Three Day Wheeler County Free Fair Opens Today

The next three days will be busy ones for Wheeler Countians and nearby residents. The 1962 Wheeler County Free Fair formally opens at the American Legion Building here this afternoon, with many of the entries expected before the day ends. Long a popular annual event, the fair will continue through Saturday.

Persons living and/or attending school in Wheeler County are eligible to enter the fair, and all entries must comply with the department rules with classification to be determined by the director or chairman of each department. Frank Walker, president of the fair board reported that a large number of entries are expected. J. R. Hefley is vice-president of the board and Henry Risner is secretary.

Farm products entered in the competition must have been grown by members of the community represented during 1962. In the event any classes are not filled, ribbons are to be awarded according to the placings of the judges. Purpose of the fair is to reflect the agricultural and individual development of the county. Much activity is ahead on the final day of the fair. The Flower Show, Horse Show and Junior Livestock Show are set Saturday, winding up the annual event. Mrs. Cora Hyatt is director of the Flower Show, which is being

sponsored by the North Wheeler Garden Club. The club has extended a special invitation to all county residents to enter their flower arrangements potted plants, African violets and specimens in the show. Deadline for entries is 9 a.m. Saturday. A member of the club will be present Friday afternoon, however, to accept any entries. John Hodges is serving as superintendent of the Junior Livestock Show, and all entries must

be in place by 10 a.m. Saturday. Co-chairmen of the Horse Show are Ty Mills and Mrs. Bus Freeman. All horses must be in place registered horses are eligible to be by 3 p.m. Saturday and only non entered. Other divisions are: Women's and girls', Mrs. Gordon Whitener, director; educational exhibits, Mrs. Milton Finsterwald; women's department, Mrs. Lindsey McCasland; products —

crops and forage—Eli Baker; creative arts, Mrs. Joe Rogers; commercial booths, Lewis Lancaster. Entries in the women's and girls' division must be in place by 6 p.m. today. In the products competition, entries are due by 7 p.m. today; creative arts, by 5 p.m. today; commercial booths by 8 a.m. Friday. Everyone is invited to attend the fair and view the many exhibits.

Big Dam On Sweetwater Creek

Reservoir Planning Is Moving Ahead

The Red River Authority of Texas has "moved forward rapidly" in preliminary planning for the construction of a reservoir on Sweetwater Creek, according to Fred Parkey, general manager of the authority. In a letter received by Mayor Thomas Daughtry, Parkey outlined the steps that have been taken since the authority's meeting several weeks ago in Shamrock.

Mobeetie Students Register Aug. 31; Classes Open Sept. 4

All students of the Mobeetie Schools will register Friday, Aug. 31, Supt. Paul J. Morris announced. School buses will run at 8:15 a.m. and a general assembly is scheduled for 8:30 to 9 a.m. in the gymnasium. Buses are to return students to their homes at 11 a.m. Morris said that a teachers meeting is planned on registration day for 11 a.m. to 12 noon, and football practice begins at 12:30 p.m. Regular classes are to begin at 8:15 a.m. Tuesday, Sept. 4, following Labor Day.

The superintendent reported that bus routes will be the same as last year, except all students living in Old Mobeetie will ride the south bus. A new Ford stationwagon will be used in the east route. Serving of lunches will begin in the new lunchroom just west of the gym, on the first day of school. Lunch prices will be: Students, monthly or weekly, 30 cents per meal including the second milk; students, daily, 35 cents including second milk, teachers, 35 cents per meal; visiting adults, 50 cents per meal.

Building Closed Morris announced that the grade school building in Old Mobeetie has been closed, and all grades will be taught in the high school building. New faculty members are Mrs. Roberta Adams, third and fourth grades; Mrs. Nova Joyner, fifth and sixth grades and high school bookkeeping, and Miss Jane Walters, junior high math and science.

The first P-TA meeting has been set for 8 p.m. Thursday, Sept. 13. The Homecoming football game will be with the Wheeler B team at 8 p.m. on Saturday, Sept. 22. The annual Homecoming dinner is to be served from 5:30 to 7 p.m. on that day.

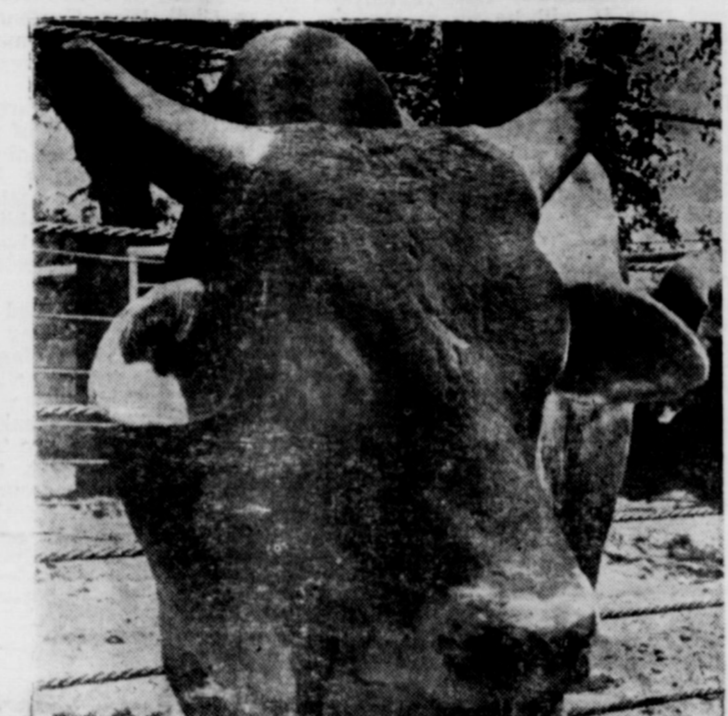

The complete football schedule includes: Sept. 14—Lakeview; Sept. 22—Wheeler B, here; Oct. 5—Booker; Oct. 12—Lakeview, here; Oct. 19—Miami, here; Nov. 2—Darrrouzett, here.

Kelton Methodists To Hold Revival

Rev. R. L. Grace, the pastor, will preach for revival services beginning at the Kelton Methodist Church Friday and continuing through Sept. 2. He will be assisted by his wife, who also is a minister. Teed Pond will direct the music. Prayer meetings are scheduled at 8 p.m. and preaching services at 8:30 p.m. and 10 a.m. Monday through Friday, Rev. Grace said. Rev. Grace invited all residents of Kelton and surrounding communities to attend the special services.

Wheeler County Singing Convention

Wheeler County Singing Convention is scheduled for 2 p.m. today in the Shamrock Methodist Church. The convention president invited everyone to attend which will last for two

CONTESTANT: A "Contestant" for the 18th annual Boys Ranch Rodeo, scheduled for 2.30 p.m. on Sept. 2 and 3.

