

HOSPITAL ELECTION CARRIES FOR PRECINCTS 1 - 2; FAILS IN 3 - 4

Miss Pakan Wins Co. Dress Review

There were two entries in the Senior division and they were: Phyllis Pakan, 1st, 4-H Texans-Leahanna Nowlin, 2nd, Wheeler Cloverleaf Club.

Miss Pakan will represent Wheeler County in the District I Dress Review to be held July 26 at the Holiday Inn, West in Amarillo at 2:00 p.m.

This is Phyllis' second wool garment to make. She chose a tomato red, all wool flannel to make her two piece suit. The skirt is made with pressed box pleats. The fitted, waist length jacket with three quarter length ragland sleeves is fastened down the front with self covered buttons and bound button holes.

The jacket has regular sleeves and a round neckline. Phyllis wears a detachable fur collar. Other complimentary accessories include a tiny pill box hat matching the suit and a touch of fur matching the detachable collar, black kid gloves, purse and shoes.

The jacket may be worn with or without a blouse and is completely lined with silk.

Phyllis is a very versatile 4-H member having made Blue Ribbon garments five years in the county dress revue, and enters the better bake show too. Phyllis has received award, in Dairy Foods, Clothing, Agriculture, Home Economics, Achievement, and Home Improvement.

Her Soil, Water and Range Conservation Demonstration placed second at State Round-up. This was her second trip to State Round-up.

She was alternate girl for Producers Grain Talent Tour, this year and was selected 1963 4-H Rodeo Queen for the Junior Rodeo in June. She is a very active 4-H Texan and Council member. She has held all offices in her club, and has been reporter, parliamentarian and song leader for County Council.

Also modeling in Amarillo will be Judy Finsterwald over-all winner of the Jr. Division. Judy is the daughter of Mr. and Mrs. Milton Finsterwald and is a member of the Briscoe 4-H Club.

Judy's dress has a fitted bodice with a rounded neckline piped with matching cording. The set in sleeves are finished at the edge with the same type of trim. The full skirt is gathered in the bodice with the cord finished line.

Her material is dark cotton print and she carries a purse covered in the same fabric.

Judy has held all offices in the local club and Vice-Chairman of County 4-H Council, a member of (Continued on Page 4, No. 2)

LOCAL BOY GETS STATE AWARD AT FFA CONVENTION

Members of the Wheeler F.F.A. Chapter attended the State Convention of Future Farmers of America held in Lubbock on July 17, 18, 19.

Kent Sims, son of Mr. and Mrs. Lyndon Sims, received the Lone Star-Farmer Degree, the highest F.F.A. award a member may receive on the state level. The award is based primarily upon the supervised farming program conducted by an F.F.A. member while taking Vocational Agriculture. Also considered, however, is the leadership activities in which the member participates, while taking high school Vocational Agriculture.

Kent's degree was awarded on his supervised farming program which includes beef calves, cows for calf production and development of heifers.

Some of Kent's leadership activities include, President of local Chapter, participation in District and Area conventions, leadership training contest, during his first three years of high school. Kent will be a senior at Wheeler high school his coming year and plans to continue working in the local chapter.

Saturday, July 20, the people of North Wheeler County voted, 587 to 110 to form a hospital district.

Since this election passed, the way has been cleared to set more of the machinery in motion in the interest of gaining a hospital for North Wheeler County.

Voting was as follows:

	For	Against
1. Mobeetie	57	67
2. Briscoe	31	0
3. Wheeler	273	17
4. Allison	50	3
5. Stanley	139	18
6. McBee	37	5
TOTAL	587	110

Residents of South Wheeler County voted Tuesday, July 23, against the formation a hospital district in their half of the county.

Unofficial returns are as follows:

	For	Against
Twitty	8	28
Kellerville	2	5
Heald	1	37
Lela	14	29
Shamrock	157	98
Shamrock	109	81

'HAY DAY' WILL BE INTRODUCED AT LOCAL FAIR; COUNTY'S FIRST

SPECIAL NEWS RELEASE
"HAY DAY & HAR SHOW"
By Charles D. Jackson
County Agri. Agent
July 22, 1963

Wheeler County will have its first Hay Day and Hay Show on September 6 at 8:30 a.m. at Wheeler, Texas. It will be an added days attraction to the Wheeler County Free Fair. The hay show will be held in the Texas Highway Barn on Highway 83 north of Wheeler, which is across the highway from the American Legion Building where the rest of the Fair will be held on September 7. Ted Trew Extension Pasture Specialist, will serve as judge as well as present an educational program on hay. An effort is being made to secure other top men in the hay field to be on the program also.

The Texas hay crop is big business with a value in excess of 50 million dollars and Wheeler County's hay crop is valued over one million dollars with over 30 thousand acres in grass and legume hay.

