TEXLINE IS HOMECOMING OPPONENT

Here & There

Laura Guthrie

In the September issue of the Texas Monthly is a long, illuminating article on the "The Sons of the Pioneers." These sons turn out to be the farmers of the great Panhandle of Texas. One of the men who gets full coverage is Earl McGarraugh, who survived drought and insects and the great dust storms of the mid-thirties. Now maybe we are not so interested in Mr. McGarraugh, simply because we are not personally acquainted with him. But on his vast, 5000 acre farm near Perryton one of our hometown boys drives one of Mr. Mc's tractors or harvestors. This young man is Carl Arganbright, son of the late Norvelle and Mazie Arganbright. Carl's picture (in a group) is one of those which accompanies the article. The article states that at one time, Carl, Mr. Mc's four sons, his wife, Elmyra, another hired man and McGarraugh himself were driving, at the same time, a fleet of John Deere 820 tractors, sowing wheat. This went on for three weeks, resembling a motorized beetles roving the land.

We are glad that Carl is in the middle of such a vast industry. It is an experience that may be far reaching.

Carl is the son of the late Novell and Mazie Arganbright, his family is scattered near by. Bill, Glen and Beth are in Amarillo, Jim in Canadian, Alvin in Mobeetie, and Lanita lives here, staying part time with her aunt, Audra Bean. Audra is the one who furnished me the above information.

The conference room of the Amarillo Garden Center was the meeting place, Oct. 1, of the family of the late Mr. and Mrs. J. L. Hefley. All of the children and grandchildren were there except two of the grandchildren. At the noon hour they enjoyed a delicious catered luncheon.

Those of the surrounding communities who attended were Mr. and Mrs. Clifford Hefley and Frances Hefley of Wheeler, Mr. and Mrs. James Hefley, Holly and Jill of McLean, Mr. and Mrs. Herbert Smith, Pampa, Mr. and Mrs. Jim Alvey, Todd and Tina, Wheeler, Mr. and Mrs. David Hefley and Christy and James, Mr. and Mrs. Dennis Hefley, of Briscoe. Also many others from distant places attended.

Mrs. Laura Clark is carrying her head high this week for she is a great grandmother. James Vernon (Jamie) Sivage was born about a week ago. A beautiful baby whose parents are V. Ray and Lois Sivage, and the grandparents Von and the late Vernon Sivage. They live in Hays, S. D. Laura isn't planning on a trip to see the child right away because she spent most of the summer in Hays.

Odessa Mooney has just been through a pleasant two weeks because her daughter, Judy Key- lon and her baby daughter have been here. They live in Dallas. Odessa is quite carried away with her grandchild, as well she might be. It is five months old, a beautiful, cuddly cherub. I'm sure Odessa will manage somehow to see her often.

Friday was the Golden Wedding Anniversary of the Tillman Clemens. They planned no special celebration—just make every occasion of the year a gala

Beta Sigma Phi Planning Bazaar

NOTICE: Beta Sigma Phi would like to invite any individual, club, church or organization to participate in our bazaar, to be held Oct. 21, 1978. There will be a charge of \$10.00 per table but no percentage will be charged. For more information please contact Debra Hiltbrunner at 826-3165.

WINNER: Neil Rogers was the winner of the \$50 in free groceries given away by the Alpha Mu Alpha chapter of Beta Sigma Phi.

event. However they were a bit disappointed because all of their children and grandchildren could not be here on the weekend. However, they enjoyed the son, David and his family from Amarillo.

This (Tues.) is a very busy morning. I am packing to be off to see my family in Perryton for a few days. But first I had to interview a friend and attend a coffee.

Mr. and Mrs. Theodore Heide are really my neighbors, only a block away. But I've been negligent. This morning I had a lovely visit. She told me about guests that had been in their home recently. A week or two ago her surprise was a visit from Mr. and Mrs. Clarence Davis of Burnady, British Columbia and Mrs. Davis' sister Sarah Ward, of Kamloops, B. C., Mrs. Heide has known Clarence Davis for 60 years. He lived in her parents home for a long time. They do not see each other frequently, so a surprise visit was welcome, even though the Heides were in the midst of installing a heating system. Everybody pitched in and the job was finished. The Davis' went on their way, in their camper to enjoy a lot more of the country.

Then, before Mrs. Heide could get the house dusted, there was another knock at the door. There stood a little lady from Reedsport, Oregon, a neighbor of other days. She is Mrs. Maude Widmark (a relative of Richard) from Burbank, Calif., and her grandson Terry. This little Octogenarian (plus) travels all over the world. Mrs. Heide tells me that Mrs. Widmark herself does a lot of the driving. She is planning a trip to Austria soon. They enjoyed this part of the country but would rather live near the coast where the weather is more conducive for flower growing.