Farm Labor Housing Loans Are Available Now Through FHA

Loans for the construction and repair of housing for domestic farm laborers may be obtained from the Farmers Home Administration, John L. Manning, the agency's supervisor for Wheeler, Hemphill and Roberts Counties, said today. The loans are available to farm owners, farmer associations and non-profit farm organizations. For example, a farm owner may use this loan to provide housing for his hired man and family. Or, an organization may secure a loan to provide housing for laborers employed in connection with a vegetable or fruit farm operation.

The funds may be used to construct housing and related facilities such as kitchens and dining halls and to develop water, sewerage, heat and light systems needed in connection with the housing. Applicants must be unable to provide adequate financing themselves or to obtain necessary credit elsewhere at reasonable rates. Loans are repayable over periods to 33 years with five per cent current interest rate. No loan may exceed the normal (Continued on Page 8, No. 3)

Mrs. Nash Suffers Broken Right Arm

Mrs. Estelle Nash has returned to her home after a stay in Shamrock General Hospital for treatment of a broken arm. Mrs. Nash was injured when she fell recently at her home. Her right arm was broken.

Evangelistic Meeting Is Continuing Here

Attendance at the Wheeler Church of Christ evangelistic meeting has been good, and the services will continue through Sunday, Robert C. Frahm, minister, said Wednesday. Evangelist Bill Luttrell of Houma, La., is preaching for the meeting, with singing under the direction of Duane Mahoney.

Quarterback Club Meets on Monday

The Wheeler Quarterback Club will hold its first meeting of the season Monday night at Nicholson Field, and all football parents and other fans are invited to attend. Virgil Jamison, club president, said the event will begin at 8 p.m.—and it will include a watermelon feed. He urged all parents of football players—both mothers and fathers—Quarterback Club members and their wives and other fans to be present for the first meeting. Coach Grady Burnett will be introduced and he will report on the Wheeler Mustangs' prospects for the coming football season. Also scheduled is the election of new officers. A nominating committee has been appointed to choose officers for the coming year.

At Sweetwater School Building

Watershed Project Hearing Sept. 13

A hearing to determine the amount of local interest in the proposed Sweetwater Creek watershed upstream flood prevention project has been scheduled for Sept. 13, it was announced here this week. Bill Brooks, work unit conservationist for the Soil Conservation Service in Wheeler reported that local supporters of the project have been notified that the hearing will be at 8 p.m. Thursday, Sept. 13, in the school building at Sweetwater, Okla.

Summer Vacation Nearing an End For Local Students

Summer vacations come to an abrupt halt at the end of next week, as students gather at the Wheeler schools for enrollment before opening the 1962-63 term. All pupils will begin registering at 9 a.m. on Friday, Aug. 31, then following a last-minute filing with a Labor Day holiday, Monday, Sept. 3, class bells ring for the beginning of work. Enrolling of students in all 12 grades gets underway at 9 a.m. on Aug. 31, according to Supt. Arling Cordell.

General Assembly Planned for 9 a.m. on Enrollment Day

The public is invited to attend the assemblies. Cordell pointed out that either a birth certificate or hospital certificate is required for all children entering the first grade for the first time. A child must be 6 years of age on or before Sept. 1 to be eligible to begin school. New high school freshmen are facing added requirements in the way of credits. During the next four years they must acquire 18 credits in order to graduate, compared to the present 16. These 18, however, include 1 1/2 units in physical education and one-half unit in health.

Briscoe School To Begin Next Monday

Monday marks the opening of the 1962-63 term at Briscoe School, Supt. Fred Blackburn announced Wednesday. Students will register on the opening day. Activity will get underway at the school building at 9 a.m., and buses will operate the first day. The school lunchroom will not be open on Monday, but lunches will be served starting Tuesday. Blackburn reminded students that beginning with this year's freshman class 18 credits will be required for graduation. This includes 1 1/2 units of physical education and on-half unit of health, in addition to the regular credits. This will mark Blackburn's third year as superintendent of the school. (Continued on Page 8, No. 2)

Plans to Retire

Jack Miller, a Mobeetie businessman for the past 37 years, announced this week that he is retiring because of ill health. Miller operates the Farmers Equity Service, Inc., in Mobeetie. He disclosed plans this week to sell the firm.

Mapping Program

Parkey revealed that the Red River Authority has contacted the Texas Water Commission in Austin "with regards to securing the necessary topographical mapping on Sweetwater Creek." The day he wrote the letter to Daughtry, Parkey met with a representative of the Water Commission and reports "they are very hopeful that a mapping program can be worked out this fall. "The authority will enter into a cooperative agreement with the commission and furnish some financial assistance to secure these maps. It is necessary that topographical maps be made in order for the engineer to pick up the best and most economical dam site."

ATTEND SCHOOL

Gwen Barnes and Elizabeth Wiley are attending cheerleader school at S.M.U. in Dallas. Parkey's letter continues: "The Red River Authority has informed the Texas Water Commission and chairman of the Interstate Water Compact Commission that the water on Sweetwater Creek will be fully developed for municipal, industrial and agricultural use for the communities of that area. "Application has been made to the Housing and Home Finance Administration for funds to complete all engineering planning for the big dam on Sweetwater Creek (Continued on Page 8, No. 1)

Highlights and Sidelights From your Capitol

AUSTIN (Special)—When Jim Leonard, executive secretary of the Republican Party in Texas, asked Atty. Gen. Will Wilson to inspect ballots in Duval, Zapata and Starr Counties, after the general election in November... the full political campaign immediately got underway.

It was a quiet, but telling, legal order of injunction that Wilson filed in the 98th District Court in Austin. It cited the vaults of Duval County's district and county clerks as "not as adequate, accessible and safe" as the vault of the Corpus Christi State Bank.

Court order instructs election judges and officials in the three south Texas counties to turn ballots, poll lists and all other election records over to a Texas Ranger. He then would deliver them to the Corpus Christi bank for safe keeping until the 98th District Judge, or his appointed representative, could examine them.

With this sort of preamble, it looks like the fall campaign might be a little more exciting than the democratic-dominated ones in past years.

Texas in Top Three—Texas returned to the No. 3 spot among the "Top Ten" states in industrial expansion, as the Texas Industrial Commission announced the addition of 28 new industries.

Although the big Houston and Dallas areas captured 17 of the new plants, 11 companies picked non-metropolitan towns as industrial sites: Bushland, Comfort, Crockett, Denton, Jacksonville, Kaufman, Lewisville, Malakoff, Marfa, Mount Pleasant and Quantah reported new industries.

TIC is a state agency dedicated to stimulate more business in Texas by cooperating with chambers of commerce and other local-level groups in bringing more industries to the state.

Allen Searight, commission's executive coordinator will speak at several industrial development meetings over the state during the next month.

Double Taxation—Texas Commission on state and local tax policy has suggested that virtually all intangible personal property held by Texans be exempt from taxation. This includes taxes on bank accounts, securities, mortgages and similar financial assets.

Highway Costs Low—Texas is building its Interstate Highway system for almost \$400,000 a mile less than the national average, according to the Texas Highway Department.

