District One-Act Play Contest To Be Friday

The District Interscholastic League One-Act Play contest will be conducted Friday, March 22 at Miami with six schools participating.

The plays are scheduled to begin promptly at 5:30 p.m. with Wheeler presenting the first play. Other schools will participate in the following order: Miami, Booker, Briscoe, Kelton and Morse.

The public is reminded of the fact that in order to witness a play one must be in the auditorium before a play is begun, otherwise, one must wait until the brief intermission between plays.

Judge for the event is Dr. C. Tolliver, head of the Speech Department of West Texas State, Canyon.

Contest director is Lawrence Overcast, speech instructor of Miami High School.

Wheeler's entry will be scenes from "All My Sons", a drama by Arthur Miller.

Appearing in the cast are: Bill Pearce—Joe Keller; Liz Wiley—Kate Keller; David Dunn—Chris Keller; Gwen Barnes—Ann Deever; Bobby Ely—George Deever; Stanley Baker—Jim Bayless; Carroll Killingsworth is directing the play.

Briscoe's entry, "Circumstances Alter Cases", is directed by Mrs. Vida Brown.

Those appearing in the cast include: Martha Helton, James Hefley, Beth Hefley, Ronny Hays and Mickey Fulks.

Kelton will present "The Pot Boiler" under the direction of Mrs. Anita Brown.

Cast members are: Michael Carver, Lynn Austin, Glenda Anderson, Penny Puryear, Sherry Burrell, Ken Abernathy, Mike Harvey and Glen Hagerman.

"Married at Sunrise" is to be presented by both Morse and Booker under the direction of Miss Gloria Price and Mrs. Alice A. Kirksey, respectively.

Miami will present "Albuquerque Ten Minutes" under the direction of Lawrence Overcast.

A Critique will be held in the Miami lunchroom following the contest.

Winners of the district contest will participate in the regional contest set for early April at Lubbock.

Other Events

Other literary and speech events will be held here April 5 while track and field events will be conducted at Booker April 6th.

Last Rites for Herbert Sivage Held in N. Mex.

Funeral services for Herbert Sivage of Portales, N.M., son of Mrs. Annie Sivage of this city, were conducted Tuesday at the Portales First Baptist Church.

Mr. Sivage is a former resident of this area. He had been quite ill for several weeks.

Mrs. P. A. Martin, a sister, is also listed among the survivors. Mrs. Martin and Mrs. Sivage have returned home after spending two weeks in Portales. (A detailed obituary will appear in next week's Times.)

CHAMBER MEETS FOR DISCUSSION OF ITS PROJECTS

The Chamber of Commerce met Tuesday evening for its regular meeting with 23 members present.

A program had not been planned for the evening to allow time to discuss C of C business. The first business was a report by James Verden of what the C of C spent at the Top o' Texas livestock show.

The Chamber bought 3 calves and 2 pigs and spent a total of \$424.96 at the show.

Verden then pointed out the fact that Lake Finsterwald was to open March 29 and urged the C of C to do everything possible to advertise this lake. He stated that this and added that Wheeler should be lake will be a boom to Wheeler grateful to the Finsterwalds for not leasing the lake in order to leave it open to the public since they had been offered a large sum of money for a lease on the lake.

It was reported that the recent Boxing Matches brought a net total of \$124.39. This money will go into the Christmas lighting fund.

Samples of the Wheeler brochure were passed out and it was announced that they will be complete very soon. This has been a project of the Chamber for several years. The brochures will be available at all the business houses, including service stations and cafes and will be enclosed in Chamber of Commerce correspondence.

Gordon Stiles brought the group up to date on the Sweetwater Creek Watershed project. He also pointed out these facts of interest: Sweetwater Creek is 60 miles long, elevation is 3,000 to 2,000 feet and the water in Sweetwater has been designated the best water in the Southwest United States.

Most of the letters of intent concerning the watershed project have been signed and returned.

The group voted to sponsor the Mobeetie Appreciation Banquet as soon as possible. Arling Cordell agreed to meet with the P-TA to set a tentative date.

The next meeting will be April 16 at 7:30 p.m. at Nora's Cafe. Become a member of the Chamber of Commerce and help our town grow.

MISSIONARY TO ADDRESS GROUP

J. C. Shewmaker, African Missionary, will speak Wednesday evening, March 27, at 7:30 p.m. at the Wheeler Church of Christ.

Shewmaker, and his wife, Joyce Copeland Shewmaker, are graduates of Harding College, Searcy, Ark., and spent about ten years teaching in that state.

In 1939 they, with their two sons, entered the African Mission field, working with the Sinda and Namwianga missions in Northern Rhodesia, some 2,000 miles north of Cape Town.

The Shewmakers are making their second visit in 24 years among Churches of Christ. A report of the country, school work with some 3000 native and European students and the church will be given.

The public is invited to hear the reports of these devoted missionaries.

Absentee Voting Will Close In City Election

March 29 is the last day for absentee voting in the City Council Election set for April 2.

Absentee voting is being done in the County Clerk's office. The two names of J. C. Holcomb and C. O. Martin are the only ones appearing on the ballot; however, there are three places to be filled on the council.

