## WILDCAT WELL PRODUCING OIL NORTH OF TWITTY

Alpar Resources gave a detailed breakdown of fluid recovery on a drillstem test in Granite Wash at 1 Blake, in 25-AB-H&GN survey, a wildcat two miles north of Twitty, in south central part of Wheeler County, Tex. The drillstem test that had recovered 660 ft of fluid prompted the operator to run casing at the venture, north of shallower production in the Panhandle pool. Test interval was 4590-4670 ft. The 30 minute preflow had been followed by a one hour reopening. The 660 ft of fluid was 120 ft of slightly oil and gas cut mud, 60 ft of heavy free oil and gas - cut oil and 480 ft of mud and gas-cut oil. Granite Wash section had been logged at 3016 ft and

casing was set at 5409 ft. Total depth is 5700 ft.

### LETTER to the EDITOR

109 Ramada Trail  
Amarillo, Texas  
1-23-73

Sir:  
I don't write many letters to the Editor and still don't have any earth-shaking thing to say, but I just finished going through a six-inch stack of the Times, and felt compelled to write something! I don't get the paper regularly anymore but my mother saves it for me.

I'm a Wheeler-County, transplanted in Amarillo. My husband was raised at Sweetwater, Oklahoma and I at Allison; we still consider it home down there. We'll probably never live there again, and as far as living in a metropolitan area, there's no place in the state I'd rather live than in Amarillo. There must be a hundred or more "transplants" in Amarillo from there, many whom I personally know. I expect all of them, deep down, have a very sentimental spot for the old stomping ground. I do. My "Social Life" centered around the courthouse square and the Rogue theatre on Saturday night (Laura Guthrie's face in that ticket box is indelible in my memory), church, and the basketball games in winter. There was usually enough excitement for me in Wheeler on Saturday night (I met my husband there) or at least I never noticed if there wasn't.

Anyway, as I read the Times, I'm made to see the difference in my life style and yours, and be a bit envious. It's nice (I guess) to be able to go to a large shopping center and buy about anything, and to have the various services available (200 beauty shops - 200 eating places), if you can afford to go there - and if you don't mind driving 10 miles, sometimes bumper-to-bumper traffic, and elbow-to-elbow people. I bet my friends in Wheeler County have far fewer ulcers and headaches than my friends in Patter County.

We moved out of the city limits about two years ago - couldn't stand it any more on the corner of Main Drag and Expressway! Although I'm in town at least every other day, there's something very comforting about this over-mortgaged acre with its horse, cow, cat and dog (all four from our country friends)! Our neighbors are next door and across the street; the well is not too good (anything beats Lake Meredith water), the back yard is full of weeds, and it's nine miles to town, but we'd pitch a tent rather than go back in to town.

I hope Mobeetie gets all restored and that the rest of the area will be preserved and held its own. Somebody save about 15 acres for me to retire on forty years from now!

Sincerely,  
Dorothy Newsom Welch  
(Mrs. John)  
P.S. I enjoyed Ern Zybach's letters to the Editor.

**PERSONALS**  
Mr. and Mrs. Gene Miller and daughters of Amarillo and Mrs. Betra M. Farmer of Wheeler left Friday for Lampasas, Texas to attend

### Services Held For Emily Thomas

Funeral services for Mrs. Emily Lee Thomas, age 77 years and 3 days were held in the First Baptist Church of Mobeetie, Tuesday, Jan. 23, 1973.

She and the late William Baxter Thomas came to Mobeetie in 1921.

She moved to the Philview Camp near Borger after his death in 1945.

Survivors are three sons, Coy of Borger, Delmer of Canyon, Bill of Goldsmith, one daughter, Mrs. Venson Smith of Mobeetie, two sisters: Irene Smith of Amarillo and Cordia Godwin of Pampa, 13 grandchildren, 11 great-grandchildren.

### Maggie Ramsey Rites Are Read

Funeral Services for Miss Maggie M. Ramsey, 85, a resident near Wheeler since 1920, who died at 8:15 a.m. Tuesday in Shamrock General Hospital after a long illness, were held at 2 p.m. Wednesday in the First United Methodist Church.

Rev. Rollo Davidson, pastor of the Methodist Church in Shamrock, officiated. Burial was in the Wheeler Cemetery under the direction of Richerson Funeral Home of Shamrock.