U.S. Bureau of Public Roads figures show Texas will complete its portion of the Interstate system at an estimated \$800,000 per mile, compared to the national average of about \$1,000,000.

Monial Hospitals Crowded—County budgets are blamed for crowding state mental hospitals by committing too many old people, who really just need rest home care.

Board for State Hospitals and Special Schools reports that some mental institutions—especially the Kerrville State Hospital and the Considerate Home at Austin—are so crowded with old people there isn't enough room to care for the

state's mentally ill. Board member W. G. Kirklind of Odessa said he has been told that some juvenile delinquents, who aren't mentally ill, are also being routed into mental hospitals by judges.

Corrective legislation is being studied. Dr. C. J. Ruitman, director of mental health and hospitals, says facilities for 9,000 elderly people would be needed if the Legislature decides to care for them somewhere other than the mental hospitals.

Parks Plan Debated—State budget officials and parks experts differed on the popularity of the state's 50-plus public parks. Parks Board told the Legislative Budget Board it wants \$2,100,000 to improve four parks and increase funds for others.

Reese Martin, vice-chairman of the board, claims record attendance. His optimism about public use of state parks was shared by Flo Urbanovsky and Charles Doell of a master plan for Texas' recreation facilities.

But Jess M. Irwin, Jr., governor's budget director, and Vernon A. McCre, director of the Legislative Budget Board, were reluctant to recommend the Legislature's approval of a plan to spend \$600,000 to improve the newly-donated Wheatley Ranch in Blanco County (which already has a state park); \$500,000 at Lake Whitney State Park; \$600,000 for a new park in the Big Thicket; and \$400,000 for a new park at Falcon Lake.

Wildlife Fair Pares Well—State Game and Fish Commission's wildlife exhibit is such a prize attraction at fairs, sports shows and other community events that it's being booked on a first-come, first-serve basis so everyone will have a chance to see it.

T. D. Carroll, G & F Commission's coordinator of information, said the exhibit—made up of five birds, mammals, reptiles and fish of Texas—will go on the road Sept. 4. First showing is scheduled for Floyd County Fair on Sept. 6-8.

Exhibit will travel west from Floyd County; then move to east Texas for October dates; and to south Texas in November.

AME Gets Rapprochement—"For Men Only" apparently will continue to be the policy, for at least one more year, at Texas A&M College. The touchy matter of admitting women students has been temporarily side-stopped by the Texas Commission on Higher Education.

On the commission's July meeting agenda, the issue was suspended when the commission staff pleaded more time was needed for the study. Another school year will be underway before the matter can be given any further consideration.

Amendments Stir Campaigns—At least two of the 14 proposed constitutional amendments Texas voters will consider on November 6 appear to be firing campaigns.

Proposal No. 14 appears to be stirring opposition from the Texas Municipal League which asserts that this amendment as presently written, "could virtually destroy municipal government in Texas except for certain of its police powers."

Proposal No. 4 on the ballot would permit the state to buy conservation storage in locally or federally-owned reservoirs. Gov. Price Daniel has called a special meeting of his statewide water advisory committee for Sept. 10, for the express purpose of organizing support for the amendment.

School Prayer Bailing—Atty. Gen. Will Wilson has been asked to advise Texas public schools regarding the U.S. Supreme Court's highly controversial prayer opinion.

Request for an interpretation from Wilson came through Dr. J. W. Edgar, commissioner of education, on a query from school officials at Port Arthur.

Wilson was asked: 1. Whether a school board can permit a student or teacher to say the blessing before meals in a public school, without running afoul of the Supreme Court decision?

2. Whether school authorities may authorize "a period of silent

*PAGE 2 — THE WHEELER TIMES, WHEELER, TEXAS THURSDAY, AUGUST 23, 1962

meditation" during the meal period?

3. Whether Bible-reading is permissible in classrooms or on assembly programs?

4. Whether the court's opinion permits public prayers at football games involving public school teams, or at other school-sponsored events?

Whopper Drought—Texas will have another mighty drought in 1970, is the prediction of Judge J. E. Sturrock, of the Texas Water Conservation Association.

Gigantic sunspots, many months old, still are raging at the center of our solar system, says Judge Sturrock.

When the great gusty winds of the universe die down, and the solar tumbleweeds stop tumbling, about 1970, Texas will have another mighty drought.

Meanwhile, Texas' rains and its "little droughts" like the current one, will follow each other in their normal seasons, says this leading authority on Texas water.

Cotton Picking Money—Cotton picking is brightening the outlook for a lot of people who are concerned with the state's budgetary problems—especially those in the Texas prison system.

Dr. George F. Betz, director, reports that fair weather for the next month during harvest would mean a \$2,000,000 crop from the system's 10,000 acres of cotton.

Texas or Mexico—Gov. Price Daniel says it will be up to the officials of El Paso whether the claim of Mexico to a section of El Paso will be honored.

The dispute over a section called Chumizal involves 400 acres of land, and stems from a change in the course of the Rio Grande which flows through El Paso.

Gold Plush—House members returning to the Capitol this winter will be walking softly in the House chamber whether they intended to or not.

A plush new gold carpet is replacing the old tattered and threadbare one.

Plyboard was laid over the 1,000 square feet of floor to add strength and provides a smooth, even base for the new carpet.

In addition to the carpets and fresh paint, the ancient oak paneling has been restored to its natural finish.

Cut Leg Work—Some of the hustle, bustle and leg work of next spring's State Legislative session may be replaced electronically if the idea of one delegation catches on.

Rep. Don Garrison of Houston and his cohorts are experimenting in the capitol with compact transmitters, committee meetings, and in-storized walkie-talkies. "We intend to use it mainly for liaison between delegation members to announce committee meetings, phone calls, etc.," he said.

More Road Funds—Contracts for building Texas highways may be stepped up by \$5,000,000 a month under an order unfreezing \$1,900,000,000 from a backlog in the federal highway trust fund.

J. C. Dingwall, assistant chief highway engineer, estimates that \$91,000,000 more federal funds will be released to Texas as a result.

Not A Fair Deal—Land Commissioner Jerry Sadler opposes renewing the state lease of Matagorda Island to the federal government for a bombing range.

Of the 15,250 acres the U.S. Corps of Engineers has leased through condemnation since 1950 (for a rental of 6c per acre), the Air Force has subleased 13,842 acres of the tract to an individual for 19c per acre.

Short Snorts Gov. Price Daniel has appointed Mrs. Florence Fenley of Uvalde and Bracketville as a member of the Texas Civil War Centennial Commission. She is a former member of the Texas House of Representatives.

Board of Pardons and Poles has granted a year's leave of absence to its administrative director, Vincent O'Leary. He has been appointed head of the nationwide program for the establishment of institutes for parole board members at various universities in the U.S.

A civil suit has been filed in Austin district court seeking to restrain State Texas Jesse James from paying all salaries to the Attorney General, Comptroller of Public Accounts, House Speaker, Land Commissioner, Pres. pro tem of the Senate, and Ex-pres. pro tem of the Senate, on the grounds that the legislative redistricting of Texas does not afford equal representation to all.