Wheeler Wins Lefors Junior Meet

GOPHER CONTROL: County Agricultural Agent, Charles Jackson, explains the process by which gopher control is highly successful with the Burrow-Builder machine. As much as 100 acres per day can be treated with this machine. (For additional information please refer to "Agricultural Agent's Notes", found elsewhere in this edition.)

ABSENTEE VOTES ARE BEING CAST

Absentee voting for school trustees is in progress and will continue through April 2.

If you are planning to be out of town on Election Day, April 6, you are urged to vote an absentee ballot at the county clerk's office.

Names appearing on the ballots for school Trustees, according to petitions properly filed are as follows:

- County Trustee at Large, Max Wiley.
- Commissioner Precinct No. 1, E. Johnston, A. G. Caldwell.
- Commissioner Precinct No. 3, Paul Macina.
- Mobeetie (2) C. W. Stribling, Clifford Walser.
- Wheeler (3) W. A. (Dub) Goad, Harold S. Kenady (Re-election) Virgil Patterson.
- Allison (2) Bill Donaldson, Bill Begert, Doner Miller.
- Kelton (3) C. J. Davis, J. F. Graig, H. D. Pond, Leonard Mills, Garland C. Abernathy, R. E. (Bud) Errington.
- Lela (2) Robert Terry, Jhon McDowell, Harry Funk.
- Briscoe (2) Jack Meek, Dean Tipps, Willis Fillingim.

Bartree Addresses Club

Guest speaker at the Wheeler Kiwanis Club Monday was Duane Bartree, area conservationist with the Soil Conservation Service, of Pampa.

In speaking on "Multi-Purpose Use of Watershed Projects", Mr. Bartree directed his discussion toward opportunities of the local people in using Sweetwater Creek Watershed structures for municipal & recreational purposes in addition to their primary purposes, Flood Prevention.

These structures could also be used for irrigation, industrial and wildlife development.

Wheeler has indicated definite interest in developing municipal water as a part of the Sweetwater Creek Watershed project and Mr. Bartree explained some of the provisions of the present law for municipal water.

(A detailed narration of the informative speech by Mr. Bartree will appear in next week's Times.)

ROB WILSON TAKES HONOR

Bob Wilson, local Fuller Brush Man, received first place in the comic float division of the St. Patrick's Day parade last Saturday in Shamrock. Bob received a large plaque in recognition of the award.

Bob also received top honors last year for his entry in the same division.

The Wheeler seventh and eighth grade track team captured top honors at the Lefors track meet Tuesday.

According to coach Richard Gaines, the 5.9 second time in the 50 yard dash and the 10.6 second time in the 100 yard dash, both by Bobby Vanpool, is an outstanding time for high school events and practically unheard of for grade school.

Total points for the four-team event were as follows:

- Wheeler—50
- Skellytown—44
- Lefors—18
- Groom—9

Elliott of Skellytown received the trophy for high point individual scoring with 25 points.

Event and time results were: (Names are in order of placing.)

- 100 yd. Low Hurdles (12.6): Elliott, Skellytown; Todd, Lefors; Carter, Skellytown; Pittman, Lefors.
- 60 yd. High Hurdles (9.5): Lumon, Skellytown; Todd, Lefors; Marlar, Skellytown.
- 440 yd. Relay (51.9): Wheeler, Skellytown, Lefors, Groom.

Services Are Held For Wichita Falls Resident, F. Atherton's Brother

Last rites for A. J. G. Atherton, 69, of 2105 Jones, Wichita Falls, were conducted March 5 in the Owen-Brumley Funeral Home chapel with Dr. Earle Crawford, pastor of First Presbyterian Church, officiating.

Atherton, a retired railroad man, passed away March 3 at Dennison. He was a charter member of Mask Temple and a member of Wichita Falls Lodge 635, the Dallas Consistory of Scottish Rite and the Senior Citizens Club.

Burial was in Crestview Memorial Park with Masonic grave side rites conducted by Wichita Falls Lodge 65, A.F.&A.M.

Survivors include two brothers, Floyd Atherton of Wheeler, Joe Atherton of Stinnet; three sisters, Mrs. Addie Novak, Spearman, Mrs. Tip Anderson of Aurora, Colo., and Mrs. Reda Schaffer of Roseville, Calif.

Lake Finsterwald Is To Open Friday, March 29

The official opening of Lake Finsterwald will be March 29, according to the managers, Clark Reagen and Larry Finsterwald.

The lake, located 12 miles north of Wheeler on Hy. 83, can also be reached by going seven miles east of New Mobeetie on Farm Road 1046 and then 1 1/2 mi. north on hy. 83. A sign will appear on the west side of the highway at the place to turn.

A 24-hour fishing permit can be purchased with a bag limit of 5 Bass, 10 Red Ear and 5 Channel Cat. No fishing will be allowed without a permit.

Picnic supplies and auto service are available at Clark Reagen's Gageby Store.

This lake should provide much entertainment for not only residents of the Wheeler area, but for fishermen in the entire Panhandle.

SEEP POND on the T. J. Cole, Jr., farm south east of Wheeler is one of many being built in the Wheeler Co. Soil Conservation District. These ponds, dug into a high water table to furnish stockwater the year around, are cheap sources of water and require little or no maintenance. In addition to furnishing water for livestock, fish such as Bass and Channel Catfish can be grown very well in these ponds. They also furnish a limited amount of irrigation water as well as supply water for wildlife such as deer, quail, turkey, and dove. Such ponds are cost-shared as a source of stockwater through the ACP and Great Plains program.