A hay show is set up to focus attention at a time on all the important factors involved in the production of high quality forage. Except for the way the forage is harvested, this applies to production of forage for grazing as well as to that produced for hay. A Hay Day provides the means for teaching the things which may be done to produce high quality forage. It points out the characteristics of high quality hay and the values of high quality forage. A hay show may help locally produced hay, and point out the economic significance of hay. This activity is an interesting and relatively new teaching method that involves spectators and supporters as well as exhibitors.

RULES AND REGULATIONS
1963 Wheeler County Hay Day
The purpose of the Wheeler County Hay Day is to provide educational information on forage quality for producers and buyers. The following rules and regulations shall apply with no intended discrimination against any individual or group.

1. Any hay produced or buyer who has hay in his possession at the time of the show may exhibit hay which he owns.
2. Any individual may exhibit only one sample per class, but he may have entry, in as many different classes as he chooses.
3. An entry must be in a stringed block or bale form and at least four inches in thickness. Blocks are preferred; loose hay will not be accepted. In the case of sound bales, a four-inch cross section of the bale will be considered an entry.
4. Each entry in the officially established classes will be awarded a blue, a red or a white ribbon. If it is scored 50 points or better by the judges. Entries scored below 50 points will receive no ribbons.
5. An entry will be disqualified when it contains more than a trace in injurious foreign material. This includes injurious plants such as bullnettle, briars, headed sandbars, mature Texas wintergrass or Aristida species (needlegrass) with needles attached, and poisonous plants. Presence of hardware, such as nails, wire and other matter which is injurious when fed to livestock will disqualify an entry.
6. An entry will be disqualified when it has an objectionable odor; or when it is undercured, heating, hot, wet, musty, moldy, caked, badly shattered or broken, badly weathered, badly frosted, or very dusty.
7. All entries must be registered and in place for judging not later than 8:30 a.m. on September 6. Everyone is urged to bring their entries in on September 5. A committee will be available to check the hay in on September 5.

(Continued on Page 4, No. 3)

Terry McCasland Wins Annual PGC Talent Tour Of Tex Points Of Interest

Producers Grain Corporation's well-known Talent Club will sponsor its 22nd Annual Talent Tour July 28-August 5th from Amarillo. Terry McCasland will be among the 1963 members initiated into the club at a special banquet, Sunday evening at the Herring Hotel.

The group of new members include 8 boys and 8 girls from the state of Texas, selected by the State Extension Service, and one girl and one boy from Kansas, New Mexico and Oklahoma.

The Talent Club's list of 354 members include the names of many of the state's most outstanding former 4-H members, who today are leaders in agriculture, business and other professions, the state club office announced.

The 22 new members will leave on July 29 from Amarillo for a week-long tour to points of interest in Texas, including historic, cultural and educational institutions of higher learning.

The Producers Grain Corporation will be host to the tour and travel by chartered bus.

Tour Guide will be Mr. Oscar Applequist of Producers Grain

TRUSTEE FILING SWAHN REPRESENTATIVE VISITING DEADLINE AUG. 8

Since the creation of the Proposed Hospital District in North Wheeler County was ratified by the voters by a large majority on Saturday, July 20, 1963, the next step will be to elect Directors for the District from the five school District areas involved. The Commissioners Court of Wheeler County has set August 12, 1963 as the date upon which they will order an election for directors, then the persons desiring to place their name on the ballot for election will be required to file by the end of the eighth (8th) day of August, 1963.

The Law creating the District reads as follows:

"Any candidate desiring to be voted upon as a first director shall, no later than three (3) days prior to the day of passage of the Commissioners court order calling the election, present a petition to that court signed by such candidate and not less than five (5) qualified voters residing in the candidate's voting precinct, requesting that his name be placed on the official ballot"

End Quotation.

Since the order for the election will be issued on August 12, 1963 then to have three full days clear according to the law the Candidate will have to place his or her name in nomination on or before the eighth (8th) day of August.

Anyone who is 21 years of age, a qualified voter and owns property subject to taxation is eligible to be placed on the ballot for election as director of the Hospital District. The petition, once completed should be presented to the County Judge for acceptance by him. This will facilitate the placing of the person's name on the ballot.

Report On Oil and Gas Activity In Wheeler Co.

With an oil and gas production worth about \$6 million a year, Wheeler County citizens have a financial stake in the worldwide demand for energy and the complex economic and political problems involving the petroleum industry, according to statistics released this week by Texas Mid-Continental Oil and Gas Association.

"We have pulled together some figures from the most authoritative sources, so residents of Wheeler County can see how local pocketbooks are affected by some of the issues which involve our industry," said J. Clyde Tomlinson, Association president. "Issues of current concern include: the proposals to cut percentage depletion rates, extension of federal controls over prices at which Texas producers sell their gas, and development of well help Texas compete with other states and nations for markets."