NOW'S THE TIME ...for a once-a-year buy on just the one you want! Getting ready for a vacation trip couldn't be easier: just pick a Chevrolet, pack your family and go. And that first part is easiest of all with what your Chevrolet dealer has to pick from. The Jet-smooth Chevrolet, America's favorite family car, with a ride that only seems expensive; the Chevy II, about as lively and luxurious as you can get for a low, low price; the sporty Corvair, a rear-engine beauty that just refuses to be run-of-the-mill. One of these 4-doors (or a two-door for that matter) is sure to fit your family and budget just fine. So okay - what are you waiting for?

Crude oil travels a controlled route to Shamrock Quality. When you set your wheels in motion you'll appreciate this quality! Quality you can measure by your car's performance. Includes an image of a globe and a truck.

See the Jet-smooth Chevrolet, Chevy II and Corvair at your local authorized Chevrolet dealer's. CHEVROLET WARE CHEVROLET CO. WHEELER, TEXAS

ALL ABOUT YOUR SCHOOL

By Arling Cordell
Wheeler Schools

AN OPEN LETTER TO OUR PARENTS OF SCHOOL CHILDREN

Soon, on Friday, Aug. 31, at 9:00 a.m. you will embark once again upon another journey with your children toward another set of goals which we hope will further prepare them for their future.

What can you, as a parent, do in order to assist your children in this vitally important journey into the future? First of all, it seems to me, we need to examine our philosophy of education. Perhaps you have never thought of this problem in these terms.

The philosophy which we have simply means that we believe concerning it. Have you ever sat down and attempted to put into words what you believe our public school here in Wheeler should do for your child? This is so important because what you and your neighbors believe is actually what we will finally achieve in our school program.

Here is a very brief philosophy of education: It is one that your teachers and I have evolved from our in-service studies. Examine it and see if you agree. Perhaps you will find that you would like to add to it or to change it in some respects. I believe that education is a process of acquainting the individual with ways in which he may discover and use his natural talents so that he may live and make a living to the best advantage of himself and society. I believe that in order to do this successfully we must educate the whole personality covering the areas of physical, mental, emotional, social, and to some extent spiritual growth.

I believe that each person should be accepted into the educational program as he is, that he should be provided with a stimulating environment and with opportunities to develop to the limit of his capacity for learning. In order to provide these opportunities for maximum growth we should make it possible for him to:

1. Obtain an education, considering his personal interests, abilities and needs.
2. Learn citizenship and democracy, emphasizing interest and participation in world and community problems.
3. Develop fully physically, emotionally, mentally, and morally so that he is increasingly able to cope with life's problems.
4. Develop cultural and aesthetic appreciation so that he can take his rightful place as a protector of all that is good in our free society.

Please keep in mind our opening of school on Tuesday, September 4th.

Visit your school, become better acquainted with your faculty, and you will be rewarded with better opportunities for your children to receive a good education.

Hampton Family Held Reunion At Local Park

The Hampton family reunion was August 5 in the Wheeler Park. Those attending were: Mr. and Mrs. J. L. Hampton, Helen, Karmon and Jimmy of Pampa, Mr. and Mrs. Charles Hampton, Charles and Carol, Pampa, Mr. and Mrs. Pat Cain, Patsy and Peggy, Amarillo, Mr. and Mrs. Grover Hampton, Lubbock, Mr. and Mrs. Bob Powers, Bobby, Lesi, and Junior, Lubbock, Mr. and Mrs. Geo. Ruffman, Tulsa, Okla., Mr. and Mrs. Hensil Ruffman, Tulsa, Okla., and Buck Millor.

Attending from Wheeler were: Mrs. Vera Brickey, Sylvia, Margaret, Robert, Elizabeth and Rosemary, Mrs. C. O. Hampton, Douglas McBryde, Mr. Bill Hampton, Larry and Richard, Lee Nell Gunter and Mr. and Mrs. Monroe Galmor, Mr. and Mrs. C. Hampton, Junior Jamison, and Mr. and Mrs. Doris Hutchison and Johnny.

Mr. and Mrs. Clarence Robison, took their granddaughter Terry to Amarillo Sunday to take a plane back to her home in Capistrano Beach, Calif. She had spent the past two weeks with them.

WHEELER COUNTY JUNIOR RODEO RESULTS FOR EACH CONTEST

The 1962 Wheeler County Junior Rodeo Sponsored by the 4-H County Council and the 4-H Texans, held on the evenings of Aug. 17 and 18, at the Wheeler Rodeo Arena, was among the most successful events in the history of their performances. With eighty-four entries it was a fast moving rodeo full of thrills and spills from the small fry—pre-school events through the older Senior guys and gals, who performed with a more professional touch. Many of them having been regular performers since the beginning of the Junior Rodeo in Wheeler County.

"Hats off" to the many, many Wheeler County 4-H Parents and Friends of 4-H who made the rodeo possible, these are too numerous to list.

The Rodeo was under the General Chairmanship of Mr. Ty Mills, who had assistance in the various phases of the rodeo by the following people and their helpers, Arena Director, Clois Hanner; Announcer, Albert Gunter; Judges, Truman Bradstreet and Floyd Davidson; Time Keepers, Glynn Bell and Wallace Fields; Book Keepers, Ida Mae Goad, Sis Newsome, Ann Jackson and Odessa Whitener; Barrier Man, Owen Jones, Flag Man, Richard Kiker; Grounds, Edd Trimble; Gate, Bus Dorman; Co-Chairman 4-H, Terry McCasland and Estelle Fillingim; Clowns, whom you couldn't tell from professionals, both from looks and performance, Mike Shannon, a member of the Shamrock 4-H Club and Terry McCasland, member of the Cloverleaf 4-H Club, Wheeler, Adult Leader, 4-H Texans; Mrs. Bus Freeman, who gives untiringly to the training of the 4-H Texans week by week. Evidence of this was exhibited when everyone was thrilled with the precision drills they presented both night to the spell-bound audience. The professional way in which the Grand Entry was led by their Sweetheart, Miss Judy Finsterwald, and the 4-H Texans presented the colors and set the pivots is to be commended.

The Concession Stand which provided a bit to eat and a refreshing cold drink was under the direction of Mrs. Milton Finsterwald, Mrs. Lula McCasland, Mrs. Lee Kiker and Mrs. Betty Topper, with a host of 4-H mothers and friends of 4-H helping do the work, which was a job well done.

The invocation was given by Vivian Newsome, member of the Allison 4-H Club and Penny Puryear, member of the Kelton 4-H Club.

Announcement of the winners and presentation of Ribbons and Trophies were given by Mrs. Bus Freeman, adult leader of the 4-H Texans Riding Club and Charles D. Jackson, County Agri. Agent, Wheeler. Each received a 4-H participation ribbon.