Miss Ramsey, born in Cherokee, Ala. came to Wheeler from Mangum, Okla. She and her sister, Miss Bessie Ramsey, lived on a farm two miles south of the city.

Miss Ramsey was a member of the First United Methodist Church. Survivors, in addition to her sister, include two brothers, Fred M. of Dallas and Robert L. of Wheeler; and two nephews and two nieces.

### Young Farmers Schedule Meeting

A Young Farmers meeting will be held Monday, Feb. 5, at 7:00 p.m. in the Briscoe Agriculture Building. All regular Young Farmers and all the people who attended the Beef Cattle Short Course are invited to attend.

Speaker for the evening will be Jerry Cook of the Sittner Cattle Insecticide Co. plus an area Veterinarian will be at the meeting. He will give a talk on preconditioning Cattle. The Briscoe and Allison Young Farmers meeting is under the supervision of Kenneth McCasland and John Thomas, vocational ag teachers at Wheeler and Briscoe, respectively.

Weekend visitors in the George Gandy home were Mr. and Mrs. Donald Gandy and family, Panhandle, Mary Drew, Lockney, Mike Gandy and Preston Glazener, Canyon, Mrs. Elizabeth Britten and Carlene, Groom, and Mrs. Elva Wood, Wheeler. Esther Sorensen from her ranch north of town, called on Sally Harris and Nellie Horton Monday afternoon. The three had a "chatting good time".

The Golden Wedding Anniversary of Betra's brother, Mr. and Mrs. C. R. Meek, on Sunday, Jan. 28th, returning to their respective homes on Sunday night.

**BETTER TV ON ITS WAY:** Work began Tuesday on the rebuilding of the Wheeler TV System. The \$30,000 project will take approximately 3 weeks. The men are in the process of stringing the messenger wire which will support and stabilize the cable.

### Here and There

BY: Laura Guthrie

**Shades of the Good Ole Days!** Wasn't Saturday afternoon a dilly! A few more hours of that high wind, freezing temperature and snow and we would have had an old fashioned blizzard. But the weather is nice this week so that one will soon be forgotten. "It's an ill wind that blows nobody good," Hattie Lee,

### License Plates Available Feb. 1

Texas motorists can pick up license plates for the faithful family car starting February 1 at the county tax office or substation in the county in which they live.

The motorist may register his vehicle in person at his county tax office or substation by bringing in the entire handy three-part form he received in the mail from the Texas Highway Department. It takes only a few minutes to process the form, collect the fee and send the motorist on his way with new plates.

Drivers also can get new plates by mail if they send in the complete three-part form, the registration fee plus one dollar for each vehicle to their county tax office prior to March 1. After March 1 it will be necessary to go to the county tax office or substation in person as 30 days are required for mail delivery. In any case, owners will save themselves time and trouble by using the computerized forms.

With the form, a certificate of title and last year's registration receipt are not needed. Whether the driver uses the mail or applies in person -- the important thing for him to remember is to be very careful NOT to separate the three-part application form. The entire form must be mailed or taken to the county tax office or substation. A stick-down strip showing the new license number is attached to all sections of the form. The tax office separates the form, returning part of it as a receipt for the owner.

Applications for license plates should be sent only to the local county tax office. Motorists should NOT send their payments to the Texas Highway Department because this will delay their registration.

### Bobby Ware Completes Studies

Robert Neil Ware, son of Mr. and Mrs. N. D. Ware, Jr. was among a total of 986 students in the six colleges and the Graduate School at Texas Tech Univ. who completed work for degrees at the conclusion of the fall semester.

Of that total, 174 were graduate students, 25 qualifying for doctorates and 149 for masters degrees. Because no formal graduation exercises are conducted at the conclusion of the fall semester, students who qualify for their degrees are invited to participate in the spring commencement.

Degree requirements were completed by 821 students at the undergraduate level. The College of Business Administration graduated 225 students; Arts Sciences, 190; Education, 151; Agricultural Sciences, 94; Engineering, 79; and Home Economics, 73.

Bobby received his Bachelor's Degree in General Business.

to Amarillo to see grandson, Phillip Paige. Of course, Dwight and Sue Ford were at home also.

Accidents will happen. Mrs. Jack Johnson of Mobeetie was whirling away her time in our village the other day while her car windshield was being replaced. It was broken by flying gravel when an other vehicle passed her on the highway.