NEW OWNERS FOR COURTS, CAROL'S

Cecil and Geneva Snelgroves recently purchased Modern Courts and Carol's Beauty Salon from Howard Caswell.

Carol's Beauty Salon will continue to be open for business Tuesday through Saturday's. The shop will be closed each Monday as has been the practice in the past.

Norma Lee Black will continue as beauty operator at Carol's and will be working Tuesday through Saturday each week. Evelyn Lyle will be working each Thursday and Friday.

The Snelgroves join Mrs. Black and Mrs. Lyle in urging all the regular patrons to continue their visits to Carol's and stress the fact that anyone is always welcome to visit.

The Snelgroves have two children, Dren, Debbie, 15, and Daryl, 16.

Mrs. Snelgroves is employed as a nurse at Shamrock General Hospital.

The Howard Caswells have moved to their new home near Sayre, Okla.

Services Held For Infant Daughter of Schaffers

Funeral services for the infant daughter of Mr. and Mrs. Samuel C. Schaffer were conducted at the Kirk Funeral Home Wednesday at 2 p.m. with Rev. Frank Ross, pastor of the First Baptist Church officiating.

The child was born but failed to survive at Shamrock on March 18.

Survivors in addition to the parents are one sister, Diana; one brother, Carlton of the home; grandparents, Mr. and Mrs. Charlie Harding of Wheeler and Mr. and Mrs. Tom Schaffer of Pampa.

Interment was in the Wheeler Cemetery under the direction of Kirk Funeral Home.

Mrs. Robert McNeil Is Hostess For Thursday Review Club Meeting

The Thursday Review Club met on Thursday, March 14 at 7:30 p. m. in the home of Mrs. Robert McNeil.

Mrs. Bob Henderson, president, presided at the business meeting. Mrs. Robert Denson presented a program on Early Texas Homes. The narrative was illustrated by Mrs. Denson's original ink drawings depicting Texas homes from the early dugouts through the elaborate mansions of the 19th century. Mrs. Denson also displayed several photographs of Wheeler County dating back to the early 1920's.

Mrs. Harrison Hall presented a discussion of "Antiques in the Attic" in which she mentioned ways frequently found in attic or store room. In closing the program, each club member displayed an antique from her own home, giving a brief history of the object.

Refreshments carrying out the green and white theme for St. Patrick's Day were served to one guest, Mrs. Grady Burnett, and the following club members: Miss Wilma Hefley, and Mesdames Earl Barnes, David Britt, Richard Brown, Robert Denson; Jack Garrison; Harrison Hall; Bob Patterson, Coy Revison, Thurman Rives, Bob Henderson, R. J. Holt, Jr., Charles Jackson, H. C. Johnson, Gene Mack, Paul Millet, E. M. Moore, Grainger Melihany, John Vise, N. D. Ware, Jr., Hyland Weaver and the hostesses.

NEWS and VIEWS

Of J. Loyd Rice

The Wheeler Riding Club was shining Saturday in the big parade at Shamrock. Yeh, they looked good. I did not recognize all the riders, but Milton Lile and Bus Walker were there.

I had just been up to the hospital to visit Mr. J. E. Clay, and found Cotton Clay there. Cotton lives in San Angelo where Bea's people live. We had much to talk about. He and I stood up in the back of my pickup with the dirt from the North Ward School ground beating up in the back. Finally we decided to join Bea in the cab and watch through the windshield. It was a good parade in spite of the wind.

There is nothing more refreshing in human relations than the visit of good old friends. We were blessed with that privilege twice last week. Mr. and Mrs. W. N. Ashley from Clovis, N.M., spent two night with us, then Cotton Clay ate breakfast with me, kinda late in the morning, on Saturday. There is nothing more heart-breaking than to see dear old friends sick and suffering. Our hearts are touched in deep sympathy for the family of our dear old friend, J. E. Clay. We still pray that he may soon recover.

Mr. and Mrs. Clois Jolly of Twitty are walking on air now. On Sunday morning, the real St. Pat's Day, a wonderful little son arrived to bless the home of Mr. and Mrs. David (coach) Kelley of Sham-

rock. Now it just happens that Mrs. Kelley is the former Miss Becky Jolly, daughter of Clois and Mrs. Jolly. The little Kelley is the first grandson of Clois and Mutt. They do have a wonderful little granddaughter however, but a brand new grandson brought new thrills.

We are happy to report that the new father is doing fine, and grandfather Jolly is recuperating nicely!

WHEELER COUNTY

Soil Conservation News . . .

Terracing and grass planting have been the major conservation practices in Wheeler County Soil Conservation District the past week. Homer McCormick, Eddie O'Gorman and Cleo Eggs of Twitty, Tom Bryant, George Davidson, T. B. Killingsworth, and W. H. Lister of Kelton, and John Wright of Briscoe completed terraces last week. Terraces are under construction on several farms at Shamrock and Lela.

Harold Williams of Shamrock, E. R. Errington at Kelton and R. H.

