## WIND, HAIL, 0.65 INCH RAIN

Winds, hail, threatened rain brought June 7 to a close. A 0.65 inch rain brought the month to 1.28 inches. A cloud bearing the wind moved over the area at 5 p.m. The electricity was very light with the falling of marbles. The first clouds as every returned to normal. Shamrock residents watched the approach of the cloud from McLean which

could develop a tornado. The Fire department maintained their watch at their shelter west of town as the cloud moved to the south of the Wheeler. This particular cloud did not bring the immediate Wheeler area any strong winds. For the benefit of newcomers of Wheeler, the Fire Department has a cave as the southwest of town--across from the cemetery. The fire department stations men at the cave to watch for the approach of a funnel cloud. In the event the department feels it necessary for Wheeler residents to take shelter, two short blasts of the fire siren are sounded. In an effort to make sure everyone hears the warning, the fire truck is then driven through town with the siren sounding. Rainfall for the year now stands at 5.84 inches. At the end of May rainfall was 4.86 inches short of last year's amount at the same time. The first rain in June, 0.63 inches fell June 1 and 2. Only 0.1 inch rain fell at Shamrock and the Doyle Standees reported only enough rain to settle the dust at their home 14 miles north of Wheeler.

## Parkview Hosp. Joins Blood Bank

The Parkview Hospital of Wheeler, Texas has become a part of the American Red Cross blood program. A few months ago the board and doctors were contacted about using the Blood Bank program and received the plan enthusiastically. Blood, at that time, could be secured by the hospital from local donors and had to be processed and typed and cross checked or could be purchased from the blood bank in Amarillo at the cost of \$21.50 per unit. In the Red Cross plan blood is furnished to the hospital at the cost of \$6.50 per unit. There is an additional charge to the patient of \$5.00 in both cases for cross checking. The laboratory fee of \$5 is paid for by all insurance policies but very few policies pay for any blood at all. The hospital board and doctors were pleased when they found the charge to patients of \$6.50 was such an improvement over the private blood bank available. Also a supply of blood is now available at all times at

the hospital of all types and any quantity can be secured from the Chapter headquarters in Wichita, Kansas. The Parkview hospital has their shipment of blood on hand now and can be used for anyone. The local Red Cross chapter is paying per capita population the Red Cross cost of processing, storing and furnishing the blood needed by the hospital. Since we have not had a disaster in the community for the Red Cross to assist with the Chapters local funds can stand the cost of this expense well. The only thing furnished by the local Red Cross to any extent lately has been wires to Service men for notices from home to Overseas Stations, help to transient families and the expenses of badges and books for the local Red Cross Life Saving and Water Safety courses and training.

The local community must aid in the blood bank program and their share is the greater one. No service of the American Red Cross depends more on the support of the public at large than does the blood program. In practical terms this broad public support means the work of volunteers, the contribution of money, and finally, the consent of the action by an adequate number of blood donors. The individual donor is the focus. To make his unique gift possible, financial planning, scheduling, personnel and other factors dealt with are supplied by volunteers. The goal aimed at, of course, is that the patient who needs who blood or blood derivatives will get what he needs. For this reason, blood supply and estimated blood requirements are also closely connected with the donor program.

when needed. This is a community Responsibility for the community. Blood Program: Mrs. Hiram Whitener, Executive Secretary; Mrs. Adrian Risner, Local Chapter Chairman; Mrs. Carroll Adams, and Hospital Administrator; Mrs. Geneva Snellgroves.

## GRASSHOPPERS ARE ATTACKING

Special by

**Charles David Jackson:** Young grasshoppers are appearing in abundant numbers in several sections of the county. The heaviest outbreak is in the Southwest section of the county in short grass. Grasshoppers thrive best in short varieties of grass that are not as tough. Most of the grasshoppers are too large to launch a large aerial spray program like is being conducted in the Silverton Area, but individuals should conduct a control program of their own to help save valuable grass where they are the heaviest populated.

and pastures. The young nymphs, after hatching the following spring, feed in the vicinity for several days before beginning to disperse. Applying control measures while the population is still relatively concentrated will reduce later damage to pastures and crops. Several insecticides give effective control of young grasshoppers. Producers should pay careful attention to the label precautions before applying any insecticide to pastures or crops and observe strictly the prescribed harvest, grazing or slaughter intervals.