### Staubach to Head Easter Seal Cam.

Roger Staubach, Quarterback of the Dallas Cowboys, has been named State Chairman of the 1973 Easter Seal Campaign in Texas. Rodney D. Hargrave of Dallas, President of the Easter Seal Society for Crippled Children and Adults of Texas, announced that Staubach, pictured with Gary Foster of Dallas, will lead volunteers in every county in Texas during the traditional annual appeal for funds to provide direct services to physically disabled Texas children and adults.

As State Easter Seal Chairman, Staubach joins with 234 local Easter Seal Chairmen and Representatives throughout Texas who participate in the annual funds appeal. Last year, 18,802 crippled children and adults in Texas received rehabilitation and other services rendered by the Texas Easter Seal Society through a statewide network of affiliated Easter Seal Societies and Chapters which includes 18 treatment or rehabilitation centers.

Staubach joins a national roster of prominent figures in the 1973 Easter Seal Campaign. Ralph Edwards, creator of television's "Truzy or Consequences" and "This is Your Life" has been named National Chairman for 1973. Nationally, the Easter Seal Society extends services and rehabilitation to nearly 300,000 disabled persons yearly through 2,000 state and local affiliates.

Staubach, rated one of the outstanding college players of all time, won the Heisman Trophy as a junior and set Naval Academy records that still stand. Among other honors, he was named AP and UPI Back of the Year and won the Maxwell Trophy.

Roger is married to the former Marianne Hoobler and they have three daughters.

## KIDS, INC. KORNER

Bill Errington has been coaching in Kids Inc. for six years.

"I tried to get my oldest son, Stan, on a team and couldn't. All of the teams were full, so I had to start coaching a team myself," said Errington of 3203 Dunaway.

"That was back when Stan was nine years old.

"You start out with a bunch of nine year olds and take 'em all through high school.

"Stan is now playing on the Bowie eighth-grade team. We are playing basketball now and have won three out of four.

"We played football. The boys will have track and then YMCA baseball in the summer."

Mr. and Mrs. Errington (her name is Annie) have three other children in the Kids Inc. program. James, age 12, is on the Bowie sixth graders and Rickey, age 9, is on the Bowie fourth graders. Sara, age 10, played on the Bowie fifth-sixth graders in basketball.

"I played basketball in the city league myself for seven years. I'll still like to, but I think it's more important to be coaching in the Kids Inc. program," said Errington.

"I also referee several games a week. The program certainly needs more officials. We have only about from 20 to 30 people trying to referee all of the Kids Inc. basketball games.

"Anyone interested should call the Kids Inc. headquarters."

Bill Errington was born Nov. 9, 1936 at Wheeler, Tex., and graduated from Kelton High School in 1956.

"I played football as a freshman, but the sport was dropped. I took part in basketball, track and baseball all four years.

"I moved to Amarillo when I got out of school.

"I drove a truck for Crow-Gulde Cement for seven years. I worked for Amarillo-Borger Express for one year. Merchants Motor Freight bought out Amarillo-Borger Express and I have been with them ever since.

"I make city deliveries. I don't get off until 5:30 in the afternoon. So I don't have much time for anything else after I coach my team and

### COLTS Basketball

The Wheeler Colts traveled to McLean, Monday, Jan. 22 for their third district ball game. The Wheeler girls fell to J.C. Lean 28 to 16 with Anne McIlhany earning 10 points to take high point. The Colts are now 8-2 for the season and 2-1 in district play.

Mrs. Cecil Clark returned home Tuesday after spending two weeks in the Shamrock hospital with bronchitis and pneumonia. She is much improved and wishes to thank all her friends for their visits.

BILL ERRINGTON

referee other games. "I've just always liked all kinds of athletics.

"I really like being around the boys to coach them. I just like the competition and everything that goes with it."

This article was taken from the Amarillo Globe-News. Bill Errington is the son of Mrs. Lorene Errington.

### Christian Center Slates Service

Pastor Keith Johnson of Christian Center announces a special service Sunday evening, February 4, at 7:15 p.m. with guest speaker Bro. Lester Hathaway, pastor of the Mobeetie Church of Christ. The public is cordially invited to attend.

