## MUSTANGS ROUT SHAMROCK IRISH 46-6

**CHEERLEADERS:** Leading the Wheeler Pep Club this year are cheerleaders, (back) Tina Collins, Karen Helton, Terri Rarden —head-cheerleader, (foreground) Tanya Rarden, Melody Stiles, Teresa Evans and Tammy Moore.

Wheeler's top ranked Mustangs used an awesome ground attack to grind out 457 yards in route to an easy 46-6 win over the Shamrock Irish last Friday night in the season opener for both teams.

The win was the 20th straight victory for what is popularly known as the "Black Machine" and it was hard to tell much difference in the effectiveness of the two backfields that Coach Joe Allen threw into the fray.

A little more than six minutes remained in the first half when the Mustangs starting substituting liberally.

The Mustangs put the ball in play seven times on their first two possessions and had a quick 13-0 lead and really the only question remaining was how much the hosts wanted to put on the scoreboard.

Holding the Irish following the opening kickoff, Wheeler got their hands on the ball for the first time in the '78 season at their 42 and it took newly installed fullback Kent Vise just two trips right up the pipe to gobble up the 58 yards.

From the Mustang 49, the center of the offensive line, consisting of Mike Lee, Miles Fransworth and Tom Christner, opened a gaping hole and Vise sped through for 51 yards and the first of four touchdowns he made during the game.

Mike Evans toed the extra point and the confident Mustangs led by 7 at 9:36 of the first quarter.

Once more holding the Irish without a first down after the kickoff, in fact, the Irish could muster only 2 first downs and 40 yards on offense in the first half, the Mustangs got the pigskin at their 42 after an Irish punt.

Losing five for a procedure infraction, Wheeler had to travel 63 yards to paydirt this trip but Bret Mosley, Mustang wingback, nearly got it all in one play. Breaking loose around his right end, Mosley appeared to be long gone but was finally hauled in on the Irish 15 from where it took the Mustangs four plays to get to the end zone.

Vise plunged over from the 2 and the Mustangs led by 13-0 at 6:20 after a run for the two points failed.

Myron Jolly's pass interception and return of 19 yards to the Shamrock 36 set up the Mustangs third TD midway in the second quarter.

Jolly passed to Vise for 14 on first down to the Irish 22 and Marvin Grimes ripped off right tackle for 14 more big yards before Vise found that familiar hole up the middle for the final 8 yards.

Regaining the ball at their 28 following a 35 yard kick off the toe of David Berten, the Mustangs continued to pound the weakness in the Irish middle and

used Benny Baker, the big sophomore fullback, on eight of the eleven plays in the 72 yard scoring drive.

Mosley got 11 yards in the drive and Jimmy Ryan picked up a couple more before Baker stuck it in the end zone from two yards out. Evans kick was low and Wheeler had a 25-0 lead that they took to the dressing room.

Penalties plagued the Mustangs in the third quarter and they literally killed two drives and only 2:55 remained in the third quarter when Vise capped a short 24 yard drive by going over from the 2. Jolly had given the Mustangs the good field position with his second pass interception.

Evans kicked his second extra point of the game and Wheeler took a 32-0 lead into the final period.

It took the Mustangs just four plays to move another 73 yards on their next possession. Vise got 5 on the left side and Baker came in to give him a breather and the big fullback romped for

17 yards and then 6 more before breaking loose for 46 and the touchdown. Evans was good again and the Irish were down by 39-0.

Jesse Salinas fumbled the ensuing kickoff and Baker recovered for the horses at the Shamrock 32. Wheeler lost the ball on downs at the 25 but Salinas fumbled again on first down and Russell Gaines recovered at the Shamrock 22.

Baker picked up three and then Rich Brown passed to Mike Evans for the final Mustang

touchdown. The scoring toss was good for 19 yards and Evans kicked good and Wheeler had their final points.

Shamrock got their only points of the game with a 64 yard drive with Stacy Prather going over for the 1 after a pass interference call against Ryangavethe Irish a first and goal from the 1.

Baker led the Mustangs in rushing with 150 yards and Mosley and Vise each got 93 and Grimes another 77 to pace the well rounded Mustang ground game.

**PUBLIC NOTICE**  
SUMMARY OF PROPOSED  
**CONSTITUTIONAL AMENDMENTS**  
GENERAL ELECTION NOV. 7, 1978

**"The Tax Relief Amendment"**  
(H.J.R. 1)  
H.J.R. 1 proposes an amendment to the Texas Constitution allowing the legislature to exempt intangible personal property, requiring the legislature to exempt certain household goods and personal effects, and allowing the legislature to exempt all or part of the personal property homestead from state and local property taxation.

