spent the night there in campers and motor homes. Many remember when stories were related as the group roasted marshmallows and wieners over the campfire that night. Games were played and lots of visiting was done and remember when school and community stories were told.

The next day an old-fashioned basket dinner was spread at the noon hours. Martha Ward rang an old school bell "for books to take up," and Tots Baird called the meeting to order. Frank Totty gave the blessing for the food and the fellowship.

Gladys Lowery Phillips, a noted artist, gave a beautiful oil painting of a farm scene, including a windmill, cattle, and an old barn, to help raise some expense money. Margie Roberts Key of Pampa was the proud receiver of the picture.

Mayme Hathaway, a well-known maker of beautiful clocks, presented the organization with a very pretty clock designed to look like the front of an old one-room school building.

An article, written by Alma Seitz, which gives the history of the school, was framed by Barney Gatlin with antique lumber and placed in the school.

In the afternoon a short meeting was called, and it was voted that the Bairds and the Wards would again co-sponsor the reunion which is planned for 1982 at the same place and at a date that will be set at a later time.

Those who registered for the event were the following persons: Orval J. Orr, Hollis, Okla.; Pete and Lillian May, White Deer; Frank and Pauline Totty, Pampa; Bill and Oveta Thomas, Olton; Joseph and Martha Ward, Amarillo; Daisy L. Black, Amarillo; Mavis P. Ludwig, Amarillo; Jake and Velma Baird, Graham; Margie Roberts Key and Ann Totty Hull, Pampa; Dean Seitz, Irvin Seitz, Mobeetie; Edna Daughette and Oleta Carlton, Pampa; Alvis and Jane Burke, Longview, Okla.; Barney and Leta Gatlin, Mobeetie; Ray E. Williams, Albuquerque; Monroe and Jane Seitz, Mobeetie; Willie Ruth Hathaway, Joe and Doris Hathaway, Pampa; Jim and Mayme Hathaway, McLean; Pierce and Nettie Walker, Mobeetie; Tots and Jessie Lee Baird, Pampa; Billy and Margaret Melton, Melrose, N.M.; Audrey Seitz, Mobeetie; Mrs.

CARD OF THANKS

There will never be words adequate enough to express our love, appreciation, and thankfulness to the many friends who have helped us through the loss of a great, courageous, sweet, and beautiful Joanie.

Thank you to the many who called or sent cards while we were in Houston, those who met our plane in Amarillo, the ones who prepared food and served it, mowed the yard, washed cars, sent flowers, memorials, and contributed to the fund at the Bank. Thank you most of all for your prayers. We extend a special "Thank You" to Rev. Jerry Hogan, Rev. Rod Weatherly, Phil and Jane Smith, and Marilyn Whitaker for the beautiful memorial service.

Allison News

by Joe Ann Love

The Allison school board has hired Frank Purcell to be coach at our school. He and his family come to us from Sweetwater, Oklahoma where he was previously head coach. I understand that he has one daughter and two sons, but I was not able to find out their ages. We heartily welcome them to Allison and hope they enjoy living here.

Dick Gibbs, who was principal here last year, has accep-

ted the position of Superintendent at the school at Estelene. They will be moving away soon, and everyone here will certainly be sorry to see them go. We do wish them well and hope they are happy in their new home.

Sheryl and Danny Rhodes spent the weekend in Amarillo just shopping and relaxing for a couple of days.

Tommy (Boy) Reames had several friends over on Saturday evening, June 6, to celebrate his 10th birthday. His birthday was actually on June 7, but Saturday evening seemed to be a good time for a party, and none of the 15 guests who came minded at all that it was a little early. The party was a surprise, so everyone hid very quietly and when Boy came home they jumped out and threw balloons in the air and shouted "Happy Birthday!" Everyone agreed that he really was surprised — but, happy to see his friends.

Since the recent rains, the farmers in our area are really working hard to get crops planted while there is moisture in the ground. Wheat growers are also getting ready to harvest wheat. That is a lot of work to be done in this record breaking heat. Some work has to be done when the time is right, regardless of what the weather is like, and I think those people who get out there and do it deserve some special praise and recognition . . . so, if you know a farmer, give him an extra pat on the back for me.

Claude and Mable Parker visited Lester and Mary Hudson Thursday.

Travis Keelin visited them the 1st of the week. Effie Renfro visited Friday. Mrs. Welch and Mary shopped in Wheeler Saturday.

Lou Dean and Kenneth Douthit visited Don, Bobbie and LeAndrew Stuckey, of Canadian. The last Saturday night and Sunday. Also attended the Old Timers Rodeo on Saturday night at Candian.

Tressa Perry visited the Don Stuckeys the past weekend.

The Averaged Billing Plan From Southwestern Public Service.