The first six placings in each event where applicable were as follows:

The honors for selling the most Pony and admission tickets for the Junior Rodeo, went to Matt Mills of Kelton 4-H Club and second highest went to Diane Dodd of Briscoe 4-H Club.

The pony went to Mrs. Grady Dodd of Briscoe.

Your Extension Agents, Mrs. Cula R. Nowlin and Charles D. Jackson says, "Thanks ever so much, to all of you who had any part in the huge success of the 1962 Wheeler County 4-H Junior Rodeo".

MRS. KELLY NEWMAN

MISS GAIL PHILLIPS IS BRIDE OF KELLY NEWMAN

Miss Gail Phillips of Wheeler and Kelly C. Newman of Plainview were united in marriage Thursday night at 7:30 in the Church of Christ at Tahoka in a double ring ceremony performed by the groom's father.

Parents of the couple are Mr. and Mrs. James Phillips of Wheeler, formerly of Tahoka, and Mr. and Mrs. Kelly G. Newman of Plainview.

Given in marriage by her father, the bride wore a floor-length dress. The skirt was gathered on to the fitted bodice with a scoop neck and cap sleeves. A large sash of silk organza was tied into a bow in the back. She wore a silk illusion veil. The dress was fashioned and made by the bride.

Miss Nita Newman of Plainview, sister of the groom was the maid of honor. Bridesmaids were Barbara Taylor of Beltan, Tex., Charlotte Burkett of Dora, N.M., and Judy Johnson of Thalia, Tex. They wore sheath dresses which were made of red embroidered satin, complimented by a large bow in back made of red silk organza.

Best man was Dick Evans of Earth, Tex. Ushers were Weldon Callaway of Amarillo, Bob Jamison of Plainview and Joe Sherman of Plainview.

Flower girl was Belinda Gail Howie of Tahoka and ring bearer was Lynn Luttrell, cousin of the bride of Houma, La.

Mrs. Newman chose a beige and white dress with beige accessories for a short wedding trip.

The couple will be at home in Lubbock where they will attend Lubbock Christian College. She is a graduate of Tahoka High School and he is a graduate of Plainview High School.

Spending this week with Mrs. W. G. Jones, Charles and Chester are Mrs. Christine Hoover and children of Austin, Mr. and Mrs. Jimmy Jones and baby daughter of Irving and Mr. and Mrs. Robert Jones of Wheeler.

X-33

TRADE MARK

formulated from **DUPONT TYZOR**[®] organic titanate the water repellent that breathes

Here at last is the positive answer to water damage—for masonry or other porous building material. Here is the simple solution to proper preventive maintenance—the way to protect and preserve property for years and years: New, exclusive formula X-33 made with DuPont "TYZOR" organic titanate.

X-33 is a new kind of product, easily applied with brush or low-pressure spray. It does not seal masonry pores. It is not a coating. X-33 is a water-repellent conditioner that penetrates deep into surfaces, becoming an integral part of the building material itself and forming an invisible barrier to weather, water and dampness. X-33 protects against masonry damage.

X-33 Clear does not change the appearance of the surface in any way—it maintains it. You get positive protection against chipping, flaking and spalling—staining and efflorescence—unsightly pitting, damp spots and freeze-thaw damage. Even a driving rain with hundred-mile-an-hour hurricane winds cannot penetrate the invisible protection of X-33! It also guards against dampness, even in walls below ground level. Yet, because X-33 is not a sealer or coating, trapped moisture is allowed to evaporate. Inside water gets out—no outside water gets in!

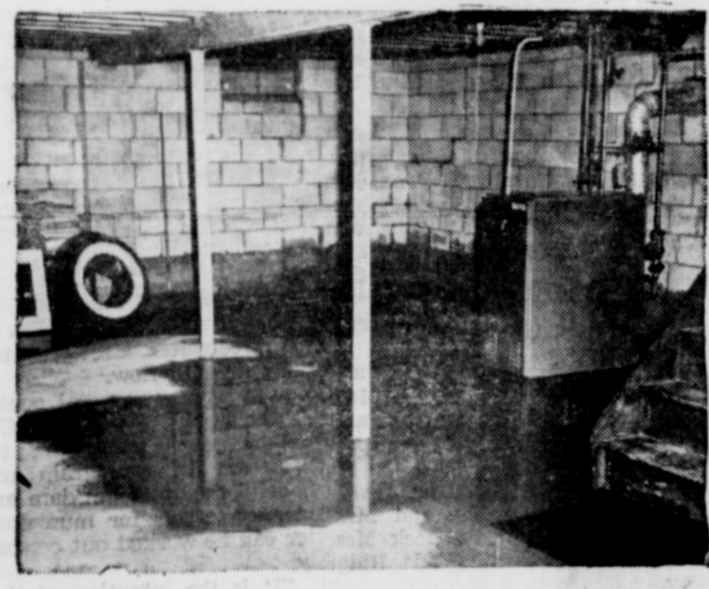

TESTED BY A LEADING INDEPENDENT TESTING LABORATORY

- Conditions against:**
- Water Penetration
 - Dampness
 - Freeze-Thaw Damage
 - Flaking and Chipping
 - Erosion from Acids and Alkalis
 - Staining and Efflorescence

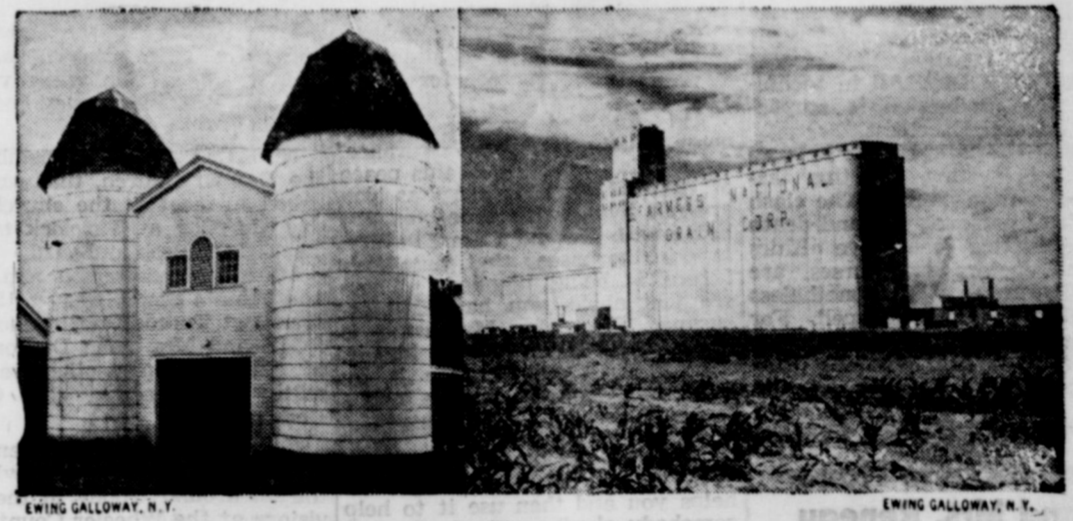

FOR USE ON: Exteriors, Interiors, Basements, Masonry, Wood and all Porous Surfaces

Homes: Foundations, steps, walks, patios, porches—walls, brickwork, stonework, woodwork, siding, window and door-frames, eaves, shingles and chimneys all resist weather and water damage with the invisible barrier that is X-33. And X-33 is sold with a TEN-YEAR Material Replacement GUARANTEE! Protect your home—protect your property—protect your investment and reduce maintenance costs with X-33.