### Savings Bonds Sales in County

December sales of United States Savings Bonds in Wheeler county were \$16,962, according to County Bond Chairman Charlie R. Brown. Sales during 1972 totaled \$116,188 which represents 53% of the yearly sales goal of \$220,000.

Texans purchased \$17,451,392 in series E and H Bonds during the month. Total bond sales for 1972 amounted to \$211,662,879 for 10% of the 1972 sales goal of \$197.5 million. One hundred three counties and thirteen districts in Texas achieved their 1972 sales goal.

Nationwide, sales of E and H Savings Bonds during December were \$450 million, 2.4% above December 1971. Total sales for the calendar year 1972 amounted to \$6,236 million, 13.9% above a year earlier.

## PAT'S PARAGRAPHS

BY: Pat Palmer, CEA

I hope many of you are planning to attend the "Healthy Hearts Seminar" in Amarillo, Feb. 8. I mentioned it last week in this column, and information about it is also in another part of this paper. Do contact me by Feb. 2 if you plan to attend. I feel like it will be well worth your time to go to this program, and get good information straight from doctors, a nutritionist, and former heart patients.

Seems a little early to think about spring, but the spring pattern books are out, a few spring garments are arriving in stores and one can begin to see a little of what the fashions for this spring will be.

In fabrics, homespun flax and linen looks, with nubs and slubs, abound as natural favorites. Wool, cotton, and linen will be used more. A fragile, feminine look will be created by using eyelets, flocked fabrics, embroidery, laces, piques, sheers and shadow stripes, soft fabrics like mohair and cotton flannels.

In design looks, the smock, pinafore, angel top, ruffles, tucks and frills will be important. It will be a nostalgic spring with wearing of story-book prints, "fitties" looks and platform shoes. Shirring, dolman and kimono sleeves, wrap looks and new shoulders (wide, extended, and dropped) can all be seen this spring.

The pants show continues with hip fitting, free flowing palazzo, (very wide legged pants) as well as straight legs, flares, oxford bags, hip huggers and jeans. Pants pair with vests, battle jackets, baseball jackets, blazers, shirt jackets and cardigans.

Start looking and watching and see if you can see these fashions appearing.

## Allison News

BY: Mrs. Lester Levitt

Mr. and Mrs. Bruce Harrison attended the funeral of Mrs. Tommy (Wright) Harris at Reydun, Okla. Saturday, January 20th. The Harrisons and Mrs. Jerry Harrisons were guests in the home of Dr. Willis Harrison and family at Canyon on Friday and relatives in Amarillo.

Stanley Swires and family from Gem City were dinner guests in the home of her mother, Mrs. Doris Newsom Sunday. They also visited the Gory Halls.

Mr. and Mrs. Richard Kiker attended the stock show in Ft. Worth over the weekend.

Mrs. Edith Levitt spent from Friday until Wednesday at Panhandle in the Lyn Levitt home. She also visited Mrs. Nona Blake while there.

Zack Miller returned to the Groom hospital last week for treatment. He had been staying in the Rex Miller home.

Terry Grayson, Mrs. Debbie (Grayson) Barnett from Gruber, Randy Hall and Bud Jones from Sedan were all patients at the Parkview hospital in Wheeler last week. Bud Jones remains in the hospital.

Word has been received of the recent illness and surgery of Rev. Ronnie Chadwick of Davidson, Okla. He was a former pastor of the Baptist Church.

Mr. and Mrs. Lee Kiker were in Amarillo last week for medical reasons.

Rev. and Mrs. J. W. Ralston attended the Baptist Evangelistic Conference at Dallas last week returning home Wednesday.

Elmer Brown and family from Elk City visited Mrs. Bessie Megee over the weekend.

J. R. Black is recovering from injuries received when a car which was jacked up he was working on fell on him breaking his collar bone and caused other bruises. However, he was not hospitalized.

Pearl Harrison, Louise Boydston and Mandie Harrison were in Sayre, Okla. Tuesday on business.

Mr. and Mrs. Dwayne West and Allison from Erick, Okla. were dinner guests in the home of Mr. and Mrs. Hiram Begert and son recently.

Visiting Mrs. Zack Miller in the Rex Miller home Sunday were: Lila Taylor from Reydun, Mr. and Mrs. Troy Miller from Wheeler, Ruby Robinson from Sweetwater and Mr. and Mrs. Shot Childress and sons from Miami.

