Punt, Pass, Kick Is September 29

There is just two days remaining for the youngsters to register for the local Punt, Pass & Kick Competition.

Pete Burton, Ford Dealer sponsoring the popular youth activity in this area said that registrations would be taken through Sept. 29, 1979. The ground. Everyone is welcome. Wheeler PP&K Competition is scheduled for Sept. 29, 1979 at

1:00 P.M. in Wheeler on Nicholson Field.

"Although time is growing Short any youngster 8 through 13 years of age can still compete," said Mr. Burton. "All a contestant need do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind, and that goes for all six levels of competition, up to an including the National Finals."

The Ford Dealer pointed out that trophies will be awarded for 1st, 2nd, and 3rd place in the local competition in each of the six age groups. Increasing the youngster's chances of winning one of the 18 trophies is the fact that each contestant competes only against others of the same contact, an entrant's size is not as important as his ability to punt, pass and place-kick for distance with accuracy. Make A 'Zabuton' -For Elegant Comfort

Make a "zabuton" for elegant comfort - it's a Japanese floor cushion. Its added beautiv lies in easy construction. Basically all you need is a square of fabric, stuffing and decorative tassels. And, if you make several zabutons, you can stack them to function as a chair. By placing them on a platform with rollers, they'll be even more functional.

How To Make Four easy steps will create a zabuton.

1. Cut a square of fabric - for example, from a 45-inch width (115 centimeters). Fold it in half (matching raw edges) - putting right sides together. Stitch the two short sides together. Press the seams open.

2. With right sides still

Cystic fibrosis is a leading genetic killer of children. It is a crippling and debilitating lung disease, and early diagnosis and treatment are essential to preventing lung damage and lengthening the lives of the thousands of American children who suffer with cystic fibrosis,

together, match the two seams. unsewn as it can be the opening Pin them in place, as this will be through which you will stuff the the final seam to complete the pillow. To leave this opening, pillow. Before sewing that seam, use a pin to mark about six inches mark off a little, and leave it (15 centimeters) away from the

center down each side of what will be final seam. Stitch from the pin marking to the point of the pillow down each side.

3. Turn right-side-out and stuff, carefully distributing the filling evenly. Slip-stitch to

4. To make the pillow even more authentic, push a crease at each corner, tack and decorate with tassels.

Making Tassels

Cut cardboard the length you'd like the tassels. For the cardboard width, allow about two inches (five centimeters) more width than the bulk of the tassel - so it won't slip off the cardboard. Next, wind yarns or threads around the cardboard - lengthwise. When you reach the desired thickness, thread a needle with a double strand of yarn or thread. Draw it under the wound yarns or thread at the top of the card. Pull it tight and know it to tie them at the top. Cut the tassel ends at the bottom of the cardboard. Then, with the same thread or yarn used to knot, make a tassel top binding about one-half inch down from the tassel top itself, wind enough around the tassel to form the binding. Then secure it.

Available To Srs. SOURCEBOOK magazine, a

magazine specifically designed for high school seniors, will soon be distributed by Dewey Shepard, Wheeler ISD Counselor. Now in its fifth year, the 72-page publication offers articles on a wide variety of subjects of interest to members of the Class of 1980.

There is a look at "in-groups" the jocks, the freaks and the brains. An article on stress and the high school senior describes the symptoms and suggests some ways to overcome. America's Olympic hopes rest in part on a group of teenage stars, introduced in a special SOURCE-BOOK feature. Horror movies and the real horror of "Angel Dust" (PCP) are also discussed, along with a story about rock stars in the making. Special reports cover the senior's future. What career is better for you? How can you dis-

cover what you want to be? What training is available and what do you need? What can you expect to earn? and what about getting along in the "real world" budgets and apartment renting and buying the things you need? SOURCEBOOK '80 is design-160 Acres - 5 miles west of ed to provide answers through a series of informative articles, written especially for seniors Not Cheap-Just Affordable faced with graduation, adulthood So Search No More and the starting of a career.