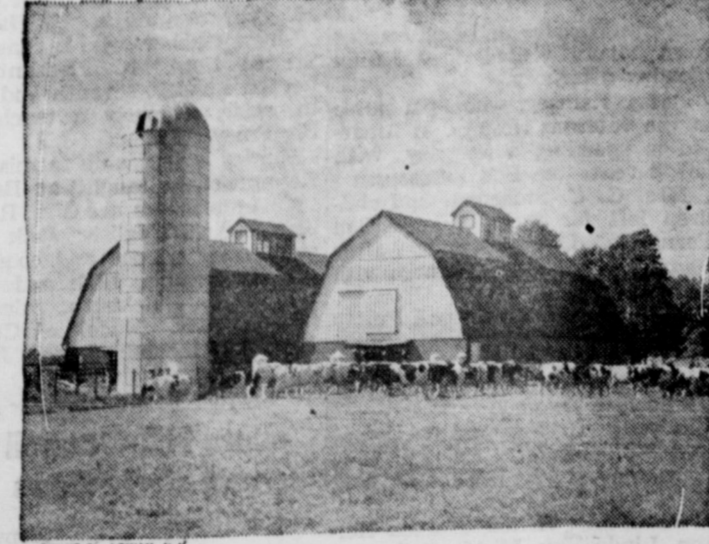

Basements: Always a challenge to homeowners—now no problem with X-33, the miracle of modern-day research and advanced chemistry. Your basement walls—above or below grade—need X-33 to resist dampness, fungus and mildew, to fight condensation and excessive humidity. A completely dry and comfortable basement adds new dimensions to your home—new room for living! And X-33 makes this possible at very modest cost.

Silos, Grain Elevators: X-33 protects and preserves wood and masonry outside—snug-dry conditions inside. Furthermore, X-33's non-toxic barrier guards against excessive fermentation and rotting—resists the formation of acids, alkalis, rust, algae and mold—helps grain and ensilage retain highest nutrition without deterioration. Avoid pit puddles and tunnel damp, condensation and sweating walls with X-33's dependable efficiency.

Institutions: Schools, churches, hospitals, government buildings, etc., and the people they serve benefit immensely from the positive protection of X-33. And it's the kind of long-term protection necessary for such structures, keeping repair bills and maintenance at a minimum for years and years. X-33 is fully effective, regardless of climatic extremes; freeze-thaw cycles, burning subtropical sun, torrential rains, or severe long winters do not impair its efficiency. For at least ten years it resists chipping, flaking and spalling—the natural beauty of selected building materials is preserved while upkeep costs are minimal!

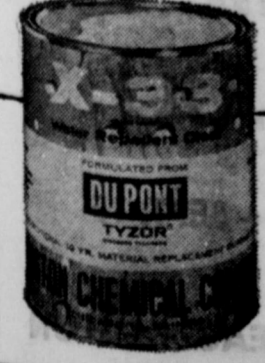

Barns, Brooders, Farmhouses: Must not only resist the elements but provide living comfort within. X-33 assures dry, livable quarters—protecting not only the buildings and premises but the great investment in livestock as well. There's no water problem from the weather outside or the necessary sanitary precautions inside when the invisible water barrier of X-33 is established throughout. And it's so easy to apply to any surface by brush or spray!

Commercial / Industrial: Stores and shops, warehouses and factories represent substantial investments that must be protected. X-33 offers practical preventive maintenance to keep buildings attractive and serviceable, to substantially reduce expensive repairs resulting from water damage and weathering. Porous masonry and building material surfaces are protected in depth by X-33's invisible barrier—beauty of appearance is preserved, ugly stains and powdery efflorescence are a thing of the past.

TRY BEFORE YOU BUY!

ROGUE THEATRE and MUSTANG DRIVE IN Wheeler, Texas

MOVIE REVIEW

By Laura Guthrie

THE RAWHIDE YEARS: Now wouldn't you know that Tony Curtis could stir up a lot of excitement? Especially on a riverboat or out west. And, too, he has to prove his innocence about a lot of things, usually physical and furious. Colleen Miller does some songs, and the whole deal is in Technicolor. Rating: Very Good.
LOVER COME BACK: I don't have to tell you about this delightful and wholly entertaining romp. The people that did Pillow Talk did this one. Besides cleverness and comedy, we don't want to fail to mention the clothes worn by Miss Day. All in Technicolor, this production is stupendous. Rating: Excellent.
THE YOUNG DOCTORS: A large hospital is setting for this fascinating motion picture. The clash of medical personnel, life and death in an operating room, love affairs between doctors and nurses, are a familiar pattern but nonetheless continue to weave a spell. For emotional impact we would have to look far to beat this one. Rating: Excellent.

Open House to Honor Mr. and Mrs. Reneau

Mr. and Mrs. George Reneau will be honored with an open house at their home in the Heald community Sunday in observance of their 60th wedding anniversary. All friends of the Reneaus have been invited to the event, between 2 and 5 p.m. The couple asked that no gifts be brought.
The open house is being held for the couple by their children.

Mrs. John Cornelius is home of her recent stay in the Shamrock Hospital.

Kelton, Texas

NO OTHER NAME

"Neither is there Salvation in any other, for there is none other name under Heaven given among men, where by we must be saved" (Acts 4:12).

My name is the power that turns evil aside, that summons all good to your aid. Spirits of evil flee at the sound of My name, (Jesus). Spoken in fear, in weakness, in sorrow, in pain, it is an appeal, I never fail you. Just say Jesus, the sweetest name I know.

Again I say, use My name often. Think of the unending call of mother, made by her children, to help, to care, to decide, to appeal. That name Mother is so needful, but My name is necessary, but so Divine and Holy and full of power. Compassion, say it as simple as you would say just mother, for My name, (Jesus) moves simply, naturally but forcefully.

Use it not only when you need help but to express Love to Me and for Me. Uttered aloud or in silence, really doesn't matter.

What seems to be the hearts desire, is all I want and need to know.

There is none other name under Heaven where by anyone can be saved. The cry of a human heart is the expression of a human heart. I know the cry, don't worry, I remember while on earth, and it also expresses the Soul's progress of your Soul realizes this power in My name, he can see help coming and the soul believes in me more and more, more faith will spring forth and at the same time this faith will be wrapped up in this power of My name.

When tired nature rebels, just say, "Jesus cares." Have no fear. Be quiet. Be still and in that very stillness your strength will come again. In quietness and in confidence shall be your strength.