The amendment requires the legislature to provide for the taxation of farm and ranch land on the basis of its productive capacity instead of its market value and allows the legislature to provide for the taxation of timber land on its productive capacity.

The amendment permits local governments to extend the present exemption of not less than \$3,000 of the residence homestead of persons 65 and older to include certain disabled persons.

The amendment grants an exemption from public school property taxes of \$5,000 of the market value of the residence homestead. It authorizes the legislature to grant an additional exemption from public school property taxes of an amount not to exceed \$10,000 of the market value of the residence homesteads of persons 65 years of age or older and certain disabled persons. If a person 65 years of age or older qualifies for this exemption, the total amount of public school taxes imposed on that person's homestead may not be increased.

The amendment prevents local governments from increasing property taxes unless the governing body provides public notice and conducts a public hearing. The amendment requires the legislature to provide by law for each property owner to receive notice of the revaluation of his property and the amount taxes will be increased.

The amendment limits appropriations from state tax revenue to an amount not to exceed Texas' estimated economic growth rate, with the legislature authorized to make exceptions for emergencies.

The amendment prohibits the statewide appraisal of real property for property tax purposes. Enforcement of uniform standards and procedures for appraisal of property for property tax purposes is required to originate in the taxing authority where the property tax is imposed.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration."

**NUMBER ONE (S.J.R. 50)**  
S.J.R. 50 proposes an amendment to the Texas Constitution to delete an archaic reference to the "Deaf and Dumb Asylum." The amendment would allow the State of Texas to purchase products and services done by handicapped individuals in nonprofit rehabilitation facilities without complying with bid requirements applicable to other state contracts. The amendment also would eliminate the formality of the approval of certain state contracts by the Governor, the Secretary of State and the Comptroller of Public Accounts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment deleting the archaic reference to the 'Deaf and Dumb Asylum,' allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature, and eliminating the requirement that the Governor, the Secretary of State, and the Comptroller of Public Accounts be personally involved with such transactions."

**NUMBER TWO (S.J.R. 55)**  
S.J.R. 55 proposes an amendment to the Texas Constitution to permit local governments to issue bonds for the reconstruction or acquisition of facilities (land, equipment and improvements) designed to develop employment opportunities. These

bonds would be payable solely from the revenue from the sale or lease of these facilities. The building or acquisition of such facilities must be determined by the local government to be necessary to develop employment opportunities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens."

**NUMBER THREE (S.J.R. 44)**  
S.J.R. 44 proposes an amendment to the Texas Constitution which would allow the legislature to authorize cities and towns to issue tax increment bonds to finance the redevelopment of blighted areas. The bonds are to be paid solely from revenue from municipal tax increments. Payment cannot be made from the revenue of municipal taxes, utilities, or other services.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize cities and towns to issue bonds to finance the redevelopment of blighted areas and prohibiting any city or town from granting its money or lending its credit for such purposes."

**NUMBER FOUR (S.J.R. 53)**  
S.J.R. 53 proposes an amendment to the Texas Constitution to allow the legislature to exempt from taxation solar or wind-powered energy devices.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from taxation solar and wind-powered energy devices."

**NUMBER FIVE (H.J.R. 37)**  
H.J.R. 37 proposes an amendment to the Texas Constitution to grant exclusive jurisdiction to justices of the peace in civil cases where the amount in controversy does not exceed \$200, except where the legislature gives exclusive jurisdiction to another court.

The amendment grants justices of the peace concurrent jurisdiction with county courts where the amount in controversy is between \$200 and \$500, except where the legislature gives the county court exclusive jurisdiction.

The amendment also grants justices of the peace concurrent jurisdiction

with both county and district courts where the amount in controversy is between \$500 and \$1,000, except where the legislature gives the county or district court exclusive jurisdiction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the jurisdiction of justices of the peace in civil cases."

**NUMBER SIX (S.J.R. 45)**  
S.J.R. 45 proposes an amendment to the Texas Constitution to allow the legislature to expand the number of judges on any court of civil appeals. Presently courts of civil appeals are limited to a chief justice and two associate justices. The amendment also would allow the courts to sit in sections, with the concurrence of a majority of the judges sitting in the section necessary to decide a case.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting the legislature to increase the number of justices on a court of civil appeals, permitting a court of civil appeals to sit in sections, and requiring a concurrence of a majority of justices to decide a case."