The latest year for which U.S. Bureau of Mines figures are available (1961) shows Wheeler County producing more than 1.7 million barrels of crude oil, valued at about \$5 million; and 8.8 billion cubic feet of natural gas, with a value of about \$1 million. In 1961 there were 1,000 wells in the county—619 oil and 388 gas, according to the Texas Railroad Commission. The Panhandle Field is classified by the Oil & Gas Journal as one of the nation's "giant" (Continued on Page 4, No. 4)

TALENT & BEAUTY CONTESTS IS SET TO START ANNUAL FAIR HERE

The Wheeler County Free Fair Association is adding two new events, "The Fruit Basket Queen Contest" and "The Talent Show".

The Queen Contest will be held in connection with The Talent Show, August 31, 1963 at 7:30 p.m. in the Wheeler School Gym.

Any Club or Business may sponsor the contestant of their choice. These contestants must go to school in Wheeler County. The age limit is Freshman through Senior of 1963-1964.

The girls are asked to wear Dressy Summer Cottons, (with heels). Each girl will be judged on her appearance, grooming and poise. Also they will be asked to give a short speech not exceeding 2 min.

There will be a first, second and third place winner.

You may contact Mrs. R. J. Holt, Jr., Chairman of the Fruitbasket Queen Contest, for entry form or any question you may have concerning this contest. Also the entry forms may be picked up at the Co. Extension Office in Wheeler.

The deadline for the Queen Contest will be August 23, 1963 at 12 noon.

There will be a practice session for the contestants, Friday, August 30 at 7:30 p.m. in the Wheeler School Gym.

BRISCOE TO HOLD GOSPEL MEETING

The Church of Christ in Briscoe is having its Gospel meeting July 26 to August 4. Services will be conducted at 8:00 each evening and 10:00 A.M. Sunday morning.

Zeb Sailors will be the visiting minister. Gaston Tarbet is the regular Minister and Ott Sewmaker of Pampa will direct the singing.

Everyone is invited to come by the Briscoe Church of Christ.

LANDMARK BAPT TO HOLD REVIVAL

The revival of the Landmark Missionary Baptist Church of Wheeler will begin August 4 and continue through August 11. Bro. Buck Nicholson will be doing the preaching and Bro. Clarence Killingsworth will be leading the song services.

Bro. Buck Nicholson comes from Springer, Okla., where he is pastor of the Springer Missionary Baptist Church.

Bro. Nicholson graduated from Rocky High School, Rocky, Okla., in 1953, and has attended the Missionary Baptist Seminary in Little Rock, Ark.; received his Bachelor of Arts Degree from Southwestern University in 1960; his Bachelor of Theology Degree from the Oklahoma Missionary Baptist Institute in Marlow, Okla. in May this year; and is now working on his Masters' Degree at the Baptist Institute.

The Land Mark Missionary Baptist Church feels fortunate in having both Bro. Nicholson and Bro. Killingsworth and invites you to attend their services. Day services begin at 10:00 a.m. and night services start at 7:30 p.m. with singing until 8:00 when preaching begins.

BALL GAME
Wheeler Dodgers will meet Mobeetie at Mobeetie Thursday night at 8:00 p.m.

Briscoe News

By Winnie Smith

Grady Dodd went to Pampa and Amarillo Tuesday.

Mr. and Mrs. George Burgess and grandson Skippy of North Norwick, N.J., are visiting in the home of her uncle, Mr. and Mrs. Claude Crouch.

Quality of Wheeler Co. Fruit Must Be Excellent Several Drivers' Training Students Passed Test

Everyone likes the especially fine produce grown in Wheeler County, and the fame of our excellent fruits and vegetables is widespread. This was again proven last week when a 76-year-old man drove 153 miles from Goodland, Okla., to Wheeler for the specific purpose of buying peaches.

The Goodland man purchased 25 bushels of peaches from Claudio Brotherton and loaded them into the back of his Chevrolet car. Twenty-five bushels is a lot of peaches but he managed to get them in. When he finished packing the last peach, the back of his car was completely filled with the uniform delicious fruit.

Prefab Palace

Manufactured Homes Gain in Building Race

BATON ROUGE, LA. — Compared to the first prefabricated home introduced in this country in 1924, modern day manufactured homes are palaces.

Manufactured in England and shipped to the U.S. where it was erected in what is now the state of Massachusetts, the first prefab house in this country was a two-story frame building. It was constructed of pre-cut oak timbers which, when fitted together, formed the frame of the house.

It is believed that the exterior of the "Great House," as it was called, was made of hand-hewn shakes or shingles.