Lacy have planted grass through the Great Plains program. A large number of farmers have planted grass through the ASC program.

The county agent, Charles Jackson, reports that interest in midland bermuda pastures is very good. Research provided by agricultural agencies of the County shows that midland bermuda should be planted only where plenty of moisture is available, such as sub-irrigated land, waterways and under irrigation.

Mrs. Jimmy Jamieson of Amarillo visited here last week with Roe Green, and Mr. and Mrs. Rex Immel.

Mr. and Mrs. Tommy Wheeler were enroute to make their home at Waukria, Okla.

Bill Green, student at Amarillo Jr. College, was awarded a record player for correctly guessing the number of records played per day by Radio Station KIXZ, Amarillo.

Weekend visitors in the Jim Stien home were Mr. and Mrs. Billy Stien and daughter of Big Springs, Mrs. Eva Veazey of Amarillo, Mr. and Mrs. Chester Wooten, Miss Lois Allen and Miss Kay Allen all of Canadian.

Skip the sulphur and molasses— get a CHEVROLET SUPER SPORT

Chevrolet Super Sports* have a charm that soothes your springtime yen for romantic adventure as fast as you can slip into a bucket seat. (Especially the Impala's, with its adjustable new Comfortilt steering wheel*) Front bucket seats are a great start, but Super Sports also feature plush all-vinyl interiors, special interior-exterior trim in tasteful touches, and a veritable feast of goodies we call performance options*. Chevrolet and Chevy II Super Sports invite adventure in convertible or coupe form. That same Super

Sport zing applies to the Corvair Monza Spyder, very breezy with its air-cooled 150-horsepower rear-mounted engine, and 4-speed shift*. Ditto for the new Corvette Sting Ray, a magnificent thoroughbred among pure-blood sports cars with not a single sacrifice in comfort. Both Spyder and Sting Ray come in coupe or convertible styles. All Chevrolet Super Sports are like spring days—you've got to get out in them to savor them. So catch yourself a passing zephyr and wait on down to your Chevrolet showroom.

Models shown clockwise: Corvette Sting Ray Convertible, Corvair Monza Spyder Convertible, Chevrolet Impala Super Sport Convertible, Chevy II Nova 400 Super Sport Convertible. Center: Soap Box Derby Racer, built by All-American boys.

With all these Issims and Aintisms it gets confusin to know that is goin on around the country. The Issims say we are done gone to pot and the Aintisms say we are sailin along fine. It gets mighty confusin to a bird like myself to decide to finish my Bomb Shelter or convert it to a Tater patch. Shuchins I wish somebody would get us on the right track as to our thinkin.

Back when I wuz a Youngun my Mama would tell me she would skin the daylight out of me if I did whatever she told me not to and when I did it she would get her little Peach limb and wade it to the little back side of me like a Horned Toads Tongue in a red ant bed. Im tellin you for a few days I wuz one of the best younguns on the block, then I would sort of forget and build myself up for another skinnin.

Dont you suppose us older folks are sort of like a kid, just have to venture out and take that chance on gettin a skinnin. Seems like there is somethin in The Good Book about it anyhow.

BEDTIME STORY

Ned always takes the children up to bed at night—it's something he wouldn't miss. What amazes our friends is the fact that they always go smilingly. No fuss, no tears.

That's Ned's doing. He has made bedtime something very special for our youngsters. After he has tucked them in, he sits down and tells them a story, sometimes pure make-believe, but often, Ned takes his bedtime stories from the Bible.

At Christmas, he tells them the story of the little Jesus. At Easter, he points

out the beauty of Spring, and speaks of the wonders of hope and faith. He keeps the stories very simple . . . and how our kids love them! When they started Church School this past year, they felt as if they had rediscovered old friends, so familiar were Biblical names and places.

Some people feel that religion is too "deep" for small children. Ned and I don't. To us, learning about our Faith is a vital part of life. We would hate to have missed it ourselves . . . and we've no intention of having our children miss it. That's why, each Sunday, you'll be seeing us in Church.

ALL ABOUT YOUR SCHOOL

By Arling Cordell
Wheeler Schools

One of the major projects sponsored by our student council. I think, is the formation of a Chapter of the National Honor Society for the first time in Wheeler. This organization requires for membership a high level of academic achievement and is a real honor to those who attain it.

I am to be in Albuquerque, N. M. for a three-day meeting starting this weekend. We will have educators from a five state area, and much good information on problems common to us all will be given.

The Key Club, sponsored by the Kiwanis Club, has very kindly invited us (my wife and I) to accompany them to San Antonio on April 19 for their convention. We are looking forward very much to this trip.

Our spring interscholastic League Meet activities begin this week on Friday evening at Miami when the one-act plays are to be presented. Literary and speech events will be on April 5, followed by the track and field events at Booker on April 6. Everyone is working hard to be ready.

MOBEETIE P-TA MEETING IS HELD

The Mobeetie P-TA met Thursday evening in the high school study hall for its regular meeting and to observe Texas Public School Week.

The meeting was opened with the P-TA prayer.

The business session was conducted by Mrs. Maurita Stribling, president.

The nominating committee presented the following for 1963-64 officers: president, Mrs. Louise Hogan; vice president, Mrs. Peggy Dunn; secretary, Mrs. Clara Ridgway; treasurer, Mrs. Pat Johnston.