Mrs. Heide is the mother of Mrs. Donald Ford. She tells me that her grandson, Ted Phipps (Ford) is on the navy, aboard the airplane carrier Midway, somewhere in Japan. He is in the same vicinity where his father used to serve.

Now I move on to the home of Jewel Moore where a coffee honoring Bennie Mae Whitener, is in progress. Bennie Mae is the teacher of a senior adult womens Sunday School Class at Baptist Church. She was presented a plaque which reads: "To Bennie Mae Whitener for the Dorcas S. S. Class. A deep faith in God and in others, is yours in quality that has endured you to our hearts. May the Lord Bless and continue to keep you in his service." Bennie Mae has been a teacher of this class for six years, but she has had her place in other departments for 35 years.

Margaret Dorman, president of the organization is shown here handing Neil a box of Tide. The proceeds go to charity. Alpha Mu Alpha extends a "Thank You" to everyone for making the project a success.

Wheeler To Open Defense Of District Championship

The Wheeler Mustangs host the Texline Tornados Friday at 7 P.M. and begin their quest of a second straight District 1-B championship amid all of the pagentry of homecoming.

Friday's kickoff has been moved up 30 minutes to 7 o'clock for the benefit of the Texline team and fans as they will have a great distance to travel.

The Tornados come to Nicholson Field winless on the year with on 0-4 record and on paper pose no real threat to the state's #1 ball club but stranger things have happened on the gridiron, especially when it comes to the Mustangs playing one of their better games on homecoming.

Wheeler was idle last week and it is hard to tell what the week off will do to the Mustangs timing and execution.

Being idle didn't help the Mustangs injury situation as they have more on the injured list this week than any other time in this young season.

Sam Schaffer is rounding back into shape after the talented tight end missed most of the Shamrock tilt and all of the Chillicothe and Phillips game and

CUB SCOUT Troop To Organize

Tuesday night, October 10, 1978, all boys in the third, fourth and fifth grade are invited with their parents to a Cub Scout Organizational Meeting, 7:30 p.m., at the Elementary School, according to Ernie McCaughey, Pastor of the Wheeler United Methodist Church, who sponsors the community-wide program for 8, 9 and 10-year olds.

Activities this year will include; carving and racing pine-wood derby cars, picnics at Camp Brown, Cub Olympics, Day Camps — plus weekly meetings under the leadership of volunteer parents, who are concerned about Wheeler young people growing into responsible Christian citizens, health in mind and body, McCaughey said.

CITY ACCEPTS BID FOR 55 BLOCKS OF PAVING

JANA JOHNSON is the 16 year old daughter of Mr. and Mrs. J. T. Johnson. Jana is escorted by Kent Vise and Miles Farnsworth. Jana is active in the Flag Corps, basketball, track, FHA, and is a member of the Student Council. Her freshman year she was elected sweetheart of the Rodeo Club. Her hobbies include horseback riding, and basketball.

LISA DODD is the 14 year old freshman daughter of Mr. and Mrs. C. G. Dodd, Jr. Lisa is escorted by Jimmie Ryan and Marvin Grimes. Lisa's eighth grade year she was valedictorian of her class, head cheerleader, member of the student council and pep club. This year Lisa is a member of the Student council representing the freshman class, a member of Pep Club, FHA, Annual Staff and Flag Corps and participates in basketball.

Lisa's hobbies are stamp collecting, cooking, sewing, traveling and swimming.

The bids for the paving of 55 blocks in Wheeler were opened at a special meeting of the Wheeler City Council Monday afternoon at 2 p.m. The bid of \$590,601.00 by Lewis Construction of Dumas was accepted.

Three bids were received by McMorries and Associates of Amarillo, city engineers, Borsberry Construction of El Paso and Baker Construction Co of Borger, each submitted a bid.

Wheeler citizens voted \$300,000 in bonds for the city's part of the project July 8. At the time the property owners were told their part of the paving cost would not exceed \$10 per square foot. The cost according to the accepted

bid will not exceed \$10, but an exact figure will not be available until the streets are signed up for paving.

Lewis Construction Company's bid is for the same type paving used in the 1969 paving. The contract for the 1969 project of 81 blocks was awarded to Lewis Construction also.

The bid calls for completion within 300 working days after the signing of the contract. Plans are for work to begin around the first of March.

A special meeting of the council was held September 18 for the purpose of selling the bonds. The city got an interest rate of 5.293398% on the bonds.