"A PLAN FOR ALL SEASONS"

"My fixed income got a big break now that I'm on the Averaged Billing Plan!"

"Averaged Billing makes it easier to make ends meet because it smooths out the highs and lows of your monthly electric bill. Like your friends, you can have it too. Depend on it to help ... just give me a call at SPS."

"I know just about how much my electric bill will be each month ... there are no more surprises."

We changed to Averaged Billing with one phone call to SPS. And now, our family budget is easier to plan."

Allison Juniors and Seniors Return

For the last two years, the Allison Jr. and Sr. class of '81 have been working hard to raise funds and planning an end-of-school trip to Hawaii. On Monday morning of May 18th, they were finally able to leave on that wonderful trip. Judy Dutton and Alton Lohberger were sponsors for the group, which included Charles Nelson, Guy Kuhlman, and Wanda Love of the Sr. class, and Jay Robertson, Carol Hall, and Marki Chandler of the Jr. class. Instead of having anyone drive them to the airport in Amarillo, they took one of the small buses over there, with Mr. Lohberger driving, and left it in Amarillo while they were gone. It was about 6 a.m. when they left Allison, and they arrived in Hawaii at about 9:30 p.m. our time. It was only 4:30 p.m. Honolulu time, however, so they still had quite a bit of day left to look over their new surroundings. After getting settled in their rooms at the Moana Hotel which is on Waikiki beach, they spent an hour or so enjoying the sand and surf of the ocean. The rest of the evening was spent at the International Market place where there are numerous shops, restaurants, and places of entertainment. On Tuesday morning, they went to the zoo and aquarium,

and in the evening they went to the HJm Nabors Polynesian Extravaganza, where they had dinner and enjoyed a show featuring the entertainer that we on the mainland know so well as Gomer Pyle, but who just happens to also be a really gifted singer. Wednesday, there was a very colorful Hula Show sponsored by the Kodak film and Camera Co. and our group got to see most of it, although the very last part was rained out. The rain was more like a dense mist than a downpour, but still, everyone was pretty well soaked by the time they reached the hotel. They relaxed in their rooms for a while and got ready for the evenings activities, which included dinner and entertainment at the Don Ho Show. After the show, they were able to meet Don Ho and get autographed pictures of him. Later, they went back to their rooms and changed clothes and went back to the International Marketplace. On Thursday, they got up very early and walked along the beach for 3 1/2 or 4 miles to a place near Diamondhead, where they spent the morning swimming, building sandcastles, and burying each other in the sand. They walked back to the Moana at lunch time, and rested for a

little while in the afternoon. They went to the Sheraton-Waikiki Hotel for dinner which was followed by a Polynesian Aquacade—"a lavish water production of beauty, glitter and musical romance with a Polynesian theme, staged under the stars at the Sheraton-Waikiki pool." On Friday, they met about 7 a.m. and took a tour bus to "Pete's Beach Party". This included a trip to Sealand, and then a picnic on the beach where some of our adventurous kids tried to eat their entire meal with chopsticks. Following this, the tour guide gave a demonstration on snorkeling and snorkeling equipment and those who wished to were able to actually go snorkeling in the ocean. They took a cruise on the Windjammer "Rella Maw" in the evening, where they also had dinner. They were impressed with the view of the lights along Waikiki Beach from the top deck of the huge sailboat. On Saturday, they went to Pearl Harbor where they viewed a Navy film about the events that led up to World War II. Then, they took a boat out to the memorial which has been built directly over the spot where the sunken ship, the U.S.S. Arizona, lies in the harbor. Everyone was really caught up in a solemn mood as they grasped the reality of all the events that had happened there and how they affected the history of the entire world. In the afternoon, a mini-bus came to take our group to the other side of the island to the Polynesian Cultural Center. There, they were able to see several polynesian villages and it was explained how the culture may vary from island to island. On Sunday afternoon, they went to a luau at Paradise Park. The girls especially enjoyed this event because they had been seeing female hula dancers all week, and this show featured four male dancers. The boys did not seem to appreciate it as much, however. The Luau consisted of a pig which had been roasted whole, in a pit. Raw salt salmon with diced vegetables was also served, along with baked chicken, deep fried fish, poy, and a selection of fresh fruits. Everything there was eaten with the fingers. (No silverware—not even chopsticks!) After the luau, the group went back to the International Marketplace. (I don't know about anyone else, but if I'm ever in Hawaii, I'm sure going to check out this International Marketplace) On Monday, the kids went to the beach, then packed for their trip home. In the afternoon, they went back to the International Marketplace to do some last minute shopping. Their plane for home departed at 6 p.m. Honolulu time. They would be 11 p.m. Texas time. They had a two hour layover at the Dallas-Ft. Worth terminal before they could come on to Amarillo and got on the bus to come home. They arrived back in Allison around 11 a.m. on Tuesday, very tired but with a lot of beautiful memories of Hawaii. The construction of Stonehenge required an estimated 1.5 million hours of labor.