American manufactured homes first appeared in 1927 when two houses, complete with component parts to be erected on site, were shipped to the West Indies from New Orleans. Ironically, Louisiana is the headquarters state of one of today's leading home manufacturing companies, Crawford Corporation of Baton Rouge.

Crawford, a pioneer in modern home manufacturing techniques, predicts that within the next 10 years manufactured houses will represent 50 to 75% of total private housing.

The industry is growing at an average annual rate of 10 to 11 per cent. An estimated 170,000 units were produced last year. Today, one of every five houses erected is manufactured.

Component parts of all Crawford homes are precision built on assembly lines at the company's modern manufacturing facility at Gloster, Miss. Skilled workmen produce house materials for a variety of 41 models with two to four bedrooms, up to two and a half baths, and floor areas from 800 to 2,600 square feet.

Crawford homes range in price from \$6,300 to \$40,000, excluding land. The company's variety of models provides home buyers one of the industry's widest selections of quality manufactured houses available.

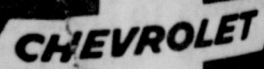

Crawford homes are indeed a marked contrast to the first "Great House."

MOBEETIE TOPS HOLD MEETING
 The Mobeetie Tops Club met Monday in regular session. The program was opened with leader, Margaret Trout, speaking on the ritual of the Tops Chapter.

Roll Call was answered with "Hints or Reminders to Lose Weight". Mary Mixon was crowned Queen for the day with a weight loss of 4 pounds. A total of 9 lbs. was lost this week by members present.

A brunch breakfast will be given Monday at 8 a.m. in the home of Thelma Harrison. Hostesses will be Thelma Harrison, Georgia Coarse, Florence Burgess and Hele Swetnam.

Ice Tea and juice were served to nine members, Margaret Dorothy, Mixon, Thelma Harrison, Eulene Walser, Georgia Coarse, Mary Mixon, Eula Johnson and Hostess, Melba Burch and Helen Swetnam.

GENERAL TELEPHONE TOWNS ON THE MOVE
 Frost Initiative Secures new Industry

A population of less than one thousand proved no handicap to Frost, Texas, when its aggressive citizens set out to secure new industry.

Today, Frost Manufacturing Co. of Texas, makers of women's fashions, is a thriving industry employing 40 people and with an expansion program planned for the near future. It is another reason we say big things

are happening in General Telephone towns

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

GENERAL TELEPHONE OF THE SOUTHWEST

FROM THE OFFICE . . .
 By Arling Cordell, Superintendent of Wheeler Schools
 Parents are reminded that the first actual day of school will be Friday, August 30, when Pupils will enroll, meet their classes, lunch will be served in the Cafeteria, and buses will make their usual runs both morning and afternoon. All beginners must be at least 6 years old on or before September 1, and will need to have their birth certificates with them on the first day.

Other dates of interest are: The Ex-student's Reunion on August 17; Workshop for the faculty on August 27; Labor Day Holiday on September 2; the first football game on September 6 when we play Canadian here.

Parents, you can help your child to make a good beginning by furnishing them good books, magazines, newspapers to read; and by

insisting upon some time daily which is set aside for improving the child's mind. Perhaps the greatest help you can be to them is by your constant encouragement and supervision rather than attempting to actually teach them their lessons. When our students really learn that getting an education will require some sacrifice of their time and some work at home each day, they will do much better in their studies.

Number Five
 Williams, former District 3 North Representative, on his return to his former post with the Texas Cancer Society. Williams has spent several months with the Nebraska Cancer Society in Lincoln.

Clayton Sanders, chairman of the nominations committee, submitted the following names selected as officers and committee chairmen for next year:
 Ben Skidmore, president; Mrs. Cecil Denson of Wheeler, vice president; Mrs. Bob Roach, Jr., secretary; Mrs. J. W. Blake, treasurer; Mrs. Walter Pendleton, Jr., educational chairman and Mrs. Max Wiley of Wheeler, co-chairman; Mrs. O. T. Glasscock, service chairman and Mrs. Bill Topper of Wheeler co-chairman Mrs. John Cullers, publicity chairman, and Mrs. Vondell Killingsworth of Wheeler, co-chairman; and Dr. O. M. Roberts, medical director.

The Crusade chairmen will be appointed at a later date.
 Twenty-seven board of directors were named, these being from Wheeler, Shamrock and Briscoe.

Attending the meeting were: Mrs. Cecil Denson and Mrs. Max Wiley of Wheeler; Henry Clay, Clayton Sanders, Darrel Hale, Mrs. O. T. Glasscock, Mrs. J. E. Throckmorton and Mrs. John Cullers of Shamrock; and Tom Williams of Amarillo.

Grady Harris and Alvin Bell attended an Angus Association Director's meeting in Buffalo, Okla., Monday.