Betty Read asked for donations of Maney or food for the Chuck Wagon Supper for the County School trustees and superintendents to be held in April.

The 7th and 8th grade room had the largest room count.

Mrs. Cula Nowlin was guest speaker for the evening, her topic being "Self-Preservation in Case of a Natural or Man Made Disaster."

Each teacher was presented a cake to show appreciation and consideration of them.

Mr. Morris dismissed the group with prayer.

Refreshments were served by the 9th and 10th grades.

IT'S A BOY

Mr. and Mrs. Troy D. Jones are proud to announce the arrival of a new son, Jeffrey Troy, born Mar. 2, in Memphis, Tenn. Jeffrey weighed 7 lbs. 15 ozs.

The Joneses have two other children, Connie 6 and Bradley 4.

Grandparents are Mr. and Mrs. Loyd Jones of Allison and Mr. and Mrs. Archie Collins of Amarillo.

THIS WORLD

WE LIVE EASIER BECAUSE OF CANS...

COSMETICS ARE READY FOR USE, FOR HOME OR PURSE, IN METAL CANS.

MEDICINES, PILLS, THROAT SPRAYS MAY NOW BE CARRIED IN OUR POCKETS BECAUSE OF METAL CONTAINERS.

PAINT PIGMENTS HAD TO BE BOUND AND MIXED WITH LIQUID ON THE SITE BEFORE 1865, WHEN "READY TO USE PAINTS" IN METAL CANS FIRST APPEARED.

FASHIONS IN BEAUTY REFLECT SOCIAL CHANGES AS PICTURED BY ARTISTS THROUGHOUT HISTORY...

THE GREEKS SOUGHT A PERFECT HUMAN FORM.

IN THE MIDDLE AGES WHEN FOOD SUPPLY WAS POOR, ARTISTS SHOWED WOMEN WITH THIN ARMS AND LESS AND ENLARGED ABDOMENS.

FLEASHY PAINTERS SHOWED FULL FIGURES WHEN BEING FAT MEANT WEALTH.

NOWADAYS, SCIENCE SAYS A SLIM FIGURE MEANS HEALTH, AND ARTISTS AND FASHION DESIGNERS FOLLOW THE TREND...

TODAY, IN GROCERY STORES, THE LATEST FASHION IN DRESS PATTERNS IS OFFERED WITH THE LATEST LIQUID DIET FOOD, SEBO, FOR THE ONE OUT OF THREE AMERICAN WOMEN WHO IS DIETING FOR HEALTH AND BEAUTY.

THE LAND IS A GARDEN OF EDEN BEFORE THEM AND BEHIND THEM A WILDERNESS. SO SPOKE MOSES TO THE ISRAELITES IN THE WILDERNESS YEARS AGO.

INSECTS AGAINST MAN...

THE LOCUST IS BUT ONE OF THE MORE THAN 6,000 SPECIES OF INSECTS THAT FEED ON MAN'S LIMITED SOURCE OF FOOD SUPPLY. THUS, IT IS NATURAL FOR MAN TO DEFEND HIMSELF WITH INSECTICIDES.

LEADERS IN THE INSECT WAR ARE THE FARMERS AND RANCHERS WHO MUST PRODUCE FOOD FOR THE WORLD'S POPULATION...

RESEARCH CHEMISTS PROVEN HEROES...

BY A HEAVY INSECT INVASION IN EGYPT, A FAMINE CRISIS WAS AVERTED WHEN AN EGYPTIAN MINISTER OF AGRICULTURE ORDERED THE EMERGENCY AIR-LIFTING OF TONS OF INSECTICIDE. A NEW INSECTICIDE, KNOWN AS DDT, HAD BEEN TESTED AND PROVEN AS AN EFFECTIVE AND SAFE CHEMICAL BY AGRICULTURAL EXPERIMENTERS OF MANY DIFFERENT COUNTRIES.

In Our Time

CANS OF ROAST VEAL LEFT IN THE ARCTIC BY AN EXPLORER IN 1824 WERE FOUND A CENTURY LATER; THE VEAL WAS STILL TASTY AND WHOLESOME.

CANNED TIPS...

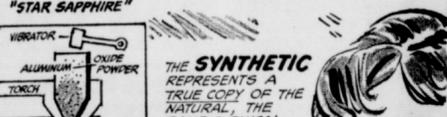

YOU CAN SAFELY STORE LEFTOVER CANNED FOODS IN THEIR CANS OR JARS... THE INSIDE OF THE CONTAINER IS STERILE.

CANNED FOODS WILL KEEP FOR YEARS AS LONG AS THE CANS REMAIN SEALED. STORE THEM IN A DRY PLACE AWAY FROM HEAT. A PRODUCT STORED AT 70 DEGREES WILL KEEP ABOUT TWICE AS LONG AS ONE STORED AT 90 DEGREES.

CANNED FOODS NEED LITTLE CARE...

LIKE FAVORITE BED LINENS, CANNED FOODS STORED ON SHELVES SHOULD BE ROTATED... NEW PURCHASES TO THE REAR, EARLIER ONES UP FRONT FOR USE.