Tax Statements

By using the approaches to value described previously, the assessor develops his estimates of the market value of the property in his jurisdiction. He then applies the jurisdiction's assessment ratio, if already established by the governing body, to the values to arrive at the assessed values on which the property will be taxed. After completing his process on all taxable property, the assessor has finished the development of his assessment list. Occuring next on the tax calendar are the board of equalization hearings. The work of the board of equalization (BOE) is the second stage of the tax process. The general purpose of the board of equalization is to review the assessor's estimates of property has been valued equally and uniformly. The board meets as required with taxpayers who wish to appeal the values placed on their property. The right to appear before the board of equalization is the single most important remedy available to taxpayers regarding the value placed on property. This is your opportunity to be heard, in an informal setting and without incurring expensive court costs. The makeup of the board of equalization varies depending on the type of jurisdiction. Generally, BOE members must be qualified voters, taxpayers and residents of the jurisdiction. The board members are taxpayers, too, and not otherwise involved in the taxation process. Their distance from the tax office and the tax assessing field was designed to protect taxpayer's rights and reflects a strong public policy in our state encouraging citizen involvement in all levels of government. They are responsible for reviewing the work done by the assessor and for hearing appeals of value from taxpayers. We wish to thank each of you who rendered services or any acts of kindness during the time of his illness and death. To the doctors wonderful nurses to or pastor who so faithfully visited him. To Brother Smith who brought the precious message, to Sylvia for the lovely music. To Kim and Andy for their singing. God Bless each of you. Mrs. Lloyd Childress Lavoe Childress family L. D. Panhandle, South and Rolling Plains Redistricting

Two House Legislative Districts were lost in redistricting the Panhandle, South, and Rolling Plains Area in recent Redistricting Legislation in Austin. State Representative Foster Whaley's District was expanded to include Harde-man, Carson and Crosby Counties. Representative Bud Simpson lost Carson County and picked up Deaf Smith County. Dean of the house, Rep. Bill Healy lost Harde-man and Crosby Counties to

Representative Whaley and took in additional areas that included Howard County (Big Springs). Speaker of the House Billy Clayton is retiring from the House, leaving his old district to be split up among Representatives Laney, Rudd, Simpson and Buchanan. The expansion of the Districts by some 22,000 residents was necessary to bring them up to the approximate 94,586 required residents. Representative Whaley

said, "I am very pleased to have the three rural counties of Carson, Crosby, and Harde-man added to my district. I regret very much that Mr. Healy had to lose any of his present district. There was no other way for my district to expand. We will endeavor to serve the new counties that have been added to the very best of our ability." The combined agricultural income from the proposed new district exceeded \$539,560.00 in 1979. The three new

counties had agricultural incomes in 1979 as follows: Carson - \$60.6 million; Harde-man - \$26.8 million; and Crosby - \$63,910,000.00. Representative Whaley and his wife, Lois, live on an irrigated farm West of Pampa. They have farming and ranching interests in Carson and Armstrong Counties. Their operation is leased out and they serve on a full-time basis in his State Representative work. Whaley is a founding and charter member of the Texas Cattle Feeders Association. He is credited with hedging the first pen of cattle, at a Pampa feedlot, ever hedged South of the Candian River. Whaley served as a County Agricultural agent for 27 years in Armstrong and Gray Counties. They have three children: Christie of Dallas, a 1977 graduate of Texas A & M; Wayne, Houston, a 1979 graduate of Texas A & M; and Karlette, a Junior at Texas A & M

Co. Deputy Attends Drug Course

On May the 11th 1981, Deputy Art Allison attended a Narcotic and Dangerous Drug School offered by the United States Department of Justice. The school was given at Tulsa, Oklahoma, and lasted from May 11th until May 22nd. The school was put on by the Drug Enforcement Administration of the Department of Justice. There were eleven instructors, which included seven Special Drug Agents of the Department of Justice, one Oklahoma City Detective, one US Attorney, one Pathologist, and one Senior Chemist of the DEA. There were twentythree students attending the class from ten different departments and four different states. The curriculum consisted of the following subjects: Narcotic and Dangerous Drug Trafficking, Heroin Identification, Cocaine Identification, Dangerous Drug Identification, hallucinogenic Identification, Search and Seizure, Physiological Effects of Illicit Drugs, Clandestine Laboratory Investigation, Drug Field Testing and Evidence Handling, Air Smuggling, Conspiracy Investigation and Prosecution, Informants, Undercover Operations, Technical Equipment Operations, Marijuana Identification and Enforcement, Surveillance, Raid Planning, Case Initiation and Development, and many more vital subjects. We, at the Wheeler County Sheriff's office, feel that the only way to serve the public who we are responsible to is to better equip our officers. The only way to do this is to educate them to the problems that could and do exist in our society today. Last year sixty-eight billion dollars worth of illicit drugs were smuggled into our country. It is estimated that that figure will double this year. We, the law enforcement element, are in a war that we can not win without the help and assistance of the public.