Mr. and Mrs. O. W. Nowlin spent the weekend in Paris and Sherman visiting Mr. Nowlin's parents and other relatives. Their daughter Leahwana returned home with them Sunday night after having spent the past six weeks in Baton Rouge, La., and Port Neches and Dollar, Texas. While in Louisiana, she visited New Orleans and Grand Isle.

NEWS & VIEWS
 By J. Loyd Rice

Between Weatherford and Hydro, Okla., Little Deer Creek flows under a bridge on Highway 66. It was my privilege to stand on the bank of that creek after a heavy shower. As I watched the swirling waters I heard a noise down stream. I could not decide what it was. I kept watching and listening. Then, nearer to me, I saw it happen. A great chunk of the bank slipped into the muddy water with a dull rumbling sound. The rushing water was eating away six to eight feet below the top of the bank. As I gazed a dump truck load broke loose and slipped into the flood. More precious top soil lost.

The thought came to me that Communist are eating away at the vitals of our nation in the same way. They are not coming out into the open in frontal attack, but undermining our morals and our faith. They are slipping into our text book's cunning suggestions that man is just another animal. Suggestions that make the young mind wonder what is true.

Many high school teachers throughout the land are playing to the Communist hands by ridiculing the Bible story and gradually pushing the student further from his faith in God. In our colleges and universities they are actually recruiting members of their party. They are gradually replacing the faith, by which so many Americans have lived and died, by faith in the Communist teachings. They actually teach the brilliant young student some Christian principles and ideals. That of love, and world peace. The selfishness and greed and dog eat dog scramble of the capitalistic system will be abolished they say. When the young mind is completely sold on these high ideals the way to bring them about is clearly presented.

Your Soil Conservation News Report
 Terrace systems, are still one of the most effective conservation measures which can be used on sloping cropland. Some of the farmers in the county who have recently completed systems are John O'Gorman and J. H. Hesry, both of Twitty, Elmo Riley and Jack Wahlow of Shamrock, and the Mills ranch at Kelton. The Mills ranch is in the process of installing a system which contains more than 15 (fifteen) miles of terraces. Terraces have been designed and laid out on the W. W. Adcock farm at Texola and on the Hubert Tindall farm at Shamrock.

There have been stock tanks layout and in the various stages of construction on the Mills Ranch and W. W. Adcock farm. These tanks will provide stock water at very reasonable cost.

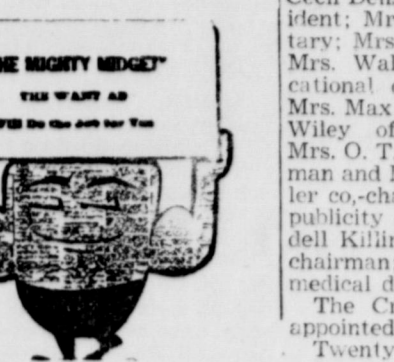

During the spring and early summer there were about 500 acres of Midland bermuda grass sprigged; there have been varying reports of success in Soil with adequate moisture there has been from 50% to 75% stand, deep sand without adequate moisture 10% to 25% stand land with irrigation a stand of 75% to 100% was attained.

AIN'T IT THE TRUTH
 Ab Quater

AIN'T IT THE TRUTH
 Guess, a feller finally gets used to livin in the woods but I ain't yet. I get up fore breakfast and am hungrier than a Bear just out of hibernation. The clear cool mountain breeze makes a quiver run up your shirttail and till the sun gets up purty good you kinda wish you had left on the long handles.

I been lookin round at all the different birds and wonderin which wuz which and checkin the trees tryin to figer out which wuz Spruce and which wuz pine, cedar and so forth. You know tryin to learn the ways of the woods. Might get lost some time and need to know all them things.

ALLISON NEWS

By Mrs. Lester Levitt

Varne Lohbergers had as their guests last week Mr. and Mrs. Fred Steinfelt of Aumsville, Ore., and Mrs. Elsie Goodman of Gerber, Calif. They were residents here 38 years ago.

Those who modeled a blouse or skirt in the b.H. Dress Revue at Wheeler Friday were: Wanda, Shirley and Juanita Boydston; Margaret Gilmer, Wanda Morse, Annetta Childress, Donna Clay and Suzanne Lohberger, Mrs. Lohberger was leader.

Annetta Childress was first, Shirley Boydston, second and Juanita Boydston third on their skirts. Suzanne Lohberger was first on her blouse and Donna Clay second. Mr. and Mrs. Lester Levitt attended the funeral of her brother, Charley Gibson at Plainview Monday last week.

J. D. Helms and family of Spearman were weekend guests in the parental Ray D. Brown home. E. P. Haynie and Archie Clay made a business trip to Oklahoma Thursday.

Jimmy Wallace and family of from Reydon were dinner guests Wheeler and Mrs. Rovey Sanford in the Bruce Harrison home Sunday.