Weekend guests in the Loyd Jones home were: Windy Jones from Concord, Mass., Mr. and Mrs. Jimmy Graves from Logansport, La., Mrs. Oleta Chambers from Grandprairie, Texas, Mr. and Mrs. John Jones from Sedan, Clarence, Timmy and Allen Jones from Barger and Bill Donaldsons and Lee Halls.

Gary Sisemore and family from Amarillo were house guests in the Gary Hall home Sunday.

John Gilmer was taken to a Wheeler doctor and then on to a specialist in Amarillo Saturday for the removal of a piece of steel from his eye. He and Mrs. Gilmer remained in the Jerry Gilmer home in Amarillo

over the weekend. Mrs. L. W. Grayson has been caring for their grandson while Mrs. Barnett remains in the Wheeler hospital for treatment.

Lyn Brown from Dumas spent the weekend with his sister, Mrs. Opal Boydston and family and did some hunting.

Zack Miller is critically ill in the Groom hospital at this writing.

Leonard Kiker from El Paso and Mrs. Bertie Mae Williams from Canyon visited Mr. and Mrs. David Kiker Saturday and Sunday. Leonard is soon to be transferred to New York State.

The revival at the United Pentecostal church will continue through this week with Rev. Dean from Kileen Texas, evangelist.

Suzanna and Alton Lohberger, students at Weatherford, Okla. spent the weekend with home folks.

Mr. and Mrs. Jerry Wingert from Warsaw, Mo. visited Mrs. Edora Begert Sunday.

## Wed. Study Meets With Wofford

The Wednesday Study Club met last week in the home of Mrs. Harry Wofford. The program was directed by Mrs. Nelson Porter.

This was guest day for the Club and the President, Mrs. Lee Guthrie introduced the guests. Mrs. McIlhenny gave a Federation Report. Miss Ann McIlhenny, a guest, played a lovely piano solo.

A book review, "Gee Whiz, I'm Old" by Agnes Durant Pylout, was given by Mrs. R. Wm. Brown, who is an honorary member of the club. This review was a delightful account of a woman who suddenly found herself "not young any more". Mrs. Brown has a captivating style of delivery, so the rendition was a delight to all.

Guests present were Ann McIlhenny, Mesdames: Grainger McIlhenny, Glen George, T.W. Owen, Farmer Hefley, Gayle Singleton, Paul Green, C. B. Kirk, Gordon Whitener, Laffin, Shelby Pettit, Nelson Porter, Lee Guthrie and Miss Esther Sorensen.

Refreshments were served from a beautifully laid table. Mrs. Nelson Porter and Mrs. Shelby Pettit were co-hostesses.

## PAT'S PARAGRAPHS

BY: Patricia Palmer, CEA

A lot of information comes to my office about new things, research, etc. One of the most interesting (and strange) things I've read about is the possibility of "eat all" packages. If predictions of some food scientists are correct, consumers may really get to eat what they pay for. Edible containers such as ice cream cones, pie crusts and gelatin capsules may have encouraged food scientists to look for more.

Films that will dissolve in water are already available for packaging instant tea, dehydrated soups

and powdered drinks. Can you imagine dropping an envelope of soup into boiling water and stirring a minute, while the soup powder, as well as the envelope dissolve? That could happen someday.

Of course, if edible containers are ever used they will have to overcome some problems first. They must be protected from dust and bacterial contamination (which will add to cost). Also these edible containers will have to be strong enough to withstand touching and handling, as well as strong enough to hold the products.

I have noticed in homes, the use and comments on humidifiers. After reading and studying, I learned some things about them.

Low humidity is the cause of many unpleasant indoor conditions such as - extra dry throat, flakey skin, withering plant and creaky furniture joints.

Since it adds moisture to the air, the humidifier helps reduce or eliminate peeling wallpaper, unglued furniture, joints and static electricity. It helps protect valuable books, papers, recording and paintings. As an added bonus, the humidifier can improve home heating equipment efficiency with fuel cost savings.

When the air is too dry, a person feels cold since moisture on his skin is evaporating quickly. Then, he is tempted to turn up the thermostat to keep the room warm. With adequate moisture in the air, a person can feel comfortable at a lower temperature.