Volunteers Insure Success

Volunteers from all walks of life and all backgrounds contribute their valuable time to the 4-H and youth program of the Texas Agricultural Extension Service, thus insuring its success. According to the National Center for Voluntary Action, one out of every four adults volunteered for some type of volunteer service last year, spending an average of 22 mandays a year in volunteer work. More than one-third of electricity in portions of Texas, New Mexico, Oklahoma and Kansas. Over 99 percent of its operating revenues were derived from electric service during the 12 months ended April 30, 1981. Its electric properties comprise an interconnected system. The volunteers served at least once a week. The Texas 4-H and youth program reports that more than 22,000 teen and adult volunteers served as 4-H group leaders last year. Based on the minimum wage, their three hours of volunteered time per week amounted to more than \$4 million, points out Linda Daughtry, county 4-H program coordinator for the Extension Service. How can volunteers be effectively recruited? The potential volunteer needs to feel that he or she can do the job. Volunteer jobs should be within reach of a person's abilities and knowledge. The volunteer should also feel that no one else could accomplish the job as well, so

the task should fit in easily with hobbies, talents or interest. Sharing the personal satisfaction and benefits that come from rewarding volunteer work will insure the volunteer's continued success and confidence in the job, says Linda Daughtry. As one 4-H volunteer commented, "Volunteer work is like an investment that pays off in lifelong benefits for young people's lives -- and for yourself." If you are interested in becoming a 4-H volunteer leader, you may contact the Extension office at 826-5243 or Box 505, Wheeler, Texas 79096. Programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion or national origin.

MOVIES IN WHEELER

I was disappointed when I found out that R-rated movies were now being brought into our town. I don't think things contributing to corruption should be ignored by decent-minded people. As a human being, I have feelings like everyone else and I don't enjoy having people at odds with me. However, I cannot sacrifice conviction for peace with folks when evil consequences are the result. So, I feel compelled to speak out against certain things. Psalm 94:16 says, "Who will rise up for me against the evildoers? Or who will stand up for me against the workers of iniquity?" My answer to God's question is, "I will, Lord." Though it may not be the most popular thing to do, I will take my stand with people like the three in the fiery furnace in the book of Daniel who would not compromise in their stand for what was right. It is a well-documented fact that behavior patterns in people are formed by what goes into their minds. The gateway to the mind is the eyes and ears primarily. There are many examples of violent or immoral behavior in our society that has occurred after individuals watched movies that receive an "R" rating. A woman in Wichita Falls recently cut the heart out of her daughter after viewing "The Exorcist". John Hinkley recently shot our President and 3 others after watching an R-rated movie, "Taxi Driver". He followed the theme of that movie in carrying out his scheme. People are loud and long in calling for "gun control". Television newscasts spend a lot of time on stories about the need for gun control. Guns are not the problem. But the networks won't deal with the problem because that would affect their pocketbook. Most of the

television and movie producers make their millions of dollars on the stuff that really causes these problems in our country. According to what I was told, money is the motive in the decision to show R-rated movies in Wheeler. The Word of God says, "The love of money is the root of all evil." (1 Tim. 6:10). Sometimes people will engage in all kinds of ungodly things to get money. Some have sacrificed some very precious and valuable situations in the long run, in order to obtain more money in the short run. To be entertained by horror pictures is to open the door to demon activity. It is a law of life that you reap what you sow and that you always reap more than what you sowed. Galations 6:8 says that "he that soweth to his flesh shall of the flesh reap corruption." I believe that movies with an "R" rating (whether it is rated R because of violence, language, or nudity) are extremely bad seeds to be sowing into people's minds. If those people who think that guys like me are just fanatics interested only in spoiling fun for folks really knew what was going on, they would have different values and standards themselves. Obviously, I cannot personally ban R-rated movies here. I am only one voice. What I can do is let my voice be heard. I intend to do that. Perhaps there will be others who will let theirs be heard. Some will listen. If enough do, we will have an effect for righteousness sake. As for myself, I will not attend a theatre that shows R-rated movies. To pay to see G-rated movies at a theatre that shows R-rated movies is to help finance the bad movies. I am encouraging everyone who will listen to do the same. Ricky Pfeil