Lyn Bown and family of Dumas visited in the parental Joe Walsh and Charley Brown homes over the weekend.

Roy Langford and family of Stinnett spent the first of the week with the Lester Levitts.

Charley Traylor visited relatives at Pampa last week.

Mr. and Mrs. Ennis Lee of Austin visited friends over the weekend. They went on to Colorado for a few weeks stay.

The Allison Board of Education will accept bids for the sale of a 1951 International Truck with side boards. Good shape. Bids will be opened 8 p.m. August 12. The Board reserves the right to reject any or all bids. Truck can be inspected at Allison School.

FOR SALE: Two Sows and 15 pigs. J. E. Hubbard.

CORRECTION
Last week's paper stated that Fat Moore and John Hodges were in charge of food preparation at the barbecue held in connection with the Wheeler Radio, July 11. It should have read Fat Davidson and John Hodges.

NOTICE
Due to illness, I was out of my shop during the past two weeks. To all my friends and patrons, I am now back at work.

For your beauty needs, phone 5151.
Thank You, Mary Elder.
Thank You, Mary Elder.
Operator of Carol's Beauty Salon

CARD OF THANKS
I take this method is thanking the Wheeler Fire Department for their efficient work in extinguishing the grass fire set by lightning on my place recently.

Walter L. Williams
Richard Parks of Abilene was in the home of his parents, Mr. and Mrs. L. A. Parks over the weekend.

RILEY REUNION IS HELD AT LEGION

The Riley family reunion was held July 7 in the Legion Hut in Wheeler. Some 51 relatives attended. Eight of the eleven children of the late Mr. and Mrs. G. T. Riley were present.

Mrs. Tommy Jones of Springdale, Conn., Mrs. Octie Henslehn of Dennison and George T. Riley of Farmington, N.M., was unable to attend.

Those attending were Mr. and Mrs. Otha Riley and Don of Amarillo, Mr. and Mrs. Earl Riley and Joe Ray of Meehan, Mr. and Mrs. E. W. Riley and David of Tulsa, Mr. and Mrs. W. B. Riley and Debbie of Oklahoma City, Mr. and Mrs. Joe Atwood of Spearman, Mr. and Mrs. A. B. Malone of Rosewell, N. M., Mrs. Alma Leach and Mrs. Fannie Owens of Wichita Falls, Mrs. Alice Gidden, Clois Gidden and Leona Gidden of Dallas, Rev. Jack Riley, Kelley and Bonnie of Pampa, Mr. and Mrs. Jan Lincoln of Feed, Okla., Mr. and Mrs. Joe Mitchell, Maria and Kent of Whitesburg, Mr. and Mrs. Dick Atwood and Riley, Mr. and Mrs. James Henderson and Ty, Mr. and Mrs. Jim Atherton, Tonja and Terri, Mrs. Stella Williams, Glen Edwards, Mr. and Mrs. Edd Riley and Bob, Mr. and Mrs. Albert Chapman, Don and Von all of Wheeler.

Plans were made to make this an annual affair.

Number Four

Fields with an estimated recovery in excess of 100 million barrels since discovery.

Although its first field was discovered 42 years ago, Wheeler County is the scene for the industry's continued search for oil and gas. Some 53 wells are drilled in the county last year, with 2 being wildcat exploratory wells, according to the Oil and Gas Journal. The Association estimated that more than \$1.6 million was spent on drilling in the county the past year and that some \$66,000 of this went for dry holes. Close to \$12,000 was spent last year on geophysical crews using seismic devices to probe the underground formation of Wheeler County for possible drilling locations.

Leasing adds many thousands of acres to the county's economy. Tabulations by the International Oil Scouts Association show major companies in 1961 were paying rentals on about 283,000 undeveloped acres which comprise about half the county's area.

Royalty payments to Wheeler County farmers, ranchers and other landowners are running at more than \$774,000 annually, the Association calculated.

Wheeler County producers and royalty owners also make a sizeable contribution to the support of state government, with production payments of more than \$311,000 a year—some \$235,000 from oil and \$76,000 from gas.

Industry taxes likewise are important to the county government and school districts in the county. For instance, 26 per cent of the local property taxes collected for the Shamrock Independent School District come, from oil and gas operators.

A sizeable impact on the Wheeler county economy has been registered by petroleum industry payrolls. About one of every five payroll dollars in the county is derived from employment in oil and gas work, according to figures from the Texas Employment Commission. The industry payroll is more than \$57,000 a year.

One natural gas plant is operated in the county, handling some 20 million cubic feet of gas a day. One carbon black plant processes 3.9 million cubic feet a day, also located in Wheeler County.