IN GEMSTONES, PARTICULARLY THE FAMED SAPPHIRES AND RUBIES, THE SYNTHETIC IS OFTEN AS DESIRABLE AS THE NATURAL... THE RARITY OF THE NATURAL MAKES IT MORE EXPENSIVE.

THE SYNTHETIC REPRESENTS A TRUE COPY OF THE NATURAL, THE SAME CHEMICAL COMPOSITION AND ATOMIC ARRANGEMENT OF CRYSTAL STRUCTURE...

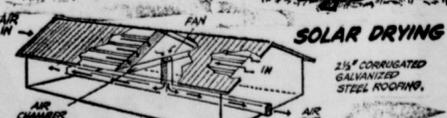

IN 1904, A FRENCH SCIENTIST, VERNEUIL, DEVELOPED A PROCESS TO GROW SYNTHETIC RUBY AND LATER THE SAPPHIRE... BUT NOT UNTIL 1947, WAS A METHOD DEvised BY LINDE FOR MAKING STAR SAPPHIRES. THEY ARE KNOWN AS THE "GIFT OF KINGS."

BASED ON THE ORIGINAL VERNEUIL PROCESS, IT IS KNOWN AS THE FLAME-FUSION PROCESS.

MAGNETIC CANS. WARY HOUSEWIVES ARE SHOPPING WITH MAGNETS THESE DAYS TO BE SURE CANS HAVE REGULAR TEMPLATED STEEL ENDS. CAN OPENERS CAN'T KEEP LIDS OF NON-MAGNETIC METALS FROM FALLING INTO CONTENTS.

BETTER ROADS. USE OF HIGH-STRENGTH STEEL REINFORCING RODS IN CONCRETE HIGHWAYS ALLOWS CONTINUOUS PAVING... ELIMINATES JOINTS THAT PRODUCE "DOUBLE THUMPS," REDUCES ROAD-BUILDING AND MAINTENANCE COSTS.

SPECIALY DESIGNED GALVANIZED STEEL ROOFS ON FARM BARNS COLLECT FREE HEAT FROM THE SUN TO DRY GRAIN AND OTHER CROPS AND SAVE 10 TO 20% LOSS WHEN CROPS ARE FIELD DRIED.

General Telephone towns are on the move!

Port O'Connor Defies a Hurricane's Fury

In September of 1961, the Texas Gulf resort and fishing center of Port O'Connor suffered almost total destruction from Hurricane Carla

But the proud, determined and energetic community of about a thousand people, refused to admit defeat. Today, homes, business buildings and fishing facilities have been rebuilt larger, more permanently and with a fresh, new look.

Port O'Connor's amazingly complete

come-back is another reason why we say that big things are happening in General Telephone towns.

Yes, towns in our service area are on the move. Community improvements are under way, local resources are being developed, new industries are coming in. First Air-Conditioned School
Readin, Ritin & Rithmetic The Comfy Way

ALBANY, GA. — Youngsters use the phrase "It's Cool" to describe many things, but to pupils at Flintside Elementary School here, it has a special meaning. Flintside is the first air-conditioned public school in the state of Georgia. Opened last fall, it is the forerunner of several other air-conditioned schools subsequently completed and a dozen others now under construction within the state.

Success of the Flintside installation contributed to a policy decision by education officials of Dougherty County, in which Albany is located, to air-condition all public schools in the future. Currently under construction there are four schools, all air-conditioned. Total cost of the projects is \$3,500,000.

The Flintside school has 20 classrooms, a "cafetorium," kitchen, library, and offices. In addition to the honor of being first, the school utilizes a new heating-cooling-ventilating concept developed by the Modine Manufacturing Company, Racine, Wis.

Each of the classrooms is heated, cooled, and ventilated by a Modine School-Vent unit which assures accurate, fast and quiet temperature control. The system is constantly alert to changes in classroom temperatures and fresh-air requirements, adjusting automatically to maintain pinpoint comfort.

Temperature in each room is individually controlled. Thus rooms being heated by direct rays of the sun on one side of the school can be cooled, while rooms on the other side can be warmed simultaneously. Fresh air is blended automatically with recirculated air.

This new concept is based on controlling air temperature, rather than water temperature, by a unique full-damper system. This offers the advantage of better humidity control. The system directs air through and around the heating-cooling coil. Depending on the temperature desired, cold or hot water is provided from a central boiler and water chiller.

Officials report that the air-conditioning system using Modine School-Vents adds "very little" to the cost of a school equipped for heating only. Industry studies show that savings of over 30% have been achieved over most other types of air-conditioning installations.

Celebration of 15th Anniversary of TRC

Members of the Thursday Review Club entertained with a guest meeting on February 28th in Fellowship Hall of Wheeler Methodist Church. The event marked the 15th year of federation for the club.

Special guests for the evening were members of the Wednesday Study Club, The Progressive Study Club and the #54 Study Club, all of Wheeler.

Mrs. Richard Brown, Kelton, speech and English teacher, and member of the hostess club, presented a book review of "Life Among the Savages", a printed account of life with small children in suburbia by Shirley Jackson.

The serving table, covered with a white linen cloth, was centered with a silver epergne containing an arrangement of janquils, pom-pom mums and blue iris, flanked by silver candelabra holding candles of Janquil yellow. Sterling and crystal appointments completed the decor.