For best results a humidifier should be placed near a warm, inside wall. For circulation, it should be positioned about six inches away from the wall.

To operate, generally water is added to a container in the humidifier, the desired humidity level control set, and the unit turned on. Moisture is added to the air as normally invisible mist which evaporates into the house.

The appliance operates automatically, except for occasional cleaning and refilling the water container. Some units automatically draw water from the household water supply.

A variety of models are available. All are coated for protection against rust and corrosion and casters make mobility easy.

When choosing a humidifier, the most important consideration is its capacity rating, or number of gallons of water per day the unit can evaporate into the home's atmosphere. An average home requires humidification up to 10-12 gallons of moisture daily during winter. Larger or older homes require more.

Climate also determines needs. Cold, dry areas require more moisture than areas of higher temperatures and greater outdoor humidity levels.

Most humidifiers cost little more to operate than an ordinary light bulb. I have heard some people comment that it seems to help their sinus problems. Anyway, this is another relatively new appliance that you may have been wondering about.

If you like pork chops, here is a different way to fix them. Also, this is a skillet dinner. It's nice to have a meal prepared in one pan, when you're busy doing other things (or maybe like me, you don't particularly enjoy dish washing!).

**ROMAN PORK CHOPS**  
6 pork chops, 1/2 inch thick  
1/2 tsp. salt  
1/4 tsp. pepper  
2 cans (1 lb. each) whole tomatoes  
1 jar (4 oz.) button mushrooms, undrained

**Oil**  
1/2 cup chopped green pepper  
1/4 cup instant minced onion  
8 oz. thin spaghetti  
6 slices sharp Cheddar cheese

Brown chops in oil. Season with salt & pepper. Add tomatoes, mushrooms, and liquid, green pepper and onion, simmer covered for 25 min. Add spaghetti and

## CHRISTMAS SEAL MONEY FUNDS RESEARCH

Attorney Tom Seay of Amarillo stated today that 26 lung research projects seeking medical knowledge and training to help victims of emphysema, asthma, and

other respiratory diseases have been funded by Christmas Seal monies for the current year, leaving 21 other projects approved but as yet unfunded.

Patients entering the hospital for emphysema, asthma or pneumonia often desperately need help such lung research can provide, he said, adding that a recent survey of area hospitals showed 587 emphysema admissions, plus another 806 patients suffering with both

emphysema and chronic bronchitis over a one year period. Seay, who is president of Top of Texas TB and Respiratory Disease Association, urged area residents to answer their Christmas Seal letters as generously as possible for purposes of community health programs and to supply the needed research. Thus far, Wheeler County has contributed \$265.00 in 1972 Christmas Seal funds.

Irrigation is becoming more and more important to the economy of Wheeler Co. This picture shows a correctly designed sprinkler system delivering water to an alfalfa field near Wheeler. SCS technicians in Wheeler can assist you with the design of an irrigation system that will help you obtain maximum benefits from your irrigation water.

## Healthy Heart Seminar Planned

Healthy Hearts Seminar is the title of an area-wide program to be held in Amarillo (Quality Motel - East 1-40), Thursday, February 8. This program, sponsored by the Family Living/Youth Task Force of the Panhandle Economic Program will focus on an interest and need of everyone; the maintenance of a healthy heart, and prevention of heart disease.

The program, beginning at 9:00 a.m. and closing at 4:30 p.m., features several heart specialists from the area, as well as qualified nutritionists. This program is for everyone that is interested, men, women and families. The following is a list of some of the topics and people that will be discussing them:

"Maintenance of A Healthy Heart", Dr. Mina Lamb (Professor of Nutrition, Texas Tech University)  
"Risk Factors", Dr. Don Gholston, Cardiologist  
"Cardiovascular Surgery and Research", Dr. Robert D. Sutherland, Cardiovascular Surgeon  
"Medical Management and Rehabilitation", Dr. Tom Duke, Internal Medicine, Dr. Robert H. Mitchell, Cardiologist.

There will also be a panel discussion with time for questions from the audience and exhibits by the American Heart Association and St. Anthony Hospital. If you would like to attend this program, please contact the county extension office by Feb. 2 (806-826-5243) so that reservations can be made for the county as a whole. If you wish to make reservations for the salad luncheon that will be served, the cost will be \$2.50 per person.

Again, this program is open to, and planned for, anyone that is interested.