Number Two

The County Clothing Program Builders' Committee, has served on all level committees and has served on committees for National 4-H Week program and she has served as one of the 4-H Texan Riding club, been in county bake show, also the highest in the County Dress Revue in Junior Division for the past two years. Has been active in the County recreation program, electric program and has attended all County Camp and Rally days.

Mrs. Cula Nowlin, county home demonstration agent, presided over the affair and Penny Puryear, Wheeler County 4-H Council, co-chairman, gave the narration. Judges were Mrs. Kathryn Bargerhugh, Home Demonstration Agent from Collinworth County and Mrs. Juanita Channel, assistant Home Demonstration Agent from Gray County.

The Allison 4-H Club had the highest representation with 8 girls and their leader, Mrs. Vern Lohberger. There were parents, leaders and ladies from the Home Demonstration Clubs also present. The Home Demonstration Council provided prizes for the winners and presented them to all of the girls.

The District Dress Review will be held July 26, at 2:00 p.m. in the Ball Room of the Holiday Inn, Wheeler, Amarillo, and the public is invited. Penny Puryear, Wheeler County, will preside, and Judy Childress of Carson County will do the narration.

CARD OF THANKS
We would like to take this means of thanking everyone for the kindness shown us during our recent homecoming. May God bless each of you.
The Family of
Mrs. O. D. Arganbright

Thirty in Attendance is Held in Courtroom

Audited and approved by Robert Blackburn, District Director, June 28, 1963.

There has been a slight delay in more as director, Mr. Blackburn ed, this year, for various reasons. The main reason has been the volunteer workers could hardly find the time to make the necessary contacts.

We regret to report that Mr. Blackburn will not be with us any more as director, r.M. Blackburn received a promotion and transferred to Denver, Colo., for Red Cross work there.

8. Entries become the property of the show committee at the conclusion of the show as an exhibitor may pick up his hay at that time.

9. Entries will be classified on the basis of the following score-board:

Factor	GH	LH
1. Maturity	40	20
2. Texture (size of stem and pliability)	20	10
3. Leafiness	10	35
4. Freedom from non-injurious foreign material*	20	20
5. Color	10	15
	100	100

* Non-injurious foreign material includes weeds, weedy grasses, sedges, rushes, bushes, stubble and stalks and other residue from other crops, manure, and other non-injurious but objectionable matter.

10. Entries will be moved to the American Legion Hall to be displayed on September 7.

11. All Entries will be judged in the morning and the educational program will begin at 1:00 p.m.

Any question concerning the "Hay Show" may be answered by Mr. Frank Walker, President of the 1963 Wheeler County Free Fair Association, or Charles D. Jackson, County Agricultural Agent, who will be in charge of this first show on his Assistant, Mr. Bill Baker of the Soil Conservation Service.

Mr. and Mrs. Bill Crouch and Sandi spent Sunday in the home of Mr. and Mrs. Claude Crouch.

SWAHN ADVISES SPRAYING BEEF

By Charles D. Jackson
County Agri. Agent
July 19, 1963

The success of the screwworm eradication program in the Southwest depends greatly on the cooperation and assistance of livestock producers and others who have invested over \$3 million dollars in this effort. To protect this investment all producers are encouraged to treat animals where practical, every 2 to 3 weeks for the prevention of screwworm infestations, to avoid movement of any infested animals and to report all suspected infestations immediately.

Recommended Materials
Co-Ral at 0.25% (4 lb. of the 25% wettable powder in 50 gal water) and Korlan at 0.5% (8 lb. of the 25% wettable powder in 50 gal. water) are recommended for spraying livestock to prevent screwworm infestations. Animals should be thoroughly wet-up 1 to 4 quarts depending on the size of the animal. Widespread use of approved sprays, properly applied, can greatly aid eradication program. Screwworm flies must have fresh or bloody wounds which lay their eggs. Timely spray applications with Co-Ral or Korlan will prevent the development of screwworm cases. Untreated scratches or wounds of any type are open invitations to screwworm population explosions.

Cost
The cost of a single insecticide application is approximately 10 to 40 cents per animal, depending on the size of the animal. Control last 3 to 4 weeks under most conditions. Somewhat longer control results under favorable weather conditions.

Interest On Investment
In addition to screwworm control, the material previously mentioned will control horn flies, ticks, and lice as well as decrease the number of stable flies, house flies and other external parasites. Reduction of fly and gnat populations, which transmit and aggravate disease conditions in livestock is an additional benefit. A regular spray program aids in reducing animal losses. Additional insecticide recommendations can be obtained from county agricultural agent's office.

Wednesday morning, Grady Harris attended a meeting in Pan Tech where J. P. Smith was honored with a party. Mr. Smith has resigned as Manager of Pan Tech to accept another position.