**NUMBER SEVEN (S.J.R. 48)**  
S.J.R. 48 proposes an amendment to the Texas Constitution eliminating the State Building Commission and the State Building Fund. The authority of the State Building Commission has been transferred by law to the State Board of Control.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to repeal the constitutional authority for the State Building Commission and the State Building Fund."

**NUMBER EIGHT (H.J.R. 42)**  
H.J.R. 42 proposes an amendment to the Texas Constitution allowing certain political subdivisions or districts in the state that can presently issue bonds or otherwise indebtedness or otherwise lend its credit to engage in fire-fighting activities and to issue bonds or otherwise lend its credit to support such activities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendments authorizing certain districts to engage in fire-fighting activities and to issue bonds or otherwise indebtedness or to issue bonds or otherwise lend their credit for fire-fighting purposes."

**By Vetola Parker**  
Some of this is last weeks news.  
September 4, no rural mail so probably won't get any news in the paper this week. Also have company.  
I guess out of the biggest events this past week was my sister and brother-in-law, George and Avis Parkers 50th Wedding Anniversary Sunday 3, Colie and I attended. Some of our children were there Zetha and Dennis Daugherty of Pampa, Kim and Kathy Parker of Reydon; George and Tolene Clark, Deanna and Annette from Cool Creek Canyon, Colo., flew down to help them celebrate.

Leroy and Janice Parker and children visited George and Avis Parker Monday night, they had to work Sunday.  
Dr. Blacketter was at George and Avis Anniversary party. I told him they were in debt to him for keeping them able to celebrate this event he said they were going to last 40 more years.  
Thursday night, the Garry Parkers and Ted Parkers came by picked Scotty and Shane and Billy up on their way to Six Flags, Nonas cousin, Lyn Nelson was with them.

Other visitors over the weekend were Harmon and Daphne, Barry, Arland Young and friend Clyde Johnson of Amarillo. Leroy and Janice Parker, Jeff, Lee, susie, Katie and Angie.  
Terry Daugherty also ate dinner with us one day last week.  
Mr. Sam Daugherty formerly of Briscoe, father of Gene and S. W. Daugherty, celebrated his 74th birthday, September 2, at the Senior Citizens building in Pampa, two of his daughter-in-laws Zetha and Barbara Daugherty made the cake, a friend, Norma McQueen decorated it. Between 35 and 40 helped him celebrate. Some were Mr. and Mrs. Ruben May, his grandson, Dennis Daugherty. So happy birthday to Sam.

Harmon and Daphne spent Sunday night with the J. O. Heltons. Monday nite with the Colie Parkers.  
This is for Cecil McCoy at Channing, we had some nice rain clouds Monday, Sept. 4, but no rain.  
Dove season is here so good to some of our little doves. I don't see very many this year. Not like in past years. I think a rain at the wrong time for their hatching got the little fellows.  
Claud and Mable Parker, and Bob Markham visited the Colie Parkers Thursday.  
I was sorry to report I heard Cora Helton fell broke her hip. We wish for her a speedy recovery.

Colie and Vetola attended the very good barbecue supper at the Cliff Walker gas well site Friday night. There were a lot of way back friends there. The food was catered by Dyers in Pampa which is always very good.  
After the supper we visited Claud and Mable Parker.

wood-toned furniture with painted colored finishes, or antique with modern.

Select well designed pieces of any era to live well together. Unity is the most important room planning guide. For unity, a room must have harmony or continuity.

This can be achieved in a variety of ways: Use one color or different values and intensities of the same color in the room to accomplish unity.

Or, use the same types of wood. The unification of a room, then, is carried out by repeating certain elements.

Well chosen furnishings, materials and accessories of good quality and design or value as collectors' items or antique will provide a living environment in which an individual personality is the most important feature.

Exhibit collections with regard to their decorative value and show them in arrangements that agree with the design and mood of the room.

MIXING FURNITURE STYLES, MATERIALS, ACCESSORIES--ADD ONE Use table cabinets and built-in or free-standing cabinets to contain rarities, and hang certain types of collectors' items.

The length of her long full skirt was traced in Venice lace and fell to a Venice lace edged hemline which swept into a chapel length train.

Her fingertip veil of bridal illusion completed with lace was held in place with a matching candlelight coif trimmed in Venice lace.

A man really never dies while there are those on earth who loved him. . . A Man is never gone as long as there are those who remember him with fondness. . . and as long as his memory evokes a wistful sigh. All who loved, and who have been loved have earned a piece of immortality.