Listed below are approved chemicals and restrictions for use on pastures for control recommendations on specific field crops, refer to the appropriate Texas Agricultural Extension Service insect control guide.

**Control of Grasshoppers on Range and Pasture Grasses:** Listed below are the insecticide, Active Ingredient per acre and Remarks and Restrictions:

Carbaryl (Sevin) - 9.5 - 1.5 pounds - No time limitations. Malathion - 1.25 pounds - No time limitations. Apply as diluted spray.

Heptrachlor - 3 ounces - \*Do not graze dairy animals on treated areas. Do not graze animals being finished for slaughter within 90 days after application.

Toxaphene - 1.5 pounds - \* Only one application per season. Do not pasture dairy animals.

\* As an added safety precaution, wait 7-10 days following application of heptachlor and toxaphene before grazing treated areas.

**Note:** The Pesticides Regulation Division, USDA, has deleted the use of dieldrin and aldrin on grass. These chemicals should not be used for grasshopper control on range or pasture.

## Sewing Class Offered to Adults

An adult beginner's sewing class will be offered at the homemaking cottage beginning Monday June 20th from 9 to 11:00 each weekday morning, Monday through Friday. Emphasis will be on children's clothes; joints in selection and construction. "Any interested adult is welcomed to this free instruction," stated Mrs. Bennie May Whitener, local homemaking teacher.

Mrs. Judd Anderson was called to the bedside of her brother, Mr. Cred Cope at Eldorado, Okla. who was hurt by a pickup. He passed away May 30, and was buried the 31st. Mrs. Anderson returned home the first of June.

Sunday dinner guest of Mrs. Florence Dodd were Mrs. Myrtle Barker and Mrs. Myrtle Lane.

**NEW AMERICAN CITIZEN:** Mrs. Jack Jones, who has been a Wheeler County resident since November 1963, became a United States Citizen on Friday, June 3, in Lubbock. Waltraut Busch Jones was born and reared in Berlin; she was six years old when the war started and remained in Berlin for the duration of the war.

Mrs. Jones met her husband while he was stationed in Germany. He returned to the states and wrote back to her. He asked her to apply for a visa to come to the United States. She placed her application in February, expecting to wait two or three years for the visa. The visa came through in March giving her only two weeks to get ready to move to a new country.

Margie--as her husband calls her--stated she had no money for the trip to the states, but through the help of Jack, arranged for transportation. She arrived in the states, April 27, 1961.

The first meal she had in this country was chicken livers. She related arriving hungry and went into a restaurant to eat. Unable to speak or read English, she pointed to something on the menu. The waiter shook his head and said he would bring her something.

She and Jack were married in Arizona and the soon found her self decked out in what her husband called "decent clothes." She has learned to be at home in Levis, boots and western hat.

Mrs. Jones tried to learn American ways by watching and doing as those around her. She saw her husband reach in a box of groceries and pour something into a bowl where he added sugar and milk and started eating. She reached in the same box of groceries, poured herself a bowl, added sugar and milk and started eating. She soon spit out her breakfast--she didn't like the taste of Tide with milk and sugar.

Grocery buying for the Jones was not too easy. When she went to the store, she would buy items with pictures on the labels in order to know what she was buying.

Of course no place is as pretty as Germany. Mrs. Jones says in Germany they have trees and rain. There are a few things here that Germany is lacking in--rattlesnakes for instance.

Mrs. Jones' parents and brother still live in Germany. The last time she saw her family was Christmas of 1959.

Even though Mrs. Jones has not developed the Texas drawl, she now speaks good english. She is also a member of the Wheeler Church of Christ. Margie stated she would like to know just what she promised her husband when she got married.

## Persons Host Together

A get together was held at the home of Mrs. Judd Anderson home. Those attending were: Mr. and Mrs. Crow, Alvin and Mrs. E.S. Trout, Freddie (11) be the and Shanna; Reydon; Mr. and Mrs. S.B. Crain, Kathleen Arleen and Darleen of Boyd County; Mr. and Mrs. J.L. of Borger; Mrs. Amma Kern and Paul of Lubbock; Mrs. Alice Newman of Borger, Calif.; Mr. and Mrs. J. S. Singsler, Jeff and Mel of Borger, Calif.; Mrs. Phyllis Ben and Brad of Lubbock; Mrs. G.B. Anderson and Gaylon of Borger; Mr. and Mrs. C.C. of Wheeler; Mr. and Mrs. McDaniel, Mary Ellen, Stella and Stacy Lee of Lawton; Mr. and Mrs. Ira Dahlin of Canton, Calif.; Mr. and Mrs. Paul Raines and Candy, Clevee, Texas; Mr. and Mrs. Hugh Parker of Hollis; Mr. and Mrs. Earl Miller of Lawton; Mr. and Mrs. Gene Anderson, Judy, James and Brian of Miami.