California Reunion For Ex-Mobeetie Residents

Former residents of Mobeetie, who now are residing in California met for a reunion July 13 and 14, at Tehachapi Mountain Park, Tehachapi, Calif.

It was a wonderful time for all who attended — reminiscing over many years past. Many of those attending had not seen each other for at least 25 years. Some families began to arrive on Friday in company, trails and some brought their own tents and some bought them new ones on Saturday and then came on Sunday.

On Saturday night a big bonfire was built and all sat around talking and laughing over things that happened years ago in Mobeetie. Some brought pictures that were taken "way back when" and this brought some laughs.

There was a total of 300 who attended this first reunion.

They were:
Robert and Fern McCain and family of Norwalk, Raymond and Louise Love and family of Highland, Mr. and Mrs. John Love, Sr. of San Bernardino, Mrs. Minnie Love of Tehachapi, Everett and Adalee (Love) Sims of Tehachapi, Doris (Key) Hutchins of China Lake, Leon and Ina (Zell) Barton and Danny of Ridgecrest, Jim Barton of Porterville.

Alice (Zell) Herr of Hawthorne, Monroe and Jo (McCormick) Tarvin of Terra Bella, Frank and Edith (Tarvin) Canella and family of Terra Bella, Mr. and Mrs. Troy Shipman, Sr. of National City, Halbert and Bonnie Joy (Shipman) Tarvin of San Diego, Martha Jane (Shipman) Fields of San Diego, Homer D. and Ruth Dyson of Carlsbad, Calif.

Inez (Shipman) Tillman of San Diego, Ralph and Ethel (Tarvin) Shipman and family of National City, Wade and Minnie (Zell) Sharp of Oglesworth.

Paul and Eunice (Dyson) Harrell and family of Bellflower, Ed and Janie (Fultz) Tarvin of Terra Bella, Omer and Freda Harrell and family of Norwalk, Richard and Edna (Tarvin) Hurt and family of Porterville, Helen (Tarvin) Feuchter of Bishop, Ona Mae Pugh of San Leandro, Dorothy Faye (Pugh) Machado of Rio Vista, O. C. Walker of Oakland, Mr. and Mrs. Clyde Pugh and family of Woodlake, Venita (McCain) Duncan of Oakland, Viola (Tubbs) Grassman of Merced, Wilma (Sims) Wood of Merced, Harry and Nell (Bartam) Jeffus and daughter of South Gate, Mr. and Mrs. Onie Sims and family of LaMirada, Mildred (Eubanks) Swift and David of Compton, Exie (Creekmore) Herrick of Hawthorne, Mr. and Mrs. Thurman Creekmore and family of Torrance, Mr. and Mrs. Richard Lancaster of La Crescenta, Wayne and Irvine (Schinner) Kantz and daughters of LaCrescenta.

Leroy and Ernestine (Seitz) Patton and sons of Amarillo, Texas, who were guests in the Leon Barton home also attended the reunion. Everyone had a wonderful time and expressed the desire to make this an annual affair. Next year the time has been set for the second weekend in July at the Tehachapi Mountain Park (same place we met this year).

NOTICE

The Wheeler County Singing Convention will meet in the Church of the Nazarine in Wheeler Sunday, July 27 at 2:00 P.M. We want to extend an invitation to all to meet with us, and make this a better singing.
Mrs. C. O. Killingsworth,
Secretary

KENADY BABY ARRIVES

Arden and Lonnell Kenady are the proud parents of a baby girl born July 14 in Providence Hospital, El Paso. The young lady weighed 7 lbs. 3/4 oz. and has been named Kimbra Jo. Lee, all of Wheeler. Great Grandparents are Mr. and Mrs. Lillian Kenady and Mrs. Lillian Kenady and Mrs. Lillian Kenady. Grandparents are Mr. and Mrs. Wheeler and Mrs. Tonie Wilson of Jayton, Tex. Kimbra Jo and her parents are at home at 228 Viking in El Paso, Tex.
AK endyBobn, arents-l-nJ

A BABY GIRL

Friday, July 19, a baby daughter was born to Mr. and Mrs. Robert Denson of Wheeler. The new arrival weighed 9 lbs. 6 oz. and was named Danise Jane. Danise is the Denson's second child; the other being a daughter, Dana. Grandparents or Mr. and Mrs. Grove of Odessa and Mr. and Mrs. Cecil Denson of Wheeler.

A GOOD JOB

Billy's getting bigger, and Susie's catching up. And Mom—like any proud mother—is delighted. Their physical progress is one indication that she's doing a good job.

But is she being just as careful about other, equally vital parts of that job? Is she also measuring their spiritual progress? As it happens, she is. Billy and Susie are both already going to church and church school.

If you have been thinking that your own children are too young to begin their religious education, why not give them the chance to measure up spiritually, as well as physically? They're apt to surprise you!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