Such a promise, such a glorious fulfillment, for it is a peace of strength, rest in Me, for I am your joy.
Ah! Another surprise in my name. Just think of an assurance. Success is the result of this peace of mine. Let's not hurry as you are not living with time, you are living with Me and I am Eternity. It is in the unseen that your life's future is being planned, so you see just abide, you have My assurance. Be calm My name is Jesus, there is none other like it. Sow it in prayer, water it by trust, bearing fruit for me, and I joy over you for I love you.

One-Sentence Sermons

"Lay hold of something that helps you and then use it to help somebody else."

Wasn't it fun, when you wuz a kid, to go scootin down the street draggin a stick across the pailings in the fences. Boy it would make a noise like you never heard before. As you would go sailing along folks would holler out the front door "You younguns cut that out fore I tan your britches". Guess that was what we looked for in recognition. Manys the time we would go by some home where none was home and wouldn't even attempt to make a showin.

We would swing on the gates and climb the trees and usually catch it when we were noticed. Folks would say we would break down the gates ruin the trees and ruin their fences but really I don't think kids thought of being destructive we wuz just havin fun.

I sort of miss them ole pailing fences, the trees the barns and all but I guess that's one of the penalties of civilization and progress. Maybe one of these days I can find a pailing fence and a stick and go scootin down it rattle ever heard and see if the lady of the house will stick her head out the door and yell "you kids cut that out fore I skin your britches".

Number Three

mal market value, nor the estimated market value, nor the estimated construction, whichever is less.

Borrowers are responsible for securing whatever technical assistance is needed in planning and constructing the house. Construction must conform to local laws, ordinances, codes and regulations of Wheeler, Hemphill and Roberts Counties and to good construction practices.

Funds for the farm labor housing loans are provided by banks, insurance companies and retirement funds and are fully guaranteed by the United States government.

Further information on farm labor housing loans may be obtained from the Farmers Home Administration office in Wheeler.

AGRICULTURAL AGENT'S NOTES

By CHARLES D. JACKSON
County Agricultural Agent

Cotton insects are beginning to cause considerable damage in several parts of Wheeler County. Mr. L. L. Jones of the Allison community reports that bollworms and bollworms have both hit his older cotton and he is making preparation to begin spraying. He plans to spray a couple of times at three to five day intervals in order to get complete control. On his young cotton he plans to hold up on spraying until bollworms reach 4 to 5 percent infestation and 10 to 15 percent on weevils. He plans to use Methyl Parathion plus Toxaphene and D.D.T. Last year he said that he obtained the best results with Sevin.

Several questions have been asked concerning the relation of the worms attacking Grain Sorghum with the cotton bollworms. The corn earworm that attacks grain sorghum is the bollworm. Of course, sorghum webworms, wireworms and sorghum midge feed on grain sorghum also, but in most cases it has been the bollworm that many of the farmers have noticed in their fields. This has

been a major reason why bollworms have delayed hitting the cotton fields.

Cotton is not the preferred host of the bollworm, but this insect is the most harmful cotton pest in the U.S. next to the bollweevil. It is known as the corn earworm. This adaptable insect is a major enemy of corn farmers, and as the tomato fruitworm is responsible for millions of dollars in damage to this important truck crop. It also attacks alfalfa, peanuts, tobacco, flax, soybeans, beans, peas and a number of vegetable crops. Bollworms Moths prefer rapidly growing succulent cotton in which they lay their eggs on the tender growth and newly formed squares. Resulting small larvae feed several days on the buds or leaves and on the outside of squares before burrowing into squares or bolls. Large worms feed almost entirely inside the bolls, presenting an extremely difficult control problem. That is why it is extremely necessary to check cotton regularly and provide control measures before there is time for a very high percent build up to occur.

Briscoe News

By WINNIE SMITH

A revival meeting will be held from Sunday, Aug. 29th through Sept. 2 at the Briscoe Baptist Church. Prayer meeting will start each night at 7:30 and preaching at 8 o'clock. Brother Carroll Ray, the district missionary secretary, will do the preaching. Everyone is invited to attend these services.

Miss Merky and Sunny Wilhelm of Dallas are spending this week with the Lee Barrys.

Mr. and Mrs. Marvin Bradstreet and Mrs. Guy Brown are at Dexter, N.M., this week visiting Mr. and Mrs. Wes Bailey and family.

NOTICE: All of the members of the Baptist Church, that can, are urged to meet at the church Friday afternoon at 3 o'clock to help clean the church and yard.

Margie Meadows, Lou and John and Winnie Smith went to Shamrock last Tuesday on business.

CARD OF THANKS

We would like to say thank you to all our friends and neighbors for their cards, food, flowers, sympathy, and helpfulness in our recent sorrow. You will always be remembered.

Nora Watson
The Virgil Jamisons

Mr. and Mrs. Troy L. Mason Jr. of Houston visited in the home of his grandmother, Mrs. W. E. Mason and uncles, W. E. and R. D. Wednesday afternoon.

Richard Parks is playing the piano for the Methodist Revival in Allison.

TWITTY NEWS

By J. Lloyd Rice

Bea, Sherry and I just returned from a swing around in west central Texas. We drove from here to San Angelo on Monday evening, Aug. 13, 1962 and spent three days with Bea's people in San Angelo. We could not help noticing again the contrast in the pastures down there and here. Their grass has already burned, and the country side looks like a desert in the ranching areas. We heard that the drought was even more severe south of San Angelo.

I visited the Cattle sales on Thursday and found that the prices are just about the same as they are here. I thought the drought down that way would make cattle cheaper, but there were buyers from all over and the prices were good. Some of the cattle had been eating at a poor table, but the price was good any way. I did not buy any.

On Thursday morning we drove through the Brownwood country to Mineral Wells. In the vicinity of Coleman we began to see green pastures, and the country looked much better. Crops seemed to be fairly good.

On Saturday I visited a great cattle sale at Mineral Wells. They had several hundred cattle of all kinds. A great crowd of people gathered in the modern sales barn, and the selling moved rapidly. Again the prices were good. All classes were selling high. I saw a few chances to buy about right, but let the other fellow have them.

We are happy to report that our people were doing fine, and it was a real joy to be with our mothers and daddys again.

It was a big relief to get home and take a swim in our own little lake again.

Number One

projects, including all necessary core boring for dam location. We expect this application to be considered and we are hopeful of approval.

More Samples
Contact has been made with the State Water Commission and U.S. Geological survey pertaining to the collection of even more water quality samples than are now being collected. This would definitely give us a complete inventory of Sweetwater Creek water on high and low flow.

We have on several occasions contacted the State Soil Conservation Board pertaining to the upstream dams program and are hopeful the upstream dam and the large reservoir for municipal water can be worked out concurrently.

It is the intention of the Red River Authority to push the collection of all information and have it available for use at the earliest possible date. We know such projects seem slow to develop but we want to know that everything is right and most economical for all concerned.