## SATURDAY'S VOTING IS LIGHT

A very light vote was cast in Saturday's second Democratic Primary. Voters in precincts 1 & 2 cast their ballots for their choice in the Attorney General race while precinct 3 & 4 voters decided the winners of the Constable and Justice of Peace races. Tabulation of the ballots showed county voters gave Crawford Martin their support to the amount of 634 votes. Franklin Spears received only 309 votes. In the Justice of Peace

race for precincts 3 & 4, Luke Henley and Cecil B. Amerson both were listed on the ballot. With 535 votes Henley won over Amerson's 370 votes.

M.M. Nixon carried 564 of the 893 votes cast in the Constable race in precinct 3 & 4.

In the six boxes in precincts 1 & 2, only 90 votes were cast. Voting by boxes was: Mobeetie, 19; Briscoe 5; Wheeler 35; Allison, 8; Stanley 15 and McBee, 8. Eight absentee votes were cast.

## COMMUNITY REVIVAL

A Community Revival has been scheduled for June 20-25 by the North Wheeler County Ministerial Association. The series of services will be at Wheeler Football Stadium. Ministers of local churches will be preaching each night. There will be special music from each of the churches. Special feature will be a Youth Choir singing each night from 7:45 p.m. until services begin at 8 p.m. Eddie Howard of Wheeler Baptist Church will lead the choir and direct the singing each night.

Ministers to be preaching include: Monday, June 20, Billy Ferguson, Church of the Nazarene of Wheeler; Tuesday, June 21, Frank Matthews, Kelton-Allison Methodist Church; Wednesday, June 22, Dale Cain, First Baptist Church of Wheeler; Thursday, June 23, C.T. Jackson, Mobeetie-Briscoe-Gageby Methodist Church; Friday, June 24, Harold C. Perdue, First Methodist Church of Wheeler; and Saturday, June 25, W.L. Trice, Kelton Baptist Church. C.M. Abercrombie Baptist, Briscoe and Joe Jones, Baptist Allison are alternate preachers.

Everyone in the area is invited to attend this very special and unusual series of revival services. Bring a whole car filled with your friends and neighbors.

**Notice:** June 15 is the deadline for entries in the 4-H Junior rodeo. Hurry and Enter Now!

## Swimming Lessons Offered At Pool

Lessons at the local pool will begin June 21 at 10:30. The first session will run each day except Saturday, Sunday and Monday from June 21 to July 1. Second session from July 12 to July 22. The Life-Saving and Water Safety classes will be conducted at night from August 1st to August 12th. If more sessions and longer time is needed, these will be scheduled. Please sign up at the local pool so plans can be made. No intermediate classes have been conducted lately because of lack of interest. In these courses, the basic strokes and perfection of each stroke are taught. If there is enough interest, an intermediate course will be offered.

**Kent Sims and Mrs. Carroll Adams**

## WEDDING DATE

Dan Trimble and Lou Meadows will be married June 13 at 6 p.m. in the Baptist Church at Briscoe. Reception following. Friends and relatives of Lou and Dan are invited to attend.

## Sherry Burrell Places in Top 5

Miss North Wheeler County Sherry Burrell placed in the top five in the Miss Lake Meredith contest held at Borger Sunday.

Miss Burrell was selected in a beauty pageant staged by the Thursday Review club, Monday, May 30. She is the 20 year old daughter of Mr. and Mrs. Johnny Burrell. Winner of the Miss Lake Meredith contest was Susie Groves of Stinnett.

## Baseball Schedule June 13-16

June 13 - Intermediate boys at 6:30; Senior boys no. 2 vs no. 3 at 8:00 p.m.  
June 14 - Pee-wee girls at 6:30; Pee-wee boys at 8:00; June 16 - Senior girls at 6:30; Senior boys no. 1 vs no. 2 at 8:00.