Hostesses for the event were members of the social committee of the Thursday Review Club, including Mrs. Thurman Rives, chairman, and Mesdames David Britt, H. C. Johnson and Hyland Weaver.

Approximately fifty guests were present for the event.

ERISCOE 4-H CLUB MEETS

The Briscoe 4-H Club met Monday in the Club House with Judy Finsterwald presiding.

It was decided to send pocket books to the Veterans Hospital at Amarillo.

Adult leader, Mrs. Milton Finsterwald, passed out Standard Report Forms and some of the older members and leader helped the new members complete them.

Recreation was led by Helen Puryear.

Refreshments were served by Bill Walker to Judy Finsterwald, Diane Dodd, Mike Hendrick, Richard Meadows, John Meadows, Eddie Meadows and Helen Puryear.

Also to Mrs. Milton Finsterwald, Mrs. Roy Meadows, Mrs. Grady Dodd, Mrs. Jeff Puryear, Lucy Meadows and Mary Puryear.

"my **BIG** reason for ELECTRIC CLOTHES DRYING..."

Saves Time!"

SAYS
Mrs. Alvin Earnst,
1310 N. QUINN
GUYMON, OKLA.

"I save time by not having to put up clotheslines, hang clothes or take in clothes. There's no rewashing of accidentally soiled clothes and so many items can be damp-dried and ironed without sprinkling," Mrs. Earnst points out. You'll find that an electric clothes dryer will save you time, too.

NOW-SPECIAL OFFER

Now, while you can get a free Toastmaster steam and dry iron plus the ironing board that folds flat and fits in a suitcase, is the time to buy your electric clothes dryer. Your participating Reddy Kilowatt dealer is the place. Available to Southwestern Public Service Company customers.

AGRICULTURAL AGENT'S NOTES

Charles Jackson, County Agri. Agent

Gopher Control has certainly created a lot of interest in Wheeler County during the past couple of weeks. Two demonstrations were conducted in the county to demonstrate the proper method of eradication. There demonstrations were presented to the Garden Clubs in Wheeler and Shamrock and other interested persons by V. R. Smith, fieldman for the Texas Rodent and Predator Control Service.

Since gophers (salamanders)

Gopher Trapping

Gophers can be controlled successfully if applied by the proper method. If traps are used, a hole should be dug through the gopher run and a trap should be set in each direction. Precaution should be taken to make sure that the hole is clear of dirt and that the trap is placed so that the animal will crawl over the trap before hitting the trigger. The trap should always be staked with a straight piece of wire after it is set, so as to prevent the trap from being taken into the hole. The gopher resents any light that is allowed to infiltrate his run and he will try to push dirt over the opening to stop the light and this is the point that makes the trap effective.

Another method of gopher control is the probe method. This is where a stick or rod the size of a hoe handle is used to punch into the ground over the runway. Pushing should be stopped soon as you feel the stick enter the run. Do not go through and hit the bottom of the run.

Place one teaspoon of poisoned grain in the run through the hole you made at each fresh mound. You will need 1/2 pound for each 3 or 4 acres. The hole should be covered with a chip or piece of sod and dirt should be poured over it to keep light out of the runway. Dirt should not be allowed to sift over the poison.

For large areas a Burrow-Builder machine can be constructed that can be pulled behind a tractor that has a three-point hitch. As much as a hundred acres per day can be treated with a machine such as this and the grain required is 1 1/2 to 2 pounds per acre. Plans for building a machine like this can be obtained from the Extension Service through the County Agents Office.

Traps are available for loan for gopher and mole control from the office and the poison grain may be purchased from the County Treasurer office.

Mendall Hunter, 17-year-old son of Mr. and Mrs. Hoy Hunter, was chosen by the student body to serve as student council president for 1963-64. By winning this election, Mendall is following the precedent set by his older brothers, Larry and Troyce, who served as presidents of the student council in previous years. In addition to this office, Mendall will also serve as vice-president of the Key Club and is active in F.F.A. He participates in sports and was named to the All-District Football team, was on the honorable mention conference team in basketball, and the All-Tournament team in the Canadian Tournament. Other officers for the new year are chaplain, Marilyn Nash, song leader, Billy Overcast; flag bearers, Ken Daughtry and Tommy Newkirk.

Mr. and Mrs. Charles Brittain and family of Fritch spent the weekend with his parents, Mr. and Mrs. Charlie Brittain and girls in Kelton.

COUNTY WIDE SPELLING BEE WAS HELD HERE

The Wheeler County Spelling Bee, directed by Sallie Harris, was quite a success this week. The winners were:

Senior Division—First, Elizabeth Wofford, Shamrock; Second, Donald White, Lela; Third, Vickie Parrish, Shamrock.

Junior Division—First, Lajuanna Bailey, Shamrock; Second, Sherry Tarbet, Kellerville; Third, Johnnie Richardson, Allison.

There were eleven pupils in the senior group who spelled eighteen rounds before Elizabeth Wofford was the only one who had not missed a word.