PETE BURTON FORD TO DISPLAY '79 LINE FRIDAY

The all-new 1979-model Ford LTD and Mustang are now on display at Pete Burton Ford, Inc. West Highway 152, Wheeler, Texas.

Ford Motor Company invested more than \$1.2 billion to redesign and re-engineer its full-size and sporty specialty car lines for 1979 — the first time in 14 years that Ford Division has introduced two entirely new and different domestic car lines during a single calendar year, according to Pete Burton.

Only the ninth all-new full-sized Ford in the company's 75-year history, the redesigned LTD has more head room, leg room and shoulder room for 1979. There's a full range of two and four-door sedans and station wagon models with the LTD's traditionally long list of optional equipment choices.

Standard LTD sedans and station wagons have single rectangular headlamps, while top-of-the-line LTD Landau models and Country Squire station wagons are distinguished by a unique grille treatment with dual rectangular headlamps. All models continue to offer a high level of standard equipment including power steering, power front disc brakes, steel-belted radial-ply tires, an automatic transmission

and a V-8 engine.

"The 1979 Mustang is a fun-to-drive car with bodystyles, options and performance features that will appeal to a variety of ner-car buyers," Mr. Burton explained. "It is one of the most versatile cars we have ever offered, and is sportier and roomier than last year's models."

Offered in two- and three-door body styles, Mustang has four engine choices including a new turbocharged 2.3-liter power-plant, and a long list of convenience, decor and functional equipment options.

Several trim-and-equipment combinations, are available, including top-of-the-line two- and three-door Ghia models and a sporty three-door Cobra. All models are fully instrumented with a tachometer, trip odometer and gauges for fuel, temperature, oil pressure and alternator. Rack-and-pinion steering, front disc brakes, a front stabilizer bar and new strut-type front and four-bar link-and-coil rear suspension systems are standard.

Built on a 100.4-inch wheel-base, the "new breed" of Mustangs is only four inches longer than its predecessor, but has 20 percent more interior room. Back-Seat passengers gain the most, including five more inches of leg room. Two-door models carry a full 10 cubic feet of trunk space and three-door models have a cargo volume of more than 32 cubic feet.

"The LTD and the Mustang will be our one-two punch in 1979," he said, "but we're equally excited about some of the changes that have been made to

WHEELER PUBLIC LIBRARY
Book Review
 In "The Silver Castle", by Erica Quest, the London Times has an obituary notice of Benedict Sherbrooke—twenty years after he had supposedly gone to his reward! That was what was haunting his daughter, who had been raised on the somewhat quaint—and mistaken—notion that Daddy had been dead, so these many years, and when Gail Sherbrooke made the mistake of journeying to Switzerland to learn the truth about her father's second life—and second death—she quickly learned what family life was all about. Treachery. All those years Daddy had been up to all sorts of other things, Gail Sherbrooke had inherited his dubious legacy; larceny, murder... and romance.

FORD From Page 1
 the Pinto and Thunderbird." Pinto has undergone major styling changes both inside and out for 1979. Sedans, three-door Runabouts and station wagon models all have a new front-end design including rectangular

headlamps and a new hood, grille, fenders and bumpers. Inside, there's a new instrument cluster with large, rectangular pods housing European-style warning-lamp indicators, a miles and kilometers speedometer and the fuel gauge.

A new Cruising Package for

three-door models and new ESS option groups for sedans and Runabouts are added to a long list of appearance and equipment features designed for an expanding youth market.

Pinto is offered in four basic models with a list of more than 60 options. The Pinto Pony -- a two-door sedan -- is Ford's lowest-priced car. There also are Pinto sedan, three-door Runabout and station wagon models.

"The Pinto represents an outstanding value for small-car buyers, and that's the primary reason why more than 2.5 million Pintos have been sold since the car's introduction," he said. "For 1979, Pinto continues to offer a value-packed lineup suited to a variety of lifestyles and budgets, and its sportier design, long list of standard features and expanded list of options should broaden its appeal even more in the years ahead."

The Thunderbird is another Ford Division car line that has received a face-lift for 1979. The

standard model, the Thunderbird Landau and a new top-of-the-line Thunderbird Heritage all have a bold new grille and a redesigned taillamp treatment.

The new Thunderbird Heritage has notable exclusive features including a unique formal padded-vinyl roof, two monochromatic exterior paint themes and the extensive use of leather interior trim. Speed control, 36-ounce cut-pile carpeting, an AM/FM stereo-search radio, power windows, power door locks, a six-way power driver's seat, air conditioning and adjustable tilt-wheel steering also are part of the Thunderbird Heritage's standard equipment package.