Due to lack of entries in the tennis tournament the deadline will be extended until June 13. If you are interested, please contact Coach Hill.

There will be a softball game Friday June 10 between the Mobeetie and Wheeler Men's teams at 8:00 p.m.

Results of Monday's Games Intermediate: boys team no. 1 6 and team no. 2 - 5; Senior boys: Team no. 2 - 19 and Team no. 1 - 6.

**STAMPS HELP TEACH LAUNDRY TECHNIQUES:** "Learn by doing" is the motto of the Wheeler public school homemaking department. And the girls are doing just that--using a new automatic washer recently obtained with Gold Bond stamps.

"When the time comes, our students will know how to use a washing machine, whether it's in their home or a laundromat," said Mrs. Bennie May Whitener, project chairman. "From the overflowing, over-soapy machines that I've seen, many older women could also use lessons in operating washers," she added.

Each woman in the various study groups in Wheeler donated a half a book of stamps as well as validated stamp book covers for their personal redemptions, which counted toward the department's goal.

Another stamp drive for a matching dryer has been launched through Gold Bond's group project plan-- which enables non-profit groups in the U.S., including Hawaii, Canada and England to obtain almost anything money can buy.

Those pictured standing behind the new machine are (l to r) Cheryl Watson, Linda Watts, Linda Belivns and Elaine Glazner. All are homemaking three girls.

### Application Herbicides

by Charles David Jackson  
It's a good idea to have two spraying rigs. One should be used for general herbicides and the other for insecticides. To be safe, mark the herbicide sprayer in some way you'll be able to tell a glance.

Without careful selection, there will be ways be herbicide left in the sprayer which can retard or kill you must use the sprayer for both herbicide and insecticides, the following steps will usually apply:

Rinse sprayer with either 2 to 5 pounds of household ammonia in gallons of water. Circulate through sprayer to allow to stand several minutes before draining.

Repeat above steps. Remove all rubber connections. Repeat once and allow mixture remain in sprayer several hours. Drain and with clean water. Use the tank full of strong ammonia water, circulate tank and allow to stand night. Recirculate. Fill tank with clean water and spray on a test plant. If the tomato plant does not wilt, you can relatively sure the herbicide effect is gone from the sprayer--for the present at least. If the sprayer rusted. The herbicide show up each time you flaked off the sprayer.

It's a lot of work but the sprayer after a test but it can be well worth the time.

# PROGRESS IN WHEELER

OUR TOWN IS CONSTANTLY ON THE MOVE AND IMPROVING

**ON CANADIAN STREET:** Mr. and Mrs. Harold Loyd Lee and family are completing the remodeling of their eleven room home. The 2700 square foot house features four bedrooms, 2 1/2 baths, family room, music room, living room, kitchen, utility. An open beam ceiling carries through the music room, family room and kitchen. The fireplace in the family room is complete with char-grill. In addition to being carpeted, the house has an intercom system. The kitchen cabinets are oak as well as paneling used in the house. The home has a two car garage and basement.

**THE PIERCE HOME:** Mr. and Mrs. Cecil Pierce, Miranda and Kristi reside in this three bedroom home on Red River Street. The brick veneer home has 2,068 square feet of living space. It is centrally heated and air conditioned with gas. The family room features a fireplace which can be seen from the total electric kitchen. The livingroom and dining room are separate. Breakfast can be served in a small breakfast room overlooking the backyard. Completing the home are a two car garage, utility room and three bathrooms.

**THE ATWOOD HOME:** Mr. and Mrs. Joe Atwood and Angela are at home in this newly remodeled home on Stanley street. This two bedroom home was moved in from the country and completely remodeled. The home is centrally heated and air conditioned. The house is divided into living room-dinning room combination, kitchen, two bedrooms and bath. The garage is not attached to the house.

Corse. Teaching 5-6 was Mrs. Bessie Galmor and Mrs. Kay Simpson. The program consisted of the kindergarten sing "Jesus Loves the Little Children" and doing a finger play. The elementary 1-4 put on the play about "The Good Samaritan." Elementary 5-6 put on a skit and sang a song.  
Rev. C.T. Jackson brought a short devotion. Refreshments were served and handwork was view in the rooms. Everyone reported a very successful school.