The juniors spelled twenty one rounds in their contest. Here is a list of winners by schools:

- Seniors:**
 Shamrock—Elizabeth Wofford, 1st; Vickie Parrish, 2nd.
 Wheeler—John Moore, 1st; Linda Moore, 2nd.
 Allison—Wilford Marshall, 1st; Janice Corness, 2nd.
 Briscoe—Linda Blackburn, 1st.
 Kellerville—Don Tidwell, 1st; Danny Jackson, 2nd.
 Lela—Donald White, 1st; Danny Rankins, 2nd.
- Juniors:**
 Shamrock—Lajuanna Bailey, 1st; Ricky Woollard, 2nd.
 Wheeler—Nancy Wiley, 1st; Ronald Rives, 2nd.
 Allison—Johnny Richardson, 1st; Jimmy Gilmer, 2nd.
 Kellerville—Sherry Tarbet, 1st; Lela, Sharon Wells, 1st; Rebecca Brock, 2nd.

The pronouncer was Mrs. Myrtle Trout of Mobeetie. The judges were: Mary Barnes of Wheeler; Helen Hardin of Shamrock and Ann Gandy of Wheeler.

There were a large number of visitors to hear the contest this year. Mrs. Harris stated, "We appreciate the visitors very much and I am sure that encourages the spellers."

We were glad to see the following teacher-sponsors present: Mrs. Scott and Mrs. Barrett of Shamrock; Mrs. Denson and Mrs. Gilbert of Wheeler; Mrs. Newsom of Allison; Mr. Pike of Kellerville and Mr. Reynolds of Lela."

What's The Weather At 37,000 Feet?

Rosemary Haley is one of the attractive young women who report weather information on television. Recently, intrigued by a booklet entitled WHAT'S THE WEATHER? distributed by Air France, she decided to investigate how airlines and the weather work together for the benefit of the air traveler.

Always inquiring and thorough, Rosemary went to New York's Idlewild airport to hear the briefing of Captains George Libert and Alfred Dombraval before the departure of Air France's "Golden Parisian" flight 010. She witnessed, and later reported on her daily show, how a transatlantic pilot maps out three alternate routes before take-off to decide on the one which insures the most advantageous weather conditions.

She learned how temperatures, altitude, and jet streams are harnessed to insure speed and the ultimate in flight comfort; how a team of technicians in North America and in Europe follows the flight of intercontinental jets second by second, from take-off to landing.

Mrs. Haley also inspected sensitive electronic weather instruments at Air France's meteorological center and studied how information is processed onto weather charts. Not only does Rosemary mastermind her own show, Haley's Comment, but this mother of three small children also reports child features on the Flair show, ABC-TV network. Weather buffs interested in receiving a complimentary copy of the award-winning booklet WHAT'S THE WEATHER? need only get in touch with Air France offices located throughout the United States and Canada, or with Department DX, Air France, 683 Fifth Avenue, New York City.

"A Child Is Waiting" Is To Be At Canadian Sayre College Explains Two Courses For Fall

"A CHILD IS WAITING" is a touching story of a training school for retarded children, much like the state school for mentally retarded at Abilene. There, the retarded at age 6 to adults, from 96 Texas counties, including the Panhandle, are accepted and helped.

Every parent should see this movie. Three out of every 100 children born are mentally retarded. This is a moving story of a very true and heartbreaking subject. The mentally retarded are not mentally ill. Retardation can occur before, after, or during birth. It is no respecter of race or creed. The retarded fall into three categories, custodial, trainable and educatable. With proper training, the last two categories can be taught to be self-supporting. The picture will be shown in Canadian, Texas, March 24, 25 and 26. Starring Burt Lancaster and Judy Garland, the movie also features actual retarded children, who are in a training school. According to the report, the children were letter perfect in their parts.

Visitors over the St. Patrick's Day weekend in the home of Mr. and Mrs. Bud Errington and Brenda were:

Mr. and Mrs. J. R. Errington and girls, Phyllis Wagner, Kenneth Errington, Miss Oneta Leman, Mr. and Mrs. Hal Richardson, all of Amarillo, Mr. and Mrs. J. R. Clements of Lubbock, Mr. and Mrs. Leonard Mills, Cornell of Kelton, Mr. and Mrs. Luther Parks and Mrs. J. B. Roper of Wheeler visited Sunday evening with them. Sunday dinner guests in the home of Mr. and Mrs. Otis Ford and Glenda were Mr. and Mrs. Roy Ford and family, Mr. and Mrs. K. D. Ford and family, Mr. and Mrs. R. J. Smith and Ted Atwood.

Mrs. Ina Young and Mrs. Winnie Norrid of Amarillo visited Sunday with their sister, Edna Wright.

The Electronics Department of Sayre Junior College has announced two new night courses that will begin with the fall semester. One course is entitled "Test Equipment Application." It will deal with the proper use and some problems of electronic test equipment such as signal generators, voltmeters, oscilloscopes and other test equipment used by radio and TV servicemen, telephone companies, cable TV companies and many industrial fields. This course is open to anyone and will be taught one night a week for 18 weeks. The other course will be entitled "Fundamentals of Radio." This course is a beginners course in radio and should appeal to those interested in how a radio works and to those interested in simple repair of radio circuits. This course is also open to anyone and will be offered one night a week for 18 weeks. Textbooks will not be required. A special set of notes are being prepared for each class and will be furnished to the students. It is expected that these classes will fill up rapidly and those interested should enroll now.