Number Two

Two new teachers have been hired. They are Mary Lou Harbour business teacher, who is coming to Briscoe from Mt. Pleasant, and Vernon Rowley, seventh and eighth grade, formerly a teacher at Big Piney, Wyo.

Rowley is returning to this area. He previously taught at Briscoe.

Other teachers are Mrs. R. William Brown, English; Jack Webster, social science and coach; C. A. Abercrombie, fifth and sixth; Mrs. Ruby Blackburn, third and fourth; Mrs. Madeline Croser first and second; James Jacobs vocational agriculture.

County HD Council Instructs Delegates

The Wheeler County Home Demonstration Council held its regular monthly meeting last week in the courthouse council room.

Delegates to the state meeting in Dallas next month were instructed by the council, and the THDA chairman presented a report on the candidates for state office.

Delegates to the meeting will be Mrs. J. P. Hall, Blue Bonnet Shamrock Club; Mrs. Bill Topper, Kelson HD Club, and Mrs. Charles Hagar, Three Leaf Club of Shamrock.

Mrs. Ruth Throckmorton, council vice chairman, presided over the meeting in the absence of the chairman, Mrs. Leon Fillingim. Routine business was disposed of, and four clubs reported progress being made on their educational exhibits for the Wheeler County Free Fair.

Ten council members were present for the meeting.

The Roy Weatherlys and the Weldon Weatherlys of Wheeler and Mr. and Mrs. Haske Weatherly of Amarillo spent last week in Colorado and New Mexico sight-seeing and vacationing. Mrs. Weldon Weatherly is on vacation from Lee Hardware.

8 Accidents Are Investigated, 7 Hurt in Wheeler County

The Highway Patrol investigated eight rural accidents in Wheeler County during the month of July, according to Sgt. J. W. Wilson, patrol supervisor of this area.

These wrecks accounted for seven persons injured and an estimated property damage of \$5,255.

The rural traffic accident summary for Wheeler County from January through July of 1962 shows a total of 42 crashes. As a result of these crashes there was one person killed and 25 persons injured. The estimated property damage amounted to \$23,665.

The familiar yellow school buses will soon be back on the highways. The sergeant reminds all motorists of the state law regulating school buses.

"The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding 10 miles per hour, and with due caution for the safety of such children."

The veteran patrol supervisor said, "Remember, these children are our most precious heritage, who hold the future of our nation."

Miss Clara Reneau of Compton, Calif., was a business visitor in Wheeler Wed. She is visiting her parents, Mr. and Mrs. George Reneau in the Heald community.

BETTY SUE NEWMAN EXCHANGES WEDDING VOWS WITH BEN BALLARD

Betty Sue Newman exchanged wedding vows with Ben Ballard in a double-ring ceremony in the First Baptist Church at 4 p.m. Aug. 22. The Rev. Charles Uzzie, Baptist Church pastor, officiated.

Betty is the daughter of Mr. J. W. Newman of Mobeetie and Mrs. R. G. Ballard of Pampa. Ben is the son of Mr. and Mrs. R. G. Ballard of Pampa.

The bride wore a white dress with a full skirt and a high collar. Her hair was styled in a bun. She carried a bouquet of white flowers. The groom wore a dark suit and a white shirt. He carried a boutonniere.

The ceremony was held in the First Baptist Church. The church was filled with guests. The pastor gave a short sermon. The bride and groom then exchanged vows. They were then pronounced man and wife. The ceremony lasted about 30 minutes.

body, matching shoes and hat. She carried a bouquet of Colonial poms and carnations.

Miss Jean Hubbard of Claude was her bridesmaid and dressed identically to the maid of honor. Ann Newman of Borger, niece of the bride, and flower girl wore a mint green sheen nylon dress and carried carnations.

John Ballard of Claude was best man and Bob Byrd of Claude was attendant to the bride groom. Waylan Newman of Borger, brother of the bride, seated the wedding guests.

Larry Newman of Borger, nephew of the bride, was ring bearer and Jimmy Newman of Mobeetie, brother of the bride was candle-lighter.

For the ceremony, the couple stood before an altar decorated with white gladioli, pom-pom mums an arrangement of emerald jade and greenery and a candelabra.

Mrs. Don Newman of Pampa, sister-in-law of the bride, was pianist and accompanied Mrs. LaWayne Hogan of Pampa as she sang wedding selections of "I Love You Truly" and "Bless This House."

Mrs. Newman selected a beige voile dress with embroidery insets and tangerine accessories for her daughter's wedding and wore a corsage of bronze pom-poms. For her son's wedding, Mrs. Ballard chose a beige-green raw silk dress with beige and gold accessories and a corsage of bronze pom-poms. Following the service, a reception was held in the church Fellowship Hall with gladiolas, mums, and lily-of-the-valley floral arrangements.

Mrs. Kenneth Newman of Pampa and Mrs. Waylan Newman of Borger, assisted at the punch and cake service. Miss Rita Lee of Amarillo registered the guests.

For the wedding trip to points of interest in Colorado and New Mexico the bride's traveling costume was a green polished cotton dress complemented with a gardenia corsage.

The couple's home is 303 Western in Claude.

A graduate of Mobeetie High School, the bride is employed at the Artisan Beauty Lounge in Claude. The bridegroom is a graduate of Claude High School, attended Wayland Baptist College and is in business with his father who is a co-signee for Texaco Wholesale in Claude.

Mrs. Laura Guthrie left Monday for Tulla to attend the wedding of her niece, Edith Herring.

PUBLIC NOTICE PROPOSED CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 14, proposing an amendment to the Constitution of the State of Texas to be known as Section 2 to read as follows:

Section 2. Notwithstanding any provision of the Constitution, the Legislature shall have the power, by general law, to provide for appeals from any and all actions, rulings, or decisions of administrative agencies and executive departments of the State of Texas or of its political subdivisions, under such provisions and limitations as the Legislature shall deem necessary and proper; and the courts of Texas shall have no power or authority to review, or change the manner of such appeals, if brought in the manner provided by general law, even though such appeals shall be provided for by statute as that term is used in Article II of the Constitution of the State of Texas; and should the Legislature provide for such appeals to be tried completely de novo and independent of any administrative or executive action, ruling, or decision thereon, the courts shall have no power or authority to review, or change the manner of such appeals, if brought in the manner provided by general law, even though such appeals shall be provided for by statute as that term is used in Article II of the Constitution of the State of Texas.

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and this amendment shall be published and the election shall be held as required by the Constitution and laws of this State.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment granting the Legislature power to provide for trials de novo on all appeals from actions, rulings, or decisions of administrative or executive agencies of government."

"AGAINST the Constitutional Amendment granting the Legislature power to provide for trials de novo on all appeals from actions, rulings, or decisions of administrative or executive agencies of government."

If it appears from the returns of such election that a majority of the votes cast therein are for such amendment, same shall become a part of the Constitution of Texas.

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and this amendment shall be published and the election shall be held as required by the Constitution and laws of this State.
